about dimmitt  
and  
castro county

by b. m. n.

The column will be a little short this week. We are saving all the space we can for turkey, not in the column, however.

In reporting the news in Dimmitt it would always seem that we are bragging. But that's not the case. We are naturally modest and unassuming. The reason that we are always talking about championships, is because we are always producing champions. I don't believe in bragging, but what are you going to do when the Bobcats and the Bobbies, the Farm Bureau Chorus, the hogs and the cows, wheat, row crops and cotton are always winning championships. I know it gets monotonous to those competing with us, but confidentially they don't have much of a chance to win, to be hearing about Dimmitt all the time. We can be satisfied with district and regional championships but we believe in giving credit where credit is due and usually this county produces state and national champions — take notice Bobcats and Castro County Farm Bureau Chorus.

Rev. Brashear says that he would appreciate it if whoever is tamping his postholes, for street markers, full of dirt would please discontinue the practice until he can get the posts set in concrete.

## Band Students Are Agents For Band Civic Banquet Tickets

All arrangements for the Band Civic Banquet, scheduled for Thursday evening, November 29, have been completed and the entire Bobcat Band membership is serving as the ticket committee. Minimum charge on banquet tickets has been placed at \$2.50 per person with higher charges being left to the option of the purchaser. Plans for the Band Civic Banquet were made at a recent meeting of band mothers with the mothers agreeing to furnish and prepare all of the food free of charge in order that the entire revenue from the occasion would be available for the purchase of band uniforms.

Band director Paul N. Jordan has pointed out that the increase in the number of band students makes it imperative that additional uniforms be purchased, and that the band mothers, in agreeing to sponsor the fund raising campaign, were offering a real ser-

vice to the band and deserved the cooperation of everyone.

In addition to the sumptuous banquet and musical numbers by the band, an appropriate program is being arranged for the occasion.

Everyone is urged to see some member of the Bobcat Band and make purchase of tickets well in advance of the banquet as that will be the only indication of the number to be prepared for.

Rev. W. D. Brashear, secretary of the Castro County Chamber of Commerce, filled a speaking engagement at Hereford Friday evening when he was principal speaker on the program at a Fellowship banquet at the Hereford Methodist Church. Approximately ninety men were present for the enjoyable occasion.

## Korean Veteran

PFC. WILLIAM POWELL

Pfc. William Powell returned to the United States, landing in Seattle, Washington, October 21, following thirty-two months overseas service in Japan and Korea. Pfc. Powell spent 14 months in the Korean war zone, much of which time was spent in combat while engaged in the procedure of landing and evacuating troops from the Korean peninsula.

Pfc. Powell received his basic training at Camp Chaffee, Ark., and attended the Diesel School at Fort Winfield Scott, Calif. He embarked from San Francisco, California, April 1, 1949, and landed in Yokohama, Japan, where for eighteen months he was attached to the Engineering Depot, and where he served as fuel injection specialist on diesel motorized equipment. He was transferred to Korea on August 15, 1950, where he continued in his specialized field, and on September 15 he participated in the Inchon invasion when wave after wave of American troops fought their way ashore to establish positions behind the enemy lines. His work took him as far north as Iwon, 65 miles north of Hungnam. When the Chinese hordes poured across the Manchurian border into Korea, forcing the retreat of United Nations forces, the Platoon of which Pfc. Powell was a member made its way to Hungnam where they serviced and operated the landing craft, under heavy fire, to evacuate American troops. He was there when the evacuation of Marines began on December 8, and remained to see the last of the Army personnel that had been cut off in the Genchin Reservoir on the Manchurian border, evacuated.

Before returning to Dimmitt Pfc. Powell went to Fort Smith, Ark., where he visited a week. He was accompanied to Dimmitt by Mrs. Powell who has been employed as a nurse at Fort Smith.

Powell will report to Fort Sill, Oklahoma, on November 26 for reassignment.

## Thanksgiving B&PW Program In Merritt Home

Miss Hazel Merritt was hostess in her home to the Business and Professional Womens club when they met for their annual Thanksgiving program Monday evening. As a prelude to the evening's entertainment Faye Holland read a poem "Talking Turkey." The ladies proved they could do more than "talk turkey" as they assembled at the table from which the gay bird with all the trimmings was served buffet style. The centerpiece for the table was an arrangement of colorful autumn fruit, vegetables and pine bows.

A short business session was conducted and members drew names for the Christmas party to be held December 3.

