 Chairman, Secretary.

Senator Evans made a motion that the report as read be adopted. The motion was seconded by E. P. Williams. Motion carried.

Next, the chair called for the report of the resolution committee, which handed in this report: PLATFORMS AND RESOLUTIONS

Adopted by the Democratic Convention of Roosevelt Co., New Mex., Aug. 31, '12.

Whereas we, the Democrats of Roosevelt County in Convention assembled, do hereby pledge our allegiance to the time honored principles of the Democratic party, as enunciated by Jefferson and practiced by a long list of illustrious statesmen, that has for its purpose equal rights to all and special privileges to none.

Be it resolved that we heartily and sincerely endorse the democratic platform as adopted by the Baltimore Convention and having implicit confidence in the honor, ability and integrity of the nominees of the democratic party, to-wit: The Honorable Woodrow Wilson as President; and Honorable Thomas R. Marshall for Vice-President; and believing that by their election that the interest of the common people will receive the same consideration and protection as will the larger interests, and that through their administration that the principles above enunciated will be fully realized and we pledge our support to them in the coming campaign.

That we commend the Honorable Harvey B. Ferguson, our congressman, for the noble work which he has done for us as member of congress and especially commend him for the fearless fight he made against the confirmation of Secundino Romero as United States Marshall for this state; for while we realize that he made losing fight we appreciate that he was endeavoring to prevent a great injury to our new state and an insult to the intelligence thereof and we sincerely endorse the Honorable Harvey B. Ferguson for re-nomination and pledge him our support in the coming election.

We commend the fearless and patriotic administration of the Honorable William C. McDonald as governor of New Mexico, as he has thoroughly demonstrated in the short period that he has served as executive that he is a man possessed of exceptional ability and the courage to discharge every duty developing upon him as said executive.

We denounce the methods employed by the republican majority of the last legislature for their ruthless expenditure of the people's money, in which session

A Game of Cards

Hour after hour the cards were fairly shuffled
 And fairly dealt, but still I got no hand.
 The morning came and with a mind unruffled,
 I only said: "I do not understand".

Life is a game of cards. From unseen sources
 The cards are shuffled and the hands are dealt.
 Blind are our efforts to control the forces
 That, tho' unseen, are no less strongly felt.

I do not like the way the cards are shuffled;
 But still I like the game and want to play.
 And through the long, long night will I, unruffled,
 Play what I get until the break of day.

Lieutenant FRANK A. TURNER, First U. S. A. Field Artillery, now Serving in Engineer Corps, Philippine Islands.

every measure that was introduced by the democratic minority which was for the benefit of the people was thwarted and everything was subserved for political ends. And especially do we denounce the action of the republican majority in the senate for the brutal and unfair way in which they unseated the Honorable Abileno Romero who was duly elected as a member of said body by the people of Socorro county and was ruthlessly rejected from said body by said republican majority without even having the charge or any evidence submitted to sustain them in their action.

Resolved by the democrats of Roosevelt county, New Mexico, in convention assembled, that we favor the amendment of the U. S. Homestead law, so that applicants for homestead entry of any non-irrigable, non-timbered, and non-mineral lands in the state of New Mexico, may be privileged to file upon a section of land, and that those who have heretofore filed upon or made final proof upon lands in the state of New Mexico, be privileged to file upon additional or other lands, which will with the lands thereto filed upon by such applicant, amount to a section of land, and that such applicant be privileged to make such filing and be permitted to make final proof on such lands, whether contiguous to the lands theretofore filed upon by him or not; that the applicant do filing upon such lands be not required to actually cultivate more than forty acres of such lands so filed upon by him, and that the residence thereon not be exceed that required by the present 320 acre act enacted by the last congress. Respectfully submitted,
 (Signed) P. E. CARTER, Chairman.

It was moved by P. E. Carter and seconded by J. O. Wood that the report be adopted as read. Motion carried.

In view of the fact that Roosevelt county is, at this time without a democratic paper despite the fact that three-fourths of the voters are democrats, Honorable James A. Hall made a motion that the chair appoint a committee to look into the matter and devise ways and means for putting a democratic paper on a paying financial basis.

Judge McGill, Senator Evans and E. P. Williams made speeches showing that the democratic party is badly handicapped without a paper in the county in

which to print their literature. The chair appointed the following committee to take the newspaper proposition up; James A. Hall as chairman, J. O. Wood Monroe Honea, D. K. Smith, B. B. Greathouse, P. E. Carter, C. M. Dobbs, Coe Howard and J. B. Priddy.

