### INEZ AGRICULTURAL EXHIBITION

The "Dry Landers" of INEZ Demonstrate Results of Well-Directed Thought and Energy.

From Our Inez Correspondent.

The Agricultural Exhibition at Inez on September 28th. was well attended, and those who expected it to be a success were not disappointed; but were agreeably surprised by the wonderful display of Dry Land Products.

In order to get the best display for the Inez exhibit at the County Fair at Portales, T. J. Mullins, of Inez, J. Phillips, of Rogers, and Burl Johnson, of Redland, were named as judges, and their decisions were as follows:

Red Maize,	First, L. V. Brown, Givens.
	Second, J. B. Vernon, Inez.
	Third, T. J. Mullins, Inez.
White Maize	First, L. V. Brown, Givens.

### H. B. Fergusson at Portales Potato Storage House for Portales

Hon. Harvey B. Fergusson, member of congress from New Mexico, spoke to a fair sized and appreciative audience at the court house Saturday. He covered both national and local politics in his speech, dwelling particularly on the three-year home-stead law and the national movement towards the building of better roads and especially "Post Roads". He pointed out the method used by the agents of special interests in congress who defeat the purposes of proposed legislation by affixing "jokers" and "riders" which nullify the beneficial provisions of the law as passed.

From here Mr. Fergusson was taken by auto to Inez, where he addressed the voters in the afternoon and thence to Elida, where he spoke at 7:30 Saturday evening. T. E. Mears, chairman of the Democratic central committee, and J. O. Wood accompanied the speaker to Inez and on to Elida in Claude Anderson's auto, with Shorty Stafford as driver.

The Herald from now till the first of January 1914 for \$1.00

The Portales Storage company have their potato storage plant almost ready for business. This will be one of our best assets, as this rarified climate affects potatoes very quickly and they can be kept by the process used by the storage people thru the winter without any perceptible losses. The management so we are informed, propose to make a charge of one cent per pound for storage. This is cheaper than storing in your own cellar and has the added benefit of keeping them far better than any cellar you could devise. The storage will not be confined to potatoes, so bring along your perishable crops and keep them till prices suit you.

Bruce Marsh, the Elida cowman and banker, was a visitor at The Herald office Tuesday, enroute for Clovis. He reports the range in the best condition for years and cattle fat. The railroad company is having a new well sunk just south of the depot and will move their pumping plant to the new site soon, putting in new machinery and water tanks.

### CIRCULAR LETTER.

Department of Education,  
Santa Fe, N. M.  
To School Boards of New Mexico:

Our Educational development in this state has been more rapid perhaps, than in any other section of the country. This has been due in a great measure to the hearty co-operation among teachers, superintendents, and school officers in all efforts for the improvement of our schools.

The State Board of Education, as it has often expressed in its meetings, feels that our most intelligent and effective measures come from conference and consultation and that the enthusiasm arising from well attended educational meetings is of the greatest value. Last year approximately five hundred teachers attended the meeting of the New Mexico Educational Association at Santa Fe and an attendance of seven or eight hundred is expected at the Annual meeting of our Association to be held at Albuquerque, November 7-9. Not only teachers and superintendents, but parents and members of school boards all others who can do so, should attend this meeting. The programs will be of great interest to all these classes of people. By direction of the State Board of Education, I am urging especially that members of school boards attend this meeting, if it is possible to do so, and that such boards see to it that their teachers attend. School should be dismissed for such a time as will enable teachers to get to Albuquerque by Thursday morning, November 7th, and no pay should be deducted for time that the teachers are absent in attendance. So important that your teacher should keep in intelligent touch with the best educational thought and effort by going to Albuquerque that the expenses of your teachers and superintendents, wherever funds are available, should be paid in whole or in part by the various boards em-

ploying them. Let us hope, therefore, that you will present this matter to a full meeting of your board and that you will take action in accordance with the wishes of the State Board of Education and this Department in this matter, and that we shall have the pleasure of seeing your district or town represented by a member or members of your Board and by all means by your teachers.

I might dwell longer upon the importance of you and your teachers attending this meeting, but I take it for granted that you understand how important it is and how much benefit will be derived from attendance, without my presenting further arguments to you. Certainly your teacher will more than repay the expense incurred and the time absent, by doing much better and more effective work. Special railroad rates and hotel accommodations at Albuquerque have been obtained. The expenses will not be great, the benefits will be.

I shall appreciate hearing from you that you and your teachers will be in attendance.

Feeling sure of your hearty co-operation in this matter, I remain,  
Yours very truly,  
Alvin N. White,

### Some Recent Cattle Deals

CONCHO CATTLE SELLING WELL. Eden, Texas, Sept. 29.—Chas. Molloy, Jr. sold Monday 500 head of steers at \$35 per head. These steers were as fine as any ever sold in this section of West Texas. They were sold to W. A. Eakin of Ryan, Oklahoma, who shipped them from here yesterday to his pastures at that place. These cattle were in good shape and will advertise our country when they are landed in Oklahoma.

Dan Molloy and Walter Gann bought of R. T. Trail the first of the week, 1,700 head of sheep at \$3.50 per head. These sheep are ranging in the McCall pasture near Eden, and the deal is one of the largest that has occurred in this neighborhood recently.

