SOME RECENT CATTLE DEALS

SHIPPING AT TUCSON ARIZONA
Beginning with the first week in October, shipments of steers will commence from Tucson, and other points on the Southern Pacific, and these shipments will be heavy. The bulk of these fat cattle will go to California, as Arizona is called on annually for thousands of head to aid in feeding the people of the coast state. A number of head also come from the state of Sonora, Mexico, annually to Tucson for inspection, and are then forwarded to Los Angeles and other California points.

EXAMPLE OF PRICE
As an example of the still price for cattle at the present time, a purchase by a Texas cattleman of Arizona cattle can be cited, and that is when W. O'Byrne, of Hereford, Texas, on the north plains, paid \$22.50 for a bunch of Oracle yearlings.

SHIPMENTS FROM TUCSON
During the calendar year September 1911-12, a total of 17,120 head of range cattle were inspected and shipped from Tucson. Except small shipments to Texas, Wyoming, New Mexico and Nebraska, all of the Tucson shipments went to California. Shipments from other points on the Tucson division of the Southern Pacific and the Tucson-Nogales division were inspected at the several points of shipment, and are not included in the Tucson shipment, except several shipments sent in from Sonora.

TEXAS CALVES SELL FOR \$20.00
Brady, McCullough County, Texas, Oct. 1.—S. W. Colten sold 150 calves to J. L. Borroun of Cedarville, Kansas, at \$20.00 per head, November 1, delivery. This is the highest price ever paid here for a straight bunch of unbranded bull and heifer calves. The calves go to Kansas to go on feed. This is made possible by the recent ruling of the Quarantine board.

CATTLE SHIPPING LIVELY AT MARFA
Marfa, Tex., Oct. 1.—After some rain a stiff norther reached Marfa Sunday afternoon, the wind blew very hard and today heavy winter coats and fires are necessary to comfort.

Cattle shipping is picking up at this point. Already many shipments have been made of fat beef stock.

George Clothier of Ft. Davis, shipped a car of horses from here east this week.

CATTLEMAN OF HEREFORD IN EL PASO LOOKING OVER MARKET
E. S. Arnold, of Arnold & O'Brien, cattlemen of Hereford, Texas, is in the city looking over the local cattle market. Mr. Arnold arrived in El Paso from Amarillo, Texas, where he purchased 900 head of cattle. The cattle will be shipped to pasture at Hereford on October 9.

CATTLE SELLING \$2 A HEAD HIGHER THAN IN SPRING

Local cattlemen report that indications are that the present season will be considerably better than the spring season, which was a very good one.

On the average cattle are selling at about \$2 a head higher this

HON. H. B. FERGUSSON

fall than they were in the spring and, in some cases, considerably higher. Yearlings, for instance, are selling around \$25, as against \$22 a head in the spring. There was plenty of rain during the summer and the cattle are in fine condition.

Prices for Farm Products.

Government reports and statistics are generally accepted as accurate, but there are some farmers in Texas who will take issue with the federal department of agriculture over a report just issued which purports to show the average price received by producers for livestock and farm products.

This report gives the average price paid producers for comb honey 13¢ per pound, milk 22¢ per gallon, apples 62¢ per bushel, peaches \$1.10 per bushel, pears \$1 per bushel, beans \$2.38 per bushel, cabbage 1¢ per pound, onions 89 cents per bushel.

We are not prepared to question the accuracy of these figures as they apply to the entire country, but we do know that Texas producers did not receive such prices for much of their produce. Only a few days ago Mr. S. A. Lindsay, a business man of Tyler, reported that the average price to East Texas peach growers was about 83 cents a bushel. We are quite sure that North Texas onion growers did not net 89 cents a bushel for their crop and we are equally certain that Texas beekeepers did not sell comb honey as high as 13¢ cents a pound.

It is very evident either that the Washington statisticians have placed their estimates of what the farmer receives for his produce too high, or that Texas producers receive less than the average price throughout the country.—Fort Worth Record.

"Et Tu Brutus."

The people of the state, while personally admiring Mr. Jaffa, would like to hear from him on the question of what he thinks of the Colfax county assessment, on what he thinks of the Abilene Romero case, on what he thinks of the men who are responsible for such things and who brought about his nomination. Mr. Jaffa's position is untenable. If he were elected, what would he do when he went back to Washington towards changing such conditions? Could he repudiate the gang or not.—The New Mexican

THE STATE FAIR AND MEETING OF FRATERNAL AND OTHER SOCIETIES THAT HOLD THE LIMELIGHT AT ALBUQUERQUE THIS WEEK

Election in Grand I. O. O. F. Encampment, Rebekah and K. of P. Lodges. General resume to Date.

The following news items cover the most important business transacted at the State Fair to Wednesday night, when ye editor left the Duke city.

GRAND ENCAMPMENT I. O. O. F.

The Grand Encampment met first this year and the following officers were elected for the ensuing term, the attendance being the best in the history of this branch of the order in New Mexico.

- Grand Patriarch, N. E. Stevens, of Albuquerque.
- Grand High Priest, W. W. Ogle, of Roswell.
- Grand Junior Warden, H. B. Phelps, Raton.
- Grand Scribe, C. Bert Smith, of Artesia.
- Grand Treasurer, J. C. Spears, of Gallup.
- Grand Representative, Alfred Jelfs, of Raton.

GRAND LODGE I. O. O. F.

The Grand Lodge met at Odd Fellow's Hall Tuesday morning and transacted business of the order. The following officers were elected for the ensuing year:

- Grand Master, L. E. Sherwood, of Tucumcari.
 - Deputy Grand Master, C. C. Hill, of Roswell.
 - Grand Warden, T. M. Ellenwood, of Las Vegas.
 - Grand Secretary, N. E. Stevens, of Albuquerque.
 - Grand Treasurer, W. A. Tenny, of Silver City.
 - Representative to Sovereign G. L. W. M. Triggs, of Portales.
- Grand Master's appointments will be given later, but Will C. Wolf of Roswell, was named as Grand Marshal.

REBEKAH ASSEMBLY

The Rebekah assembly elected the following officers for the ensuing term:

- President, Mrs. Wheeler, of Tucumcari.
- Vice President, Mrs. Spears, of Gallup.
- Grand Warden, Mrs. Bixner, of Silver City.
- Secretary, Mrs. Patrick, of Artesia.
- Treasurer, Mrs. Comstock, of Las Vegas.

Albuquerque Lodge conferred the third degree on candidates for the benefit of visiting brothers, on Monday night, and Triple Link Rebekah lodge of Albuquerque conferred the elaborate work of the Rebekah degree on a class of candidates Tuesday night. The work by both degree teams was splendidly done, but that of the Rebekah team deserves special mention. The Grand Lodge room was packed to standing room with the members of the Rebekah branch of the order and the degree was conferred to the strains of sweet music without a hitch in the work. After the degree work an elegant banquet was served to the entire visiting delegates by the local Rebekah lodge.

Taken as a whole, the session just closed was the most successful ever held in New Mexico. More regarding the work of the order in future numbers.

GRAND LODGE KNIGHTS OF PYTHIAS.

The Grand Lodge Knights of Pythias of New Mexico elected the following officers at the session Tuesday:

- Grand Chancellor, Walter G. Fawcett, of Roswell.
- Grand Vice-Chancellor, Howell Earnest, of Clayton.
- Grand Prelate, W. M. McCreary, of Magdalena.
- Grand Keeper Records and Seal, C. M. Bernard, Las Vegas.
- Grand Master Exchequer, James A. Smiley, Socorro.
- Grand Master-at-Arms, John L. Zimmerman, Las Vegas.
- Grand Inner Guard, R. D. Smythe, Lordsburg.
- Grand Outer Guard, O. A. Burtner, Albuquerque.
- Grand Tribune, W. W. Ridsen, of Madrid.

