ROOSEVELT CO. NORMAL INSTITUTE

Was Largest Held in County Since County Was Divided

The Roosevelt County Normal Institute for 1912 has made for itself a distinct place in the history of the county. This institute which convened for a four weeks' term on July 23, was the largest held in Roosevelt County since the county was divided. On the first day there were sixty six students enrolled as compared with forty-three on the first day of the institute last year. The enrollment gradually increased until it reached the high-water mark of one hundred twenty nine. Last year the total enrollment, although the largest in the state, was only one hundred seven. Our neighboring counties of Curry and Quay vied with us this year in an effort to show the largest enrollment, but, as usual, Roosevelt County is still in the lead. About seventy-five of the teachers took the final examination August 16 and 17, with only five applicants for third grade certificates.

The success of the institute has been due largely to the efficiency of the teaching force. Each member merits special mention, but the "Power Behind the Throne" has been in the personality of our enthusiastic County Superintendent, Mrs. S. F. Culberson, who, in the richness of her experience, has given an impetus to public school education in this county that will continue to have its influence. Her merits are to far famed and our commendation of language is too limited to attempt to sing her praises. She showed good judgment in selecting Frank Carroon, Dean of the New Mexico Normal University, as conductor. Dean Carroon is a man of profound learning—one whose very presence breathes the fragrance of gentle spirit and a lofty life. The easy and scholarly way of doing his class work together with his sunny social disposition, wins for him respect, admiration and love with all of whom he comes in contact. He had for his corps of teachers R. A. Deen; Superintendent of the Portales Public Schools, Prof. F. S. North of Nobe, both of whom have been identified with the school work of the county since its incipency, and Miss Pearl Hutchison of the Normal University Faculty. These instructors could hardly be surpassed in their force, character and enthusiasm for school work.

We have also been honored in having with us a number of distinguished visitors and prominent educators of the state. Prof. W. T. Conway, of the A. and M. College, and Mrs. White, State Agent of Industrial Training, gave talks on Agriculture, Domestic Science and Industrial Arts. Supt. W. A. Poore, of Carlsbad, President of the State Teachers' Association, talked on the Teachers' Standard and How to Raise It. During the last week of the institute Supt. L. C. Mersfelder, of Curry County; Supt. G. L. Griffin, of Clovis; Dr. Boyd, President of the State University; State Superintendent White; Dr. C. M. Light, Pres.

State Normal School, Silver City; and Dr. Roberts, Pres. Normal School, Las Vegas, were present and delivered splendid addresses. Supt. White talked of "The New School Laws;" Dr. Light of "The Development of the School System", and later on "Thoroughness of Teachers" and showed his wide range of experience and ability in each talk; and Dr. Roberts delivered two well appreciated lectures. In one he spoke of "Home Environment and its Influence on the Development of character", and in the other, "The value of Education and the Duties and Relations of the School Directors and Teachers."

The institute was marked for its introduction of the most recent educational ideals and doctrines, the instructors being wide awake to the latest accepted educational needs. The student body of the institute showed itself equally up to the standard in these matters and very appreciative to all suggestions leading to better methods. The teachers are beginning to consider some of the real problems concerned in the progress of education. What to include in the curriculum of the public schools is now one of the great questions. The preparation of the child to meet world problems depends upon it. Some modern educators are now asking for an introduction of specialties which will satisfy the immediate ends in a commercial life. If we grant this, shall we not be sacrificing the very essence of the great purpose of our public school—the laying of a foundation of general culture and underlying educational principles?

It was the prevailing opinion that in function the county institute should be made a "Professional School" or "School of Methods" and not a place for mere academic instruction. This, of course, would necessitate preparation for examination at some other time of the year, but the teachers are planning to raise their scholarship by attending one of our excellent normal schools and thereby avoiding the county examination.

Owing to the spirit of aggressiveness created there has been organized a Roosevelt County Teachers' Association. There is now an enrollment of forty-six members in good standing. By combined efforts the teachers are looking to the improvement of the educational conditions of the county.

