BIG EDUCATIONAL MEETING

Teachers From All Over County Turn Out To Interesting Meeting.

PROMINENT EDUCATORS ATTEND

Educational Conditions Here Second To None In the Entire State.

The Roosevelt County Teachers association meeting held at Elida on April 9th and 10th was attended by a large number of teachers from all parts of the county.

Dr. Frank H. H. Roberts of the New Mexico Normal university at Las Vegas, and Myron B. Lugibihl of Silver City, two of the foremost educators in the state, were present and aided greatly in the success of the association.

We regard our own county as second to none in the state in educational work and naturally the meetings of the teachers association are full of interest and helpful to the teachers. The resolutions passed are published elsewhere in this issue.

The following teachers were present: Supt. S. F. Culberson, Supt. J. B. Long, Miss Hester Kinamore, Dr. Frank H. H. Roberts, Prof. Myron R. Lugibihl, C. Evans, L. L. Brown, Zelica Shaw, Mrs. Monte Chavers, J. W. King, Edwin G. Taylor, J. R. Shock, Wesley Rogers, P. M. Fortner, Elmer Dye, Miss Roma Broyles, Mrs. Altha Lewis, Miss Georgia Gilliam, Lillian Gilliam, Maude West, Marguerite Patterson, Clara Lewis, H. O. Thomas, Mary Branham, Carl Reed, Annie Thomas, Ida Johnston, Lottie Smith, Rhea Robbins, Ethel Forbes, Mrs. Mary D. Baker, Rose Kimbrell Murphy Wallis, Hazel Reed, Pryor B. Timmons, J. V. Beller, Maude Copeland, Mrs. Fred Kennedy, J. W. Russell, Mrs. B. B. Nash, Gertrude Goode, Pauline Anthony, Mrs. Roach, Miss Bessie Partin, Maude Wallace, Anna Boucher, Clyde Boucher, Lillian Marshall, Doris Reed, Nora Keller, Mrs. George Dye, Montana Grinstead, Mrs. Lela Hobson, Miss Leona Forbes, Ada Cox, Sallie McGee, and Mrs. Geo. L. Reese.

Mens' Meeting

The Mens' meeting held on Sunday afternoon continues to grow in interest and attendance. The large attendance has made it necessary to increase the seating capacity and next Sunday there will be plenty of chairs for all.

The program for last Sunday was not completed but will be completed next Sunday. It was decided after next Sunday to select only one topic for discussion so that it may be discussed more thoroughly.

Santa Fe Officials Here

T. H. Sears, general superintendent, of Amarillo, T. J. Evans division superintendent, of Clovis, and Thos. Gallaher traveling freight and passenger agent, Santa Fe officials were here on an inspection trip Tuesday.

Indications are good for a bumper crop of peaches and apples in the Portales Valley this year.

BUSINESS OUTLOOK GOOD

Desirable Business Houses of Town Are Now All Occupied.

BUSINESS MEN ARE OPTIMISTIC

Increasing Their Stocks and Branching Out With New Lines of Goods.

The spring of 1915 has come with a most promising outlook for Portales. Business here depends in a large measure on the success of the farmers and stockmen. The past year has been a most successful one for them and as a result business houses are doing largely a cash business and have collected large amounts.

Every desirable business house is occupied or will be in a few days. Many changes are contemplated. If conditions continue to improve the next few months as they have in the past, and another good crop is made there is going to be an era of prosperity such as has never been in this country before. The conditions and the prospects of even better conditions have made the business men optimistic. They are increasing their stocks and branching out with new lines.

R. E. Curd went to Dallas, Texas, recently and bought a large assortment of furniture, dishes and other household necessities etc. Mr. Curd believes there is going to be quite a demand for such goods and he has prepared to meet it.

The new grocery company of which J. P. Deen is manager has Chas. Ison and a force of men at work putting in new shelving and fixtures. No expense is being spared to make their new storeroom in the Oldham building the most up-to-date and sanitary in the state.

Successful Portales Boy.