Special guests for the occasion were Louise Albin and Pearl Shetty. Members were Lottie Bearden, Margaret Boren, Prebble Berryman, Cordye Birdwell, Nell Blagg, Birdie Duree, June Gladman, Faye Holland, Helen Richardson, Coma Ratcliff, Gwer Wood, Jo Wilterding, Laverne Bates, Vae Metcalf, Hattie Boling, Eargle Twiner, Robin Vann, Blanche Morgan, Alice Killingsworth, and Hazel Merritt.

Mrs. Mattie Harbert of Dumas and Mrs. Frank Harbert and family spent the past week-end in the homes of her daughters and his sisters, Mrs. John Crum and Mrs. Buck Crum.

## CROP Pictures To Be Shown Here Nov. 30

According to an announcement this week by Rev. D. W. Brashear, Castro county chairman for the Christian Rural Overseas Program, two sound films showing the destitute conditions of the people of Korea will be shown in the high school auditorium Friday, November 30, at 7:30 p. m. A relief program, under CROP auspices, has been in progress in Castro county and throughout the nation for the past several months, and the county committee is making every effort to meet the local quota as soon as possible. In announcing the scheduled showing of the Korean films, Rev. Brashear declared:

"We can hardly imagine the degree of poverty, existing in various sections of the world. In Korea, for instance, known as 'The Land of Sorrow,' people living under the shadow of death. The 1951 rice crop destroyed—No homes—no land—no food.

"The Christian overseas program, known as 'CROP' was recently organized in Castro County for the purpose of gathering grain and other items of food. The Protestants and Catholics have united in this endeavor to give to every person in the county an opportunity to contribute grain or money to this humanitarian cause. The rail roads transports the grain, free of charge, to the ports where it is loaded on 'Friendship' ships. The Government pays transportation charge to the destination. The Teachers, Ministers and Doctors representing the various Religious organizations see that the food reaches its destination. You are privileged to designate the particular persons whom you wish to receive your donation. You may have the grain you desire to donate ear marked at the elevator and if you give cash you can leave it at the bank with the treasurer, Mrs. Jo Kirkpatrick.

"In order that you may get a true picture of the actual conditions obtaining in this ravished country, two sound films, depicting conditions, will be shown in the high school auditorium Friday, Nov. 30, 7:30 p. m. We are sure that every one advised will want to be present and that you will urge your friends to be present."

Dimmitt will be a deserted city Thursday when all business firms will be closed in observance of Thanksgiving and to allow full attendance at the Bobcat-Canadian bi-district football game which will be played at Buffalo Stadium in Canyon, beginning at 2:00 p. m. Tickets for the football classic are on sale at the Harrison Insurance Agency office at \$1.00 for adults and 50c for students. General admission tickets only are being sold as there will be no reserved seats.

Arrangements for the bi-district game were made at Wheeler last Friday night when Dimmitt and Canadian school officials met following Canadian's last conference game. The local school men won the option of choice at each flip of the coin in determining arrangements. Morgan Dennis, president of the Dimmitt school board, won the option on the flip for the game site. Canadian had selected Pampa as their choice for a neutral field and Canyon was Dimmitt's selection. A flip of the coin also gave Dimmitt the choice of the grand stands, with the west side being their selection.

