## ELIDA SHIPS BEAR GRASS

Firm Has Contract To Ship Three Hundred And Fifty Cars To St. Louis

## FIFTY MEN AND BOYS EMPLOYED

Scene Of Baling Is One Of Great Activity Near Town

The bear grass plant or Mexican soap weed which grows abundantly all over eastern New Mexico is being cut and marketed on a large scale at Elida. For several years this plant has been cut on a small scale at various times but never before has it been attempted on such a large scale as the present undertaking.

The project is looked on with great favor by the farmers and other people of Elida and vicinity. It is a great benefit to clear the land and pastures, not only making it look better but it improves it for grazing purposes. The owners of the land in addition to getting rid of the plant are paid as high as five cents per acre for the privilege of cutting.

Gangs of men are at work in several places cutting, and twelve teams are being used to transport the product to the balers. Piles of enormous size have been accumulated and the scene of the baling is one of great activity. Two Reeves balers operated by two Emerson farm tractors are working steadily and baling at the rate of about forty tons, or three cars per day.

There are about fifty men and boys employed on the project and it is estimated that it is bringing about \$100 per day in wages to the workers. W. A. Colt, who is doing the buying, is on the job all the time and directs the work personally. The grass is being shipped to the American Manufacturing Co., of St. Louis. Mr. Colt has a contract for 350 cars and at the present rate it will keep him busy until about Christmas.

It could not be ascertained what the manufactured product is but it is very evident that the manufacturing of bear grass has proven a success else the American company would not be placing orders for such large quantities. It would be surprising if the cutting and shipping of this plant is not engaged in more extensively in the near future and thousands of cars shipped out of the country annually, for it is possible to get that amount here.

## Fine Crops At Midway.

D. L. Harding and son-in-law Will Williams, of Midway community, were in town Wednesday. Mr. Harding reports fine crops in that section. "We have had plenty of rain this year," said Mr. Harding "and at no time have our crops been in need. He also said that his community would have an exhibit at the County Fair that would make the other communities sit up and take notice.

R. De Long and wife of New Castle, Texas, arrived a few days ago and will make their future home here. Mr. DeLong bought a half section south of town about a year ago. He is very enthusiastic over the prosperous conditions here.

## Veteran Gardener Makes Fine Showing

Jas. Ryther, our veteran gardener, who is almost an octogenarian, whose garden has been one of the show spots each summer for several years seems to have been more successful than ever this year.

This industrious old gentleman has to work at a great disadvantage on account of his failing eye sight but even with all this his work makes an excellent showing and is the admiration of all who see it. He makes the other gardeners of the Valley take notice for there are many things they can learn from him.

The following is a story of his onion raising this year as told by himself: "I raised the Denia onion at the following rate per acre: Planted two rows, one on each side of an irrigation ditch. In one of these 16 1/2 feet long, I had fifty onions, which is four and one twenty-fifths of an inch to the onion and they weighed forty and three-fourths pounds. Planted sixteen one-half inches apart in rows the other way gives twelve rows to the rod which makes 480 pounds to the square rod or 78 1/4 pounds to the acre.

This of course means 100 per cent stand but seed sowed in the fall as I do then transplanted in the spring with the ground thoroughly fitted as this was there is no reason why one should not get ninety or ninety-five per cent stand but even at a twenty-five per cent loss or more you can readily see what the product would be. I can verify this statement for I had Judge W. E. Lindsay come up and see them harvested and weighed and attached his signature as notary public."

Mr. Ryther expects to take a trip to his old home in the north this winter and is going to take affidavits of some of his gardening with him so that he can show even the most skeptical what it is possible to raise on a garden in the Portales Valley.

## Only The Umbrella

Wilhemina, the five-year-old child of Mr. and Mrs. T. N. Harris, had a miraculous escape from injury last Friday when a horse belonging to H. Y. Hicks, an aluminum salesman dashed down the street with the child alone in the buggy.

It is not known how the horse became started but it ran several blocks from the residence of the child's parents at terrific speed to the Douthitt wagon yard where the buggy was overturned and the child thrown to the ground. It is thought that the umbrella which was attached to the buggy saved the child from injury. The horse continued and righted the buggy. It was stopped near the armory and an investigation disclosed that nothing had been injured except the umbrella.

D. R. Hamilton, a former resident of Portales, now of Roswell, was here on business Saturday.

## COMMITTEES APPOINTED FOR THE COUNTY FAIR

Live Citizens From Every Postoffice Delegated to Prepare Exhibits Create Enthusiasm In Their Respective Communities

## STRONG RIVALRY BETWEEN DIFFERENT SECTIONS IS ANTICIPATED

Roosevelt County With Her Great Variety of Excellent Products Will Be Strong Contender For First Prize At State Fair.

The Fair Committee has appointed the following named parties at each of the post offices hereinafter outlined, as a Fair Committee.

Portales, Frank Shaw, chairman, J. A. Fairly, W. H. Miller, J. F. Morgan, Ed Hawkins, C. O. Leach, Dr. Bailey, Carl Muller, Harry Buchanan, J. L. Fernandes, C. L. Sanders, Geo. Johnson, Floral Parade Committee, Carl Johnson and Porter Deen, Mesdames Clyde Knapp, Nixon, Ham McDonald.

Band Committee, Prof. G. H. Beatty.

Elida, G. W. Robertson, J. V. Miller, A. A. Beeman, Ed Wall, Ed Savage, Tom Cain and Lum Acker.