This was also one of the best attended lodges of the Knights ever held in New Mexico.

STATE FAIR.

SHEEP SANITARY BOARD.

The Sheep Sanitary Board met with the following members in attendance: Pres. J. Meroed Gonzales, of Clayton; Vice-President, Angus McGillivray, of Estancia; Secretary, W. G. Urton, of Roswell; and members Emmet Wirt, of Dulce; A. Eichwald, of Cuba; and R. H. Crews.

COUNTY CLERKS FAIL TO ORGANIZE.

There were present a number of county clerks, with the object of forming a permanent organization, but after preliminary meetings and discussions it was decided to appoint a committee to place before the coming legislature data upon which they will base any claims made in regard to salaries.

GALAXY OF SPORTS.

The fans in all lines of sport got their money's worth at the big fair. The flying man, Lincoln Beachy, drew the most attention with his spectacular flights in an aeroplane. The aviator had a severe fall on Tuesday, wrecking his biplane, but another machine had been shipped from Denver by the time the old one was

hauled back to the fair grounds and the flights will be continued.

There was a good card of both running and trotting races but not much betting. Racing seems to be a lost art in New Mexico just now.

The base ball team at Albuquerque had had things all its own way up to the time of the scribe's departure but Silver City promised some interesting pitching and batting when they came to bat later. Winners of series will be given next week.

GOOD ROADS BOOSTERS

The Dona Ana county good roads boosters came up on a special car and paraded the streets of the Duke City two hours, preceded by a brass band. Later the Good Roads Convention was called to order by President Ralph E. Twitchell, of Las Vegas, who made them an enthusiastic address. He introduced Hon. Frances Lester, of Las Cruces, who read an educational paper on "the benefits of good roads to the citizen." Mr. Lester was followed by short talks from Governor McDonald and Senator Thomas B. Catron.

Clean and Unclean, Mark vii:1-23. Golden Text—For the kingdom of God is not meat and drink, but righteousness and peace and joy in the Holy Ghost. Rom. xiv:17.

(1) Verse 1—Why did these Pharisees and scribes come from Jerusalem to interview Jesus?

(2) Why had the hierarchy at Jerusalem become actively hostile to Jesus?

(3) Verses 2-4—What is the point of Jesus' objection to the custom of the Jews concerning the ceremonial washing of hands and utensils?

(4) To wash our hands when they are soiled is but cleanly, but what is the use of washing hands when they are already clean, and what sense is there in any ceremonial tradition which so requires?

(5) What ceremonies or traditions are there observed today by Christian people that you regard as worthless?

(6) What evil effects are brought about by useless forms or ceremonies?

(7) Verses 5-6—Why did not the disciples of Jesus observe "the traditions of the elders"?

(8) How much value do you give to a ceremonial religion when the hearts of the devotees are not true to God?

(9) Of how much service as worship are spoken prayers and good hymns well sung if the hearts of the worshippers are not loyal to God?

(10) What is a hypocrite in this age? (This is one of the questions which may be answered in writing by members of the club.)

(11) Verses 7-8—What is the sole test of the value of any ceremony or religious custom?

(12) If a man puts his trust in any ceremony or church or other custom as a saving ordinance is it possible for him, or not, and why, at the same time to worship the true God?

(13) Verse 9—It is a respectable modern custom to attend church. Would you say, or not, and why, that a person who kept up this custom in place of giving himself to God "rejects the commandment of God"?

(14) Verses 10-12—Is there any law and if so what law which will justify a man for the nonsupport of his aged father or mother? Give your reasons.

(15) What do you understand by this word "Corban," which seems to stand for some oath, that would release a son from the requirement of God's law to care for his parents?

(16) Verses 14-15—What is moral defilement, and how is it produced?

(17) Verse 16—What are spiritual "ears," and how may they be secured?

(18) Verses 17-19—What is the difference between moral and physical defilement?

(19) Verses 20-23—What is the meaning of each of the sins which Jesus here mentions?

(20) What is the moral difference between a man that has these sins in his heart and does not outwardly show them and one who also manifests them outwardly?

When the Judge Fires One Over.

Don Kedzie in the Lordsburg Liberal says: "The matter of the alleged bribery of Lucero, Cordova, Montoya and Trujillo, members of the legislature, was before the grand jury in Santa Fe last week. The grand jury seemed to put no more credence in the story told by Elfego Baca than did the investigating committee, and refused to indict the men. Judge Abbott referred the cases back to the grand jury, who again refused to indict, whereupon the judge referred them to the next grand jury. Endeavors will be made to get a grand jury for the next term of court that will take a hint when the judge fires one over."

When the grand jury in Dona Ana county failed to indict the Fosters for criminal libel on the request and testimony of one H. B. Holt, the same Holt who confessed that he wrote the resignations of the four men mentioned above, two days before the fiasco of their acceptance of the bribe offered by Elfego Baca was pulled off, the judge did not refer the matter back to the grand jury, or the next grand jury either. All the afternoon, the report goes, Holt and Sutherland labored to get an indictment and failed, receiving one vote out of the twenty one. That a civil suit for libel against the Fosters followed should scare Lucero, Cordova, Montoya, and Trujillo into fits for they are likely to suffer some such fool performance at the hands of political outlaws if there is any court in the state that would recognize them.—Rio Grande Republican.

"Et Tu Brogan."

Another plank from the republican platform (as it should have been written): "We endorse the action of the republican majority in the last state senate in throwing out, without a hearing, one Abelino Romero, who was elected by the people and who had taken his oath of office. We condemn as unstatesmanlike, unsafe and unsane, any man who don't know where to find room 59 when he is wanted and who don't know enough to vote intelligently when he knows how to do it. We condemn the tendency of a state legislature in these days of great popular unrest, to vote as the people of the state demand and we deplore the tendency of the mob when the very life of the nation is at stake to attempt to take into its hands the very essentials of government."—The New Mexican.

THE POLITICAL SITUATION.
The political situation in the east and west, as viewed by an eastern correspondent, indicates that the Bull Mooseers are not far wrong in their assertion that "the race will be between Roosevelt and Wilson." They of course fail to add that everything looks like Wilson.

The president's cabinet is handled about as follows:
"Secretary Knox, the biggest man in the cabinet, is in faraway Japan. It is doubtful, under the circumstances of the Pennsylvania primary results, if he could be of much service to his chief anyhow. The Keystone revolt is not looking good to the Tafters. They are not sure that Knox would not commit one of his proverbial blunders during the campaign."
Secretary of the Treasury McVeigh cannot do much for Mr. Taft, because if he took the stump for his chief, his record would rise to plague both him and the president.

The name of Wickersham does not appear to be one with which to conjure votes during this turbulent time of labor troubles.
Postmaster General Hitchcock is known to be heart and soul for Teddy the Terrible, though hanging to his job with Taft.
Secretary Fisher of the Interior Department, is a vigorous Chicago lawyer but a close friend of, and particularly similar to, Gifford Pinchot. His progressive ideas on the stump would drive republican votes to Wilson. Besides all which, he is now in Hawaii and not billed to return soon.
Secretary Wilson, of the agricultural part of the cabinet, is too old for active campaigning and has the Dr. Wiley incident on his hands in the bargain.

Secretary Nagel, of the Commerce and Labor department will do some strenuous campaign work, but his fame and actual ability are not much as to cause people to go far to hear him.
Rudolph Spreckles, the California millionaire, has convinced New Yorkers that his "Wilson National Progressive Republican League" is not an idle dream but an actual working force. Spreckles knows how to fight and has opened New York headquarters with Guy B. Finney, the well-known Washington correspondent at the head of the publicity department. He is after both Taft and Teddy, using their tariff records and connections with special interests as his heavy shots. Teddy will be kept busy from now till November 6th saying "liar" to the ex-

...res sprung by this enter-

In California the Taft electors, according to a decision of the state supreme court, cannot be printed on the ballot, but must be written in. This will work delay and cause a heavy loss to Taft. Spreckles' fight for Wilson will have the effect of causing hundreds of republicans to vote for Wilson rather than bother with writing the names of electors on the ballot. California is conceded to Roosevelt by many well-informed "regulars," who would far rather see Wilson elected than the third term. Incidentally, New Mexico is claimed by all parties, which means that WE are looming large on the political map.

