

A sweetheart for a winter start!

Want to get off to a good start? Then let your Conoco Mileage Merchant steer you right... He'll tell you that when it comes to fast, smooth winter starts, a lot depends on having the right kind of oil in your engine. He'll tell you, too, the right oil is winter-grade Conoco Nth Motor Oil. For two reasons: First, because winter-grade Nth is specially refined for cold-weather performance. It's lighter... freer-flowing. Saves wear on your

battery... and on your nerves... because it gives you faster starts. And second, Nth oil extra-protects against "dry" friction starts... saves wear on engine parts... because it contains a special, added ingredient that actually OIL-PLATES metal surfaces. And this extra film of lubricant stays up... won't all drain down, even overnight! So, if you want to start off right—and right off—on the next wintry morning...

Make a date to Oil-Plate!

HOLIDAYS---WORKSHOP

(By T.M.W.)

"I saw with open eyes singing birds sweet sold in the shops of stupidity-street."

I saw in vision the worm in the wheat and in shops nothing for people to eat.

Nothing for sale in stupidity street.—R. Hodgson

Birds love to eat. "Food supply is the vital factor in bird life and most important single offering that can be made to attract birds."

To provide bird food plant trees shrubs, herbs and vines which produce seed or fruit relished by the feathered clan.

Many plants, being dependent upon cultivation, can be used without fear they will become pests. Among them are asters, California poppies, centaureas, forget-me-nots, sunflower.

Jesus used the birds in his teachings we find in Luke 12-7 "Ye are of more value than many sparrows," other verses found on the pages of his writings "we find the spirit descending from heaven like a dove." In Genesis a dove brought good news and is still used as a symbol of Peace.

You will never find time for anything. If you want time you must make it—Buxton.

Through music—we are working for salaries or for promotion, but for the children of America who will soon be our masters, I greet you with the challenge: Keep faith with the children of America and with our motto: Music for every child, every child for music.—J. E. Maddy.

Place clumps of soil that blue grass is growing on around your potted plants, the green on the soil around your plants is pleasing to the eye.

It is no longer true that "every rose has its thorn." To visit Tyler you would see 10,000 plants of the new Festival rose, and not a thorn could you find in the entire rose garden. No doubt from this foundation an entire new race of thornless roses will be bred.

What this country needs is dirtier finger-nails and cleaner minds.—Will Rogers.

Soda Bill sez: Time counts unless you're counting time.

Rheumatism: Nature's first crude effort to set up a weather

forecasting station.—George W. Black.

Few game birds are naturally moist. Therefore, they should be larded with bacon or buttered in broiling or roasting. Game animals are seldom fat but cut away any fat encountered; the strong wild taste seems concentrated in the fat.

"So live today as you will wish you had lived twenty years ago.—G. Stanley Lee.

Mrs. Robert Ramey Hostess to 26 Club

Mrs. Robert Ramey entertained the 26 Club with two tables of bridge in her home Thursday. Bouquets of yellow and white chrysanthemums were used in decoration. Mrs. Swain Burkett had high score and Mrs. Tom Bice second high. Salad plates were served in refreshment to the following guests: Mesdames Sam Gilbreath, W. W. Gilbreath, Bob Estes, Ray Sheffy, Ed Ramey, and Mesdames Burkett and Bice.

Bridge Club Uses Election Day Theme

Mrs. J. G. Davis, Jr., entertained with two tables of bridge Tuesday afternoon in her home. She used an election day theme, presenting tallies with donkeys and elephants sketched on them. The cakes on the refreshment plate, which included salad, sandwiches, and spiced tea, had Dewey or Truman followed by a question mark written on each. Favors were flags with Voting Day on them. Rooms were decorated with bouquets of double petunias, roses, and chrysanthemums. Mrs. Robert Singer had high score, Mrs. Kenny Gearn, second high, and Mrs. Truitt Boothe received travelling prize. Guests were Mesdames Fred Sims, O. B. Trimble, Nolan Froehner, Mrs. Ben Hill, Jr., Mrs. John Nichols, and Mesdames Boothe, Singer and Gearn.