Dereño, S. A. Fry, S. A. Elliott, Ben Hall and C. M. Johnson.

Tolar, H. C. Scruggs and Mr. Watkins.

Upton, William Gore and A. J. McNutt.

Nobe, O. E. Toombs and G. A. Bailey.

Delphos, Mrs. E. C. Cummings, F. A. Robinson, W. M. Drinkard and J. A. Phillips.

Bethel, H. J. Farnham, S. B. Nall and F. A. Anderson.

Floyd, J. P. Nash, Hugh King and Simon Lane.

Taiban, C. P. Stone, C. I. Speight and W. M. Wilson.

Arch, J. J. Pinson and John Stovall.

Elland, Ollie Davis and Lloyd Horney.

Inez, Polk Williams, B. B. Greathouse and J. B. Vernon.

Rogers, A. W. Stokes, W. O. McCormack and Chas. Maxwell.

Garrison, Joel Garrison and Hance Arnold.

Longs, T. H. Longs and U. S. Fraze.

Carter, J. S. Frazier and Henry Kachel.

Dora, J. D. McRae, Lum Carter and Lee Evans.

Cromer, Addison Hobbs, A. J. Burkett and H. W. Davidson.

Macy, Rae Robbins, Chas. Davis and O. O. Ellett.

Redland, J. R. Hill and Will Gregory.

Mann, J. W. Thompson and John Ford.

Redlake, S. E. Johnson and C. O. Price.

Lalonde, D. K. Smith.

Ingram, Jim Burton.

Lacy, N. B. Griffin.

Causey, Manes Brothers and Robert L. Little.

Pearson, A. A. Cribbs and A. S. Pearson.

Midway, D. L. Harding, Fred Williamson and J. A. Moss.

They would suggest that these gentlemen named on these com-

mittees should get together and elect their chairman and their officers and then proceed at once in the matter of getting exhibits arranged for the Roosevelt County Fair which will be held in Portales on October 6, 7 and 8th. The committee will endeavor within the next few weeks to visit each and every one of these points and confer with the local committees. We ask that the local committee in the meantime inject all the enthusiasm they possibly can into this fair situation. Roosevelt county wants to have one of the best fairs in New Mexico and there is no reason why Roosevelt county cannot send a representation of produce to Albuquerque such as has never been exhibited from any section of the State of New Mexico. Roosevelt county has a larger variety of produce than possibly any other county. We have just as good dairy products as any county; we raise as good grains as any county and not the least by any means, we have as good stock as any county. Let's arrange for as large and complete a display of our varied products as can possibly be gotten together. The Fair Committee are taking off their coats and vests and expect to work constantly on this matter to the success of the fair. There are so many details to be covered, so many things to be done that they cannot possibly cover all the ground without the hearty and thorough co-operation of all of you committeemen. It will be interesting to know what section of Roosevelt county can put up the best exhibit. The farmers of this county each and every one of them think they have a little the best soil and a little the best ability for production. Now is their time to demonstrate it. This is a friendly competition, but it is going to be a lively competition. The Fair Committee are going to endeavor to get as judges, men from outside the county who will have no interest whatever in any section of the county and who will therefore be able to render an absolutely unprejudiced opinion in the awarding of prizes. Great care is going to be taken in the selection of these judges and if any of the committees named know of anyone whom they would like to have as judge, please tender his name to this committee at your earliest convenience.

Mr. and Mrs. Ed J. Neer returned Sunday from their vacation trip to California. They report a very enjoyable trip. Mr. Neer after seeing California thinks more than ever of Portales and does not think that the California country has anything on the Portales Valley.

## Highways Vital To Advancement

New Mexico has many resources which are still largely undeveloped. Highways are needed to encourage development; but as distances are great and construction in many parts of the state difficult and costly, road building under present methods of raising revenue is necessarily slow.

Judge G. A. Richardson, president of Eastern New Mexico Good Roads Association, suggested a very feasible plan at the recent road convention in Albuquerque. He said:

"Let congress grant 10,000,000 acres of land to New Mexico. Let this be carefully classified and then sold to actual settlers and stock men on easy terms at not less than \$2.00 an acre. Much of the remaining public domain in this state is overgrazed and therefore at present of little benefit. In private ownership this area would become wealth producing territory.

"In this grant it should be stipulated that the proceeds from the sale of this land should be applied to the construction and the maintenance of a comprehensive state wide system of highways; the drainage of the Rio Grande, Pecos, and other valleys; and for educational purposes. These betterments would result in wonderful development of agriculture, stock industry, mines, forests, and other resources. The highway would unite all parts of the state and also open up a new world to the tourist, the healthseeker, and the student of history.

"Such a federal grant may be secured through the united and untiring efforts of the people. It is necessary to educate the people of the United States as to what New Mexico has within its borders. I therefore would suggest as a beginning to invite senators, representatives and other men of national rank as guests of the state fair at Albuquerque and at Roswell and the various county fairs this fall. This should be followed by local organizations uniting in a state association. I am certain that we can accomplish our purpose through organized effort."

A. M. Hove.

## Prosperity At Rogers.

Milton Powell, of Rogers, was in town the first of the week with a load of luscious peaches raised on his dry farm at that place. He says that he will have some 80 bushels this year, in fact all the orchards in that vicinity are yielding bountifully.

Mr. Powell is very enthusiastic regarding crop conditions in his section and says that easily 33% more grain will be raised this year over last year. The broom corn crop will also be good and Mr. Powell himself has 30 acres from which he expects to get about eight tons.