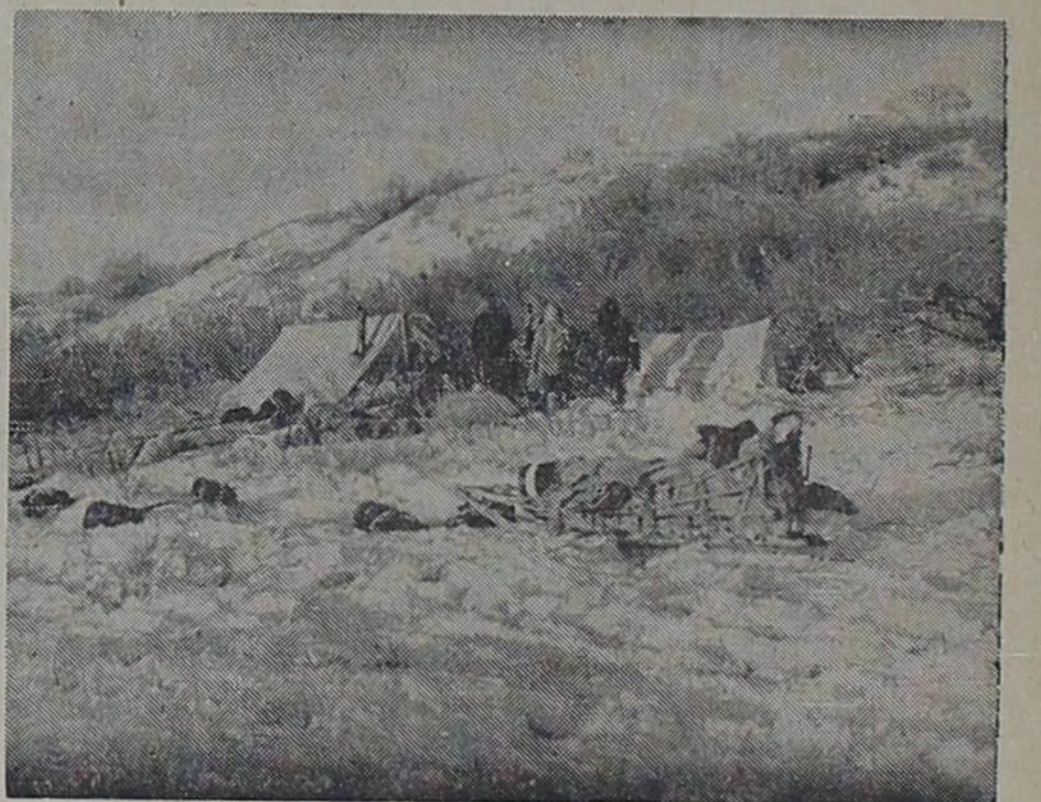

The Bobcat-Canadian fracas is being featured as the game of the week, as both teams are strong and undefeated in the entire season's play and the try at the regional championship is at stake. The winner of the Bobcat-Canadian game, play-off between the champions of District 1A and District 2A, will meet the winner of the Abernathy-Denver City, champions of 3A and 4A, game next week to determine the regional champion and the team to compete in the state play-off.

The Bobcats will not be lacking in fan support in their game Thursday as a championship hungry citizenship will follow them all Canyon to encourage them on their bid for higher honors in high school athletics.

## Fred Sims Home Damaged By Fire

Fire of undetermined origin caused an estimated \$2,500 damage to the home of Mr. and Mrs. Fred Sims in West Dimmitt early Thursday night. The fire originated in a bedroom closet and had spread to the bedroom when the fire department arrived on the scene. The flames were quickly extinguished but not until fire, smoke and water had damaged the house and contents to the extent of \$2,500.

## Alaskan Reindeer To Bring Santa Claus To Dimmitt December 21

The Eskimos in the village of Kotzebue, Alaska, will thrill with the hundreds of children who will get to view real live reindeer driven by Santa Claus here Friday, December 21, at 2:00 p. m., according to D. W. Brashear, secretary of the Castro County Chamber of Commerce, who is sponsoring Santa Claus and his reindeer on this visit.

Some 200 Eskimos live in the village on the Mering Sea, and it is here that Grady Carothers, Goldthwaite, Texas, ranchman, camps out each year in raging blizzards and snowstorms, where temperatures go as much as 80 below zero, to bring reindeer back to Texas for the Christmas parades over the nation.

"Parade night here promises to be the greatest night from a spectator standpoint in the history of the city," declared the sponsor. "We are especially inviting all children in the city and from all the surrounding towns to be our

guests for the evening and see Donder, Blitzen, Dancer and Prancer.

"Santa Claus will be wearing a bright red suit to match his red sleigh. His charges will be gaily decorated in bright red harness on which their names are inscribed in brass nameplates, and we want the children to spell out the names," Brashear said.

The reindeer have spent the summer on the ranch and now are ready to gladden the hearts of millions of boys and girls over the nation as they parade city streets.

Old Saint Nick has been working with his crew of helpers all summer at the North Pole and has plenty of toys for boys and girls everywhere. He has promised he will talk some to the children while here if he is not too tired from his long trip.

Over a million children in Texas alone have thrilled to the sight of seeing Santa drive his animals and

# Local Chorus Wins State Championship

Leo Witkowski, president of the Castro County Farm Bureau, called the News from Houston Monday night to announce that the Castro County Farm Bureau Chorus had won the state championship in a statewide chorus contest sponsored by the State Farm Bureau organization. District elimination contests were held throughout the state earlier in the month, and only the district winners participated in the state contest at Houston Monday afternoon.

With the winning of the state championship goes the right to represent Texas in the national contest to be held in Chicago in December.

The chorus contest was held at the general assembly of the State Farm Bureau convention in Houston with 1500 delegates in attendance. The Castro County Farm Bureau Chorus, composed of about twenty members, received an expense free trip to Houston, with all expenses being paid by the

local and district organization. According to reports the group has been having a wonderful time with guided tours through the Texas metropolis and other neighboring cities.

The Castro County Farm Bureau Chorus, under the direction of Ray Bearden, has had regular rehearsals for the past several weeks and with the abundance of available talent and hard preparatory work they have put into the project are well deserving of the honors they won at Plainview and Houston contests. The Castro County Chorus left Dimmitt Sunday afternoon for Houston making the trip from Lubbock by train.