Roswell is in the lead as a pace-maker, as usual. The first organization of "American Park Builders" was formed there during the recent fair. Do you wonder that Roswell is printed in big black letters on all the maps? Do likewise.
As an example of what advertising will do: The Herald inserted a three-liner for boys to clean up the weeds back of the office. Next morning the yard was cleaned in about an hour and four boys made happy. Advertising in the Herald brings sure results.

Newspaper advertising is the cheapest and best to be had. If a business man could put his ad on a postal card, he could not compete in price with his town paper. Besides which, the card would be tossed in the waste heap, while the paper is preserved for future reference.

You get out of advertising just what you put into it, and then some. The regular advertiser gets business, regular and increasing. The man who advertises in spots gets the same kind of business. There is no business on earth that can thrive on the same patronage which is accorded the average newspaper. Yet they live on it. Because they advertise their wares—and KEEP AT IT.

The real difference between American labor and the crocodile "pauper" brand of Europe lies in the superiority of American genius and American machinery. One American mechanic is worth, on an average, three foreigners. Post yourself on this and you will vote right. The American laborer is doing some thinking this year. That means that future postmasters will have to consult Woodrow.

LaLande got on the map Monday of this week by pulling off its "Second Annual Fair." Watch LaLande. Any town that can pull off a fair is in the "White Hope" class with a capital W. The refrain "Meet me at the Fair" has built cities with less favorable surroundings than is found at any town in this county. After all, a "city" is merely a place where the people congregate. Make every town in the valley a city for just one day—annual fair day.

What This Bank Aims to Do

To promote our customers' interests as we would our own;
To do all we can to make their relations here profitable and agreeable to them;
To contribute to their enterprises the enthusiastic co-operation, foresight and timely assistance which a good Bank can properly bestow;
To repay their confidence in us with confidence in them.

These are the aims of the officers of this Bank, and the business men and women of Portales are invited to make this their banking home.

THE REAL PURPOSE.
The real purpose of Jaffa's candidacy is to gain votes for H. O. Bursum, Frank A. Hubbell, H. B. Holt, Charles Springer and other men like them. Springer bossed the last legislature just as completely as though the republican members except the insurgents, had been the employees in the coal mines controlled by him and his associates.—Albuquerque Morning Journal.

Whatever the "head cause" for Mr. Jaffa's "candidacy," the fact remains that he accepted the nomination from the men mentioned. That he was a reluctant candidate and is personally clean has nothing to do with the matter. The voter should ask what can be expected from any man who is nominated or elected by the forces of corruption named above. If they can dominate the republican majority in the New Mexico legislature what will they do to just one man who owes his selection to them? Old Dog Tray was a fine old fellow—BUT. And the real cause for the nomination of Mr. Jaffa was to fool the people into believing that the old gang wants to reform—and to get Mr. Jaffa defeated, which he will be, so they can yell, "I told you so," at Will Robinson.

PROTECTING AMERICAN LABOR.
From all over the nation come reports of strikes and lockouts. The highly protected manufacturers and their bankers are "protecting" American labor as usual. By "usual" is meant to reduce wages when an advance has been accorded the "infant industry" in question. The favorite standpat cartoon of this campaign is a factory whistle making a picture of Mr. Taft. As a trade mark for hot air, we know of no better design than the fat man's photo. You will notice that in the picture a laborer is pulling the string to blow the whistle. This is all that the laboring man gets out of this high protection, too. Sabe? How long are the laboring men of this country going to pull the string which toots the whistle for special interests?

We know of a Louisiana democrat who turned republican because the high tariff advanced the price of his sugar and a readjustment would reduce it. He overlooked the thousands of widows and orphans, and the hundreds of thousands of laborers with families, who have to pay this extra few cents each in order that he may go to Europe to buy diamonds for his wife and daughters—and then either smuggle in the gems or have them passed at reduced tariff rates. How about the diamonds of YOUR wife and daughters, Mr. Voter? Would you not prefer to get your sugar a little cheaper and take chances on your diamonds?

Having been asked why we do not give the results of the big ball games and of pugilistic mix-ups, we are frank to confess that we do not hold a very exalted opinion of pugs in general. We

think they would be more useful citizens if pounding nails into some building under course of erection or the metal in a blacksmith shop or foundry. As to the baseball, WE are fans, too, but a weekly paper is entirely too slow to keep up with them. Drop in and read the results in our daily exchange. We will start a daily when we get the patronage.

Are you using that pencil to see where you are benefitted by the present high tariff? The Herald wants the figures for a souvenir if you can figure yourself any benefit—unless you belong to the specially protected classes. We figure the protection to the consumer to be minus zero, about 100 per cent in the red. But use your own pencil and send us the "benefit" figures for a souvenir. A year's subscription to every one showing how they are benefitted.

That Colorado woman who had her husband arrested for deserting her and his seventeen children waited about sixteen children too long to have the arrest made and the charge then should have been polygamus tendencies under monogamous conditions. The old lady's Christian cognomen is Dilly; it is not stated whether the old buck's is Brigham or Solomon. Anyhow, we doubt the sanity of any couple that raises such a herd as that—Teddy to the contrary notwithstanding.

Among Our Exchanges.
Perhaps it is just as well that there is no railroad building going on in Texas now. Two hundred perfectly good Mexicans who might, under happier circumstances, have been railroad laborers, went out and killed each other up over a mere difference of political opinion.—Fort Worth Record.

Mr. George W. Perkins is manifesting some of the characteristics of his distinguished contemporary, Mr. John D. Rockefeller. The idea of getting all that advertising for a paltry \$20,000.—Fort Worth Record.

An English authority scores Taft and extols Wilson as the leading candidate. There is nothing new in this, but it shows that Wilson can be appreciated at a far distance as well as at home.—Atlanta Journal

No one appears to be excited over the coming election. The Roosevelt wave is receding, there has been no wave, not even a ripple for Taft, and the democrats are so sure of success that they are taking it out in comfort before the ballots are cast.—Albuquerque Journal.

Proposed Bond Issue For Construction and Maintenance of State Highways in New Mexico as Provided in Chapter 68 of Acts of 1912 CHA-TEER 58

AN ACT PROVIDING FOR THE ISSUANCE OF BONDS BY THE STATE OF NEW MEXICO FOR THE PURPOSE OF CONSTRUCTING AND MAINTAINING A SYSTEM OF STATE HIGHWAYS. Amend. S. B. No. 161; Approved June 10, 1912.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. For the purpose of providing payment of the cost of the construction and maintenance of a system of state highways, the State of New Mexico is hereby authorized to incur an indebtedness in the manner provided by this Act, in the sum of five hundred thousand dollars.