Last year he bought an adjoining place and cultivated 40 acres. On this amount he made more than enough to pay for the place. This year the crop is much better. Not much wonder they are optimistic at Rogers.

Register A. J. Evans of the Ft. Sumner land office, accompanied by his family left last week for his old home in north-east Texas to spend his vacation.

## STATE FAIR AT ALBUQUERQUE

Expected To Be Greatest Showing of New Mexico's Resources.

## STOCK SHOW GOING TO BE IMMENSE

Poultry Show Will Be The Largest Ever Held In The State

The 1915 New Mexico State Fair has already outgrown the dreams of its most ardent supporters. Arrangements are now being made to move the fences of the fair grounds to take in a sufficient number of acres upon which to place the immense exhibits and amusement features. It has been necessary to petition the county commissioners to close one of the south of the grounds that the fair grounds may cross the road and take in an adjoining field.

The county exhibits alone will require a large space. Up to date, twelve counties have been visited by the fair officials, and in every instance from \$500 to \$1000 has been appropriated for a county exhibit which will compete for the \$1750 offered by the fair for the best county exhibit. It is now believed that nearly every county in the state will be represented and that the greatest showing of New Mexico's resources ever gotten together will be seen at the state fair.

The stock show is going to be immense. National exhibitors are interesting themselves in the fair this year, induced by the larger premiums. Some of the stock department which in the past has secured but few exhibitors will be large and complete. The Indian exhibits alone will be a great feature. They are securing the co-operation of the Indian office at Washington, and authority has been given to every Indian reservation and school in the state to make exhibits of agricultural products, stock, industrial pursuits and arts and crafts.

The manufacturers hall will contain exhibits from fifty of the largest concerns in the country. In the machinery hall there will be silos, tractors, separators, farm machinery and appliances of all kinds. The Mitchell Wagon company has given the fair association a wagon valued at \$100 which will be given away during the fair. Albuquerque dealers are also taking a large amount of space in this department.

The poultry show will be the largest ever held in New Mexico. A thousand birds will be shown from all sections of the country. There are other exhibit features, such as weaving, the better babies contest and the domestic science and arts department. Amusement features galore have been contracted for. Not the least of these is the Kilties band which will cost the fair \$300 for the week. This band has toured the world twice and has played all of the big expositions. It will bring its Scotch dancers, bagpipers and singers.

A \$4000 fire works display has been arranged for, four nights of the week. There will also be a horse show on two nights, spectacular free acts, band concerts and other features. The

# METALS IN NEW MEXICO

MINE PRODUCTION IN THE STATE SHOWS INCREASE.

Report Shows Gain in Gold, Silver, Copper and Zinc, and a Decrease in Lead.

Albuquerque.—In 1914 the production of metals, from New Mexico mines, according to Charles W. Henderson, of the United States Geological Survey, showed an increase in gold, silver, copper and zinc, and a decrease in lead. The mine output of gold was \$1,171,696, an increase of \$289,770; of silver, 1,777,443 ounces, an increase of 146,172 ounces; of copper, 59,307,925 pounds, an increase of 2,999,219 pounds; of lead (figured as lead in lead-bulion and lead in leaded-zinc oxide), 1,763,641 pounds, a decrease of 2,182,723 pounds; and of zinc (figured as spelter and zinc in leaded-zinc oxide), 18,403,392 pounds, an increase of 1,880,231 pounds. Because of lower average prices for silver, copper, lead and zinc, the total value of the output was \$11,049,922, a decrease of \$644,070 as compared with 1913.

Copper has been an important metal in the production of New Mexico. The output from 1845 to 1910 was 92,323,163 pounds and the total output to the end of 1914 was 246,027,798 pounds.

The yield of lead decreased appreciably. The yield from the lead and lead-zinc ores of Magdalena decreased heavily, as did the yield from Luna county.

The yield of zinc carbonate ore and zinc sulphide ores and concentrates shipped from the state in 1914 was 29,469 tons of 37.53 per cent zinc, as compared with 25,726 tons of 37.81 per cent zinc in 1913.

## Mexican, 110, Is Dead.

Albuquerque.—Antonio Chavez, said to be the oldest man in the state, and certainly one of the oldest in the country, died, aged 110. Until recently he was able to ride horseback, and read a newspaper without glasses. He had lived all his life in this county. Chavez married three times, surviving all his wives, and had sixteen children.

## Cowboys' Reunion Association.

Santa Fe.—Secundino Romero, speaker of the last House of Representatives, is one of the incorporators of the Cowboys' Reunion Association of Las Vegas, which has been formed with the object of making the reunion of cowboys at Las Vegas an annual affair.

## Car Carpenter Dies of Injuries.

Tucuman.—Thomas Hanson, a car carpenter beating his way from Tulsa, Okla., to Tucson, Ariz., was struck by an engine in the local yards the wheels passing over both legs, nearly severing them from the body. He died in a hospital a few hours later.

## Make Plans for Road Building.

Albuquerque.—The State Good Roads Association, which in annual session here, laid preliminary plans for a \$5,000,000 issue of bonds for road building and maintenance and for securing a grant of public land from Congress for this purpose and for draining the Rio Grande and Pecos river basins. The governor, state engineer and attorney general delivered addresses as well as representatives from Raton, Las Cruces and Roswell.

