IS PORTALES TO HAVE ANOTHER ROAD SOON?

The Acme, Quana and Pacific May Come to Portales From Plainview, Texas With Proper Inducements

BIG MASS MEETING OF THE PORTALES BUSINESS MEN

At a Mass Meeting of the Business Men of Portales It Was Resolved to Give a Very Liberal Bonus

Will Portales secure another railroad soon? That is a question that is interesting our people just now. That Portales will have a railroad someday, traversing this rich section, east and west, with machine shops round house etc located here, there is but little doubt. But how soon is the question.

It looks mighty good just at this writing for the Acme, Quana and Pacific to build through here in the not distant future from Plainview, Texas. It is a known fact that the Vice President of this railroad, Col. R. D. Yoakam, owns lots of property in this valley near Portales, and it is but natural to suppose he favors the road building through Portales. Not only that but Portales is on a line with this road and appears to be the most logical location for the machine shops etc.

While no direct proposition has been made our town as yet, still, we understand that some "very favorable expressions" have been heard by some of our substantial business men from some of the "higher ups" of the Acme, Quana and Pacific Ry. Co. And as evidence that our

people are alive to the importance and are ready to go after another railroad, we give below the report of the mass meeting held in the court house Tuesday as handed into this office.

At a mass meeting of the business men of Portales, held in conjunction with call session of the Commercial Club, at which meeting James A. Hall was elected chairman and J. A. Fairley secretary, the meeting being called for the purpose of considering the securing of another railroad, the object being stated by Judge Sam J. Nixon, and after which stirring addresses were made by Judge W. E. Lindsay, Dr. R. H. Bailey, Colonel W. H. Garrett, Coe Howard and others, the following resolutions were unanimously adopted:

"Resolved, that the Commercial Club and Business Men of Portales offer for the first standard gauge railroad, connecting with another trunk line and making Portales a division point, a right of way through Roosevelt county, depot and terminal grounds, and a bonus of \$50,000.00 to be paid when the road is in operation into Portales.

MORE DAIRY COWS BOUGHT

L. W. Carleton Buys 40 Head Of The Very Best Jersey Cows

TO HAVE MODEL DAIRY FARM

Carleton and Dr. Bailey Will Build Silos and have model farm

As usual the Portales Valley and Roosevelt county are pushing right to the front along all lines. It is a mighty dull week these times if something in the way of real development, that makes for the present and permanent prosperity of our people don't happen.

One of the signs of increased prosperity this week is the enlarging of the dairy business. It is a recognized fact that this is one of the very choicest stock and dairy sections to be found anywhere. A lot of people know this already and others are fast finding it out.

Rev. I. W. Carleton, who has been engaged in the dairy business on a reasonably large scale for some time, and who is one of the best judges of a milk cow you nearly ever saw, has just returned from a visit to a number of the leading dairies of Texas, and he comes back more convinced than ever that this is the place for a real first class dairy and stock farm. As evidence of this we mention the fact that he bought 40 head of choice milk jersies from the Taft Creamery Dairy of Taft, Texas. These will be shipped soon to his farm and ranch in the Blackwater draw some six miles from Portales.

Dr. R. H. Bailey who is interested with Rev. Carleton in this dairy and stock business, said to the Herald-Times man: "We are going after the very best in milk stock, and we are building silos and are going to have, in every way, a real dairy and stock farm."

SECOND COUNT FEBRUARY 19

Second Count In Piano Contest Is February 19. Get Busy Now

\$15.00 IN GOLD TO BE GIVEN AWAY

Special Bonus Inducements To All Contestants Work fast Now

The Herald-Times great piano voting contest is reaching normal proportion now. It has come to where you can't tell who is leading. So many have brought in subscriptions and received their votes, and some have so many that no one can even guess which one has the most. There is quite a demand for merchants, coupons, too. These are the little jokers that will probably tell the story in the end, and this is the way our readers can help. It does not cost you a cent when you buy groceries, dry goods, hardware, furniture, clothing, drugs, or whatever the advertisers in the contest have to offer, and then as the contestant comes to you, you will have a pleasant little surprise for her that will prove you a person who thinks of others, and it will make her pleased with you. Every one of the ladies who is out for that piano wants it, and they are trying in every honorable way to come in possession of it. It is simply a question of which one you like best. Of course you like them all, and Herald-Times and vicinity have nothing nicer than these contestants, and what is nicer for a lady, whether old or young, and circle of friends than a nice piano—and such a one for instance, as the Herald-Times is to the lady that the people of Portales and vicinity like best. Bear in mind that the ball box is closed for the second count at 6:00 p. m. on Feb. 19. Be sure and have your votes all in by that time so that you will have a fair chance to show what your standing is. For every seven

