

PORTALES HERALD-TIMES

OFFICIAL ORGAN OF ROOSEVELT COUNTY, NEW MEXICO
PORTALES, NEW MEXICO, THURSDAY FEBRUARY 17, 1916.

Volume Fourteen

Number 9

Debating in Schools.

The old art of public debate, that has been overlooked in so many of our so-called modern institutions of learning, is being taught in some of the rural schools of our county and gratifying results are being obtained. The child that is not taught to stand on the floor and talk to an audience before he is fifteen years of age has a hard time ever learning to do it as many of our readers will testify and such work being carried on in our rural schools speaks well for them and their teachers. Miss Margaret Patterson, who is teaching in one of the schools south-east of town is doing especially good work along this line and her patrons should feel that she is giving their children more than many city educated children are getting. She is only one of several who are doing this kind of work and again we wish to commend them for such work.

Feeding Stock.

J. F. English, one of the old-timers of the Garrison community, was in the city the first of the week and incidentally paid the Herald-Times a pleasant call, paying up for another year and stating that "Your paper is actually worth the money." Mr. English states that the Garrison farmers are getting the feeding bug under their hats and that many are feeding pens of hogs and steers at the present time, among them being Hance Arnold and G. W. Gardner. Call again Mr. English.

Speaks to Suffrage Club.

Mrs. C. R. Johnson, of Gainesville, Texas made an interesting and helpful talk to the Portales Suffrage club at their regular meeting Monday. Mrs. Johnson told of the preparing and carrying out of the work in her home town and told how the anti-suffragists were turned in favor of the suffragists by lectures of their state chairman. She also mentioned various evils in Texas that could be remedied for the benefit of the women and children only by the ballot.

Track Team At Work.

The track team of the Portales high school has been getting down to business this week and is getting lined up for the state meet to be held in Albuquerque during April. It is possible that not only a track team but also a basketball team will go, and as per usual, we will have to win.

About Candidates.

The latest we have on candidates was picked up by our office boy this week. "Where two or three are gathered together on a street corner there you will find a candidate."

State Leader Comes.

Miss Richie, State leader of the Home Economics Extension work will be in Portales the 23rd and 24th of this month for the purpose of instructing and assisting the members of the Home Economics department of the Womans' Club and all others who will avail themselves of this rare opportunity. She will have two sessions each day while here and will give lectures accompanied by illustrations and demonstrations. Her subjects will be the vital questions of food and clothing which engross so much time and thought of the housewife. One lecture will be given at the school building so that the High school girls may have the advantage of attending. Other sessions will be held at some convenient place in town, which will be announced later.

Mrs. Long, Chr. Dept.

Go To Stone's Ranch.

Ben Smith, Jim May and wife and Arthur Baker and wife took a spin to the Stone ranch out west Sunday. Jim says that he could not stand to make the trip again as the sight of twelve hundred white face cows in one bunch was too much for him. Jim says they are sure good ones and have stood the winter well. All of his dreams now are to own such a bunch and if he happens to pass your mail box and forget to leave your mail you know why—he is dreaming of that Portales Valley farm stocked with white face cows, white leghorn chickens and plenty of alfalfa. Here's hoping his dream comes true.

Womans' Club Meeting.

The Womans' Club met with Mrs. P. E. Jordan Friday afternoon. The meeting was for the purpose of getting acquainted with many of the new ladies of the town. The visiting ladies were Mesdames Blanton, Ham, Brown, Edwards, Caswell, McRee, Hart, Reece and Miss McMin. The next regular meeting will be at Mrs. Jim May's on the 13th of March. The Domestic Science department will meet the first Wednesday in March at Mrs. Whitecomb's. All members are urged to be present.

Press Reporter.

Dr. D. W. Miller Here.

Dr. D. W. Miller, one of the outsiders who have property interests here, is in the city this week looking after his farm, some seven or eight miles west of town. The man who has been working for the Doctor for the past three years or more, Geo. Reitz, died in Blackwell some two weeks ago from pneumonia. We predict that the Doctor will have a hard time replacing such a worker as George was.

Valentine Party.

Miss Grace Dawn entertained a number of her friends Monday night at the parsonage with a well planned Valentine party. Rook, hearts and several contests were enjoyed during the evening. Carl Talley and Wm. Kenyon were the prize winners of the evening. Those present were Nola Keen, Leta Smith, Irma Belle Smith, Beulah Morris, Sidney Pearce, Lola Moon, Mary Lee Knoles, Dora Smith, Clara Shapcott, Leota Merrill, Leo Bralley, Clarence Deen, Clifford Deen, Carl Owens, Carl Talley, Archie Williams, Will Kenyon, Harry Shapcott, Eulalia Wollard and Jack Hunter and Noel Rankin from Elida.

Organize Literary Society.

Last week the High School divided into two literary societies with Ora Crawford and Alta Potes as leaders for the respective sides. The object of these societies is to stimulate more school spirit and friendly rivalry. They will meet from time to time in open session. As yet the organization is not complete and the societies have not been named but on the 25th a contest will be held between the two sides and the winning side given a party, picnic or something of the sort.

This will be held at the Methodist church and all the patrons and friends are cordially invited to attend.

Methodist Church.

We had a delightful day at our church on last Sunday. The congregations were fine and splendid attention. A good Sunday School and splendid prayer meeting Wednesday evening. Come worship with us again next Sunday and don't forget the Melntosh which is to begin the 4th Sunday in this month. Be praying and getting ready for it. We trust that it will be the greatest meeting that has ever been held in this town.

Subject next Sunday morning "Sowing and Reaping" at night "An Eastern Love Story." A. C. Bell.

Baptist Notes.

Last Sunday was a splendid day with our church. Glad to note the increasing interest in the Sunday School. Bro. G. W. Stroud preached for us at night. We are glad of the enthusiasm of the Baptist Union.

Subject for next Sunday morning, "Faithfulness and Course." We hope this sermon will be especially helpful to Christians. Subject for the evening service, "The Introduction of Sin Into the World and Results." All are welcome to our church. Strangers are especially invited. Come thou with us. W. E. Dawn, Pastor.

The Annual Staff.

The pupils of the High School have begun work on their annual for the present year and have elected the following staff to put same out for them. Mr. Long, business manager; Miss Grinstead, editor-in-chief; Ora Crawford, assistant business manager; Leta Smith, ass't editor-in-chief; Alta Potes, Literary editor; Clifford Deen, athletic editor; Willie Belle Blakey, Secretary; Mattie Belle Hawkins, Treasurer; Irene Molinari, Senior editor; Cymbeline Warnica, Junior editor; Lurline Sandefor, Sophomore editor; Eddy Lee Hall, Freshman editor; Calloway Deen, Preparatory editor; William Kenyon, cartoon editor; Archie Williams, joke editor.

W. O. W. Have Fine Time.

Last Monday evening autos began coming in from all directions and by lodge hour the town was full of Woodmen and candidates for the degrees in woodcraft. They came from the out-of-town and Elida and remained until about two o'clock Tuesday morning and initiated some 15 candidates. Lunch was served just before the meeting was adjourned. Altho the lodge room was filled to its capacity all enjoyed themselves to the last moment including the lunch.

Savage Elida Postmaster.

Edgar Savage has been appointed to hold the position of Postmaster at Elida and will take charge of the office as soon as his bond and other credentials are in such condition that he can. Mr. Savage is an old-timer and we believe that the people of our neighboring city will be well and courteously served by him.

Soldier Hopkins Leaves.

W. H. Hopkins left Monday for the Old Soldiers' Home in Los Angeles, California, where he will make his future home. "Dad" has been failing in health for the past few years and he concluded that it was not best for him to live alone. He is plodding along in his 86th year.

Dr. C. R. Johnson Here.

Dr. C. R. Johnson, brother of Carl and partner with him in the Johnson Bros. farm west of town came in Friday from his home in Gainesville, Texas. He was accompanied by his wife and little daughter. They returned to their home Monday.

Five Hundred Party.

Mrs. J. K. Reese entertained Saturday afternoon with a three table Five Hundred party. Mrs. Jordan was the winner of the first prize, Mrs. Garmany of the booby prize and Mrs. T. E. Mears of the lack prize. The guests all report an excellent time and much interest and friendly competition shown.

Prairie Fire.

Sunday afternoon was the time for much excitement on the east edge of town. Some of the boys of the neighborhood evidently were playing and accidentally started a prairie fire out in the Ad Saylor neighborhood. It started about two o'clock and lasted until nearly five. A great many people gathered to help extinguish the flames. No serious damage was done.

Buy Cars and Fords.

