PORTALES, NEW MEXICO, THURSDAY JUNE 8, 1916.

Number 25

Letter From The Border

Company M was the recipient today of a splendid box of "assorted remembrances" silent tokens that cheer the heart make the boys look up with pride conscious of the fact that, though absent they are not forgotten, in addition to the box came a check which will be placed to the boys' credit in the "Company Fund" and which can be used by them to buy the little delicacies not furnished in the army rations.

All towns in New Mexico that enjoy the distinction of having a National Guard have been sending boxes to their boys, so when Portales responded there was a double joy in camp—the joy of being remembered and the added pleasure of the good things sent.

Our boys for the most part are contented and apparently enjoying the novelty of being real soldiers, some time this week we expect to be mustered in as "The Organized Militia" in Federal Service, not Regulars, just mustered for federal pay and to serve the time for which they enlisted in the National Guards.

We do not know how long we will be held here or where we will be sent, judging from the improvements the government is making it looks very much like a permanent camp. The papers indicate that the relation

between the two countries are badly strained and the fact that Mexico is mobilizing her forces give this statement some weight.

Company M is growing but not as rapidly as we expected. We are somewhat disappointed in the fact that our strength is gained from counties other than Roosevelt. All other companies are being filled by recruits from their home counties—WHY NOT OURS? I was asked the other day if the failure to get recruits from Roosevelt county was due to its small population or lack of patriotism. I do not believe it is either, I am rather inclined to the belief that it is due to the erroneous impression prevailing that men enlisting are to be forced into the regular service. The facts are that a man enlisting at this time is giving his time only for the term of his enlistment and in the National Guard and not in the REGULAR SERVICE. We have Bankers, Doctors, Lawyers and professional men of all kinds serving in the ranks and making splendid soldiers. The working hours rarely exceed three hours per day the balance of the time is their own. Our men are gaining in weight, health and strength and their appetites have made it necessary to increase the kitchen force.

With kindest regards to the citizenship of Portales and Roose-

velt county from Company M I remain.

Capt. T. J. Molinari

Daily Routine at Camp Furlong

Reveille, 5:45; march, 5:55; assembly, 6:00 calisthenics, 6:10; mess (breakfast) 6:25; policing company quarters;—company drill—close and extended order, 8 to 9:30; squad drill—close and extended order, 10 to 10:40; non-commissioned officers school, 11 to 11:50; mess (dinner) 12:00; physical hygiene and care of the feet, 2 to 2:40; mechanism and nomenclature of the rifle, 3 to 3:40; instruction in guard duty, 4 to 4:40; mess call (supper) 5:15; company drill—close order, 6 to 6:20; signal drill, 6:40 to 7:2; tattoo, 9; call to quarters, 10:45; taps, 11:00;

Since the physical examination the boys are getting down to real soldiering. By this time they have begun to realize that this is much different than the encampments of the National Guard and the work is changed considerably but they are all taking to it like a duck to water.

A brand new frame kitchen is the gift of the federal government to each company of the regiment. These kitchens are complete in every respect and are fitted with sufficient equip-

ment to give the soldier boys the very best of eats.

Company "M" has had the good fortune to have been on guard at this camp twice since their arrival. The boys conducted themselves in such a manner as to be a credit to the company and regiment.

The government has just completed a new frame Y. M. C. A. at this post. This is indeed a convenience and a pleasure that is fully appreciated by every soldier in the camp. Writing materials are furnished free of all costs to the boys, and also tables and benches where they are privileged to sit and read papers and magazines which are donated to the association.

Last Friday was pay day for the New Mexico regiment and from the remarks gathered around camp the boys were all ready for it. One of the most noticeable results of the paying off of the bunch of soldiers was the absence of every sign of intoxicants and intoxication. This is a fact of which the regiment is rightfully proud.

The big shower bath house is the magnet that has drawn the boys since their arrival here. Many of the Company "M" boys are taking an early advantage of the convenience and are rising about five in the morning and getting in the swim before reveille.

The conduct and behaviour of all the Portales boys has been just as you folks expected it would be. They have received many commendations from some of the regimental officers and the boys and officers are so proud of the fact that they have determined to keep up the good work during their term of service on the border.

Corporal Arthur Bird was called home on account of sickness in his family. The boys are all sorry to have him away from the company even for a short time and hope for the speedy recovery of his loved ones and his return to the company.