PROSPECTS GOOD FOR CANTALOUPE GROWERS

At the Meeting of the Cantaloupe Growers and Others Saturday Plans Were Discussed of Interest

ANOTHER MEETING CALLED FOR SATURDAY THE 21ST

Every Truck and Cantaloupe Grower In the Portales Valley Should Arrange to be Here on the 21st

It is a well known fact that the greatest drawback to our farmers is the lack of adequate markets. One farmer said to us that he had never seen a country where more stuff could be produced than here, but the lack of suitable and sure market made it hard for the farmer to realize a profit on his produce. Solve the market problem and the greatest barrier in the way

In talking with Mr. J. Wilson, who was here Saturday and who represents the Pecos Valley Distributors, we learn that his organization has arranged to handle the apple crop and product from Pecos Texas, up to Roswell in the Pecos Valley, and it is hoped that the Portales Valley will join the association that every section of the Pecos Valley may work together for the interest of the whole.

The meeting of the Cantaloupe Association and others last Saturday was looking to this end. This is also the purpose of the meeting which has been called for Saturday 21. A representative from the Pecos Valley Distributors of Roswell will be present to explain the workings of that organization. And as this organization has made a success handling produce for the people of its section, every one who is interested in bettering conditions in this county and Valley should attend this meeting sure.

We can not go into the details of this proposed arrangement in this issue. But it appears to us that the advantages of such an organization are many and we believe our farmers and truck growers will gladly embrace this opportunity to better their condition. You will hear more about this in this paper, but in the mean time write Saturday January the 21st down in your memory and resolve now to be in Portales on that day.

School to Have a Piano.

The Herald-Times is pleased to announce that through the liberality of the teachers, the student body, and the business men of Portales our school is to have a piano, and that quite soon.

This something that the school has needed for a long time, and we feel sure all of our people will rejoice and compliment the school upon its good fortune.

A man said this week, "I have donated to many things since I have lived in Portales, but I have never given to anything I was more glad to give to than to the piano fund." That's how the Herald Printing Co. feels about this matter and we are sure everyone does who has had any part in this matter. And say, if there is any one in Portales who has not given anything to this worthy cause, do so at once. Do not deprive yourself of this joy.

Mrs. Maud Smith and Mrs. A. T. Monroe, the soliciting committee, are loud in their praise of the hearty way our people responded to this worthy cause, and desire to express their sincere thanks to every one who has assisted in this matter.

About \$200.00 is available for the piano. This is not enough, and Fickensher, the best showman between the north and south poles, has agreed to give half the gross proceeds from the show Friday night to the piano fund. This is to be a regular two-bit show for the price of two nickles, a dime or ten cents. Let everyone go.

Shungopavi Dead

We are in receipt of a letter today sent in care of this office, addressed to Shungopavi.

I regret to have to say to you that Shungopavi passed away last Monday morning, two hours after reaching his home at Jersey City, New Jersey. I carried him down from his rooms at the hotel in this city to be put in the auto to go to the station on Saturday afternoon last. He hoped to get home and if he had to die to die there. Word came back to the hotel from Juanita that he died two hours after reaching home. So the dates are canceled for all time.

I wish I could write you a more cheery letter in regard to Shungopavi, but the physicians told him here at the time when he first took sick that there was no hope of his ever getting well, that he had serious heart trouble and all that they said proved to be true. I was very fond of him and held him in the highest esteem as a splendid Christian gentleman. I feel that all lycum people who knew Shungopavi respected him highly and sympathized with him during his illness, ourself among the rest.

Yours very truly,
James S. Myers

We are pleased to learn that Sheriff Deen who was taken to Mineral Wells, Texas recently for his health, has so far improved as to be able to walk about.

Portales Defeats Clovis

The basket ball games between Portales high school and Clovis high school resulted in a victory for Portales. The girls of our high school defeated the Clovis girls by a score of 12 to 4. The first half of this game was close and interesting, but in the second half the Portales young ladies easily out played the Clovis young ladies. The game between the boys of our high school and the Clovis boys was highly interesting and showed some exceptionally good playing on both sides. This game was very close and was anybody's game up to the last moment. Three times during the game the score tied. And was tied up at the close of the hotly contested game. In fact the ball which decided the game in favor of Portales was in the air when the whistle announced the end of the game.