The social life of the institute deserves mention and commendation. "A little nonsense now and then is relished by the wisest men." The teachers thoroughly enjoyed the social functions given in their honor. The open session of the Mothers' and Teachers' Club of Portales shows that the people of this town are wide awake to the needs of teachers and of the communities, and that they are ready to help teachers meet these needs. The afternoon of August 15, will long remain a bright spot in the memory of those who attended the reception given by the woman's Club of Portales to the members of the institute. The musical numbers, readings and interesting talks given at the period for

IT RAINS NOW EVERY FEW DAYS

Precipitation Several Inches Within The Last Week

Since it has begun raining, it seems as though it does not know how to stop. Nearly every day for the past week a good rain has fallen and although the showers have been local almost all of the land in this vicinity has been soaked. One rain was especially heavy and wet the ground to a depth of five or six inches and the other rains have added more moisture until, now, the ground that has been broken, has a good season and crops are looking well. Last winter the rains and snows were pretty frequent good winter season resulted. Also in the spring the rain fell pretty regularly and most of the dry farmers got a pretty good crop up. In the early spring there was not enough rain and crops suffered some but although they were stunted the rain that has just fallen has revived them and now it looks as though the farmer will be able to raise a fair crop, without irrigation. The rain was also beneficial to the grass and farmers who have any range at all will be able to pasture his cattle and stock this winter without having to buy feed for them.

Progressive Meeting

At the court house Saturday afternoon, quite a number of the Progressive Republicans met in convention.

A. B. Austin was chosen temporary chairman and A. T. Monroe temporary secretary. W. M. Twigg, C. C. Price and E. C. Murrell were appointed as committee on resolutions and brought in the following report which was adopted. Be it resolved:

- 1 That the Progressive Party of Roosevelt County, N. M., indorse the action of the Progressive Party in convention at Chicago, Ill. August 6th, 1912.
- 2 That we organize and elect officers for the ensuing year.
- 3 That we as Progressives will use our best efforts to secure as large a vote as possible in Roosevelt County for the Progressive nominees and earnestly request that all progressive citizens regardless of former party affiliations join us in this movement.

A. B. Austin was elected chairman and A. T. Monroe, secretary.

It was moved and carried that the chairman be allowed to appoint the precinct committeemen and the meeting then adjourned.

general exercises were especially appreciated.

Portales, "The Hub of The Universe", is the right place for such an educational meeting as the present one, or any other even to the location of the Normal School of Eastern New Mexico. This little gateway city of the plains is composed in large part of the best and most progressive citizens, of our new state; hospitable, intelligent, and kindly. The ministers, doctors, lawyers and leading citizens of the town assisted in the success of the meetings by their presence and encouragement.

COMMITTEE ON PUBLICATION.

CANTALOUPE-WATERMELON FEAST

To be Given on the Portales Court House Lawn Friday

A few days ago a handbill, containing the following was circulated in the city:

"On Friday the 23rd., day of this month, I will give a big cantaloupe and watermelon feast in honor of my son, Dwight Lattimer, of Dallas, Texas, who arrives on that day. It will be held on the Court House Lawn, Portales, New Mexico, promptly at one o'clock, in the afternoon. This is a feature never before attempted in this vicinity and I am putting forth every effort to make it a big event. There will be plenty of cantaloupe and watermelons for everybody and they are absolutely free. Also plenty of lemonade. I will furnish everything and you are urged to come and eat and drink to your hearts content. Don't forget—on the court house lawn, Friday, August 23. Come."

Wash Williams.

Beside this being a good opportunity to see the melons and cantaloupes raised in the Portales Valley, this is a good time for a big get together meeting, and everybody that likes melons and cantaloupes should be present and partake of the luscious ones that will be there.

The writer has been told that at different places in the west melon days are given at most all of the big irrigated districts, and it looks like a good idea to have a melon day every year, and let every farmer in the whole country participate.

A melon day could be very easily developed into a county fair every year, and would be one of the best kinds of an advertisement. The Portales Valley is far enough developed to compete with any irrigation project in the way of farm products and we are really in need of a county fair. The program that is adopted by the majority of places could be easily adopted here. While it might be a year or two before the fair is as highly developed in all lines as some of the older settlements, it would do the growers good for each man to bring his best melons and exhibit them on that day. Then each farmer may see how well the other man is getting along and if one farmer is doing better than another, then they may talk over their different systems of cultivation and the man who is not doing so well be convinced of the error of his method.

This would also be a good time to get people in here from a distance and then they could better be shown what the farmers are really doing.

Besides showing melons any other kind of a farm product may be shown. Of course at first, no great prizes could be offered, but within a few years, if the farmers would put their heart in the work, the Roosevelt County Fair would be a prize to the state of New Mexico.

This would also be a good time for the committees to select the material for the state fair, and consequently this county would have a better display of farm

products and win more prizes and get more advertising.

It is too late this year, now, to do much in this line but the farmers might do well to get together and make preparations for the next year, so that Roosevelt County will have a county fair and make a good showing at the state fair.