Among the buyers of cars in the city this week we have learned of the following; Frank Clouser of Longs, a six cylinder Saxon; Miles Fowler, Portales, Jim Cyphers, Upton and J. H. McGowin, Bethel, a Ford apiece.

Clovis Will Be Dry.

March the 10th is the date set for the saloons to quit business in Clovis. That will give them 40 days from date of election.

Tax Payers' Association.

The committee of the Taxpayers' Association and citizens of Roosevelt county, were before the Board of County Commissioners at the 2nd Monday in Feb 1916, meeting and presented the views of the taxpayers and citizens of the county on the problems involving taxes and other matters of general interest to the public.

A comprehensive and intelligent discussion of the business and financial affairs of the county was the order for the day and a spirit of earnestness and fairness was apparent from which the resultant public benefits will necessarily flow, thick and fast.

Birthday Dinner.

Inda Humphrey and family, Carl Johnson and family, and C. R. Johnson, wife and little daughter, of Gainesville, Texas, were entertained in the home of Frank Galloway Sunday. A delicious turkey dinner celebrated the birthday of Mrs. Galloway. Those present state that the dinner was one of those kind that you do not meet very often and that you long to meet again.

Correction.

The Herald-Times stated in last week's issue that Mr. Beaver thought he smelled smoke during the show the night of the fire in the Cozy, but it was some of the members of the play that made that statement and not Mr. Beaver.

John Tyson In Town.

John Tyson, the well known stockman, of Roosevelt county was in our city the first of the week. Mr. Tyson says that he is electioneering and is going to win that job he is after; namely, county commissioner of precinct number three.

War Ends Waste in Ties.

The British government is reported to have offered five cents for cast-off railroad ties in the United States. Formerly these ties were burned by the companies. Now they will be saved and sent to Europe for use in the trenches.

Hogs to Fort Worth.

W. F. Faggard shipped two cars of fancy Roosevelt county hogs to the Fort Worth market Monday night. Mr. Faggard bought these hogs from various parties over the county and they were as fine as has ever been shipped out. They were all finished out principally on maize and could not be beaten by corn finished hogs.

Falls From Horse.

P. J. Smith, the young son of Guy Smith and grandson of T. E. Bell narrowly escaped being seriously hurt the latter part of last week when he fell from a pony he was riding. The little fellow is up playing now and none the worse off for the accident.

Marshall Wilson in Bank.

Marshall Wilson, son of Mr. and Mrs. Frank Wilson, came in Sunday from Tupelo, Oklahoma, where he has been holding an office position for the past couple of years. He went to work for the Portales Bank and Trust Co. Monday morning and will be their bookkeeper from now on.

\$150.00 Calf.

J. A. Phillips, of Delphos, this week sold to Preston and Lewis a registered white face calf for the sum of \$150. There is money in raising cattle when a calf will bring this amount of money.

Alfalfa Meal Mill For Dexter.

There has been a bunch of capitalists in this part of the country with the view of putting in a million dollar alfalfa mill at Dexter.

New Printer.

Mr. W. H. Ball, editor of the Portales Valley News and H. B. Ryther, also of Portales were in Hereford Tuesday on business. Hereford Brand.

These gentlemen while there employed H. F. Woods to work on the Portales Valley News and Mr. Woods is now established as one of our townsmen. Mr. Woods bears a good reputation in the printing world and we are glad to number him as one of our profession in our little city.

Annual Inspection.

The annual inspection will occur March 11th in the Armory building at 7:30 P. M. Every member must be present in Olive Drab Uniform. The Governor and the Adjutant General will be present. By order of the Governor. Official. Capt. T. J. Molinari. Lieut. J. C. Compton

Card of Thanks.

We wish to thank all our Portales friends, who came to our assistance with sympathy and willing hands, during the last illness of our Mother.

Dr. and Mrs. R. H. Bailey

Cozy Opened Saturday.

The Cozy opened ready for business Saturday night in the building next to the Herald-Times and though in a new location and under more or less adverse conditions the crowd was good and every night since has been reasonably good. We compliment Mr. Beaver on getting the show in running order in such quick time.

To Teachers' Association.

J. S. Long will leave Friday morning for Taiban, where he will attend the Teachers' Association to be held there Friday and Saturday. He will probably be accompanied by several of the teachers here and over this part of the county.

Sunday Schools Better.

From the report coming in from all the churches of the town the various Sunday schools are growing in direct proportion to the sunny days and each Sunday for the past two or three have been banner Sundays. All you old folks who haven't been to Sunday school in the past few years try going next Sunday and see if it doesn't do you good.

Valentine Celebrations.

Several of the grade rooms at the school held Valentine celebrations the first day of the week which was Valentine day. Those who were present state that the programs of the little tots were well rendered and interesting.

Land Deal.

H. P. Beard has traded his 320 acres in the Inez community to J. W. Kirby for 320 acres in Motley county, Texas.

T. J. Molinari has sold his place known as the old Dr. Boone farm to Joe Naylor. He also sold the Franklin Thompson place to Jasper Post.

Cleve Humble On Team.

Cleve Humble, a Portales raised boy, has made the basketball team of the State Agricultural College at Las Cruces and this week will play with the team against the championship team of the state at Albuquerque. We are proud of our Portales boys, wherever we hear of them.

Our Jim Burleson Alive.

Several parties have asked the Herald-Times man is the report that Jim Burleson was killed, as was reported last week over the town, was a true report. It was but the Jim Burleson that was killed was a cowboy down near Ranger Lake and not our Jim Burleson here in town. Our Jim is very much alive.

Wichita Makes the Best Flour in the World, Its Name is

"WICHITA'S BEST"

It's easy to prove the name, just try the Flour.

Where Farmers' Profits Go.

A trip over the county impresses one with the fact that many hard earned dollars slip from the farmer's pocket unnoticed by his neglect to take better care of his farm machinery. Almost everywhere, plows, harrows, discs, mowers, rakes, drills, etc., can be seen standing out in the field, just where they were last used, subject to all sorts of weather. When the time comes for these implements to be used again, they are hitched to, oiled up a bit, and then expected to do good work, in spite of the fact that the weather, and its close friend, Mr. Rust, have been diligently at work for the past several months. A few days after the machine has been operating something begins to rattle. Then a bolt gives way, or there is friction in the gearing; in fact, the whole machine seems loose and out of order. Then the operator says, "Well, I don't understand how that can be. I just bought it new last year." He attempts to tighten up things, twists off a rusted-on nut; then he examines the gearing and finds the bearings rusted and worn. By this time he is ready politely to express himself relative to the make of the machine, its makers and dealers. Of course they are to blame for all this trouble! It doesn't occur to him that he is at fault, and that no implement is going to stand up under such treatment.

His next step is to replace the broken and worn parts, which means more expense and loss of time, all of which could have been avoided by the proper cleaning, oiling, and housing of his machine when through with it in the fall. Some may say, "It is very well to point out the leaks in our farming methods. We appreciate the fact that we are losing money, but without capital, or any place to secure it, how are you going to stop these leaks?"

The writer realizes that it is not an easy task to improve conditions very much without money, though in the case of the proper housing of farm machinery, he has observed that it is not always the poor farmers, financially, that neglect the care of their farm implements, but that those in better circumstances

are often more guilty. He also notices that many of the poor farmers have built sheds out of old lumber, brush and straw. While these sheds are not weather-proof, still they will provide considerable shelter and protection until something better and more substantial can be erected. Any man who has very much machinery can, in a very short time, by properly housing it, save enough in depreciation and repairs to pay for the cost of the buildings. There are very few farms in the West that do not have enough posts, poles, and old lumber lying around to construct the framework of a shed which can be covered with straw, corn stover, spoiled hay, or sod. Thousand of dollars' worth of machinery can be seen standing out exposed to the weather in any of our farming districts, when right on the farm empty sheds can be found. Such is a case of pure carelessness, where a lack of funds cannot be given as the excuse.

A dollar saved is a dollar earned; therefore, by giving our farm implements more care and attention, thus reducing their depreciation and repairs to a minimum, many dollars will be earned.

Cure-All for the "Blues."

