about dimmitt and castro county

by b. m. n.

A very important election will be held in Castro County Saturday. It poses problems that an electorate, probably, has never been called upon to decide before. So far as this writer is informed there are no parallel cases to use as an example in the election for the creation of a water conservation district, and at best the venture, in our opinion can be a forerunner to a more understandable and workable water conservation measure, we are of the opinion that the initial step will have to be taken sooner or later and now is probably as good a time as any. The law itself, and the interpretation of the law, in many respects is very vague and will certainly need a measure of re-amping once it is put into operation. But that, we believe, is the plan of the instigators of the law, through trial and error to work out a feasible plan for the conservation of the underground water of the High Plains area, and to forestall any state or national regulatory measures.

Farmers in this area are by nature an independent group with a natural inclination to be free to run their own business as they please and without exception they feel that the water under their land is their personal property to be used as they see fit. All this, however, doesn't bar the fact that there may come a time when some water conservation methods may become necessary and some general rules of a necessity be adopted. It is the opinion of the backers of the law, which was enacted in 1948, that water conservation methods be studied, and if necessary, adopted before they are absolutely necessary. The law provides that the directors of the district may explore methods or recharging the water sands with such practices as draining surface lakes, damming up draws and creeks, etc., rather than to prorate the use of water per well or the actual drilling of wells. Funds for the administration of the law, and the above mentioned exploratory conservation practices, will be derived from a five cents on a \$100 valuation tax levy to be voted on at the same time that the water district balloting is conducted. Naturally there would be no point in voting for the creation of the district and not provide for the funds to put it into operation.

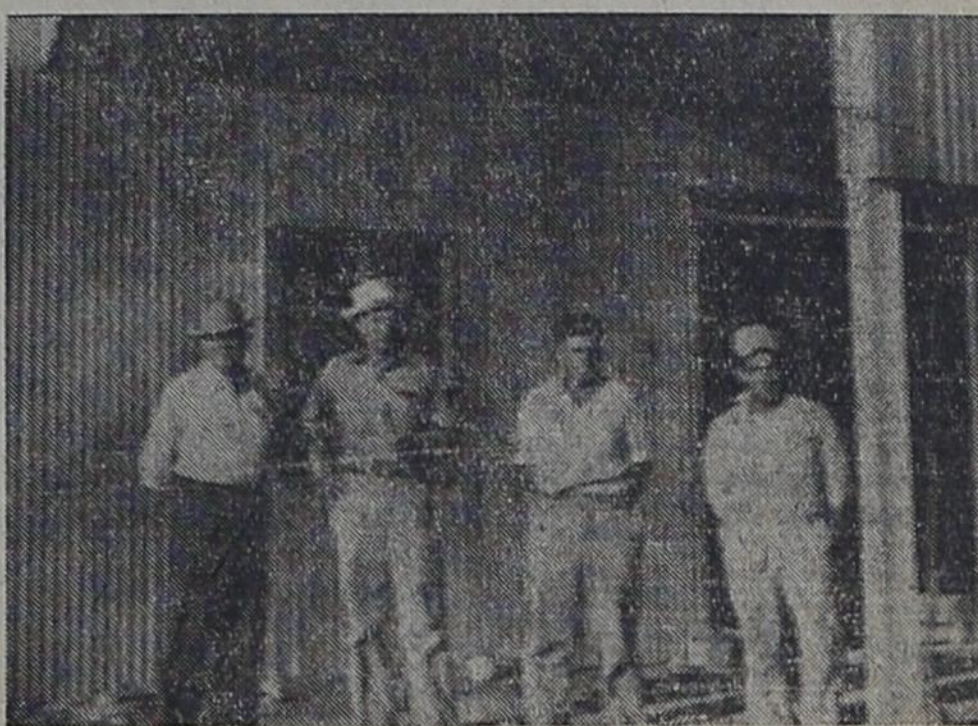

The High Plains Underground Water District, if officially created by the election Saturday, will consist of five precincts embracing three or more counties in each precinct. There will be a five man board of directors with its membership composed of men elected from each of the five precincts. According to our information these five local men will administer the law, as they and their legal council interpret it, in the district.

This writer would not go so far as to advise anyone to vote for or against the creation of the water conservation district. We believe that it could, and probably will if adopted, be a good measure. However, if it should prove to be a disappointment and not serve the purpose for which it was intended, it can be repealed by the same method that it was established, by an election.

On page three of this issue of News is an interpretation of the workings of the proposed water conservation district by the temporary board of directors, who have probably studied the law more than any other group. Turn to page three and read the information as given by the board and go to the polls Saturday and vote according to your convictions on the matter. Every eligible voter should vote in this election.

The new gin works. It separated the lint from the seed and tied it up in the bagging with the usual steel ties Monday when the first bale of the season was brought in by Mr. A. G. Scheller. I am of the opinion that Tom Davis, ginner, was pleasantly surprised when he found that the gin would give. When an engineer from the Centennial Gin Machinery Company was in Dimmitt last week I heard him tell Tom that the press was in the wrong end of the gin building. Evidently a little detail of that nature doesn't make any difference with Tom's ginning, after the cotton went through the gin stands it came out of the press in good shape with the exception that the bag-

The current ginning season was ushered in here Monday by the new Dimmitt Gin Company when the saws in the gin stands bit into the first bale for the gin and for the season.

At top is pictured Dimmitt's initial bale in the new cotton growing program with George Bradford, ginner, left and A. G. Schuller, producer, right.

The photograph at bottom was taken in front of the new gin and showing the gin crew, George Bradford, ginner, Tom Davis, ginner, and Boyd Watkins and Shorty Hernandez.

Cotton Harvest Got Underway Here Monday With First Bale

King Cotton has threatened to take over in Dimmitt for the first time in many years. Ushering in a new era in agriculture for this section of Castro County the first bale of the season was brought to Dimmitt Monday by Mr. A. G. Scheller of the Big Square community.

The cotton was ginned by the new Dimmitt Gin Company where 450 pounds of lint was ginned from 1800 pounds of cotton. As a reward for producing the first bale of cotton Mr. Schuller was presented with a new Stetson hat by the Dimmitt Gin Company in addition to receiving free ginning service and 40 cents per pound for his cotton, which was about 8 cents above market price. A cash premium of over \$100.00 was presented to the enterprising farmer by Dimmitt business men.

Although no definite estimate has been made on the cotton acreage in Castro county it is generally believed there is more than 40,000 acres in the county and estimates on production range from half bale per acre to a bale or better.

According to Mr. George Bradford, manager, and Mr. Tom Davis, ginner, the new Dimmitt gin performed perfectly Monday when it was put into operation for the first time.

Man Is Seriously Injured In Farm Accident Wed.

Harold Wilkinson of Hub was seriously injured in a farm accident Wednesday while in the employ of A. L. Black on a farm near Hart. According to attendants at the Plains Memorial Hospital Wilkinson suffered a badly mangled and broken arm. The injury was sustained when the member was caught in an ensilage cutter belt while the machine was in operation.

Mrs. Elmo Hall Is Employed At Vogue

According to an announcement this week by Mrs. Eargle Twiner, Mrs. Elmo Hall has accepted a position as saleslady at The Vogue. Mrs. Bell who has also had special training in alterations and gift wrapping, assumed her duties at The Vogue today, Thursday. Among other experience as a saleslady, Mrs. Bell was employed for two years at Hemphill-Wells in Lubbock.

Last Rites Are Held Today For John L. Bagwell

Last rites were conducted today at 3:00 p. m. for Mr. John Leonard Bagwell who died at the family home in West Dimmitt early Wednesday morning. Mr. Bagwell had been partially paralyzed since suffering a cerebral hemorrhage in October, 1949.

Services were conducted from the First Methodist Church with Rev. Earl R. Landtroop of Plainview officiating, assisted by Rev. Lee Stanford, pastor, and Rev. George E. Ray, pastor of the First Baptist Church. Interment was made in the Dimmitt cemetery under the direction of the Gilliland and Funeral Home of Hereford.

John Leonard Bagwell was born in Floyd county May 26, 1908, moving to Castro county in 1927. He was married to Miss Lorene Tate on October 12, 1931. They had made their home near Dimmitt since their marriage with the exception of two years spent in Arkansas. They returned to Dimmitt from Arkansas last fall and opened the Bagwell Snack Bar in the home near the high school. He was a member of the Methodist church.

Mr. Bagwell is survived by his wife and one son, Johnny Thomas, and his parents, Mr. and Mrs. Jim A. Bagwell. He is also survived by four brothers; George, Iver and Ernest Bagwell of Dimmitt and Jim Bagwell of Amistad, N. M., and three sisters; Mrs. Eliza Gullion of Fort Worth, Mrs. Moss Howell of Dimmitt and Mrs. Seaborn Teague of Snyder.

