WILSON IS DEMOCRATIC NOMINEE BY 164

OVERWHELMING MAJORITY GIVEN WILSON ON 46TH BALLOT TUESDAY AFTERNOON

After Long Fought Battle at the Convention Wilson is Finally Nominated

TOM MARSHALL CHOSEN CANDIDATE FOR VICE PRESIDENT

Amid Scenes of Wildest Disorder and Excitement Popular Candidate is Proclaimed Nominee of the Party—Vote Practically Unanimous After Motion was Made to Have Nomination Made by Acclamation

THE OUTCOME OF BALLOTING IS A SWEEPING VICTORY FOR BRYAN

Governor Thomas R. Marshall Chosen Democratic Candidate for Vice President

THE OFFICIAL TOTALS, ON 46TH BALLOT

Woodrow Wilson, New Jersey	990
Champ Clark, Missouri	84
Judson W. Harmon, Ohio	12
Absent	1

Baltimore, July 3.—This ticket was completed this morning at 1:56.

The nomination of Gov. Marshall to the vice presidency came somewhat as a surprise for when the night's balloting for vice-president began it seemed that the Bryan-Wilson contingent in the convention had definitely settled upon Governor Joseph Burk of North Dakota.

There was not much of a fight and when two ballots disclosed Marshall easily in the lead, Gov. Burke's name was withdrawn and Marshall was proclaimed the nominee by acclamation. A minute later the convention had adjourned sine die.

Baltimore, July 2.—Governor Woodrow Wilson of New Jersey was nominated for president of the United States by the democratic national convention at the afternoon session today when on the 46th ballot he received 990 votes to 84 for Champ Clark. The Missouri delegation, which had remained faithful to Clark to the end, then moved that the nomination be made unanimous. There was a great chorus of approval and the long fight was over.

Only four ballots were necessary today to reach a nomination. When the convention adjourned last night the convention had seemed to be in an all but hopeless deadlock. Wilson had begun to lose ground on the last few ballots and Champ Clark had made a few temporary gains. This encouraged the speaker to rush over to Baltimore from Washington this morning in the hope of still further turning the tide and rallying his forces to a

final stand. When the speaker arrived however, he learned that the Illinois delegation at an early morning conference had decided to switch from Clark to Wilson. This meant a change of 58 votes and was fatal to Clark's chances. The Wilson forces went to the convention hall at noon in the firm belief that the New Jersey governor would be nominated before another adjournment was taken. As they had expected the vote of Illinois marked the beginning of the end. West Virginia joined hands with Illinois in going over to Wilson the forty-first ballot, the first cast today.

Wilson jumped from his final vote of 494 last night to 602 on the first ballot today. The figures told their own story. The Wilson delegates were jubilant as Chairman James directed the second call of the day—the 44th of the convention. The most important change in the ballot was Colorado which had been voting 11 for Clark and one for Wilson. This time Colorado divided ten to two in favor of Wilson. Altogether the ultimate nominee gained twenty-seven votes on this ballot. Then came the forty-fifth. It was disappointing in a way for Clark held his own and Wilson made a gain of only four.

Mrs. Geo. L. Reese, who has been living on her claim which is about twenty miles from this place has proved up and will now make her home in the city.

J. R. Darnell, S. E. Johnson, Mr. Edwards, and Mr. and Mrs. J. A. Hall arrived in the city Sunday evening. Mr. Darnell and Edwards returned to Elida Monday morning, and Mr. and Mrs. Hall spent Monday in the city. Mr. Johnson spent several days here attending the County Commissioners meeting.

This week marks the closing of the firm of Miller and Luikart and W. I. Luikart and family will reside in Clovis, where Mr. Luikart and Mr. Kimberlin will go in business together, they having bought out the interest of the firm of Kimberlin and Miller. Mr. Luikart has been shipping stuff from his place here to Clovis all the week.

Sales Day Well Attended.

