Farnham's Farm

One of the most beautiful well kept and valuable farms in the Portales Valley is owned by H. J. Farnham of the Bethel community 10 miles northwest of Portales. Mr. Farnham who has been on the frontier since the early seventies has lived various places in Missouri, Kansas & Texas before coming here and at last has found the place where he likes to live and is prospering.

To go over his place and see the systematic manner in which everything is done and the condition everything is kept in indeed a pleasure. On the Farnham farm they believe, "Whatever is worth doing at all is worth doing well." Okley, the oldest son, has aided materially in the success of the farm and is the business manager.

The improvements are among the best in the county. Good fences, cross fences, gates, everything kept in first class condition.

The barn 68x32 is floored with concrete and has a corrugated iron roof; this with sheds and other outbuildings affords plenty of room for storing winter hay and protection of stock. The cow stable is provided with stanchions and the barn is other wise divided into different compartments best fitted to meet the requirements.

It is true Mr. Farnham made some sacrifices and had some things to learn about irrigation but beginners and others may profit by his experience. A visit to this place is a revelation of what is being done and what can be done. Four years ago when the Portales Power and Irrigation company installed electricity as a means of pumping water the cows were sold and efforts directed to raising alfalfa for the market. 45 acres of which are now under ditch, but it was found that with less labor more money could be made by pasturing hogs and dairy cows and keeping most of the hay at home.

On this farm they believe in first class stock and building up the herd. At a high figure Mr. Farnham recently brought a registered bull calf from J. E. Jones of Nowata, Okla. This calf is a descendant in the fourth generation from Financial King owned and imported by Wm. Rockefeller. This bulls progeny are the greatest butter cows ever known. Financial Countess made 784 lbs. of butter fat in 365 days under tests of the Colorado experimental station.

21 Jersey cows are now being milked one of which gives more than 5 gallons per day. After experiments and tests it was found the dairy cows gave best results when put on alfalfa pasture 1-2 hours per day and then on natural grass. Eight acres have been fenced and appropriated to this use which is making allowance for the herd to be substantially increased. Besides milk and butter disposed of in other ways more than 100 lbs. of butter fat in the shape of sweet cream are shipped to Amarillo each week. The milk house is another specimen of the way things are done here. It has concrete troughs adequate receptacles and appurtenances equal to the high standard set by the other improvements.

On this farm are about 20 brood sows, 65 fattening hogs and more than 50 pigs of the Duroc Jersey breed. Two alfalfa

pastures of 5 acres each are provided for the hogs. It has been found that it is better not to use one pasture continuously. The pigs are fed partly on separated milk ample pens are provided and the pigs separated according to size.

Mrs. Farnham is well versed in matters concerning the farm and given special attention to the raising of chickens. White Orpingtons are raised exclusively. Last year after keeping a bountiful supply for home use more than \$125 worth were sold. One year the farm produced 3000 chickens.

The orchard comprises 15 acres of apples, 8 acres of plum, and 1 acre of pear trees. Last year with one acre of plums bearing \$250 worth were sold from it. Without much irrigation 85 roes of corn averaged 40 bushels per acre last year.

The garden on this place is well worth seeing. About 1 acre of sweet potatoes, 500 tomato plants, rhubarb, cucumbers, strawberries, grapes and other things too numerous to mention. Among the things not before mentioned from which revenue was derived last year were cream \$790, beef and pork \$800, garden \$125, and hay \$1900.

Judging from the prosperous condition and the financial success Mr. Farnham and others are attaining we cannot see why we have not better inducements by far to offer the homeseeker than can be found elsewhere in the southwest. Come to the great Portales Valley and let us show you.

A Small Weekly Payroll

Leslie Smith, who buys cream for the Wichita Creamery at the White House grocery, showed the Herald-Times man the money he paid the farmers last week for their cream; it amounted to \$76.50. This is a very nice roll of filthy lucre turned into the hands of a few farmers. It comes in mighty nice as so much cash to purchase the necessary supplies of life.

Of course this does not represent the total received by these farmers. There is the "by products," the skimmed milk fed to pigs, calves, chickens etc. This probably amounts to considerable more than the money received from cream alone. Where will one find a better country for the dairy business?