### PORT STOCKTON CATTLEMAN BUYS STOCK CATTLE

San Angelo, Tex., Sept. 29.—Col. John Odom, who owns a sixty section, grass knee high ranch near Fort Stockton, was in the city Thursday. Col. is a member of that pioneer family of Odom's of Ft. Chadbourne. Col. Odom's business in the city is to close up the purchase of 1000 stock cattle that he bought from John Cannon, our fellow citizen. The cattle sold for \$35 for cows and calves and \$25 for steers and heifers.

### TERRELL COUNTY COWS BRING \$22 AROUND

Sanderson, Texas, Sept. 29. Roley Patterson of this place sold to John R. Blocker about twelve hundred head of cattle the cows bringing about \$22 per head.

### AT MIDLAND SEPT. 30

R. R. Bishop, ranch foreman for Henry M. Half on his Pecos ranch, was in the city last Saturday, and somewhat under the weather. His report of the range generally down there was not very encouraging, though he states that in spots they have pretty good grass, none of Half's pastures being heavily stocked. He states also that plenty of moisture this fall would yet make feed in the way of weeds, but that it is probable that some ranchmen are likely to have some horses this winter.

H. B. Berliner, Jr., a prominent stock dealer from Missouri, has purchased this week from the Scratch ranch 750 fine steer calves. Mr. Berliner states that he will put these calves on full feed this winter, at his Missouri ranch. The price paid was not made public.

### Asking the Impossible

We are advised by a correspondent, who does not want his name used, that we should elect a republican to congress who will work in harmony with New Mexico's United States senators. A little analysis of the proposition will disclose some slight defects. The United States senators from New Mexico do not work in harmony with each other. Therefore it would be quite a job for a representative to work in harmony with those two discordant senators. It will be remembered that they made speeches in Albuquerque not long ago on the same day from the same platform. Their utterances were about as different, considered from all angles, as one might expect from speeches by William Jennings Bryan and Elihu Root.

Senator Catron is a standpatter of the most pronounced type. He denounced Roosevelt and praised Taft. Senator Fall praised Roosevelt and, by implication, denounced Taft, as he has denounced the president on the floor of the senate.

It seems that our correspondent is asking the people of New Mexico to do the impossible, when he would have us elect a member of congress in harmony with our senators.

Then, there is the further fact to be considered that our senators, while out of harmony with each other, will be out of harmony with the next house of repre-

sentatives in congress and with the president of the United States. What is more to the point, they will be out of harmony with the next United States senate.

So, if we were to elect Nathan Jaffa, for instance, he not only could not work in harmony with our United States senators, but he would be diametrically opposed to the majority of the United States senate, to the majority of the house of representatives and to the next president of the United States. He would be in harmony with no one having any influence in the affairs of government and would be absolutely useless as a representative of New Mexico.

Because of these things, we again say that the voters of New Mexico should make it unanimous for Hon. H. B. Fergusson

### Roosevelt County Fair

Notwithstanding the rain, the Roosevelt County Fair was a complete success. Exhibits from several precincts were much in evidence, that from Inez being the largest and most general exhibit. We are publishing a list of the prize winners of both this fair and the one held at Inez on Saturday. These premium awards, if properly studied, are a better writeup than we could give them in a column article. The number and size of the exhibits here were a surprise to even those who are familiar with the possibilities of this county in both irrigated and dry farming. The individual specimens were as good as one would expect to find at one of the old state fairs. These agricultural exhibits are worth more to the country than most people realize. Of first importance is exchange of ideas as to cultivation a selection of seed, and the mutual understanding established by friendly competition for superiority. Next is the advertising value of such exhibitions. People of the east who would come here to reside do not know what possibilities await them in this supposedly "desert" country. From the very nature of things, there can be no rivalry between the dry and the irrigated products, as each is in a class by itself. There is no limit to what can be raised when a man has water to irrigate and it is only a question of proper handling of the land, water and crops. With the dry farmer it is entirely different and the results of his efforts indicates the possibilities of this country in sections where water for irrigation is not available. The people of the country generally should feel proud of the results shown at the fair just closed and get together now for a bigger and better one next year. As an extra incentive to special efforts prizes should be offered early in the year, to give time for preparation. The Herald is going to give a year's subscription to a number of the exhibitors at the recent fairs of Inez and Portales, and will make and offer of several prizes for next year early enough to allow time for special effort. At present we think that a "loving cup" for the best general exhibits in both irrigated and dry farming are good for starters. These will be the gift of the editor, who is something of a farmer himself. In the meantime let us not forget the importance of planting trees. This country is peculiarly adapted to the raising of fruit.

## Where is your "Protection"?

"Free Trade is a myth, but you will hear a great deal about it this campaign when "protectionist" friends come along seeking your vote. Under our constitution, the expenses of this government are paid from revenue instead of direct taxation. The constitution must be changed before a free trade program can be adopted. The difference, then between the political parties of the United States is as to the proper tariff to collect on foreign goods to raise this revenue—and in the distribution of it after it is raised. Judging by the vetoes of the past few months, Mr. Taft and his bunch of standpatters believe in an immediate and continuous reduction of the tariff rates upward. The democratic party is pledged to a reduction downward. The Bull Moosers are an untried quantity but are high tariff protectionists as a rule. The difference being the rate of protection, it behooves the voter to ask himself a few questions. Where does your "protection" come into the game?

You Roosevelt county farmers all wear woolen clothes. How many sheep do you raise? Do a little figuring on the wool question. How much do you get in "protection" on your wool? Then compare that with what the rich manufacturer, with his special emissaries in Congress, gets on his finished product. Inflated prices of sheep do not mean net profit to the wool grower. Profit is controlled by the rate of interest which the investment returns to the producer.