Section 2. Immediately after the issue of the proclamation of the Governor as provided in Section 8 of this Act, the State Treasurer shall prepare five hundred suitable bonds of the State of New Mexico in the denomination of one thousand dollars each to be numbered from one to five hundred inclusively, and bear the date of July 1, 1913. The total issue of said bonds shall not exceed the sum of five hundred thousand dollars and they shall bear interest at the rate of four per cent per annum from the date of issuance thereof. Said bonds and the interest thereon shall be payable in gold coin of the United States of the present standard of value at the office of the State Treasurer, at the times and in the manner following, to-wit: the first twenty of said bonds shall be due and payable on the first day of January, 1919, and twenty of said bonds in consecutive numerical order shall be due and payable on the first day of July in each and every year thereafter until and including the first day of July, 1942. The interest accruing on all of said bonds that shall be sold shall be payable at the office of the Treasurer of the State or elsewhere on the first day of July and the first day of January of each and every year after sale of the bonds. The interest on all bonds issued shall cease on the day of maturity and the said bonds and sold shall on the day

of their maturity be paid as herein provided, and cancelled by the State Treasurer. All bonds remaining unsold shall at the date of maturity thereof be by the Treasurer of the State cancelled and destroyed. All bonds issued pursuant to the provisions of this Act shall be signed by the Governor, countersigned by the Auditor and indorsed by the State Treasurer in office on the first day of July, 1913, and each of said bonds shall have the great seal of the State of New Mexico impressed thereon. The said bonds signed, countersigned, endorsed and sealed as herein provided, when sold shall be and constitute a valid and binding obligation upon the State of New Mexico, although the sale thereof be made at a date or dates after the persons so signing, countersigning and endorsing same shall have ceased to be the incumbents of their respective offices.

Section 3. Appended to each of said bonds there shall be interest coupons so attached that the same may be detached without injury to or mutilation of the bond to which same are attached. The said coupons shall be consecutively numbered and shall bear the lithographic signature of the State Treasurer. No interest shall be paid on any such bond for such time as may intervene between the date thereof and the date of sale of same, unless such accrued interest shall have been by the purchaser of said bond paid to the State at the time of such sale.

Expenses incurred by the Treasurer in the preparation of said bonds and in the advertising of the sale thereof, as in this Act provided, shall be paid by the State Highway Commission upon warrant to the State Treasurer, on funds available in the State Road Fund.

Sec. 4. When the bonds authorized by this Act to be issued, shall have been signed, countersigned, endorsed and sealed as in this Act provided, the State Treasurer shall sell the same in such parcels and numbers as the Governor shall direct, to the highest bidder for cash. The Governor of the State shall issue such direction to the Treasurer immediately after being requested so to do through and by resolution duly adopted and passed by a majority vote of the State Highway Commission. Said resolution

shall specify the amount of money which in the judgement of said Highway Commission shall be required at such time, and the Governor shall direct the Treasurer to sell such number of bonds as may be required to raise the amount of money so specified. Said bonds shall be sold in consecutive numerical order, commencing with the first twenty thereof. The Treasurer shall not accept any bid which is less than the par value of the bond, plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date. The Treasurer, at the time and place fixed by him for said sale, may continue such sale as to the whole or any part of the bonds offered to such time and place as he may designate at the time of such continuance. Before offering any of such bonds for sale, the Treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for such sale. He shall publish notice of the time and place of sale in one of the newspapers published at Santa Fe, New Mexico, and in one newspaper published at Albuquerque, New Mexico, and in one newspaper published in each of the cities of New York, Chicago and Kansas City, once a week for four successive weeks next preceding the date fixed for such sale. In addition to the notice last above provided for, the Treasurer may give such further notice as he may deem advisable, but the expenses of such additional notice shall not exceed the sum of one hundred dollars for each sale so advertised. Immediately after such sale of bonds, the Treasurer shall pay into the state treasury and cause to be placed in the State Road Fund the total amount received for said bonds, except such amounts as may have been paid as accrued interest thereon. The moneys placed in the State Road Fund pursuant to the provisions of this section shall be used exclusively for the construction and maintenance of said system of state highways. Provided: that the expenditures of the proceeds derived from the sale of said bonds shall be annually apportioned among the several counties of the State upon the basis of the amount annually contributed by each county to the State Road Fund as proceeds of the 1-mill levy required by Chapter

42 of the Acts of the Thirty-eighth Legislative Assembly of New Mexico.

Sec. 5. There is hereby appropriated from the Road Fund in the state treasury such sum annually as shall be necessary to pay the principal and the interest on the bonds issued and sold pursuant to the provisions of this Act, as said interest and principal become due and payable. The Treasurer shall, on the first day of January and on the first day of July of each year, transfer from the Road Fund to the Interest Fund such amount of the money by this Act appropriated as shall be required to pay accrued interest on the bonds theretofore sold until the interest on all of such bonds so sold shall have been paid or shall have become due in accordance with the provisions of this Act. There is hereby created in the state treasury a fund to be known and designated as the State Highway Sinking Fund. The Treasurer of the State shall on the first day of January, 1919, and on the first day of January each and every year thereafter in which a parcel of the bonds sold pursuant to the provisions of this Act shall become due, transfer from the Road Fund of the state treasury to the said State Highway Sinking Fund such an amount of the moneys appropriated by this Act as may be required to pay the principal of the bonds so becoming due and payable in such years. Provided, however, that at any time when there shall be an insufficient amount in said Road Fund to pay the principal and interest on the bonds as aforesaid, then and in that event a special levy shall be made to provide for the payment of the said principal and interest as same become due and payable. It is hereby made the duty of all officers charged by law with any duty in regard to the levy and collection of said revenue to do and perform each and every act which shall be necessary to collect such additional sum.

Sec. 6. As the same becomes due, the principal of all of such bonds shall be paid from the State Highway Sinking Fund, and as the same becomes due, the interest on all bonds sold shall be paid from the Interest Fund. Both principal and interest shall be so paid upon warrants duly drawn by the Auditor upon the Treasurer, and the faith of the State of New

Mexico is hereby pledged for the payment of the principal of said bonds so sold and the interest accruing thereon.

Sec. 7. This Act shall be submitted to the people of the State of New Mexico for their ratification at the next general election to be held in the month of November, 1912, and all ballots at said election shall have printed thereon and at the end thereof the words, "For the State Highway Bond Issue," and in a separate line under the same, the words "Against the State Highway Bond Issue." Opposite said lines there shall be a square in which the voters may make or stamp a cross to indicate whether they vote for or against said bond issue, and those voting for said bond issue shall do so by placing a cross in the square opposite the words "For the State Highway Bond Issue," and those voting against the said bond issue shall do so by placing a cross in the square opposite the words "Against the Highway Bond Issue."

Sec. 8. The votes cast for and against said bond issue shall be counted; returned, canvassed and declared in the same manner and subject to the same rules as votes cast for state officers, and if it appears that this Act shall have received a majority of all the votes cast for and against it at such election aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrevocable until the principle and interest of liabilities for the creation of which provision is herein made, shall be paid and discharged, and the Governor shall accordingly make proclamation thereof. But if a majority of the votes cast as aforesaid shall be against said bond issue then this Act shall be and become void.

Sec. 9. It shall be the duty of the Secretary of state to have this Act published once a week in one newspaper in each county, if one be published therein, throughout this state, for four weeks next preceding the general election to be held in the month of November 1912. The cost of publication shall be paid out of the Road Fund.

Sec. 10. This Act shall be known and cited as the State Highway Bond Act.

Sec. 11. All acts and parts of acts in conflict with the provisions of this Act are hereby repealed. (Oct 11-4 wks.)

Proposed Amendment to Section 5, Article 22, of the Constitution of New Mexico.

JOINT RESOLUTION NO. 6. PROVIDING FOR AMENDMENT OF SECTION 5 ARTICLE TWENTY-TWO, AND OF THE CONSTITUTION OF THE STATE OF NEW MEXICO. H. Sub. S. J. E. No. 3. Filed May 29, 1912.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO: That Section Five (5) of Article Twenty-one (21) of the Constitution of the State of New Mexico, to-wit:

"This state shall never enact any law restricting or abridging the right of suffrage on account of race, color or previous condition of servitude; and in compliance with the requirements of the said act of Congress, it is hereby provided that ability to read, write, speak and understand the English language sufficiently well to conduct the duties of the office without the aid of an interpreter, shall be a necessary qualification for all state officers and members of the state legislature."