Prof. Frank M. Culberson, son of Mr. and Mrs. R. Culberson, has been appointed instructor in science in the New Mexico Normal University at Las Vegas. He is yet very young and his appointment to this important position shows that he is destined to become one of the foremost educators in the state.

Midway School Closes.

The term of school in district No. 8 in the Midway precinct near Texico, closed last week. This is one of the largest rural schools in the county and the past term has been a very successful one. There were some 60 pupils enrolled under the two teachers, Miss L. E. Dupuy and Miss Hazelwood Moore.

Improving Residence.

H. C. McCallum is improving his residence in the south part of town by the addition of two rooms. This will make Mr. McCallum one of the nicest homes in town.

Deputy County Clerk Guy P. Mitchell, Saturday issued marriage license to Ed Douthitt of Dereno and Miss Mae Alexander of Tolar. The couple were married by Rev. A. C. Bell at the Methodist parsonage, Sunday afternoon.

I. O. O. F. ASSOCIATION HERE

Meeting of All Lodges In Roosevelt and Curry Counties On April 26th.

APPROPRIATE PROGRAM ARRANGED

Order In Thriving Condition and Many Visitors Expected To Attend.

The Roosevelt-Curry county Odd Fellows anniversary celebration will be held in Portales on Monday, April 26th. The Roosevelt Curry county association includes the seven lodges in the two counties, namely: Talban, Melrose, Clovis, Texico, Elida, Minco and Portales. This will be the 96th anniversary of the foundation of Odd Fellowship.

This association was organized in 1911 and the meeting for that year was held in Portales. G. V. Johnson, former owner of the Portales Times, and a prominent Odd Fellow, was instrumental in the organization of the association. This annual event is looked forward to with interest by the Odd Fellows of the two counties. The Rebekahs also take an active part in the celebration.

The different committees of the two local lodges are hard at work making preparations to entertain the visitors. They have prepared a very appropriate program and expect a large crowd, especially from Elida and Minco. The speakers on the program include the ablest Odd Fellows and Rebekahs in the two counties. An elaborate banquet will be served at the Portales hotel.

The Odd Fellows and Rebekahs try each year to make the meetings of this association surpass the one of the previous year. These orders in these two counties are in a flourishing condition and are growing rapidly.

Great Day At Upton.

Last Sunday was a big day at Upton. Dr. Frank H. H. Roberts, president of the Las Vegas Normal school, accompanied by County Superintendent Mrs. S. F. Culberson, was there and preached at 11 a. m. and delivered an educational talk in the afternoon.

Large numbers of people from the adjoining communities were present and the crowd was estimated at about 250. The Upton people are and should be proud of their new school house, where the meeting was held.

The hospitable people of Upton prepared an elegant dinner greatly to the delight of the visitors. Taken all in all it was a great day with the Upton people and perhaps the greatest celebration ever held there.

The County Unit Law.

County Supt. Mrs. S. F. Culberson is not ready to give her opinion about the new county unit tax law. She said that she had not yet received a certified copy and had not been able to study it completely, but from what she has learned is inclined to believe it will not, as a whole, be a benefit to educational work in this county. There are some provisions, however, which she thinks are good.

CATTLE QUARANTINE LIFTED

Governor McDonald Removes Restrictions On Three Border States

RECOMMENDED BY SANITARY BOARD

Many Homeseekers Waiting On Texas Line To Come To Land of Sunshine

Governor McDonald on Tuesday issued a proclamation lifting the state quarantine on live stock and commodities as regards the states of Texas, Arizona and Colorado, to take effect today. The action was taken on the recommendation of the cattle sanitary board and permits free interstate movement of live stock and commodities from the states mentioned above into New Mexico as provided by the statute.

This action was taken after an investigation had been made and it was found that there had been no infection from the foot and mouth disease in any of those states. This action of the chief executive will be received with great appreciation over the state as business has suffered greatly during its existence.

We have been informed that there are many homeseekers coming overland and bringing their stock, waiting on the Texas state line east of here for the quarantine to be lifted. This news will be good news for those people.

Conditions in the cotton growing sections of Texas and Oklahoma are causing many emigrants to come to the Land of Sunshine. Some are coming to take up government land, buying and many are renting.