# Winter Dairying.

In many sections most of the cows freshen in the spring. The more observing and careful dairymen, however, having found that winter dairying has many advantages, and are breeding their cows to drop their calves in the fall. The following are some of the advantages of winter dairying:

First, Higher prices are obtained for milk and cream. As the usual season for cows to freshen is the spring, milk has always been plentiful during the early summer and scarce and higher during the winter.

Second, milk and cream can be handled in cold weather with less danger of souring, so there is little loss on account of milk returned from the creamery.

Third, the amount of labor on the farm is better distributed through the year. If the cows freshen in the spring, they are in full flow of milk and need the best care when the work in the fields is most pressing. On the other hand, if the cows calve in the fall and are milked during the winter, the farmer can give them close attention, and has more time to study the problem of feeding, and can give his men employment all the year and in that way get better help.

Fourth, the lactation period is lengthened and the amount of milk given during the year is increased. Cows that freshen in the spring milk heavily while grass is good, but as the pasture dries up the milk falls off and with the approach of winter the cows are nearly dry. If they freshen in the fall, they should be started at once on a good winter ration, and when they have been milked six months it is time to turn them into pasture and for a time the flow of milk will be nearly as great as from fresh cows. Recent investigations by experiment stations verify this observation.

Fifth, fall calves can be raised better than those born in spring. Young calves should be fed on milk for several months, after which they should be fed on solid food. If they are born in the spring, they will be tormented by flies all summer, they may be neglected because of the farm work and when it is time to wean them they must be put on a dry winter ration. Fall calves come at a time when the dairyman can give them closest attention and when weaned can be put on grass at an age when an easily digested and nutritious food is most needed.

As more milk can be produced higher prices obtained, the labor more evenly distributed throughout the year and better calves raised, winter dairying offers the best results to producers.

vs. No. 1075.  
C. P. Lyon & R. E. Brown, defendants.  
Whereas, on the 3rd day of April, 1915 in the District Court of Roosevelt county, N. M. in cause No. 1075, pending therein, wherein Jerome P. Smith is plaintiff and C. P. Lyon and R. E. Brown are defendants, the defendant, R. E. Brown, recovered a judgment upon a promissory note and mortgage executed by defendant, C. P. Lyon to plaintiff, Jerome P. Smith, and sold, assigned and transferred to defendant, R. E. Brown, said note dated October 11th, 1913, and mortgage of even date, and judgment being rendered in favor of said defendant, R. E. Brown, against said Jerome P. Smith and C. P. Lyon, in the sum of \$720.96 with 12 per cent per annum interest thereon from date of judgment until paid, with the additional sum of \$72.09 as attorneys fees with six per cent per annum interest thereon from date of judgment until paid; and that also plaintiff, Jerome P. Smith, in the same action recovered a judgment against defendant, C. P. Lyon for the sum of \$720.96 with 12 per cent per annum interest thereon from date of judgment until paid, and the additional sum of \$72.09 as attorneys fees with six per cent per annum interest thereon from date of judgment until paid; together with all costs of suit in each judgment; and in the same action a decree of foreclosure was rendered foreclosing the mortgage executed by said C. P. Lyon to secure the said two notes upon which judgment was rendered respectively, and decreeing the judgment in favor of said R. E. Brown to be a first and paramount lien upon said premises and the judgment in favor of said Jerome P. Smith to be a second and inferior lien on the premises described in said mortgage, and subject to the payment of the judgment and lien in favor of said R. E. Brown, on said premises described in said mortgage being the S1/2 of the NE 1/4, the S1/2 of the NW 1/4, the N1/2 of the SE 1/4 and the N1/2 of the SW 1/4, of Section 26 in Township one (1) South, Range thirty-six (36) East N. It would seem the taxpayers  
rom different parts of the state  
ave decided that the tax situa-  
on has gone far enough and  
ems to be getting more com-

they have decided that some-  
hing must be done to get prop-  
erty fairly and equally assessed.  
The so called Bursum law has  
been tried and found wanting.  
Perhaps it is fulfilling the inten-  
ions of the framers. It is pos-  
ible it was intended to embar-  
as a democratic administration  
rather than meet the require-  
ments. The state tax associa-  
on should accomplish what has  
long been needed. The develop-  
ments will be watched with much  
interest.

QUEEN MARY'S PANTRY.

A Dazzling Array of Gold and Silver Plate at Windsor.

Among the famous pantries of the world is that of Queen Mary at Windsor. This pantry comprises two rooms of no great dimensions, but it contains treasures in the form of plate and household articles that are valued at more than a million pounds sterling. Many of these possess historic interest. For example, there is a conspicuous exhibit in the form of a table of solid silver. This is nearly a yard in length, and its top, with an area of several square feet, bears the royal arms and exquisitely chased design of the symbolic rose, thistle, harp, etc. Every reign since that of Elizabeth I has contributed to this table a design of some sort.

The most imposing of all the dazzling array of plate is the so-called gold dinner service for occasions of the highest state.

The walls of the two rooms of this royal pantry, the larger of which is 30 by 16 feet and the smaller a square of sixteen feet, are lined with cases of plate glass and mahogany, and in these and similar cases occupying the center of each room are some of the most extraordinary examples of art in gold, silver and precious stones that the world has ever seen.

There are tall, graceful epergnes each of which would tax the strength of two men to lift; there are dishes in gold and silver any one of which would be too heavy to run away with, dainty toilet services in gold and silver, candelabra, communion services, flagons, vases, punch bowls, wine coolers, fountains and fonts, in silver wrought in designs of great beauty by the most skillful of artists.—Washington Post.