Notice

A meeting of the Democratic central committee of Roosevelt county is hereby called to convene at the courthouse at Portales, New Mexico, on June 29, 1914, at the hour of 10:30 in the forenoon, for the purpose of providing a primary election for nominating a candidate for representative in the next legislature, and for such other purposes as may come before such.

T. E. MEARS,

A. F. JONES, Chairman
Secretary.

Homes Wanted

All who have rooms that they will rent to normal students, and all who will take normal students to board will please register their names at my office at once.

Please attend to this as it will be a great convenience and help to me and all concerned.

With the Delphos Folks

The editor and family spent last Sunday with the Delphos people. It was a great day one that will be remembered with much pleasure by us for time to come.

We hitched up our thoroughbred "Pat" to our surry and started Delphos ward shortly after the sun had arisen over the eastern hills. It was one of those rare June mornings known so well to the people of this favored section. Soft clouds floated lazily through the heavens, while a brisk breeze fanned our cheeks playfully. The road was not so inviting, owing to the rains that had fallen the afternoon previous and owing to the fact that one encounters considerable sand between Portales and Delphos. We reached our destination, however in good time, feeling "fine as a fiddle."

A large crowd had already at the Delphos "university" building and within after our arrival, ye scribe had plunged into his discourse. At the conclusion of the sermon, a real old fashion basket dinner was served.

Such a dinner! It was superb. One person was heard to remark, "I don't think I ever saw as many eatables at a similar gathering in my life." Another was heard to say, "I think everything that is good to eat is here." There are culinary artists in that Delphos community of the first rank. And there are some eaters down there. Sim Snell eats like fighting fire and sings like fighting two. Phillips evidently has a rubber stomach, judging from his capacity to take in grub. Robinson can eat more and look hungrier than any fellow we ever saw, we believe. Then there is Higgins, Hewitt, McCallister, and, but space forbids even mentioning all the enormous eaters among the gentlemen, and, if our memory serves us right, there are some ladies down at Delphos who enjoy eating a bit too.

After a couple of hours spent in a social way, Sim Snell called the crowd together and about forty minutes were spent in good congregational singing. Following the song service, we tried to preach again and when the when the invitation was given two splendid young ladies came forward to consecrate their lives to better services. It was a great community, among a great people.

Albuquerque, June 19.—"Chaperones" is the latest stunt for Santa Fe trains. After July 1 the company will begin sending official chaperones from Los Angeles and Chicago at regular intervals over the system, to look after small boys and girls traveling alone.—Santa Fe New Mexican.

Road Working

Quite a number of Portales business men turned out Wednesday afternoon and worked on the road between here and Eland. This is showing the proper spirit so let the good work continue.

Another Sign of Prosperity

Three new Schiller pianos have recently arrived in Portales. The purchasers are Jas. A. Hall, M. B. Jones and Wm. Battenfield.

Some Milk and Cream

Messrs Ben Hewitt and J. A. Robinson, of Delphos, are going some in the milk and cream business. These gentlemen are milking twenty cows and are getting a little better than 60 gallons of milk per day. That is 1800 gallons per month of thirty days.

These men are realizing good returns from this milk as there is but little expense attached to the matter, the cows requiring but little feed at this time of year. This is certainly a great dairy country.

Base Ball Saturday

The Portales team under C. J. Whitcomb as manager will play the team from Dora Saturday afternoon. Come out and root for the home team.

Doing Well With Cows

Sim Snell, of the Delphos neighborhood, is milking at this writing 12 cows that are paying him well. He owns a half section of land and is making good as is evidenced by the many substantial improvements about his place. The fellow who will come to Roosevelt county and really try, use wisdom and energy, get him a few good dairy cows, can make a living and have a bank account.

Abundant Rains

The heavy rains we had during the month of May which totaled nearly thirteen inches, put a bottom season in the ground, starting crops to grow and making grass fine. Lots of prairie hay will be mowed this year.

The rains this month have been, for the most part, light showers just what we needed. Never at this time of the year has the outlook been brighter to the dry land farmer for a bumper crop. June is usually the month we need rain most, not so this year as we have plenty. The indications are favorable for a bumper crop in Roosevelt county this fall.

