MUCH RAIN MAKES DRY FARMERS CROPS GROW

Heavy Rain fell Sunday Night And Lasted Several Hours

A TERRIFIC ELECTRICAL STORM

Rains seem to be General over Greater Part of County

Sunday night one of the best rains which has ever visited us fell and is causing the dry farmers in the different sections much joy. Crops were beginning to need rain very badly, and if this rain had not come it is doubtful that any food stuff would have been raised on the non irrigated land as grass was beginning to wither in many places.

It has been threatening to rain for some time and several of the country places have had nice rains. Saturday afternoon a good rain fell six to twelve miles south of town. Then Sunday came the larger rain which reached, east, north and west. Clovis is said to have had a big rain, and reports from all towns, on the rural routes, state that a good rain fell.

The rain did a little damage to cantaloupes, possibly, as it is said that they will absorb water like a sponge when they are ripening, but outside of the damage to the cantaloupe crop, no damage was done.

The electrical storm did little or no damage outside of putting a few telephones out of commission. Telephone reports show a good general rain clear to Carlsbad, as well as other rural toll lines.

Yates Dwelling Burns

About eleven o'clock, Wednesday, the Yates home, which is located in the northern part of town caught fire from an explosion of a gasoline stove and was totally destroyed.

Very little of the household goods were saved as the building material was wood which burned very rapidly. The amount of insurance carried was \$500.00 on the house and furniture.

It is not known what caused the explosion of the stove. The outhouses were saved.

ANOTHER FISHING PARTY ON PECOS

The Pecos River is to Give up Many Fish in Next Ten Days

Tuesday morning another party, consisting of Claude Anderson, John Luikart, Andy Thorpe and Leon Jones, left for the Pecos River in quest of fish. The party expects to be gone about ten days. They left in a two horse wagon and were well supplied with groceries and edibles so that they will not grow hungry should the fish decide not to bite as readily as the party anticipates they will. Too, they need the victuals if they are no more lucky than some of the fishing parties that have gone to the river seeking excitement and sport trying to catch the wily cat fish.

The Pecos is a peculiar place to fish anyway. One time you find a nice hole and have pretty good luck pulling the finny tribe out of the water and the next time you go to the same hole you have trouble in locating it as it has removed itself to some other spot. These holes go up and down the river in the same way that a cat fish does, and they go without any warning. The best way to go fishing is with a wagon. Then you go up the stream until you find a hole. If the fish are not inclined to bite there move on further until you find a hole where the fish are inclined to bite.

An automobile is useless when you start fishing. You have to go to one place and stay there or walk if you want to go somewhere else. The roads are sandy, have high center, and are generally objectionable to autos. A wagon is much slower but safer. Usually you can get home when you go in a wagon without having to walk a few miles. With automobiles on a fishing trip you are likely to have to walk and at times push the car along.

In fishing one should be careful in selecting the proper time of the moon to go. Fish do not bite some times and it is attributed to the moon generally.

These gentlemen were careful to select the proper time of the moon and carried a wagon along. Doubtless they will catch fish.

W. H. C. Smith made a business trip to Clovis, Tuesday.

ROOSEVELT CO. SHOULD HAVE FAIR THIS FALL

Date Should be Set a Few Days Ahead of State Fair to be Held in Albuquerque This Fall

IRRIGATION AND DRY FARMING PRODUCTS CAN BE BETTER SELECTED

Roosevelt County Should Get Some of The Prizes Offered For Irrigation And Dry Farm Stuff

The New Mexico State fair will be held at Albuquerque, from October 7th, through the 12th. Mr. Rogers has been elected as vice president from Roosevelt county. The following is a letter received by Mr. Rogers from Mr. D. K. B. Sellers, president of the fair:

This is to officially notify you that at a meeting of the Executive and Advisory Committees of the 32nd Annual State Fair you were unanimously elected as Vice President for Roosevelt County, recognizing the high esteem in which you are held in that County, and trust you may see fit to serve in that official capacity.

The superintendents of the Agricultural, Live Stock and Poultry Departments will all communicate with you at various times relative to the inducements those departments will be able to hold out to exhibitors, also to secure the name and address of such parties living in your county as to whom they may wish to mail a premium catalog, which this year will amount to some \$3000 in cash prizes for those departments.

"I would also particularly call your attention to the great state race; one-half mile dash; cow ponies; for a purse of \$400; no entrance fee; only one entry to be allowed from each of the 26 counties in the state; horses not to weigh over 1000 pounds; home to have been in their counties since January 1st, 1913. We have already received quite a number of inquires from different counties relative to this race. However, we have delayed replying until we could advise the Vice Presidents of each county as to the rules of the race, and through whom the entry for each county must be made."

