The Presbyterian ladies will give a Hallowe'en Social at the court room, the night of the 31st. All the old Hallowe'en jokes and games will be revived with many new ones, under the direction of the committee, Miss Grace Rockefeller, Mrs. Jas. Curtis, Miss Meecker and Mrs. Hightower. Every-body is extended an invitation to come and enjoy a pleasant evening.
Mr. Watkins of near Stinking Springs picked up the trail of the alleged mule thieves from Texico and, after following them about one hundred miles, captured the three at Montoya and brought them to Stinking Springs where he secured the help of Gardenhire and brought the men to Portales and turned them over to Deputy Sheriff Cox Tuesday noon.
W. H. Garrett returned Wednesday from Winfield, Kansas, where he had been advertising the advantages of Roosevelt county. Mr. Garrett brought back with him a large number of homeseekers, most of which will buy homes here. There's nothing to it, this country now has the lead over everything and there will be no let up as there is a farm here for sale or a vacant piece of land in the county.
On last Tuesday night three men charged with larceny of six mules from the vicinity of Texico, were incarcerated in the county bastille pending their preliminary hearing. During the night they made their get-away and up to the present time are still at large. It is to be hoped that the contractors on the new jail will expedite their work as much as possible to the end that we can have a way of holding prisoners at least one night after their capture.

A Big Day October 17, at Portales.
Campbell Bros. Shows are coming, and it will be the big day, a day that will long be remembered.
The shows come this season in all their entirety and splendor, giving the same performance in every detail that they have given in the big eastern cities. The Campbell Bros. Shows have been the acknowledged leading armenic institution of America for years but this season's offerings surpass anything ever attempted by them or any other showmen. They present this year features that have heretofore never been seen under circus tents. Acts that have been considered impossible to give under canvas, but they do it and do it every day. This is an age of progress, the people want something new, and in accordance with the spirit of the times, Campbell Bros are keeping up with the times, and this year come with the largest, finest and most complete shows that have ever visited this vicinity.

PLEA OVERRULED

PACKERS SUFFER ANOTHER REVERSE IN FEDERAL COURT AT CHICAGO.

DEMURRER UPHeld

Government is Now One Step Nearer a Speedy Trial of the Cases.

Chicago, Ill., Sept. 30.—The indicted packers suffered their second reverse in court today when Federal Judge J. Otis Humphreys sustained the Government's demurrer to the packer's plea in abatement, attacking the proceedings by which the indictments were returned.

The Court over ruled every plea in the process filed by the packers and the Government's victory is considered signal.

The Government is now one step nearer to a speedy trial of the cases, and it is likely that the trial jury will be drawn about the middle of October.

After the decision the District Attorney moved that the defendants plead to the indictments.

CRIMES CALENDAR.

Woman and Four Children Found Murdered.

Edna, Texas, Sept. 29.—Menger details of a horrible murder in this county have reached this city. A woman is reported to have been found in her home, lying upon the floor with her skull crushed.

On one side of the house was discovered the dead body of her little son, while in another portion of the yard were found her two other sons, the bodies separated by some distance.

The girl and mother had been killed in the house but the boys were killed outside about 300 feet away.

The Governor has offered a reward of \$300 for the arrest of the murderer or murderers of this family.

Talk of Big Uighr Depot.

Dallas.—It has just been learned from a railroad official in high standing that it is the intention of the Frisco-Rock Island, the Youkum-Hawley, the Houston & Texas Central, Texas & New Orleans and Katy, to join together in erecting a large and commodious union passenger station at the corner of Jefferson and Commerce streets on the property owned by the Frisco.

A large freight warehouse will be erected for the joint use of the roads on Wood street, probably between Jefferson and Market streets.

The Central has an across-town line which the Texas and New Orleans and its own trams can use in coming into the new passenger station, and the proposed location is very accessible to the Katy. It is regarded as reasonably certain that work on the new passenger station will be commenced.

Will Fight Gross Receipts Law.

Austin: Two big roads, the Texas and Pacific and International and Great Northern, filed their reports of gross receipts under the Love act with the comptroller. The reports were filed under the usual protest. Both roads, however, flatly refuse to pay the tax under the bill. Had the Texas and Pacific paid the tax it would have amounted to \$128,423, and the International and Great Northern to \$63,138.