Success of Former Portales Teacher

Miss Grace Foglesong has become a noted German instructor in one of the leading schools of Idaho. It was well known that Miss Foglesong would one day become a distinguished teacher in whatever line she should specialize, while she was serving her initiate in the Portales schools, some two or three years ago. She was the leading spirit in the high school, and her influence is yet felt and noticed with her former pupils.

She spent one summer in Wisconsin specializing in German since her departure from Portales and will spend this coming summer at the same college.

The German department in the school where she now is saw only twenty three enrolled in that department the first year while this last year, or second year under Miss Foglesong the enrollment was seventy three. Operettas are in vogue and public entertainments given wholly in German by her pupils.

Prominent Mason Here

J. J. Kelley, of Silver City, Masonic grand lecturer for the Jurisdiction of New Mexico and one of the most prominent Masons in the state came in Monday and will spend several days here assisting Portales Lodge No. 26 in perfecting their work.

Previous to coming here he spent several days at Elida instructing the members of that lodge.

WHY NOT A DEMONSTRATOR?

Many Counties In New Mexico Have Hired Stock and Farm Experts.

IT IS TIME FOR ACTION NOW

Three-fourths of Expense Paid By State and Federal Government.

A few years ago theory in farming and stock raising was not looked on with favor but in this progressive time when it is desired to make every acre yield the greatest amount and with the high price of cattle and hogs and the general demand for better livestock, the demand for theory combined with practical farming has been steadily increasing.

Many of the counties in New Mexico have already hired farm demonstrators, expert trained men who have the knowledge to give valuable assistance to farmers and stockmen. Eddy county is the latest to put in an application. So anxious were they that they made application by telegraph. The question is now being agitated by the people of Curry county.

Conditions in the above named counties are very similar to our own and certainly what is good for them should be considered for us. We understand that these demonstrators are paid one-half by the federal government, one-fourth by the state, and the remaining one-fourth by the county.

This being so, the cost would not be heavy on Roosevelt county. It will not be a great while until the county commissioners meet and the tax levy is made for 1915. This should be considered before that time. The numbers of demonstrators who will be placed in New Mexico are limited and action should be taken immediately. This is a time when a live commercial club and some live farmers' organizations would be of great assistance.

Coleman-Fifield.

Last Friday evening at eight o'clock Rev. Ralph D. Fifield of Texico and Miss Elsie Coleman of Minnesota, were married at the church in Farwell. The church was beautifully decorated and the seating capacity would not accommodate the people. A simple ring ceremony was performed by C. W. Lambert, pastor of the Christian Church, of Clovis.

Mr. Fifield has recently taken the work as minister of the Christian Churches of Farwell, Portales, and Melrose and has already a large number of friends in these places who are glad to welcome his helper and to wish them success and happiness in their new work.—Clovis Journal.

New Residence.

Coe Howard has about completed a modern five-roomed bungalow almost opposite the residence of C. V. Harris. The house is equipped with all the modern conveniences, is very nicely designed and a credit to our growing city. Chas. Ison did the carpenter work and Chas. Goodloe the papering and painting.

TIME TO PLANT AND CLEAN UP

Plenty of Room For Civic Improvement In Portales.

THE FLY CAMPAIGN IS NOW ON

This Movement Is Worthy of Co-Operation of Every Citizen In Town.

Now is the time to begin painting and general cleaning up. This is a movement in which every citizen can co-operate and do his part. The past year has seen many of the unsightly buildings removed and it has greatly helped the looks of our town. The Herald-Times proposes in the near future to publish some special featured articles on painting and cleaning up.

Everyone should have his fly trap in operation now as the large flies are coming. If these are caught it will materially lessen the oncoming troop. See to the back yard and place the trap where the greatest number of flies accumulate. Let us see that Portales is a flyless town this year. The beginning made last summer was momentous and Portales did not even boast of a full fledged case of typhoid fever therefore besides the annoyance of flies, this protection is a saving of life, misery and money.

Let everyone lend a hand. It is a disgrace to see flies around. Bedbugs would be no more disgraceful than flies, and as we found out so well last summer how to combat them, we can keep them away this year with much less effort.