Town Hall Tickets on Sale Here This Week

The week of October 1-6 has been designated DIMMITT TOWN HALL WEEK. Those wishing to become members of Dimmitt Town Hall and Concert Association may do so by contacting Mrs. Bill Kirkpatrick or Joe Bailes or any of the other directors.

Town Hall's first concert is scheduled for Monday night, October 22, 1951. Members must purchase memberships during this week in order that contracts can be signed.

Memberships cost \$10.00 for dual memberships, \$6.00 for single memberships, and \$2.40 for student memberships. These memberships entitle the holder to admittance to Town Hall meetings in Plainview, Tulia, and Amarillo.

Mrs. Glen Stiff and baby of Roswell, N. M. are visiting in the home of her parents, Mr. and Mrs. T. A. Singer and other relatives here this week.

Mr. and Mrs. Sam Maynard, Wade and Sharon, Mr. and Mrs. E. R. Waggoner and Ernestine visited in Amarillo Sunday.

In Far East

JUNIOR FULFER

John C. Fulfer, Jr., M.E.F.N., son of Mr. and Mrs. John (Slim) Fulfer of Dimmitt, who has been in the Navy since August 23, 1950, was sent to Japan in June where his ship, the U. S. Chara, is based at Sasebo. The Chara is a supply ship transporting ammunition and other war supplies to Korea.

Cotton Receiving Station At Hart Ready This Fall

A cotton receiving center has been established at Hart by the Panhandle Compress and Warehouse Company, Arch Underwood of Lubbock and Sam Langford, manager of the Plainview branch, completed arrangements for the new unit Monday.

The expansion is designed to aid farmers in the Hart territory in disposing of their cotton and to relieve seasonal congestion at the local yard, Langford said.

Thirty-five acres have been acquired across the road from the Farmers elevator at Hart. The yard has a capacity of 20,000 bales at any one time. A manager and a night watchman will be employed. A warehouse is planned on the site later.

Negotiable warehouse receipts will be issued at the site. The company will drill a well and put in its own water system to comply with fire protection requirements. The yard is expected to be in operation within about ten days.

Bulk of the cotton to be handled at Hart will come from several gins in the immediate territory, Langford estimates. He said that the Hart addition would be of material benefit in handling the large cotton crop expected in this section this year. Some 1951 cotton is already moving and Langford expects his business to be ruming at top speed by October 10.

Mrs. J. G. Davis, Sr. left from Amarillo Sunday by plane to visit for two weeks with relatives in Springfield, Mo.

High Plains To Ballot On Water Conservation District Saturday

Local Farm Produce Shown Amarillo Fair

The agricultural products displayed in the Castro County Exhibit at the Tri State Fair at Amarillo revealed that Castro County has and can still produce crops and vegetables that compare with that of any other county here on the plains.

35 varieties of crops and vegetables were entered in the Tri State Fair and when the judges made their final placings Monday September 24, 23 of the products had won ribbons. Of these 23 ribbons 9 were blues, 6 reds, 5 whites and 3 pinks denoting 1st, 2nd, 3rd, and 4th places. Persons from Castro County having products in the Castro County Exhibit are as follows: Mrs. Wes Anthony, Fred Kuntz, Boys Ranch, Andy Behrends, Frank Annen, A. G. Way, Steve Brockman, Joe Nelson, Jack Acker, Jay Boston, Donald Renfro, and a number of others who exhibited at the County fair.

Saturday Is Rural Youth Day At Tri-State Fair

Saturday September 29th has been designated as Rural Youth Day at the Tri State Fair in Amarillo and a cordial invitation is being extended to the 4-H Club boys and girls of Castro County to attend as guests of the Fair Association. All regular enrolled 4-H and F.F.A. members will be admitted to the grounds free if accompanied by the County Agents or adult leaders. All 4-H members will be guests at a special program in the Sports Arena at 1:00 p. m.

The following program will be presented in the Sports Arena Fair Grounds beginning at 1:00 p. m.:

- Group singing
 - Special entertainment by "Sons of the Pioneers"
 - Address by Dr. James P. Corneille, president of West Texas State College, Canyon, Texas.
 - Crowning of two Wheat Kings and Baking Queen
 - Presentation of the other awards
 - Adjourn.
- Any 4-H Club boy or girl interested in attending this Rural Youth Day Saturday September 29 should meet at main entrance of the Amarillo Fair grounds and the County Agents or adult leader will be there to get them into the Fair grounds.

Hart P. T. A. Sponsors Health Roundup For First Grade Pupils

On Wednesday evening Sept. 19 Doctors Waggoner, Wofford, Jackson and Harvis came to Hart, by invitation of the Parent Teacher Association, to give medical examination to the first grade and seven second grade pupils had their lungs, eyes, teeth, ears, nose and throats examined. Reports and recommendations will be sent home to parents within a few days. It is hoped that parents will take advantage of this physical check-up and take time to have the necessary medical work done.

We are very grateful to these Plainview doctors for their services.

Pub. Chairman

Sgt. John T. Norman To Receive Discharge

Camp Chaffee, Arkansas—Sergeant John T. Norman of Dimmitt, Texas, will be discharged from active duty here in October under the Army program to release all reservists involuntarily recalled following the Korean crisis.

Sergeant Norman has been serving as an instructor in the Clerk-Typist School here since being recalled October 20, 1950. He is married to the former Joan Watson of Chico, Texas, and is the son of Mr. and Mrs. Lee A. Norman. Prior to being recalled October 20, 1950, Sergeant Norman was a student at North Texas State College, Denton.

Mr. and Mrs. John Smith visited with their son, Franklin and family in Tulia Monday.

Resident owners of tax-rendered property of all of Castro county except a very small area in the northeastern corner will cast ballots Saturday in local option elections to decide whether each voting district will become a part of High Plains Underground Water Conservation District No. 1.

At the courthouse in Dimmitt there will be two ballot boxes—one for ballots cast by voters residing within the Dimmitt city limits and one for ballots of those residing outside the city.

Other boxes will be located at the school house at Frio, Big Square, Hart, Jumbo and Nazareth.

To determine whether one is entitled to vote he should refer to a complete description of boundaries of the proposed district at the county clerk's office.

Voting will be done in all of four and parts of 17 counties. The district may consist of all or any part of that territory, depending upon the number of voting districts that return a majority in favor of creation of the District.

Only parts of the 17 counties lie within the District because its boundaries must be the same as those of the underground water reservoir, as it has been defined by the State Board of Water Engineers. That is the reason why voting precincts will not have the same boundaries as in general elections.

Only those voting districts which return a majority in favor of creation of the District will be parts of it. A city or the portion of a county outside of a city or cities—either or both—may be in or out of the District because of the local option method of holding the election.

The movement for creation of a political subdivision for conservation of irrigation has been led by Plains farmers. They organized as the High Plains Water Conservation and Users Association to combat persistent attempts to establish state control of underground water.

A trend toward Federal control of this water has gained much momentum, these farmers point out. They cite this as another reason why this step should be taken to fix management of a conservation program at the local level.

Voters will decide Saturday whether the Board of Directors shall be given authority to levy a tax not to exceed five cents per \$100. Temporary directors of the districts, all of whom are irrigation farmers, have stated that a tax of but 2 1/2 to 3 cents per \$100 will be sufficient.

The tax will be on renditions on the County rolls. It will be assessed and collected by the assessor and collector of each county.

On Saturday a Director will be elected in each of the five precincts. On a permanent basis the directors will serve overlapping terms of three years.

Purposes of the District are:

1. To prevent waste of water and assure that it is used for purposes beneficial to the owner thereof.

2. To recognize individual ownership of underground water.
3. To make a systematic search for a practical method of recharging the underground water reservoir from the thousands of lakes that form on the Plains. It is an unchallenged fact that the water table is falling. Engineers and geologists declare this water could easily be returned to the reservoir for future use. They report that nearly six feet of water will evaporate from these lakes every year.

cal people regulations to prevent waste instead of allowing control to be taken by State or Federal agencies.

The District will have no authority over wells used exclusively for domestic and stock raising purposes, or over wells that cannot produce more than 100,000 gallons daily. Owners of non-irrigated land voted into the District will have it excluded from it and made exempt from taxation. Rights of cities to acquire land for expansion of water supplies will not be affected.

Bobby Warren, Dimmitt, will show three head of milking shorthorn cattle in the live stock show of the State Fair of Texas, Dallas, Oct. 6-21.

The dairy cattle show is set for October 12-19 with judging of the milking shorthorns on Oct. 18 for \$3,250 in premium money. A milking shorthorn sale will be held Friday, Oct. 19.

Pictured above is the Castro County Farm Bureau Chorus which recently weathered stiff competition to be named champions of the Farm Bureau district chorus contest. After winning that right to represent the county, the chorus went to Plainview where they were named winner over all of the other county entrants from the district. With the district championship went the right to the Castro County Chorus to represent this area at the state meet in Houston in November.