Suggestive Legislation

The teachers of Roosevelt county, in the institute assembled, do hereby recommend to the Legislature of the State of New Mexico the following amendments to our school laws:

- 1 That the state school tax be increased from onehalf mill to one mill an assessments.
- 2 That the rate of interest on school warrants which are not paid upon demand be increased to 12 per cent per annum.
- 3 That the law providing for compulsory vaccination of school children be amended so as to leave the matter with the county board.
- 4 That section 8, chapter 97, laws of 1907, be amended so to provide as a condition for qualification as teachers that all teachers shall be abstainers from intoxicating liquors and narcotics, and shall not be less than 18 years of age, provided that on the recommendation of the County Supt. certificate may be granted to teachers otherwise qualified who are not less than 17 years of age.
- 5 That the law providing financial assistance for holders of third grade certificates attending county institutes, when such assistance is not given holders of other certificates, shall be repealed.
- 6 That we recommend that the election of County Superintendent be held at the regular school elections and the laws be amended to that effect.
- 7 That the bill as presented at the last session of the Legislature, creating a fund for the support of a Traveling Library for the Public Schools of the state be made a law in the interest of the children.

The legislative committee of the Roosevelt County Teachers' Institute, to which was referred the matter of suggesting changes in our state school laws, beg leave to submit the following report.

CANTALOUPE ARE BEING SHIPPED

Yucca is The Brand of Melons From The Portales Valley

The Portales Cantaloupe and Produce Association is now busy gathering cantaloupes for market. For several days melons have been shipped by express to local markets by some of the growers while those belonging to the Association have shipped theirs to Crutchfield & Woolfork a commission house located at Pittsburg, Pa.

Mr. Cadwallader, representative of the Crutchfield & Woolfork Company, has been in the city for the past two weeks waiting for the melons to ripen enough for shipping.

The first car load was begun Tuesday morning and all of the farmers who are in the Association are gathering melons now and are having them crated for the car lot. It is expected that the farmers will ship a car every few days, and as the melons are exceptionally fine, good prices are expected for this product.

Some men are here helping with the packing of the cantaloupes and they state that the melons of the Portales Valley are as good as any they have seen, having been in California and famous places of Colorado. The melons are of a nice size and the meat is sweet and firm.

Directors Day

Thursday, the 15th, was observed as Educational Rally Day in Portales. Owing to the rain and mud the singing classes from Rodgers and other rural districts did not get here and out band furnished excellent music for the occasion. The program was given on the Court House Lawn and Judge Lindsay acted as master of ceremonies, introducing first, L. C. Mersfelder, County Superintendent of Curry County. He was followed by Mr. Griffin, Superintendent of Clovis Public School and Dr. Frank Roberts of Las Vegas Normal University.

All of these gentlemen made good addresses which were well received. Superintendent Culberson made a few remarks in her usual happy style and several of the rural directors made short talks. It was a very pleasant and profitable occasion.

Democratic Convention

The precinct meeting is called to meet at 2:00 p. m., Saturday, August 24th, 1912, to elect two delegates to the county convention to be held at Portales, on August 31, 1912.

To the Citizens of Portales and Surrounding Country

With this issue of the Herald I assume the duties of editor and manager. It will be my constant purpose to give my readers a clean paper, whose motto will be, "The development of Portales and Roosevelt county." With this end in view I ask the co-operation and patronage of our citizenship.

Respectfully,
A. B. AUSTIN.

Who does not like to invest in a clean city.

It takes push to start a proposition but it usually takes capital to finish it.

Lots of towns are side tracked by capital because of the indifference of the citizens.

Friendly, polite and obliging citizens are a big drawing card to strangers and intending investors.

Hospitality will create a lasting impression on the stranger and as a result the city will receive a lot of advertising.

The knock of opportunities is sometimes unheard because of turmoil and strife within, but let peace prevail.

In the Albuquerque Evening Herald sent out last Saturday Portales and her irrigation project had a write up. The plant was taken up in some detail and fact and figures as to what a farmer can do was given. The Yoakum palce was described telling what has been done there and the intentions of the owner. This was a good write up and the one who wrote the article had put in a good deal of time of time getting up data. This is exactly what Portales needs is advertising. The article clearly showed that Portales is

one of the best places in the world when it comes to irrigation and all that has to be done is to show it to the man who has the money and wants to farm. Advertising is the only way to get it before the people and whether the Herald, though it's kindness gave it gratis or whether they charged for it at regular advertising rates, Portales will reap a reward for it.

BIG DEMAND FOR OFFICE HELP

Never before in the history of the southwest have there been so many and such lucrative positions open to those trained for business, as today. And the new era of business prosperity now at hand is certain to produce an even greater demand.