There being no further business the convention adjourned sine die.

A. F. JONES, T. E. MEARS,
 Secretary, Chairman.

Herbert E. Johnston

The subject of this sketch was born Sept. 5th, 1848 at Pendleton, Ind., and died August 31st, 1912 at Portales, New Mexico.

His parents died when he was quite young and before maturity he went to Iowa and made his home for several years, afterward moving to Texas where he was married to Miss Rebecca Shackleford. To this union eight children were born all of whom survive their father.

Mr. Johnston had lived in this country for the past ten years and was well and favorably known here.

About six weeks ago he began suffering with a carbuncle on his neck and as his condition grew more serious he was brought from his farm near Floyd to Portales that he might be near his physicians but the disease was obstinate and he grew worse until death relieved his suffering.

In this hour of sore bereavement it should be a great consolation to the stricken wife and children to remember that the husband and father who has gone on before was a conscientious worthy christian and therefore they sorrow not as those who have no hope. He was a member of the Adventist church but since coming to New Mexico had affiliated with the Baptists.

He was also a loyal and enthusiastic mason having served Portales lodge in the capacity of secretary almost continuously since its organization.

The funeral Sunday afternoon was under the auspices of the Masonic lodge, religious services being conducted by Rev. E. P. Alldredge. A large concourse of friends and neighbors followed his remains to their last resting place in Portales cemetery.

Mr. Delayne, who came in last week from Sallisaw, Okla. to visit his son Vernon, who is at present living here, has been looking over the country. Mr. Delayne said that all the Portales

Valley needs is men with money to develop the country. He likes the land, the water, and the people and says that he sees a great future for the country. A few days ago, while he was out looking over the farms he saw a field of alfalfa owned by the Livingston Brothers, and said that he had seen alfalfa in Colorado, Missouri, Oklahoma and Kansas, but that the field he saw here was much better than anything that he had ever seen before. Also, Mr. Delayne is very much pleased with the climate here. The pleasant and the cool nights are much different to the climate in Oklahoma at this time of year. Mr. Delayne has not bought any land yet but expects to purchase a place for his son in the near future.

Monday and Tuesday of this week Uncle Cal Price who lives about sixteen miles west of here, was in the city looking after business interests. Mr. Price says that he has been in the state of New Mexico for nearly twelve years and that this year is the best he has ever experienced here, taking the farm products that will be raised as a whole. He says that he has maize and kafir corn that is very fine and expects to get about a ton to the acre from both crops. He said his neighbors had good crops and were well pleased with the outlook of things in New Mexico.

Mr. Price left Canton, Georgia, in the year 1870, and since has been living on the Frontiers of Texas and New Mexico. He says that his place is located in the best part of Roosevelt county and is making a good living there. Mr. Price farms fifty or sixty acres every year and uses the remainder of his land for pasture.

Similar Conditions

Judging from the expressions we hear and what we read in the daily press, the present political condition is both unique and interesting. If we may credit these statements political lines are being overstepped and former affiliation counts for little in the present campaign. We are reminded of the story of the old New Englander who had buried four wives in different cemeteries. Wishing to have them all rest in the same burying ground he decided to move the bodies but by some carelessness the caskets became confused in this operation and he could not tell one from another. With true Yankee ingenuity he buried all four in one grave and erected a monument with the following inscription:

Stranger, pause and drop a tear,
 My Mary Ann lies buried here
 Mixed up in some mysterious manner
 With Rachel, Jane and likewise Hannah.

After the political obsequies of November some such tombstone as this will be appropriate.

Sargent Showalter spent the first four days of this week in the city with the Portales Military Company. Early Monday morning Captain Molinari called the company out to the sand hills about three miles north of town, to practice long range rifle shooting. At this time the scores have not been ascertained. They spent Monday, Tuesday and Wednesday on the range.

PORTALES SCHOOL OPENED MONDAY

Promises to be Better Than Any Former Year

Monday morning by eight thirty o'clock the grounds surrounding the school building presented an animated appearance. Bright eyed boys and girls were coming from every direction and all seemed glad to get back to school. Promptly at nine the bell rang and pupils marched to their respective rooms. Quite a number of the patrons were present, several mothers with little tots who were going to school for the first time and the and the primary department was a scene of peculiar interest to this writer.

