JOHN T. McCLURE

Condidate for District Judge Fifth Judicial District NEW MEXICO

Subject to the will of the Democratic Party

ANNOUNCEMENT TO DEMOCRATIC VOTERS:

ing that under our form of government the people have a right to state, and his platform, briefly, is as follows: know what those who offer their services to the public stand for, what they intend to do and how they propose to do it, I submit for your consideration the following:

more than twenty-five years, and invite a thorough investigation as sion should know more about rate making than the supreme court. to my ability as a lawyer and my character as a man.

I believe in the principles of the Democratic party, and have an abiding faith in its present and future usefulness.

I believe that a public office is a public trust, and that a District Judge is nothing more than a public servant.

I believe that the District Court should be conducted solely and exclusively for the benefit of litigants, and that the expense of litigation should be and can be reduced to the minimum by a careful, practical and common sense arrangement of Court business.

Libelieve that a District Judge should strive only to know what in my power to secure the same. the law is, without any regard to what he thinks it ought to be, and what the facts are, and in the light of the law and facts, admini ter justice, speedily, fairly and impartially.

I believe that nnnecessary delays in litigation often times reult in the miscarriage of justice.

I believe that every litigant and every lawyer should stand on the same footing and on the same level in the courts of justice.

I believe that the criminal laws are made to be enforced, and the duty of securing speedy, fair and impartial enforcement of the ame, rests largely upon the courts.

I believe that the Legislature should change the times of holdng Court in this Judicial District to the end that the convenience of litigants may be better served.

I believe in the doctrine of nominating elective officers at primary elections, so that every voter may have an equal voice in their selection, and that it is the patriotic duty of every good Democrat to acquaint himself with all the candidates and then attend the primaries and express his choice.

If nominated and elected District Judge, I pledge my honor, to the best of my ability, to put into practice the foregoing principles. JOHN T. McCLURE.

Roswell, New Mexico, August 23rd, 1911.

IN THE HOUSE

Mr. A. J. Evans is the Democratic candidate, from Elida, for the state senate. He is a young man of considerable ability, of sterling integrity and unyielding firmness where a principle is involved. He has the respect and confidence of the whole community in which he lives. He is a physician by profession, and one of more than ordinary ability. In deciding to accede to the urgent request of many friends to make the race for the upper house, he As I am a candidate, and you are a voter, interested in the also prepared a short sketch of the principal things he believes character, ability and fitness of your public servants, and believ-should be done at the meeting of the first legislature of the new

I. A constitutional amendment to the constitution conferring more power upon the corporation commission to carry out their orders, for at the present the commission has no power whatsoever, I have been activaly engaged in the practice of the law for it being vested with the supreme court, and I believe the commis-

> II. I believe in conferring county court matters on the probate court as far as the constitution will permit, thereby expediting court matters here in Roosevelt county.

> III. I do not think this county is financially able to permit county division and will oppose county division,

> IV. I believe in the Australian ballot system and shall work for the enactment of a law to that end. We need a corrupt practice act at the earliest possible date, and I pledge myself to do all

> V. I believe in limiting the amount of money in all elections to 10 per cent of the salary of the office for one year, and making it a felony for any corporation doing business in this state to contribute any money or thing of value directly or indirectly to the campaign

> VI. I am in favor of an income tax, also an inheritance tax, so as to make the rich bear their just share of the burdens of govern-

> VII. I believe in a law preventing any person from holding any office of state or being a member of the leglislature who has been in the employ of any public service corporation in the capacity of legal advisor, local or general attorney for the same, provided the capitilization of said corporation is more than \$50,000 within six months preceding their election, nor be eligible to accept employment from said corporations until their term of office shall have expired and one year elapsed thereafter. Such a law will eliminate the railroad attorneys who have dominated the legislatures of New Mexico in the past.

> VIII. I believe in a law regulating the mines of New Mexico, safeguarding the miners' lives. I also believe in preventing the employment of children in mines under the age of 18, nor in factories under the age of 15 years.

> IX. Believing in the direct primary system as strongly as I do, I shall work for the passage of a law to nominate all candidates by direct primary.

> X. I believe in the principles of the initative, referendum and

XI. The constitution provides for the establishment of a normal school in either Union, Quay, Curry, Roosevelt, Chaves or Eddy counties and I believe that Roosevelt county is entitled to it and shall work for the establishment of said normal in Portales.

XII. All governments are judged by the intelligence of its citizens. I therefore believe in the establishment of good public schools in every school district in New Mexico. We have several million acres of school land and by judicial legislation we can have the best school system of any state in the union.

XIII. The federal hoemstead law is not to the interest of the people, as the 320 acres act is not sufficient land for the "dry farmers" to make a living upon, therefore shall work for the passage of a resolution in the legislature instructing the two United States senators to work for the passage of a law through congress enabling the homesteader to file on 640 acres of land and to permit those who have filed on 160 or 320 acres to take up an additional filing to make up his 640 acres. A farmer can make a living upon 640 acres which he can not do working 320 acres and making 50 acres of land the maximum amount of land required to be plowed Then we would not be confronted as we are at the present time by the homesteader having to leave his home nine months in the year.

XIV. As the innocent people deposit their money in the banks of the country thereby reposing confidence in the banking institu-tions, I believe in a rigid banking law (If not a bank guarratee law) a law requiring all the employes, officers, directors and stock holders to make a heavy bond for any shortage or misappropriations of funds. The employes being responsible only for their individual

XV. I believe in the election of United State senators by di ect vote of the people, also an advisory vote for their nominations.

Respectfully submitted, A. J. EVANS.

W. O. OLDHAM, Gashier

W. E. LINDSEY, Vice-Pres

The First National Bank

Portales, New Mexico

Capital and Surplus, \$75,000.00

At last New Mexico has been admitted into the union. No longer do we live under a territorial form of government. Our growth, our advantages, our splendid civilization have at last overcome the scruples of the government at Washington and from here out we must rely exclusively on our own resources. Now that is just exactly what the First National Bank has been doing for the past number of years. We have always had this time in view and consequently the increased demands upon our facilities consequent and incident upon the new order of things, finds us fully prepared and willing to enter upon and do our full share toward the advancement and prosperity of the best country the sun ever shone upon.

If nominated and elected, I will honestly and conscientiously discharge the duties of that office without fear or favor.

PERSONAL SKETCH

K. K. Scott was born in 1875 at Knoxville, Tennessee. He re-Who will be the next and what ceived his education at the university of Tennessee.

He was admitted to practice in the courts of Tennessee at Knoxville in 1596 In 1897 he was appointed as a deputy clerk in the supreme

He came west into Arizona in 1899, and later located at Gallup, New Mexico. He was admitted to the bar of New Mexico in 1909, and practiced in New Mexico and Arizona until he came to Roswell. He was active in politics there and was one of the leading Demo-

crats in that Republican section. Mr. Scott located with his family in Roswell in 1904.

He served as cify attorney of Roswell under both the Hinkle and Stuckard administrations, covering a period of about five years, and in that office made good.

In 1907 he was elected secretary of the New Mexico Bar asso-Mr. Scott is a member of the Roswell Camp of Sons of Con-

federate Veterans, and has been a Democrat from infancy up. He has never before been a candidate for any office, or asked for any office at the hands of his party. He is not a candidate of any man or set of men, element or faction, but submits himself to the will of the Democratic voters at the primary election to be held on the same day in each county in the district, and if elected, can be depended upon to enforce the laws as they are written, without

Mr. Scott is well known throughout the district, and will no doubt prove a formidable candidate.