The Castro County 4-H Club Council, pictured above, is largely responsible for the fine 4-H Club program carried out in the county during the past year. The 4-H Club Achievement Day program, at the Fair Building in Dimmitt last Thursday night, came as a climax to the years club work and was planned by the club council. Castro county has long been in the fore front in 4-H Club work a fact that is in a large measure due to the work to groups similar to the one pictured above, combined with the splendid work of past and present county extension agents. In the picture, front row: Jimmy Brock, Josetta Acker, Peggy Davis, Jerry Cluck, Delores Benson, Betty May Lienen, Bill Hill and Frank Huseman, adult leader. Second Row: Jacob Acker, adult leader; Don Acker, Bob Hill, Joe Nelson, Floyd Schulte and Frank Huseman, adult leader. Back row: Jack Acker, Richard Hoelting, Boyce Wayne Tate. # Bobcats Prepare For Wildcats

## Dimmitt Bobbies Edge Cotton Center Elkettes 49-42

The Bobbies had as visitors Thursday night the Cotton Center Elkettes. The game was a hard fought affair but ended in a victory for the Bobbies. Each member of the team played a part of the game. High scorer for the Bobbies was Lometa Odom with 23 points, while Mary Nelson was close behind with 15. All the Bobbie guards turned in a grand performance. High scorer for Cotton Center was Dorothy Cannon with 32 points. The game was rough and roudy, but the Bobbies are looking forward to playing them again in the near future.

## Let's Be Real Champs

Thursday, when the Dimmitt Bobcats meet the Canadian Wildcats in Buffalo Stadium in Canyon, not only the team, but the student body and the fans have a new responsibility. Up to now, every boy on the team has known that he must do his best job as a member of the team, and as a representative of his school. Now, something new has been added. The team is fighting for the honor of District 2A, as well as of Dimmitt High School.

The student body and the fans too, represent the district, which will be judged by their behavior and good-or bad-sportsmanship. Also, Dimmitt, by winning the toss, becomes the host town. We'll do our level best to beat 'em, but let's be the most pleasant hosts and the most sportsmanlike team they have ever played.

## Fifth Grade Looking Forward to the Holidays

We fifth graders are looking forward with pleasure to the Thanksgiving Holidays. We are having good attendance in our room but Olea is ill today. We hope she recovers in time to celebrate the Holidays.

## Those Behind The Bobcats

Once again the Dimmitt Pep Squad will travel to Canyon as the Dimmitt Bobcats play their Bi-district game with the Canadian Wildcats. Did you know the pep squad has traveled 468 miles to back their team and performed before 10,000 people? They have presented each football mother with a purple and white corsage, used many dollars worth of crepe paper to decorate, and sold tags before each game.

This year, for the first time, the Pep Squad has really been uniform. Each girl in the organization has a pair of purple slacks and a white sweater with an emblem on the front.

The Pep Squad or maybe we should say, that "do or die man, Rosie Bates" had a big hand in crowning the football queen. Each week, the cheer leaders, Mitzi Wilson, Dalia Twiner, Yvonne Bearden, Patsy Hardy, Jacqueline Cartwright, and Katy Coke, with Mr. Bates work hard trying to scheme up something new for the pep rally. They have managed though, and each Friday they have thought of something new to put spirit in the heart of each football player.

It is a job for EACH MEMBER of the pep squad to be behind the team and do their part to the best of their ability.

YEA BOBCATS! ON TO STATE, WE'RE BEHIND YOU ALL THE WAY

All of Dimmitt's guards did a superb job.

The "B" team put victory on its list with a score of 44-19. Yvonne Bearden was high scorer with 22 points, Markley and Cartwright close behind with 12 and 8 respectively. McRee was outstanding guard for DHS. High scorer for Sudan was No. 30 with 8 points.

## Breeze

I have a gripe. I mean to state it. There appeared in a recent paper an article stating, that to put it simply, the younger generation is going to the dogs. I would like to speak in behalf of this darkly-destined younger generation. So many speakers, orators, and civic leaders have made similar speeches. That is one of the major troubles. There are too many speakers and not enough workers. The reform of the younger generation, if they need it, which I doubt, will not be accomplished by so many big, long-winded, speeches, and published news articles. We need more people to organize real entertainment and pastime for the kids. When a person starts out to organize an activity, he is frowned on by so many radicals and gossips. These are usually the ones who do all the talking and none of the work.

The kids, as it happens, cannot organize any means of recreation, because who ever heard of a party without chaperones.