The Chorus, directed by Ray Bearden has appeared on numerous programs throughout this area in addition to their appearances in the Farm Bureau sponsored competition meets. Above back row, left to right; Noel Gollehon, bass; Jesse Burch, bass; Eugene Ivey, tenor; Bennie B. Gollehon, tenor; Milton Sharp, tenor; George Bradford, tenor; Mrs. Freeman Curtis, alto.

THE LAW AND YOU

by Rob't. (Bob) Kirk

DO YOU KNOW the general provisions of the "hot check law" passed by the last session of the legislature?

The "hot check law" as amended by the last session of the legislature, attempts to broaden the previous statute, and make all checks given "to procure any article or thing of value, or secure possession of any personal property to which a lien is attached, or to make payment of any pre-

existing debt or other obligation of whatsoever form or nature, or for any other purpose" a violation of the law, where the person has not sufficient funds on deposit at to pay said check in full, and all the time of making said check, other checks which are outstanding against that account at that time.

The law provides that the failure of the maker of such a check to pay said check after having

received ten days' notice that said check had not been paid at the bank, prima facie evidence that the same was given with the intent to defraud, and with knowledge that there were insufficient funds on deposit to pay said check.

Thus, to establish a prima facie case against a person giving a check, it is necessary that the person receiving the check back from the bank unpaid, shall then notify the maker of the check by registered mail, and allow the maker of the check ten days in which to make payment of the check. Should said check not then be paid, this statute establishes a prima facie presumption that the check was given with the intent to defraud, and that the maker of the check knew that there were not sufficient funds in the bank to pay the same. After the ten-day period has run, and the check has not been paid by the maker, the recipient of the check would then be in position to file the proper criminal charges with the county or district attorney of his respective county.

The punishment for giving a check in violation of this law, varies depending upon the amount of the check involved, and whether or not there has been a previous conviction for giving checks in violation of the law. If it is the first conviction, and the check is under five dollars, the punishment shall not exceed \$200.00. If it is the first conviction, and the value of the check is more than five but less than fifty dollars, the punishment may be imprisonment in the county jail not exceeding two years, or a fine not exceeding \$1,000.00, or by both such fine and imprisonment. If the value of the check involved is fifty dollars or more, punishment may be by confinement in the penitentiary for not less than two years nor more than ten years and by a fine not exceeding \$10,000.00.

Reddy-Cooper Vows Exchanged

Wedding vows exchanged Sunday morning at 10 o'clock in the home of Mr. and Mrs. Austin Reddy, in Plainview, united in marriage Miss Nell Reddy and Bill Cooper. Rev. Ivan Chiles of Denver City officiated at the double ring ceremony as the couple stood before a picture window flanked by wrought iron baskets of red gladioli.

The bride is the daughter of Mr. and Mrs. C. S. Reddy of Floydada. The groom's parents are Bill Cooper of Plainview and Mrs. Mabel Cooper of Tulia.

As her sister's matron of honor, Mrs. L. V. Harper wore an aqua dress with brown accessories and a corsage of white carnations. Vernon Byrnes of Dimmitt attended the groom as best man.

The bride was attired in an ice blue rayon-taffeta dress designed with a small black stripe. Fashioned with a Peter Pan collar, small black velvet buttons extended down the front of the fitted bodice. Black velvet accessories and a gardenia corsage completed her wedding ensemble.

For her daughter's wedding, Mrs. Reddy chose a tan gabardine

dress with brown accessories. The bridegroom's mother wore a gray suit with black accessories.

At the wedding breakfast following the ceremony the table was covered with a white linen cloth and centered with the wedding cake. Rosary vases containing red carnations and the silver coffee service completed table appointments.

Mrs. Cooper graduated from Floydada High School with the class of 1950. For the past year she has made her home in Plainview and is employed at the Telephone office. The groom attended school in Dimmitt and is also employed at the Telephone office.

Following a wedding trip to Las Vegas, New Mexico the young couple will be at home at 701 West 11th St. in Plainview.

Pvt. James F. (Jimmy) Cleavinger arrived here Monday September 17 for a three weeks furlough visit with his parents, Mr. and Mrs. Norman Cleavinger, and other relatives and friends. He is in the engineering corps and is stationed at Ft. Bevin, Va.

Mr. and Mrs. J. R. Rothwell and family and Mr. and Mrs. W. Gilbreath and family visited relatives in Plainview Sunday.

EXECUTIVE DEPARTMENT
AUSTIN, TEXAS
September 27, 1951

Mr. Brad H. Smith, President
Texas Press Association
441 Driskill Hotel
Austin, Texas

Dear Mr. Smith:

With a full realization and appreciation that a free press is a bulwark of the American way of life, I consider it most appropriate that National Newspaper Week is to be observed October 1-8, inclusive. During the present unsettled world conditions it is entirely befitting that this nation and the State of Texas pay tribute to an organization that must play a vital role in the days which lie ahead.

To chronicle the many contributions of the press to our Democratic nation and to the development of a world civilization is impossible. From the smallest hamlet to the largest metropolitan center newspapers constantly have been, and will continue to be, in the forefront championing civic, governmental, educational, cultural and religious improvements. In the field of international events, the diligent efforts of a vigilant press have made the people of our nation the best informed in the world.

A free press means a free people. The history of the world has taught us that nations which censor and hamper a free press do not survive. I am convinced this will continue to be true in the future and that the iron curtain of communistic countries will represent but another chapter in the fate of tyrannical governments which saw fit to interfere with a basic freedom—a freedom of the press. Truly "Your Newspaper Lights the Way of Freedom."

To a free press of Texas, to the members of the Texas Press Association and to our great newspaper industry I offer my sincere congratulations. It is my earnest wish that National Newspaper Week be observed by all Texans with just tribute being paid to a worthy organization and industry.

Sincerely yours,
Allan Shivers

FRIO NEWS

By Mrs. Owen Andrews

Mr. and Mrs. Frank Robbins entertained several people Sunday honoring Carole's birthday which was to be on Monday. Those to enjoy the dinner were the grandparents, Mr. and Mrs. H. D. Robbins, Mr. and Mrs. Fred Moreman, Mr. and Mrs. E. H. Little and Peggy, Mrs. Orville Edwards and children all of Hereford, Miss Lyla Robbins and Miss Valera Holley.

Miss Valera Holley, teacher friend of Miss Lyla Robbins, accompanied her here for the week end at the Robbins home.

Mr. and Mrs. Oscar Hunt took dinner Sunday with the Earl Coles.

Donna Cole celebrated her birthday Friday with a party at her home. Her mother, Mrs. Thurman Cole, planned the party. Present were Jana and Bill Cole, Doris Jean Andrews, Peggy Little,

Carole Robbins, Jim and Jane Shearhart, Gregg and Lark Jerrol, Marie Roberson, Linda, Jerry and Butch Blackburn and the two younger Russell children. Several mothers came also to bring their children.

Mr. and Mrs. A. T. Jones and Dovie spent Sunday at Dimmitt in the Joe Benson home. They report that the new granddaughter, who has been named Susan Margaret, is doing fine. Mrs. Benson and the baby came home from West Texas hospital at Amarillo on Friday.

Mr. and Mrs. J. B. Thompson and baby have moved to a place south of Dimmitt, near the Odoms. J. B. is doing farm work in that neighborhood. He was helping to fill a silo this week.

Recent visitors of the Olin Parrises were her parents, The Parkers, from near Lubbock.

Olin Parris' parents of Lubbock were visiting them last Friday.

Mr. and Mrs. F. J. Springer of Kress spent Thursday night in the

PRISON RODEO GUEST STAR.

EDDY ARNOLD, "The Tennessee Plowboy," who became a star of radio, stage, screen and television will appear as guest star on opening Sunday of the 20th Annual Prison Rodeo on October 7th in Prison Stadium, Huntsville. Accompanying Arnold when he sings in the famed prison arena will be Roy Wiggins, "the mighty little man with the big steel guitar." The show starts at 2 p. m.

home of his sister, Mrs. T. L. Sparkman, Sr. Mr. and Mrs. DeWard Roberson and children of Hereford came out and took supper at the Sparkman home that evening, and the W. A. Springers came later, so a nice visit was enjoyed by the kinfolks.

Mr. and Mrs. H. O. Markley and Shirley visited the H. E. Lindleys Sunday afternoon.

Mr. and Mrs. W. H. Thompson, Oma Ruth, Tawana and LaVon spent Sunday afternoon visiting in the Bill Cole home south of Dimmitt. Special honorees for the occasion were Mr. and Mrs. M. B. Odom, who were celebrating their wedding anniversary, and J. B. Thompson whose birthday was honored.

Mr. and Mrs. Robert Simpson and Nell were visiting their folks at Wellington Saturday and Sunday.

