Political Announcements

The Herald-Times is authorized to announce the following candidates for election to the respective offices all subject to the action of the Democratic primary, August 5th, 1914.

FOR REPRESENTATIVE—  
R. G. BRYANT, Portales.

L. W. CARLETON, Portales

General Vila has ordered a \$1,000 bath tub. Is this the beginning of his decline?

He who puts his money to good use will have more money to put.

A dollar kept in this town is worth two across the county line.

Buy it at home, use it at home and your money stays at home. Think first of the home.

Never put off until week after next what you should do today.

The little man with brains is worth more than a giant with mud in his think pan,—and that goes on a pick and shovel job too.

Senator Weeks plans to have \$500,000 spent for good roads within the next ten years, of which at least a plunk should come to this county.

The Mountainair state chautauqua will open the evening of July 29th with a lecture by Dr. William A. Brown of Chicago, on the subject "The New Invasion of the Philippines." The chautauqua session will continue ten days, and the School of American Archaeology will be in session at the ruins of Cuarrí, seven miles from Mountainair, until the 15th of August. The railroads have granted a rate of one and one-fifth fare for the round trip, with the return limit August eighteenth.

Growing Wheat

E. P. Williams and Shannon Clark of Inez have raised about 80 acres of fine wheat this year. It is estimated this will yield something like 10 bushels per acre. This may not seem much but when one considers the price of the land and the light cost of cultivation it is getting good returns on an investment, and that the row crops here better than in Oklahoma where weeds are more plentiful naturally and the wheat harvest has kept farmers from tending their crops properly.

Taxes

A resident of Portales who owns several pieces of land in the valley said that his taxes on one 40 acre piece were about \$18. He has the misfortune of being a bachelor and therefore gets no exemption of \$200. This 40 is held at \$2000 with a \$13 tax which seems very reasonable. There are many others similar for this is not an extreme case.

Lakeside Sidelights

The picnic at Lakeside the 4th was well attended and everyone reported a fine time, plenty of ice cream and lemonade, and the dinner that was served would be hard to beat. The ball game between the Red Cross and the Blue Cross was delayed by a splendid shower, and seven innings only were played. The score being 4 to 7 in favor of the Red Cross.

We have been having plenty of rain and the crops are all looking fine. Everyone is looking forward to a bountiful harvest.

The Sunday school and young peoples meeting were well attended last Sunday. We are glad to report a good Sunday school and Endeavor Society. Everyone is invited to come and help make them better.

There will be an ice cream supper at Mr. Bounds, next Friday night. Come and get plenty of good cream and cake. Young men are supposed to have partners and we are glad to say we have plenty excellent young ladies so that none need stay at home on that account.

A large number of cows are being milked this summer in this community and most all the farmers are selling cream.

Mr. Wyatt and his grand daughter, Merle, have gone to Clovis after his wife, who expects to spend sometime here.

A number of the young people

took dinner at L. E. Forbes' Sunday, and during the afternoon were taken for a spin in the car. A fine time was reported.

Miss Minnie Forbes will leave for Portales Saturday where she will attend the summer institute.

Mrs. Sidney Glover and children are here visiting relatives and friends.

Mr. and Mrs. J. E. Glover, Mrs. S. Glover and children and Mrs. Vinson and daughter, Mamie, took dinner with Mr. and Mrs. J. S. Wharton Sunday.

Pleasant Valley Celebrates

The people of Pleasant Valley celebrated the Glorious Fourth with an all day picnic at the delightful home of Mr. and Mrs. B. F. Kersey. A bountiful supply of ice cream was prepared and the addition of cake and pie of every variety added to the enjoyment of the day. Besides being a Fourth of July celebration, it also celebrated the 13th anniversary of Mr. and Mrs. Kersey's marriage.

Everybody had a good time.

About 40 people were present

Among whom were Mr. and Mrs.

Autry and family, Mr. and Mrs. Dipperman and daughter Lena, Mr. and Mrs. King and family, Mrs. Ivy King and children, Mrs. J. W. McCormack and children, Grandma McCormack, Mr. and Mrs. Escue and daughter Gussie, Mr. and Mrs. Duke and Mr. and Mrs. Fred Duke, Mr. and Mrs. Steel, Mr. and Mrs. Clem, Mr. Jones, Lem Marsh, and Ed Anderson.

CORRESPONDENT.

That was a happy celebration even for Pleasant Valley where, we are confident, as the name suggests, the gatherings are always pleasant. The Herald Times man has given himself a very cordial invitation to take in some of the gatherings and help eat some of the "goodies" of that section.—Editor

### Announces as Candidate For Legislature

Subject to the Action of the Democratic Party. Below You Will Find His Platform

To the Democrats of Roosevelt county:—I am a candidate for the legislature and seek the nomination for said office at your hands, and as I may be unable to meet all of you as I would like to do, I state some of the principles and matters for which I stand, so that you will know something of me along that line.

First. I shall expect to fight graft in all its forms, whether county, district or state and work for all measures that promote economy and reduce the burdens of taxation on the people, and in line with this general policy, I would favor.

A law requiring the county treasurer to loan the public monies, he now puts in the banks for safe keeping, to the banks that would pay the highest rate of interest therefor on competitive bids, secured by a good and sufficient bond.

Next. I favor electing all county officials once every two years, and allowing an officer to succeed himself, and I would further provide, that any officer be subject to the recall at any time the people felt that he was not doing his duty.

I favor fair salaries for the officers, but do not believe in extravagance, and do not see any reason for paying any officer more than he is reasonably entitled to, taking into consideration the amount of work and the duties of his office. I think the salaries of the district judges should be reduced from \$4500 to \$3000 per year, as they get their expenses paid. This would save the state alone \$13,500 per year. Everything saved in the way of expense is keeping down taxes.