By far, the past Monday Trades Celebration was the greatest that Portales had ever witnessed. All merchants and business men were agreeably surprised that more than a thousand people were here to enjoy the program and take advantage of the discount on merchandise that was offered them.

The crowd was very orderly and seemed to enjoy the day to a great extent. Some of the visitors come in a wagon from Tablan, which is about fifty five miles north of Portales and some came a distance of sixty miles from the southeast.

The businessmen little dreamed that such a crowd would be here on one day, as attended Monday, when they inaugurated the sales day programs, about four months ago. All of the sales days have been largely attended but the one that has just been witnessed surpassed the preceding ones in the number of people present and the amount of business done by all of the merchants.

The program was exceptionally good; in fact much better and more than has been given in past, and was witnessed by all people living here as well as by the visitors. Every one felt at home and the hum of conversation on the court house square all day clearly showed that the people were in a good humor and were pleased with the entertainment.

U. N. Hall was master of ceremonies when it came to the different races and contests, and had full charge of that end of the entertainment.

Between 10 and 11 o'clock in the morning the foot race was pulled off on the public square. The contestants were George Ball, Willis Large, Fred Large, Lee Langston, Dick McDermott, Auther Terry and W. J. Watson. George Ball won first prize and received \$5.00 in cash, Lee Langston won second prize and received \$2.50 the second prize. The race was a 100 yard dash.

Immediately after the foot race the egg race was held. Those entering were Roscoe Cunningham, Archie Williams, O. B. Dunaway, Pete McDermott, and Carl Turner. Pete McDermott won first prize which was \$1.00, O. B. Dunaway coming second and winning \$0.50, with Archie Williams winning third prize which was \$0.25. This race was for small boys.

After the contests time was given for everyone to get dinner. The majority came in with their dinner and had dinner on the court house lawn or attended the picnic dinner that was given at the wagon yard by some of the visitors. At the picnic, lemonade, cake, ice cream, fried chick

en and all sorts of good food was served. The crowd then spent the remainder of time trading with the merchants.

At two o'clock the Portales Concert Band assembled in the band stand, on the court house square and began making music. Trading stopped in the majority of the stores and the visitors assembled on the court house lawn and listened to music. The band played until 3.30 and then the horse race was held at the ball grounds.

Those entering the horse race were: Sam Byers, Dr. Garmany, Mr. Patter and Frank Warnica. Sam Byers won first prize which was \$20.00 in cash and Dr. Garmany won second prize, the entrance fees, which was \$6.00. Entrance fees to this race was \$1.50 for each horse.

The bronc riding was held at Kelly's livery yard, but few horses that would pitch to a mount to anything were brought in. Mr. Johnson successfully rode all pitching horses secured for this feature of the entertainment.

A prize of \$5.00 was offered for the man who brought in the best colt in Roosevelt county which was won by F. D. Galloway. Those entering the contest were M. L. Garret, Jno Thompson, R. E. Dunlay, T. S. Covert, W. J. Anderson, H. E. Thompson, A. K. Atkinson, Bill Kelly, F. D. Galloway and Sandford Fairly. The Judges of the colts were Messrs. Edmonson, Nelson, Trammell and Rector.

Mr. Zinn, after spending several days here has returned to his home in Kansas.

Mrs. Rhoda E. Johnson of Olive, New Mexico is paying the city a visit. Mrs. Johnson was here a few weeks ago and was very well pleased with the looks of the town and is thinking of acquiring a home here.

G. V. Johnson left Wednesday for Boyd City, Idaho, where he is to visit his city. Mr. Johnson expects to be away for about a month and will stop over in several places in Arizona and California before returning.

Jim Twigs, brother to W. M. Twigs of this city, came to Portales Sunday to spend a few days. Mr. Twigs was formerly connected with the Joyce-Fruit Company of this place but is now with them in their store in Roswell.

Regan Connally, Lon Blankinship, Mr. Terry and Howard Lindsey, who spent several days of last week fishing on dry creek near the Pecos River returned Monday morning and report fishing fine sport and that fish are very plentiful in the vicinity in which they stayed.