The high school with visitors was assembled in the large ninth grade room and after a song, Supt. Deen in a few well chosen words expressed his pleasure at being again with his last year's pupils, and the desire that all take up their work with renewed zeal and energy.

Mr. Sanders said a few words that it would have been well if every patron of our school could have heard and heeded. "Let us as patrons resolve to help make this the best school year in our history—endeavoring to cooperate with our teachers and if there be unnecessary trouble go frankly and promptly to them and adjust it," was the substance of Mr. Sanders remarks. If this advice was practiced by our citizens, we would indeed make this the best school in our towns history.

The ninth and eleventh grades occupy the same room and the tenth and twelfth are seated together—Mr. Strickland having charge of the former and Miss Fogle song the latter room. Departmental work will, as usual, be practiced in the high school.

The grammar grades are assigned as follows: Eighth grade Mr. J. Stafford; seventh grade, Miss Effie Anderson; fifth and sixth grades, Miss Fern Fogle song; fourth grade, Miss Reece; third grade, Miss Leahy; and second grade Miss Humphrey; primary, Miss Anderson.

We consider this a good corps of teachers and are glad to note that two of them, Miss Effie Anderson and Miss Vera Humphrey are graduates of Portales high school. This condition is significant, of the fact that we appreciate the work of our former teachers and demonstrates our confidence in home talent.

The enrollment is as follows: First grade, 34; second grade, 32; third grade, 36; fourth grade, 41; fifth and sixth grades 47, seventh grade 39; eighth grade, 29; ninth and eleventh grades, 34; tenth and twelfth grades; 25; Total 317.

Forty five patrons were in attendance and the Superintendent and teachers ask that all persons interested in education visit the school often. We are glad to chronicle so auspicious a beginning.

Mrs. Annie Duncan was in town Friday, from her home near Arch. Mrs. Duncan was very critically ill in Portales last spring and her friends are glad to see her looking so well.

REPUBLICAN IN POLITICS

Cannot be Disregarded

Recognizing sure defeat ahead of them at the polls in November, the California Tafites will appeal to the courts in a last frantic effort to accomplish the demoralization and overthrow of the Roosevelt movement. The present plan is to defeat the electors to be chosen at the September primaries by means of injunction, which will prevent the issuance of certificates of election to those who are chosen.

It is the same old story. It is a total disregard of the peoples will.

It is the method of the steam roller.

It is but a repetition of system which was so effectively used at Chicago, when votes were stolen and the registered wishes of the American people nullified with an almost criminal disregard.

It is just this spirit of intolerance, of absolute bossism, of rule or ruin policy, of power, held right or wrong, that has awakened the people to a sense of danger and a realization of the complete domination of those in control of governmental affairs.

It is just such a tyrannical, arbitrary and despotic course of action that history tells us, preceded revolution. That is not ahead of our people, but any student can read in the restiveness and the determined spirit of the day that a change is ahead and that the expressed voice of the people is going to be recorded, and their registered will, regarded.

A resort to the courts is the last resort, but it may be found that all courts are not quite as open to dictation as some have been proven to be, and equity will be recognized as a department of our legal procedure.

The time for a change is here and the American people have recognized it. Their victory is just ahead.—New Mexican.

Golden Text—He that receiveth you receiveth me, and he that receiveth me receiveth him that sent me. Matt. x:40.

(1) Verse 35—If Jesus were to come to the world again to preach under present day conditions would he confine himself to a pastorate or would he travel about preaching, as he did before? Why?

(2) Jesus' mission and that of his apostles was to heal alike the bodies and souls of men. Why should that not also be the mission of all Christian workers today?

(3) Verse 36—What measure of impenitence must we give to "compassion," or heartfelt pity, for the unsaved masses in order to bringing about their salvation?

(4) Verses 37-38—What is the evidence today that "the harvest truly is plenteous" and that "the laborers are few"?

(5) In what way can you demonstrate that prayer will increase the number of missionaries and hasten the salvation of the world?

(6) What can the churches and we as individuals do more than we are doing to bring about the salvation of sinners?

(7) x:1—Did Jesus give the same power in those days to all his disciples as he did to the twelve?

(8) What is the limit of the power which Christ gives today to ministers and other active Christians?

(9) What evidence can you give, if any, that there are those today which have the power to cure disease without medicine?