Baptist Notes

No complaints to make for last Sunday. I will let the few make the criticism if there is any coming.

Good congregation both morning and evening. It is a delightful task to preach to a people when they so kindly give their undivided attention. I have always thought that a part of my compensation came to me in good behavior and attention.

The need of our church is to realize the fine opportunity at our disposal and seize it while we may.

The pastor in company with Dr. Dunaway attended the quarterly board meeting of missions in Clovis Tuesday and went on to Artesia for a conference of the educational board at night.

Services next Sunday. Sunday school 10 a. m. Preaching 11 a. m. Senior union 7 p. m. Preaching at night. Don't forget our Wednesday night prayer meeting. Yours for church service. W. E. DAWN.

Mr. and Mrs. W. O. Oldham returned Wednesday from Clovis where they had been visiting for a few days.

J. J. Pinson and Uncle Barney Ballard were in town this week.

Fourth of July Celebration

Portales plans to celebrate the anniversary of our independence in a fitting manner by having a big picnic at the old H Bar ranch headquarters 1 and 1-2 miles west of town. Athletic sports, goat roaping and all sorts of amusements for old and young something to please, even the most fastidious.

Committees have been appointed and arrangements are being perfected to make this celebration one that will do justice to the occasion. Everybody welcome, come and bring your baskets well filled. The committees are as follows: Amusement, E. K. Puckett, Jeff Hightower, C. S. Hart, John Tyson and Geo. Deen, Lunch, J. B. Priddy, Milton Brown, Mesdames C. P. Mitchell, Ham McDonald and Geo. Williamson. Music, Frank Smith, G. H. Beatty, Dr. Hough and Mrs. Ward. Finance, J. B. Priddy, W. O. Oldham, and G. M. Williamson. Grounds, El Hawkins, Mart Servis, Monroe Honea and W. H. Bail. T. J. Molnar will be marshal of the day.

Last Friday night at his home Goodwin Humphrey entertained a few of his young friends in honor of Joe Patterson who has returned from school and Thompson Monroe who is about to leave for California. One of the features of the evening was the novelty menu. The boys report a jolly time. Among those present were O'Dwyer Dunaway, Howard Leach, Joe Patterson, Thompson Monroe and Goodwin Humphrey.

Mrs. Carl Craft left Wednesday for an extended visit among relatives in Iowa and Michigan. She was accompanied by her mother who has been visiting here.

J. H. Shepard and family will go to Causey Friday where Mr. Shepard will preach Sunday. His family will visit relatives at Redland and Causey for a week or ten days.

Bud Baker who owns a ranch on the plains in Texas was in town a few days this week visiting his parents, Mr. and Mrs. Geo. Baker, and other relatives.

H. M. Livingston, manager of the Livingston irrigated farms left Tuesday for a few weeks visit to his old home at Livingston, Wisconsin.

Mr. and Mrs. J. C. O'Malley of Kansas who have been staying some time at the city hotel left Monday for the north.

Dr. E. T. Dunaway returned from Clovis Tuesday where he has been concerning some Baptist church work.

Miss Euna Carter went to visit friends in Clovis Monday to be gone a couple of weeks.

Miss Marguerite Patterson left Sunday for Denver to visit her brother Earl.

Rev. J. D. Wagner and John Riley of the Causey community were in town Thursday.

J. L. Anthony and daughter of Eilda were Portales visitors this week.

Mrs. Lula Stone left Wednesday for Ft. Sumner.

Assessor's Book to Santa Fe

County assessor, J. E. McCall and his assistants have finished the work of extending and totaling taxable values for 1914 and the book has been sent to the state board of equalization at Santa Fe for their approval or correction. They have the power to make any changes they think necessary or see fit and to fix the state rate. Last year the state rate was 13 6-10 mills; this year it is limited by law to 10 mills. The assessor expects his books back in 30 days so he may make extensions. Last year it was kept about 90 days and many increases in valuation made.