Mrs. J. O. Wood returned from Harrison Arkansas where she has been visiting with her relatives. Mrs. Wood was called to her former home by a telegram stating that her father was very ill. After the death of her father, Mr. Baker, Mrs. Wood visited with former acquaintances in Missouri, Arkansas and Oklahoma returning last Saturday.

THE UNDERGROUND WATERS IN STATE OF NEW MEXICO

Extract of Paper Read by W. E. Holt Before National Irrigation Congress

The following piece is an extract from the Earth, which is published by the Santa Fe Railroad Company, and is written by Willard D. Holt, editor of the Deming Graphic and Advisory President of the National Irrigation Congress:

The Portales Valley boasts of the largest central irrigation power plant in the United States, where farmers are pumping on the co-operative plan. The original cost of the plant was \$35 per acre, and the cost of maintenance has thus far been only 1.50 per acre. The longest transmission line does not exceed eighteen miles, and the area which eventually will be reclaimed will exceed 150,000 acres. Everything except citrus fruits, is grown in great abundance, and a beet-sugar mill soon will add value to the land. It might be added right here that New Mexico sugar-beets, as her fair women, are the sweetest in the world.

I know that because we are one of the last possible twin babies in the sisterhood of states you will be glad to know a little something about your baby sister who had, at her birth, more coal than Pennsylvania, more lumber than Maine, more agricultural land than five states in New England, more mineral wealth than most any other state, and fewer mortgages on the homes of her happy, prosperous, progressive people, than any other state in the Union.

Since the last meeting of this great deliberative body in the city of "I Can" to the present meeting in the matchless metropolis of "I Will", the empire builders of the mighty Southwest have induced the Congress of the United States to add two more stars to the proudest banner of civilization; there to remain until Gabriel's trumpet shall summon the human race to a land almost as fair as the one to which I shall direct the attention of the Congress.

A building historian of the twentieth century recently has declared that one of the smiling valleys of New Mexico was the original "Garden of Eden," and that off-shoots of the original apple tree are still bearing fruit. Partial proof of this was established in my mind this year, when I saw apple trees springing from the parent root full three centuries old and still bearing fruit.

New Mexico surely is fulfilling the scriptural prophecy: "And the desert shall be made to rejoice and blossom as the rose." Isaiah might have been speaking of our region, when he referred to roses; for nowhere under the canopy of heaven do flowers grow more luxuriantly than in the great Southwest.

Do you know that I have wished a thousand times, since moving from my native State, Michi-

gan to the "Sunshine State" that all the intelligent people of our country were informed properly of the real condition of things. If they were, New Mexico never would again be delineated by the clever cartoonist, that modern method of public opinion, as the booted bad man with his chaps and guns, but the kindlier pen would picture a civilization equal to the best, with all the frontier conditions and hardships forever gone.

New Mexico should be given credit for erecting the first chuch in America, and it was on her soil that the first permanent settlement of white men was established. Our history has been a struggle for political rights, which now are ours to enjoy with the sister states of our great republic.

With natural resources developed, and a knowledge of our matchless climate, we are sure to be one of the wealthiest, most independent, and generally prosperous of the sisterhood of states.

For some reason, unexplained by science, rainfall in the North and East has been lessening gradually for the past decade, and farmers, who for years have harvested abundant crops, have been forced, against their will perhaps, to agree with a statement recently made by the Review of Revisions that shrewd, hard-headed farmers are turning their attention to western lands. Naturally, they want to improve water, as well as land, conditions. In other words they want to be their own rainmakers. In order to do this, they must come to the states where irrigation is practiced.