If a few of the older people will recall or listen to some of the talk in the big circles they will be reminded that angels have not been born in a long time and I doubt if there will be any in a long time to come.

If the people will give us a chance I truly think we can prove ourselves to be a long way from the dogs. No reflection meant to any dogs.

P. S. Any complaints or suggestions can be reported to Farren Broadstreet, % Dimmitt High School.

## Who's Who

Lometa Odom is a well-liked member of the Senior Class. She is 5 feet, 9 inches tall, has brown eyes and is 18 years old. Lometa is captain of the Bobbie team, president of the pep squad, reporter on the Bobcat Tales staff.

Some of Lometa's favorites are: Food—Hamburger steak and cherry pie.

Subject—Chemistry  
Colors—Purple and white  
Song—"Mom and Dad Waltz"  
Lometa plans to attend college after graduation and become a teacher.

## Grade School Students Write Poems of Thanks

Room 5A is studying the writing of poetry. Each tried his ability at writing a poem of thanks for what we have. Two of these are as follows:

I am thankful for my family dear,  
And all my friends who are so near  
For happy thoughts in work and play,  
And all the pleasures through the day.

By Arvel English

What Am I Thankful For  
I'm thankful for our flag;  
Which keeps our country free,  
For God and parents, who provide for us,  
And keep us safe, you see.

I'm thankful for the birds and flowers,  
Which keeps the world so gay;  
I stand and watch them for hours,  
On every sunny day.  
I'm thankful for my humble home,  
Where all our family will meet  
From its teachings we'll never roam  
Neither friend nor foe shall we ever mistreat

## Civics Class Watches Election

Miss Merritt's civics class attended an election at the court house last Tuesday. The election was held for the purpose of voting on five amendments to the state constitution.

The class learned that there were four voting boxes. Each one of these boxes has an election judge in charge of it. They found that each person's ballot is numbered. A system is provided so that all ballots can be checked in case there is a question. Information was also obtained on how the ballots are tallied after voting.

The purpose of this trip was to become acquainted with the local government. This will help these people when they really become part of that government.

They plan another trip soon to learn some of the duties of the local officials.

The Dimmitt Bobcats and the Canadian Wildcats will meet at Buffalo Stadium in Canyon, Thursday, at 2:00 o'clock for the Bi-District Championship. Both teams are undefeated. Dimmitt has averaged 37 5/9 points per game to their opponents 7. The contest will send two of the highest scoring backs in the state against each other, Canadian's 220 pound Schaeff and Dimmitt's Glenn Brown. Schaeff has scored 155 points in 10 games to Brown's 144 in 9 games.

Dimmitt will be outweighed considerable and Canadian will have an edge in experience also. Dimmitt won the flip on the stands and selected the west side. The officials for the game will be Ed Haley, referee, Williard Payne, head linesman, and Tex Hanna.

## This Is America

Many years ago the Pilgrim's came to America to seek freedom, mostly of religion. By faith in God and hard work their dreams came true. This is the original Thanksgiving story.

But today as more immigrants are coming to America new stories of Thanksgiving are being written. I would like to relate one of these stories to you.

Five D. P.'s began a voyage to America with a hope of a new life for them and their descendants. They knew nothing of this country except what they had happened to hear in the streets of Austria. They were joyous but yet they were afraid as a man walking in the dark is afraid that he may fall in a hole or trap. Their clothing consisted of a few worn out rags for each.

The voyage to America was a long one for them, and as each hour passed more rumors began to circulate around the ship to the effect that they were soon to be American slaves.

Then, as the voyage ended, the Austrians walked from the ship completely in the hands of, and depending upon, America. After many hours and days of tiresome travel, the family came to the great Southwest with a job promised and hopes of becoming nationalized. By this time the fears of becoming slaves had been replaced by fears of not being accepted by American citizens. Two poor immigrants who knew not the least word of the English language were seeing what kind of a nation our United States had formed.

After their arrival they were surprised and terrified one night to see cars coming from every direction surrounding their home. But to their astonishment they found that the people who got out and came to the house did not have guns and clubs as they had feared, but instead their hands were filled with gifts.

An article was written by Mrs. Harry Smith and published in the Hereford Brand about their shower. I would like to quote the last of it for you.

"As this is Anna Kovacs' birthday, we sing "Happy Birthday" to her as we present the gifts. She was born 32 years ago and God only knows—and I say this reverently—what has happened to her between that day and this.

"As we sing, Anna cries. So do the rest of us and suddenly she is no longer a stranger from a strange place, a (displaced person). She is our sister, our friend, our neighbor, with small Annaliesia—who might be our beloved niece—upon her lap.