"We naturally assume each county will want to put forth its fastest cow pony, and in order to do so we would suggest you have all who desire to enter to get up a local race and you then to award the entry to the horse that wins the race."

"I am enclosing you one of our programs, and will be pleased to send you as many more as you wish. If you will kindly furnish us with the names of different parties owning a good race horse in your county, we would be pleased to write him and endeavor to get him interested in entering his horse."

"Assuring you we are this year going to hold a real state wide fair, and with more exhibits and bigger amusement features than ever before, and trusting you and your family will be with us during that week."

Roosevelt county wants to be well represented in this fair and the best way to have the right kind of products to show, is to have a county fair in Portales sometime before the state fair at

Albuquerque. Then the best of the farm products can be secured. Too, it would be a good idea to have a county fair whether or not the state was going to give one as it will show the farmers what their neighbors are doing. In this way it will inspire enthusiasm.

This state fair has issued programs of the horse races which may be had on application. Roosevelt county should send what running horses it has. You may not get first prize, but you will get advertising at least, and advertising is what is needed worse than anything else.

Irrigation has done much for Portales and the Portales Valley and every farmer should be willing to send in the best samples of the things he has grown to the county fair. Roosevelt county will carry some of the prizes if Roosevelt county products are exhibited in Albuquerque. Every farmer should select grain, vegetables and all the fine animals he has in view of exhibiting them at Albuquerque.

At each post office or at each voting place the farmers might call a meeting and select committeemen to act in conjunction with Mr. Rogers in getting up the necessary material to exhibit at the county fair and then competent judges may be appointed to select the best of everything which is shown at the county fair and let the best be taken to Albuquerque.

The question of the advertising we would get with both a county and a state fair would exceed anticipations. When it is assured that Portales will have a county fair all of the papers in the state will make mention of the fact and people will come here to look over the ground and see for themselves what this land will do. Railroad rates will be cheap and people will not mind coming so badly when they know that they will see the best that the country affords. Too, our products will stand up against anything grown in the southwest, or any other part of the world, and people will acquire lands here and make their homes with us, thereby enlarging our population and turning more money loose in the vicinity.

At the state fair we will also make a good showing. People will attend the state fair from all over the United States as numbers of people are interested in New Mexico. After they have seen the products from the Portales Valley displayed there they will come over and look over the ground for themselves.

The products brought in will be from the whole of Roosevelt county and will not be restricted to the Portales Valley. Farmers living within the boundary lines of the county are urged to participate in the county fair and their products will be considered for the state fair just as will the products of the Portales Valley,

NEW MEXICO GOING DEMOCRATIC

Taft And Roosevelt to Carry But a Few States Each

While returning from Santa Fe to his home in Elida, Senator Evans stopped over for awhile, between trains in the city. Senator is very optimistic about the presidential election.

"Wilson is the strongest man that the democrats could have put out and he is sure of being president" said Dr. Evans. The time has come when the democratic party needs bosses no longer, and Wilson is a strong man against bosses, besides being an authority on political economy and government, having written a text book on political economy and having had experience, had actual experience as governor of New Jersey," was one of Senator Evans' statements.

He said, "I have heard a good many republicans state that they were going to vote for Wilson as he is a much stronger man than either Taft or Roosevelt, and it is that way in most of the states in the Union. In Santa Fe people are placing twenty five dollar bets that six states can not be picked that Taft will carry. I do not look for Roosevelt to carry more than five or six states, although he will carry all the states that always go republican, like Kansas and some of the states like that goes republican every election. The bosses have lost out of the republican party and that means that Taft will be defeated. I look for Wilson to carry more than thirty states.

Senator Evans is strongly opposed to the high tariff that is now being charged and stated that he could see no reason for taking money out of the man's pocket and put into some one else's hands just for the sake of trade. "England and Germany are two of the most powerful countries on the globe and both do not have the tariff protection that we have here. The mills and manufacturing concerns are all in the trust and are making big profits at the expense of the common people," he said. "People will soon awaken to the fact that they are being robbed and that this protection that is being put on cotton, corn wool and other

WRECK ON SANTA FE NEAR ROSWELL MONDAY

Southbound Local Derailed on South Hill

SIX PASSENGERS SLIGHTLY INJURED

Two Cars Thrown off Track, Traffic Blocked 6 Hours

Local No. 87, which left Roswell about 8:40 yesterday morning, carrying a string of freight cars with a couple of passenger coaches for the accommodation of travelers, came to grief on south hill, about a mile and a half from Roswell, when an air hose on a car in the front end of the train burst, causing the emergency brakes to be applied and suddenly jerking two cars off the track. Of the nine passengers six were slightly injured in the shake up.

The injured:

D. Stanley Hare, severe contusion of back of head.
Jno. B. Gill, neck wrenched.
S. H. Hale, right ankle bruised.
W. A. Ropers, ankle sprained.
Hortense Rogers, little daughter of W. A. Rogers knee bruised.
N. O. Shanks, rib broken some time ago torn loose.