Intelligent farmers are coming to the irrigation idea, as the only reliable get-rich-quick scheme without a penalty attached. With the "back-to-the-soil" movement, there comes a land-hunger and water-thirst which can only be supplied by states like New Mexico. People who never have traveled the length and breadth of this mighty Southern Empire hardly can realize that we have 4,000,000 acres of land under our beautiful turquoise sky with an available supply of water as specified by surveyors, and for which application to the Territorial Engineer have been made with but 720,000 acres now irrigated, according to Engineer's Millers report. This estimate includes the largest irrigation project in the world, now being constructed at Elephant Butte, down to the smallest valley consisting of only a few thousand acres.

The people of this grand domain, where health, opportunity, and opulence await the man who says "I will," is going forward with rapid and irresistible strides, and the true American spirit. The best civilization of our country is joining the forces of nature in building a commonwealth which will be the peer of any of the Union, and with climatic conditions surpassing them all.

DEMOCRATIC IN POLITICS

When Tom Pratt made Roosevelt vice pres. he certainly had no conception of what he was starting.

Confound it, here goes Teddy with a new party just as Gene Debs has planned to poll a record breaking vote.

Good baseball players like good politicians, now look forward to a residence in Washington as a reward.

Gov. McDonald may stop the fight at Las Vegas on July 4th. The movement for sane fourth has penetrated everywhere.

The Spanish aviator who was wrecked by flock of locust should congratulate himself that he wasn't flying in a New Jersey skeeter belt.

In 1852 the Whigs did not realize that their party was dead until they received an invitation to the funeral in November of that year. History is about to repeat itself.

More Food

Of explanations, it is often true that though they butter no parsnips, they are interesting and ingenious. Now comes the president of a big packing company to tell us why the price of beef is so high. We have been told so often that it seems there could scarcely be anything to add. But this expositor presents some impressive figures.

The increase of population in the United States during the past decade was sixteen million, or twenty-one per cent. Within the same period our cattle decreased two per cent.

That, we are told, is the whole story; and from this it is argued that however much certain interests might wish to manipulate the market they could not do so, simply for the reason that the supply is amazingly below the demand and that hence competition must be keen.

There can be no doubt that the increased prices of nearly all food products are due in a meas-

ure to natural conditions. If there are sixteen million more mouths to feed and at the same time less to put in them, of course our stock of food is going to cost more and the shortest cut out of the problem is to get more food, either by producing more at home or importing more from other foreign countries or by both these means.

But it is at just this point that many of the gentlemen who argue with enthusiasm about the decreased supply of food forsake their logic and refuse to accompany it to its goal. For, whenever it is suggested that a removal of the tariff on beef and cattle would bring us more beef and cattle, they cry that would ruin business.

As the Baltimore Sun aptly says in this connection: "If the number of American cattle is becoming insufficient to feed economically the number of American mouths, then the tariff on meat is out of place and the importation of cattle should be encouraged."

But, interestingly enough, the trust economists, while using their figures to prove that they are not artificially maintaining high prices, refuse to accept the next and vastly more important lesson of these figures, which is, that a high tariff is maintaining high prices at the cost of the people's welfare.

Interestingly enough, too, the big combines manage to sell their own products more cheaply in foreign countries than in America.

The packing house president quoted may be good at figures, but he doesn't go far enough in applying them.

NOTICE

Owing to the high cost of groceries and meats, I am compelled to raise price of board and lodging. After July 1st., the following rates will be charged:

Meals \$0.35, Meal tickets \$5.00
 Board and Rooms per week, \$6.00. Beds, per day, \$0.50.

Thanking you one and all for past patronage and soliciting your future business, I am,
 Respectfully,
 J. O. WOOD.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meetez, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it. It may be just the medicine you need.

N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

TIMES HAVE CHANGED

In grandfather's day the American family stayed pretty much in one place. It grew up on the old farm, or lived in the comfortable farm house. The children went not more than a mile to school, and going away to college was exceptional. Travel had not become general.

But the world has been extended. Today the typical American family is scattered much of the time. Father hurries back and forth between cities on business. Mother has her own interests, and goes to meetings, conventions, on visits and jaunts.