Lonzo Shannon of Meadow and Lee Roy Shannon of near Lamesa spent the week end with their folks, the R. L. Shannons.

Mr. and Mrs. W. H. Andrews

and children were visiting on Sunday afternoon with long time friends, the Walter Cohens, who live twenty miles north of Hereford.

D. Johnson took a group of young people on a hay ride Saturday night. The ride, in a wagon drawn by horses, furnished a rare treat for the young people, all products of this "horseless carriage age". Mrs. Johnson provided refreshments and directed games after the ride. Present were James Dobbs, Lester Irwin, Clark Dobbs, Clark Andrews, Tommy Irwin, Glenn Andrews, Leonard Schmidt, Oma Ruth Thompson, Veradelle Andrews, Velma Irwin, Genelle Benson, and Frances Andrews, besides the Johnson family.

ging was on the bale wrong-side-out. If Tom can gin cotton as fast and long as he can talk the new gin is in for a rough season, for that matter George Bradford may be hard put to weigh the cotton as fast as Tom can gin.

I'm surprised that the press at the new gin is on the ground level. The old system was to elevate the press so that cotton bales could be rolled outside on a platform, reached by a series of wooden steps, where it was weighed and swung by the scales over the vehicle that was to haul it away. I guess that a ginpole on a tractor will reach inside the building at the new gin and pick the bales up and haul them away. There's a lot of these new fangled ideas that I don't like. Doing away with the gin loading platform eliminated one of the favorite vantage points in

watching a gin in operation, especially for the kids who will wait for their dads while they are getting their cotton ginned. One of my most pleasant memories is when I would go with my dad to the gin. It always meant a little extra spending money and a picnic lunch while we waited our turn under the sucker. After the cotton was ginned, disposing of the bale was quite an event. The bale would be loaded into the wagon, we would drive down main street and a bunch of cotton buyers would come out and climb upon the wagon and proceed to cut all the bagging off, that dad had just paid for, and pull out big handfuls and hold it at arms length and make about the same sounds that Dr. Cogswell makes when diagnosing a patient's illness, with the usual ugs and ahs, and then they would start bidding, usually raising each other's bids five points at a time—a hundred points makes a penny—so nobody got hurt in the bidding but the farmer. The buyers knew which one was going to buy the cotton when the bidding started. Satisfied or not, dad would take the receipt, certificate, or whatever it was, and we would drive on out to the cotton yard where we waited in line again for several hours and finally dumped the cotton off on the ground where it was turned over to the cotton weigher, who weighed the cotton, took our buyers certificate and gave us a check to apply on our mortgage at the

bank or general mercantile store or wherever. Being a cotton weigher was quite a job. It was an elective office such as City Marshal or Justice of the Peace or City Clerk. The income from the office made it an especially attractive one. I don't remember for sure but the weigher received fifty cents or a dollar per bale for weighing, and usually had to have several helpers. He was allowed to pull all the loose cotton from the bales, including the samples that the buyers had ripped out—sometimes I wondered if the buyers were not in cahoots with the weigher the way they cut up a bale of cotton. In the course of the season the weigher would get several bales of pullings from the cotton yard, and it was rent free. Cotton is a wonderful crop. It can be carried in excess, but in moderation I like it. I expect to visit Tom at the gin a lot this fall, I won't jump from bale to bale like I used to do, but I think I will enjoy creeping around and watching the cotton go through the gin stands.

A cash premium for the first bale of cotton was raised by the chamber of commerce. The bale reached town a little earlier than it was expected and before all merchants and business firms were seen for a contribution. Approximately \$100 was tendered to Mr. Scheller when he brought the first bale in which, incidentally, was the first bale of cotton to be ginned in Dimmitt in many years. Anyone who wishes to add to the cash premium is requested to contact the chamber of commerce secretary as soon as possible.

Experiment Station Field Day Set For October 3

The Amarillo Experiment Station is holding a field day Wednesday October 3. Some of the things being shown there this year are a number of grain sorghum varieties; gains of steers on natural pastures; bind weed control and other work that should be of interest to farmers and ranchers in this area.

The Amarillo Chamber of Commerce will serve a free barbecue at noon and all persons planning to attend from Castro County should notify the County agent by September 30 in order that this information could be passed on to those preparing the barbecue.

The agent says that a good program is being planned and all that possibly can should plan to attend the Field Day Oct. 3.

Program for Field Day is as follows:

9:45—12:00 Noon—Meet at station and divide into groups of 50 to 60 to visit displays and have discussion of results.

a. Small grain—wheat, barley, oats.

b. Row crop—sorghum varieties; cultural practices.

c. Soil Conservation practices—crop rotations, cover crops, legumes, grass.

d. Stubble—mulch tillage

e. Irrigation

f. Grass and livestock

g. Weed Control

12:00 Noon—1:30 p. m. LUNCH

1:30 p. m. to 2:30 p. m. Garland Smith—Master of Ceremonies

Talk by Paul Walsler, State Conservationist, Soil Conservation Service, Temple, Texas

Comments by Knox Parr 2:30 to 4:00 p. m.

Tour of the Station

Stops: Sorghum Varieties; Soil Conservation Practices; Pasture Grasses; Irrigated Pasture.

Carl Jowell Stars For Indians

Carl Jowell of Dimmitt, McMurry's "man under" ran his yards gained passing total to 161 yards last Saturday night although McMurry's Redmen were scalped by the Midwestern University Indians 35-13 here.

Jowell accounted for one of McMurry's tallies, plowing over from the one early in the second quarter.

Quarterback Jowell, with two games behind him, has completed exactly 50 per cent of his arrivals. He's completed 13 of 26 and had four intercepted.

McMurry travels to Amarillo this weekend to meet West Texas College of Canyon and Jowell is due to be among the starters.

TECH COLLEGE SEEKS EARLY DAY CLOTHING

Lubbock, Sept. 22. Texas Technological College's museum isn't in competition with the Red Cross or Salvation Army but it is making a drive for very old clothes.

Dr. W. C. Holden, museum director, said the institution wanted to build up a "stock" of men, women, and children's clothes, representative of styles in the late 1800 and early 1900s. The museum plans to exhibit scenes of these periods, and the costumes will be used to dress manikens to appear in the scenes.

SPRINGLAKE BOY ELECTED PRES. SOPH. CLASS AT BAYLOR UNIVERSITY

Clifford Eugene Morton of Muleshoe has recently been elected president of the sophomore class at Baylor University, Waco. He will serve for the fall quarter.

The son of Mr. and Mrs. Eugene Morton of Muleshoe, Clifford is taking a pre-med course at Baylor. He attended Springlake High School before coming to Waco.

Mrs. H. A. Talbott of Megargel returned to her home Sunday after a visit here in the homes of her sisters, Mrs. John Blaine and family and Mrs. George Webb and family.

Mrs. Joe Benson and little daughter, Susan Margaret arrived home Friday from an Amarillo hospital. Both, mother and baby are doing fine.

Mr. and Mrs. Ray Bearden and Yvonne visited in the home of Mr. and Mrs. M. O. Wallis at Vega Sunday.

Mrs. Van and Kemeth visited with her parents near Levelland Wednesday and Thursday. Mrs. Van helped with the judging at the Levelland Fair, Thursday.

Mr. and Mrs. W. C. Johnston and Chesley visited Sunday in Amarillo with Mr. Johnston's cousin, Mrs. Fred Harvey of Wichita, Kansas, whom he had not seen for 30 years.

Mr. Tom Cummings of Knox City is here for a visit in the home of his nephew, Tom Bice, and family.

SOCIAL SECURITY NEWS

The Amarillo social security office is still receiving inquiries as to the status of household workers under the Social Security Act, according to John R. Sanderson, manager of that office.

Just about a year ago, Congress amended the Social Security Act to provide that beginning January 1, 1951 regularly employed household workers would be covered by the old-age and survivors insurance program. Workers in this group include maids, cooks, gardeners, children's nurses, chauffeurs, and others engaged to work in a private home.

If such a person works on 24 different days in a calendar quarter and earns \$50 or more in cash wages, the employer files a quarterly return with the Bureau of Internal Revenue. The report form is simple and easy to prepare. It calls for the worker's name, social security number, and amount of wages paid during the quarter.

Both the employer and the worker should be certain that the worker's social security number appears on the return and that it is correctly shown. Incorrect or missing numbers mean additional work for the Government and the employer to insure that the worker gets credit for the wages.

Stanley Fulfer, son of Mr. and Mrs. J. F. Fulfer, has returned to Houston, where he enrolled as a student at the Rice Institute.

Among Dimmitt young people who have left for college are Pat Youts who enrolled in Baylor University, Waco; Pat Tate, Fayrene Greathouse, Elouise Greathouse, Peggy Messenger, Mauriene Smithson, and Gene Easley who are enrolled at Wayland College, Plainview; Jimmy Cluck, Jack Miller and Mrs. Miller at Texas Tech, Lubbock; Bill and Charlyne Murphy at A. C. C. Abilene.