The soldiers at this point had the rare pleasure of witnessing the firing of the National Salute of twenty-one guns on Decoration day under conditions that have been connected with the performance. Many persons have witnessed the firing of a national salute but the boys here will always remember the national salute which was fired at the time they were soldiering on the border at a time when they did not know but what before the sun went down they would be in a battle. The salute was fired by Battery "A" of the Guards. The time twelve o'clock, noon, was received by radio and down in camp signaled to the commander of the battery down in camp. Then Captain DeBre-

man gave the commands that released the roaring, thundering tribute. Five or six of the motion picture companies had their cameramen on the grounds to take views of the occurrence and the folks in Portales will probably see, in the near future, the pictures at the Cozy.

A regimental camp exchange has been located on the grounds and now the boys are enabled to get such little trifles as cigars, tobacco, ice cream, pies, etc., without making the trip to town.

Baptist Notes.

The services last Sunday morning was satisfactory. Owing to the high wind the congregation was small in the evening. Next Sunday we hope to see more of the members present since so many of our people are away we who are here should hold the fort. Subject for Sunday morning, The Christian's Highest Resolve, this subject should appeal to our hearts. Subject for Evening, the Bartered Birthright.

The Capt. R.S. Van-Sickle Carnival Company

The Portales Fire boys were indeed very fortunate in securing such a fine attraction as the Van-Sickle show for their big gala week. The Van-Sickle show is one of the largest carnival on the road and having a week off between Clovis where they are showing this week under the auspices of the Chamber of Commerce and Roswell where they will show under the auspices of the B.P.O. Elks. The company was intending to lay off for the week between the two cities but decided to bring their big organization to our city for the off week and give the amusement lovers of Portales a chance to see a real show.

The Van-Sickle shows are advertised as the show that is different from the average carnival company now on the road. The shows that comes to Portales next week is said to be made up of thrillers. Capt. Van Sickle, himself, conceded to be the champion of champions along the high diving lines is an attraction that draw the crowds from miles away to see his wonderful dive from his 93ft ladder in a very small life saver's net. Then the silo drome featuring that daredevil motorcycle rider, Billy Bryant, who takes his life in his hands at each exhibition given at this nerve thrilling place of amusement. The next big thriller is the bucking horse show. Bob Malone, the manager of this attraction has an outlaw horse that has so far been able to unseat every rider who has attempted to ride him; any one who can ride this horse for five minutes will be given \$10.00 in cash. In fact this attraction is more like a big wild west show instead of being one of the feature attractions of the Van-Sickle show. The Haman roulett wheel known as the "laugh factory" is a show where any one will forget their troubles and do nothing but laugh. The Van Sickle "coon town 400 on the old plantation" is the best colored minstrel performance ever seen in this section. The "days of '89" where one sees five different attractions under one tent. The Spider Girl is really one of the most beautiful mysteries one's imagination could picture and must be seen to be appreciated. Then the \$5000 production of the model farm is in a class by itself and must be seen to be understood. The beautiful merry-go-round and big ferris wheel all go to make the Van Sickle shows the cleanest

C. W. Terry

When a man talks to honest people who possess brains he gets right to the point in direct and simple language. That is exactly what I am doing with you.

I was born in Lamar county, Texas, and engaged in farming there until about six years ago when I came to Portales. I was engaged in the coal and grain business the first year in Portales and since that time have been devoting my time to stock farming.

I am a candidate for the office of sheriff on the Democratic ticket, and my fate is in the hands of the electorate of this district. It is in YOUR hands.

I have no promises or pledges to make of any nature, with one exception: If I am elected to the office, I alone will be the sheriff and the office will be ad-

ministered strictly in accordance with the law governing the same, and in the interest of all of the people, irrespective of party affiliations.

That is the only pledge I have to make, but that pledge will be religiously fulfilled even to the minutest detail.

It is with this understanding alone that I earnestly solicit and hope to receive your support at the polls.

Yours truly
C. W. Terry.

All persons interested in any branch of the poultry industry should attend the meeting at the court house Saturday at 2 p. m. If the local people will not take sufficient interest in the coming state poultry show that will be held in Portales next December, the proposition will be dropped.

AFFIDAVIT

Doc. W. Herndon, being first duly sworn, states upon oath, as follows:

I was informed and at one time believed that A. L. (Arch) Gregg, candidate for sheriff at the coming primary, was a party with others to a frame-up to cause me to sell my holdings southeast of Delphos at a sacrifice, but I have since learned that I was misinformed and that this was entirely untrue. Mr. Gregg had nothing whatever to do with the matter. I further state that Mr. Gregg has my good-will and support in this election.