To Teach at Silver City

Prof. J. S. Long, superintendent of the Portales schools, has been engaged for the important work of instructor in education and science in the summer term of the Silver City normal school which commences on May 31, and lasts for eight weeks.

This position came entirely unsolicited on Prof. Long's part and his appointment to this important position shows his standing as an educator over the state.

More Broom Corn.

During the past ten days enough broom corn to load several cars has been hauled to Portales. It was thought that practically all of last year's crop had marketed, but this shows that the crop has exceeded expectations.

Good Attendance Sunday.

The churches in Portales were well attended Sunday. The campaign instituted for better church attendance brought good results and was the cause of many turning out who had not been to church for several months.

Buy Registered Stock

Wm. Littlefield and son George who have a big ranch 12 miles west of Elida this week bought from the Williamson-Oldham cattle company four registered Hereford bulls at the fancy price of \$200 each. This seems like a big price, but it is not when the value of this stock is considered. The Littlefields are old time cowmen and are going to breed up their herd.

INSURANCE OPERATIONS

CARRIED ON AT A LOSS IN NEW MEXICO LAST YEAR.

That Companies Paid Heaviest Losses in 1914 for Twenty-One Years is Shown by Commission Report.

Santa Fé.—Not for twenty-one years were fire insurance companies called upon to pay losses as extensive as those paid in New Mexico in 1914. This is shown by the report of the state corporation commission for the last year. In 1893 the ratio of losses paid to premiums collected was 96.1, and in no year from that time until 1914 did it exceed 77.8, the loss ratio in 1899. In the majority of the years the fire insurance companies enjoyed a good margin; in 1900 the loss ratio was only 16.9. From 1913 to 1914 the loss ratio advanced nearly thirty-five per cent, the percentage in the former year having been 54.2, and last year 89. The losses last year amounted to \$502,235, and the premiums to \$666,377.

More fire insurance was written in New Mexico in 1914 than in any year in the history of the state. The total that year was \$43,250,660. Last year's total—\$36,507,822—was the smallest in the last four years. The average premium rate in 1914 was 1.55, as against 1.50 in 1913.

To Test Traveling Auditor Law.

Santa Fé.—All the laws passed during the last day of the Legislative session, from noon Friday, March 12th, to the following noon are to be tested in court as a result of the action of State Traveling Auditor Howell Earnest in refusing to turn over the office to his successor, A. G. Whittier, appointed traveling auditor by the state auditor under a law passed in the closing hours of the session. The result is expected to be in the nature of mandamus proceedings immediately or at the end of the month when demand is made for salary by the officials.

Taxpayers to Aid Commission.

Albuquerque.—Organization of a New Mexico Taxpayers' League upon a non-political basis and for the purpose of assisting the recently-created state tax commission in reaching a solution of taxation problems in this state was launched here by a group of prominent business men. It is proposed to organize branches of the league in all the larger towns of the state and in each county.

Union County Woman in Prison.

Santa Fé.—Mary Goodin, aged fifty-four, a rancher, who terrorized her neighborhood with a shotgun in Union county was lodged in the penitentiary to serve two years. Michael Jones, a wooden-legged road supervisor, who she last threatened and who could not run, blarneyed her out of shooting him. Her arrest and conviction followed.

Corporation Commission Hearings.

Santa Fé.—The state corporation commission has called hearings in connection with telephone rates and service in San Juan county, at Farmington and Aztec on April 21. The commission also has called a hearing in reference to road crossings at Mesquite and Hatch, at Las Cruces on April 15.

Resigns From Prison Board.

Santa Fé.—George H. Ulrich, of Carrizozo, now a member of the state tax commission, has tendered his resignation as a member of the board of commissioners of the state penitentiary to Governor McDonald.

Large Increase in Auto Tax.

Santa Fé.—That since January 1 thirty-six more automobile licenses have been issued than were issued during the entire year of 1914 was announced by Secretary of State Antonio Lucero. The total number of licenses issued so far this year is 3,120, while last year's total was only 3,084. It is believed that many more will be issued before the end of the year and that this year's revenue will show a large increase over last year.