Miss Ethel Womble of Hereford was here Sunday for a visit in the home of Mr. and Mrs. Melton Richardson. Miss Womble formerly taught in the Dimmitt and Bethel schools.

An old English law stated that the truth of a statement made it none the less libelous. In fact, its being true was an "aggravation of the crime."

The first continuously published American newspaper was the Boston News Letter, founded by John Campbell on April 24, 1704, and continued for 72 years.

Before 1800 there were 21 newspapers attempted west of the mountains and eight of these were in Kentucky.

WOMEN'S DIVISION

The Northedge Home Demonstration Club with their interesting and informative booth on the importance of correct grain line in clothing construction was the first place winner of the educational Exhibits at the Castro County Fair. Hart Home Demonstration Club Booth took the second place banner and Flagg Demonstration Club scored third.

The other entries scoring very close to the winning three included an interesting showing of the work of the Cub Scouts Troop 69, 4-H Clubs, Sunnyside, South Edge and Big Square Home Demonstration Clubs.

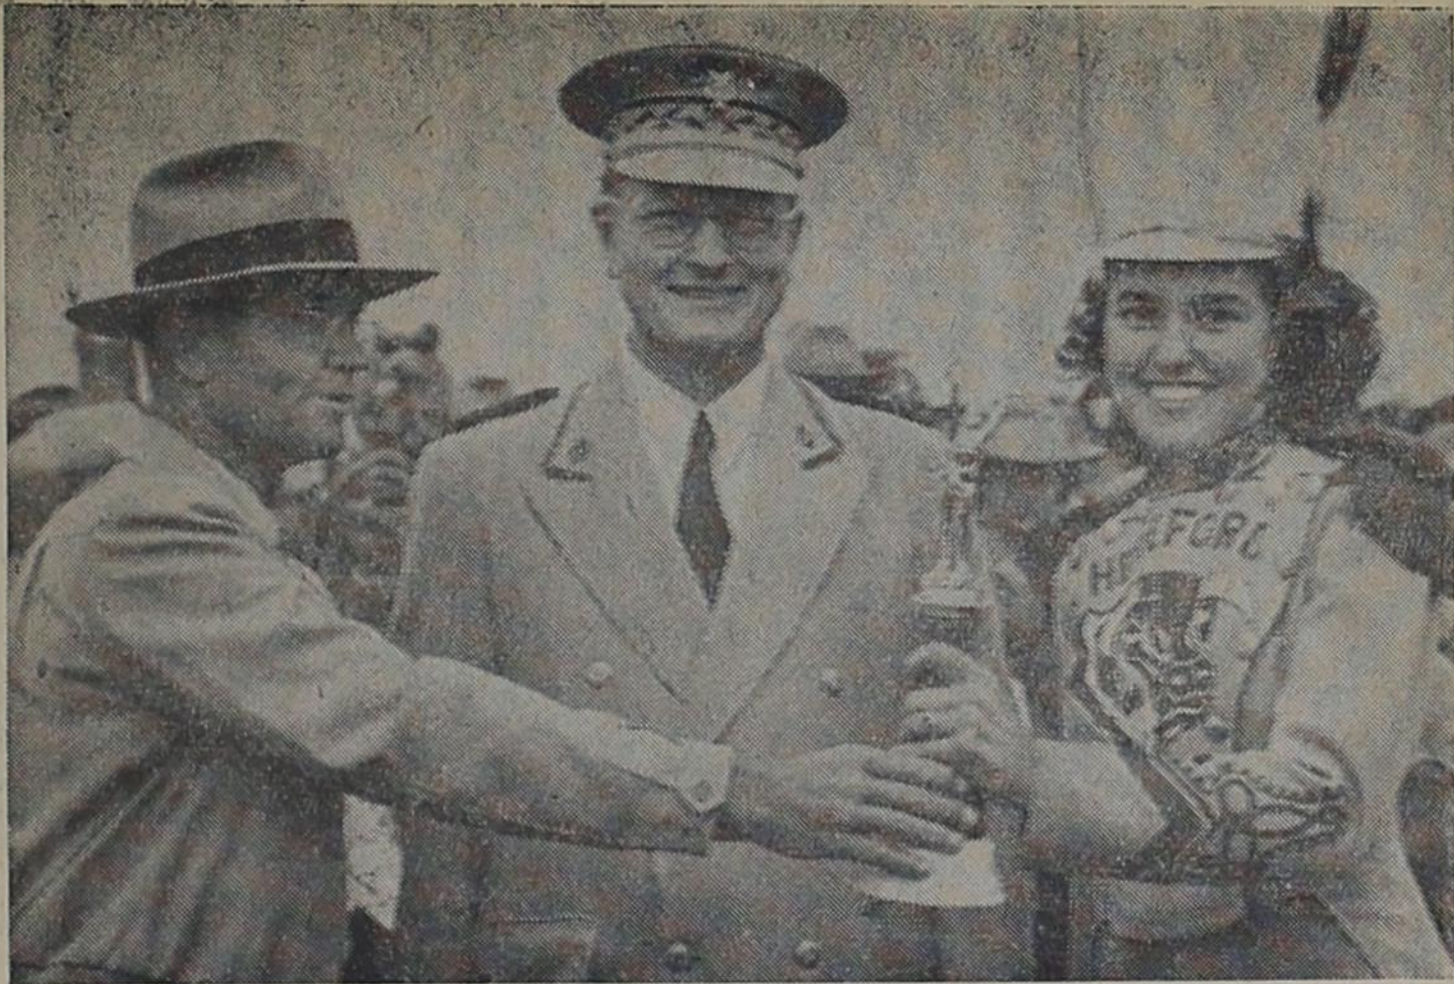

The three entries in Community exhibits placed as follows: Big Square Community with a score of 606 out of a possible 640 Sunnyside second with a score of 593 and Northedge third with a score of 570.