Off For Eastern Markets

Mr. S. F. Moore who is with the C. V. Harris drygoods department, left Saturday for St. Louis and other eastern markets to buy the spring and summer stock of goods for his house.

In conversation with the Herald-Times man, this experienced drygoodsman said "I am going after the noblest and choicest stuff the market affords. I intend to bring back the best showing of ladies dress goods and wearing apparel, by far, that we have ever shown."

We will stake our reputation on it that Moore will get what he goes after. He has studied carefully the needs and demands of his trade and he knows how to buy as well how to sell.

Mr. Moore has had years of experience in the drygoods business in towns many times the size of Portales and stores where the stock carried amounted to from \$150,000 to \$200,000. He knows his business.

They Are Coming Back

Mr. and Mrs. W. F. Knapp, of Clarksburg Ohio, who have been visiting their son, C. W. Knapp and family, returned home Wednesday.

Mr. Knapp said to the Herald-Times man, "We like this country fine and we are coming back."

Mr. and Mrs. Glenn Feudley of Delphos, were visiting relatives here Sunday.

The Schuberts Coming

We have it on good authority that negotiations are under way for a return performance in our city, about February 25th, by that pleasing musical organization. The Schuberts Symphony and Lady Quartette of Chicago.

Many of our readers have heard this popular company and no doubt everyone knows of the high favor in which the 25 years of success have placed it. Their new program is said to be the best they have ever presented.

Mrs. J. W. Bristol is reported better.

Come To See Us

We want the people of this county and our readers everywhere to call on us when in Portales. You will find us in the big brick in the Howard block. Come in and make yourself at home. Feel free. The latch string hangs on the outside here, and the glad hand of welcome is extended you. If you are not a gentleman, you will be treated so gentlemanly while in this office that you will act the gentleman while visiting with us. If you are a gentleman you will not be insulted by being compelled to listen to a lot of blackguard, foul mouth talk and profane language. If you like reading matter ask us about it. We usually have numbers of daily papers, farm papers and other interesting reading matter that is free for the asking. Just let us know your wants, we are here to help you if possible.

Triplets and Quartette

When they get to coming three and four at a clatter it makes glad the heart of every one connected with the Herald-Times. That is "prezactly" what has occurred here during the past few days.

U. S. Frazee of Longs called at our office and cashed up for his subscription and the following: Noah Neal, Roxton Arkansas, Hubert Neal, Fullerton California and Clarence Frazee, Longs New Mexico. Then a day or so later A. S. Collisworth, of Delphos, sauntered into our office and after instructing us to do some printing for him, plunked down the cash for a renewal subscription to the Herald-Times and for the following parties: M. J. Collisworth, Paragold Arkansas and A. I. Maxwell, Palm Springs California.

Thanks two times gentlemen. If others wish to repeat this dose, don't be at all backward about it gentlemen. We are ready to be thus "dosed".

Not Talking For Publication

Some men were assembled together the other day, and a representative of the Herald-Times was "just hanging around". The aforesaid bunch of men were not talking for publication, but we are going to tell some things they said anyway.

A man (whose name we failed to get) said: I have traveled from San Saba Texas to Portales and this country is, in every way, ahead of anything I have seen."

Coe Howard said: "I have just returned from a trip into Oklahoma and I failed to see anything that looked nearly as good as this."

Dr. R. H. Bailey said "I have traveled recently 6000 miles and I did not see anything to equal this as a grass country."

We are not quoting these men because this is an unusual verdict but just to show the "usual" verdict of those who "know."

Off To Market

Miss Minta Gilliam and Miss Beola McMinn left Tuesday for Kansas City for the purpose of purchasing the spring millinery and hats for the Gilliam Millinery Parlors.

Miss McMinn has accepted a position with Miss Gilliam.

Just Had To Do It

"Uncle" Polk Williams, postmaster, merchant and mayor of the flourishing city of Inez, called at the Herald-Times office Monday to arrange for the publication of the final proof notice on his homestead at Inez.

He said "I am not doing this because I want to, but because I have to. The seven years, the final limit is almost up. I came to this country to stay and I am satisfied thank you. I have never ailed to raise enough to do me and have some to spare. I have about 2000 buhels of grain on hand now am fattening a car of hogs."

Fasmark-Smith

Saturday afternoon at 5 o'clock Rev. Bell spoke the words that made Mr. Casper N. Fasmark of Carlsbad and Miss Mary Smith of Portales husband and wife.

They were married at the residence of the bride.