"Shy, dark-eyed 12-year-old Jacob could so easily be our 12-year-old. We watch little Hans, five year old, play with our neighborhood children, though as yet they have no single word in common.

"We who have never known despair and fear, we who have such an abundance of good things, think we glimpse for an instant something of what is in the heart of Ludwig, husband and father, as he tells us through Annie how much he thanks us and how much he wants to be a good American. He looks forward to being able to talk with us and wants sometime to give each of us a present.

"Oh! Ludwig Kovacs! You who have spent four of your precious years in concentration camps, who have schemed for a little black market milk for your baby while we in our plenty have fed it to our hogs, whose little girl came across the ocean and half way across America with no shoes on her small feet, have given us presents. Who else but you?

"We came here tired, overworked farmers, burdened with taxes, bills and payments. We return to our homes rich!

"We have more food than we can eat. We have more clothes than we can wear. We have more friends than we can number. We've "got the sun in the morning, and the moon in the evening." And we have Vitamin "K", The Democrats, Republicans, and income taxes, but at midnight on November 11, 1951, at the end of a very long day, we feel like standing up and singing "God Bless America, Land That We Love!"

wave as he stood in his sleigh.

The parade will be a rare treat to children and adults who have never see live reindeer. The festive occasion in this city will provide a double thrill, for adults enjoy Santa Claus just as much as their children, and are caught up in the spirit of the occasion.

In all cities the crowds swarm the streets hours before the parade begins. As Saint Nick, his bright red sleigh and the reindeer come in sight, throngs almost block their way to see the animals.

Some want to spell out their names. Children's eyes blaze with

excitement as they shout almost in unison, "Mother! Daddy! There's Santa Claus and his reindeer." Others want to see if the animals perspire, while a few want to touch the smooth antlers of the transplanted Arctic reindeer.

## Director Explains New Public Safety Law

AUSTIN—Texas motorists who become involved in traffic accidents in other state and motorists from other states who become involved in accident in Texas are most likely to find that the long arm of the new Motor Vehicle Safety Responsibility Law has followed them right to the scene of their misfortune, Public Safety Director Homer Garrison, Jr., pointed out today.

As explained by Director Garrison, here is how it will operate when the law becomes effective in Texas on January 1:

Assume that a Texas motorist is driving his automobile in another state having a similar security type safety responsibility law and is involved in an accident that results in death or injury to a person or property damage to any one person in excess of \$100. He will be required, under the laws of that state, to furnish proof of his ability to meet damage claims either through insurance or by depositing sufficient security to cover the apparent damage he caused.

Should the Texas motorist fail to do this, the authorities of the other state will suspend his privileges to own or operate a motor vehicle in that state and will send a certified copy of its suspension order to the Texas Department of Public Safety. If the circumstances in the other state would have resulted in suspension in Texas, his motoring privileges will also be suspended in Texas. They will remain suspended until he has satisfied the law of the other state to the same extent that he would be required to satisfy the Texas law.

In the same manner, the new Texas law applies to non-resident motorists who are involved in accidents in this state, resulting in death or injury to a person, or property damage to any one person in excess of \$100. Non-resident who fail to meet the requirements of the Texas law will have their privileges suspended in this state and also in their home state if the circumstances would have

called for similar action there. "When you understand that 10 per cent of the traffic accidents in most states are caused by out-of-state drivers," Director Garrison said, "you will appreciate the importance of this provision in our law. It means that a visiting motorist will no longer be able to skip out of responsibility for his damages by crossing the state line. If he does, he will find the administrator of his own state's safety responsibility law waiting for him with a suspension order. I think this alone will do much to promote greater safety on our highways."

Since 34 other states have enacted safety responsibility laws similar to the one that soon will become effective in Texas, the area where motorists are not subject to these modern statutes has been considerably narrowed. While the safety responsibility law in a few of these states does not include this reciprocal provision, they are rapidly adding it. In addition, traffic accident experts predict that most of the 13 states that have failed to enact these statutes will do so within the next two years.

### Cerebral Palsy Clinic To Be Held In Lubbock November 26

A clinic for the examination of cerebral palsied children will be held Monday, November 26, at the Cerebral Palsy Treatment Center, 3502 Avenue N, Lubbock.

Orthopedic specialists from Midland, Plainview and Lubbock, a neuropsychiatrist, pediatrician, eye specialist, and a dentist will be present to examine children.

Cerebral palsy is sometimes referred to as spastic paralysis or birth injury and may be evidenced by the child's inability to sit alone, stand alone, walk or hold objects at the age these things are accomplished by the average child. Research has shown that treatment is most effective if started within the first few months of the child's life although children respond to treatment begun at a much later age.