"Protection to American labor" is another time-dishonored fake and Mr. Jaffa will likely tell you that he knows where he stands on this subject if no other. Compare conditions in the Lawrence, Mass., textile mills, where the great strike is now in progress, with conditions in sections where "protection" has no special emissaries in Congress to look after its interests. Possibly half of the Lawrence strikers are foreign born belong to that much-discussed "pauper labor of Europe" about which our opponents weep such crocodile tears. Who gets the "protection"? The truth of the whole matter is that special protection begets greed and the results of greed are sure as kintod come. The human hog is never satisfied, and those mill men are human hogs—or better, inhuman hogs. Do you, Mr. Merchant, or Man with a family, get your coal any cheaper because of the fact that Mr. Springer and the Colfax county coal barons render their holdings at \$200,000, sell their bonds for fifteen millions, mine their coal with Hungarian, Italian and Greek miners who work at reduced wages under conditions intolerable to self-respecting Americans. And you, Mr. American laboring Man, where is your protection" in this coal business?

You buy a suit of clothes for \$20.00 at your local merchant's. The wool grower gets about \$1.85 for the wool in it, the half starved girls who made the suit get about \$1.25 for making it, your merchant a net profit of about \$2.15. Who gets the rest of it? Where are YOU "protected"?

Hon. Nathan Jaffa says in a recent interview that he don't know how he stands on many of the important questions of the day, but that he "will have a year in which to decide" where he stands on them, in case he is elected. Take all the time you like, Nathan. The boys are going to send Fergusson back. HE knows where he stands on all of them.

Did you take in the Roosevelt County Fair at Portales? You ought to be ashamed of yourself if you lived near enough and failed to view the results accomplished. What these exhibitors have done any one can do by perseverance and a little well directed elbow grease. Mr. Coe Howard and a committee will take a ton of these exhibits to the State Fair at Albuquerque. This is placing Roosevelt county on the map.

Hale county Texas pulled off the biggest fair ever held in that section at Plainview last week. We are glad to see the Plainview people get themselves on the map.

Lincoln county is just in the act of pulling off the biggest fair in its history. Governor McDonald wrote his regret at not being able to attend on account of previous engagements. This is proper. Any man should feel genuinely sorry to miss his own county fair. The editor of the Herald had to either miss the Roswell Fair or miss an issue of this great people's paper. The Roosevelt county fair was better however, and we saw just as many big pumpkins, radishes, sweet peppers, ears of corn and yams as can be shown at anybody's old fair.

The editor has been asked by a number of people as to the position of the candidates for congress regarding the subject of prohibition. He does not know how Mr. Fergusson stands further than that he favors an equitable local option law. He does know how both Mr. Jaffa and the Hon. Marcos C. De Baca stand on the question, but, as prohibition is not a local issue just now, we must decline to answer for others. It is a safe bet, however that none of the three are for Chafin for president.

Attend the State Fair at Albuquerque next week and get acquainted with the people beyond the hills. Also take these you meet around to the Roosevelt county exhibit. Put your self on the map to stay.

Contributor—I sent you some suggestions telling you how to make your paper more interesting. Have you carried out any of my ideas.

Editor—Did you meet the office boy with the waste basket as you came upstairs?

Contributor—Yes, Editor—well, he was carrying out your ideas.

## Plant Some Trees

Plant a tree.  
Plant some trees.  
Plant some trees this fall.  
Plant trees both spring and fall. Then properly care for them. They will help you to overcome unfavorable climatic conditions by aiding moisture distribution. There is very often enough moisture in the atmosphere, even in dry weather, for a shower, but there is no attraction in a treeless section to aid it in concentration. Two things are essential to produce rain—condensation of moisture and a cooling of the atmosphere. The tree is an aid to both and will re-

turn, in net profit, more for the outlay than anything that can be planted. Try a few trees.

Jesus Walking on the Sea. Mark 6:45-56.

Golden Text—Straightway Jesus spake unto them, saying, Be of good cheer; it is I; be not afraid. Matt. xiv:27.

(1) Verse 45—Why did Jesus hurry off the apostles by ship so soon after feeding the multitude and when they were gone dismiss the people? (See John vi:15.)

(2) Why were the apostles so unwilling to go that Jesus had to "constrain" them?

(3) When God intimates to us a certain course of conduct contrary to our judgment or wishes is it ever right to hesitate or discuss the matter with him, and why?

(4) Why did Jesus not want them to make him their king?

(5) Jesus was unwilling for them to make him their king, but do you think it would have made any difference in his decision if the rulers of the Jews and Rome had wanted him to be the king of the Jews? Give your reasons. (This is one of the questions which may be answered in writing by members of the club.)

(6) Verse 46—Why was Jesus now in great need of prayer and what do you think were the special subjects for which he prayed?

(7) If Christians conscientiously or unconsciously "pray without ceasing" why is there still need for special seasons of prayer?

(8) Verses 47-49—Why is it that God permits contrary winds and tumultuous seas in the experience of so many of his children?

(9) What time, according to Roman reckoning, was the "fourth watch of the night"?

(10) If God permits or plans for the life of one of his children what answers to "tolling in rowing all night," what does that indicate?

(11) Verses 49-50—What are the reasons for our belief that Jesus walking on the sea is literal historic fact?