These modern conditions are all good. They mean a broader life and better opportunities. But they also bring a certain element of anxiety and loneliness. Due to separation. Trains are delayed, epidemics break out in schools, rumors and alarms come flying from many directions, very often groundless, yet causing worry and fear.

The first resource in such emergencies should be the long distance telephone.

The family with the best realization of the telephone possibilities enjoys the greatest peace of mind.

Malignant Unbelief. Mark III:20-35. Golden Text—This is the condemnation, that light is come into the world, and men loved darkness rather than light because their deeds were evil. John III:19.

(1) Verses 20-21—Why did the relatives of Jesus think he was beside himself?

(2) Why does a state of intense religious experience still impress the average man as insanity?

(3) If the preachers who are afflicted with empty pews should become intensely spiritual what effect, if any, would that have upon the size of their congregations?

(4) Verse 22—Where is the scene of this lesson laid?

(5) Are Christians who earn their living by teaching religion liable to backslide in their own souls? Give your reasons.

(6) What reason had these scribes to think that Jesus was possessed with the devil and cast out devils by his power?

(7) What is that dangerous and subtle power in human nature which enables a man to believe almost anything in the line of his interests or prejudices?

(8) Verses 23-26—Why may not Satan cast out a small demon in order to make way for a bigger one?

(9) These scribes admitted the fact of Christ's wonderful miracles; why, therefore, and by what power were they performed?

(10) Why is it that so many men, in spite of the fact that Christ's claim is so well established, continue to make such foolish attacks on Christianity?

(11) How do you account for those scribes making such a foolish statement that Christ cast out devils by the power of Beelzebub? (This is one of the questions which may be answered in writing by members of the club.)

(12) Verse 27—What does Christ propose to do with the devil ("the strong man") in so far as the individual Christian is concerned?

(13) Verses 28-30—In what respect could this sin of the scribes be called a sin against the Holy Ghost?

(14) If a man sins against light, knowledge, and continues to reject the only way of salvation, why is it impossible for him to be forgiven?

(15) As it applies to sinners today, what would you say is the sin against the Holy Ghost which never can be forgiven?

(16) Verses 31-35—What would you think Christ's brethren and his mother wanted of him?

(17) If our most loved friends after the flesh, want to keep us back from intense spiritual work, what should be our attitude to them?

(18) Which relations are the holier and happier and why, those after the flesh or those after the spirit?

Lesson for Sunday, July 14, 1912. The Seed in the Four Kinds of Soil. Mark IV:1-20.

160 acre improved farm for rent, nine miles southeast of Portales, known as the P. F. Bryan homestead. Will irrigate. Write Frank E. Summers, Memphis, Mo.

A. B. Austin has opened an up-to-date confectionary store on the east side of the square. In connection with this he will make ice cream and bottle pop. Cream to families at the rate of one dollar per gallon. Your patronage solicited.

For Sale or Trade

The best section of school land in Gamma Valley. Also four good work mules, one extra heavy work horse. S. A. ORABB.

Roosevelt County Institute.

We take pleasure in announcing the annual session of the Roosevelt County Teachers' Institute, which will be held at Portales, New Mexico, July 22nd to August 17th, 1912, at the Public School Building.

Portales, the county seat of Roosevelt County, the place where the Normal is to be held, is headquarters for the great pumping irrigation system of New Mexico. Teachers desiring the advantages of a clean, cool retreat for study and professional improvement, are cordially invited to come and be one of us, during the four weeks session of this institute.

The purpose of this institute is to arouse and inspire enthusiasm in the teacher, and to better prepare him, by valuable instruction and suggestions, to present in a pedagogical manner, the various subjects to be taught. The demands of this progressive age calls for the best possible from the teacher, and the institute will help him to intelligently answer the demand, by bringing him in touch with the best educational thought.