The terrific jam came without warning and threw the passengers forward in their seats, some falling on the floor. For a time it was feared some one had been fatally injured. The injured passengers were taken to Roswell where an examination was made. It was discovered that Mr. Rogers was the most seriously hurt. His injury will cause him to be laid up for several weeks. The train was in charge of Conductor Smith, driven by Engineer W. Singer.

The train which is due at 8 a.

(Continued on Page 4, column 5.)

farm products is simply to pull the wool over the farmers' eyes, and to keep his vote. Too, there are about a million voters in the united states that are still voting on the slavery question, but they are gradually growing fewer. If the democrats do not win this year with the republican party split as it is, it has a mighty poor following and is very weak," said the senator.

Come up Smiling

Smile, and the world smiles with you,
"Knock, and you knock alone;
For the cheerful grin
Will let you in,
Where the kicker is never known.

Growl, and the way looks dreary,
Laugh, and the path is bright,
For a welcome smile
Brings sunshine, while
A frown shuts out the light.

Sigh, and nothing you attain,
Work and the prize is won;
For the nervy man
With backbone can
By nothing be outdone.

Hustle, and fortune awaits you,
Sing, and the world's harmonious
Grumble, and things go wrong,
And all the time
You're out of rhyme
With the busy bustling throng.—X.

It Couldn't Be Done

Somebody said that it couldn't be done,
But he, with a chuckle, replied
That "maybe it couldn't," but he would be one
Who wouldn't say so till he'd tried,
So he buckled right in with the trace of a grin
On his face, if he worried he hid it,
He started to sing as he tackled the thing
That couldn't be done, and he did it.

Somebody scoffed: "Oh, you'll never do that,
At least no one ever has done it!"
But he took off his coat and he took off his hat,
And the first thing we knew he'd begun it,
With the lift of his chin and a bit of a grin,
Without any doubting or quiddit
He started to sing as he tackled the thing
That couldn't be done, and he did it.

There are thousands to tell you it can not be done,
There are thousands to prophecy failure,
There are thousands to point out out to you, one by one,
The dangers that wait to assail you.
But just buckle in with a bit of a grin,
Then take off your coat and go to it;
Just start in to sing as you tackle the thing
That cannot be done, and you'll do it.—E. A. Guest.

DEMOCRATIC IN POLITICS

Boost for the County Fair.

Be modest in everything but boosting Portales.

You can be pleasant all the time if you boost for Portales.

Wilson is gaining votes every day, and is going to be President.

When one man does all the boosting it gets tiresome. Let everybody try it.

A broad smile is a good business getter. If you are skeptical, try it and see.

Irrigation grown watermelons are coming in now. This is the best fruit country in the world.

Roswell's slogan is, "The Answer of the West." Ours is, "Portales, The World's Best Valley!"

The best way to keep a town in prosperous condition is to spend what money you can spare at home.

Advertise and prosperity will come to you as it does to every worthy enterprise that is given publicity.

Mighty good roasting ears, and home grown too, are now offered for sale. We grow anything under the sun.

The best way to succeed is to attend to nobody's business but your own and then advertise. Success is yours.

When you feel lazy and it is warm, do not ponder over the fact that you hate to work. Think how poor you are and how bad you need the money.

Portales is nearly directly on the line from Tucumcari to Midland, and a road is going to be built. Our Commercial Club should get busy and take the matter up or some other town will have secured a railroad.

The Fosters of Las Cruces, on September the first, are going to put out the first issue of the New Mexico Magazine. Mrs. Foster is to be one of the editors and she is well known throughout the southwest as a brilliant writer. The purpose of the magazine is to give publicity to New Mexico, and will take up the work in all its phases. We know that the magazine will be a success from a literary standpoint and we hope to see the people of this state make it a paying investment for the owners.

Forethought

It seems that if there is anything lacking in the world it is forethought. If there is anything in the world that is necessary it is forethought.

A few months ago when the Titanic was wrecked, there were not enough small boats to accommodate all of the passengers on board, consequently more than

one thousand were drowned. A few days ago, near the city of Roswell, an automobile, running at a rate of speed approximately twenty miles an hour dashed into an overhanging tree, killing two persons and injuring three more. This never would have happened if the lights on the car had been in use. The wreck of the Titanic would never occurred if the officers had been careful of the icebergs, and the passengers and crew would not have perished if enough boats had been provided for.

Immediately after the wreck of the Titanic different governments got busy and investigated the methods of ocean liners in handling their passengers should a wreck occur. The lack of small boats was appalling.