(12) What were the mental, spiritual, theological or psychological grounds for their first opinion that it was a spirit they saw walking on the water?

(13) What evidence is there that spirits have visible form or that under any conditions they can be seen and conversed with?

(14) If it had been a spirit which they saw was there any reason why they should cry out with fear? Give your reasons.

(15) When God comes within the vision of any good man is there ever any reason for fear? Why?

(16) What reason is there to believe that the words of Jesus, "Be of good cheer," are always, in effect, being repeated to us?

(17) Verses 51-52—Why may we rest assured that by taking Jesus on board we shall have a pleasant and a safe journey?

(18) Why did they and why should we wonder and be "amazed" when God keeps his promises and comes to our rescue when in trouble?

(19) Why do we so soon forget the great things which God has done for us?

(20) Verses 53-56—If this wonder working Jesus were really known by the masses what would be the result? Lesson for Sunday, Oct. 13, 1912. Clean and Unclean. Mark vii:1-23.

## CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick. In a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer.

"I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm."

There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles.

The Magnificent display speaks more eloquently of the interest of the people in the advertisement and development of our Agricultural Resources than mere words could possibly do, so on this we need not dwell.

In the forenoon an appreciative audience heard an interesting and instructive address on educational subjects, by County Superintendent Mrs. S. F. Culberston. In the afternoon Congressman H. B. Fergusson and Judge W. E. Lindsey made talks which were well received by an attentive audience.

**Change of Management**

With this issue The Herald goes under new editorial and business management, the undersigned assuming full charge.

Politically the paper will be Democratic with no frills nor furbelows. While decided in our political views, we propose to the other fellows fair. Anyone feeling aggrieved will be allowed space to state his side of the question over his signature—if courteous about it.

The policy of The Herald will be to boost everything which will benefit Portales, Roosevelt county, the Pecos Valley and the entire State of New Mexico. The right is reserved to refuse publication to a knock on any citizen or locality in this State. We will give all the news all the time and offer the largest circulation to this section for the advertisers. Good schools and good roads

will be our special hobby. Tree planting and real sanitation another.

Meanwhile taffy and hot air will be sparingly used. The truth about this country is all that is needed.

Churches, schools and fraternal orders will be given freespace for their regular cards and announcements. The Commercial Club will be furnished as many copies of the paper as it will use for advertising the country, and space in our columns for articles placing our advantages favorably before the homeseeker.

You are invited to visit The Herald office, tell us what your community is doing, read our exchanges and make yourself at home.

Your patronage respectfully solicited.  
JAS. S. MULLEN—Editor.

The recent meeting of the Pecos Valley Press Association seems to have enjoyed itself and adjourned without electing officers or selecting the next point of jubilation, the matter being left to a referendum vote. Wonder how Will Robinson likes this injection of "socialism"?

"Uncle" Polk Williams, Democratic wheelhorse of the Inez country, was a Portales visitor the first of the week, bringing over some fine exhibits for our fair. The people at Inez have never had a crop failure, and had an exhibition of products at their recent country fair which would do credit to any agricultural section.

Mrs. M. A. Knight has returned from market and now has a nice display of ready made hats, at unusually low prices.

Four young men of Portales who shall be forever nameless here, took their dinner out to the cantaloupe fields Sunday to enjoy life proper. They had the choicest bits of fried chicken frickasseed and wrapped in pink tissue paper, the best custard and cake in the hostess's sideboard were added, thirst cure stored in the northwest corner and a general banquet appearance

attached to the basket. But, alas for the plans of mice and men—a dog appropriated that lunch while they were looking the other direction, and Mrs. Wood had to prepare a hasty lunch for four in the middle of the afternoon to prevent starvation.

# MEAN WILSON TO SWEEP COUNTRY

Democratic Gains in Vermont and Maine Impressive.

## OTHER PARTIES' PLIGHT

Third Termers to Pull Their Entire Strength From the Rapidly Thinning Republican Ranks.

That the result of the state elections in Vermont and Maine mean a tremendous Democratic victory in November, is freely admitted by all except the bitterest partisans. Political experts have done some analyzing, and some claim to have reached novel conclusions. But these facts stand out:

On Monday, September 3, 1913, the Republican and Third Term parties combined elected William T. Haines governor of Maine, over Frederick W. Plafied, the present Democratic incumbent, by 3,623 plurality; in 1908, a presidential year, a Republican was elected governor by 7,453 plurality; in 1904, the plurality was 25,900, and in 1900 it was 34,133. In other words, in 13 years the Democrats have cut down the Republican plurality in state elections by 31,109.

In this period the Democratic vote has increased from 39,000 to 68,000 whereas the Republican vote has decreased from 74,000 to 71,000. The Democratic vote of this year exceeds that of September, 1908, by 1,000, but the Republican vote is about 1,000 less than that party cast four years ago.

The split in the Republican ranks, following the election of William T. Haines, is pronounced. If the division in Maine in November is as it was in the recent Vermont election, six-tenths of the Republican vote will go for Taft, three-tenths for Roosevelt, and one-tenth for the Democrats. It is significant that the latter party has to date suffered no losses, as compared with the vote in previous years, from the Third Term movement. On the contrary, it has gained. The result in Maine may be expected to be something like this: Wilson, 74,000; Taft, 48,000; Roosevelt, 21,000.