(10) What evidence can you give that all Christians have the power and do cast out unclean spirits?

(11) Verses 2-4—Can you repeat from memory the names of the twelve apostles?

(12) Who became the outstanding members of the apostolic company?

(13) Verses 5-6—Why were the twelve forbidden to work among the Gentiles and to confine themselves to the house of Israel?

(14) Apart from other reasons, what wise diplomacy was there in getting the Jews to accept Christ before preaching him to the Gentiles?

(15) Verses 7-8—What is the best news the world has ever heard?

(16) What has the preaching of the gospel accomplished for the world? (This is one of the questions which may be answered in writing by members of the club.)

(17) Apart from the miraculous curing of the sick, the deaf, the dumb, the blind and the insane, what has Christianity done and what is it still doing for these unfortunates?

(18) Verses 9-10—Would Jesus have given them the same instructions, to take no money with them to pay their expenses, if he had sent them to a Gentile nation?

(19) Verses 11-15—Why does the obligation still rest upon us to liberally support the gospel with our means?

(20) Verses 40-x:1—What sure rewards come to us through receiving the messengers of Christ?

.....THE BOSS AND THE HIRED MAN.....

By Bert M. Moses

President American Association of Advertisers

I do Not know of any joy quite so keen as the joy of seeing people respond to advertising.

The business world is divided up into two general classes:

Those who employ, and

Those who are employed.

In every talk the employer is calling the "boss," and the employed is called the "Hired Man."

There are about thirty Hired Men in the United States for every Boss.

In other words, only one man in thirty rises up from the ranks and makes a substantial success.

Every young man who reads this is going to be either a Boss or a Hired Man--one or the other sure.

Which shall it be for you?

The matter is one which you can largely control.

If you get the right thought started you can be a Boss.

If you start in and advertise persistently you can be a Boss.

The main reason why only one man in thirty grows up to be a Boss is because only one man in thirty recognizes the power of advertising.

When you once get the right view of advertising, you solve the most perplexing problem of the times.

When you recognize how to create a demand for what you have to sell, the whole world is before you as a field from which to garner the gold.

Write out what you want the public to know; go to the publisher of the paper you read and have a talk with him. Show him your copy and take his advice if he tells you to change it.

Decide with him how much space to use and how often.

Feel your way along, until you get a grip on the thing.

Then go at it with both hands and feet.

I do not know of any better way to learn advertising than to advertise.

The place is here and the time is now
And The Way to Begin is to Begin

The Rough Rider

By J. D. WAGNER, Causey N. M.

The following poem was composed and written by J. D. Wagner and will be of interest to many friends. He was a Rough Rider.

The Rough Rider his nery steed to train
But lo, behold it was all in vain;
For after he landed on Cuban soil,
Tangled grass and brush his fun did spoil,

They marched through the grass and tangled reed,
With many struggles and head-long speed,
They watched for the enemy with eager eye,
Concealed in the bushes so near by.

In those fights the rider had to meet
The Spaniard with cannon them to sweep,
There was the mauser rifle and machete
With which The Rough Rider had to compete.

The Rough Riders of Colonel Roosevelt
Were the boys that carried the belt,
That held one hundred cartridge center shot,
With them they made the Spaniard die on the spot.

The Rough Riders had the Colts number forty-five
That shot bullets like bees going in and out a hive;
Then with this they had the rapid firing gun,
When they turned them loose they had to have some fun.

When the Rider marched up the San Juan Hill,
They pressed the mark and fired at will;
Mr. Spaniard fell in his own made grave
With all of his schemes, to be so brave.

The Spaniards and Riders had it up and down
Until the boys marched into Santiago town;
The Flag of Truce was pushed up so high,
And the Spaniard gave a mighty sigh.

When the enemy did peace and mercy show
The boys did on them saving life bestow.
But if one to them did rebellious prove,
They would take good aim and the trigger move

The Spaniards were astounded and greatly surprised,
For after surrender they did cruelty surmise;
When our boys to them kindness did show,
The seeds of friendship they did sow.

Then into the camp the Riders did come to tell,
That all had been done so good and well;
Then they did rejoice and ne'er would sell
The name they gained from their gun and shell.

The Rough Riders were bold and true
Some fell under the red, white and blue;
They can't always temporal life secure,
Although rough and ready, some died to be sure;

The Rough Riders stood bravely side by side,
After conflict became their countries pride;
Their motives and desires had been made felt
In the one great name Rough Riders of Roosevelt.