CONSUMING PUBLIC DEMANDS THE BEST

Withdrawal of Advertising Would Not Decrease Cost Because of Fewer Sales.

The editor of the Peoria (Ill.) Herald Transcript recently received the following letter signed "Non-Advertiser":

"I note what you say in a recent editorial about \$600,000,000 or \$700,000,000 being spent annually in this country for advertising. If this vast amount of money were not thus spent would not the consumer be relieved proportionately? Does not the consumer really pay the cost of advertising?"

In answering the question propounded, he showed that while the consumer ultimately paid the cost of advertising, the money invested was highly profitable for the merchant.

"The consumer pays all costs eventually. Wages, costs of materials, fixed charges, profits and everything else come out of the consumer. The consumer never has been under the slightest delusion respecting his function as the exclusive paymaster of civilization. He also pays for advertising."

The suggestion, however, that if appropriations for advertising were suddenly withdrawn, prices of advertised commodities would be proportionately reduced, is not based upon sound principles of political economy. Prices represent values which sellers place upon their commodities. They are determined generally by the ratio between demand for and supply of commodities considered with reference to the supply of gold, furnishing a basis for credit.

"Advertising stimulates the demand for commodities, and therefore the withdrawal of advertising would result in a falling off of the demand. If advertising does not increase sales, it is a good guess the progressive and successful merchants of the country would not spend millions of dollars to hold the attention of the public."

"Life is steadily becoming more complex. Standards of living are rising. The luxuries of yesterday are the necessities of today. People whose patronage makes a mercantile business successful want to be up-to-date, and they are willing to pay for the privilege. Years ago, a housewife would be satisfied with two kinds of soap—a crude kitchen soap and some kind of toilet article. Today, even in families of moderate means, there may be found a half dozen kinds of kitchen soaps and soap powders and as many kinds of toilet preparations. These are not absolutely necessary, but they are wanted. The demand for an article does not yield to minute analysis. The fact that the public demands and is willing to pay its money for a commodity is sufficient."

"People buy the things that are advertised. This fact cannot be successfully disputed. Moreover, they have been taught to believe that merchants who advertise special sales and who keep their stock moving are in position to offer fresher goods and better bargains than the merchant who waits for 'something to turn up' and who complains because his more successful competitors are taking business away from him."

"If all commodities purchased were the bare necessities of life, extensive advertising would be of little value, but the fact cannot be denied that profits do not come from necessities; they are from the sale of things which are not actually needed for physical existence. A woman could get along without a new Easter hat, but she will not and does not."

"The consuming public is becoming particular. It craves new things, and demands them in season. Herein consists the cream of the mercantile business. The newspaper brings the producer or distributor into close touch with the consumer—it is a market-maker."

"The successful merchants of today are big advertisers. They are not content to say to the public, 'Our store is at 100 A street,' but they say, 'We will sell a certain commodity on a certain day at a certain price; we are willing to cut our profits if we can dispose of this line at once.' The public is disposed to believe that a merchant who has nothing to say must have something to conceal."

"If advertising were withdrawn, sales would fall off, standards of living would decline and prices would fall, although not proportionately to the withdrawal of advertising. The primary reason that nearly \$700,000,000 is spent annually in this country for advertising is that it pays. Moreover, merchants who spend the money are experts on what pays and what does not. They are seeking new fields in which to advertise, and are increasing their outlay for publicity. Non-advertising merchants are the reactionaries of business. In an earlier period they probably could be found arguing against labor-saving machinery."

New York women have gone in for economy. They are purchasing their provisions personally and carrying them home in taxicabs.

A statistician figures that this country spends \$208,000,000 a year for cereals. One way to cut down this unnecessary expense is to stop drying.

School Notes.

The pupils of the fifth grade gave their production of Hiawatha at the Cosy Tuesday night. There was a large crowd in attendance and all seemed to enjoy the play.

The photographer was down Tuesday and made a few more group pictures for the Annual.

Dr. Roberts of the Normal University was up at school a few minutes Monday, but had to leave before assembly in order to catch his train. However, many of the students who have attended the Normal University were glad to have him with us, and hope that he may come when he will be able to give more time.