Miss Smith was one of the prettiest of Portales girls. The groom is a popular and successful young business man of Carlsbad.

The happy couple left for Carlsbad Sunday their home.

The Herald-Times extends congratulations.

A very interesting meeting was held with Mrs. E. Hardy, in her new, commodious and beautiful home, on last Monday, with an elegant menu at the close.

The cost of child labor was ably taken up by Mrs. Hough. The main points being made that while we live in New Mexico feel comparatively free from this evil so far, yet it is a delusion. It comes to us in disease in clothing where it has been made in the scarlet fever and tuberculous home. Consumption and child labor walk hand in hand. Little girls peddling on the street at seven has small means of becoming a model American mother. That "While your hearth glows bright in the security of your home, phantom hands are ever stretching forth to threaten its foundation."

American art was ably taken up by Mrs. C. O. Leach, who will follow this subject through the year.

The making of a "Militant" being an autobiography of Mrs. Pankhurst, was told in a very pleasing manner by Mrs. James A. Hall. That as a child Mrs. Pankhurst was ushered into the great problems of life during the slavery agitation in the United States; her father although one of the leading men in England was an ardent abolitionist against the prevailing rule. Manchester

being her native and life long home is the manufacturing seat of England and that here the wrongs of the workingman was ever a constant source of regret in her life; that while her brothers education was open to much discussion on the part of her parents, her own and that of her sister scarcely seem to merit passing notice except that they were sent to France under the tutorage of a gentleman who stood high in the esteem of the French government, and afterwards held government office. That the influence of this woman must have helped to fan to flame her inherent sense of justice. After the great Gladstone had a majority in parliament it dawned upon her that no English constitutions ever won any thing without intimidating the government. This was emphasized by the agricultural laborers who this time were demanding suffrage. They were compelled to riot, to burn hay ricks and threaten to march 10,000 strong upon parliament unless their suffrage was given. All of these things are summed up in the few words, "That when lives are being broken, the breaking of a window is of small moment."

Eugenics or the right that the child has to be well born, was discussed by Mrs. Lindsey. Laws restraining the negro from marrying the white, first cousins from marrying, etc., should in

clude the making of laws in every state whereby parents should possess sufficiently clean and undiseased bodies. To insure the child being born into the world without blindness, tuberculous etc; that the law should protect young women from blindly marrying wildcat-sowers who have contracted such diseases that will make their life, and that of their children a life-long misery; that parents must in some way instruct their young children upon the mysteries of life, rather than let them be gleaned from the vicious of the street.

This includes protection of the mother and children in the home by the state, when for any reason they are deprived of the support of the father. That the rearing of a family should be added security to a mother rather than an added menace. The Rural Farm loans measure was explained by Mrs. St. F. Culbertson, after which Mrs. T. E. Mears, Mrs. E. T. Dunaway, Mrs. Jas. Hall and Mrs. Roselle Culbertson were voted as members to the League.

John Pendley left for a trapping expedition into the mountains of this state Tuesday.

Buffalo Jones Sends Greetings to Portales Friends

Buffalo Jones, who returned from New York on Wednesday of this week, he would sail on the Olympic from Africa, where he and his two cowboys, Arthur Means and Dallas McDaniell will tackle the job of capturing a gorilla.

The cowboys, with horses and traps, will sail from New York February 7th, to join Col. Jones in the moving picture photographer and other members of the expedition in London, from whence the party will sail via Elvee.

In 1909 Col. Jones organized an expedition to hunt the lion in the thicket, and other animals in British East Africa and

When he may succeed and return to America, hale and hearty, capturing the "Old Man" with him as a companion are the hearty good wishes of the Herald Times for Buffalo Jones.

The ball game on last Saturday resulted in victory for the Portales team, notwithstanding the two schools are very friendly.

The Clover and Portales teams were entertained on Saturday night at the home of Miss Irena Wollman. The Portales team are putting much spirit and enthusiasm into their work and will go to Clovis on the 10th of this month for another game with them.

On Monday of last week Mr. Sims, a traveling lecturer, visited the school, and on Tuesday Judge Lindsey and Rev. Bell paid us a visit. These gentlemen each favored us with an interesting talk.

A Birthday Party

One of the most happy social events among the "little folks" was the celebration of the eleventh birthday of John Odell McMinn at the McMinn home in north Portales Saturday afternoon from 2:30 to 4:00 P.M.

Mrs. J. W. McMinn and Mrs. J. E. Shepard, with Miss Beulah McMinn, assisted in entertaining the "jolly crowd" who came to do honor to their little friend John Odell McMinn.