BARBED WIRE IN WAR.

It is Used in Various Ways and is a Deadly Defense.

Barbed wire is today as necessary a part of an army's equipment as ponies or trenching tools. In war barbed wire is used in various ways, but its main object is man stopping. It is interlaced with ground pegs in front of trenches for the purpose of tripping charging troops. It is strung across bridges and main roads to prevent the passage of cavalry, and it is used for fencing in camps to guard against rushing tactics on the part of the enemy.

Whenever possible barbed wire entanglements are hidden in long grass or in hedges, so that advancing troops will be trapped while the enemy takes their lines with shot and shell. Barbed wire concealed in undergrowth is particularly deadly where cavalry is concerned, for the wire grips the horses' hoofs, causing them to fall on the spike strewn ground.

At times certain roads that it is desirable to have passable to townspeople have to be rendered impassable to an army. To accomplish this zigzag fences of barbed wire are built from one side of the road to the other until they form a maze. A peasant with time to spare can pass this barrier by laboriously threading his way through the narrow zigzag passage left open but an army of several hundred men, especially if they have guns or armaments, must halt to destroy the entanglement.

The barbed wire used for military purposes possesses long jagged joints which inflict most painful wounds on the body, especially when men and horses fall on to them headlong, as so often happens.—Philadelphia Press

The Daffodil.

Originally the daffodil was known as the asphodel. From this to daffodil was the first verbal transition. The name gradually rounded itself into daffodilly—the form adopted by Milton in the beautiful line, "The daffodil fills their cups with tears." However, before Milton wrote, the flower had come to be generally known as the daffodil and it figures under this name in John Parkinson's "Garden of All Sortes of Pleasant Flowers," published in 1629. Parkinson found more variety in the daffodil than in any other flower, nearly a hundred kinds being described in his work.—London Chronicle

PROCESS FOR PUBLICATION

The state of New Mexico, To the unknown heirs at law of James M. Adamson, deceased, and all other persons having or claiming any interest in the premises:

You will take notice that a suit has been filed against you in the District Court of the fifth Judicial District of the state of New Mexico, in and for Roosevelt county, wherein W. C. Naugle, administrator is plaintiff, and the unknown heirs at law of James M. Adamson, and all other persons having or claiming any interest in the premises are defendants, said cause being numbered 1120 upon the Civil Docket of said court.

The general objects of said action are as follows: The plaintiff, who is the administrator of the estate of James M. Adamson, deceased, and who was duly appointed such administrator of the estate of said deceased, by the County Court of Tarrant county, Texas, and who has filed in the Probate Court of Roosevelt county, New Mexico, a certified copy of the proceedings of his appointment, and qualification, by virtue of said appointment by said County Court of Tarrant county, Texas, seeks to sell the following described real estate belonging to said estate of said James M. Adamson, deceased, to-wit:

Lots three and four and the east half of the southwest quarter of section eighteen in township four south of range thirty-one east of the New Mexico

M. N. M.; that the sale of said real estate is sought because valid claims and debts against said estate have been filed and allowed approximating the sum of three hundred twelve and 67-100 dollars; and because the deceased left no personal estate whatever out of which said debts can be paid, and it having become necessary to sell said real estate to pay said debts.

You are further notified that unless you enter your appearance in said cause on or before the 4th, day of October, 1915, judgment by default will be taken against you, and the plaintiff will apply to the court for the relief demanded in the complaint.

You are further notified that George L. Reese is attorney for the plaintiff, and that his post office address is Portales, New Mexico.

Witness my hand and the seal of office this 9th, day of August, 1915. J. W. Ballow, Clerk. (Seal) By Guy P. Mitchell, Dep. 34-4

NOTICE OF FORECLOSURE SALE.

Whereas on the 8th day of May, 1915 in cause No. 1078, pending in the District Court of Roosevelt county, New Mexico, wherein Alexander F. Koppin is plaintiff and Ada Shea is defendant, the plaintiff recovered a judgment upon a promissory note, and a mortgage executed and delivered by Richard O. McNeely to the plaintiff on the 2nd day of July, 1909, in the sum of seven hundred twenty-nine dollars and five cents, together with cost of suit, and decree foreclosing said mortgage in favor of the security of said sums and amounts against the defendant upon the following described real estate to-wit: The southwest quarter of section eighteen township two south of range thirty-three east of the New Mexico Meridian, in Roosevelt county N. M.; that said judgment at the date of sale to the sum of \$754.57, and in addition thereto the costs of this suit; and

Whereas, in said decree the undersigned P. E. Jordan was appointed special commissioner and directed by the court to advertise and sell said property according to law and to apply the proceeds to the satisfaction of said judgment and costs;

Therefore by virtue of said judgment and decree, and the power vested in me as such special commissioner, I will on the 24th day of August, 1915, at the hour of two o'clock, p. m. at the northeast front door of the court house, in the Town of Portales, New Mexico, sell said described property at public vendue, to the highest bidder, for cash, for the purpose of satisfying said judgment interest, costs of suit, and accruing costs.

Witness my hand this 23rd. day of July, 1915. P. E. Jordan, Special Commissioner 32-4t

SUMMONS BY PUBLICATION

THE STATE OF NEW MEXICO, To Alvin Carter, Defendant: You will take notice that a suit has been filed against you in the District Court of the Fifth Judicial District of the State of New Mexico, in and for Roosevelt county, wherein Dickey & Dickey and George L. Reese are plaintiffs and you, the said Alvin Carter, are defendant, said being numbered 1097 upon the civil docket of said court.