THIRD TERMER'S JOKE ON LABOR

Brandels Shows Right to Organize Is Not Recognized.

THE PLATFORM IS SILENT

Noted Lawyer Expresses the Firmness of Promises Made to Workingmen by Perkins and His Candidate, Who Stands for Private Monopoly.

"The new party pledges itself to social and industrial justice and specifically to work incessantly for effective legislation looking to the prevention of occupational diseases, overwork, involuntary unemployment and other injurious effects incident to modern industry. . . . but nowhere in that long and comprehensive platform . . . can there be found one word approving the fundamental right of labor to organize or even recognizing this right without which all other grants and concessions for improvement of the condition of the workingmen are futile. The platform promises social and industrial justice, but does not promise industrial democracy. The justice which it offers is that which the benevolent and wise corporation is prone to administer through its welfare department. There is no promise of that justice which free American workingmen are striving to secure for themselves through organization. Indeed, the industrial policy advocated by the new party would result in the denial of labor's right to organize.

"The new party stands for the perpetuation and extension of private monopoly from which the few have ever profited at the expense of the many and for the dethronement of which the people have, in the past, fought so many valiant battles. That cursed product of despotism, the new party, proposes to domesticate in our Republic, proclaiming, 'We do not fear commercial power.' Certainly organized labor has had experience with the great trusts which should teach all men that commercial power may be so great that it is the part of wisdom to fear it."

The above declaration was made by Louis D. Brandels before the convention of the American Federation of Labor, Massachusetts state branch, at Fitchburg, Sept. 18.

Of Supreme Importance.

He urges a careful study of the new party platform, particularly its effect upon labor, noting not only WHAT IT CONTAINS, but WHAT IT OMITTS, adding, "When you make that examination you will find that there is a significant omission and that this skillfully devised platform TAKES FROM LABOR MORE THAN IT GIVES."

Labor Record of Trusts.

Mr. Brandels then lays bare the labor record of the trusts, declaring that "great trusts—the steel trust, the sugar trust, the beef trust, the tobacco trust, the smelter trust and a whole troop of lesser trusts—have made the extermination of organized labor from their factories the very foundation stone of their labor policy. The ability to defeat labor's right to combine seems to have been regarded by the trust magnates as a proper test of the efficiency of their capitalistic combination."

Mr. Brandels shows that in 1899, during the Colorado smelters' strike, the American Smelting and Refining company closed its mills where the strikers had been employed and transferred the work to other mills, thus breaking the strike. The United States Steel corporation had similar success in 1901 with the Amalgamated Association of Iron and Steel Workers. Had the association been dealing with competing employers the result would have been different. The United States Steel trust was prompt in introducing this plan. June 17, 1901, six weeks after it began its operations, its executive committee passed this vote, which was offered by Charles Steele, a partner of George W. Perkins in the firm of J. P. Morgan & Co.:

"That we are unalterably opposed to any extension of union labor and advise subsidiary companies to take firm position when these questions come up and say that they are not going to recognize it—that is, any extension of union in mills where they do not now exist."

Union Men Not Wanted.

The result was that the bulk of American union laboring men in the iron and steel industry were made to understand that they were not wanted at the works of the United States Steel corporation. Places once filled by American laborers loyal to their union were given to others, and, as the Stanley committee found, "Hordes of laborers from southern Europe poured into the United States. . . . Hence about 80 per cent. of the unskilled laborers in the iron and steel business are foreigners of these classes, the profits going to the steel corporation. Mr. Brandels declared that "the immediate and continuing result of the steel trust's triumph over organized labor has been an extensive system of espionage and repression."

There has been no disturbance of business interests during this presidential campaign. Why? Confidence in the integrity of the Democratic nominees and right purposes of the party.

REPUBLICANS' EXTRAVAGANCE

Government Cost More Than Doubled Under Roosevelt.

DEMOCRATS' GREAT RECORD

Startling Figures Which Show That the Cost of Our National Existence and the High Cost of Living Must Be Reduced.

Under a proper downward revision of the Republican tariff schedules the people of the United States would save \$2,000,000,000 each year, or over \$100 per family on manufactured goods alone.

President Taft's vetoes of the wool tariff bill and the steel tariff measure passed by a Democratic house COST THE PEOPLE OF THE UNITED STATES ABOUT \$650,000,000 PER ANNUM.

The cost of conducting the federal government MORE THAN DOUBLED between the close of President Cleveland's second administration (Democratic) and the beginning of President Roosevelt's second administration (Republican).

As the DIRECT RESULT OF HIGH REPUBLICAN TARIFF SCHEDULES the people of the United States pay a tax FROM NINE TO SEVENTY-EIGHT PER CENT on food and ordinary household articles used in the home by every family, rich and poor.

The total cost of running the federal government in 1860 was \$55,000,000.

The amount appropriated at a single session of the Sixty-first congress for the fiscal year 1911—\$1,027,133,446.44—was more than double the amount—\$954,496,055.13—appropriated for the fiscal years 1897 and 1898 at both sessions of the Fifty-fourth congress, the last congress of the second Cleveland administration.

Only eight years elapsed between the close of the second administration of President Cleveland and the beginning of the second administration of President Roosevelt and yet the amount appropriated during the four years of the latter—\$3,842,208,577.15—was more than double that appropriated in the four years Mr. Cleveland was at the helm—viz, \$1,871,59,857.47.

For 1910, the last fiscal year provided for in congress under President Roosevelt, the highwater mark in appropriations—\$1,044,401,857.12—was reached.

President Taft's estimate to the last session of congress for government support for the fiscal year was \$1,040,648,026.55.

In other words, governmental expenses for the FOUR YEARS of President Cleveland's administration (Democratic) were only \$830,861,551.92 more than President Taft's (Republican) estimate of the amount necessary to cover the expenses of ONE YEAR of President Taft's administration.

Congressman John J. Fitzgerald of New York, a Democrat and chairman of the committee on appropriations, in addressing the house Aug. 26, 1912, on the subject of appropriations said, "Thoughtful men have watched with alarm the rapid increase in the cost of government in the United States." He further said that two causes seem responsible for many present evils:

"One, the UNFAIR AND UNJUST SYSTEM OF TAXATION by which an undue share of income by those whose circumstances in life are not considered more than reasonably comfortable is taken through our customs laws for the support of our government; the other, the difficulty or inability to readjust our system of taxation and to remove many taxes from the necessities of life, so long as the GOVERNMENT IS EXTRAVAGANTLY CONDUCTED, or the instrumentalities provided for the conduct of the public service are either inefficient or are not utilized so as to render the most effective and comprehensive results."

Mr. Fitzgerald then called attention to the fact that the Democratic party pledged itself if entrusted with power to do two things—REDUCE TARIFF DUTIES AND RETRENCH PUBLIC EXPENDITURES by eliminating waste in administration and the abolition of useless, inexcusable offices.

The Republicans talk about tariff revision, and yet when a Democratic house in fulfilling Democratic promises to the people reduced the tariff, a Republican president vetoed the measure. "By their works shall ye know them."

Democrats in every state of the Union should organize and prepare for polling a record breaking vote Nov. 5. Be it remembered that no matter how certain victory seems, overconfidence is always dangerous.

Is there any reason why the Democratic party should go out of existence simply because Mr. Roosevelt has taken up the Progressive measures adopted by the Democrats eighteen years ago?—W. J. Bryan.

Mr. Roosevelt stood as a guarantor for Mr. Taft. Mr. Bryan says, "Now, when Roosevelt has failed so utterly in his judgement of men, I ask can he pass correct judgment on himself?"

TWO BIG ISSUES, SAYS COLLIER'S

The Tariff and the Proper Treatment of Monopolies.