If there is a citizen within the environs of the Portales Valley who is afflicted with the blues, he should hie himself out to one of the farms which is drawing the life-rejuvenating water from one of the many gushing wells under the system of the Portales Irrigation Co., and there receive the panacea for his ailment. No matter how acute or aggravated his case may be, he cannot help but feel that he has at last discovered the Fountain of Perpetual Youth which old Sinbad is said to have so long sought. To see the sparkling crystal waters making a babbling break down an irrigation ditch in all its scurrying music and haste to empty its wealth upon the alfalfa and other waving fields of green is enough to make one wish that he could have ten, yes three-score years added to his life that he may behold the transformation which will take place in this Valley within the next

few years. The first impulse will be to drink a long draught of the purest ale which nature ever brewed and after this thirst has been appeased the next desire will be to dabble in the stream like a duck, all the while pinching himself to see if he is not actually dreaming. But it is no dream—it's a happy reality. Come to Portales Valley!

Doss Items.

We are glad to report the health of the community good. Mrs. Guy Mathews set her incubator this week. Bro. F. G. Calloway filled his regular appointment Sunday and delivered a fine sermon. There was a large audience in attendance.

Mr. and Mrs. Chas. Salter visited our school last Friday. Come again, we would be glad if all of the patrons would make a visit in the near future. Guy Mathews and family visited the Salter home Sunday.

W. C. Thornton and family took dinner with J. B. Naylor Sunday.

The two Arthur boys returned from their trapping and hunting trip Sunday.

Guy Mathews has been drilling a well for N. C. Howell, of Delphos.

There was singing at the Harris home Sunday night. All who attended report a nice time.

J. A. Tinsley is away at present in the interest of his candidacy for Treasurer.

Remember the Literary Friday night and come prepared to take a part.

Mrs. Freeman is the proud owner of a new Old Trusty incubator. We think that over in that part of the neighborhood if Mrs. Mathews and Mrs. Freeman have good success with their incubators, would be the place to roam when fried chicken gets ripe this summer.

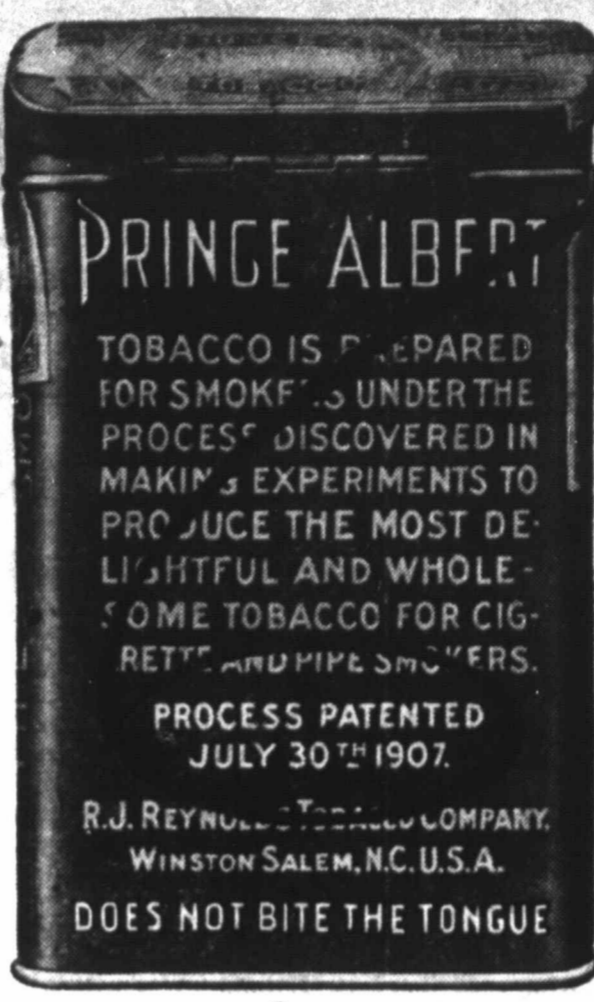

P. O. Naylor has bought himself a farm lately.

Mr. Dunn and E. D. Rucker were away last week.

E. D. Rucker will move this week to his claim near Canton, N. M.

Mrs. Eliza Thomas visited Mrs. Virgil Howard last week.

Fred Captina bought a farm the other day.

Copyright 1914 by R. J. Reynolds Tobacco Co.

Why Prince Albert meets men's tastes all over the world!

The patented process makes Prince Albert so good in a pipe or rolled into a cigarette that its popularity is now universal! It satisfies all smoke desires! This patented process, which also removes bite and parch, is controlled by us. No other tobacco can be like

PRINCE ALBERT
the national joy smoke

Listen:

It's easy to change the shape and color of unsmokable brands to imitate the Prince Albert taste, but it is impossible to imitate the flavor of Prince Albert tobacco! The patented process protects that!

Men who have stowed away gentle old jimmy pipes for years, have brought them back to the tune of Prince Albert! Get yours out, for your confidence never will be abused! We tell you Prince Albert will set pipe free the tenderest tongue!

And smoked in a makin's cigarette, Prince Albert is so refreshing and delightful that it gives you a new idea of cigarette happiness. Any way you fire-up Prince Albert, it will win you quick as a flash—it's so good and so friendly!

Prince Albert can be bought everywhere tobacco is sold—in heavy red bags, 5c; tins, 10c; hand-made and half-gallon tins, and in that classy pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such fine condition!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Free Instructions.

Capt. T. J. Molinari has received word from Gen. Herring that there is to be a man between the age of 21 and 27 selected from the National Guard of New Mexico who will be given free instructions in aeroplane work.

Milk Production Worth Billions.

The value of the 1915 milk production of the United States is estimated at \$2,320,000,000 by the Department of Agriculture. This is based on an average of 20 cents a gallon paid to producers for 11,590,000,000 gallons.

Rock Splinters Blind Thousands

The largest hospital in Vienna are reported to be filled with soldiers blinded by high explosives on the Italian Isonzo front. Seventy thousand are reported to have been blinded within six months by rock fragments.

WAR WITH MEXICO Is a Very Much Debated Question, But Everybody Agrees That The **Benton County Nursery Company, Rogers, Arkansas**

Is the best place to buy the best bargains in strictly first class, high grade, state inspected, fruit trees, berry plants, grape vines, ornamentals, etc., for Spring planting. Give us about five minutes of your time and be convinced that we are offering you the greatest bargains you were ever offered in nursery stock. We are located in the very heart of the Ozarks, in one of the finest fruit sections of the world. Benton County, Arkansas, bears the distinction of having more acres in fruit than any place in the whole world for the area it covers. Our trees are propagated from the finest varieties of fruit and healthiest trees grown. They are first class in every respect. Guaranteed: They are grown by an expert nurseryman, a man who has been on this job more than a quarter of a century. This stock must move for Spring planting or go on the brush pile and be burned. Below are the varieties we are offering and prices cut half into.

People and Preparedness.

In one way or another nearly everybody is talking auto preparedness against war.

The people are divided into many groups, ranging all the way from those who advocate the greatest army and navy in the world down to the man who is so craven and cowardly he would not fight a jack rabbit to save his birthright.

The warship builders and ammunition makers are wild for preparedness on a gigantic scale. They want to build ships and make ammunition and gather in more millions through the misfortunes of war and the blood of their countrymen. They see war looming in the distance and sweeping down upon us from every point of the compass.

A certain class would have us build up a regular army of half a million men and provide for several millions of volunteers. Then they would neglect the sea defenses and wait for the invader to come. They happily are but few in number, and their desires will not be realized.

On the other extreme are a great many people who do not

believe in fighting, who are against war of every nature, even against a war for self preservation. They believe in sitting down, folding their arms, and trusting to God to protect them from annihilation. They want no army and no navy. They are opposed to preparedness of every nature and are using and exerting every influence to prevent action by congress. They have a sublime faith in the willingness of God to protect people who will not protect themselves.

There is another class which appear to be greatly in the majority throughout the country. They go to neither extreme, but advocate a course of procedure which will keep down the cost and yet will furnish an armed force adequate to meet all emergencies. They want to avoid war, but realize fully that war may be forced upon us whether we want it or not. They realize, too, that in modern warfare the man with the best gun bags the game.

These people have been expressing their sentiments in the newspapers, and in public places, and have been writing to their senators and congressmen, with the result that congress is at last getting down to business and preparing legislation necessary for the protection of the wealth and the people of our country.

But congress is by no means a unit in what to do and how to do it. There are extremists in congress as well as among the mass of the people. But these appear also to be in the minority.

In both the senate and the house a very strong sentiment prevails in favor of increasing the navy and the regular army and providing a reasonably strong force of volunteers as a second line of defense.

The most mooted of all questions appears to be that of the volunteers. The President and a small following in congress and the country at large favor the continental army scheme in preference to increasing the size of the National Guard of the several states.