The general objects of said suit and the nature of said action are as follows: The plaintiffs sue to recover judgment against the defendant for the sum of seventy-five dollars, with interest thereon at the rate of six per cent per annum from the 1st day of December, 1913, alleged to be due the plaintiffs from the defendant on account of legal services performed by the plaintiffs for the defendant at defendant's special instance and request.

You are further notified that your property, to-wit: the northwest quarter of section twenty in township four south of range thirty-five east of New Mexico Meridian in New Mexico, has been attached and that unless you enter your appearance of said cause on or before the 24th day of September, 1915, judgment by default will be rendered against you, and your said property will be sold to satisfy said judgment and costs.

You are further notified that Dickey & Dickey and George L. Reese are attorneys for the plaintiffs in said cause, and that the postoffice address of Dickey & Dickey is Marshfield, Missouri, and that the postoffice address of George L. Reese is Portales, New Mexico.

Witness my hand and seal of office this 4th, day of August, 1915. J. W. Ballow, Clerk. 33 (Seal)

### Buys Cows.

Roy W. Connally of the Connally Coal Company last week bought 19 head of Durham cows from Ed Rosson of Arch. It is an exceptionally fine bunch and will be placed in the herd of the G. P. Smith Cattle Company at Bethel.

### Marry Here.

C. H. Spriggs and Miss Hazel A. Knight came up on the train Monday morning, procured a license and were married at the court house immediately by Probate Judge J. C. Compton. They returned to Kenna on the morning train.

### More Land.

County Assessor J. E. (Woodrow) McCall this week closed a deal for a quarter section of grass adjoining the McCall ranch at Macy. This is in line with the policy all over the county. The ranchers are buying every available piece they can possibly get at a reasonable price.

### Dairy Expert Here.

R. W. Latta, dairy expert from State College arrived here Tuesday and left this morning. He was well pleased with the dairy prospects as he saw them but thinks there is plenty of room for advancement along that line in the way of better stock. He is going to create some interest along that line.

### Ware House Started.

Work was started this week on the new ware house by the A. L. Gurley Broom Corn company. The work will be rushed with all possible speed so that the building may be completed for this fall's crop. It is also possible that it may be used in connection with the exhibits of the Roosevelt county Fair.

### Cutting The Weeds.

The town council at a meeting held the first of the week hired A. D. Wallace and instructed him to secure a force of men to cut the weeds off the streets and alleys. Mr. Wallace with about a half dozen men started work Wednesday morning. Nothing more opportune could be done at this time to help the looks of the town.

### Arch Items.

The farmers of Arch were blessed with a fine rain Sunday night. Crops are looking fine.

Fruit is plentiful and a good price.

Thurman Gazaway arrived recently from Texas where he had been at work.

Mrs. R. E. Curd and children of Portales were out visiting their friends at Arch. They also attended the meeting held by Rev. C. A. Smith of Oklahoma and Bro. Tipton, of Farwell.

John Buckner has purchased a new piano and is going to give a singing Sunday evening. Everybody is cordially invited to come.

Benton Graham left for his home at Bovina to make preparations to attend school.

Chas. McInturf of Arizona is visiting friends at Arch.

Truman Williams and family expect to start to Bartensite, Texas, to visit Mrs. Williams' parents.

C. I. Newton made a business trip to Texico last week.

### Upton

Emmett Gore has recovered from his sick spell.

Earnest Ramage is recovering rapidly and will soon be able to be about.

A. J. McNutt has finished the well for John Mayfield.

Bert Gore and family of Clovis are visiting here.

Will Ramage and wife returned from Arizona last week.

Oliver Gore's house was struck by lightning last week and his little daughter Irene received a severe shock.

The Upton board of school directors has seen fit to add some new books to our library. They were bought from Prof. R. P. Connally of Portales and are an excellent selection for a school of this kind.

James Barr, who is living on the Hulen place, has a fine lot of peaches in his orchard.

### Labor Day Celebration.

Roswell is planning to entertain the whole Pecos Valley on Labor Day September 6. A big free barbecue will be the big feature of the day, and the event is being advertised all over the state. There will be special railroad rates, which will be announced later.

The labor unions are the promoters of the celebration and the Retail Merchants Association and the Chamber of Commerce are supporting the movement. The plans now include a mammoth parade in the morning, two base ball games a prize fight, the state championship tennis tournament, with plenty of all sorts of amusements, and the day will be closed by a fitting celebration at night.

### Scott Dies.

Word has been received that W. B. Scott, the Kenna banker, died Tuesday night in Texas. The deceased was one of the most prominent men in Kenna and one of the best bankers in eastern New Mexico. He was in the early days a resident of Portales and had many friends among the old timers. He was prominent in Masonic circles and a member of Portales Chapter R. A. M.

### U. D. C. Meeting.

Mrs. Nixon entertained the U. D. C. Tuesday at 3:30 o'clock. Mesdames Jordan, Mears and Dunaway interpreted Yankee Doodle, Bonnie Blue Flag and Dixie. Mrs. H. F. Jones played each piece in her usual effective manner. Mrs. Pearman gave us several select readings which delighted the hearers. A two-course luncheon was served.