WON'T TIE TO ROOSEVELT

"Actively Disagrees" With His Views About Trusts and "Wastes of Competition," and Supports the Candidacy of Wilson and Marshall.

Collier's is out for Wilson and Marshall. It refuses to support Theodore Roosevelt, plus George W. Perkins, Elbridge H. Gary and the rest of the steel trust-harvester trust magnates.

Its open opposition to the third term ticket was indicated in the issue of Sept. 14. In the issue of Sept. 21 its reasons for espousing the Democratic cause are clear and forceful.

The leading editorial, "The Wastes of Competition," says:

"More and more the campaign is coming down to two pressing issues, the tariff and the proper treatment of monopolies. Collier's actively disagrees with the view of monopoly being urged by Messrs. Roosevelt, Perkins and Gary.

"They talk a great deal about the wastes of competition. The necessary wastes of competition are relatively insignificant, and the wastes of unfair and destructive competition are wholly unnecessary. They will be largely eliminated when competition is regulated.

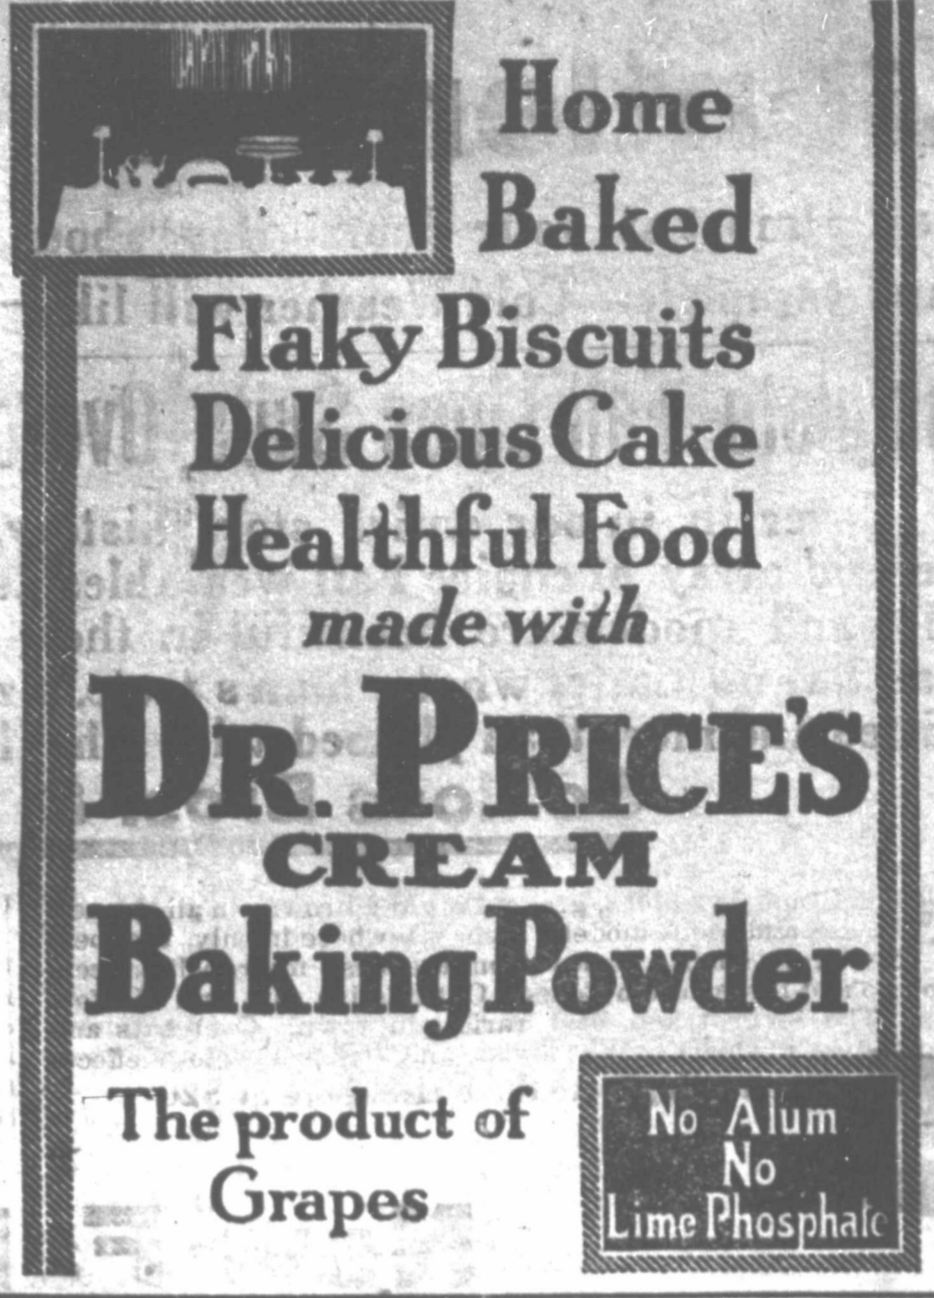

"The La Follette-Lenroot and the Stanley bills to perfect the Sherman law and the Newlands-Cummins proposals for an interstate trade commission are all directed in part to that end. The remaining wastes of competition may be likened to the wastes of democracy. These are obvious, but we know also that democracy has compensations which render it more efficient than absolutism. So it is in industry. The margin between what men naturally do and what they can do is so great that the system which urges men on to effort is the best system.

"The necessary wastes of monopoly, on the other hand, are enormous. Some of these can, of course, be eliminated by regulation. An efficient interstate trade commission, acting under appropriate legislation, could put an end to much of the oppression of which trusts have been guilty. It could prevent unjust discrimination. It could prevent ruthless and unfair use of power; but a government commission would be powerless to secure for the people the low prices commonly attendant upon competition.

"As no means exist for determining whether greater net earnings are due to greater efficacy in management or to excessive profits, large net earnings would be followed by compulsory reduction of prices, which in turn would create a sense of injustice suffered, paralyze individual enterprise and produce unprogressive, slipshod management. The attempt to secure low prices through price fixing would prove as impotent as the statutes which have sought to protect the public in railroad rates by limiting the dividends."

"The interstate commerce commission has been invoked as an argument in favor of licensing monopoly. That commission has stopped many abuses; it has practically put an end to corrupt and corrupting discrimination in rates; it has protected the shipper from oppression and arrogance and injustice; it has prevented unreasonable advances in rates; but it has secured comparatively few notable reductions in rates, except those involved in stopping discrimination between persons, places or articles. It has been powerless to reduce operating costs, and greater reductions in rates can come only with reductions in the cost of producing transportation. The injustice and corruption attending the earlier railroad period were extremely serious. But we must not forget that the sweeping reductions in American operating costs and rates belong to the earlier period of competition among railroads. In the ten years from 1899 to 1899, while competition among the railroads was active, the freight rate per ton per mile was gradually reduced from .941 to .724. The years 1899-1900 marked the great movement for combination or "community of interest" in the railroad world as well as in the industrial world. The freight rate per ton per mile began to rise. In each of the eleven succeeding years it was higher than in 1899, and in 1910 it was .753.

"The deadening effect of monopoly is illustrated by its arrest of invention. The shoe machinery trust, formed in 1899, resulted in combining, directly and indirectly, more than 100 shoe machinery concerns. It acquired substantially a monopoly of all the essential machinery used in bottoming boots and shoes, as well as many other machines. It believed itself unassailable, and shoe manufacturers had come to regard their subjection to the trust as unavoidable. Nevertheless, in 1910 the trust found its prestige suddenly threatened and its huge profits imperiled. It was confronted with a competitor so formidable that the trust, in flagrant violation of law, paid \$5,000,000 to buy him out. Thomas G. Plant had actually succeeded in developing in about five years, while the trust was stolid from monopoly, a

WHY CRIMMINS IS FOR WILSON

Philanthropist Calls Taft and Roosevelt Protectors of Trusts.