Doc. W. Herndon, Subscribed and sworn to before me this 6th day of June 1916
E. H. Cummings, (Seal) Notary Public
My commission expires May 31st, 1920.

Carl S Turner

I was born in Iredell county North Carolina, 89 years ago and lived on a farm until 12 years old, and moved to Statesville, N. C. where I went to school until volunteers were called for in the Spanish American war, being mustered out at Savannah, Ga., I was handed an honorable discharge. I worked several years in the Railroad service as railroad clerk, 15 years ago I moved to Hunt county, Texas, and made five crops, after that decided to come to New Mexico and landed here with \$500 I earned by picking cotton, locating at Redland, and in addition to farming embarked in the mercantile business, which I followed until last August at that time selling out and going into the hog business and feeding out the grain I had been raising on the place.

I am not making any promises if elected, but will show my appreciation if elected by giving a clean impartial administration devoting the time that is needed to do the business that comes before the commissioners court. I was solicited to make this race by farmer friends and others, I am not run by any click or set or ring, I have never run for an office before and have always taken an active part putting my shoulder to the wheel when needed. I am a democrat by birth, a farmer by choice and expect to stay in New Mexico as long as she is as good as the past ten years, I am a booster for our country and stand for the up building of our lands and schools.

Candidate for Sheriff

I wish to state to the voters of Roosevelt county, that I have lived in this country 18 years I have not resided here continually as I have had to go out to work. I am living at present about 6 miles Southeast of Delphos, N. M. I am engaged in the stock-farming business, prior to that time I have worked at ranch work and Railroad work. Gentlemen I am 35 years old and have a fair high school education and if I am placed in the Sheriff's office I will endeavor to give the office my best attention, a sober, fair and impartial administration I do not claim to do better than any one else can do, but I will offer the very best there is in me, and I believe I can show the people that I appreciate them placing me in a position to save a few dollars out of the fair salary that the office pays by giving them efficiency in return. I will state further that I will give or place some man in the jailer's place that can handle it efficiently and will appreciate it.

Further I wish to state that I am not in favor of a raise in the salary of the County officers. However I am not making the race on the cut salary ticket. I am only running on my merits. I have spent over one half of my life in this country and if there is any question in your minds in regard to my past record as a man financially, mentally, morally or physically, gentlemen I am open to you and would be glad to have you investigate me, after doing that, and you think I am worthy of your support I assure you one and all that I will appreciate it as much as any man. Remember me on the 17th.

B. B. Clayton Speaks

To The Public:
The duties of the Sheriff's office are many and arduous. Often times that office is working out problems of which the public knows nothing. To curtail expense this office has been using only one deputy, and because of the bad health of Mr. Deen the duties of the office for the past few months have fallen heavily upon me. Mr. Deen only recently returned from an extended trip to Mineral wells, Texas. Because of this situation I have been unable to prosecute my campaign as vigorously as I would like to have done, and I have been compelled to forego the pleasure of seeing many of the good citizens of our county. I did not, however, feel that it would be right that I should, in the absence of Mr. Deen, neglect the duties of the office and there by prove false to the trust imposed in me. I shall not at any time neglect my present duties as Deputy Sheriff in order that I might further my political ambition.

I sincerely desire that every voter in this county should investigate me. My record is before you as an open book. I believe, and my friends assure me, that my experience in the office for the past five years has fitted me for the duties of the office, and I know that if elected I shall give to the people of Roosevelt County the very best and most economical service that it is possible for me to give. Efficiency shall be my watchword.

Some one has said that it has been rumored that I expected to withdraw from the race. Such reports are very pleasing to me for they are certainly proof that some one wishes to impair my strength, hoping that I might lose a few votes by means of such a report. I wish it distinctly understood by every one that I am in the race and will be until the very last vote is counted, and that I feel that I shall be successful. If you can conscientiously vote for me your action will certainly be appreciated, but if you do not feel that I should have the office, then it is your duty to vote for the man whom you think will be the most capable official, and we shall always be friends just the same.

Yours very truly,
B. B. Clayton.

W. A. Stansell.

Every public officer should be honest, efficient, and well-qualified for the duties of the office he holds. He is a servant of the people and he is the greatest public officer who comes nearest representing the will of the people in his official capacity.