WITH THE LITTLE FOLKS

The little folks of Portales were very active socially, last week. Thursday evening Helen Lindsey entertained a half dozen girl friends at a "Slumber Party" which was thoroughly enjoyed by all present. A trip to the moving picture show, an hour spent at the marshmallow roast and numerous visits to the Lindsey orchard and watermelon patch are mentioned as special features of the occasion.

On the same night Ray Hill gave a marshmallow roast on the tennis court near his home. The boys and girls chaperoned by Mrs. Hill had a merry time during the early part of the evening toasting marshmallows, after going to the Hill residence and enjoying indoor games.

Friday evening Dora Smith was hostess to a crowd of her young friends and fun and frolic prevailed in that home until a late hour and on Saturday, Ione Austin enjoyed the company of a number of her friends at a New Mexico party the event being so-called because of the nature of the program, which was suggestive of the geography and history of the Sunshine State.

We are glad that the children have had good times during vacation and feel that they will do better work in school this year for the summers diversions.

MISS HIGHTOWER ENTERTAINS

Bunking parties seem lately to have become the most popular of all entertainments and there is small wonder, for this flattering preference if the particular one given by Miss Mattie Doss Hightower, on last Wednesday night is by any means a sample of such affairs in general. On this occasion the Hightower lawn looked, if possible, more inviting than ever, abounding in swings and chairs, and cozy nooks, but the usual course of bunking procedures was varied this time, or rather postponed, on account of the arrival of the young gentlemen.

The moon was beautiful on the lawn and under the trees, the breeze delightful, and so infectious was the combination one could not but fairly bubble over with the joy of it. Before we get too funny "Dad" proposed to take the whole bunch to the show, which was generous indeed as there were quite forty in the crowd. We matched numbers for partners and it was purely accidental, of course—quite so—that without exception the wee, short, dumpy ones matched with the big, long, skinny ones.

After the show we returned to our lawn party and proceeded to get so gay again, that "Mother" Hightower, came to the rescue this time and quited us down with the best peach ice cream and nut cake any of us had ever eaten. So much so, it tempted sorely those who were served first to petty thefts from the slower masticators!

We danced and sang and drop-

ped the handkerchief, and had so much fun, we had a hard time to persuade these boys to leave at all. Finally they managed to get started on their way only tarrying a few ages out in front to treat (?) us to one of their first class open air concerts, which by the way, with all due apologies to the "croakers" snacked of nothing so much as the frog pond, and it was unanimously agreed by the girls that a copy of this statement be presented to the singers, with out compliments of "The Bunkers;" and the other innocent sufferers in the immediate neighborhood thereof.

The reason we didn't retire earlier was we knew we couldn't sleep for thinking of the good breakfast we were soon to receive, but "what's the use of dreaming?" when the real thing surpassed even our fondest fancies. First came the famous Portales Valley cantaloupe, followed by baked apples and cream, then fried chicken, potato chips, tomatoes, jelly, hot biscuit, honey and coffee.

Those enjoying all this were: Misses Hutchinson, Scott, Sledge, Humphrey, Williamson, Smith, Culberson, Monroe, Mitchell, Leach, Myrtle, Lucile and Haalewood Moore.

The callers: Messrs. Mitchell, Wagner, McDermott, Wilson, Neer, Culberson, Garrett, James and Thornton Lomax, Orsborn, Humble, Molinari, Delayne and Lindsey.

An article that has real merit should in time become popular. That such is the case with Chamberlain's Cough Remedy has been attested by many dealers. Here is one of them. A. W. Hendrickson, Ohio Falls, Ind., writes, "Chamberlain's Cough Remedy is the best for coughs, colds and croup, and is my best seller. For sale by all dealers.

Mr. Hugh King and family attended church at Painter, Sunday.

A shadow was cast over our community last Saturday by the death of Mr. Johnson, who had been sick for some time. He had been taken to town for medical aid and was thought to be getting well until a change for the worse. His friends and acquaintances at Floyd and surrounding communities, are not numbered. Being one of the old settlers he has quite a large circle of friends. He was put away in Portales cemetery, Sunday afternoon in the presence of a large crowd. Nearly every family of Floyd being represented there. The entire community of Floyd extends the most sincere sympathy to the bereaved family.