Others are opposed to the proposed continental army. They do not consider it practical for a country operating under a republican form of government, and unhesitatingly state that it is a dangerous weapon of defense to place in the hands unreservedly of any president. They take the position that we have no means of knowing who our future presidents may be, and to place such a force in their absolute control would be to surround them with a wall of bayonets that might tempt them to assume dictatorial powers that would be inimicable to the best interests of the people.

Probably a majority of the representatives in congress and of the people favor increasing the navy to formidable proportions, recruiting the regular army up to about 150,000 to 250,000, and placing the National Guard under pay for drill attendance and increasing its membership to approximately a million men, apportioned among the states according to population.

Thus the president would have at his command a federal force of 150,000 to 250,000 men at all times. The governors of the several states would have subject to their orders a force of a million men in times of peace, while in the event of a threatened invasion this force would automatically pass under the control of the president without further legislation. This force of guardsmen should be divorced from the necessity of performing strike duty during labor troubles, leaving that to the sheriffs and police officers.

Increasing the National Guard in this manner would supply the necessary force in time of war. It would recognize the rights of the several states in time of peace and would serve to prevent a great centralization of power in Washington which in the future might operate as a serious menace or detriment to a free and self governed people.

Mexico might settle down sooner, if it did not dread the consequent settling up.

"Girls make fewer errors than boys." Except when they are picking out boys.

And what has become of the old subscriber who used to begin his communication, "I take my pen in hand?"

Sam. J. Stinnett.

Sam. J. Stinnett presents his name in the columns of this paper as a candidate for County School Superintendent. A position that the Herald-Times considers one of the most important to be filled at the coming election, for upon the education of our children depends the future happiness and greatness of our nation. The Superintendent should be a person who is well qualified and knows the needs of our schools.

Prof. Stinnett is well qualified for this high position being a self made man and having long experience as a teacher in Texas and New Mexico. He has been a loyal democrat all of his life.

Mr. Stinnett was born in Jack county, Texas, March 16, 1879. His parents soon moved to Parker county and at the age of nine the family moved to Young county, Texas, where Mr. Stinnett was reared to manhood.

His earlier advantages of school were what might be expected in a new country. His education was received in the rural schools and the Graham High Schools in Young county, having worked his own way through the latter institution. He has been associated in some good Normal or good Summer school almost every vacation since he became a teacher.

In 1898, he came to Dickens county, Texas, where he began his career as a teacher, teaching in both the rural and the town schools in Dickens and Kent counties, serving for a number of years as principal of the Clairmont Public Schools which is at the county seat of Kent county.

He is one of the pioneers of Roosevelt county, having made this county his home for the past fourteen years, having lived here before the organization of the county and having been connected with every move for the betterment of the schools of the county since the organization he understands the needs of each community.

His labors in this county have been altogether in the rural schools, offered important places here and elsewhere, he preferred working in his home schools, having filled a number of places in this county. He taught four years in his home community 7 miles northwest of Portales and is now teaching his third year in the Doss community 8 miles southwest of Portales. He holds a First Grade State Certificate of a high average.

His ability as a teacher, his distinction as an honorable citizen, and his long experience as a teacher and his knowledge and interest in the schools of the county make him adequately qualified for the office of County School Superintendent.

He asks for a careful consideration of his qualifications and will appreciate your support.

Miss Sallie Guarrant Bryant.

Miss Bryant presents her name through this paper as a candidate for the office of Superintendent of the public schools of Roosevelt county.

For a new state, New Mexico has made great strides in progressive work, Roosevelt county has kept the pace, but there is yet much to be done.

Many times has the forward march in the art of instruction and in methods of development retraced its own steps, strengthening weak places and casting out lines of work that have proved unreliable.

The years of experience that Miss Bryant has had in Educational work has made her very cautious in selecting lines of development and yet eager to secure all reasonable means that will bring the best and most lasting results.

Miss Bryant was born in the state of Kentucky and was educated in Missouri. She is a graduate of the high school of Liberty, Mo., and was a student in the state Normal at Warrensburg, Mo. She spent many summer vacations in institutes, schools of special instructions and last but not least received the practical training that twenty-five years of actual service in rural and village schools could give.

Her last work as teacher was in Beckley, West Virginia, in a college for the education of mountain boys and girls of that vicinity.

She was offered the control of

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

I wish every suffering woman would give

GARDUI

The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

Kemp Lumber Company
 C. A. SKELTON, Mgr.

Derango Doings.

C. E. Cavett is moving over on the J. A. W. Bell ranch this week.

Elvy Bell took quite a crowd of young people a car ride Sunday evening.

The fruit supper at the home of John Lewis Monday night was well attended.

Hebron school is getting along nicely.

S. A. Elliott and S. A. Fry made a business trip to Portales the first of the week.

Mesdames M. B. and S. M. Hagan visited at the Johnson home one day last week.

This is to be a great year politically, but of course it will not be permitted to interfere with baseball or fishing.

Redlake Hogs.

W. A. Swearingin, one of the substantial farmers of the Redlake neighborhood, was in our city Monday. Mr. Swearingin brought up a load of those famous Roosevelt county fat hogs and loaded same into a car being shipped out by W. F. Faggard. Mr. Swearingin says that he has plenty left and incidentally has a car of fat steers that he will ship in the near future. Stock farmers such as this man are the kind that Roosevelt county needs and is gradually filling up with.

If the government goes into the business of manufacturing its own war munitions we will at least have the munitions with which to fight if war is forced upon us.

The "Clubby" Smoke — "Bull" Durham

You start something lively when you produce "Bull" Durham in a crowd of live-wires and start "rolling your own". That fresh, mellow-sweet fragrance of "Bull" makes everyone reach for "the makings". A hand-rolled "Bull" Durham cigarette brims over with zest and snap and the sparkle of sprightly spirits.

GENUINE "BULL" DURHAM SMOKING TOBACCO

Made of rich, ripe Virginia-North Carolina leaf, "Bull" Durham is the mildest, most enjoyable tobacco in the world. Its unique aroma and pleasing flavor give you wholesome, lasting satisfaction. No other cigarette can be so full of life and youthful vigor as a fresh-rolled cigarette of "Bull" Durham. "Roll your own" with "Bull" and you'll discover a new joy in smoking.

FREE An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a package of cigarette papers, will both be mailed, free, to any address in U. S. on request. Address "Bull" Durham, Durham, N. C.

Penitentiary Report

Interesting Document.

Santa Fe, Feb. 11.—The annual report of the board of penitentiary commissioners and superintendent of the penitentiary, J. B. McManus, came from press today. While not as voluminous as similar reports from as large institutions, an excellent showing is made, financially and otherwise. The penologist will find in the report interesting material for comparisons and deductions. Superintendent McManus seems also to have solved the high cost of living proposition, for judging from the menus he prints the cost of less than twenty cents a day for three meals seems preposterously small. It costs the state 46.7 cents per prisoner a day to maintain the institution or less than \$3.50 per week. Almost one-third of the inmates are doing time for murder.

More thieves lead among those convicted for crimes against property for their number 30, burglars number 26, cow thieves 22 forgers 21, ordinary thieves 21, those serving time for criminal assault are 22, assault with deadly weapon 16, manslaughter 6, embezzlement 6, selling liquor to Indians 9, robbery 9.

There are 175 natives of New Mexico in the pen, 67 natives of Mexico, 52 Texans and 10 Kentuckians. Other states and countries each furnished less than 9. Canada has four inmates and there is not a single native of Germany in the pen. England, France, Ireland, Norway, Scotland, Spain and the West Indies each furnished one convict. Arizona 8, Colorado and Illinois each 7, Missouri, Ohio, each 6, Alabama, Pennsylvania, each 5, California 4, Georgia 3, New York 3, Tennessee 3, Maine, North Carolina and Wisconsin, 2 each; Iowa, Louisiana, Massachusetts, Montana, Oregon, Virginia, West Virginia and Wyoming, 1 each.

Secretary Garrison Quits Job.

Washington, Feb. 11.—Secretary Lindley M. Garrison resigned today because President Wilson would not irrevocably support the continental army plan and because he opposes the administration's program of setting a definite time for Philippine independence. President Wilson accepted the resignation and has not selected a successor. The President himself probably will take personal charge of the administration's national defense plans in congress.

The Herald \$1.00 a year and worth it

W. T. Wade.

In this issue will be found the announcement of W. T. Wade for County Commissioner of Taiban precinct No. 3. He is a pioneer being the first settler of Taiban, having lived there with his family ten years. He came from Rockwall, Texas, the heart of that great State, where he was born and lived to the age of forty.

He holds high the ideals of duty in public trust; is a firm believer in economy and the burden of taxation lightened where possible while our people move on to advancement in the development of our county.