The office of Probate Judge is one of the most important offices in the county. It is through the medium of the probate court that the affairs of a man's estate is administered after he is dead and gone, and the judge of that court is the man who has more to do with the handling and direction of that estate than any one else. He should therefore be a man with a knowledge of probate law so that the legal rights of parties seeking relief through the probate court may be protected. He should be a man of recognized business acumen and ability so he can successfully advise parties in the direction of their financial affairs and help them make good and profitable investments. He should be a man of absolute honesty and integrity, and be trustworthy of the confidence of every voter in the county, free from all influences that would hamper him in the administration of justice, so that he can uphold the dignity of the office with honor and respect, and justify the ends for which the office was created. Is there a man in the race for this office who approaches these qualifications?

Mr. W. A. Stansell, who came to New Mexico about eight years ago, and who for the last two and one-half years having resided in the Elida precinct, has announced himself a candidate for

the office of Probate Judge. He is a native of Georgia, and in early childhood moved with his father's family to Texas where they located on a farm in Eastland county. There he attended the rural schools a few months each winter until he was seventeen years of age, when he attended the Gorman High School where he had an opportunity to work and help pay his way while attending this school. He later entered the A. & M. College of Texas in which school he received credits covering almost two year's work in the Civil Engineering Department. He also secured work in this school to help pay expenses. Mr. Stansell also took a thorough course in Business Training and Stenography, in Tyler Commercial College, one of the leading schools of its kind in the United States, and did special work in Philosophy and Political Science in Cumberland University. He took his law degree from Cumberland University in the class of 1913.

After coming to New Mexico, Mr. Stansell had five year's practical business experience, being placed in positions of responsibility. For three years he was manager of a lumber yard, and for almost two years he was assistant cashier of a bank. His references to each of these institutions are open to all, so the people may know whether or not he made good in these positions as a successful business man.

While it is true Mr. Stansell has just begun the practice of law being a graduate of a good law school, having been admitted to practice law before all the courts of the State of Texas and the district courts of this State, and now having his application filed with the Clerk of the Supreme Court of New Mexico for permanent license to practice law before the Supreme Court of this State, his knowledge of the law is sufficient to qualify him for the responsible duties of this office.

Mr. Stansell is one of our Roosevelt county young men who has entered the race for the office of Probate Judge upon his own merits, free from any hampering or conniving influences. Knowing our public officers were designed and instituted for the service and benefit of all the people, he believes it is the duty of every voter to inquire into the character of each candidate as a man, into his loyalty as a citizen of the U. S. A., and into his fitness for the office of the people whom he would serve, and taking all things into consideration, place the man in office who will serve the people most faithfully, most loyally, most efficiently, and with most honor to himself, to his people and to his country, not only now but in the future as well.

Mr. Stansell is not begging for votes. Believing the selection of county officers should be a free and willing choice of the people without earnest solicitation upon the part of the candidate, he only invites the closest scrutiny of his life as a man and citizen, and of his fitness and qualifications as a public servant in the official capacity of Probate Judge, and should the people select him to represent them in that capacity he will move to Portales where he will be more conveniently located to serve them, and it will be his full ambition and desire to merit their judgment in the choosing and justify the satisfaction of their will in the administration of the duties of the office.

It is upon this platform that Mr. Stansell will be nominated or defeated at the Democratic primary on the 17th day of June.

It is now an assured fact that Portales is to have an elevator. Particulars will be given next week.

Your Vote Solicited

I wish to call especial attention to my article in this issue of the Herald-Times read it; study it carefully and when you have done that, then remember I will appreciate your vote and in return will fill the office of Probate Judge with honor to you and credit to myself. : :

YOUR COUNTRY CALLS YOU!

Young man, your country is calling for you. New Mexico needs your services. Are we sufficiently patriotic in this border State to protect the lives and property of our citizens? : : : : :

General Herring of the New Mexico National Guard has just issued an urgent appeal for recruits. Unless our National Guard is recruited to war strength within the next few hours we shall lose our identity and the New Mexico Guard will be mustered into Federal service under the colors of another State. Such would be a disgrace from which New Mexico would never recover. Shall we uphold the honor of our State? : : : : :

Some have, during the last few days, thought they would gladly enlist were it not for the fact they believe the present encampment at Columbus only means severe drilling, and that the men would never see actual service. If these men wish to see actual service now is their time to enlist. Recruits who would shirk actual service are not wanted. The New Mexico Guard will be immediately mustered into service. Be patriotic and enlist now. Apply to

To the People and Voters of Roosevelt County, N. M.