Since the catastrophe near Roswell a good many of the town councils in small places in New Mexico have looked up their laws with relation to the lighting of automobiles. All have found that such a law existed but had not been enforced. It seems that some accident has to happen to people to show how careless they really are. These accidents seem to throw a scare into them for awhile, and gradually they think less and less of it until they become as careless as formerly.

Last week the city council made the statement that the laws regarding automobiles would be rigidly enforced. We hope that the machine owners will take to the idea kindly and have lights at nights, but whether taken kindly or not, this law should be enforced. Automobile owners and drivers have been in the habit of running around town at nights at a rapid rate of speed without any lights, whatever, and the council is to be commended for putting a stop to it.

Ice cream bricks at Austin's.

IN THE DISTRICT COURT OF ROOSEVELT COUNTY

NO. 822
Seymour Street, Plaintiff
vs.
Mary E. Street, Defendant

To Mary E. Street, Defendant, Greeting:
You are hereby notified that there has been filed in the district court of Roosevelt county, New Mexico, against you a suit wherein Seymour Street is plaintiff, and that the object of said suit is that plaintiff be granted a decree of divorce annulling the marriage contract now existing between plaintiff and defendant, and that plaintiff be restored to the rights of a single person.

And you are further notified that unless you appear in said cause and answer or plead on or before the 16th day of September, 1912, you will be adjudged in default and the complaint will be taken as confessed and plaintiff accorded the relief demanded in his complaint this day filed.

The name of plaintiff's attorney is James A. Hall, and his business address is Elida, New Mexico.

Witness my hand as clerk of said court, and the seal of said court, at Portales, New Mexico, this 19th day of July A. D., 1912.

(Seal) C. P. MITCHELL
County Clerk.
By S. A. MORRISON
Deputy.

CIVIL SERVICE OFFERS ATTRACTIVE EMPLOYMENT.

Uncle Sam has 350,000 jobs held by those who must pass competitive examinations. There are nearly 50,000 appointments made each year. The salaries are excellent, hours short, work pleasant, and splendid opportunities for advancement. Government employes, whether in Washington, the leading cities, or scattered throughout the country have a fine opportunity for study, self improvement, or outside work.

There is but one way to get into the government service: that is by passing a rigid examination. Special preparation for these examinations is absolutely essential and in order to provide this, the Albuquerque Business College has organized a special civil service department and has employes Mr. Geo. C. Taylor, of Washington, D. C., to take charge of this work. Mr. Taylor comes directly from the service of the government, having recently held a responsible position in the bureau of appointments civil service commission. He has also had experience in other departments of the service.

The Albuquerque Business College is the only school in the west employing a specialist to conduct the work of a civil service department and students enrolling for this course will be under the personal instruction of Mr. Taylor. These courses will also be taught by mail.

The school has prepared a special circular, "How to Enter Civil Service" which will be sent on request.

For Sale

Good bedstead, set of springs and mattress practically new. Will sell for half cost. See Mrs. E. P. Aldredge.

For Sale—New \$105.00 number 5 Oliver typewriter. Herald Office.

CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer.

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm."

There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles. N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

SUGGESTIVE QUESTIONS

On the Sunday School Lesson by Rev. Dr. Linscott For the International Press Bible Question Club.

Copyright, 1911, by Rev. T. S. Linscott, D. D.

Aug. 11, 1912.

[Copyright, 1911, by Rev. T. S. Linscott, D. D.]

A Troubled Sea and a Troubled Soul. Mark 1:25-27.

Golden Text—God is our refuge and strength, a very present help in trouble. Therefore will we not fear though the earth do change and though the mountains be moved in the heart of the seas. Ps. xli:1-2.

(1) Verse 35—On which side of the sea did Jesus propose to go?

(2) Verse 36—Does taking Jesus on board insure a calm and safe passage to our journey's end?

(3) Verse 37—How do you explain that such a great storm could take place while Jesus was on the ship?

(4) Does God ever change or modify natural laws for the safety or convenience of anybody? Give your reasons.

(5) Why is it that God permits storm, stress and strain to enter into most of our lives?

(6) Verse 38—What, if any, danger is there to a ship, and why, if Jesus is on board?

(7) What right would you say had Jesus to be asleep when the ship and passengers looked to be in such imminent danger?

(8) Under the circumstances, with Jesus on board, were they wise or unwise, and why, for being afraid?

(9) No matter what the apparent calamity or danger may be in the life of a child of God, is there ever any need to be afraid? Why?

(10) Were they right or wrong, and why, to administer this rebuke to Jesus?

(11) Would you say, or not, and why that all complaining against God's providences is wrong?

(12) Verses 39-41—Would it have been better, or not, and why, if the prayer which Jesus answered had never been offered?

(13) What did Jesus mean by his kind rebuke of their fear?

(14) Verses 1-7—What reason is there to believe that violent insanity sometimes gives what may be called superhuman strength?