A great variety of indoor and outdoor games were engaged in to the delight of every one present. The refreshments consisted of delicious cake, punch and the "bestest" home-made candy and popcorn ever. Many presents were given Master Odell as a token of good will and esteem. The following were present:

- Arlie Warnica, Leon Crosby, Lester Mottman, Ruth Faggard, Ralph Warnica, Lory Edys Tyson, Mary Madge Shepard, Lovella Owens, Charlotte Faggard, Clarence Carroll, Cecil Carroll, Fern Louise Foster, Hallam Shepard, Charles Sterling Owens, Paul Faggard, Milton Anderson, Fred Ryther, Frank Anderson, John Odell McMinn.

professional or business men does. And we want all users or prospective users of stationery to remember that the Herald Times has the best equipped job department of any office in this section, and this department is presided over by those who know how. Fact is, "It has to be right, or we make it right."

Mr. Wilcoxon has one of the choicest dairies in Roosevelt county. He has 30 head of Jerseys and Durham cows. He sells about 100 pounds of butter per week to the Portales trade, not to mention his cream and milk. He thinks this is a great dairy and stock country.

Baptist Notes

Subject for the evening 7:00, "Building up the Kingdom."

R.Y.P.U. will meet to reorganize at 6:00 o'clock.

Choir practice Monday evening at 7:00 o'clock.

Prayer meeting Wednesday at 7:00 o'clock. Lesson the 10th chapter of the Acts of the Apostles.

Every one invited to attend the services.

W. Edward Dawn, Pastor.

Sold His Cow

Last week W. M. Kelly advertised a cow for sale in the "Cents at work" column of the Herald Times. A few days after the paper was put in the post office Mr. Kelly came to our office and said, "This is my ad out of your paper. I have sold my cow, and that as a direct result of the ad in the Herald Times. This little advertisement cost Mr. Kelly just 25 cents. Look around your place. You have doubtless a horse, cow, buggy, wagon or something that you would like to sell. Perhaps you have not much need for the horse, or buggy etc. But some one else is looking for just such a snap. These little ads in the "Cents at work" column bring big returns at a little cost to you. Try it and be convinced."

Notice

Owing to the fact that Bro. Dawn has to leave Saturday for Tucuman to have his little daughter operated on for appendicitis he will not be here to fill his pulpit Sunday as per announcement elsewhere in this paper. He has kindly proffered the use of his church to the members of the Central Christian church Sunday and I will preach at 11 a. m. and 7 p. m. in the Baptist church and all our members are urged to attend these services. Bible school of the Christian will meet as usual in the Cozy.

It is hoped that this uniting of the Baptist and Christian church Jesus Sunday will be productive of much good.

There will be a baptismal service at the conclusion of the evening service.

J. H. SHEPARD, MINISTER.

Callers From Longs

This office has been favored with several visits recently from our readers and friends from Longs. Among the number were Messrs W. A. Morris and Elyas S. Frase.

These gentlemen, as well as the other callers from the Longs country are very fond in their praises of that section.

Mr. Morris said "That country is in great shape. The farmers are all at work. In fact I have never seen as much work done during the seven years I have lived in that section, up to this time. I have 320 acres listed. Mr. Frase said "We have the best season I have seen during my seven years residence at Longs. I have never failed to make good crops. In fact I have had some to sell each year except one. The people of our country are satisfied, as a whole, and are making good."

Dr. Dunaway has moved his office from the former Portales Drug Store building to rooms 5 and 6 Ecese building.

M. F. Swan of Munday Texas renews his subscription to the Herald Times.

Revised Meeting Closed

A co-operative meeting under leadership of D. L. Cook and E. E. Hoxton has just closed. The meeting resulted in a great strengthening of the Christian people more than one hundred conversions and recommitments. Some thing more than sixty were added to the Methodist church and some will go to other churches of the town. We appreciate the co-operation of the other churches in the meeting and also the liberal donations that the people made to Bro. Cook and Hoxton for their work is our most. It amounted to something over four hundred dollars.—Pastor.

Stricken With Appendicitis

Little miss Carrylyn Dawn, daughter of Rev. and Mrs. W. E. Dawn, was stricken with appendicitis Wednesday, and while her condition is not thought to be serious, yet she will be taken to Tucuman Saturday where she will be operated on. The Herald Times joins the host of sympathetic friends of this good family in wishing for their daughter a speedy and permanent cure.