### Work Progressing Nicely.

Work on the state highway is progressing nicely under the direction of D. W. Jones. Only about 1000 feet remains to be finished between here and the old railroad right-of-way south of Cameo. This will be finished in a few days. The part of the road which is finished includes the worst stretches of sand so that travel between this place and Clovis is now an easy matter.

Through the courtesy of deputy sheriff B. B. Clayton, road chairman Ed Wall, W. W. Van Winkle, Monroe Honea and the Herald-Times man enjoyed a spin over the road Wednesday as far as the camp, on Thos. Crump's place. The finished part of the road is exceeding all expectations as it was never thought that it was possible to build such a road from such material as was available.

Recent rains have shown that some culverts should put in and also some rough places smoothed up. We trust that the state will do this before the road is formally turned over to the county authorities.

### Return From Texas

The automobile party consisting of W. F. Faggard, Mr. and Mrs. Coe Howarn, J. H. Troutt and son Malcolm, Misses Lucille and Hazelwood Moore returned Sunday and reports a very enjoyable trip.

Mrs. Howard and the Misses Moore stopped at Bronte, in Coke county, where they were guests of Miss Mae and Lena Cumbie, sisters of D. K. Cumbie, the singer. An elaborate house party was held while they were there and some twenty-eight guests were present.

The rest of the party made the trip of 400 miles to Kimble county where Mr. Faggard expected to finally close the deal for his ranch, but it was found that the owner could not make a good deed so the deal had to be called off.

The party reports that crops were good along the route but at only one place on the trip did they see any crops that compared with the enormous crops raised in Roosevelt county and that was the vicinity of Ballinger, Runnels county.

### Baptist Notes

After four weeks absence, it is a real joy to be back in Portales. We hope to resume our work with renewed energy. Just two months to the meeting of the state convention. We must make these months count for much. Pastor, deacons, Sunday school workers and everybody else must get busy. Come to church Sunday and let's get our hearts full of religion, our heads full of plans and our hands full of work.

It was a real joy to spend ten days with pastor G. W. Strand and his flock at Unity church. There was a fine spirit in the meeting from first to last. There were twelve additions to the membership. The people are a fine class.

Don't fail to be in our services Sunday. Everybody are invited. W. E. Dawn, Pastor.

### Not a Candidate.

Dear Editor: I wish to say through your valuable paper that I will not be a candidate for sheriff next year. This decision has been reached only after mature consideration, and a careful survey of the personal sacrifices to be made incidental to a political campaign and tenure of office.

I have many friends throughout Roosevelt county to whom this will be a disappointment, but I can only say that for the present you must suffer it to be so. I make this announcement now, that all my friends may have ample time to get together on some worthy candidate.

Very truly yours,  
S. F. Lane.

### Notice To Auto Owners.

We carry auto paint and varnish; cushion and top dressing; metal polish, etc. Fix up that car.

### Free Education.

A limited number of free homes may be secured in Silver City where of the State Normal School may get board and lodging for work out of school hours. Applicants must be above the eighth grade.

Address inquiries to E. L. Baloe, President State Normal, Silver City, N. M.

### Is It A Fact? Yes.

Goodloe has not quit hanging paper. He will do your work personally if requested. House and sign painting too.

### State Department Worthy.

Says Curtis Guild, former governor of Massachusetts: "Twice already we have narrowly escaped war through the hopeless incompetency of the state department, an incompetency so dreadful even in matters of diplomatic courtesy that John Bassett Moore was forced to leave it in despair." The governor has simply permitted his partisanship to warp his judgment. The state department has had to deal with many delicate situations since the European war started, and so far has managed to avoid anything approaching a serious controversy with any foreign power.

### Change is for the Best.

As we have frequently pointed out, a house majority of 20 or 30 is really preferable to such a majority as the Democrats command. It promises less of discord and better work generally. There will not be so many disappointments in the matter of committee assignments, and there will be less probability of sorehead leaders getting following among the roustabouts of politics who float into congress on a great tidal wave from normally Republican territory.

### State Taxpayers Association.

A formal call has been made and signed by prominent business and professional men from all parts of the state to meet in Santa Fe on September 1st and organize a State Taxpayers League. It is to be non partisan and non political. W. O. Oldham and W. E. Lindsey are the representatives from Roosevelt county. The following is the object of the organization.

To encourage and promote economy in administration of public business in New Mexico and in the counties, cities and other political subdivisions thereof.

The education of the membership of the association by proper means of instruction and publicity in tax matters.

To co-operate with and assist local county and municipal taxpayer's associations, encouragement of the formation of which may properly become a part of the work of this organization; and to assist and co operate with public officials of New Mexico, its counties and cities, in tax matters.

To ascertain by investigation approved methods of assessment and taxation, to the end that intelligent and forceful recommendations may be made through the association and its membership to public officials and the state legislature.

### Help Is Needed.

One man can not boom a town or a section of country. It requires the concerted action of the citizens. It is little use for a local paper to waste its space trying to boost a town when the citizens mostly stand around with their hands in their pockets and indifferently wait for something to turn up. The editor can write "boost" articles until he starves to death, but if the citizens themselves do not take hold and push the town will be forever buried in the sand.—Ft. Sumner Review.

J. F. Rice and family of Newport, Ark., are visiting Mr. and Mrs. L. E. Eaton of Elida. Mr. Rice is Mrs. Eaton's brother. This is his first visit to these parts and he is highly pleased with Elida and what he has seen of Roosevelt county. He compliments the country highly and says that it is far above his expectations.