The returns from the recent Vermont election show, in round figures, that the joint Republican and Third Term party vote was eight per cent. short of the Republican vote four years ago, while the Democratic vote in that state shows a gain of twenty-five per cent. over that of 1908. It is of special interest to specialists what will happen next November throughout the nation if the Republican and Democratic vote for the national tickets happen to be affected as the gubernatorial vote this month in Vermont has been affected. The New York Evening Post has done some interesting figuring along this line and as a set result it is shown that, under the contingencies mentioned, President Taft would carry only two states in November, Rhode Island and Vermont, all the others going for Gov. Wilson. The conclusions reached by the Post follow:

To compute this result we should have to deduct 5 per cent. from the vote cast for Taft four years ago and apportion the remaining vote in the ratio of 65 to 35 between Taft and Roosevelt, and we should have to add 25 per cent. to Bryan's vote in 1908, and give the "demolition total" to Woodrow Wilson. In other words, give Taft 57 per cent. and Roosevelt 25 per cent. of Taft's vote four years ago, and give Wilson 125 per cent. of Bryan's vote four years ago.

The result in round numbers would be as follows, so far as regards Taft and Wilson:

State	Taft	Wilson
Alabama	14,000	92,000
Arkansas	32,000	109,000
California	129,000	160,000
Colorado	71,000	153,000

## FARMER GETS LESS, BUT...

We Has to Pay More for What He Doesn't Raise.

The U. S. Department of Agriculture has just announced that notwithstanding the increased cost of living among the people as a whole there was a greater decline in the prices paid to farmers from Aug. 1 to Sept. 1 this year than there was last year.

The average farm prices of the important crops (corn, wheat, oats, barley, rye, flaxseed, potatoes, tobacco, cotton and hay, which represent about three-fourths of the value of all the country's crops) declined 7 per cent. during the month, while in that time last year they declined in price only 4.4 per cent., and during the last four years the decline in price averaged 3.5 per cent. The average of farm prices on Sept. 1 was 2.3 per cent. lower than on that date last year.

Prices paid to farmers on Sept. 1 this year, with comparison of prices paid on the same date last year, follow:

Articles	1913	1912
Corn	\$0.776	\$0.859
Wheat	.853	.848
Oats	.359	.404
Barley	.535	.770
Rye	.708	.792
Soybeans	.748	.740
Flaxseed	1.628	2.033
Potatoes	.850	1.137
Hay	12.140	14.616
Cotton	.113	.118
Butter	.242	.231
Chickens	.113	.111
Eggs	.191	.174

But the prices on tariff nurtured articles of manufacture which the farmer has to buy continue to soar.

## TRUTH ABOUT THE TRUST

"Expected Economies from Combination" Do Not Materialize.

(Louis D. Brandeis in Collier's.)

Leaders of the new (Third Term) party argue that industrial monopolies should be legalized, lest we lose the efficiency of large-scale production and distribution. No argument could be more misleading.

It may be safely asserted that in America there is no line of business in which all or most concerns or plants must be concentrated in order to attain the size of greatest efficiency. For while a business may be too small to be efficient, efficiency does not grow indefinitely with increasing size. What the most efficient size is can be learned definitely only by experience. The unit of greatest efficiency is reached when the disadvantages of size counterbalance the advantages. The history of American trusts makes this clear. That history shows:

First—No conspicuous American trust owes its existence to the desire for increased efficiency. "Expected economies from combination" figure largely in promoters' prospectuses; but they have never been a compelling motive in the formation of any trust. On the contrary, the purpose of combining has often been to curb efficiency or even to preserve inefficiency, thus frustrating the natural law of the survival of the fittest.

Second—No conspicuously profitable trust owes its profits largely to superior efficiency. Some trusts have been very efficient, as have some independent concerns; but conspicuous profits have been secured mainly through control of the market—through the power of monopoly to fix prices—through this exercise of the taxing power.

Third—No conspicuous trust has been efficient enough to maintain long against the independents its proportion of the business of the country without continuing to buy up, from time to time, its successful competitors.

There is plenty of peace about the Taft candidacy, but nobody claims "a smooth understanding."

Woodrow Wilson says to the long-suffering farmer who buys in a trust-controlled, highly protected market and sells his wares in a free market: "Walk into your own house and take possession."

How many of those who are struggling with the "High Cost of Living" believe there is to be any relief if the Republican party, which brought it about, remains in power?

The Bull Moose ran things with a big stick at Washington for seven and a half years and didn't by act or word smite the bosses he now rails against or promote the causes he now "ambushes." Being "a practical man," he asks a third, etc. term.

By applying the common sense test to Rooseveltian romance Governor Wilson manages to keep the country both amused and thoughtful.

What's a Moose? A Third Term peckaboo!

Gov. Wilson said to the newspaper man, at the New York Press Club banquet: "Suppose you had a House of Representatives mixed like the present one? I think we could all go sailing for the next two years." But he's at the helm and there won't be any sailing. Democrats—that's all.

# ROOSEVELT COUNTY FAIR, WHY DR. WILEY IS FOR WILSON

List of Prize-Winners at the Biggest Agricultural Exhibition Ever Pulled Off in This Section.

The general committee of the County Fair has been entirely busy packing and tagging prize-winning exhibits to send to the State Fair, to compile a report for publication. They very kindly furnished the data from which The Herald's report was prepared, however, and if errors are found in it, this office is the delinquent and not the committee. Messrs. Geo. Deen, W. E. Lindsey; F. T. McDonald, W. W. Vanwinkle and F. E. Turner acted as judges.