Owing to the fact the time is so near at hand that you will choose your public servant to serve you in the capacity of County Clerk for the next two years, and I have been compelled to divide my time between my candidacy and making a livelihood and that coupled with the fact that I have been employed by the present County Clerk, who is also a candidate for office and I did not feel disposed to shift nor shirk my duties in order that I would have more time to promote my candidacy, therefore it will be impossible for me to have an opportunity to see every voter in the county, and I will submit this article for your consideration, together with my candidacy hoping it will better prepare you to determine who shall serve you for County Clerk, and to assure you your support will be highly appreciated.

I believe some of the prime factors to be considered in choosing an official is his qualifications, his honesty, is he worthy in all respects, does he deserve or merit your support, in view of that fact I desire to say for the benefit of the people who do not know me personally that I will be very grateful to any one who will make a thorough investigation along those, or any other lines in reference to me.

I was born in Colorado City, Mitchell county, Texas, and moved with my parents to Lubbock, Texas, where we lived until we moved to Portales, N. M., where I have lived for 19 years. I received my education in the public school of Portales, the Western College of Artesia, N. M. and the Military Academy of Amarillo, Texas.

I have been the assistant County Clerk of this county for a little over three years, and those of you who have had business at the office know exactly what kind of treatment you have received at my hands, and for my kind and courteous treatment of the public, I am glad to refer you to the people who are familiar with me and the work.

My father was the County Clerk of this county when he died a little more than a year ago, and for more than a year his health was in such a depreciated condition from the wasting away of life from a fatal disease practically all of the duties of the office were left to me to perform, I will ask you were the duties performed well and faithfully? If so, am I qualified, worthy and deserving of your support?

I am not sufficiently versed in politics to formulate a lot of promises to try to win the election, only to be broken after the election, and such procedure will never be my aim nor method to win an office, but if I am elected I shall assure again that I will continue the polite, business like and fair and courteous treatment to all the people.

The duties of the office are largely mandatory and consist of clerical work and from my practice, work and training, I think I am eminently qualified to attend all the duties, and I desire to say further that if I am chosen by the people to serve them I will be just as economical in all respects, in the office that will be consistent with good business and proper management. I will keep the interest of the people in mind at all times. Thanking you again and again for your support, I await your decision.

Guy P. Mitchell.

Perhaps, though, those border raids are just neighborly calls from our dear friends on the other side.

And for what are you prepared?

To the Voting Public

It has been brought to my attention that rumors are afloat to the effect that a certain candidate is to withdraw from the primaries in my favor and promise of a deputyship and me should I be successful. This is absolutely untrue. I have not and will not make any promise of deputyship to any one, and request my friends to deny my name this false report, any other rumor that has or may be circulated with intent to injure my candidacy before the people of Roosevelt county. I am making this race clean, open above board and strictly on my own merits and not the demerit of any one, and ask only the same fair consideration that I am according all others.

It may not be possible for me to see every voter in the county again before the 17th of June and I hope that you will not allow any one to impose upon your confidence with stories of such the above. I am making no charges against any of my opponents and do not wish to be understood as in any way attributing these reports to them, however they are circulated or with the intent to injure me as I hope that they will deny the same in the same unmeasured terms that I do.

Always Another Side

In the formation of our views on national, state and municipal affairs many of us are unconsciously led into the error of believing that there is but one side to the question before us—our side.

When we become imbued with this obsession we likewise become intolerant of opposition and refuse to recognize the possibility of any views except our own.

We might cite a few instances. We favor a certain man for president in the forthcoming national election. To our mind he is the only man possessing the necessary qualifications of this exalted position. All others are mediocre and not worth consideration. And yet as a matter of fact there is not a man in the race for the presidency today but what has his good and valuable qualities as well as his weak ones, for the brains of this nation are not centered in any one man.

We have our personal choice and we sincerely believe that the man of our choice is the best fitted for the office, but we should readily concede to our neighbor his inalienable right to differ from us in this belief.

We may favor a certain system in municipal government and our neighbor may entertain views radically divergent from our own. But this does not necessarily imply that we are exactly right in our conception and that our neighbor is entirely wrong, for our neighbor, though differing from us in our views, yet possesses intelligence and is quite capable of applying it in relation to any subject before the people.