**A German Colony?**  
A German real estate man representing a south Texas firm was in Portales a few weeks ago and took pictures of some of the best farms in the valley. As far as can be learned he did not make his business known here.

He went from here to Elida where he continued his picture taking and listed many of the best farms he could find. It is understood that his purpose is to bring a large colony of Germans to locate on Roosevelt county farms.

**Delphos And Vicinity.**

I have been fairly well acquainted with the people of the Delphos community for upwards of twelve months. The more one knows about those people the more he appreciates them. After a week of personal contact with them, myself and family know them better, consequently appreciate them the more.

The week's revival resulted in nine conversions and much good otherwise. The singing was good, the interest and attendance splendid and the preaching the best I could do. There was a big dinner on the ground Sunday. A large number of the Macy people, another choice community, were present Sunday. One young man came thirty-five miles to obey the Gospel.

I can't so much as mention all the courtesies shown us, the good things accorded us, nor all the matters of general interest. Each one appeared to vie with every other one in trying to make our stay pleasant. We enjoyed to the fullest the spin over the country, including a trip to the Rogers picnic in R. Kornegay's auto. Mr. Kornegay is one of the big successful stockmen of the country. He has a great ranch well stocked largely with Herefords. No one can visit the Kornegays without a longing desire to go again.

E. M. Kornegay is another successful stockman. He and his good lady know how to make you feel perfectly welcome, as you are, at their hospitable home. E. M. Kornegay's and T. M. Robinson's tanks were used for baptizing purposes.

R. E. McAllister has recently traded for another 160 acres of land. He has also added two or three rooms to his residence and made other substantial improvements. Sufficient evidence that he is prospering.

Robinson and Hewie are milking twenty-two cows with the assistance of their better halves. A good big cream check comes in every week. T. A. Higgins has the biggest peach crop ever. I doubt if ever more luscious peaches can be found anywhere than grow around Delphos.

Mr. Phillips is demonstrating that it pays to grow the best. Some time ago he bought a few registered Hereford cows. These have brought him some mighty good calves one of which is less than four months old and he states that he can get \$200 or more for it.

Arch Gregg, stockman, farmer and allround gentleman, was busy sinking a well on his ranch and otherwise improving. Gregg is a hustler and is making good to say the least.

Thornton's and Stocum's are two other families in the Delphos neighborhood who experience the real joy of the weekly cream check. Eli Cummings, the prosperous merchant, has hied himself to the coast for a month or two.

By J. H. Shepard.

**Reynolds Place Sells.**

The Dwight Reynolds place, a write up of which appeared in this paper last week, has been sold to Thad Rice of Ozark, Mo., the consideration being \$125 per acre.

The new owner will take charge of his place in the near future. Mr. Reynolds will buy another place and improve it.

**By The Wagon Load.**

J. B. Raymond, who is farming on the Elliott place in the upper end of the valley, was in town the first of the week with a two-horse wagon load of fine peaches and apples. Crops of all kinds are good on that place this year and the fruit trees are yielding abundantly.

beat wire and high dive acts have been secured, balloon races and illuminated ascensions at night and high class vaudeville.

A troop of U. S. Cavalry with a mounted band will furnish hippodrome and hurdle races. The army polo teams will give the people of New Mexico the first opportunity they have had to see this most exciting sport. There will also be roping and riding.

All of the horse races have filled for the fair, and one horse will race for the \$10,000 in purses hung up. The greatest bunch of horse flesh ever gotten together in New Mexico will be seen at the fair and every race will be hotly contested.

**Woman's Club Notes.**

Federation matters are taking all the attention of the club women at present.

Wednesday of the federation will be a tour to Clovis and the alfalfa fields surrounding Portales. The Clovis Woman's Club will entertain to a 1 o'clock luncheon.

Thursday afternoon will be a business meeting until 4 p. m., when the federation will visit the Portales fair by courtesy of a reception by the fair officials. That evening will be given over to the final performance of the social activities in the musical drama "Bulbul" under the direction of Mrs. Ward.

The club women are highly appreciative of the spirit and good will of all the public in this undertaking of adequately entertaining such a body of women as will be our guests at that time.

The Santa Fe railroad has made a rate one and one-third fare from all points in New Mexico and requests all interested lines to arrange for similar fares.

We desire to express our appreciation of the generous financial aid from the business men of Portales and also to Mr. Beaver for resuming his offer for admission to the picture show for a pint of flies. This offer last year was of untold benefit to the public in helping the fly campaign, and will do no less this year.

The play under the direction of Mrs. B. F. Pearman is progressing rapidly and will be placed in about two weeks.

The Woman's Club would like a general clean up day and would put a wagon out for the day. We think about the first week in September would do.

**A Fine Crop.**

B. A. Pendleton, one of the directors of the Roosevelt County Creamery, has about the best crops of Sudan grass we have seen this year, considering the fact that he has the large amount of 25 acres. When the Herald-Times man passed that way a few days ago he was at work with a row binder cutting and shocking. He expects that his Sudan will make at least two tons per acre and to the spectator this looks like a very conservative estimate. After this cutting another small crop will grow before frost, at least enough to make good pasture.

All other crops are proportionately good on the Pendleton farm. In the orchard the trees are heavily laden with delicious fruit. Taken all in all, this farm is a fine example of what a stock farmer can have on a dry farm with good management and work.

**Jersey Milch Cow For Sale.**