The first prize for Best General display went to J. M. Witt, of Carter, and second to Mr. Dunlap, of Portales.

Milo Maize, G. W. Lackey was first, J. B. Vernon second, and Cap. Hodges third. The prizes were 50 lbs. flour, 1 lb. coffee and a blue ribbon.

Irrigated Corn, J. H. Cove got first and Mrs. Lindsey second prize, 50 pounds of flour and one pound of coffee.

Dry Land Corn, P. C. Levally, of Delphus, first, T. J. Mullins, Inez, second. Prizes unknown.

Broom Corn, A. N. Sanders of Liston, first, J. B. Garrett, Inez, second. 25 lbs flour, 1 lb coffee.

Cotton, L. P. Jones first, S. B. Askew second. 1 lb coffee and a blue ribbon.

Millet, B. B. Greathouse first, J. M. Witt second. Sack of flour and a pound of coffee.

Wheat, Shamm Clark first, \$2.50 in hardware.

Kaffir Corn, A. H. Sanders first, Joe Bradley second. \$2.50 in hardware, donor unknown.

Peaches, Mrs. J. O. Howard first, J. W. Tompson second, 250 lbs. coal and a pound of coffee.

Apples, Wm. Battefield first, W. E. Lindsey second; 500 pounds coal and 25 pounds flour.

Grapes, Mrs. Lindsey first, a pound of coffee; no second.

Beans, Ida Vincent first, J. A. Cove second; pound of coffee and a blue ribbon.

Peas, George E. Johnson first and B. B. Greathouse second. 1 pound coffee and blue ribbon.

Peanuts, Frank Beard first, L. P. Jones second. a pound of coffee and blue ribbon.

Green peppers, James Ryther first, W. O. Dunlap second; 500 pounds coal and a blue ribbon.

Squash, Brown Hasken first, T. H. Long second. 250 pounds of coal and Portales Times 1 yr.

Pumpkin, Martha Holland first, J. H. Wolf second; 250 pounds of coal and Times one year.

Watermelons, A. J. Allen first, B. B. Greathouse second, B. Hasken third; 50 lb flour, 25 lb flour

and a blue ribbon.

Irish potatoes, E. C. Murrell first, H. Depperman second; \$1 in trade at Pearce's Drug Store and a blue ribbon.

Sweet potatoes, E. C. Murrell first, A. J. Allen second. 500 lbs coal and 200 lbs coal.

Onions, Walter Jackson first, Park Parks second, E. P. Williams third; 500 and 250 pounds of coal and a blue ribbon.

Cabbage, Will Faggard first, W. E. Lindsey second; sack flour and \$1.50 in trade at Joe Addington's.

Tomatoes, B. B. Greathouse first, R. W. Jones second; Times one year and blue ribbon.

Cantaloupes, A. A. Rogers, of Portales, won all prizes.

ART DEPARTMENT

The judges in the Art Department were Mesdames S. E. Ward, A. B. Austin and E. P. Aldredge.

Colored Embroidery, Mrs. R. A. Larson, first—\$3.00 in millinery offered by Mrs. L. A. Knight.

White embroidery, Mrs. Priddy, first—\$3.00 in trade at the millinery store of Mrs. A. B. Seay.

Any Design Embroidery, Mrs. R. A. Larson, first—season ticket Lyceum Course offered by the Woman's Club.

Battenburg, Mrs. R. A. Larson first—subscription to any magazine, offered by Dobbs Book Store.

Needlework, any design, children under fifteen, Little Miss Lomax first—5 pounds fancy chocolate, offered by the Fair Association.

Exhibitors who have not yet received their prizes will be given an order for them if they will call on Mr. Ose Howard, at the Portales Bank & Trust Co.

# WHY DR. WILEY IS FOR WILSON

He Says Taft and T. R. Are Soldiers of Fraud.

## ENEMIES OF PURE FOOD LAW

Famous Chemist Believes the Health of the Nation Demands Election of the Democratic Ticket.

By HARVEY W. WILEY, (Former Chief Chemist of the U. S. Department of Agriculture.)

My appeal is chiefly to those who, like myself, have been lifelong Republicans. I believe that no kind of an administration is going to ruin the country. I have a high personal regard for each one of the candidates for president and vice-president on all the tickets. All the political platforms are mainly sound and all promise effort in behalf of the whole people. My choice is not based on a platform. It was determined by my impressions of the real attitude of the candidates respecting the public welfare. We are creatures of heredity and environment. In our attitude towards great public questions we are almost altogether creatures of environment.

What two men are by environment least likely to be swayed by special interests and most likely to be guided by devotion to public welfare? Two of the candidates have already been tried in the presidential chair and we know by experience what may be expected if either of them resume his former seat on March 4, 1913. Mr. Roosevelt by reason of his attitude towards the food and drug act abandoned the consumers of the country to the rapacity of a few mercenary manufacturers. Under authority of congress I had carried on extensive experiments with my so-called poison squad and found that certain substances, viz., benzole compounds, sulphurous compounds and sulphate of copper (blue stone), were injurious to health.

The law conferred upon me, as chief of the bureau of chemistry, the duty of setting up a grand jury and determining whether foods and drugs were adulterated or misbranded. Instead of appealing from my decisions to the courts as the law requires, the users of these poisons appealed to President Roosevelt. He not only listened to them, but he abrogated the plain provisions of the law, appointed a board not contemplated by the law, and directed that these predatory interests might continue their attacks on the health of the people until this board, unknown to the law, should decide otherwise.