Beverly Blaine Has Birthday Party

Mrs. John Blaine honored her daughter, Beverly on her fifth birthday with a party in her home Thursday, October 28. The dining table was centered by yellow chrysanthemums and a rabbit and teddy bear. Guests received Hallowe'en faces and lollipops as favors. Ice cream and cake were served to the following: Sandra and Donna King, Ann Brooks, Cheere Manning, Mary Ka Foreston, Patsy Kelly, Keitha Davis, Joy Jean Blanton, Lowell Neumayer, Jim and Hal Ratcliff, Travis Stafford, Jimmy Hudson, and Bill and Beverly Blaine.

Good American Club Meets

The Good American Club of the fourth grade held its regular meeting Friday afternoon October 29, 1948. Nancy Neumayer, program chairman introduced the following numbers: Hallowe'en play, A flying Lesson for Witches, played by Donald Curry, the aviator. The witches were Sue Bagwell, Wilma Jo Noble, and Sandra Adams, and Mike's friends were Nelda Jean Bagwell, Mary Kay Kelly, Sandra Glenn, and Nancy Neumayer; Danny Bruton told a joke; the class sang a Hallowe'en song; Edward DeLozier told how workers make Hallowe'en masks; Richard Hunter told a story, "The First Jack-O-Lantern"; and, the class sang "Beautiful Texas."

B. & P. W. Club Meet Held Monday Evening

The Business and Professional Women's Club met Monday evening in the home of Mrs. R. B. Boren. An arrangement of fruit and vegetables and bronze chrysanthemums centered the dining table.

Miss Hazel Merritt was in charge of the program which was on government, chosen because of its timeliness on the day before election. Mrs. Ola Murphy displayed a sample ballot and discussed it.

Pie and coffee were served to the following: Mesdames Helen Richardson, Faye Holland, Genevieve Howe, Cordye Birdwell, Cleo Snipes, Ocie McCormick, Mattie Lee Seale, Lottie Bearden, Cleo Forson, Ola Murphy, Faye Kenmore, Velma Gunnells, and Miss Hazel Merritt and the hostess.

Lancelot Sewing Club Meets

Mrs. Howard Scoggins was hostess to the Lancelot Sewing Club Wednesday afternoon in her home. Arrangements of chrysanthemums were featured in decoration.

Pumpkin pie, sandwiches, mints and coffee were served to the following: Mesdames Ward Golden, Henry Stalcup, Jack Gregory, Homer Newton and Olan Rice.

STUFFED SPARERIBS
2 sides spareribs
2 teaspoons salt
4 slices pineapple
8 cooked prunes, pitted
2 large apples, quartered
¼ cup brown sugar

Place one side of spareribs on rack in open roasting pan. Sprinkle half the salt over meat. Arrange pineapple, prunes and apples over meat. Sprinkle sugar over fruit and place second side of spareribs on top. Sprinkle with remaining salt. Bake in moderate oven (350 F) for 2 hours. 8 servings.

Bluebonnet Sewing Club Entertained

The Bluebonnet Sewing Club was entertained Wednesday by Mrs. Floyd Smith. After a period of handwork, pumpkin pie and coffee were served to Mesdames J. B. Blackwell, Earl Hembree, Buster Cooper, Otto Gilliland, Norris Wesson, Bradley Fulfer, Floyd Copeland and Alvin Hastings.

CLASSY ADDIE

HOWDY FOLKS...

Well, Old Man Winter is nearly here, and he brings with him a full load of bad colds to be passed out to those who are unprepared for them. It seems funny to me that people will take their cars to the service station for a complete winterize job—anti-freeze and the works—but their ONLY body gets no preparation at all.

There have been a lot of jokes made about Vitamins, but I have seen many good results obtained with them. Your doctor believes in them very much. It is true that many people take just any kind, not particularly fitted for the purpose they really buy for, and do not get proper results. Vitamins are designed for different purposes, and it takes a qualified person to help you get the ones that you need.

If you have a tired run-down feeling, lack of appetite, no energy, or are always taking a cold, I have just the Vitamins for you and KNOW which ones to give you.

Young cowhands at Boy's Ranch Amarillo, are bursting with pride over their newest building—the non-denominational chapel. Jack Dempsey, former world champion heavyweight boxer and a true

friend of boys, recently visited the Ranch and a group of the boys took him to the new chapel, moved to the Ranch from Dalhart Air Base. The building was given two coats of paint by members of the

Amarillo Junior Chamber of Commerce. Non-denominational services are conducted every Sunday in the new chapel. "Now the Ranch has everything," Dempsey said. "It's wonderful that the boys have a place to worship."