The Albuquerque Business College finds it impossible to supply the calls that it is receiving from prominent business firms, a condition due, principally, to the fact that this institution has a reputation for turning out the very best help that can be procured, it graduates even being preferred to most experienced office assistants. Its recommendation is conclusive evidence of competency. Every call offers from \$50.00 to more than \$100 a month, with splendid chance for promotion.

Enter, September 9, devote a few months to persistent study, and you, also, will be qualified to enter the busy, commercial world, overflowing with such unlimited opportunities.

A postal will bring our 40-page catalog.

**HOW ONE
WOMAN WON**

**Her Health and Strength Back
Again by The Use of Cardul.**

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardul as a tonic, and, from the first day, it seemed to help. I had almost lost my reason, but, thanks to Cardul, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardul acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardul. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways. Try it.

Take it in Time

Just as scores of Portales people have.

Waiting doesn't pay. If you neglect the aching back, Urinary troubles surely follow. Act in time by curing the kidneys.

Doan's Kidney Pills are especially for sick, weakened kidneys. Many people in this locality recommend them.

Here's one case:
B. W. Miller, E. Eleventh St., Hereford, Texas, says: "I used Doan's Kidney Pills when suffering from pain in my back and they quickly relieved me. Now when I stoop to lift, I don't have that pain in my loins and the trouble with my kidneys has also been corrected. I do not know of a better medicine for kidney complaint than Doan's Kidney Pills and I cheerfully give this public statement in their praise.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

.....THE BOSS AND THE HIRED MAN.....

By Bert M. Moses

President American Association of Advertisers

I do Not know of any joy quite so keen as the joy of seeing people respond to advertising.

The business world is divided up into two general classes:

Those who employ, and
Those who are employed.

In every talk the employer is calling the "boss," and the employed is called the "Hired Man."

There are about thirty Hired Men in the United States for every Boss.

In other words, only one man in thirty rises up from the ranks and makes a substantial success.

Every young man who reads this is going to be either a Boss or a Hired Man---one or the other sure.

Which shall it be for you?

The matter is one which you can largely control.

If you get the right thought started you can be a Boss.

If you start in and advertise persistently you can be a Boss.

The main reason why only one man in thirty grows up to be a Boss is because only one man in thirty recognizes the power of advertising.

When you once get the right view of advertising, you solve the most perplexing problem of the times.

When you recognize how to create a demand for what you have to sell, the whole world is before you as a field from which to garner the gold.

Write out what you want the public to know; go to the publisher of the paper you read and have a talk with him. Show him your copy and take his advice if he tells you to change it.

Decide with him how much space to use and how often.

Feel your way along, until you get a grip on the thing.

Then go at it with both hands and feet.

I do not know of any better way to learn advertising than to advertise.

He was accompanied home by prospective land buyers, whom he had brought here with hopes of selling some of the valuable valley land. Mr. Chapman reports crop prospects in place that he visited, good, but nothing to be compared with those of our famous valley.

Mr. Keith, formerly cashier of the First State bank of Elida, but who is now living in an irrigated district in Colorado, stopped over to visit Mr. and Mrs. W. O. Oldham, Monday afternoon and left Tuesday morning for his home in Colorado. Mr. Keith says

that all the Portales district needs is men who have a practical knowledge of irrigation. He says that our land here is much better than the majority of that where he lives and the water in the Portales Valley is abundant enough for any kind of irrigation and that he looks for this to be one of the best sections of the west when the land is all developed. Mr. Keith tried to get a few of his friends to go back to Colorado with him to see how they irrigate so as to be better able to explain to the new irrigator here, but was unsuccessful as all are busy with their crops.

Resolutions for Roosevelt Co. Teacher's Institute

We, the teachers of Roosevelt County, having had a most successful term of institute, and having had in attendance the greatest number of teachers enrolled in any county institute in the state, wish to make these declarations:

Therefore, be it resolved:—

1 That our success is largely due to the untiring efforts, enthusiasm, and kindly advice of Mrs. S. F. Culberson, our County Superintendent, and to the superb ability, faithfulness and diligence of our instructors.

2 That we acknowledge the uplifting influence of the presence and talks of the leading educators of the state, among whom are Hon. Alvin N. White, State Superintendent of Public Instruction, Dr. David R. Boyd, Pres. State University, Dr. C. M. Light, President of State Normal School at Silver City, Dr. Roberts, Pres. New Mexico Normal University of Las Vegas, W. T. Conway, of the Agricultural College, Mrs. White, State Agent of Industrial Training, City Supt. W. A. Poore, Carlsbad, City Supt. W. B. McFarland, Silver City, City Supt. V. L. Griffin, Clovis, County Superintendent of Curry County Schools, L. C. Mersfelder, and also of the various professional men of Portales.