I would favor abolishing the office of district attorney and providing for a county attorney in each county in instead, which in my judgment, would be less expensive and more satisfactory to the people.

Another thing. The people of this county have to pay too much fees. For instance every time you or I give a mortgage on a little bunch of personal property, it costs a dollar and a half to record that mortgage, even if we don't borrow over fifteen dollars, and we have to pay of course. Fifteen cents is enough to provide for filing it and etc., and the rate might be raised some for large mortgages. There are many fees, including court fees, and costs of litigation, that now make it burdensome for one to assert his rights in court, that should be reduced, and it made easier for one to get justice.

All measures which may with justice be urged to advance our state morally and educate the children of the land, who will soon be the citizens, who control affairs, and all measures which would give us better and cheaper railroad rates and all laws which would help advance the financial interests of every citizen of the state, including any provisions for helping the small farmer and the small stock men, make better homes, I shall expect to work for and stand for with all of my ability and if elected, I will let you hear from me and will render to you an account of my stewardship as your servant, that I trust will cause you no regret that you placed your faith and confidence in me. I am,

Very Respectfully,  
R. G. BRYANT.

### Announces as Candidate For Legislature

Subject to the Action of the Democratic Primary. What He Stands For

If elected as your representative I will favor such sane legislation as may come before the house. Especially will I favor a reasonable salary bill such as the bill known in the last session as, the Governor's bill, for which the Democratic members and Gov. McDonald, worked to secure. I will not be so radical as to tell you and try to have passed, a bill so low that I would be out of harmony with the Governor and Democratic party. I will favor doing what we can to lower and regulate our taxes, make them rest equally on all.

I will favor adjusting and regulating our school laws, to improve the rural districts as well as our towns. Good roads as ways to market and highways of travel will be considered.

I will not favor class legislation, such as compelling the county's money to be loaned to banks, only, but will give all alike a chance at the mediums of trade and commerce.

I propose to go, in a way that I'll best be prepared to work for my people and not take up all my time fighting the men and leave the wrong measure unattended to.

I am a Democrat and do not have to prove it. People who know me do not have to guess who I am nor what I will do.

Yours truly,  
L. W. CARLETON

#### Siberian Alfalfa

J. Wilcox has on exhibition at the Portales Hotel two specimens of the Semil Palisk, Siberian alfalfa that being the name of the town from near which the seed came. These specimens were grown on the Duckworth place about 35 miles west of Portales and prove beyond a doubt that this alfalfa will thrive in this country. Of the two specimens the one grown without any water except what nature supplied is the better, showing that our natural rainfall is sufficient.

These plants grew from seed imported by Prof. N. E. Hanson of Brookings S. D. a representative of the United States Government who made 5 trips to Siberia and spent 12 years to find a drouth resisting alfalfa suited to the sem arid parts of the United States. He had 3200 pounds gathered in 1912 and shipped it to this country the following year.

It is sturdy and erect and grows as high as 5 to 8 feet tall in its native land where the rainfall is about 8 inches and the temperature varies from 105 degrees above to 50 degrees below zero.

Mr. Wilcox is not selling seed but is here to develop his land. On the rail road strip south of town where he has almost a section planted which is looking fine and he is delighted with the prospects.

H P Hardt one of the dairymen of Kermit was in town and paid this office a call la st week.

Born to Mr. and Mrs. Joe Boren, Friday of last week, a boy

R L Yoakum of the Dora community was in town Sunday.

store, we asked "Were these potatoes grown around here or were they shipped?" Very readily Mr. Garrison replied: "Those extra large ones were grown a few hundred yards north of the store, but those small ones were shipped in from Colorado." Mr. Garrison carries quite an assortment of goods.

FARMERS AND RANCHMEN  
We had only time to visit and talk with a few of the farmers and ranchmen of that section.

T. A. MARCHBANKS  
One of the real solid citizens is T. A. Marchbanks. Mr. Marchbanks came here from Texas five years ago and is well pleased. He owns two sections of land and we understand has more leased. He is stock farming. He takes much pride in his home, and with the help of his good lady, is building an attractive place. The locust cottonwood, apple, and peach trees add greatly to the appearance and comfort. The garden and orchard is arranged so they can be irrigated from the well and up ground tank. The fine bunch of plymouthrock chickens, with 63 fat friers in the bunch, caused us to long to spend a week some day with the Marchbanks.

G. D. TOLAND  
G. D. Toland is one of the enthusiastic new comers. He is simply delighted. As evidence of this you should hear him talk, also note the fact that he don't care to sell. Mr. Toland is a worker, and the workers make good. He owns 320 acres of land 22 head of cattle, 11 horses and mules, more than enough hogs for home use, and a fine bunch of chickens and turkeys. He is growing most every thing on his farm and in his garden. He said "From one eleventh of an acre I got 16, 12 bushels of Irish potatoes. Don't tell me you can't grow Irish potatoes here. That means 168 bushels to the acre, and at the present prices that would mean from \$200 to \$250 per acre."

A GOOD DAY  
Sunday, the people from over the country gathered at the Causey school house where we had services three times. After the morning service a real old fashion dinner was served. It was great, both as to quality and quantity. Some excellent cooks in that country. Sunday was really and truly a great day.

We know of no community where the people seem more congenial and more interested in the things that make for morality. We know of no community that surpasses that community socially and musically. Some great singers there. Not soon shall we forget our visit to the Causey-Redland Garrison section.
