WONDERFUL PICTURES TAKEN

Roosevelt County To Have Fine Exhibit at Panama Exposition

VIATOR WAS HERE LAST WEEK

Views of Irrigation Plant, Town and Best Farms in the Valley

Roosevelt county is to have a wonderful group of moving pictures on exhibition at the Panama California exposition. Ten pictures were taken by the operator here last week which are of a high class and will show the town and valley up in fine shape.

The first shows Colorado Ave. crowded thoroughfare with traffic moving from the court house toward the depot.

The second is a panorama view of a crowd in front of the court house and gives a comprehensive idea of the substantial citizenship.

The third and fourth are taken of the irrigated farms of J. B. Priddy and Carl Mueller, showing the former's alfalfa field and the latter's (baler) at work. Mr. Mueller's cantaloupe field of 45 acres will produce 250 crates and here is shown up in fine shape.

The sixth is a view of one of the 750 horse power gas engines of the irrigation plant which are the largest in the world used for this purpose.

The seventh was taken on the valley place north of town showing the house almost hidden in the crop and also the fine orchard.

The fifth and eighth are typical views of the motor driven irrigation wells, showing the small amount of time required to pump up and the alfalfa fields in the background.

The ninth is a view of Buchanan Bros. farm showing the building, orchard and crop consisting of sweet potatoes, onions, corn, etc.

The tenth is a picture of the road depot with the traffic employees at work.

Company M to Drill

The fifty dollars prize money of company M at Deming is being used to equip a gymnasium and make the armory otherwise suitable for the members. The rifle range north of town has been put in good condition and awaiting for state honors will be in the near future.

The officers have promised to give an exhibition drill, setting bayonet exercise at some place perhaps on the court lawn. The boys made a showing at Deming and this will give the citizens an opportunity to see the fine shape the company is in.

Want Thanks Democrats

Gentlemen:
I want to thank the Democrats of the county for the honor conferred on me in the primary, and will assure that if elected will do all in my power to fulfill my platform duties. Yours most sincerely,
R. G. Bryant

Produce Buyer Here

Thomas C. Edwards of Alvin, Texas, a produce buyer, was a Portales visitor last week and looked over the valley with a view of establishing an agency here which would pay cash for our products before they are shipped. Of the things that can be done to aid development this is one of the most needed.

He left Saturday for other points in the western part of the state being very favorably impressed with what he saw here, and expects to return later and go over the proposition thoroughly.

He said in part as follows: "You have a fine country here and a soil so rich that no man could ask better. What crops I have seen look good. Some of your farmers are bound to be making money for they are working along scientific lines and are making good."

"My experience is that it is not a good idea to cut the irrigated land into tracts that are too small. Twenty acres will do but forty is better. In this way a man can diversify and not raise too much of any one thing. If for some reason there is an off year in some product either in the market or in the growth, there is a variety to fall back on." "Our season in south Texas is over before yours begins and your products coming when they do should bring a good price."

Baptist Notes

Last Sunday was a good day with our churches. Good attendance is Sunday school and at the morning preaching. We are delighted with the continued interest in our Sunday school. If we only had a few more good teachers our school would be up to the number one standard. A good service was preached by the presiding elder on the "Second Coming of Christ" at the Methodist church which was well attended. There was some good singing by the male quartette. Services next Sunday, Sunday school at ten o'clock. Subject for the morning, "The Body of Christ."

I desire every member shall be present, as the message will be more especially to the church. Union services at the Baptist church in the evening under the auspices of the W.C.T.U. Every body cordially invited to worship with us. You are welcome.
W. E. DAWN, Pasture.

Male Quartette Entertained

Dr. R. L. Hough, F. R. Smith, Carl Graff and Geo. Beatty, composing the male quartette, were delightfully entertained by Mr. and Mrs. G. W. Carr, and Mrs. Lula Stone Thursday evening. At seven o'clock a six course dinner was served by Mr. and Mrs. Carr and later a musical program was rendered at the home of Mrs. Stone.

Republican Convention

At the Republican convention held in Portales last Thursday, C. A. Coffey of Elida was nominated as the candidate for the legislature. The following delegates to the state convention were named: Capt. T. J. Molinari, S. F. Anderson, C. A. Coffey and W. N. Scaggs.