Commencing last Monday school begins at 8:30 instead of 9:00 as formerly. Most of the students like this arrangement, as it gives them so much more time in the evening for practice on their plays, and also on athletics.

There was no school last Friday on account of the teachers going to Elida to the teachers association.

The contest in the Sophomore Botany class closed last week. The grades were close.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free.
Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

THE MAN WHO WINS.

The man who wins is an average man; Not built on any particular plan; Not blessed with any particular luck; Just steady and constant till full of blood.

When asked a question, he does not "guess"—He knows, and answers "No," or "Yes."

When set a task the rest can't do, He buckles down till he's got it through.

So he works and waits, till one fine day

There's a better job with bigger pay; And the men who shirked whenever they could, Are bossed by the man whose work made good.

For the man who wins is the man who works; Who neither labor nor troubles shirks; Who uses his hands, his head, his eyes— The man who wins is the man who tries.

From Copenhagen comes information which will be received with interest by all who are alert to electric progress. Professor Hannover, president of the Polytechnic academy of that capital, is asserted to have invented an electrical accumulator that has five times the capacity of the accumulators now in existence without any increase over them in size and weight. He uses porous lead alloy sheets, the capacity of which is increased by perforating them with millions of microscopic holes. Professor Hannover's accumulator, while it is likely to be more expensive than those now in use, will be most valuable for aeroplanes and submarine boats and in lighting railroad trains.

NOTICE OF PENDENCY OF SUIT

In the District Court of Roosevelt county, New Mexico.
W. J. Gerard, Plaintiff,
vs.
No. 1099
Benjamin H. Tallmadge, Andre Roosevelt, and Adelheid Roosevelt, Defendants.

The State of New Mexico: to Benjamin H. Tallmadge, Andre Roosevelt, and Adelheid Roosevelt, defendants: Greetings: You and each of you are hereby notified that a suit has been filed in the District Court of the fifth Judicial District of the State of New Mexico, in and for the County of Roosevelt, against you by the above named plaintiff, styled and numbered on the Civil Docket of said court as above.

The nature and objects of said suit is to collect an indebtedness in the sum of \$1572.80, with eight per cent per annum interest thereon from Oct. 1st, 1908, until paid, and ten per cent additional on the sum due thereon as attorneys fees, and the additional sum of \$75.00, as taxes paid on the lands herein after described, all of which indebtedness is alleged the defendant, Benjamin H. Tallmadge, whose name is also signed B. H. Tallmadge, but who it is alleged is one and the same party, said indebtedness being assumed on account of the purchase of said lands from The Blue Rapids New Mexico Land Company, a corporation organized under the laws of New Mexico, by said defendant, Benjamin H. Tallmadge, and assuming the said described indebtedness, and it being alleged that the defendants, Andre and Adelheid Roosevelt, claim some interest in said lands, same being described as the S 1/2 of Sec. 3 in Twp. 3 South Range thirty-six (36) East N. M. P. M., and further for a foreclosure of a mortgage executed by the said The Blue Rapids New Mexico Land Company, to the Santa Fe Land Improvement Co., which it is alleged is a lien on the said above described lands in the sum of \$1572.80 with 8 per cent per annum interest thereon from Oct. 1st, 1908, the date of the execution of said mortgage, which stipulated for the payment of ten per cent additional on the sum due thereon as attorneys fees; which mortgage as effecting the above described lands has been duly assigned by said Santa Fe Land Improvement Company, to this plaintiff, and which mortgage further stipulated that all taxes paid by said mortgagee or its assignee should be a lien on said lands, covered by said mortgage, and that all said defendant's interests in said lands are inferior to the lien of the plaintiff for all said sums, including all interest, attorneys fees, and taxes paid and costs of this suit.

You and each of said defendants are hereby notified that unless you enter your appearance in this action on or by the 22d day of May, 1915, judgment will be rendered against you by default and the plaintiff be given the relief demanded in his complaint.

You are further notified that T. E. Mears is attorney for the plaintiff and that his business address is Portales, New Mexico.