With the pronounced interest in public affairs and general knowledge of the conditions in this section of the country, and with the desire to be fair to all he invites support from the public.

Portales Springs

The up to date farmers of this vicinity are turning the sod, preparing for another big crop.

Mr. Robertson and brother came in from Abilene, Texas, they have shipped in several head of jerseys and are going to sell cream. They have moved to the Davis place.

Walter Bartlett came in from Tulsa, Texas, for a short visit with home folks.

Several from this community attended the spelling and pie supper at the Justice school house. Everyone reports a nice time.

Misses Nell Banks, Mullins and Drake and Messrs. Banks and Geo. Shepard of Inez spent Sunday at Deer Lodge Villa, the home of T. W. Austin.

Henry King, an old timer of this community, came in with a car of cattle for John Young.

Mrs. Burrows spent several days at Inez this week.

Messrs. Cowen, King and Anderson and Misses Anderson and Smith came over from Bethel in Mr. Cowen's car and spent Sunday afternoon at Deer Lodge Villa.

School is progressing nicely. The county is working the road especially the sand. This helps the grain haulers very much.

Gains 6 Pounds Per Day.

Artesia, N. M.—W. E. Mitchell has a nice little steer that he bought a short time ago from J. W. Turknott, along with about twenty-five head of other good stuff. Mr. Mitchell is feeding this stuff for the market, and it will soon be ready to ship. Records have been kept on this one, which is a good grade of short-horn, and on a feed of plenty of alfalfa and a small amount of maize the steer gained 300 pounds in forty days. At the beginning of the test he weighed 1500 lbs, and now tips the scales at 1800 lbs and at the market price per lb. he is worth around \$160. He is still gaining at the rate of six pounds per day, and Mr. Mitchell expects to sell him when he weighs 2,000 pounds, but he may hold him over says the Pecos Valley News, and send him to the State Fair at Albuquerque to show the people on the other side of the hills that the Pecos Valley can raise something besides alfalfa and candidates.

The Country Editor.

He might have been a millionaire,
 And won financial fame,
 Or sat in a director's chair,
 Had money been his aim;
 He chose instead to spend his years
 In service poorly paid,
 And with the paste pot and the shears
 A humble living made.

He chronicled the town's events;
 The local goings-on;
 His fellow townsmen's hopes and bents

Inspired his lexicon;
 He felt the public pulse that beat
 Around him, and he tried
 To make his little country sheet
 A thing of local pride.

Unselfishly, with all his heart,
 He strove but to uphold
 His town, of which he was a part,
 With great ambition filled.
 He spoke well of his fellow men;
 He praised when praise was due;
 He wielded but a kindly pen,
 And no reward he drew.

When a woman isn't hearing burglars in the dining room, she is always smelling something burning.

NEW MEXICO STATE NEWS

COMING EVENTS.
 March 1-5.—Meeting Panhandle and Southwestern Stockmen's Association at Albuquerque.
 March 10-11.—Meeting New Mexico Cattle and Horse Breeders' Association at Deming.
 July 4-6.—Cowboys' Reunion at Las Vegas.

Three prisoners escaped from the Clovis jail.
 Carlsbad soon will commence paving its streets.

The "dry" won at Clovis, the vote being 37 to 273.
 Estancia's village council has gone into the tree-planting game.

Taylor & Powers will prospect for oil in the Red Hill country near Torington.

The contract for the new \$12,000 school building at Mountainair has been let.

Hicks & Jones of Cuervo have sold a total of \$125,000 worth of stock in the past year.

Las Cruces gets \$53,000 for her public building in the deficiency bill passed by the Senate.

There is one school in New Mexico which has a poultry club and also a pig club. It is at Lovington.

Roswell business men are greatly dissatisfied over the Sunday closing rule at the postoffice there.

Ernest Augustus Mavo of Magdalena has been commissioned a notary public by Governor McDonald.

The boy scouts of Las Vegas celebrated the anniversary of scout movement during the week of Feb. 6.

The New Mexico Electrical Association will hold its second annual meeting at Albuquerque Feb. 14, 15 and 16.

A total area of 640,000 acres was filed upon in the Santa Fe U. S. land office during the month of January.

The New Mexico Cowboys' Reunion Association of Las Vegas is already getting ready for its celebration on July 4, 5 and 6.

James E. Edison, a brakeman, was struck by a car at Deming, sustaining injuries to his back, two broken ribs and minor hurts.

State Bank Examiner Rufus H. Carter turned into the state treasury \$303, the total of fees collected from bank during January.

Ermett Goodin was released from custody at Roswell on a charge of killing Joe Burleson, only to be rearrested on a charge of white slaying.

U. S. District Judge William H. Pope appointed W. F. McIlvaine of Carlsbad a U. S. commissioner, succeeding Guy A. Reed, resigned.

Arrangements for the establishment of postoffices at the 85 mine and at Shakespeare were made by Postal Inspector William Tronsgaard of Albuquerque.

The governor appointed the following notaries public: J. A. McDonald, Kelly, Andrew C. Crossler, Lakewood, Frank Herron, Las Cruces, Edwin H. Hughes, Solano.

Welbert Sewall and John Starvey of Lovington have bought all the stock owned by Ned Shattuck of Queen, paying \$650 for ewes, \$175 for spring lambs and \$15 for bucks.

Suit for \$10,000 damages for personal injuries has been filed against the Victor-American Fuel Company of Gallup by Theodore Kenton in the District Court at Roswell.

Charles Works was awarded damages in the District Court in the sum of one cent in his suit in which D. W. Low, Meldrum Gray and others were made defendants at Roswell.

Word reached Las Vegas of the death of George Kohn of Montoya, a brother of Charles Kohn, who died in Kansas City on his wedding tour. The shock of his brother's death was given as the cause.

A session of the New Mexico Cattle and Horse Breeders' Association has been scheduled for Deming on March 10 and 11, immediately after the session of the Panhandle Association at Albuquerque.

The divorce suit of the Rev. Ellis Smith, now pastor of a church in Albuquerque and formerly pastor of the Methodist Episcopal Church, South, at Roswell, produced several sensations before it closed.

The conviction and sentence in Los Lunas of Lorenzo Pino and Isidro Chaves for cattle stealing brought to an end what was practically an all-sumner chase after cattle rustlers in western Socorro county.

Reports submitted by forest officers in charge of the national forests of New Mexico show a total of 655 deer, 80 turkeys, 47 bear, 415 coyotes, 57 wolves and 16 lions killed by hunters during the season of 1915.

\$26,000 LICENSE FEES

HILL DISTRIBUTES AMOUNTS COLLECTED DURING 1916.

Half Goes into State Treasury for Highway Fund and an Equal Amount to Various Counties.

Santa Fe.—The first distribution of funds received for 1916 motor vehicle licenses, covering the 2,965 automobile, 127 motorcycle and 67 dealers' licenses issued up to Jan. 30, was made by Assistant State Secretary Adolph Hill. The total amount received was \$26,221.91, and of this total \$11,900.13 goes into the state treasury for the benefit of the state highway fund, and an equal amount is apportioned to the twenty-six counties, the apportionment being based on the sums received from each county for licenses. The total cost of administration, which includes the purchase of license tags, is placed at \$2,343.68, leaving a balance on hand of \$77.97.

In the apportionment of the total of \$11,900.13 to the counties, Chaves gets the largest share, \$1,659.38. Bernalillo is second with \$1,495.13, and Grant third with \$1,212.56. All other counties receive less than \$1,000.00. The amount apportioned to each county, and the percentage of each county in the total cost of administration, follow:

County	Amount	Per Ct. of Expenses
Bernalillo	\$1,495.13	12.57
Chaves	1,659.38	13.94
Coffey	786.42	6.61
Curry	278.37	2.34
Dona Ana	616.97	5.22
Hidalgo	729.26	6.13
Lincoln	247.52	2.08
Luna	353.08	2.97
McKinley	654.29	5.50
Mora	192.92	1.62
Otero	284.37	2.39
Quay	322.14	2.71
Rio Arriba	411.21	3.45
Roosevelt	297.77	2.50
Sandoval	262.00	2.20
San Juan	27.27	0.23
San Miguel	767.00	6.44
Santa Fe	420.00	3.53
Sierra	221.11	1.86
Socorro	122.85	1.03
Taos	722.98	6.07
Torrance	34.58	0.29
Union	246.61	2.07
Valencia	419.51	3.52
Total	\$11,900.13	100.00

Fourth Victim of Auto Tragedy Dead.