(15) How did this poor man probably know Jesus?

(16) Presuming that this man was actually possessed with devils, would it have been possible for him to have known Jesus other than by ordinary human means?

(17) Verses 8-12—What evidence, if any, is there that some today are possessed with devils, as this man was?

(18) What is the proof that very wicked and violent men have by coming to Jesus been made gentle and good? (This is one of the questions which may be answered in writing by members of the club.)

(19) Verses 13-20—What right had Jesus to be the means of destroying 2,000 swine?

Lesson for Sunday, Aug. 18, 1912. The Ruler's Daughter. Mark 7:21-43.

**Investigate The
 Hurley Country**

The largest, smoothest shallow water country in Texas. Water from four to sixty feet. The Hurley Country is that part of Bailey County laying north of the Black Water Draw, a beautiful valley. Ten irrigation wells in operation, no limit to the water, no alkali, will be a great alfalfa and fruit country. For further information, address

Hurley Commercial Club, Hurley, Texas.
 L. R. COX, Secretary.

To Property Owners

If you have land in the shallow water district, dry land, or land under the irrigation project, or town property that you desire to sell, rent, or exchange, and it is a bargain, I can handle it for you. Call or address

T. J. MOLINARI.
 Portales, - - - - - New Mexico.

BUILDING MATERIAL

We handle all kinds of lumber, shingles, sash, doors, mouldings, roofing and etc. It will pay you to figure with us before buying.

Take it in Time

Just as scores of Portales people have.
 Waiting doesn't pay.
 If you neglect the aching back, Urinary troubles surely follow. Act in time by curing the kidneys.
 Doan's Kidney Pills are especially for sick, weakened kidneys. Many people in this locality recommend them.
 Here's one case:
 B. W. Miller, E. Eleventh St., Hereford, Texas, says: "I used Doan's Kidney Pills when suffering from pain in my back and they quickly relieved me. Now when I stoop to lift, I don't have that pain in my loins and the trouble with my kidneys has also been corrected. I do not know of a better medicine for kidney complaint than Doan's Kidney Pills and I cheerfully give this public statement in their praise."
 For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
 Remember the name—Doan's—and take no other.

.....THE BOSS AND THE HIRED MAN.....

By Bert M. Moses
 President American Association of Advertisers

I do Not know of any joy quite so keen as the joy of seeing people respond to advertising.

The business world is divided up into two general classes:
 Those who employ, and
 Those who are employed.

In every talk the employer is calling the "boss," and the employed is called the "Hired Man."

There are about thirty Hired Men in the United States for every Boss.

In other words, only one man in thirty rises up from the ranks and makes a substantial success.

Every young man who reads this is going to be either a Boss or a Hired Man---one or the other sure.

Which shall it be for you?
 The matter is one which you can largely control.

If you get the right thought started you can be a Boss.

If you start in and advertise persistently you can be a Boss.

The main reason why only one man in thirty grows up to be a Boss is because only one man in thirty recognizes the power of advertising.

When you once get the right view of advertising, you solve the most perplexing problem of the times.

When you recognize how to create a demand for what you have to sell, the whole world is before you as a field from which to garner the gold.

Write out what you want the public to know; go to the publisher of the paper you read and have a talk with him. Show him your copy and take his advice if he tells you to change it.

Decide with him how much space to use and how often.

Feel your way along, until you get a grip on the thing.

Then go at it with both hands and feet.

I do not know of any better way to learn advertising than to advertise.

**The place is here and the time is now
 And The Way to Begin is to Begin**

H. B. RYTHER HOWLS

In a recent issue of the Portales Times, H. B. Ryther, following the cowardly tactics he has been guilty of for the past five or six months charges me with having attacked him with a deadly weapon, from behind, when he was not looking. I did not attack him with a deadly weapon, and did not attack him from behind; but when he was looking at me, and I put my mark on his head close to where they say that man Cain, was branded, "on the forehead."

This man Ryther has been bitterly attacking me through the Portales Times for some months. I could stand it even though his attacks were slanderous, in so far as I am concerned, but he was not only content to attack me; but persistently in his effort to strike at me, did he through the columns of his paper try to hold my sister up to public scorn and ridicule; when she had never so much as breathed a harm word against him or anybody else. She had been elected by the school board of Portales as one of the teachers for the ensuing year; but on account of the cowardly, insulting remarks made in reference to her in the Portales Times, and the annoyance this sort of thing gave her, and the current reports that he intended to keep it up until she resigned, she did resign in order to avoid being harassed further by this fellow.