ZEALOT CLUB MEETS

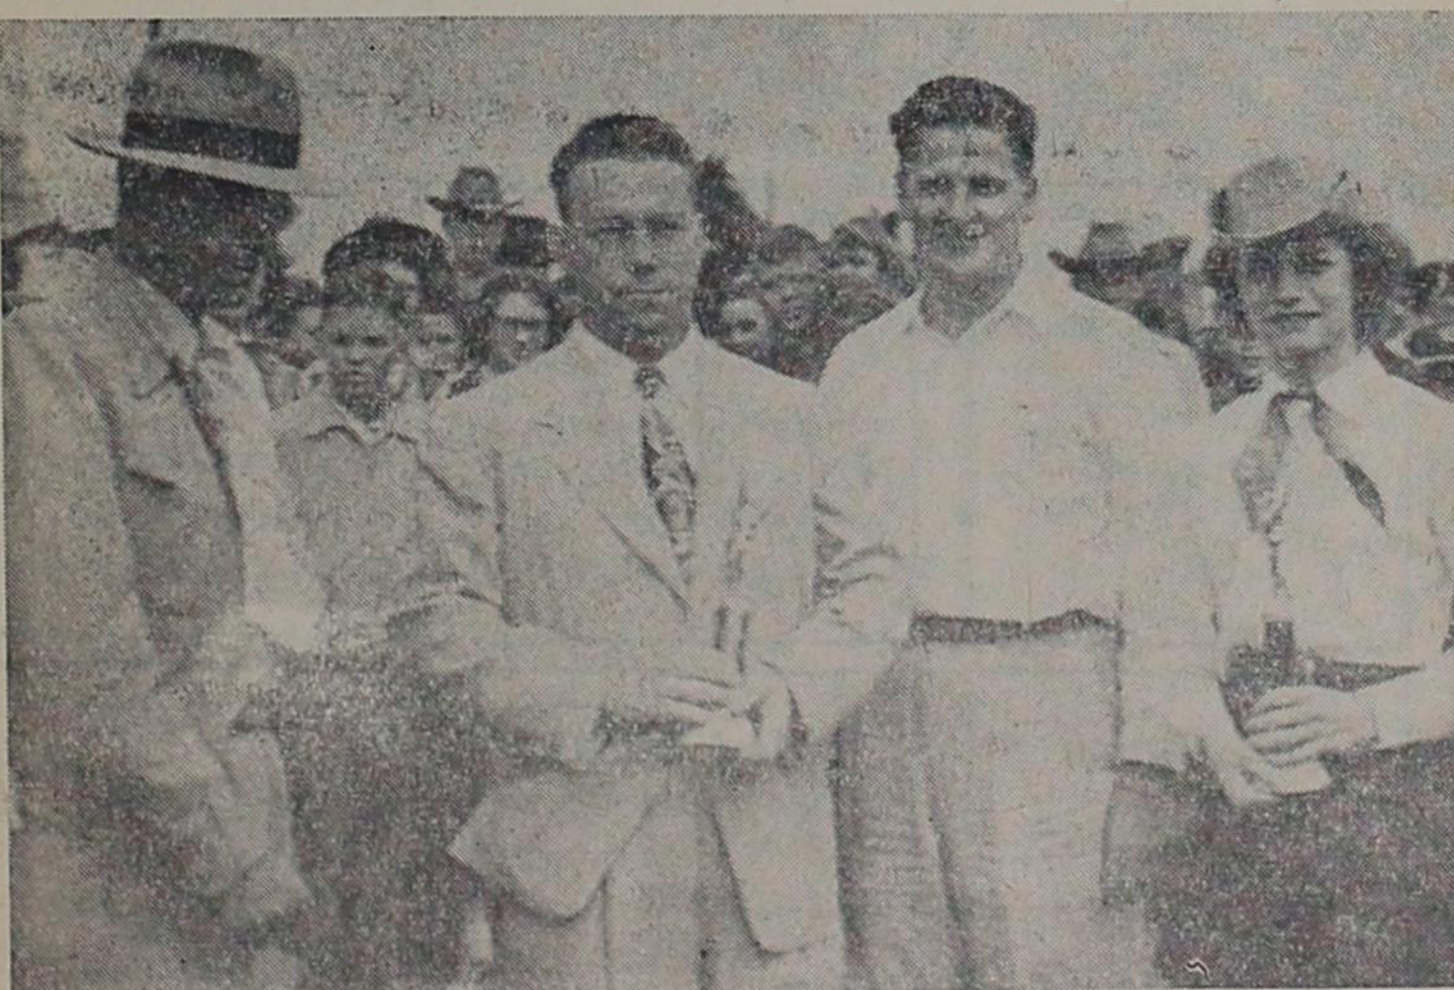

The Hart Zealot Club met Thursday afternoon, September 18, in the home of Mrs. Deward Armstrong, with Mrs. Charles Wells and Mrs. Velton Martin assisting hostesses.

Business included the election of officers which are: President, Mrs. Glyn Reed; vice-president, Mrs. W. T. Sanders; secretary-treasurer, Mrs. Paul Armstrong; reporter, Mrs. Rodney Smith; Parliamentarian, Mrs. Velton Martin; and Education Director, Mrs. Bill Bell.

The next meeting will be to install officers the first week in October.

FIRST PLACE WINNER: Miss Martha Jane Brown, majorette of the Hereford High School band, is shown above receiving the first place trophy, for her band, in the Castro County Fair parade band contest. Earl Brock, chairman of the fair parade committee made the award. Mr. Purvis Williams, Hereford band leader, smilingly watches the awarding ceremony.

SECOND AND THIRD place winners in the Castro County Fair parade band contest were the Olton and Kress high school bands. Following the awarding of trophies the Olton band majorette and band leader, Mr. Don Williams, are pictured at left and Mr. Don Exline, Kress band leader, third from left. The awards were made by Earl Brock, right.

Pictured above is the Dimmitt High School band as it led the recent Castro County Fair parade in Dimmitt. The Dimmitt band was host to three other high school bands of the area which also marched in the parade and contributed much to the success of the affair. The visiting bands came to Dimmitt on the invitation of band leader, P. N. Jordan, who was also a member of the parade committee.

THE DIMMITT GARDEN CLUB contributed their part to the success of the Castro County Fair parade by entering the beautiful float pictured above. Pictured on the float as it participated in the parade are the following members of the Garden Club: Mesdames Carole Dyer, Flo Nichols, Jack Cowsett, Glenn Ratcliff, Sam Gilbreath, R. B. Boren, Raymond Wilson, Ray Sheffy, Harold Stephens and Faye Holland.

WASHINGTON NEWSLETTER

By Congressman Walter Rogers

almost insure passage over the President's veto in the final analysis.

TAXES: The talk about more taxes is completely out of the question as far as I am concerned. I have stated publicly, and I repeat, that the American taxpayer has reached the saturation point in taxation and there is only one way for taxes to go from now on—that is down. A great many of the members of the House with whom I have discussed the matter are in complete concurrence with me, and I do not believe that any measure for additional taxes would have even a remote chance in the House of Representatives. In fact, I doubt seriously that it would ever be forwarded out of committee. If

additional funds are needed, which I doubt, they should come from savings in non-essential Government expenditures rather than from additional taxes.

CENTRALIZATION OF POWER: Much has been said about the centralization of power in Washington, and the people from our section generally are violently opposed to such centralization, as any staunch believer in the Democratic form of Government should be. There is a lot more to the problem than just being for or against centralization. I want to give you one example of how centralization can be brought about and the people will not realize it until it is upon them. Whether or not a particular field of endeavor, whether it be in ag-

riculture, industry, or otherwise, comes within the confines of interstate commerce depends in many, many situations upon the decisions of the courts. The courts are to some degree influenced or bound by the decisions and findings of the Interstate Commerce Commission. If the particular field of endeavor in question is held to be within the definition of interstate commerce, then that particular field of endeavor is subject to the regulations and laws of the Federal Government. These regulations and laws would not be applicable to that particular field of endeavor or that business if it were engaged solely in intrastate commerce, that is, commerce wholly within the state. The interstate

status has been extended to farmers in the production of their crops, and has been extended to many small businesses that are suffering from such interpretation. This procedure can take one business at a time, or one field of endeavor at a time, and eventually have practically every business or activity in the United States earmarked as being in interstate commerce and therefore subject to regulations and laws administered out of Washington, D. C. This is very dangerous and I call your attention briefly so that you may maintain a watchful eye, should efforts be made to bring your business of your activity within the confines of interstate commerce. It may appear harmless to you at first,

but I warn you not to be misled. This is only one of the many methods that could result in centralization of power in the United States.

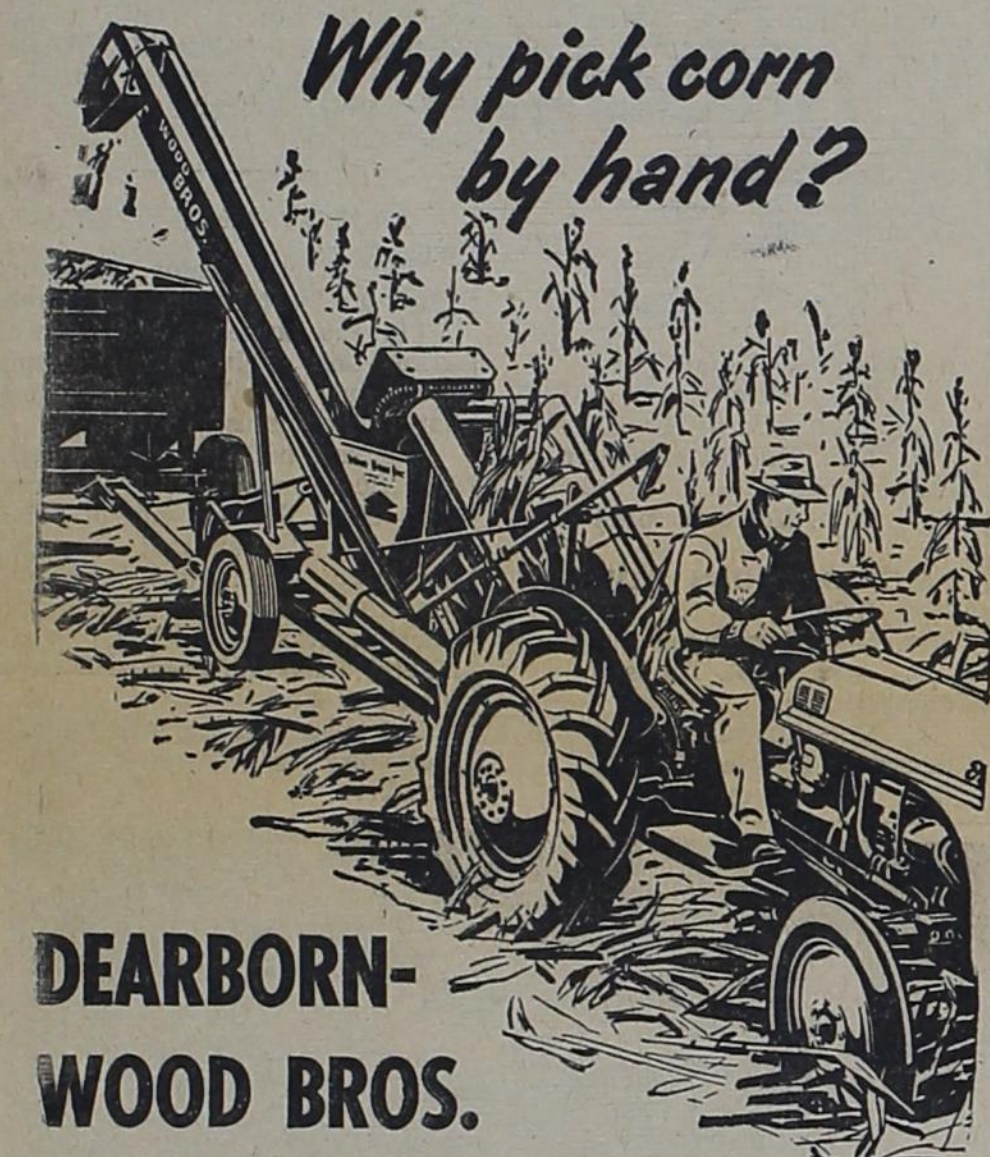

VISITORS: Visitors from the district this week were Barnes Samuels, Thomas F. Cartwright, and Mr. and Mrs. G. B. Jordani, from Amarillo; Mr. and Mrs. G. Gramer, from Panhandle; Mr. and Mrs. John H. Benton and Roberta K. Pollan, from Sunray; Mr. and Mrs. J. R. Lipscomb, from Hereford; and Mr. O. A. Schuster from Perryton.