In fact, there are two sides to every question. The preponderance of argument may be in favor of one side, yet the advocates of the other side but speak in the light of their training and of their sincere conception of what is for the public weal.

They are honest in their convictions, as we are honest in ours and wisdom bespeaks the utmost tolerance on the part of all factions and peoples for those who oppose them in their policies and beliefs.

It is by the careful exercise of this wisdom that a nation becomes great and strong and dominating in the world of affairs, while to pursue a reverse policy is to invite bickering, exasperation and ultimate disintegration.

In our conduct of affairs let us think as we choose, but bow cheerfully to the will of the majority and work in harmony for the common good of all of the people.

Taxpayers Association

Santa Fe, N. M. June 6th: The Taxpayers' Association of New Mexico has completed its first municipal audit in New Mexico, with results satisfactory both to the Association and to the Las Vegas city government whose accounts were the first to be examined. For a report by the association's Auditor, P. H. Miller, a summary of the Las Vegas Audit, covering the two year period ended April 15th, is contained in the May number of

To the Voters.

The day is now approaching when the Democratic Primaries for this county will be held. I have been a resident of this county for more than fourteen years and my record is an open book. If you have not investigated my claims to the office of County Treasurer, you still have the time in which to do so.

It has been impossible for me, because of my present official duties, to talk with all the voters of the county. It is regretful that such is the case, but I could not afford to neglect the duties of the public in order to prosper my own personal ambition. I have made the campaign of the county in a general way, and if I did not get to see you it was not because I wished it so. To see all has been quite impossible.

I am in the race and will be until the last votes are counted. My friends believe that I am sure of election, but no one knows just how many votes he may have, until those votes are counted, and I am still on the job hunting for good old honest votes. I may need them, who knows?

In case I should be your choice for County Treasurer I promise you now that I shall render the very best service that it is possible for me to render, and that I shall do the same in a manner pleasing to the public.

As to my candidacy I wish to say that I was brought out by myself for the good and sufficient reason that I want the office, and believing myself competent to fill it in a satisfactory manner I have applied to the voters for the position.

Your support will certainly be appreciated.

John W. Ballow.

the Tax Review. Director A. E. James finding that the accounts of the city, though in many respects lacking in completeness, have been kept with a conscientious thoroughness well worthy of attention. A number of pertinent suggestions are made as to improvements in methods of city accounting which will be found of general interest to New Mexico city governments.

That the Las Vegas city government is well satisfied with the audit is indicated by a letter to Mr. James from City Clerk Charles Tamm in which he says:

"The City Council is highly pleased with the report, knowing as I do the painstaking efforts to complete the report I feel that I must compliment you upon your commendable work."

Since completing the Las Vegas audit, Auditor P. H. Miller has concluded the audit of the municipal accounts of Roswell and is now at work on the accounts of Gallup. All three audits were undertaken at the invitation of the respective city governments.

Eastland-Chesher

One of the prettiest weddings of the year was that of Mr. Robert Warton Eastland and Miss Nettie Chesher at the home of the bride's father, Texas, at noon May 28th. The parlor had been converted into a veritable rose hovel, and before the ceremony Mrs. M. M. Craig of Texico sang, "I Love You Truly." To the strains of the wedding march

played by Mrs. Vullyard, the bridal party entered the parlor. From the door at the left came Mr. Eastland with his groomsmen Mr. S. L. Dans, while from the right came Miss Chesher with her maid of honor, Miss Sarah Eastland of Bovina, Texas. Rev. J. H. Shepherd performed the ceremony using the Episcopal ring service. Miss Chesher was gowned in French organdie over taffeta with veil and chapel of orange blossoms and carried an arm bouquet of carnations and ferns. After greetings and congratulations the guests were taken to the Palmer home where dinner was served and the bride's cake cut. Amid a shower of rice and good wishes the happy couple left for a short bridal trip after which they will be at home in Bovina, Texas.

Their business is always conducted along sound principles as evidenced by their increasing volume of business. Here we have the privilege of buying in one store all that we need to eat, wear or use.

A large concern like the Joyce-Fruit Company is a real civic asset. Here, it is possible for the residents of a small town to enjoy many of the advantages of a large city department store. This firm always stands ready to support anything that is for the best interest of the town and community. Because of their effective organization and quantity buying.