Deming.—George Critchet died at the local hospital as the result of injuries received when the auto which he was driving was ground to pieces under the wheels of a switching Santa Fe train at the Gold avenue crossing. Mr. Critchet is the fourth victim of the accident to die, the three Vallandingham sisters being almost instantly killed and their father, E. R. Vallandingham, editor of the Deming Headlight, painfully injured. Mr. and Mrs. G. C. Critchet, parents of George Critchet, and Cecil Critchet, a brother, were at the bedside when the end came.

Auto Hits Arroyo; Man Killed.

Silver City.—Leonard Atkins, leader of the Silver City Elks' band, and employed as a bookkeeper in the purchasing department at Fort Bayard, was killed on the Fort Bayard-Silver City road when an automobile which he was driving to this city in company with Sergeant Craig, ran into a deep arroyo about a mile from Central.

Three Sisters Buried in Single Grave.

Deming.—The three daughters of E. R. Vallandingham, killed in an automobile accident here, now rest in a single large grave. Practically the entire population of Deming accompanied the bodies to the grave.

Two Below in Santa Fe.

Santa Fe.—The night of Jan. 31 was the coldest this winter here, the thermometer registering two below zero.

Court Reduces Sum for Heart Balm.

Santa Fe.—Judge William H. Pope in the Federal Court issued an order that the verdict for \$16,700 damages awarded by a jury to Margaret Waddell of Los Angeles against A. R. Manby of Taos for breach of promise, be cut to \$7,000, on the ground that the damages were excessive. The plaintiff is given the alternative of accepting the reduction or having the case retried.

Attorneys Deny Charges of Bar.

Santa Fe.—State Treasurer O. N. Marron and Attorney Francis E. Wood, composing the law firm of Marron & Wood, filed in the Federal Court an answer denying specifically all the charges preferred by a committee from the bar, looking to the disbarment of the attorneys.

Corporation Commission Receipts.

Santa Fe.—The receipts of the state corporation commission in January were \$1,035.65 in corporation fees and \$223.00 in insurance fees. These amounts have been remitted to the state treasurer.

New Mexico Has 2,105 Teachers.

Santa Fe.—There are employed 2,105 teachers in the public schools of the state, according to statistics compiled by Chief Clerk Rupert F. Asplund of the Department of Education, as against 1,936 last year.

Road Grading Completed.

Santa Fe.—That all the grading for the road at Rio Puerco, Valencia county, is completed, was the information conveyed to the Highway Commission by Foreman McLean.

FARM STOCK

DRUGS GIVEN TO LIVE STOCK

Medicines Are Administered by People Without Knowledge of Action—Study Symptoms of Animals.

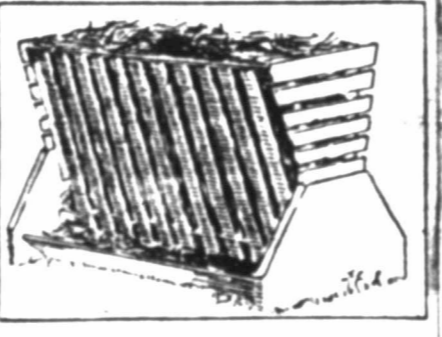

Frequently drugs are administered by people without any knowledge of their action. One individual only recently asked what he should give his horse when aconite and nitre had failed to cure. It is always best for one to know the action of a drug before it is administered to live stock. A thorough study of the symptoms of the animal should be made before any drugs are given. Just because certain drugs have succeeded in some neighbor's horses, there is no reason they will cure yours. To illustrate—a horse is suffering from colic. A dose of opium would be correct to give if it is spasmodic colic, while if the patient has impaction of the bowels a dose of opium would only pack the bowels the harder. A dose of aconite should never be given when the heart is weak and slow, for the reason that aconite depresses the heart and will cause death. On the other hand, aconite would be the proper drug to give when the heart was beating full and strong and very rapid. A common mistake is to give horses sweet spirits of nitre when suffering from frequent urination, as this drug is a diuretic or increases the flow of urine. It only aggravates the trouble in this particular case.

In diseases of the respiratory tract when the high fever has caused constipation one should never use aloes on account of the danger from super-purgation. Raw linseed oil is preferable, as it is much safer.

CONCRETE FLOOR IS FAVORED

Much Waste of Feed Can Be Prevented by Average Farmer—Roughage Rack for Swine is Shown.

There is a great deal of feed wasted on the average farm each year, but so little is lost at a time that you seldom notice it. If you would take the time to count up what is knocked out of the troughs by the animals and trampled under foot in one month's time you would be so surprised at the large

Roughage Rack for Swine.

quantity that you would all take steps to be more careful in the future.

One of the most common ways of wasting feed is to feed it upon the ground when the surface is wet or soft. Feed scattered about in this fashion will soon be tramped upon and buried under the mud. Pigs, especially, are wasteful of feed given to them in this way, but many feeders have realized the loss and have prevented it by building concrete feeding floors which will not only pay their cost in the feed they save in a few years, but enable the quarters to be kept in a more sanitary condition.

Feed may be wasted when it is fed in the mangers in excess of the animal's needs. This is a loss that is easily preventable, for the feeder if he is observing will know just how much the animal will eat up clean.

For feeding alfalfa, clover, soy bean hay or other coarse feed, a rack of the kind shown in the illustration is handy and prevents waste. More simple racks are often constructed on the inside of a hog house by placing them against one of the sides of the building or adjoined to the pen partition.

DAMAGED WHEAT FOR SWINE

Greater Gains Obtained in Tests in Feeding It Alone Than With Corn in Fattening Hogs.

The grade and market price of part of the 1915 wheat crop has been so much reduced by sprouting in the shock that it is not too high for hog feed. Recent feeding tests by L. A. Weaver at the Missouri experiment station have shown that wheat fed alone gives greater gains in fattening hogs than either corn alone or corn mixed with wheat. The addition of tankage to the ration resulted in still more economical gains, especially during the early part of the feeding period.

If ground, the wheat is better digested and three pecks produce as much gain as a bushel of unground wheat, both being soaked.

Pig Feeding Experiment.

At the Ontario station, 100 pounds of meal, when fed to 40-pound pigs, proved equal to 406.9 pounds of skim milk and to 37.6 to 48.5 pounds of tankage, depending upon the grade used. The skim milk was fed in the proportion of about one and a half pounds to one pound of meal, the tankage one pound to about six pounds of meal.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

From Roll to Roof
EVERYONE who has ever used Texaco Roofing says that it is the easiest and best kind of roofing to handle and apply. From roll to roof the whole operation is as simple as A B C.
 This, however, is only one of the advantages of Texaco Roofing and a minor one at that.
TEXACO ROOFING
 is water-proof, sun-proof, cold-proof and fire-resisting. It won't crack in cold weather or melt in hot weather. When properly laid it is absolutely water-tight. It is fire-resisting to a degree not found in other ready roofings.
 The use of Texaco Roofing reduces the cost of up-keep greatly. There is no better investment in the roofing line.

NOTICE OF PENDENCY OF SUIT.

No. 1164.

The State of New Mexico to Viva I. Bussey, Ida Bussey, John Bussey and Frank Bussey, Everett Bussey and George Bussey, Greeting:
You and each of you will take notice that a suit has been filed against you in the district court of the Fifth judicial district of the state of New Mexico, in and for the county of Roosevelt, wherein Joyce-Fruit Company, a corporation, and J. M. Rockwell are plaintiffs, and the said Viva I. Bussey, Ida Bussey, John Bussey, Frank Bussey, Everett Bussey, Iwa Bussey and George Bussey are defendants, said cause being numbered on the civil docket of said court as No. 1164.
The nature and objects of said suit is to divide and partition between the parties to this action the following described lands, to-wit: The southwest quarter of section 4 township 1 south of range 32 east N. M. P. M. in Roosevelt county, New Mexico, according to the respective interest of the parties, it being alleged that plaintiff, Joyce-Fruit Company, is the owner of a one undivided half interest in said lands; plaintiff, J. M. Rockwell, an undivided one-fourth interest in said lands, and all the defendants, together an undivided one-fourth interest in said lands, and to have said respective interests set apart to said parties, partitioned and divided and in the event said lands can not be divided without prejudice to the respective interests of said parties to have same sold as may be provided by law, and further to have a lien decreed against the respective interests of said parties for the pro rata amount of the costs and expense incurred in this action.
You are further notified that unless you enter your appearance in said cause on or before the 24th day of March, 1916, judgment by default will be rendered against you and said lands partitioned and divided according to the respective interests of the parties and plaintiffs be given the relief demanded in their complaint.
T. E. Meares is attorney for plaintiffs and his business and postoffice address is Portales, New Mexico.
Witness my hand and the seal of said court, this February 2nd, 1916.
[Seal] J. W. Ballow, Clerk.