There are many substantial increases in numbers and valuation this year over last year some of which are follows:

The number of horses 22 per cent, mules 11 per cent, hogs 78 per cent, and cattle about 60 per cent, making about 17000 head of cattle in the county January 1. We believe we are now safe in saying there are more than 20,000. Deeded land shows an increase of about 12 per cent making a total of about 676000 acres. There is a decrease of about 50 per cent in land assessed to unknown owners.

Methodist Church

The services at the Methodist church last Sunday were splendid in attendance and interest. The Sunday school was the best it has been for several Sundays. The prayer meeting Wednesday evening was real good, and I wish to say as pastor of the Methodist church that I appreciate this general interest upon the part of our members and others beyond power to express.

Sunday school next Sunday at 10 a. m. Preaching at 11 a. m. and at 8 p. m. Subject for the morning hour, "The possibility of apostasy." I would be glad to have every Methodist hear me on this subject, and any one who might like to hear this subject discussed from a scriptural view. At the evening hour I will preach from the subject, "Why men become hungry for eternal damnation."

The male quartette furnished us with two splendid numbers last Sunday night and will sing for us next Sunday evening. We feel very grateful to them for this kindness. Come out to our services. You will find a warm welcome.

A. C. Bell, Pastor.

Clark-Bartlett

On Sunday June 14, at the home of the bride Shannon Clark and Miss Rosa Bartlett were united in the holy bonds of matrimony. Mr. Clark is a prominent young man of the Inez community and is well known in Portales. Miss Bartlett was a resident of the Portales Springs community and is prominent socially there.

The ceremony was preformed by Judge E. P. Williams, the groom's uncle. They will make their home for the present with Mr. Williams at Inez, where Mr. Clark is assistant post master and manager of the Williams ranch.

The Herald-Times extend congratulations.

Get Out of the Way of Prosperity Train

It is the consensus of opinion of some of the keenest and most farsighted men that the United States is entering on an era of prosperity that will completely overshadow even the great periods of business prosperity that have already come to this country since the civil war. They as sign many sound reasons for this prediction.

They have seen a tariff enacted lower than the Wilson tariff and yet they have seen raw wool, one of the best tariff barometers there is, sell higher than before. They have seen a delicate railroad situation, that would have created a financial panic at any time in the past, studied and pondered over in a way that has simply taken the breath from speculators. The people have refused to become excited over it. They want it settled everywhere, but they want it settled right.

Why? Because the railroad industry is not the one dominating industry of the country any longer. While financiers have been juggling railroads the past twenty-five years, business men have been building up other great industrial enterprises all over this land.

This is a bigger country than it ever was before. Its potential possibilities are being more and more realized in every direction.

The farmers have become scientists and the arid lands and the swamp lands are being reclaimed everywhere and being made to yield in such abundance as was never known before in the history of farming.

In the south malaria has been conquered and the rich swamp lands are no longer the terror they were. Irrigation and dry farming have brought new prosperity to the west and southwest. Water power is being conducted over wires hundreds of miles where formerly it was all but wasted. The oil lands and the mineral wealth have burst the bounds of former monopolies and opened up vaster possibilities than ever before, and the inventive genius of the American has never been idle. New miracles are daily being wrought by invention.

Why then have we had a business depression in the face of these things?

Simply because a great many people thought we ought to have it; we should have it; and must have it; it was due.

It was largely a mental state. There was no real need of it, or for it. Business men see that more clearly now. But many of them are satisfied apparently because we have had it. And they have learned something.

They have learned that they cannot have panics unless there is tight money unless the reserve is tied up, as it was for the past fifty years—tied up when it was most needed. This business depression we have been through has been valuable then in that it has demonstrated to all the people the wisdom of the present system of a flexible cur-

rency. The old conditions have disappeared forever.

So now that the lesson has been learned and that the greatest crops in the history of the country are in sight, it is up to everybody to forget the mental depression.—Boston Globe.

A MISTAKEN IDEA

There are some people who still resort to drugged pills or alcoholic syrups to overcome colds, nervousness or general debility, and who know that the pure, unadulterated nourishment in Scott's Emulsion is eminently better, but refrain from taking it because they fear it may lead to excessive fat or obesity. This is a mistaken idea, because Scott's Emulsion first strengthens the body before making flesh. Its blood-forming properties aid nature to throw off sickness by building health from its very source, and flesh is formed only by its continued use. Avoid alcoholic substitutes for SCOTT'S.