H. B. FERGUSSON ENDORSED

Prominent Democrats to Attend Convention at Albuquerque

R. G. BRYANT DEFEATS JOHNSON

Fourteen Delegates From This County With 1-2 Vote Each

The Democratic convention met Wednesday and canvassed the returns of the recent primary. Two precincts were not in but those counted gave R. G. Bryant 468 and Carl Johnson 86.

The following prominent Democrats were named to attend the state convention at Albuquerque on August 17:—R. G. Bryant, T. E. Mears, J. A. Fairly, Coe Howard, J. B. Priddy, J. S. Pearce, J. P. Williams, B. B. Greathouse, A. J. Evans, A. A. Beeman, D. K. Smith, W. E. McGill, N. A. Vaughtner, Ed Johnson. We are entitled to seven delegates so each of the above named will be entitled to one-half vote.

The administrations of President Woodrow Wilson, Governor William C. McDonald, and the course of Hon. H. B. Fergusson in congress were heartily endorsed. Mr. Fergusson was also endorsed as a candidate to congress to succeed himself.

In the reorganization W. H. Braley who was recently elected committeeman in the Portales precinct was elected temporary chairman. A. D. Smith of La Lande was elected temporary secretary.

Sunday School Picnic

Sunday August 16 the Sunday schools in the vicinity of the Oklahoma school will hold a picnic at that place. There will be dinner on the grounds and a program has been arranged.

Control of Bean Lady Beetle

We are in receipt of a press bulletin from the New Mexico agricultural experiment station which says in part. The Bean Lady Beetle is now making attacks upon the beans in various parts of the state. This is the only injurious species of the lady beetle in this section and may be recognized by the brown color and the sixteen black spots on the wing covers. The young are yellow and very spiny.

Control measures now point favorably to spraying with lead arsenate, using four to five pounds of the paste to fifty gallons of water, or two and one-half pounds of the powder to a like amount of water.

Methodist Church

Church services and Sunday school was well attended last Sunday. Rev. J. H. Messer, our presiding elder preached at the evening hour to a large and attentive audience. The service at night was a union service of all the churches. Next Sunday night there will be union service at the Baptist church under the direction of the W.C.T.U.

There will be Sunday school at 10: a. m. and preaching at 11: a. m. at the Methodist church next Sunday. A welcome is extended to all to attend our church.
A. C. BELL, Pastor.

Congressman H. B. Fergusson who was endorsed for re-nomination at the Roosevelt county Democratic convention Wednesday.

Inspection Trip

Ed J. Neer, one of the real good roads boosters, who, with A. A. Beeman of Elida has been appointed organizer of the good roads association in Roosevelt county, took a party including Commissioners Molinari and Wall, and Foreman Williams, in his Marion car to inspect some of the roads south and west of Portales.

One of the places inspected was the fill made in the road leading to the southeast country, raising it above the high water mark where it crosses the draw.

This is the road over which most of the grain which comes into Portales must be hauled. The grain crop will be the largest perhaps in the history of the county and with a little more work this road will be in good shape for its movement this fall.

Praises Country

M. A. Wall a prominent farmer of Greer county, Oklahoma, who has been visiting his uncle, Ed Wall of Elida, was in Portales this week. He is amazed at what he has seen and thinks we have a fine country.

Presbyterian Church

Rev. Hugh M. Smith has returned and will fill his pulpit next Sunday. All the members of the Sunday school and congregation are requested and urged to be present both at Sunday school and at the preaching service. A cordial invitation is extended to all to worship with us.

Clean Up and Fly Campaign

How are your premises? Are they ready for that picture? We will be around some time this week and take the most promising pictures that we find whether very clean or very dirty. A prize will then be given for the nearest estimate of locations.

The show on flies will be given at the coay during the week commencing the 25th. Watch for it.

Mr. Beaver, the Coay man, has already taken in over two bushels of flies from children, giving them admission to the show for 1-2 pint of flies. Isn't this something to thank Mr. Beaver for? Go around and show your appreciation, and tell him it is appreciated.

How are the flies around your premises now? Any less? Look for the dirt and see if there is a breeding place, and clean out, place lime there and lessen the danger.

BOARD SHOWS ENTHUSIASM

Commissioners Wall and Molinari Praise our State Officials

ANXIOUS FOR FRENCH TO COME

Wall and Kinsolving getting Good Results Between Elida and Delphos

The Roosevelt County Road board met Monday and transacted the regular business. Ed Wall of Elida, chairman, and Capt. T. J. Molinari, secretary, of Portales were present. B. W. Kinsolving member from Elida being absent.