SPORTS AFIELD

By Ted Kesting

The good old days! The days when ducks and geese darkened the sun in their flights, and the sound of their wings was like the roar of thunder. Every hunter dreams about those days of lush plenty. You can hear his duck hunter blues moaning across the marshes: Daily bag limit down from 10 to seven to four; open season cut to 45, then 30 days. Oh, for those good old days!

Boys, those days are gone forever says Frank Dufresne of the U. S. Fish and Wildlife Service. The struggle to hang onto the waterfowl we now have is going to get tougher. Let's take a look at what's been happening.

Since the first settlers came to this continent the ducks and geese have had to contend with ever growing problems. They have faced a tremendous increase in human population; they have lost over 100 million acres of marshes and lakes by drainage projects; they endured 20 years of severe droughts over the Great Plains. In 1934 the official count of ducks dropped to 27 million, the lowest ever recorded. We began waking up to the truth that if we wanted ducks you first had to furnish some water for them.

Now the voices of hunters joined those of bird-lover groups: "Restore the marshes." Congress made money available for birds in amounts never before appropriated. The U. S. Fish and Wildlife Service and many other organizations established a nationwide system of sanctuaries. And the ducks began to come back. Everything was going fine. Then came 1945.

Nobody knows just what happened. The drought dried up prairie nesting sites; unprecedented numbers of hunters took to the field at the end of the war; a record number of birds were killed—16 million in 1945, 19 million in 1946. And the duck pyramid collapsed just when hunters were fixing to ask for more hunting privileges.

Their loud complaints are noisier around the ears of Albert M. Day, director of the Fish and Wildlife Service, upon whom a large part of the responsibility

for stemming the ebbing flow of ducks rests.

The last few months the word "must" has kept inserting itself in press releases from his office. "We must share the birds with an increasing number of hunters . . .

we must hold down the kill . . . we must provide more feeding, resting and nesting places . . . we must hold the line."

Every hunter should paste in his hat the item about the human population on the continent being

more than double that of the ducks, which makes his own share about two-fifths of a duck. He should feel not only lucky, but thankful when he leaves the marshes with only four birds slung over his shoulder.

Change of Ownership and Management of the HOTEL CAFE

I have purchased, and assumed management, of the Hotel Cafe, and wish to take this method of inviting my friends, former patrons and the public to visit me at my new business. We will make every effort to please you, and assure you that only the finest of foods will be served at our cafe.

YOUR PATRONAGE WILL BE APPRECIATED

Melton Richardson, Prop.

Hotel Cafe

PUMPKIN PIE

1 pastry recipe
2 cups cooked or canned pumpkin
¾ cup sugar
3 tablespoons enriched flour
1 teaspoon ginger
1 teaspoon cinnamon
1 teaspoon nutmeg
½ teaspoon salt
2 cups milk, scalded
3 eggs, slightly beaten
Combine pumpkin, sugar, flour, ginger, cinnamon, nutmeg and salt. Blend eggs into milk and add to other ingredients. Pour into an unbaked 9-inch pie shell. Bake in a moderately hot oven (375-400 F.) for 50 minutes or until filling is set. Yield: One 9-inch pie.

BROILED LAMB CHOPS

Loin or rib chops, cut 1 to 2 inches thick
Salt and pepper to season
Set regulator for broiling. Place chops on rack in broiler so the top surface of 1-inch chops is 2 inches from heat. Brown chops on one side. Season and turn. Brown on other side; season and serve at once. Allow 12 to 15 minutes for broiling 1-inch chops and 18 to 22 minutes for 2-inch chops.

Mr. and Mrs. E. L. Carpenter and Pat left Sunday for the Valley. Enroute they visited relatives at Fort Worth.

CREAM FILLING

1-3 cup enriched flour
2-3 cup sugar
1-4 teaspoon salt
2 cups milk, scalded
2 tablespoons butter or margarine
3 egg yolks, beaten
1-2 teaspoon vanilla
Mix flour, sugar and salt. Add milk to dry ingredients, stirring constantly. Cook over hot water, stirring until thick, about 15 minutes. Add butter or margarine. Pour thickened mixture over yolks, stirring constantly. Cool and add flavoring.