 No. 830
 A. T. Swinney, defendant
 In the District court of Roosevelt county, New Mexico.
 The state of New Mexico to A. T. Swinney, defendant, greeting.
 You are hereby notified that there is now pending against you in the district court of Roosevelt county a suit wherein the First National Bank of Elida, New Mexico, is the plaintiff, and that said suit is numbered and styled as above; that the general objects of said action are to secure and collect judgment against your account of a certain promissory note made, executed and delivered by you unto plaintiff on the 28th day of April, 1912, together with interest thereon at the rate of 12 per cent. per annum from date of said note, and also an additional sum of ten per cent of said amount due as attorney's fees and for all costs of this action. The principal of said note is \$300.00. And you are further notified that your property in Roosevelt county, New Mexico, to-wit: The north west one-fourth of Section 24 in township four south of range thirty east of New Mexico principal meridian, Roosevelt county, New Mexico, has been attached by order of court in this cause, and that an Alias Writ of Attachment was therefor issued by order of the court and same was levied upon the north west quarter of section 24 and the east one-half of the northeast quarter of section twenty-three in township four south of range 30 east, New Mexico meridian, Roosevelt county; New Mexico, containing 240 acres, and that the judge of this court has directed that you be cited by publication. You will therefore take notice that unless you appear and answer or plead in this cause on or before the 31st day of July, 1914, judgment will be taken against you by default, and the plaintiff given the relief prayed, and that your said property so attached will be sold for the purpose of satisfying the judgment interest and costs.
 Plaintiff's attorney is James A. Hall, and his business address is Portales, New Mexico.
 Witness my hand as clerk of said court and the seal of said court at Portales, New Mexico, this 17th day of June, 1914.
 C. P. Mitchell, Clerk.

R. G. BRYANT

Announces as Candidate For Legislature

Subject to the Action of the Democratic Party. Below You Will Find His Platform

To the Democrats of Roosevelt county:—I am a candidate for the legislature and seek the nomination for said office at your hands, and as I may be unable to meet all of you as I would like to do, I state some of the principles and matters for which I stand, so that you will know something of me along that line.

First. I shall expect to fight graft in all its forms, whether county, district or state and work for all measures that promote economy and reduce the burdens of taxation on the people, and in line with this general policy. I would favor:

A law requiring the county treasurer to loan the public monies, he now puts in the banks for safe keeping, to the banks that would pay the highest rate of interest therefor on competitive bids, secured by a good and sufficient bond.

Next. I favor electing all county officials once every two years, and allowing an officer to succeed himself, and I would further provide, that any officer be subject to the re-call at any time the people felt that he was not doing his duty.

I favor fair salaries for the officers, but do not believe in extravagance, and do not see any reason for paying any officer more than he is reasonably entitled to, taking into consideration the amount of work and the duties of his office. I think the salaries of the district judges should be reduced from \$4500 to \$3000 per year, as they get their expenses paid. This would save the state alone \$13,500 per year. Everything saved in the way of expense is keeping down taxes.

I would favor abolishing the office of district attorney and providing for a county attorney in each county instead, which in my judgment, would be less expensive and more satisfactory to the people.

Another thing. The people of this county have to pay too much fees. For instance every time you or I give a mortgage on a little bunch of personal property, it costs a dollar and a half to record that mortgage, even if we don't borrow over fifteen dollars, and we have it to pay of course. Fifteen cents is enough to provide for filing it and etc., and the rate might be raised some for large mortgages. There are many fees, including court fees, and costs of litigation, that now make it burdensome for one to assert his rights in court, that should be reduced, and it made easier for one to get justice.

All measures which may with justice be urged to advance our state morally and educate the children of the land, who will soon be the citizens, who control affairs, and all measures which would give us better and cheaper railroad rates and all laws which would help advance the financial interests of every citizen of the state, including any provisions for helping the small farmer and the small stock men, make better homes, I shall expect to work for and stand for with all of my ability and if elected, I will let you hear from me and will render to you an account of my stewardship as your servant, that I trust will cause you no regret that you placed your faith and confidence in me. I am,

Very Respectfully,
R. G. BRYANT.

