Mrs T.C.Willadsen continue to suffer rather than submit to examinations which so many physi-cians propose is order to intelligently treat the disease; and this is the rea-

son why so many physicians fail to cure female disease. This is also the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise women more wisely than the local physician.

Dear Mrs. Pinkham:

"I can truly say that you have saved my life, and I cannot express my gratitude in words. Before I wrote to you telling you how I felt, I had doctored for over two years steady, and spent lots of money in medicines besides, but it all failed to do me any good. I had female trouble and would daily have fainting spells, backache, bearing-down pains, and my monthly periods were very irregular and finally ceased. I wrote to you for your advice and received a latter full of instructions just what to do, and also commenced to take Lydia E. Pinkham's Vegetable Compound, and I have been restored to perfect health. Had it not been for you I would have been in my grave to-day." my grave to-day."

Mountains of proof establish the fact

that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

Mark Twain's Indecision. In a conversation with William Dean Howells not long ago Mark Twain was relating some of his experience before he became famous. "My difficulties taught me some thrift," he observed. "But I never knew whether it was wiser to spend my last nickel for a cigar to smoke or for an apple to devour.' "I am astounded," observed Mr. Howells, "that a person of so little decision should meet with so much worldly success." Mark Twain nodded very gravely. "Indecision about spending money," he said, "is worthy of cultivation. When I couldn't decide what to buy with my last nickel I kept it and so became rich."