Chairman Wall and Capt. Molinari were loud in their praises of Gov. William C. McDonald and State Engineer James A. French and of the treatment and courtesies extended by the state officials to the Roosevelt County delegation while at Santa Fe.

We realize that Roosevelt county has not received the amount of state money for road purposes in proportion to what is being spent in other parts of the state but we have been promised a sum equal to the sum the county will spend sufficient to build the State Highway.

This is to be constructed under state supervision, except where the work is light. At present Commissioners Wall and Kinsolving are making good progress between Elida and Delphos, a piece of road which does not require a great deal of work to put in good condition.

The portion of the highway between Portales and Clovis will be the most expensive as it is necessary to cross the sand hills. The plan and profile has been partially completed and is being held subject to Mr. French who promised our delegation that he would be in Portales in about two weeks.

The members of the road board who, by the way do not receive any recompense for their services except actual expenses incurred in the discharge of their duties, are showing great enthusiasm and organizing the road movement all over the county.

The citizens also are alive to the situation and when Mr. French comes to this county he will be received by a delegation of good roads boosters second to none in the state.

W. C. T. U. to Meet

Local organization W. C. T. U. will hold first quarterly meeting at the Baptist church August 16th, 8 p. m.

County Teachers' Association

At the general assembly period of the Roosevelt County Institute on Tuesday morning, July 7, the Roosevelt County Teachers association had a general business meeting.

Election of officers was the first thing considered. Jeb S. Long, superintendent of the Portales schools who has proven his splendid executive ability as president of the association for the past year was unanimously re-elected to fill the same office for the year 1914-15.

The following vice presidents were elected: Miss Heaster Kinnsmore, J. H. Kelsa, R. A. Palm and J. H. Russell.

The secretaries elected are, Mrs. George L. Reese, J. R. Shock, J. D. Cyphers, Miss Wille Mae Culbertson and the teacher who shall be employed to teach in the Elida school.

The association voted to hold three county institutes during the school term of 1914-15.

The first will be held the 2nd Friday and Saturday in October, at Portales, New Mexico, the second, the 1st Friday and Saturday in January at Taiban, New Mexico, and the third, the 1st Friday and Saturday in April, at Elida, New Mexico.

There were one hundred twenty-five teachers present at this business meeting of the Teachers association, all of whom seemed eager to do their part in making the association a splendid success for this year.

All teachers are expected to attend these meetings and a move is on foot to get an arrangement with the trustees all over the county by which teachers will be allowed to attend these institutes and still draw their salary for the days they are in attendance at such institutes.

The president appointed the officers as a committee to help in preparing the programs and the first program will be published at an early date.

Girls Win Prizes

Miss Beesie Dickbreder of Portales won first prize in the "Essay Contest" among the high school pupils of New Mexico, subject, "The Advantages of an Education in the New Mexico State College."

Miss Maud Copeland is tied with another contestant for third prize. These young ladies and the high school faculty are to be congratulated on their success. Our schools are not surpassed by any in the state.

Card of Thanks

We want to thank our neighbors and friends for their many acts of kindness and words of sympathy during the recent illness and death of our darling little daughter and sister. Her death is a great calamity to us and we are crushed and sad and broken-hearted over it, but your sympathy and kindness are helping us to bear our afflictions and we thank you most heartily for them. Assuring you of our undying friendship, and bowing submissively to the Master's will, we are,
Yours most cordially,
HUGH M. SMITH, and Sons.

The vote at the recent primary was decidedly in favor of Bryant and the chances are that he will meet with little opposition at the November election.

The European war continues without any signs of abatement and may extend to Canada. As an indirect result the prices of food stuffs have already advanced in this country.

The moving pictures taken here last week for the Panama exposition will be a great advertisement for the county and will bring returns many times in excess of their cost.

HOW TO GET STRENGTH
after any sickness is purely a matter of nourishment, whether the attack was an ordinary cold or severe illness; the weakened forces cannot repulse disease germs, and this is why a relapse is so often fatal or why chronic weakness often follows sickness.
Restoring strength to millions of people for forty years has proven the real need for taking Scott's Emulsion after any sickness; nothing equals it—nothing compares with it. Its pure, medicinal nourishment, free from alcohol or opiates, promptly creates rich blood, strengthens the nerves and lungs to avert tuberculosis.