COE HOWARD

Announces as Candidate For Legislature

Subject to the Action of the Democratic Primary. Below you Will Find His Platform

Realizing that the future prosperity of our state and its people depend largely on the enactment of such laws as will give every individual equal opportunity and any party seeking this responsible position as I see, it should be able to look beyond class or special interest and keep well in mind the many classes of people that he will represent, and should be qualified to justly protect the wage earner along with those who deal in millions with this end in view I submit the following for your consideration.

If elected I will be fair with every interest I will be a friend to the laboring man and also deal fair and just with any interest that will help to build our great state; one of the great necessities for the prosperity and development of our new state is cheap money, the present national democratic administration has set out to inaugurate a national rural credit system the state should cooperate with the national government in bringing to the farmers and rural citizens cheap money.

I believe that agriculture should be encouraged, scientific farming should be promoted to the end that our state would produce more in quantity as well as quality, and under the state department of agriculture there should be a marketing system installed so the producer will receive the greater results in the sale of his products.

I believe a juror fee should be taxed in all civil cases, same to be paid by losing party and collected as other costs, I think we can lessen our tax burden in many other ways, one for example, would be that after issues are joined in civil matters parties wishing a jury should file notice with the clerk, otherwise the case would be placed on non juror docket. I think the service of the court reporter should also be taxed against the losing party in all civil actions, why should the man who adjusts his affairs out of court be required to pay a tax to furnish a jury to others carrying on litigation. I am in favor of giving additional jurisdiction to the Probate courts in civil matters not involving more than \$1000 and over criminal matters involving misdemeanors as it will expedite justice and greatly lessen our burdens of taxation.

I believe convict labor should be used on public roads, for good roads is good business by means of good roads cities, towns, villages, rural communities, are brought closer together distant farmers are saved great expense and time in getting to market, good roads increase property values.

I believe we should regulate our fees paid to county say for example you have a mortgage for \$50 and the bank or other larger interests holds one for \$10,000 it would cost you just as much to file your \$50 mortgage for record as the \$10,000, I believe the fees should be regulated according to amount of instrument ranging from 25c up.

I believe in a gross revenue tax on all public service corporations such as railroads, telegraph Co., telephone Co., Pullman Co., coal mines, I am also in favor of a reduction in passenger fare and a regulation of freight rates so that our products may be placed on the market on the same basis

Dr. R. H. Bailey left for a trip to the Pecos valley Monday.

The White House grocery expects this week a carload of fresh flour, Wichita Best and Golden Seal. Also a lot of meal.

The White House grocery company will treat you right.

with our competitors of other states similar located.

I am in favor of state wide prohibition.

I feel that by means of the above outlined legislation along with other laws that may be enacted and that I favor our tax burden will be greatly reduced.

As to the county officials salary bill I feel that perhaps this bill will be among the first to be presented at our next legislature and I will favor a just and reasonable salary for all officials but do not feel that the tax payers of our state should be forced to pay an unjust or unreasonable salary to any person.

I have never hampered the progress of our democratic party by supporting the nominee of the socialist or other party nominee, I have always been a democrat and stood out in the open and fought for the rights as I saw it.

I will respect the opinion of others who differ with me in politics so long as their opinions are for the benefit of the masses and shall look with contempt on those who seek to widen the political differences of the people.

New Mexico is no longer looked upon as a barren waste but is fast being populated with a class of law abiding self respecting brave and progressive people who with proper laws and good government will soon rank with any state of her size and population, our mountains are stored with exhaustless treasures of coal and other minerals and covered with valuable forests, our valleys are fast becoming the garden spots of the world where irrigation is susceptible our plains are proving to be second to none for the industry of stock farming and with this in view I pledge my every effort to enact such laws as are herein discussed and will from time to time give the voters my views as I see them on different subjects and assuring you that there is no one on earth who will appreciate your support more than myself I respectfully ask for your support.
COE HOWARD.