I have never given Ryther any personal offense, before his attacks on me that I know of; but I understand his grievance is, that he charges me with having uncovered his deal by which he got \$4128.00 out of Roosevelt county for printing the tax list and that the noise I made about it and the agitation I caused to get started, was the cause of the grand jury's looking into this matter and indicting this fellow Ryther on two charges, one for overcharge and the other for false pretenses. This was a public matter, every citizen had a right to talk about it; how would the people of Roosevelt county have known that they were skinned to the tune of \$4128.00, if somebody had not begun to talk about it. Yet I have committed an unpardonable offense in the eyes of this man Ryther for having the nerve to call the attention of the people to this matter. He dares not tell the people of Roosevelt county through the columns of his paper how much it cost him to get this tax list printed, so that he did nothing except send it out through the mails.

And, when the commissioners have been censured for paying him this money and the people have been demanding an explanation of the whole thing, do we ever hear a chirp from this fellow Ryther, explaining how this matter occurred or any attempt by him to relieve the commissioners in any way.

M. B. Jones, our treasurer and collector, says that Ryther said before printing the tax list, the

cost would be sixty cents per item, this would have made the bill about \$2500.00 less that what it was turned in by Ryther. How did it happen that the bill came in for so much greater amount? Who does not believe M. B. Jones in preference to Ryther? You ought to read what the Clovis News says about him and see what kind of advertising we are getting on his account away from home.

He hasn't even told about his indictment, or that there is still the charge of false pretense pending against him in connection with this deal. Did I commit the unpardonable sin by exposing this matter, if so, I am willing to take my punishment. If they want to send me to jail for hitting a fellow like this, when I had enough to have made me hit him a thousand times, when I don't believe there is a man anywhere who had any blood in his veins that would not justify me, they can do so. He may think he can close my mouth by running to the justice of the peace, swearing out a warrant; walking around town with his face tied up, trying to get somebody to believe he was hurt, when as a matter of fact, he was mere laughing stock, his show being so thin.

They can't run me out that way. I am going down to Hagerman for a few months to take charge of a drug store there, and I will be back as soon as one of the proprietors returns from school. I expect to continue to cry out against such outrages as \$4128.00 for the tax list. If this fellow can put me in jail for doing this, I can go there. I will get out some time, and I will continue to expose such crookedness as this tax list matter. He compliments me by charging me with the responsibility of its exposure. I cheerfully accept it.

I did not deal in his private matters, as he has done. If so I could have called attention to the fact that soon after he got a batch of this county money, he went to Clovis and did not return until the present Marshal of Portales brought him back, and the money he had blown in on that trip and the other trip he took with his family to Pasadena, Cal., the famous resort for rich people.

He hasn't paid the money back to the county. He has been sued and did not answer, which I presume means that he does not care how much judgment the county gets. I take it that Ryther does not expect to return a cent of this money, and I doubt if the county ever gets anything out of him. Yet he expects to be as immune from censure or attack as an Egyptian cat, the people to take his paper and pour their money into his coffers, and he, Ryther, to ride in the fine buggy and behind the fine horse, both of which he recently acquired from one of the town Aldermen, and the amount of taxes the people pay, cut little ice in his program.

I am paying for the publication of this at so much per line, and assume the responsibility thereof.

Respectfully, R. G. BRYANT.

NORMAL SCHOOL HAPPENINGS

The compulsory term of the Roosevelt County Teachers Institute opened last Monday morning. There are about 120 enrolled. This is the largest enrollment since the county was divided three years ago. This speaks well for the enterprises and progressive spirit of the people of Roosevelt County.

Dean Frank Carron in the Normal University is conductor. His quiet unobtrusive way of accomplishing great things has already impressed itself among the teachers. Those who have been with us before know and appreciate his rare value.

Supt. R. A. Deen of the Portales Public Schools, who had charge of the institute during the first two weeks is continuing his work in his usual forceful manner.

Miss Pearl Hutchinson of the Normal University at Las Vegas formerly one of the most popular of the Portales teachers, is making many friends among the teachers by her work as one of the instructors. Her grammar class is one of the largest and most enthusiastic seen in the institute for years.

T. S. North of Nobe, is instructor in Arithmetic, history and civics. Too teachers are showing their appreciation of Mr. North in giving him the largest and most enthusiastic classes in the institute, is also showing Mrs. Culberson that they appreciate her policy of using as many home instructors as possible.

At the opening exercises Monday morning, Mayor Molinari in a few well chosen words welcomed the teachers to Portales.

Mrs. Culberson, that criterion among the county superintendents of New Mexico Deen Carron and Superintendent Deen made brief talks to the teachers.

The pastors of the various churches in Portales are cheering and encouraging us by conducting the morning devotional exercises and adding thereto a few words of counsel and encouragement.

Dr. Dunaway has been lending valuable instruction to the teachers by delivering lectures to the physiology classes on that subject.

Mr. Vernon Delaney, who enrolled as a member of the Institute at the beginning of the optional term, but who has been compelled to drop his class work on account of his health, continues to enliven our general exercise by assisting in the song service.