Largest Dynamite Explosion.

Port Said.—The wreck of the British steamer Chatham, which was sunk in the Suez canal September 6, in order to prevent the explosion of a large quantity of dynamite which formed a part of her cargo, while the ship was menaced by flames, was blown up Thursday morning. It is believed the whole of the Chatham's cargo was destroyed. The explosion was felt at Port Said, fourteen miles away.

Contract to Build Railroad.

Fort Worth: A contract has been let to McCarthy Miller Construction company to build the Chicago, Weatherford & Brazos Valley road. It will run from Weatherford, on the Texas and Pacific, to Bridgeport on the Rock Island. The company expects to extend the line from Weatherford to Glenrose and Granbury to connect with the Frisco. Weatherford gave a bonus of \$65,000.

Confessed to Uxoricide.

Chicago.—Jacob Hart, who is without legs, dragged himself into the court of Judge Barnes and confessed that he shot and killed his wife, Marie, June 15, 1905. He accused her of being too friendly with other men and when she refused to explain where she had been the night previous he drew a revolver and shot her. He also shot himself in an attempt to commit suicide, but he recovered.

MANILA'S DEADLY TYPHOON.

Much Property Destroyed and Many Lives Lost.

Manila, Sept. 30.—Reports are now coming in from places along the path of the recent typhoon and in the island of Luzon and in the Southern Islands they indicate great loss of life and property. In the waters surrounding Samar and other islands, many coasting vessels and island transports have been wrecked and twenty-four natives were drowned.

At the town of Sorosogon, fifteen natives were drowned. The loss to hemp plantations is estimated at \$1,000,000. The army transport John Rodriguez is ashore at Legaspi. In the interior of the Island of Samar thousands are homeless, and the same report comes from many other small islands. The army posts in the Southern Islands have been destroyed. The authorities are rushing aid to the suffering people in the form of supplies of food and shelter.

Bomb Thrown in New York.

New York: A bomb filled with dynamite and a quantity of inflammable oil was thrown at the rear of a crowded tenement house on Eighth avenue and One Hundred and Forty-third street early Friday. More than a score of persons who were sleeping at the time were hurried from their beds by the explosion and two of them were carried from the house unconscious.

Within a minute after the explosion flames nearly enveloped the rear walls of the tenement house. The police believe "black hand" Italian assassins threw the bomb. The object of the attack was the rear door of an Italian barber shop on the ground floor.

PLEA OF GUILTY.

Man Without Legs Comes to Court and Submits His Case.

Chicago, Ill.—Jacob Hart, who is without legs, dragged himself into the court of Judge Barnes yesterday and whispered to Assistant State's Attorney Barbour that he was anxious to enter a plea of guilty to a charge of murder. Mr. Barbour explained to Hart the seriousness of such a plea and that the Court had the power to inflict severe punishment for it. The crippled defendant, however, said he understood his position and the plea was allowed to be entered. Sentence will be imposed in his case Friday.

MEN ELECTROCUTED.

St. Paul.—Jesse Donahue of Minneapolis and Harry Ripson of Cuba, Mo., members of a gang of telephone linemen constructing a line between St. Paul and Stillwater, were electrocuted yesterday. Ripson was at the top of the pole holding a measuring tape, while Donahue was on the ground holding the other end. The tape line was of linen, but had running through it two slender wires. It came in contact with a heavily charged power cable and both men received the full force of the current, killing them instantly.

JEWISH NEW YEAR.

Preparations for General Celebration of Rosh Hashona by Jews.

Dallas, Tex., Sept. 29.—Beginning at 6 o'clock Tishri, the first month in the Jewish calendar, will have begun and it will have been, according to the reckoning of the Hebrews, 5,666 years since "God created the heaven and the earth." Those of the reformed faith will observe Saturday as Rosh Hashona, or the first day of the year. The orthodox congregations, however, will begin the celebration of the new year at 6 o'clock this evening and continue the celebration through Saturday and Sunday.

STEAMER BLOWN UP.

Wreck of Dynamite Vessel in Suez Canal is Destroyed.