HART NEWS

We are having an epidemic of measles among the smaller school children and pre school ones. Mr. and Mrs. Harvey Davis have a small daughter who had to be hospitalized because of measles. Miss Patsi Smitherman of N. T. S. at Denton spent the week-end with her parents, Mr. and Mrs. M. M. Smitherman. Mr. and Mrs. Homer Garrison and daughters attended the Stamps-Baxter Concert in Lubbock on Saturday night.

Mr. and Mrs. W. W. Jobe of Tulia visited the Tom Rays on Wednesday afternoon. Mr. and Mrs. Oscar McCoy and Jonnie of Pampa visited the Bill Woods on Sunday. Miss Dot Nelson of Tulia spent the week-end with Mr. and Mrs. L. J. Rice. Mr. and Mrs. W. T. Sanders and Mr. and Mrs. Royce Sanders attended the Tech-Rice game at Lubbock on Sunday afternoon. Shopping in Lubbock last week were Mesdames, T. R. Davis, Homer Garrison, and Ed Harris. A large number of friends and

neighbors of Mr. and Mrs. Ray Riley attended funeral services for her father in Olton on Monday afternoon. Mr. N. C. Davis passed away in Littlefield on Sunday morning. Hart Home Demonstration Club met with Mrs. Homer Garrison on Tuesday afternoon. After a short business meeting Mrs. W. A. Hawkins, Sr., gave a report on the THDA meeting in Temple. Refreshments were served to members and two guests, Mrs. Matt Duff and Mrs. Steve Borak. Mr. and Mrs. Lawrence McLain and Mr. and Mrs. Matt Duff were attending to business in Littlefield on Monday. Mr. and Mrs. I. S. Scott spent the week-end in New Mexico looking after their cattle interests near Elida. The most of the community had good rains over the rainy spell on Saturday and Sunday. The western and southwestern part is still in need of more rain.

George Bagwell, Kay Roberts, Harry Rothwell, Will Copeland, J. C. Williams met with the W.S.C.S. ladies of Dimmitt in a joint meeting Friday for the Fall Harvest Day program. It was a very enjoyable day. Mr. and Mrs. Earl Lust has as Sunday dinner guests Mr. and Mrs. R. M. Warren Bobby Joe and Marlene Rothwell. Mr. and Mrs. Kay Roberts had as Sunday dinner guests Mr. and Mrs. George Bagwell, Carolyn and Sue, and Belva Jean Warren and Mr. and Mrs. Harry Rothwell. Weldon and Maxie Warren were Sunday visitors of Glenn Lust. Mr. and Mrs. Harry Rothwell attended the Borger-Plainview football game in Plainview Friday night, and visited with Mr. and Mrs. C. A. Cryer and Jane Alice from Borger in the home of Mr. and Mrs. Charles Dean of Plainview. Mr. Tom Johnson and Mr. Brown of Levelland were callers of Harry Rothwell Saturday afternoon. We had rain and rain which is fine on the wheat but slowing up the sorghum grain harvest considerably. Cooking eggs at an even, moderate temperature will keep them from becoming tough.

BOYCE HOUSE

Joe Naylor of San Antonio has made an outstanding success as a publisher. Some of the books bearing the Naylor imprint have achieved great sales and have received praise from such far-away journals as the New York Herald-Tribune, to name one. But not from the Dallas News. Lon Tinkle, the college professor who edits the News' book page, seems to have a policy of ignoring Naylor books or "damning with faint praise."

Which leads up to an incident this summer at the Writers Conference in Corpus Christi where Tinkle told of a visit to New York where he was introduced to Harold Ross, editor of that clever and sophisticated magazine, The New Yorker. Ross acknowledged the introduction (said Tinkle) with: "If you are from Texas, where is your manuscript?" And then Ross said in substance "Texas is writing and producing perhaps more good books than any other part of the country." Tinkle having completed his story, then presented different notables to the Writers' Conference. When he presented Naylor, the publisher responded with a verbal punch that, in prize-ring parlance, he "brought up from the floor". In a tone that sizzled with sarcasm, Naylor said: "It should not have been necessary for you, Mr. Tinkle, a book page editor, to have gone all the way to New York to find out that good books are being written and published in Texas." The audience gasped, then laughed and applauded. Tinkle staggered back as though the words had been a blow. That round, at any rate, was Naylor's.