The teachers are enjoying the music furnished by the young ladies of Portales. Those who have favored us with piano solos and songs this week are: Miss Nola Keene, Miss Pearl Leach, Miss Verda Beasley and Miss Fannie Williamson.

We expect to have quite a number of distinguished visitors next week, namely: Alvin N. White, State Superintendent of Public Instruction; Dr. David R. Boyd, President of the State University at Albuquerque, Dr. C. M. Light, President of the Normal School at Silver City; Dr. Frank H. H. Roberts, President of the Normal School at Las Vegas; L. C. Mersfelder, Superintendent of the Curry County Schools; and V. L. Griffin, Superintendent of the City Schools of Clovis.

Notice

To the Progressive Republicans and all sympathizers; regardless of former political views. Are requested to meet at the court house on August 17th, at 2 o'clock p. m., for the purpose of endorsing the actions of the new party.

COMMITTEE.

Mrs. C. P. Mitchell and daughter, Miss Hallie Mitchell, after spending a few weeks in Texas visiting relatives and friends, returned to their home Tuesday.

MRS. NIXON'S RECEPTION

One of the most delightful functions of this season was the reception given by Mrs. S. J. Nixon to Mrs. Theresa B. White of Silver City.

The color scheme was yellow and was carried out with masses of golden glow and nasturtiums.

Miss Margurite Calloway presided over the punch bowl. Miss Mabel Martin and other T. F. C. girls served the refreshments in a graceful manner. Misses Vera Humphrey and Pearl Leach gave beautiful piano selections and for two hours the guests came and went enjoying the hospitality of the hostess.

In the receiving line were four prominent members of the state federation of Womans Clubs. Mrs. Nixon who is recording secretary, Mrs. White, chairman of Household Economics, Mrs. Culberson Chairman of the Educational Department, Mrs. Lindsey Chairman of the Legislative Department.

Near the close of the afternoon Mrs. White made an inspiring talk on the work in which she is engaged, being state supervisor of Industrial Training in the schools. She spoke of the great benefit to be derived from manual training for boys and domestic science for girls, of the vital need of enlightened parenthood along mental, moral and industrial lines. Her words were well chosen and earnestly spoken and were appreciated by the many cultured and interested women who were gathered to hear her. She complimented the work of the Womans Club of Portales in the highest terms, saying that it takes rank with the best and largest in New Mexico.

BENEVOLENT SOCIETY

The executive committee of the benevolent association met and bills to the amount of \$9.95 were allowed. The regular meeting of the organization will be held next Monday afternoon at 3:30 at the Baptist church.

Judge McClure stopped over between trains Tuesday.

Public School Opening

The Portales Public Schools will reopen, Monday September the second, and we wish to urge all who expect to attend this session of school to be present and try to make a better average of attendance.

Those who expect to take entrance examinations should notify the superintendent before school opens so that he may have the questions prepared.

The names of the teachers who have been elected for the ensuing year are as follows:

Superintendent, R. A. Deen; Mathematics and Science, Principal, O. S. Strickland; History and German, Miss Grace Fogel; Latin and English, A. B. Stafford jr; The eight grade work will be included in the department work of the High School. Miss Effie Anderson, 7th. grade; Miss Fern Fogel, 5th. and 6th. grades; Miss Carrie Reece, 4th. grade; Miss Willie Leahy, 3rd. grade; Miss Vera Humphrey, 2nd. grade; and Miss Lula Anderson, 1st. grade.

Mr. Mac Huron of Minco was in town Thursday of last week and made this office a welcome call. He showed us a sample of his wheat raised this year, which was very fine, and he says he has about three or four hundred bushel, which proves that as a successful farmer, he ranks among the best. Mr. Mac Huron's visit was a pleasant one, as he himself in years past was a "Two-nick" and being next to all the "ups" and "downs" of the print business, could relate many interesting experiences in that line. He retired from the business in '94 and has since been successfully engaged in farming.

WRECK ON SANTA FE NEAR ROSWELL

(Continued From First Page)

m. was forty minutes late in leaving Roswell. No more than ordinary speed was attempted but when the train had begun to climb the hill south of town the air hose suddenly broke. Two of the cars were derailed and it required several hours to clear the track for traffic. The afternoon passenger which was due at 8 p. m. was forty minutes late in arriving and no delay was occasioned on account of the wreck earlier in the day.

Aside from the severe shaking up none of the injured will suffer much inconvenience except Mr. Rogers. Several of the injured passengers resumed their journey southward on the afternoon train.

The First National Bank is getting a new coat of paint.

Why not everybody gettin' 'em at Austin's—All the best drinks.

Get the best ice cream in town at Austin's—Keep your money at home.

Hon. T. E. Mears paid Clovis a business trip Wednesday, between trains.