Clyde Shuford of Van Horn is here this week for a visit with his mother, Mrs. Sally Shuford and other relatives.

ADJOURNMENT OF CONGRESS: Congress is looking forward to an adjournment within about two or three weeks. Frankly, I doubt the advisability of an adjournment this year, even though it would give an opportunity for the members to get back to their homes and visit with the people. Personally, I want that opportunity as much as anyone, but there is much legislation in the mill that needs early attention and I hope that it could be attended to before adjournment this year. There are several legislative matters now pending that would be most beneficial to the farmers and would not involve one cent of cost to the taxpayers. This legislation is important because the harvesting of many crops is now underway and if the legislation is not passed this year, its benefits will not be available until next fall. There are other legislative matters concerning small business that should be attended to as quickly as possible, and I would like to see

these measures brought to the floor and debated before the first of the year. If they are pigeon-holed until after the first of the year, they could easily be lost in the great mass of legislation that comes before every Congress and must be disposed of during the early part of the session. Some of the pending bills are aimed at marked curtailment of bureaucratic and agency controls, and there is no better time than the present to pass these measures. Some of the matters concern the rights of veterans and should be acted upon with the greatest possible speed. However, it appears that adjournment is in the immediate future and it will be impossible to forestall it.

I certainly would not want to see this Congress adjourn without final action being taken on the Tideland Bill. That fight has been long and hard, and I want to see the Senate pass this piece of legislation by the same majority percentage-wise as did the House. Such action by the Senate would

Why pick corn by hand?

DEARBORN-WOOD BROS. CORN HARVESTER

saves backs, time and money

Why cut or pick corn by hand when the Dearborn-Wood Bros. Corn Harvester picks corn faster and easier, and with less labor cost?

This Corn Harvester can be handled easily by the Ford Tractor, or any 2-pow tractor with standard A.S.A.E. power take-off.

Unique rotary snapping bar has exclusive design

that reduces shelling and helps clear trash. Entire harvester tilts forward or back for tall or short corn. Three gathering chains really keep the corn moving. Ample capacity elevator delivers corn to front or rear of wagon. Blower is standard equipment. For easier, more profitable corn picking, investigate the Dearborn-Wood Bros. Corn Harvester now!

Health Talks

The Greeks had a word for "diet", a word that meant a way of living. Today diet is too of-

ten taken to mean only a reducing diet, a curtailed intake of food. Food, any routine of food intake should be a way of living. Planning your food intake along the basis of the seven essential

groups of food would be considered a diet. That is THE diet, the way of living. If you follow the medically acceptable way of reducing, your diet will consist of restrictions placed upon the eating of some of those seven basic foods but will still include all of them.

That is the program behind the 1500-calorie diet, which is interpreted in dollars and cents as a \$1.50 calorie budget.

That budget has been broken down thusly:

Milk and milk products, 33 cents; bread, 20 cents; butter, 17 cents; meats, 47 cents; potato, 10 cents; vegetables, 5 cents; and fruits, 18 cents.

Since most of you eat your food at three meals a day, you may want to see how the diet is broken down into those three meals. It would look like this:

Breakfast—fruit or juice, bacon and egg, buttered toast, and coffee or milk.

Lunch or supper—soup, salad, meat, bread and butter, dessert, and coffee, tea or milk.

Dinner—meat and potato, vegetable, salad or dessert, bread and butter, and coffee, tea or milk.

To get more into the details of each meal, you first eliminate the cost of milk and milk products (33 cents for the equivalent of a pint of whole milk), the bread (20 cents for three slices a day), and the butter (17 cents for five tablespoons per day). You are going to spread those three items over the three meals at a cost of 70 cents, leaving you 80 cents to reckon with on the formulation of the other items in the meals.

For the example here, that 80 cents will be broken down into 20 cents for breakfast, 20 cents for lunch or supper, and 40 cents for dinner. And here's how it goes:

Breakfast—bacon and eggs, 17 cents. You have 3 cents left for your fruit so you select a juice glass of tomato juice for 2 cents, half a grapefruit for 3 cents, one fourth small cantaloupe for 3 cents, or some "cheap" fruit which will allow you to stay within your budget of 20 cents. Your buttered toast and milk have already been deducted from the cost. If you wish, you can make milk toast out of that bread and milk allowance, of course; it takes just a little imagination to give you variety in your meals.

Lunch or supper—fish, frankfurter or cold cut or any of the "10-cent" meats. Some "3 cent" vegetable or a combination of vegetables in a 3-cent salad. That makes 13 cents, leaving you 7 cents of that 20-cent meal for fruit or dessert. If that doesn't sound like enough food, you are permitted any clear soup or broth consommé or bouillion at any meal at no cost of your calories.

Neither coffee nor tea cost anything, of course, though milk or cream in either one would come off your milk allowance, and you are urged to use saccharin to sweeten instead of sugar. Every once in a while you might want to save up your milk points for the day for this meal and splurge 21 cents on a half-cup of plain ice cream; those 7 fruit cents would look awfully good sitting on top of that dish of ice cream.

Dinner—Meat (20 cents), potato (10 cents), vegetable (2 cents), fruit as salad or dessert (8 cents). Meat includes meats, fish, poultry and eggs, of course, and you can work practically any meat in to that 20-cent allotment though the size of that piece of meat will vary. Instead of potatoes, you may help yourself to the potato substitutes such as noodles, macaroni, spaghetti, rice, corn or shelled beans. That meal would be a good place for one of the leafy vegetables or a lettuce bed for your fruit salad.

You can have plenty of good food on such a diet as this. You can achieve a new awareness of the real value of food to replace that gay but haphazard approach to mealtime in years past. And dieting can be healthful and fun; if it isn't, don't pursue such a diet at the expense of your sense of wellbeing and pleasant disposition.

New Amendment To Social Security Law

Persons who work for themselves are now covered under the social security law and have been building insurance protection for themselves and their families since January 1, 1951.

The recent amendments to the Social Security Act cover most self-employed people with the exception of some occupations such as farmers, doctors, funeral directors, and a few other professional groups.

For most people who work for themselves their first social security tax report will be due, along with income tax returns, March 15, 1952, and will cover the calendar year 1951. Any earnings from self-employment of \$400 or more are covered by the provisions of this new law.

The tax rate for this year is 2 3/4% of net earnings up to \$3600. Those who have an annual self-employment income of less than \$400 will not have to pay social security taxes and will not be covered by the law. The new coverage is not voluntary.

This new social security law will cover about 4,700,000 self-employed persons who now will have an opportunity to build toward retirement benefits for themselves and their families and monthly benefits to their dependent survivors in the vent of death.

For details about their new rights under social security, self-employed people should get in touch with the Amarillo social security office.

Initiation:

As many of you have realized in the last few weeks, initiation has become a tradition in Dimmitt High School. To upper-classmen it is a pleasure to see these first-year-men do the deeds requested of them. To the freshmen there is some pleasure in being fussed over by these Sophomores, Juniors and Seniors, and there is more pleasure in realizing that next year they will be in different shoes. Although it may not be realized by casual thinking, initiation brings the student body closer together. Many freshmen have become friends to upperclassmen because of the good treatment that they received while getting the haircuts, and the upper classes have united to initiate these freshmen and will usually remain united.

Although we are biased, we have tried to realize that all things are not in favor of initiation. Of course few freshmen like to hear the buzz of the clippers and realize that when they look into the mirror, they will see a new person, and few are eager to do the brands of higher classmen. But as these freshmen grow, this initiation will bring them pleasant thoughts of school and very soon their hair will grow.

We want this year to be one of the best in this school's history, and the attitude of this year's "Fish" has done its part to make it so.