Tube Gave Submarine Fuel.

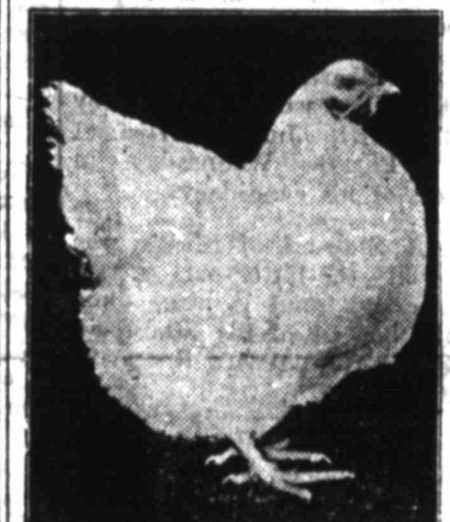

A tube, two feet in diameter, has been discovered leading from the store room of the kaiser's summer palace on the Greek island of Corfu to the water's edge according to advices just received from Athens. Anglo-French troops, who recently occupied the island, believe gasoline flowed down the tube into the tanks of Austro-German submarines operating in the Mediterranean.

ATTENTION!

All Knights of Pythias, Whether in Good Standing or Not, in line with a movement to establish a national Pythian sanitarium, it is desired to gather statistics as to the number of members of the order in New Mexico. These statistics are desired for the purpose of submitting to the supreme lodge, Knights of Pythias, at its meeting in Portland, Oregon, in August, 1916, in order that the Pythian membership in this state may be known.
All Knights of Pythias, who are or who were members of lodges outside of New Mexico, now living in New Mexico, are requested to fill out the coupon below and mail it to Hugh H. Williams, supreme representative, Santa Fe, N. M.:

Out This Out.

Undersigned was or is a member of Lodge No. Knights of Pythias, located in State of Health seeker Signed Address

FOR SALE.—Pure bred White Plymouth Rock Cockerels and pullets. Eggs, 75 cents per setting. Mrs. W. E. Lindsey.

Process for Publication.

The State of New Mexico, to Hillard Adamson, Silas Adamson, Simon Adamson, Martin Adamson, Lark in Adamson, Z. T. Roberts, Mrs. Mary Watson, E. E. Roberts, L. L. Naugle, J. J. Naugle, Mrs. Rora Robinson, B. J. Naugle, Marshall Mayher, all unknown heirs at law of James M. Adamson, deceased, and all other persons having any interest in the premises:

You will take notice that a suit has been filed against you in the district court of the Fifth judicial district of the State of New Mexico, in and for Roosevelt county, wherein W. C. Naugle, administrator, is plaintiff and you, the above named, and all the unknown heirs at law of James M. Adamson, deceased, and all other persons having or claiming any interest in the premises, are defendants, said cause being numbered 1120 upon the civil docket of said court.
The general objects of said action are as follows: The plaintiff, who is the administrator of the estate of James M. Adamson, deceased, and who was duly appointed such administrator of the estate of said deceased by the county court of Tarrant county, Texas, and who has filed in the Probate court of Roosevelt county, New Mexico, a certified copy of the proceedings of his appointment, and qualification, by virtue of said appointment by said county court of Tarrant county, Texas, seeks to sell the following described real estate belonging to said estate of said James M. Adamson, deceased, to-wit:
Lots three and four and the east half of the southwest quarter of section eighteen in township four south of range thirty-one east of the New Mexico meridian, New Mexico; that the sale of said real estate is sought because valid claims and debts against said estate have been filed and allowed approximating the sum of three hundred twelve and 67-100 dollars; and because the deceased left no personal estate whatever out of which said debts can be paid, and it having become necessary to sell said real estate to pay said debts.
You are further notified that unless you enter your appearance in said cause on or before the 23rd day of March, 1916, judgment by default will be taken against you and the plaintiff will apply to the court for the relief demanded in the complaint.
You are further notified that George L. Reese is attorney for the plaintiff and that his post office address is Portales, New Mexico.
Witness my hand and seal of office this the 2nd day of January, 1916.
[Seal] J. W. Ballow, Clerk.

FARM POULTRY

BUILDING UP POULTRY FARM

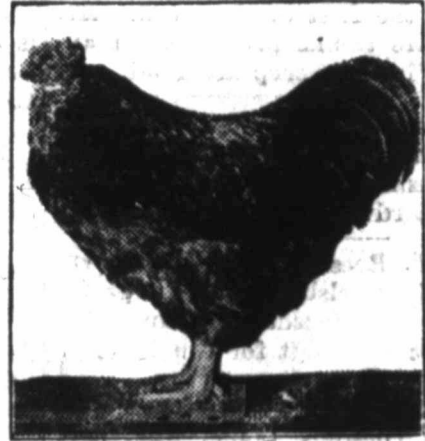

Necessary to Make Right Kind of Start and Work Must Be Faithfully Performed Every Day.

(By MICHAEL K. BOYER.)
A poultry farm built upon a secure foundation is sure to be successful if it is afterward properly managed. It is not only necessary to make the right kind of a start, but the work must be regularly and faithfully performed day in and day out.

As a rule beginners start with great enthusiasm, and not a few build air castles, but to many of them the same-ness of the work, the close application, the constant watching, soon become monotonous, and then there is a shrinking of duty, neglect, carelessness, and the enterprise becomes a failure.

The point is to begin small—measure the size of the initial step with the amount of capital and experience at hand.

It is often the case that men with more or less available capital practically put all their money in houses and stock. This is a mistake, and more so

A Purebred Cock

in the case of those who have no personal experience in the work.

In the parlance of today, "a man must be on his job." He must know what to do and how best to do it. He must be aware that inexperience may cause leaks, and leaks will soon sink the enterprise.

It is a noteworthy fact that most successful poultry farms of today are those that have started from a small beginning and gradually expanded as business and experience warranted.

Men who would not go into the dry goods business for the reason that they knew nothing about it, will build houses and stock them and expect the hens to do the rest.

Hens, like cows, yield a profit according to the treatment given them. They will not stand neglect. They are hard workers when properly managed and rewarded, but they can be the most idle and indifferent producers when made to shift for themselves.

Our agricultural colleges have done much to teach the new aspirants how to tread in poultry paths, and men and women who endeavor to improve by these excellently arranged courses of instruction will have won half the battle—the other half naturally belongs to practical experience.

A man with \$1,000 would better invest one-half of it in buildings, stock and fixtures and reserve the other half for feed and running expenses, than invest the entire amount in the equipment and have to go in debt for the feed.

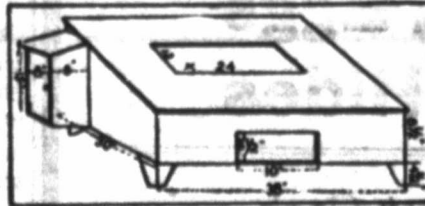

Eggs and poultry are staple crops and the demand is far greater than the supply. This country needs more poultry farms, and they will be successful when properly built and managed. But the beginning must be small and the growth gradual, as that every part of the work is promptly noted and carefully and correctly performed.

BROODER FOR LITTLE CHICKS

Homemade Affair Can Be Put Together Cheaply by Use of Well-Seasoned Light Lumber.

(By A. C. SHELDON, Ohio.)
The brooder is made of well-seasoned light lumber, and the top is 40 inches long, 32 inches wide; with the other dimensions given in the illustration.

The little opening in front should have a little side door. The little box

Homemade Brooder.

on the corner of the brooder as shown is for the lamp or lantern to be placed in to heat the brooder. It should be lined with tin or asbestos. There is a glass opening in the top, 12 by 24. This makes a fine brooder for spring, summer and fall, and gives excellent satisfaction. Its capacity is 250 chicks, and it can be made at a very small cost.

Incubator Most Reliable.

You can hatch eggs in an incubator that you cannot trust under a hen. Thin-shelled eggs a hen soon demolishes, while an incubator will bring these out nicely, and so it will a cracked egg.

CENTS AT WORK

Wanted.—1500 cattle to pasture. Good grass and plenty of water, and no loco. Will take cattle by the month or will lease pasture. Its the old Six-shooter Pasture. R. O. Rogers, Redland, N. M. 48 tf

PHONE NUMBER 15

DEEN-NEER CO.