Austin makes all the fancy drinks. Try a lemonade—makes you want another one.

Better than ever; a mill to grind out lemonades. Come and see them at C. M. Dobbs.

All kinds of cold drinks and ice cream may be found at R. H. Adams cream parlor.

Will Faggard of the M. J. Faggard Mercantile Company was a business visitor in Clovis Wednesday.

Mrs. W. H. Hill's father and mother of Caddo, Oklahoma, arrived Friday of last week for a couple of weeks visit with them.

D. P. Gains left Wednesday morning for Clovis, where he has accepted the pastorate of the First Baptist church at that place.

Rev. E. P. Aldredge, after having successfully undergone an operation at the Baptist Sanitarium at Dallas, has returned to the city.

Last Saturday Judge C. M. Compton united in marriage Miss Dee Wolf and Mr. Vain Victor of Dora, at the office of the probate judge in the court house at Portales.

Richland Items

Have you found out that the weather is hot in your locality? It is pretty warm in this locality during the day.

Rain is needed here very badly and the crops are beginning to wilt through the day but nights are rather cool and that revives the crops some. Rain must be had soon though.

Quite a number of our citizens are beginning to prove up on their land under the new three year homestead law which has just passed, and will take a vacation back in the old home to visit relatives.

Preston Williams and Miss Fannie Uxur were married a short time ago, and will make their home near Richland.

Mr. J. L. Brown and family talk of leaving here in a few days for their former home, near Aurora, Missouri and combining business with pleasure. He will teach school at Hallett, which is several miles north east of Aurora, and will visit relatives of both Mr. and Mrs. Brown during their stay there. Mrs. Brown has a class of music students awaiting her arrival. The community is sorry to see the Brown family leave but our loss may be their gain for a time but we know that they will long for New-Mexico and after a time their faces will turn toward this beautiful land and many friends who are hoping for their return will receive the glad news that "We are coming back again to dear old New Mexico". The

glad hand will be extended to Mr. and Mrs. Brown.

The Twinn Mills picnic was held August 1st. It was great, a big crowd and a big dinner; two base ball games, both of which were won by our Richland boys.—Every thing was splendid and especially the welcome rain which fell about four o'clock in the afternoon. The days program ended up with a dance and fireworks. The Goelzer and Magee boys know just how to please old and young. The help in the stands were kept busy all day handing over the counter, ice cream, lemonade, oranges, bananas, soda pop, candy and other nice things which the child likes so well. We will begin to look forward to August the first 1913 from today until that date arrives.

Mrs. A. J. Watson of Cromer is entertaining her mother, Mrs. Gray and sister, Mrs. Martin and niece, Miss Gladys Barton who are returning from a year of recreation and pleasure which has been spent in the far west, Washington, California and Oregon. They made a stop off visit to rest and will continue their journey to their home in South Dakota next week. Mrs. Gray, who is 83 years of age, is standing the trip much better than many ladies half her age, could.

Hurley Items

A grand and glorious rain fell last night and people are wearing a smile that wont come off, the fact is we have been having several good rains lately.

Those farms that are irrigated and got a good start earlier certainly look good. Mr. Barger of the west end settlement brought in some alfalfa which has been sown only 7 weeks which is 18 inches in length and is in bloom. He has 12 acres as good as the sample mentioned.

The Hurley Hustler is indebted to Mr. and Mrs. Stephens for some jolly good roasting ears which were raised by irrigation. Mr. Stephens can snow a good line of every thing. His Indian corn is fine, he figures his 5 acres of potatoes should make at least 200 bushels per acre; he has a fine crop of cantaloupes, melons, cow peas, beans, onions, tomatoes, and every thing needed that can be raised in this climate.

The grading is progressing nicely on the railroad, more contractors will be on the ground this week.

Two, good towns will be built in the valley. The present town of Hurley will be moved about 2 1/2 miles west of the railroad, and a new town of Janes will be built about 6 miles south east of the present town of Hurley. This arrangement is very satisfactory to the people and we predict both will be good live towns as we have a country that will produce a wonderful amount of crops and is capable of sustaining a dense population.

Mr. Paul Coldren of the Coldren Land Co. has been in and around Hurley promoting their new town of Janes also Mr. Jerret James has been assisting him.

The Coldren Land Co. have bought the Y L ranch and will sell it out in smaller tracts to actual settlers this will be a long step toward the development of the valley. They expect to put down some irrigation wells to demonstrate with.

Two more pieces of land were changed hands by the Hurley Hustler last week.

Mr. J. C. Paul & Son and A. Wells and a friend were looking after property interest in Baily County last week.

Mrs. M. E. Arnold, son and daughter were looking after their property near Hurley last week.

The Hurley Automobile Garage has done a good business this last month. They deserve it for they do reliable work and are very well prepared to do it.