In witness whereof I have hereunto set my hand and seal as clerk of said court on this March 31st, 1915.
C. F. MITCHELL, Clerk.

"Bull" Durham an International Favorite

Smokers of experience and discrimination the world over obtain year-round, daily enjoyment from "Bull" Durham tobacco. Men prominent in the social, business and public life of many nations find supreme tobacco satisfaction in the deliciously fresh, mild cigarettes of unique savor they roll for themselves, to their individual liking, from this wonderfully pure, mellow tobacco. Their distinguished example has made it correct, smart, fashionable to "Roll Your Own" upon every occasion.

GENUINE "BULL" DURHAM SMOKING TOBACCO

There is no purer, milder tobacco in the world than "Bull" Durham—none other with such a sweet, mellow, irresistible fragrance. This rare, balmy aroma is as delicate and elusive as it is distinctive and pleasing, and can only be retained and enjoyed in the fresh-rolled cigarette.

"Bull" Durham hand-made cigarettes afford wholesome enjoyment and lasting satisfaction to more millions of men than all other high-grade smoking tobaccos combined.

FREE An illustrated booklet, showing correct way to "Roll Your Own" Cigarettes, and a Package of cigarette papers will both be mailed free, to any address in United States on postal request. Address "Bull" Durham, Durham, N. C.

LOOK OUT FOR THE CARS

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign roll away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise." Your store and your goods need more advertising than the real-estate man needs to warn people to "Look Out for the Cars." Nothing is ever completed in the advertising world.

The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headaches to boot, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thudford's Black-Draught, and quite within other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me. I haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me." Thudford's Black-Draught has a found a very valuable medicine for ailments of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest. Big Plant Starts.

The big plant of the Portales Power and Irrigation Company started today. The coming season promises to be the most successful one in the history of the plant. S. E. Ward, the manager, has had the machinery thoroughly overhauled and put in the best possible shape.

Many farmers in the Valley have removed their gasoline engines and are going to use electric power this year and several others are contemplating doing so. They realize that it means something to have dependable power, besides, it is much more convenient.

THAT COLD YOU HAVE

may bring sickness, doctors' bills and loss of work; you know that serious sickness usually starts with a cold, and a cold only exists where weakness exists. Remember that.

Overcome the weakness and nature cures the cold—that is the law of reason. Carefully avoid drugged pills, syrups or stimulants; they are only props and braces and whips.

It is the pure medicinal nourishment in Scott's Emulsion that quickly enriches the blood, strengthens the lungs and helps heal the air passages.

And mark this well—Scott's Emulsion generates body heat as protection against winter sickness. Get Scott's at your drug store to-day. It always strengthens and builds up.

Nash Buys Cattle

J. P. Nash, postmaster and general merchant at Floyd recently bought from Jordan and Horney twenty-five heifers. They are high grade Durham and Hereford stock. "There are no better ones in the county" says Mr. Jordan.

Many Applicants

There were eleven applicants for the position of rural mail carrier at Elida who took the civil service examination conducted by Postmaster C. O. Leach at the court house here last week. Nine were from Elida and two from Portales.

Revival Meeting

A revival meeting will begin at the Central Christian Church next Monday evening. Preaching by the pastor.

Good singing; inspiring sermons; short services.

The singers of the town are invited to assist with the music; members of the church are urged to attend every service; members of other churches cordially invited to help; the public especially invited. Come.

"IN A BAD WAY"

Many a Portales Reader Will Feel Grateful for This Information. If your back gives out; Becomes lame, weak or aching; If urinary troubles set in; Perhaps your kidneys are "in bad way."

Don't delay—use Doan's Kidney Pills.

Here is good evidence of their worth. L. R. Berry, P. O. Box 684, Clovis, N. Mex., says: "Some time ago I suffered from an attack of sciatic rheumatism, brought on, I believe, by the large amount of uric in my system. It crippled me quit a bit for some time. One box of Doan's Kidney Pills brought much relief."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Berry had. Foster-Milburn Co., Props., Buffalo, N. Y.

