Democratic Melon Day at Fort Sumner Big Success, 1,000 There.

Melon day in this city was a great success. There were over the a thousand peoplehere and every pany or williamson, one of them ate melons until they could eat no more. And personally superv they all said the melons were the best they ever tasted.

One of the big features of the day was the display of irrigated reaches our readers. Mr. crops. There were crops from pulled off provision will be made to have enough railroad accommodation.

A wreck marred the day, on the way to the celebration. Bascom Howard a real estate man of Portales, and Percy Jones of drive out the grafters and grand the same place were seriously rascals; to help up and help on injured when the excursion train was wrecked one mile west of Melrose at 8:30 this morning. Both men were riding in a ca to an honorable and useful place boose attached to the tender of the engine and ahead of the passenger coaches. The engine turned turtle, dragging the cashine territory," to stand as a boose over with it and smashing watchman upon the wall and it up badly. Four other passengers in the caboose were *slight ly hurt.

Howard is internally injured and Jones has his shoulder, broken. Both men were brought to clovis for treatment and it is thought they will soon recover. The excursionists continued their trip later in the day. The Daily Tribune.

We are glad to report that both Mr. Howard and Mr. Jones were brought from the wreck back to their homes at Portales: and while they will be laid for several days yet, their wounds and bruises are rapidly bealing.

CHRONIC WEARINESS.

hurch?" That's sheer nonsense. There isn't a place on the continent so restful as the church. You are going to lie around the house all day: snooze in a hammock; loll in a rocking chair; go to sleep over a book. That isn't resting, that's loafing. Tell yourself honestly-you like to think you are honest-did you ever in all your lfe see a loafer who looked rested? Did you ever see a loafer who didn't look tired at the time? The people who try to rest are always tired. Resting is the hardest work in the world when you make work out of it.

About a year ago I stopped in Boston street to watch a group of laborers. It was the noon hour. They had been at work all the morning digging a sewer excavation. They had eaten their dinner from the little tin pails and now they were "resting." Some of them were pitching quofts and others were putting the shot was a great round boulder. They were working men "resting." And sitting on the curbstone watching them—too lazy to even stand up and look at them, their lazy chins resting on their lazy hands, and their lazv elbows supported on their lazy knees-were the loafers who had been watching them work all the morning. These fellows were too tired to even join the games by which the workers rested themselves. You have no need to loaf all day Sunday. Two hours in church; two hours of the quiet; the uplift which comes from the new charms into which your thought, your mind is led, will rest you more, physically, morally, intellectually, than will all the rest of the day spent in trying to rest.—Sunday School

Contract Closed For Pumping Six of Reswell's Residents Plant on Mimbres.

(Special correspondence to Morning Journal.)

Deming, N. M.,—A telegram was received here Thursday afternoon from Wichita, Kas. signed by B. P. Shull, to the effect that a contract has been closed for the installation of central power pumping plant at Deming to irrigate the agricultural lands in the Mimbres valley adjacent to this city. Mr. Shull has been in Wichita for several weeks past handling the negotiations for the deal. The fact that he has been successful will be hailed with widespread enthusiasm here. The building of the plant to furnish cheap power for pumping for irrigation will mean much more rapid development of Deming and the Mimbres valwill come under the plant for a

You Are Cordially Invited.

We cordially invite all of our former students and all of those contemplating entering our school, or that are in any way interested in it, to visit our booth and see our splendid exhibit at the State Fair of Texas, at Dallas. Our exhibit will be located in the Exposition Building, near the aisle leading into the Auditorium. We won first honors at the Dallas Fair last year and expect to do so again, for our exhibit will be even better this year than it was last. We will also have an exhibit at the State Fair of Arkansas at Hot Springs, where we have carried off first honors two consecutive years. We will be glad to meet our former students as well as prospective students at Hot Springs. A visit to our booth will show you why we have built the largest school of bookkeeping-Business Training, Shorthand, Typewriting and Telegraphy in America. We will also take pleasure in showing you why we can, with the famous Byrne Simplified Shorthand and Practical Bookkeeping, save you almost \$200 in time and board while tak ing the course over what it would cost in other schools, yet give twice their actual experience in bookkeeping, banking, higher accounting, and in telegraphy, and twice their speed in shorthand. Roswell, N. M., Oct, 1.—The resignation of Renzo D. Powers as city attorney has caused a sensation here, as it was thought that the city officials were work ing in perfect harmony with him.

In the document resigning, he said he did not have the co-operation of police officers in the enforcement of city ordinances and that he did not want to take the people's money without being able to earn it.

The truth is that Powers in his mind was chagrined at the failure of the policeman to make arrests in regard to the violation of the anti-gambling law.

The Chicago Tribune, one of the most influential Republican organs of the Middle West, calls upon the party to answer this speech "by retiring stand-patters and electing in their stead, men of progressive tendencies" to revise the tariff in the next Congress. It is "perfectly clear" to the Indianapolis Star (Ind. Rep.) "that President Taft is out of touch with American public sentiment on the tariff question." The whole purport of his speech, it adds, "is a condonation of outrageously high duties, which should have no defense," and "on this sort of tariff doctrine the President could not have carried Indiana." His words "will be a profound disappointment to the whole country, but especially to the West, which was first and strongest in support of his candidacy,' says the Kansas City Star, which supported him in the campaign; and the San Francisco Call (Rep.) declares that his speech "comes as a tremendous shock," and "is a sore disappointment," not only to the party, "but to the whole body of the people." Senator Cummins's organ, the Des Moines for the past monte, is better at News, condemns the President for allining himself with the east against the west. This progres-

They are not as deeply concerned as President Taft declares himself to be about party solidarity. FAGGARD'S FALL FLOUR SALE

OUR GOODS ARE

THE KINGMAN MILLING CO'S. "DIAMOND K"

PUREST AND CLEANEST FOOD PRODUCTS .-- The wheat that makes "Diamond K" is scoured three times, cleaned twice and washed six hours before it strikes the first set of rolls. After it passes through twenty-four sets of rolls and six purifiers it is sealed up in a "Diamond K" sack and sold under the strongest guarantee that ever covered a sack of flour. From the moment the wheat enters the cleaners until it is ready for the markets, no hand touches it; machinery does everything.

"DIAMOND K" IS CHEAPEST AND BEST

Owing to the dry, flinty nature of our wheat, "Diamond K" absorbs an unusual amount of moisture, estimated to be about ten pounds to the hundred more than ordinary (soft wheat) flour.

Hence it follows that "Diamond K" makes ten pounds, or ten loaves, or ten per cent more bread--- and not only more bread but BETTER bread. It is sweeter and more nutritious, and the nicest rolls, delicious biscuits and light, healthful bread are sure to result from the use of "Diamond K" flour.