I wish to urge every teacher or any other person who will probably want to teach in Roosevelt county, the next scholastic year, to attend the institute soon to be in session. If you neglect this opportunity to qualify yourself to teach, do not call later on the County Superintendent to approve excuse for non attendance, in order to secure a permit to teach as we wish now, to forward, by saying, no such requests will be granted, unless cases are very exceptional.

Faculty—Each member of the faculty has been selected with reference to his peculiar fitness to do the work assigned. They are teachers, whose enviable reputations in the educational world, are based on broad experiences with great ability; and those attending this institute will receive instruction from teachers whose hearts are in the work and who sympathize with other teachers in their efforts to benefit themselves and educational conditions, a combination, necessary to success in the school room.

More than one hundred teachers enrolled in the Roosevelt County Institute last year, session 1911, coming from several different counties in New Mexico, as well as from several other states. This constituted the largest summer normal held in the state, for the year 1911, and we safely venture the assertion, that the 1912 session of the Normal will be in advance both in attendance and methods of that of last year.

We thank all teachers and other persons who so efficiently assisted, the institute work in the past, and we kindly ask that they come again, and aid by the inspiration of their presence and earnest work, to repeat and improve upon the achievements of the past. We ask that teachers send us the names of any of their pupils who may be thinking of attending a Normal. Not only send to us the names of persons in this county, but in other sections, if you know of any who may become interested.

Faculty—We are fortunate to have again secured Dean Frank Carroon, of the New Mexico Normal University, Las Vegas, for our Conductor. Dean Carroon needs no introduction to the teachers of Roosevelt County, as he ably assisted last year in making such a success of the 1911 institute. He is a teacher high in his profession, popular with teachers; and his coming, but meets the demand of the teachers and citizens of this county.

Superintendent, R. A. Deen, of the Portales Public School, who was recently re-elected by the school board of Portales, is to assist in the institute, in the interest of both teachers and pupils. He has had wide experience in the school room and his record as an able instructor, is fully sustained by desired results.

Prof. F. S. North, one among so many excellent rural school teachers, is of recognized ability in school circles. He needs no introduction to the teachers of Roosevelt County; and to students from abroad, I wish to say that he is an able, sympathetic and conscientious teacher.

Our own Miss Pearl Hutchinson, once an efficient teacher in the High School Department of the Portales Public School, but now one of the New Mexico Normal University, comes to us again, to aid and cheer with her sunny presence, while she so ably instructs. Teachers will find in her a visitor who will assist and encourage them to do and dare, thereby winning the victory.

Expenses—The expense of this institute session will be reduced as much as conditions will permit. We only hope to meet the current expenses of the Normal. Holders of Third Grade Certificates or Permits, having taught three months in the present scholastic year, shall be exempt from the payment of Institute Fee, and will be allowed \$15.00 for perfect four weeks' attendance (twenty-two days exclusive of examination days.)

Examinations—The last two days of the Normal, 16th and 17th days of August, will be devoted to the examination of applicants for certificates.

Visitors will always receive a welcome and will, we are sure, find much in the work to interest them.

Directors and Patrons' Day—August 15th, is a Rally Day for the directors and patrons of the several school districts of Roosevelt county; we extend a cordial invitation to all to come and unite efforts in making an educational success of the day, in behalf of better schools in Roosevelt county. This will be an excellent opportunity, to get acquainted with the teachers, and select your teachers for the next school term. Let the spirit of progress and fellowship animate us on this important occasion, as through the education of our children, we may hope for the building of

a better and a greater nation, and the perpetuity of a republican form of government.

Reading Circle Books—Teachers who have not as yet secured and read the four books of the Reading Circle Course, should do so at once, as it will be impossible to do full and satisfactory reading in four weeks. It is probable that some of the examination questions will be taken from these books, therefore teachers should be familiar with them. Third Grade candidates should read and understand the first two books in the list below, and the other candidates, for higher certificates, with the last two of the list.