Parents planning to bring children to the clinic are requested to register the children at the Center prior to the date of the clinic. Information regarding the clinic may be obtained by writing Dr. Esther Snell, Director, or calling Lubbock 6541.

Let us give thanks!

Dear Lord, how can we thank Thee half enough  
For all Thy gifts to us this fruitful year!  
For spring's bright promise gloriously fulfilled  
This harvest-time; for these that are more dear  
Than bread assured: all the sweet joys of life—  
Home, work, love, friends—that gild the passing days;  
And children's laughter on the evening air—  
For all, dear Lord, we give Thee grateful praise.

But most of all, O God, we thank Thee for  
Our cherished heritage of freedom. Here  
Where men walk safely, surely; speak and pray  
As each one wills, and freely, without fear,  
Lord make us strong to hold and spread this boon!  
From our abundance help the weak to raise  
Their hearts and come to share our brotherhood,  
And join with us in songs of thanks and praise!

## March of Dimes Advisor Is Named

Robert Allen Hill, of Lubbock, has been appointed District Campaign Advisor for 22 north-west Texas counties surrounding Lubbock in the 1952 March of Dimes Campaign, Lloyd Gregory of Houston, State Chairman, announced today.

As Campaign coordinator for these National Foundation for Infantile Paralysis county chapters, Hill will work with Bailey, Briscoe, Castro, Childress, Cochran, Cottle, Crosby, Dickens, Floyd, Garza, Hale, Hall, Hockley, King, Lamb, Lubbock, Lynn, Motley, Parmer, Swisher, Terry and Yoakum counties in their January 2-31, 1952 fund raising activities.

The objective of the campaign, which is the National Foundation's only fund raising activity, is to enable Texas to provide care for its own polio patients and to pay its share of the national research, epidemic aid, and professional education of medical personnel programs.

Accepting the appointment, Hill noted the high cost of continuing treatment for previous years' patients. Almost half of the patients receiving financial assistance from the March of Dimes organization this year will be persons who contracted polio before 1951, Hill said.

Living in Lubbock since 1924, Hill has been active in civic affairs, as well as in the fight

against infantile paralysis. He served as Lubbock County Co-Campaign Director during the 1951 March of Dimes. Hill is in the Naval Reserve and is a veteran of World War II.

## THE LAW AND YOU

By Robert (Bob) Kirk

DO YOU KNOW whether or not you can sue the insurance company which carries insurance on the car of someone who runs into your car and damages the same?

For all practical purposes you may not sue the insurance com-

pany which carries insurance on the other fellows car to protect him from suits in case of his negligence. You must look to the owner or driver of the other vehicle for your damages. Upon his becoming liable to pay those damages to you, then he in turn looks to the insurance company to make the settlement for him, or to reimburse him for the settlement which he has made.

If the case goes to trial before the jury, even though you may know that the other party carries insurance, if there arises any discussion of the fact that insurance is carried by the other party, then the courts have held that it is the duty of the trial judge to declare a mistrial. This means

that you will have to start all over again and try your case from the beginning before the jury, at a later date. Your case is not dismissed, and you do not lose your rights to be heard on your case because of the word "insurance" coming into the case, but it does mean that the trial then in progress must be dismissed and you must start all over again before a new and different jury.

The theory of the appellate courts is that the mere introduction of any evidence or any testimony to the effect that there is an insurance company involved in any way in the case, is highly prejudicial to the Defendant and his cause of action. In many instances, where there is either a

small amount of damage or a large enough insurance policy behind the case to satisfy the damages in the case, the defendant is actually a disinterested party, but under the terms of his insurance policy, and the rulings of our court, he must become the active party in this cause of action.

The appellate courts further say that it is reversible error, that is such error as will set aside the findings of the jury, if the jury in retiring to consider their verdict discuss whether or not either or both of the parties might or might not have insurance to back them up or protect them.

FOR FURTHER INFORMATION ON THIS SUBJECT, SEE YOUR LOCAL ATTORNEY.

**Food Poisoning On The Increase States Health Officer**

AUSTIN, TEXAS — "Recent outbreaks of food poisoning show very strikingly the need for special care in handling and refrigerating any food that must be prepared some time in advance of serving," state Dr. George W. Cox, State Health Officer.

"Prevention of food poisoning requires clean food handled as little as possible and consumed while it is fresh. Foods prepared hours before serving, and allowed to stand at warm temperatures become good culture media for bacteria. Cooked products of

a perishable nature are readily subject to decomposition, and must be kept well refrigerated.