Our Pep Rallies

What has been happening around D. H. S.? When and why did all this nonsense start? Who started it, and how could there be so much noise made in one place? Well, we will give you the low-down on the whole thing.

Every Friday afternoon Dimmitt High has a pep rally led by the pepperettes. The purpose is to get every one in good spirits for the ball game that night. Mr. James (Rosy) Bates is the sponsor of this pep rally. If anyone can make a gang yell, he can. Everybody must make some kind of noise of get out.

The town's people think someone is trying to tear the roof off the building, but that has not happened yet. We think D. H. S. has the best yelling ability and

highest spirits of any place around. We are all out to back our boys, and we know the people around town are out to do the same. Kids, lets keep on until we really raise the roof, and we can be heard in Kalamazoo.

Students Get Pictures Taken

The mirrors in the halls of D. H. S. were kept busy Monday, September 17. A very important event was happening. Pictures of high school and junior high students were being taken. The pictures were taken earlier than previous years in order to help the annual staff meet the deadlines. Grade school pictures were taken Wednesday, September 19.

Pep Squad Elects Officers

The Dimmitt High School pep squad met and elected the following officers for the coming year: President—Lometa Odom, Vice president—Mary Nelson, Secretary—Peggy Alley, Treasurer—Dalvia Howard, Sponsor—Mr. James Bates.

The new uniforms this year are white sweaters with purple megaphone and white "D" and purple gabardine slacks.

They gave their first performance September 14 when Dimmitt beat the Sundown Roughnecks. The second performance was given at Hale Center, Friday, September 21. The band and pep squad will perform Friday night when the Bobcats meet the Lockney Longhorns.

The pep squad is looking forward to making two more out-of-town trips, to Springlake October 5, and Amherst the following week.

New Interest In Home Ec.

Why is it that some girls have all of a sudden taken a great interest in Home Economics? Is it BOYS??? Why, No!!! It is the three new electric machines in modern walnut cabinets. This makes the total of eight machines, which will make it more efficient and students can do better work.

Mrs. Wilterding, the Home Economics teacher, invites you in to see and even use the machines.

Glenn Brown Voted Globe-News Player of the Week

The Globe News second selection for class A player of the week was Glenn Brown, a 150 pound, 5 foot 6 in. senior half back for the Dimmitt Bobcats. Glenn scored 6 touchdowns in his team's 57-7 triumph over the Sundown Roughnecks. Brown scored on runs of 1, 15, 15, 30, and 55 yards and went 25 yards on a pass in-

Dimmitt "B" Blast Canyon "B" 19-3

The Dimmitt "B" Team overcame a 6-8 half-time score to beat Canyon "B" 19-3. A blocked punt gave Canyon a safety in the first quarter, an end sweep was good for Canyon's only touchdown.

A Maxie Warren to Dobbs pass for Dimmitt's first touchdown ended the first half. Richard Wood put Dimmitt ahead early in the 4th quarter when he went 10 yards for a touchdown. Maxie Warren closed the scoring with a 7 yard touchdown dash. Robert Yates came over guard for the extra point to put the score 19-8.

Whos Who

More than likely if you have ever attended one of Dimmitt's football games you have seen a halfback that is 5 ft. 7 in. tall and weighs 150 lbs. running for a T. D. It is none other than Glenn Brown.

Glenn is very active in sports as well as other things in D.H.S. He has attended school for 12 years in Dimmitt and during those 12 years he has lettered two years in football and two years in basketball. He also received the Amarillo Globe-News award as player of the week after his game against Sundown. Along with sports, he is vice-president of the Senior Class and a member of the F. F. A.

He was born on May 27, 1934, and his plans about college are still indefinite.

Mr. and Mrs. Tom Davis returned home Monday from a fishing trip to the Kiomatia River in Oklahoma. Tom reports good luck on their fishing trip.

More outstanding was the fact that he only played a few minutes on offense in the second half. Brown averaged 15 yards per carry in 12 carries from scrimmage. He produced joining tackles that led to numerous Sundown fumbles. Congratulations Glenn from Dimmitt High School and the entire city of Dimmitt. Keep up the good work.

Society News

While snooping around over the week end I saw Katy Coke and Donald Wright, Marvin Axe and Mitzi Wilson, Rae Hardy and Glenn Brown, Billy Gregory and Dalia Twiner, Jack Hodges and Beth Hance at the show. I also saw Raymond Crum and Idella Blocker, Martha Noble and Bobbie Myers. Since there is a revival going on Weldon Warren and Sunnye Brown attended church Saturday night.

Connie McRee and Junior Cluck found Lubbock to be rather fascinating Saturday night.

Yvonne Bearden and Jesse Burch were also seen around town Saturday night. They were the "EIGHT GRADE STEADIES".

Thursday night Mrs. Pat Hardy honored her daughter Rae with a supper and slumber party for her 18th birthday. Mitzi and Rae seemed to enjoy the dessert immensely. Others attending were: Dalia Twiner, Yvonne Bearden, Katy Coke, and Sunnye Brown. Dalia and Yvonne played the perfect students until 5:30 a. m. working on an English Theme, while the others enjoyed their "Beauty Sleep".

"Yea Team Fight" was the theme of the third pep rally of the year. It was one of the most spirited pep rallies of the year. Guest speakers were; Jack Gladman and Joe Bailes. Mrs. Morgan Dennis and Mrs. H. L. Axe were the two football mothers who were honored with corsages.

FLASH Since Friday night "Rosy" Bates is singing "All I Want For Christmas is MY ONE Front Tooth".

Seen at church Sunday night were; Elmo Blackwell, Milton Bagwell, Wesley Smith, Farren Broadstreet, John Gilbreath, Willie John Word, Bill Hunter, Billy Gregory, Roy Murphy, Glen Lust, Weldon Warren, Donald Wright, Jesse Burch, Maxie Warren and DeWayne Brown.

Doyle Herring recently went to Lubbock where he has enrolled at Texas Tech.

Mr. Don Gladman and Jeanne went to Arkansas City, Kan., Sunday to be with his father, Mr. T. H. Gladman, who is ill.

BOBCATS RATED FIRST IN REGION

The Dimmitt Bobcats have taken over first place in the Globe-News weekly Class A Globe-News weekly Class A football rating. Dimmitt moved up from 3rd to first with their 53-0 win over Hale Center. White Deer and Lockney ranked 1st and 2nd respectively, moved down one place each to make room for the touchdown crazy Bobcats. The Bobcats will try to prove their rating this week when they meet Lockney for the Game of the Week in Class A football.

Bobcats to Entertain Lockney Here Friday

Living up to pre-game expectations the Dimmitt Bobcats scored almost at will to gain their third victory of the season with the Hale Center Owls being the victim. Glenn Brown started things rolling when he went 7 yards for the T.D. early in the first quarter. Donald Wright converted to put the Bobcats in the lead 7-0. A few minutes later Weldon Warren added to Dimmitt's cause with a 15 yard touchdown-dash. Wright once again converted. A Dennis to Warren pass was good for 40 yards and Dimmitt's 3rd T. D. Wright's conversion put the score 21-0. Roy Murphy ended Dimmitt's first quarter scoring when he intercepted a pass and raced 35 yards to paydirt. Wright's kick was good. The first quarter ended with the Bobcats in the lead 28-0. It was the fourth quarter before Dimmitt dented the scoring column again. Jack Hodges plowed 8 yards for the touchdown. Wright missed the conversion. Glenn Brown rambled 20 yards for Dimmitt's next touchdown. Wright kicked his 11th conversion of the year to put the score 41-0. After the Bobcats recovered a fumble on the kickoff Elmo Blackwell climaxed a 45 yard drive with a 5 yard touchdown run. The conversion was wide A Dennis to Blackwell pass was good for 15 yards and Dimmitt's last touchdown. The conversion again was missed by Wright to leave the score 53-0.

The Bobcats lineup was composed of mostly 2nd stringers after the 1st quarter. Billy Gregory turned in his best game of the year to lead the Bobcats standouts. Other fine games were played by James Dobbs, Milton Bagwell, Don Ziegler, and Marvin Axe.

Bobcat stadium is expected to be filled for the Lockney-Bobcat game next Friday night. The two teams are rated 2 and 3 respectively in Region IA. This game should be an exciting contest on the part of the fans.

Correct LIGHTING FOR *your home!*

For ironing with a ceiling light, you can use either of two fixtures. The one shown is a hanging fixture using two 25-watt fluorescent tubes. Or use a 150-watt silver-bowl bulb in a round metal reflector. Center fixture directly over the board.

For working at bench with a ceiling light, this fixture—holding two 25-watt fluorescent tubes, shielded lengthwise—will give you an excellent light. Or you can use a 150-watt silver-bowl bulb in a round metal reflector 12 to 14 inches in diameter.