Literary Readings by GURRY—\$0.80
Practical Pedagogy by BARTLETT—\$0.80
Teaching Reading in the Public Schools by BRIGGS & COPEMAN—\$1.00
The teacher and the school by COLGROVE \$1.10

These books with questions are supplied from the office of the Secretary of State Reading Circle Board, Rupert F. Arplund, Santa Fe New Mexico, and are generally for sale at the office of the County Superintendent.

Lectures—Alvan N. White, State Superintendent, will be in attendance some time during the Normal, when it is hoped that he will discuss, for our information, some of the educational tangles that confront us. Other prominent educators, have promised to aid in the cause of education by their presence and timely talks.

Attendance—Teachers must be in attendance every day to receive proper credit, or furnish a certificate from a doctor, certifying to unavoidable absence, from sickness. All excuses must be filed with the County Superintendent, subject to the approval of the State Superintendent of Public Instruction. The last two weeks of the Normal is the compulsory term, when all teachers who are preparing to teach in this, or other counties, must be present.

Board-Railroad Rates—Board can be secured in almost any part of the city at reasonable rates. Those teachers desiring to do light housekeeping can arrange for rooms, furnished or unfurnished, at convenient distances from the school building. We hope to get reasonable reduction of railroad rates for our teachers who come from a distance. Ask for rates of your railroad agent when buying your tickets.

Manuals—A limited number of manuals for the coming institute session are in stock, for distribution, to those who are going to attend the institute in Roosevelt county. A copy can be secured by calling or sending 6c for postage.

Books—Bring such text books as you may have, that can be used for reference books in connection with regular course. Come and help to make the Summer Normal of the year 1912 a success.

The Woman's Club of Portales, with its usual response to all that testifies of its consecration to that which stands for educational progress and culture, tenders to teachers and visitors, a reception at the home of Mrs. W. O. Oldham, on the evening of the 15th of August, 1912.

Write for circulars, if you desire to distribute some among your friends, at home or abroad. For further particulars concerning the Institute, write the County Superintendent, Portales, New Mexico.

"I believe in the present and its opportunities, in the future and its promises, and in the divine joy of living."

Publication Notice
 No. 804.

In the district court of Roosevelt county, New Mexico.
 E. Renfro, plaintiff,

vs
 R. L. Weber, Portales Irrigation Co., Chicago Title & Trust Co., and Harrison B. Riley. Defendants.

To the defendant, R. L. Weber. You will hereby take notice that suit has been filed in the District Court of Roosevelt county, New Mexico, in which E. Renfro is plaintiff, and you, the said R. L. Weber, together with Portales Irrigation Co., Chicago Title & Trust Co., and Harrison B. Riley are defendants, and that said suit is numbered 804 on the docket of said court.

You will further take notice that the objects of said suit are as follows: To recover judgment against you, the said S. L. Weber, in the sum of \$1445.00, cost of suit, interest and attorney's fee, on account of a certain promissory note in the sum of \$1850.00 executed by you, the said R. L. Weber, to K. S. Lykins, on the 14th day of March, 1911, and endorsed to plaintiff, to declare said indebtedness a lien upon the following described real estate, situated in Roosevelt county, New Mexico, to wit: The north 60 acres of the SE 1/4 of Sec. 10, T. 1 S., R. 33 E., and to foreclose said lien; and to adjudge and determine the interest of the other defendants herein and to said real estate.

You will further take notice that unless you appear and answer in said suit, on or before the 17th day of August, 1912, judgment by default will be rendered against you, and plaintiff will apply to the court for the relief prayed for in his complaint filed in said suit.

You will further take notice that Harry L. Patton, whose post office and business address is Clovis, New Mexico, is attorney for plaintiff.

In witness whereof, I have hereunto set my hand and affixed the seal of said court, this 27th day of June, 1912.

C. P. MITCHELL
 County Clerk of Roosevelt County, and Ex-Officio Clerk of the District Court in and for said county.
 By S. A. Morrison,
 Deputy

in the city for about a year returned to her home in Virginia Monday and will be away indefinitely.