Can we safely trust the campaign for public health to Mr. Roosevelt? I cannot believe that to be the proper course. Mr. Taft inherited this exceedingly bad condition of affairs from his predecessor and has not only continued this illegal board under whose patronage adulterators are still poisoning the people, but he did worse. In the matter of the adulteration of distilled beverages in which Roosevelt upheld the legally constituted authorities, Mr. Taft reversed that policy and threw the mighty weight of the executive office to the support of the worst lot of adulterators that ever disgraced a country.

Mr. Wilson and Mr. Marshall by their strenuous efforts in behalf of the food laws of their respective states, have given a positive promise to end such a threatening state of affairs. They will support to the utmost the officials under the law who are trying to protect the public health and will make short shrift of those who have brought about these present unbearable conditions.

Wilson and Marshall by their education and environment are free from bias in favor of predatory interests and are inspired by true patriotic zeal in behalf of public welfare.

I support the Democratic nominees in full knowledge that many of the prominent Democrats in congress have been in full sympathy with the paralysis of the food law in behalf of the unwholesome dollar. But when the Democratic president and vice-president send the aid of their powerful sympathy in behalf of the public health those of their own party not in sympathy with them will be robbed of their power for evil. If Roosevelt or Taft be chosen the soldiers of fraud and adulteration will be impregnably entrenched for another four years and poisonous, sulphites and adulterated alcoholic beverages will have a new lease of life.

I believe also that President Wilson will renovate the department of agriculture, seeking as it has been for the past twelve years, with scandals and favoritism. He will see to it that the bureau of animal industry will protect the public health instead of the efforts of the packers to sell diseased meats under the deceptive phrases "U. S. Inspected and Passed." Under President Wilson no more Pinchots will be kicked out of the service, no more unscrupulous McCabes will exercise dictatorial powers. There will be no more cotton leaks and jungle atrocities, no more Everglades swindles, no more Everglades swindles, no more Everglades swindles and no more Everglades swindles will give place to sane efforts for the promotion of real agriculture and the public health.

Under Wilson the department of agriculture will be restored to speak

ing terms with the State Agricultural Colleges and Experiment Stations, and the State officials will no longer be regarded as inferior beings, living only on the largesse of a Washington cabal. I ask all who want honesty and faithful service in the Department of Agriculture, the promotion of public health, and executives who have grown to manhood and lived in an environment favorable to that which makes for the public welfare, to vote for Wilson and Marshall.

## TAXING POOR MAN'S COAT OFF HIS BACK

Concrete Illustration of What a Republican Tariff Really Means Causes Workers to Think.

Concrete examples of how a protective tariff operates are causing the working man, the "poor man," to do a lot of thinking nowadays. He is beginning to understand whether it is not about time to call a halt on the Republican practice of taxing the coat off his back and threatening him with the loss of his shirt and his socks if he does not submit.

All through the present tariff law, passed by a Republican congress and endorsed by a Republican President as THE BEST TARIFF BILL EVER PASSED, are to be found discriminations, the higher duty on the cheaper articles, the lower on the shoulders of those least able to bear it the greater burden of the protective system. Here are some illustrations:

The cheapest wool-blankets bear a duty of 108.42 per cent.; the dearest, 104.55 per cent.

Flannels, not more than 40 cents a pound, are taxed at 143.87 per cent.; over 70 cents a pound, 76.37 per cent.

Wool plushes, cheapest, 141.75 per cent.; dearest, 95.33 per cent.

Knit fabrics, cheapest, 141 per cent.; dearest, 95.33 per cent.

Stockings, worth from \$1 to \$1.50 a dozen, 76.37 per cent.; from \$2 to \$3, 59 per cent.

Hats and bonnets, worth not over \$5 a dozen, 52 per cent.; over \$70 a dozen, 25 per cent.

Carpets, highest priced, 50 per cent.; that used for mats and rugs, 126.55 per cent.

Women's gloves, unlined, 49 per cent.; lined, 84 per cent.; longest gloves, unlined, 43 per cent.; lined, 29 per cent.

Men's gloves, worth less than \$3 a dozen, 66.25 per cent.; costliest gloves, 14.45 per cent.; leather, unlined, 44.53 per cent.; lined, 29.50 per cent.

Buckles, cheapest, 77.48 per cent.; dearest, 36.3 per cent.

Uncut diamonds bear a 10 per cent. duty; imitation diamonds, 20 per cent.

The humble firecracker bears a 97.02 per cent. duty, while elaborate fireworks bear but 70 per cent.

Mattings, smaller and cheaper grades, 48 per cent.; costlier, 24 per cent.

Watch movements, seven jewels, 66.02 per cent.; 11 jewels, 60.41 per cent.; 17 jewels, 34.45 per cent.

Underwear, cheapest, 64.90 per cent.; dearest, 50 per cent.

Dress goods of wool, cheapest, 108.42 per cent.; dearest, 34.13 per cent.

Velvets, cheapest, 108.22 per cent.; dearest, 49.55 per cent.

Silk handkerchiefs, cheapest, 77.44 per cent.; dearest, 59 per cent.

Scissors, worth 50 cents a dozen, 52.31 per cent.; worth \$1.75 a dozen, 46 per cent.