TIME RIPE FOR CHANGE

Says No One Can Safely Challenge the Soundness of the Views or Leadership of Wilson and Marshall, Who Have Been Before the People.

By JOHN CRIMMINS,
[Noted Philanthropist and Irish American Leader.]

At the outset of an argument in relation to the approaching election for president and vice president we must view what has caused the great uprising in the country in connection with our economic affairs and the administration of our government in so far as it relates to that subject.

There is no defense offered for the extensive privileges created by the tariff preferences through the Republican party and the favors to the privileged classes and corporations.

While wealth has accumulated under these preferences, a fair field and no favor has been denied to the masses. We cannot expect remedies from men high in office who in their entire life work have been associates and participants with the favored class. Mr. Roosevelt during his entire career in politics and as the head of his party has been the protector of many trusts that the tariff has nourished and fostered nor have we found him in the seven and one-half years of his official life as president strenuous in removing tariff inequities and inequalities. Mr. Taft in his acts and utterances is a party man, believing in a protective tariff, and would, if elected, defend what to many minds is the supreme cause of evil.

Free From Evil Associations.

In Mr. Wilson and his associate, the candidate for vice president, we have two men who have had no associations with the privileged class, who have never been in a position to grant or accept favors or to participate in any measure that could possibly relate to their personal welfare or increase their incomes. In the respective professions that these two gentlemen have occupied they have been day laborers, working at their desks as many hours as the workman who is industrious and faithful to his task.

The very fact that they have been selected as candidates for the office of president and vice president of these United States is an illustration of one of the great boasts of the American people that the man who is faithful to his trust, honest in his work, fearless and courageous in his opinions, will in time be noticed and receive a reward. They have watched with concern every side of our political life that enters into the government of our people, voicing their approval or disapproval of situations as they arose.

Are Typical Americans.

No one can safely challenge the soundness of their views or their leadership where economic questions enter into our governmental affairs. They are typical Americans.

Governor Wilson and Governor Marshall have both been before the people when they received the approval of a majority of the citizens of their respective states for the high office of governor. If it be the good fortune of the country to have these two gentlemen occupy the presidency and vice presidency of these United States we have the assurance that in their deeds and acts they will labor to remove the unrest that has been created in the administration of our governmental affairs and that there will be equal laws for all the people and not special laws and special protection, and that the highest ideals of a government of the people, by the people and for the people will be brought into fullest realization.

RE-RECORDING OF BRANDS

IMPORTANT NOTICE TO CATTLE MEN AND STOCK OWNERS

In consequence of the great number of brands now on record in the office of The Cattle Sanitary Board, not now in actual use the State Legislature has passed a law requiring all owners of recorded brands to re-record their brands within a period of six months, commencing on Sept. 10, 1912. A failure upon the part of each holder of a recorded brand to re-record his brand in the time required by law, forfeits all right of further use. In a short time circular letters together with proper blanks for sending in renewals to the office of the Cattle Sanitary Board will be sent out to each holder of brands now of record. To facilitate this work as much as possible, and to avoid the lapsing of brands, it is earnestly requested that all parties now having recorded brands upon receipt of proper blanks from this office, send in their renewals with the least possible delay.

The nerve of a man who attempts to call a little woman's bluff is certainly the real thing.

Sometimes a man who clamors for people to patronize home industry marries a girl from another town.

In the midst of all the political excitement, don't forget the corn show.

It is a waste of time for a man to make a fool of himself when it is easy to get a woman to do it for him.

CIRCULAR LETTER.

Department of Education,
Santa Fe, N. M.
To School Boards of New Mexico:

Our Educational development in this state has been more rapid perhaps, than in any other section of the country. This has been due in a great measure to the hearty co-operation among teachers, superintendents, and school officers in all efforts for the improvement of our schools.

The State Board of Education, as it has often expressed in its meetings, feels that our most intelligent and effective measures come from conference and consultation and that the enthusiasm arising from well attended educational meetings is of the greatest value. Last year approximately five hundred teachers attended the meeting of the New Mexico Educational Association at Santa Fe and an attendance of seven or eight hundred is expected at the Annual meeting of our Association to be held at Albuquerque, November 7-9. Not only teachers and superintendents, but parents and members of school boards all others who can do so, should attend this meeting. The programs will be of great interest to all these classes of people. By direction of the State Board of Education, I am urging especially that members of school boards attend this meeting, if it is possible to do so, and that such boards see to it

that their teachers attend. School should be dismissed for such a time as will enable teachers to get to Albuquerque by Thursday morning, November 7th, and no pay should be deducted for time that the teachers are absent in attendance. So important that your teacher should keep in intelligent touch with the best educational thought and effort by going to Albuquerque that the expenses of your teachers and superintendents, wherever funds are available, should be paid in whole or in part by the various boards employing them. Let us hope, therefore, that you will present this matter to a full meeting of your board and that you will take action in accordance with the wishes of the State Board of Education and this Department in this matter, and that we shall have the pleasure of seeing your district or town represented by a member or members of your Board and by all means by your teachers.

I might dwell longer upon the importance of you and your teachers attending this meeting, but I take it for granted that you understand how important it is and how much benefit will be derived from attendance, without my presenting further arguments to you. Certainly your teacher will more than repay the expense incurred and the time absent, by doing much better and more effective work. Special railroad rates and hotel accommodations at Albuquerque have been obtained. The expenses will not be great, the benefits will be.

I shall appreciate hearing from you that you and your teachers will be in attendance.

Feeling sure of your hearty co-operation in this matter, I remain,
Yours very truly,
Alvin N. White.

Annual Festival at El Paso.

The annual fall festival of El Paso to be held on October 23, 24 and 25 will be the grandest ever witnessed in the southwest. Brig. Gen. Edgar Z. Steever, commanding the department of Texas, and the various commanders at the post have entered actively into the spirit of the festival and will lend all their forces not on duty on the border patrol for the parade and review.

There will be something new for sightseers every hour during the three-day's jubilee. The carnival will be formally opened on the night of Oct. 22, when Chief Os-Aple and his queens will arrive in San Jacinto plaza from Mount Franklin. A grand ball, which will mark the opening of the social season of El Paso, will celebrate the coming of the royal party.

Special rates will be quoted by all the railroads entering El Paso.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburns.

I thought I had to suffer this way as long as I lived, but when I began to take Theford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Theford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Theford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

Mr. Priddy, of the Warren-Fooshee Dry Goods company, has been actively drilling the local militia boys at the armory the past few days. We will have to apply for a state appropriation for the erection of a better and larger armory building when the legislature meets in January. The editor of the Herald is not a soldier on account of an unfortunate mishap in early life, but he is a member of the New Mexico legislature from the imperial county of Chaves and booster from the forks of the creek. Get busy, if you want anything. We are for anything which will assist in the upbuilding of the town.

If you have young children you have perhaps noticed that disorders of the stomach are their most common ailments. To correct this you will find Chamberlain's Stomach and Liver Tablets excellent. They are easy and pleasant to take, and mild and gentle in effect. For sale by all dealers.

Roosevelt county had by far the best dry-farming exhibit at the State Fair and should receive first prize on general display, our exhibit containing 114 specimens indicating the result of well-directed energy. We must not expect to successfully compete with the older irrigated sections in that line of agriculture for some years yet, but in dry land products we have them all skinned a mile. Our irrigated stuff is as good as the best of the stuff shown, so far as quality is concerned, and just so soon as the acreage is extended and the quantity produced, the greatest compliment that can be paid to irrigated produce will be "why THAT is as good as Portales products."

Mr. and Mrs. John B. Kipling, of Roswell, were passengers on the Thursday southbound, returning from an extended tour through the Pacific states and British Columbia.

