"Your brow is like the lily, dear!"

"Ah, no," she said, "you're silly!
Imagine now a maiden's brow
As perfect as a lily!"
But still I swore that it was true,

And shook her fair head sagely, where

Birds Afraid of Blue Color. The farmer's scarecrows were all garbed in blue.

"A blue scarecrow," said the man, does more good than ten ordinary ones, for birds hate and fear blue as you and I hate and fear typhoid or consumption. "A professor from New York point-

The life of the little reptiles was heavenly save for the vast blue things that devoured them. In their fear of these blue things they finally developed wings and then they were safe. But they remember their fear of blue still, as we remember our fear of the dark, and therefore the blue scarecrow is the best kind."'

The farmer smiled. "That," he ended skeptically, "was the professor's explanation. You can take it or leave it. It sounds fishy to To save your life you couldn't make me. But birds, all the same, fear

Good digestion calls for strong diges tive organs, and strength comes from a supply of good rich blood. For this reason Mr. Baysson took Dr. Williams' Pink Pills for the cure of indigestion. "They have been my best doctor," he

My sleep was very irregular and my complexion was sallow. A very simple story, but if it had not been for Dr. Williams' Pink Pills it might have been a tragic one. When discomfort begins with eating, fills up the intervals between meals with pain, and prevents sleep at night, there certainly cannot be much pleasure in living.