3 That we thank the people of Portales for their hospitality shown in opening their homes for our accommodation, those persons who have given us entertainment by excellent musical and reading selections, the Mother's Club for their reception, the Woman's Club for the social gathering provided for us at the home of Mrs. W. O. Oldham, the School Board of Portales for the use of the building, Rev. Goodloe for his support and allowing us the use of the Methodist Church, and Rev. Herrin for his encouraging talks and instruction. Also, be it further resolved:

1 That we endorse the movement leading toward the introduction of industrial training in the public schools so far as is practicable, but that we emphatically condemn the extravagant and inefficient method that is used by the state at the present time.

2 That we encourage, in the schools, more general use of music and these subjects which tend to develop the sympathetic nature of the individual.

3 That it is our desire that and more general professional training be encouraged by the Examining Board by recognizing the training the teacher has received from any competent authority instead of basing examinations in the subjects upon any certain text.

4 That we oppose an unnecessary expense for the teacher by a too frequent change of the Reading Circle Books, and suggest the plan of studying any good book adopted for a longer period than one year.

5 That we endorse all methods of operating school work and politics so far as practicable, and recommend that County Superintendent be elected at School elections.

6 That we endorse the County and State Association plan, and all effort to unite the teachers of Roosevelt County in promoting an interest in school work and in uplifting the teaching profession.

7 That a copy of these resolutions be given the press and one copy be sent the State Board of Education.

MISSIONARY SOCIETY

The Woman's Missionary Society of the M. E. Church meets every second had fourth Thursdays. The meeting this week is at the home of Mrs. John R. Hopper. The topic is "History of the different Religions", Mrs. Goodloe, leader. Every member who possibly can come should hear this interesting program.

RECEPTION TO TEACHERS

One of the most enjoyable events of the season was the reception given by the Woman's Club of Portales, to the teachers attending the summer Institute. It was given at the beautiful home of Mr. and Mrs. W. O. Oldham on the afternoon of Thursday the 15th.

Upon entering the gate the guests were cordially welcomed by Mrs. Oldham and requested to register their names and native state in a book of which Mrs. Pew had charge. They were next conducted to the tastefully arranged dining room where Mesdames Hightower and Monroe dispensed delicious cream and cake. Passing out through the hall each guest was given a dainty bunch of sweet peas as souvenirs by Mrs. T. J. Molinari. Croquet, Bean-bag and numerous outdoor amusements were enjoyed on the lawn but the center of interest seemed to be in the various contests which had been prepared for the occasion. Of these the prize in the quotation contest was won by Miss Pearl Hutchinson, the flower contest by Mrs. T. E. Nash, the old saying contest by Mrs. Fred Kennedy, the automobile contest by Mrs. Keith and the bill of fare contest by Mrs. A. B. Austin.

The merry crowd remained until sunset and departed with many expressions of appreciation. The Woman's Club is to be congratulated upon the success of their entertainment.

MRS. CULBERSON ENTERTAINS

On last Saturday evening Miss Willie Mae Culberson entertained in honor of Miss Blanche Hutchinson of Eldorado Springs, Mo. Despite the unpleasant weather about thirty guests assembled and Rook, Forty-two and other games were enjoyed.

Miss Irene Smith won the prize in the gum drop contest and Miss Mattie Doss Hightower in the fruit contest.

Delicious cream and cake were served at a late hour, in fine humor, though a walk through the mud awaited them.

WOODLIGHT PICNIC

Last Thursday evening between sixty and seventy of the young people of the city participated in a moon light picnic that was given at the home of Miss Corlie Smith at the H— ranch.

The young people secured big wagons with wide sides and piled on at the Joyce-Fruit Company's store and left for the ranch about eight o'clock. On the way out they indulged in conversation, songs and laughter.

After arriving at the ranch, the young ladies spread the dinner on a big table cloth under the trees in the yard, and everyone sat sitting on the ground in regular picnic style. The dinner consisted of most everything good to eat of which the following list is a part: chicken and salmon salad, fried chicken, ham sandwiches, watermelons, cantaloupes, cake and cream. After the meal was over a watermelon rind battle took place which resulted disastrously for some of the participants, who got their faces washed with the melon juice.

After spending about an hour at the ranch house as a guest of Miss Smith the party broke up and with much laughter and song came back to their respective homes in the city.