Resolutions of Teachers Association

At the close of the association the following resolutions were submitted and approved. "We the resolution committee for the Roosevelt county Teachers Association beg leave to submit the following"

1. We extend our hearty thanks to the people of Elida for their kind hospitality to us during this meeting.

2. We wish to thank Myron B. Lugibihl, of Silver City, and Dr. Frank H. H. Roberts, of the New Mexico Normal University at Las Vegas, for their presence and expressions of opinions of various topics and especially their addresses Friday night and we heartily invite them to be with us again.

3. As a body we favor the consolidation of rural schools wherever possible and urge the establishment of county high schools.

4. We favor a more liberal distribution of state funds especially those stipulated to apply to the athletic and industrial branches, and above all for the establishment and maintenance of libraries.

5. We urge an ever increasing interest in manual training and domestic arts as a means for promoting a higher standard for our schools.

Signed, Zelica Shaw, Mrs. B. B. Nash, Fred L. Ohr, Pryor B. Timmons

Minstrels Make Good.

J. M. Busby's Minstrels played to a crowded tent last night. They were by far the finest minstrel troupe that ever visited our city under canvas. Anyone who likes minstrel shows could not help but be pleased at their singing and dancing, which was greeted with round after round of applause. The show is new, clean and up-to-date, replete with new songs and certainly deserves the excellent patronage which it received.—Alva Daily News.

Methodist Notes

Go-to-church Sunday was a gala day at the Methodist church. The Sunday school was indeed gratifying, the reports showing 168 in attendance which broke the record; why not make it 200 by July 1st.

The congregations at both morning and evening services were really inspiring. The pastor was really at his best and delivered a very forceful and instructive discourse to the delight of all present.

At the evening service Dr. Roberts was with us and gave a very helpful discourse on the 19th Psalm. The result of this go-to-church movement is only a demonstration of what could be done every week if all the church members would do their duty. My we have many more such days among our churches. You are always welcome.

A. Wade Freeman.

Baptist Notes

We were glad to notice some of the results from the advertisement of "Church going Sunday" and a goodly number of older people present in the morning service and a fine lot of young people in the evening service. Come again.

We were very proud of the Sunday school; if every one will co-operate with the superintendent and his assistants our school will continue to grow.

Subject for next Sunday morning "Devine Ownership." Evening "Jesus at Nain."

Everyone is cordially invited. W. E. DAWN, Pastor.

State Federation Items

The recent legislature passed the community property bill known as the federation measure. This law gives the wife protection as to real estate owned jointly or community property which is accumulated after marriage. The personal community still remains wholly in control of the husband. The federation feels that the gain however in the real estate community is a great one, as before the husband could sell real estate without even telling his wife and many instances of injustice are on record of such transactions.

The age of consent has been raised also to sixteen years which is some advance, at least over fourteen years. States where women have suffrage make this age twenty-one years.

The delinquency bill also became law, whereby parents and guardians are responsible for acts of children under sixteen years and all persons contributing to such delinquency.

Mr. Mueller is now delivering his crop, which he sold to the Eden ranch.

Mr. McCurdy was a caller at Langton Friday.

Upton

The meeting at the Upton school house last Sunday was a grand success. People began to gather at the school house early Sunday morning and continued to come until the house was crowded and many people were standing on the outside.

The order of the services was a sermon in the morning by Dr. Frank H. H. Roberts. It was the grandest and best ever delivered at this place. Next was a dinner of which there was plenty for all. Then the best part of the day's work was the lecture given by Dr. Roberts. The doctor gave us what we can seldom obtain out in a rural district like this.

Card of Thanks.

Our Job Department

is noted among printers and the public generally as being one of the most complete and modern printing offices in any of the smaller cities of the state. Its equipment of cylinder and job presses and binding machinery, together with its wide assortment of new type faces, is adapted to the production of high class printing, in modern style. We have recently received one of the largest shipments of job stock that has ever been shipped to Portales.

The Herald Times has a larger equipment than all the other papers in the county combined, consequently we are better able to serve you. When you need anything in the printing line call at our office in the Howard block, just west of the Joyce-Fruit Co. Phone 103.