J. R. Darnell came over from Elida in his touring car yesterday bringing a party of youngsters to see Kit Carson's hyphenated "Aggregation of Celebrities."

Hereafter THE HERALD will be published on Friday. Copy should be in the printer's hands by Wednesday, to insure publication. Correspondents will take notice.

S. F. Anderson and S. F. Ward, of Rogers, were visitors to our sanctum yesterday.

Andy Thorpe, Jim Mayes, Arthur Jones and R. P. Connally are staying out the week at the State Fair, Mr. Connally being in charge of the Roosevelt county exhibit and the other gentlemen assisting in the pinning of Portales Booster Buttons on the willing prospective Portalesites.

SCHOOL NOTES

BY MISS EDITH CONNALLY

We are still alive and doing well as every one knows. The report cards have been handed out for the last month and every body is breathing easier.

The High School attendance is very good and their school work too, in spite of the fact that basket ball is very tempting just now.

P. H. S. gave an entertainment last Friday night to help us finish paying for the framing of our pictures. The entertainment was well rendered and seemed to be greatly appreciated and we very much appreciate the financial aid given us through this.

Last Wednesday the high school played a game of foot ball with the lower grades; the former winning.

The high school and Clovis played a game of foot ball Saturday afternoon. The high school winning by the score of 16 to 0.

Last Wednesday afternoon the entire school was taken down to see the remarkable county fair. The primary walked at the head of the line the second grade following and so on down the line. We stopped on the side walk around the square and each grade gave their respective yells.

The faculty is now meeting every Monday afternoon.

The Mother's club has recommenced their meetings for every other Friday afternoon. "The Mother's club not only helps the school greatly in many ways but the most fortunate part about it is we miss latin today," I heard a certain "freshy" say.

Speaking of the "freshies" these are opinions on their yell which is: "Hayseed Strawseed pumpkin seed, squash; Freshmen, Freshmen; Yes by gosh!"

The serious seniors say it disgusting; the jolly juniors say "Oh let the kids have a good time." The saucy sophomores, with upturned noses; "I'd hide if I was them."

In connection with the Mother's club, a very interesting article was read last Friday on the ideal woman. After this a round table discussion took place.

Joe Patterson has returned to school and we are all very glad to welcome him back.

The whole school has been greatly improved in interior decoration since our black boards have been repainted and pictures hung.

Tuesday morning the senior class of P. H. S. devoted themselves to the decoration of room number eight which is occupied by Sophomores and Seniors.

Representatives of high schools from Texas and from Silver City Normal furnished penants and our class president very graciously placed them on the wall.

Four new pictures were hung on the wall, which adds greatly to the appearance of the room.

Last week the Sophomore history class gave Miss Foglesong a beautiful picture, "The Pot of Basil" in remembrance of her birthday.

We are delighted with the result of the ball game played between Clovis and Portales Saturday.

Irene Smith left Sunday for Albuquerque, she is greatly missed, especially by her class mates.

The eighth grade is doing well and increasing in number. They had two new pupils last week. The events of the fifth and sixth grades for the last week has been uneventful. But a wise man has told us, "Happy are the people whose annals are meager." So we judge they are doing nicely.

The fourth grade is having excellent attendance.

Arteur Epperson one of the fourth graders has moved to Oregon and promised to write a letter back to his old geography class describing the scenery.

Elbert Lowry and Clyde Doyle are both out of school this week.

Miss Leahy's room is progressing rapidly. Their work being much better now than the first week.

The second grade is all aquiver with Halloween plans at present. They are progressing well and have learned several new songs lately.

Little Juanita Epperson has moved to Oregon. This takes one of the primary "lots" but two new pupils have entered, Roma Stone and Leonard Barton. Every thing is doing well.

The Cowboy, Indian and the Lady

This Powerful Comedy Drama of life in the Southwest has made a remarkable appeal to the show goers. It touches with force the romantic spirit in everyone. Its characters are well drawn and cleverly contrasted and the entire performance teems with life from start to finish. The peculiar building of the play is a distinct novelty in itself. All the scenes are laid to make the story real. Will exhibit here Thursday October, 17. Adv.

Portales Wins Inital Game

Last Saturday, the Clovis high school and the Portales high school met in a friendly contest for the honors of the gridiron. With the local boys coming out victorious to the tune of 16 to 0.

This was the first game of the season and was much better than could be expected. The local boys are a fast, scrappy aggregation and can be depended upon to give a good account of themselves, against any eleven in eastern New Mexico.

The all-round playing of Langston, quarterback, and Ball, halfback, featured, but the entire eleven played a jam-up good game. The boys say that Clovis has a nice bunch of boys and that they play a good, clean game. The local boys hope to have many more contests in the near future.

This was the first game of the season and while there was a fairly good attendance, there was nothing like what there should have been, the high school boys are hustlers, and should receive encouragement and support, as they cannot run the team on good will. You should attend these games and by so doing help your part, they will more than appreciate it.

The Rio Grande Republican of Oct. 8th was dedicated to the "Fibab Road Boosters Club" of which Dona Ana county and Las Cruces are the habitat, Frances E. Lester the Primus Progenitor, and every worthwhile citizen of that section is either on the membership roster or trying to get there. "Fibab," by the way, means "Forget it; Be A Booster."

The Cowboy, Indian and the Lady

This is a powerful play written by one of America's most prominent play writers and played with great success last season in all the larger cities and is now being presented by THE BLONDIN COMPANY of select artists and having added several new features and musical numbers, is without a doubt the strongest dramatic company that has ever played this country before. Will exhibit here Thursday Oct. 17. Adv.

Alvah Green Coming.

The first number of a series of six entertainments to be given under the auspices of the Portales Woman's Club, will be presented at the Cozy Theatre on the evening of Oct. 24th.

Mr. Alvah Green, the entertainer for this date, is a story teller who must be seen and heard to be appreciated. This gifted artist needs no introductory to those who have had the pleasure of hearing him, but to those less fortunate a few words may not be out of place. Essentially an actor, and by turns a comedian, character portrayer and entertainer, he has ranged the entire gamut of emotions during his career, and erected for himself a solid structure of dramatic worth and a following of which any exponent of the platform might feel justly proud. The Woman's Club is famous for the high class of its entertainments and this promises to be one of the best. Do not forget the date, but come and have "a barrel of fun." Adv.

Missionary Society

The Woman's Missionary society of the M. E. church meets at the church every second and fourth Thursday at three o'clock. A cordial invitation is extended to all to attend these meetings.

Mother's Club

The Mother's club held its regular meeting Friday afternoon with an attendance of twenty-two.

After a short business session, a round table discussion of "The Ideal Mother" was led by Miss Reece and participated in by nearly every one present. These discussions are very interesting and are particularly profitable to parent and teacher.

The next meeting will be on Friday, the 18th. An excellent program is being prepared for this occasion and every person interested in the welfare of the children of Portales is cordially invited to be present. Meeting open promptly at three o'clock.

District Court Next Monday.

District Court of the Fifth Judicial District, for the County of Roosevelt, will begin Monday next in Portales. Judge M. C. Mechem, of Tucumcari, may preside instead of Judge McClure, but this is not official.

The back aches because the kidneys are blocked. Help the kidneys with their work.

The back will ache no more. Lots of proof that Doan's Kidney Pills do this.

It's the best proof for it comes from this vicinity.

D. L. Brown, 418 W. Gold Ave. Albuquerque, says: "Off and on for three or four years I was at work and most of the time there was a dull, heavy ache through my loins. I now and then felt sharp twinges when I attempted to stoop and more than once I was unable to straighten. Reading about Doan's Kidney Pills, I procured a box and though I did not take them strictly as directed, I noticed a marked improvement. Doan's Kidney Pills removed my pains and aches and also restored my kidneys to a normal condition."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