PHONE NUMBER 15

Born, to the wife of F. M. Robertson, of Elida, the 14th, a son. Preparedness is galloping along. Health hint for today: Keep healthy. Burt Johnson was over on the cut-off last week canvassing. L. E. Eaton, Elida, was up last Friday on business. R. L. and Charlie Yoachim of the Dora community were visitors in the city the first of the week. Arthur Littlejohn was a Portales visitor over night last Friday night attending the K. of P. lodge. Langdon Gregg spent Sunday visiting with friends here. Langdon is cashier in one of the banks at Clovis. L. E. Forbes, the cream man of the Nobe community was a business visitor in the city the middle of the week.

Coe Howard and George Deen made a business trip to Clovis Wednesday. A. L. Sanders of Lacy was in town the first of the week. Mr. Sanders thinks prospects for another bumper crop are good. Ben Birdwell, cattle inspector for this district, was in Portales no business the first of the week. Mr. Birdwell lives at Clovis. G. L. Reese left Tuesday morning for Carlsbad. The Judge returned Wednesday morning but immediately left for Clovis. Louie Kirby was a visitor from Elida Tuesday. Louie was here looking after the remodeling of his building. Joel Fuller made a flying visit to the city of Memphis, Texas, the latter part of last week. He left Saturday and returned Monday. The Herald \$1.00 a year and worth it.

Roy Connally returned Wednesday morning from a week's visit on the western side of the state. S. Snell, the restaurant man, is the owner of a new Saxon Six Touring car, purchased from H. L. Blanton Tuesday. FOR SALE or trade.—Three lots near school house. Will sell or trade for Lubbock property. W. R. Humble, Lubbock, Texas. Box 690. 9-2tp. Wm. Elliott and James K. Polk Jones were business visitors in Portales the first of the week. Their homes are out near the Pecos. Senator A. J. Evans and family passed through Tuesday in their car returning to their home in Fort Sumner from a trip to Elida. J. C. Gilbert, of Roswell, candidate for Prosecuting Attorney for the Fifth Judicial District was in Portales Wednesday in interest of his candidacy. W. A. Stansell, of Elida, was in the city the latter part of this week having some printing done for the benefit of his candidacy for Probate Judge of Roosevelt county. R. A. Deen, candidate for county superintendent, was a visitor in the county seat Friday evening and Saturday. Mr. Deen is a Mason and K. of P. and attended both meetings while here. FOR SALE — Selected seed corn. 100 pound lots at 5 cents a pound. Less amount at 6 cents a pound. Leave your order at C. M. Dobbs. J. A. Fairly. William R. Humble and wife, of Lubbock, Texas, were here the latter part of last week on business and visiting with old friends. They were at one time residents of Portales. Seth Morrison was an Elida visitor Friday and Saturday renewing old friendships and making new acquaintances. He states that business is good down there and much grain being sold. C. V. Harris and George Smith made a trip to Inez the first of the week to inspect the three hundred head of calves they have down in that country. They report them doing fine. Henry King, one of the old-timers of Portales arrived Saturday from Springfield, Arkansas, where he and his family now reside. Henry is here on business, and will remain several days. Chas. Davis, one of the old-timers of the Macy community, was a business visitor at the county seat the middle of the week. Mr. Davis says that listing is the order of the day out his way. E. L. Lavender, who has been in Lubbock, Texas for the past three years, returned to his place eight miles southwest of Portales a short time ago and had a new residence erected and says he is back to stay. Mesdames Taylor and Thomas, of Commerce, Texas, daughters of I. L. Adams, arrived last week and will make Portales their home for an indefinite time. Mrs. Thomas has purchased a one-half interest in the City Cafe and invites the public to call when hungry.

J. W. and H. M. Williams and M. W. Morehead were Portales visitors from the Garrison and Richland communities Tuesday. These gentlemen state that everything looks good down in their country and that green grass is beginning to appear. Doc Reid, of the Red Feather Farm, was demonstrating a new model incubator he is agent for at the Deen-Neer Company's this week. It is a seventy egg hatcher known as the "Peerless 66". Doc says it is a good one and that he is using them on his farm. Albert Daniels, a Portales raised boy, but now of Roswell and interested in two or three meat shops there passed through Portales Monday on his way to Clovis. He accompanied J. A. Pruitt, traveling salesman for the Sulzberger packing houses and made the trip from Roswell in a Buick runabout. Tom Haislip of the Longs community came in the latter part of last week from Hale Center, Texas where he has been for the past two or three months. Tom is one of the well known boys of the southeast part of the county and we are glad to welcome him back. Union Prayer Meeting. The Methodist and Baptist churches held a union prayer meeting this week at the Baptist church. The attendance was reasonably good. Special prayers were offered for the coming meeting. Poultry Business Good. Those old hens, the money makers of the farmers for the past fifty years are this year from all appearances exceeding their speed limit and especially so in the county of Roosevelt. Prices have gone out of sight on common stock and the thoroughbreds can not be bought at any price. There are being many fancy chickens raised in the county this year and that means still more prosperity. Sell those old "domineers" and mixtures while prices are good and put the money into purebred stock. Also buy the same at home. We have prize winners of several different varieties all over the county. Candidates On Cut-Off. Dr. Owens, Burt Johnson, John W. Ballow and C. W. Terry were visitors in Taiban, La Lande and other northern county points the last of last week. Each one admits that the other is getting to be a good stump speaker. County Commissioners Meet. The county commissioners met the first part of the week and transacted county business. Both Messrs. Johnson and Smith came over in their cars. They returned home Tuesday. Here From Taiban. The following parties were some of those out of town present at the meeting of the W. O. W. lodge Monday night: J. H. and R. E. Cornett, J. W. King, L. E. and Roy Davies, G. A. Stratton, O. R. Humphries and C. I. Speight. No, our farmers will not be sowing tacks in the roads traveled by automobiles. They are buying cars instead.

Reform For Banks. The Comptroller of the currency recommends twelve amendments to the national bank act, with a view to minimizing the danger of bank failures. But a reform of the banking system more important than any he recommends could easily be accomplished—to wit, by abolishing the office of comptroller of the currency. There is no longer any good reason for that office. The federal reserve board is vested with power to examine member banks and require reports from them. It can perform those duties better than the comptroller can. He is always a political appointee, with a limited tenure of office. His contract with the banking system, then, is comparatively brief and incidental. His successor may hold views and establish policies quite different from his. The federal reserve board is a continuing body. Its other functions will make it in time an intimate part of the banking system. Banks will have the habit of looking to it pretty much as they look to their own clearing-house associations. The most efficient bank examination in the country, we believe, is that exercised by the clearing-house associations in large cities. It enlists the hearty co-operation of sound bankers. It is inside and less liable to be fooled than an examination from the outside, happening once in six months or so. The reserve board can perform the duties of the comptroller's office better and probably more cheaply than the comptroller can.—The Saturday Evening Post. Civic and Art Club. The Civic and Art Club will meet with Mrs. Roselle Culbertson next Tuesday at 2 p. m. Mesdames Say and Hough will take up early New Mexico history. Here's an original idea—push it along! The quickest way to get good roads in this community is to present every township official with an automobile. Editors first, of course.

Congress has been a great light on the subject of preparedness. Incidentally, of course, the people created the light. The wise man buys his home paper. The foolish one borrows it from his neighbor and thereby advertises his lack of wisdom. Keep right on yelping for good roads. The louder you yelp the more likely you are to be heard and if we all get to yelping some thing will soon be doing. Just about an ordinary old empty tomato can is about the proper thing to tie to that continental army scheme. And even at that it might be rough on the can. Right now is a mighty good time to overhaul that farm machinery, and polish it, and oil it, and get it to running smoothly and without a hitch or a break. The smoother and easier it works the more dividends it will earn during the summer's work. Things do move around the farm these days. When Bill wants to come to town he just lights his cigar, steps into his car, pulls a lever, gives a few honks, and alights at the store a dozen or so miles away. Some speed to Bill, you bet!

..Narrow Treads..

The Ford Motor Company will build no more 60 inch tread cars. We have two carloads of 56 inch tread enroute to us. Buy your Ford now and get the use during all the year.

LET'S TALK IT OVER

HIGHWAY GARAGE

R. L. BLANTON, Manager.

WANTED!

Chickens, Eggs and Cow Hides

Will pay the Highest Cash price for the above. It will pay you to see me before you sell. : : : :

OPPOSITE THE OLD DOUTHITT WAGON YARD

..J. A. SAYLOR..

\$6.60

Carried in Stock and for Sale by the

RED FEATHER FARM

DUROC JERSEY HOGS

A few good 50 lb. shoats left.