T. F. C.'s Giva Picnic

Last Saturday evening, at the home of Miss Mabel Martin, the T. F. C. Club, which is composed of twelve of the most popular young ladies of the city, entertained a few friends at a moon light picnic.

The lunch was spread on table cloths on the lawn in picnic style and consisted of salads of all kinds, fried chicken, ice tea, coffee, pickles, olives, cheese, crackers, pies, cakes and sandwiches.

Immediately after the repast the young ladies took the young men present to the moving picture show where seats had been secured in a body.

The couples were met at the gate by representatives of the club and were given figures which corresponded with the number that some one else had and those with corresponding numbers partook of lunch together and afterwards went to the show.

After the show the young people returned to Miss Martin's residence and engaged in music and readings. Later, lemon sherbert and cake was served.

Those present were, McMansway, in whose honor the picnic was given, Misses Cornie Smith, Mabel Martin, Edna Farmer, Jim R. Swand, Eula May Torry, Verda Bills, Jewel Bayless, Nanie Osborn, Georgie Stewart, Myrta Wood and Sara Monroe; Messrs. Gaines, Mitchel, Ball, Mays, Frank Martin, Edwards, Bromlet, Chapman, Smith, Amos, McCauly, DeLayne, Battle and Williams.

Mollie Baileys shows made the city a visit Tuesday and gave two performances; one in the afternoon and the other at night. The show was ecetionally good and a large crowd attended the performances.

Coming

Friday and Saturday night of this week the Oklahoma Trio will perform at the Cozy Theatre.

This performance has been witnessed by some of the people of Portales and is recognized to be the best vaudeville that has ever been pulled off here.

This is to be a fine musical performance of vaudiville of the highest type and if you do not go you will miss a very rare treat.

The performance will begin promptly at 8 o'clock and moving pictures will be shown in addition to the vaudiville.

Roy Smith, after spending a few days at home, returned to Arizona to again take his work with the Santa Fe.

E. P. Alldredge left Tuesday for Durant and Shawnee. From there he will go to Ft. Worth Texas where he is to undergo an operation.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day and crawling into bed dead tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

A. S. Bramlet has returned from Crosby, Texas, and will remain in the city for a few days.

Sunday the Portales baseball team made a trip to Clovis and were beaten at a score of seven to two.

For soreness of the muscles, whether induced by violent exercise or injury there is nothing better than Chamberlain's liniment. This liniment also relieves rheumatic pains. For sale by all dealers.

Mr. Ellard who lived in plainview Texas and a property owner here came in Friday afternoon and returned to his home Sunday.

Miss Allie Livingston of Brunet, Texas, an experienced dressmaker will do dressmaking at Mrs. Knight's millinery establishment.

Fruit and shade trees of all kinds. S. R. Herdman.

Buy it now. Chamberlains Colic, Cholera and Diarrhoea Remedy is almost certain to be needed before the summer is over. Buy it now, and be prepared for such emergency. For sale by all dealers.

Miss Edna Farmer of Upton and a former resident of Portales, came in Saturday afternoon and returned to her home with her mother, who has been with Mrs. J. O. Wood, for a few weeks.

Silas J. Roberts and family are here visiting Mr. and Mrs. M. B. Jones.

Morris Bramlet left for Roswell Wednesday and will play with the Clovis boys against Roson July 4th.

Dysentery is always serious and often a dangerous disease, but it can be cured. Chamberlains Colic, Cholera and Diarrhoea Remedy has cured it even when malignant and epidemic. For sale by all dealers.

Arthur F. Jones, cashier of the Portales Bank and Trust Com-

pany left Monday morning for Las Vegas where he will see the Flynn-Johnson prize fight on July 4th, and expect to return the latter part of the week.

During the summer months mothers of young children, should watch for any unnatural looseness of the bowels. When given prompt attention at this time serious trouble may be avoided. Chamberlains Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by all dealers.

Miss McManaway, sister to Mrs. T. E. Mears, who has been