"Most food poisoning is caused by infection by certain types of bacteria which grow rapidly under favorable conditions, such as high temperature and high humidity. The infection may come from dirty hands, utensils, flies, rodents, contaminated water, infected food materials and in some cases in certain types of bacteria, which are rapidly spread and not necessarily associated with filthy conditions.

"If food must be prepared much in advance of use, cook it thoroughly, keep it refrigerated and otherwise protected at a temperature of under 50 degrees F.

"I travel from border to border, auctioning livestock, and buying cattle for my Midwestern feeder farm," says Lloyd Otten. "My car is almost as important to me as my voice. So when I got the story of 50,000 Miles—No Wear, I changed to new Conoco Super Motor Oil."

**Change Now—For Summer Performance All Winter!** Protect your engine from winter's rasping wear. Change to new Conoco Super Motor Oil, with OIL-PLATING. Get quick starts, fast pickup, better performance all winter.

**Proof of 50,000 Miles—No Wear!** After a punishing 50,000 mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Factory finishing marks were still visible on piston rings! Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

"I've driven more than 50,000 miles since then. That's why I know—50,000 Miles—No Wear has sure been true for my car! It runs just like it was new—gasoline mileage is fine—and I'm right on time for every sale, no matter where it is!"

## Palo Duro Park Number One Tourist Attraction in Texas

CANYON, TEXAS—Palo Duro State Park, "The World's Most Colorful Canyon," was the outstanding tourist mecca in Texas for the travel year ending August 31, 1951, a compilation of the Texas State Parks Board House Organ "S-PARKS" reveals. In the period beginning September 1, 1950, and ending August 31, 1951 there were 6,077 out of state cars registered at the park. There were 22,059 Texas cars and periodic checks reveal that 50 per cent of the Texas cars came from 200 miles or farther. These to all intents and purposes are classified as tourist cars. Paid attendance for the travel year was 105,104.

Extremely bad winter weather and a flood with resulting road damage slowed attendance during the spring months of 1951. However, with the completion of paving on an eight mile stretch of road into the canyon there has been a steady increase in attendance over a comparable period in previous years since June. Among Texas Parks and historical Shrines San Jose Mission in San Antonio was second in attracting out of state cars with 5061 to its credit. Kerrville State Park with 4983 ranked third. Palo Duro Canyon also topped Big Bend National Park in attendance by a considerable margin. Big Bend reported an attendance slightly in excess of 82,000 for the travel year. The attendance by calendar years shows the vaulting popularity of Palo Duro Canyon State Park. In 1948 the attendance was 51,488; in 1949 it was 85,336; in 1950 it was 110,050 and in 1951 indications are the calendar year will show an attendance of close to 125,000 persons.

## Home Storage Big Aid To Homemakers

COLLEGE STATION — Homemakers the country over are face to face with the problem of preparing Thanksgiving dinner and at the same time being able to visit with family and friends during the day. Louise Mason, Extension foods and nutrition specialist of Texas A. & M. College, says advanced planning and preparation plus the use of the home freezer can just about take the homemaker out of the kitchen.

For the Thanksgiving dinner Miss Mason recommends a traditional meal: roast turkey with stuffing; giblet gravy and cranberry sauce; mashed potatoes; creamed onions with toasted peanuts; string beans; celery; peach pickles; hot rolls-butter; pumpkin pie-whipped cream and coffee.

The turkey can be dressed and stuffed four or five days ahead of time, wrapped and placed in the home freezer. The pumpkin pies and yeast rolls can be baked and stored in the freezer. The fresh vegetables can be washed and held in the refrigerator. The cranberry sauce can be prepared and stored ahead of time. This advanced preparation will lessen the

hustle and bustle of preparing the meal, says Miss Mason.

Other members of the family can help prepare and arrange the table decorations. They may also assist by helping do the grocery shopping. For after all, points out Miss Mason the Thanksgiving dinner be a family affair.

The turkey may be roasted with or without a stuffing. The skin should be greased to hold the moisture in and the grease can be applied with a folded cloth that has been dipped in melted fat. Miss Mason says the bird should be placed breast down on a rack and in a shallow open pan for roasting. The turkey should be covered with the cloth that was moistened with fat. No basting is necessary while the turkey is being roasted.

An eight to ten pound turkey should be cooked for about three and one-half hours in an oven at not more than 325 degrees. Larger birds require longer cooking time, and 30 minutes per pound is the generally recommended cooking time for the larger birds. If low heat is used, there is less shrinkage and the drippings are not burned, says Miss Mason. The drippings are needed for making the giblet gravy.

With a minimum of effort the Thanksgiving dinner can be made ready on time and mother can come out of the kitchen and enjoy the day with the family and friends.