Table knives, fancy grades, 67.40 per cent.; bone handled, 69.43 per cent.

Butcher knives, best grades, 53.10 per cent.; cheapest grades, 93.55 per cent.

Files, smallest, 81.29 per cent.; longest, 36.31 per cent.

Shot guns, worth from \$5 to \$10, 47.67 per cent.; worth over \$10, 45.45 per cent.

These are only a part of the discriminations, gleaned from a swift counting of some of the schedules. Reduced to simplest terms, they mean that the poor man is taxed higher than the rich man.

The Third Term candidate's favorite reply to the telling, unanswerable arguments of Gov. Wilson is that the latter's opinions are based "not on actual knowledge and experience but by reading musty books on political economy." The Colonel himself at a tender age was put at hard labor! It is not often that a man whose whole life has been given up to politics and office-holding gets as horny-handed as Mr. Roosevelt in the ranks of labor and high finance!

Wonder if Emerson was gazing upon a Moose calf when, several decades ago, he wrote: "I am the owner of the sphere. Of the seven stars and the solar year."

President Taft congratulates the Republicans of Maine on what Chairman Hilles describes as "an old-fashioned victory." Another such and Vermont and Rhode Island would go Democratic in November.

The card-stacking at Armageddon goes merrily on. Eight Taft electors in Missouri announce that if elected they will vote for the Third Term candidate.

Those who know and feel for Chairman Hilles say he really isn't to blame for the Republican presidential candidate's announcement that he "is out of politics."

A Western Third Termers regrets that Roosevelt will not have time before election day to say half he means. We'll have plenty of time following it.

**What the Reason**

Many Portales people in poor health without knowing the cause. There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Likely the kidneys have fallen behind in their work of filtering the blood and that is the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no better remedy than Doan's Kidney Pills.

Below is the grateful testimony from a sufferer in your locality.

Mrs. T. B. Champitt, Evelyn St., Canyon City, Texas, says: "Doan's Kidney Pills have been

so beneficial in our family that we advise their use to anyone having a weak or aching back. This preparation can be depended upon."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

**RE-RECORDING OF BRANDS**

**IMPORTANT NOTICE TO CATTLE MEN AND STOCK OWNERS**

In consequence of the great number of brands now on record in the office of The Cattle Sanitary Board, not now in actual use the State Legislature has passed a law requiring all owners of recorded brands to re-record their brands within a period of six months, commencing on Sept. 10, 1912. A failure upon the part of each holder of a recorded brand to re-record his brand in the time required by law, forfeits all right of further use. In a short time circular letters together with proper blanks for sending in renewals to the office of the Cattle Sanitary Board will be sent out to each holder of brands now of record. To facilitate this work as much as possible, and to avoid the lapsing of brands, it is earnestly requested that all parties now having recorded brands upon receipt of proper blanks from this office, send in their renewals with the least possible delay.

**WOMAN'S CLUB NOTES**

The Woman's club met Sept. 25th. at 3 p. m. in Commercial club rooms, Mrs. Nixon presiding and eighteen present.

As outlined in Year Book the program of Civic Department was given the first forty five minutes, followed by program of Literature Department. In the absence of the leader, Mrs. Humphrey, the subject of Civic Department was presented by Mrs. Nixon who gave a full and comprehensive account of the "Home League" work, and what it stands for. Mrs. Dunaway led the discourse which followed. In the absence of Mrs. Rogers leader, Mrs. Oldham had charge of the literary program subject South America, Discovery, Early Progress and results. Mrs. Culbertson and Mrs. Oldham spoke entertainingly and exhaustively on the topics.

The work of the Departments being concluded a business session was called in which the following business was transacted. Three new members were received into the club, Mesdames Porter and George Deen and Fred Crosby. It was voted to tender thanks to Mrs. George Deen for use of club rooms. Motion made and carried that all ladies having topics assigned them must prepare same, and either present them in person or on paper to be read by chairman of Department. The following amendments to the constitution proposed, and voted to be acted upon at first meeting in November.

Moved to amend Article 2nd of the constitution of the Woman's club of Portales, by striking out the three sections therein contained and substituting the following three sections.

**Article 11 Departments.**

Sec. 1—This Club may form the following departments; Cemetery, Civic, Education, Domestic science, Library, Literature, Music and Art and Philanthropic

Sec. 2—The cemetery department of the club shall have charge of the cemetery of the town of Portales; this department shall consist of a chairman and six members, elected from the club at large; shall be empowered to transact any and all business pertaining to said cemetery but are hereby instructed that it shall incur no debts nor liabilities but shall manage and maintain said cemetery with moneys derived from its own resources.

Sec. 3—All departments of this club other than cemetery department, shall at their first meeting, after the annual election of officers of the club, elect a chairman who shall represent these departments on board of managers. All departments other than the said cemetery department, shall have power to transact all business necessary to their well being and pleasure, but shall incur no debts whatever. Each member of the club shall be required to register in some department other than the cemetery department.

Moved to amend Sec. 1 Art. 1 by inserting the following words: No special business meeting of the club shall be official unless called by the board of managers.

Hon. Jim Hall of Elida, spent a couple of days in the county capital this week, being on his return from Taiban where he represented the state in some cases of feloniously appropriating cattle. The accused were remanded to await the action of the grand jury and Mr. Hall thinks this prosecution will result in the breaking of certain individuals of careless handling of ropes and hot irons.