The new superintendent entered a classroom on opening day. There was so much noise in the room that the superintendent seized the tallest youth and shoved him out into the hall. A girl spoke up, "Superintendent, now that you've put the teacher out of the room, can we go home?"

DANGER OF RABIES CITED BY STATE HEALTH OFFICER Austin, Texas—The "dog-days" of the mid-summer months originally derived their name from the prevalence of rabid dogs spread from rabid dogs at that season of the year, but actually rabies occur at all times of the year. During the past year the State Health Laboratory found 847 animal brains positive for rabies. Four deaths occurred in humans. Dr. Geo. W. Cox, states, "Few persons need to be warned that rabies is a fatal disease yet proper precautions against its spread are often neglected. Stray dogs should be humanely destroyed or impounded, and all household pets should be vaccinated. Annual vaccination efficiently practiced will stamp out rabies in Texas. The State Health Officer stressed this fact as important: A dog suspected of being rabid should not be killed at once, but should be kept confined for ten days, since this is the infective period before death of the animal. If the dog does not develop rabies within ten days, the individual bitten is safe as far as that particular bite.

Dr. Geo. W. Cox, states, "Few persons need to be warned that rabies is a fatal disease yet proper precautions against its spread are often neglected. Stray dogs should be humanely destroyed or impounded, and all household pets should be vaccinated. Annual vaccination efficiently practiced will stamp out rabies in Texas. The State Health Officer stressed this fact as important: A dog suspected of being rabid should not be killed at once, but should be kept confined for ten days, since this is the infective period before death of the animal. is concerned. Further observation of the animal should be at the discretion of the veterinarian since many other conditions resemble rabies. The head of the suspected animal should be packed in ice and sent to the State Health Department for examination. Freezing the brain, or killing the dog prematurely or in such manner as to injure the brain may make correct laboratory findings impossible. mere handling of a rabid animal is not sufficient reason for treatment, as scratches by the animal's paws ordinarily do not constitute exposure. It should be understood that rabies is transmitted only through exposure to saliva which gains entrance into the body wound, ordinarily through a bite.

You will get a higher food value and improved flavor by cooking cereals in milk instead of water. But remember that milk scorches more easily than water, so when you cook cereal in milk, use a double boiler.

One look!... One ride!... You'll know it's... the modern design for '49 new Hudson Come in, see the car that's years ahead—drive the New Hudson—experience the amazing roadability, comfort and safety of the only car you step down into! Here's your chance to get the thrill of a real discovery—to see and feel what one of the great advances in motor-car history offers you. You'll see a Hudson of distinguished, streamlined beauty and low-built silhouette that is instantly recognizable because it is the natural result of a basically new design principle—a principle that puts this car so far ahead it is a protected investment in motor-car value! The key to this new design principle is a recessed floor. The New Hudson is the only car you step down into! By using a "step-down" zone in an exclusive, all steel Monobilt Body-and-frame, Hudson achieves the lowest car on the highway—only five feet from ground to top—while maintaining more head room than in any mass-produced car built today! But no amount of looking at this amazing car—beautiful as it is—can equal the thrill of a Hudson ride! And you are invited to enjoy that ride today! Hudson has a smooth, hug-the-road way of going in cross-winds and on every conceivable kind of highway. When you see the way it takes even the sharpest curves, you'll know once again that this car has "The modern design for '49"—and for years to come! Hudson's remarkable ride is largely due to the fact that its "step-down" design provides the lowest center of gravity in any American stock car—yet road clearance is ample! It is a widely recognized fact that the lower to the ground, a car can be built, the more stability it will have and the safer it will be. You sense a delightful conformity to the road the minute you begin your ride, and this stability, plus the protection of riding encircled by a sturdy box-section steel frame, is a grand experience in serene, safe well-being. This grand feeling is further heightened by the remarkable ease with which this car is controlled. You enjoy this generous roominess in complete relaxation as the New Hudson glides smoothly along. We cordially invite you to see and drive the New Hudson, to thoroughly enjoy the ride that comes only with "The modern design for '49!"