Port Said.—The wreck of the British steamer Chatham, which was sunk in the canal Sept. 6, in order to prevent the explosion of a large quantity of dynamite, which formed a part of her cargo, while the ship was menaced by flames, was blown up this morning.

The explosion was tremendous, and the enormous displacement of water was visible from a point five miles distant, whence the operations of blowing up the vessel were conducted. It is believed the whole of the Chatham's dangerous cargo was destroyed.

Bengalis Resent Division.

Calcutta: Fifty thousand Bengalis assembled at the Temple Kalighat and swore by the goddess of Kali to boycott British goods as a protest against the partition of the province of Bengal. The administrative work of the province, according to the views of the home office, has grown to such unwieldy proportions as to necessitate the division of the labor, hence the partition of the province.

Similarity of Day and Lifetime.

Life for a day is but an epitome of a lifetime. We wake in the morning with no knowledge of where our souls have been wandering while the senses sleep; with fresh vigor and interest we enter upon the occupations of our daily work and fulfill our duties with an energy that begins to fail as the evening shadows lengthen; as darkness deepens weariness comes upon us and at last we are glad to lay aside our work and cares and to surrender ourselves to the sleep that spirits our souls back again into the unknown.

ACCORD IS SIGNED.

Francisco-German Negotiations on Moroccan Conference Terminated.

Paris, Sept. 29.—Premier Rouvier and Prince von Radolin, the German Ambassador, today signed the Franco-German accord concerning the Moroccan Conference, thus definitely terminating the difficult negotiations.

The principal text of the Franco-German accord is the subject of Morocco to which it refers as follows: "The negotiations between France and Germany concerning the program for the Moroccan Conference have been terminated. Accord is reached on a program comprising the organization of the police, the regulation and repression of contraband arms, financial reforms, consisting principally of the organization of a State bank and also the best means of collecting duties, and the creation of new means of revenue and also the determination of principles destined to safeguard the economic liberty of Morocco."

The agreement thus makes a special reservation of the frontier region between Algeria and Morocco, where the maintenance of police will be regulated directly between France and the Sultan without submission to the conference. The regulation of contraband in the same region also remains for France to determine with the Sultan.

WALL STREET EXCITEMENT.

Large Industries Will Remove Their Employes Beyond Reach of Temptation.

Chicago, Ill.—Because their clerks and officials are affected by the Wall street speculation fever a number of large industries are to move their general offices from New York to Chicago, according to reports circulated, with the announcement that the \$400,000 American Steel Foundries corporation will make such a change next month.

Wm. V. Kelly, president of the concern, said yesterday that temporary quarters had already been rented in the Tar Building for the general offices of the company. Mr. Kelly would not discuss the report that the removal was due to the influence of Wall street excitement upon employes with responsible duties.

ANOTHER HOTEL FOR CHICKASHA.

Business Men to Build \$60,000 Structure.

Chickasha, I. T.—An important movement was set on foot today when several of the wealthiest and most influential business men practically entered into an agreement to build a \$60,000 hotel in Chickasha. There has been considerable talk of this matter for some time, though but little publicity has been given to the project. It is thought the purpose of keeping the matter quiet was to get hold of a suitable site for the building. This has now been satisfactorily settled. As soon as the matter was brought to light the offers of subscriptions came in at a \$5,000 and \$10,000 clip.

JEWISH NEW YEAR.

STEAMER BLOWN UP.

Wreck of Dynamite Vessel in Suez Canal is Destroyed.

Port Said.—The wreck of the British steamer Chatham, which was sunk in the canal Sept. 6, in order to prevent the explosion of a large quantity of dynamite, which formed a part of her cargo, while the ship was menaced by flames, was blown up this morning.

The explosion was tremendous, and the enormous displacement of water was visible from a point five miles distant, whence the operations of blowing up the vessel were conducted. It is believed the whole of the Chatham's dangerous cargo was destroyed.

Bengalis Resent Division.

Calcutta: Fifty thousand Bengalis assembled at the Temple Kalighat and swore by the goddess of Kali to boycott British goods as a protest against the partition of the province of Bengal. The administrative work of the province, according to the views of the home office, has grown to such unwieldy proportions as to necessitate the division of the labor, hence the partition of the province.

Similarity of Day and Lifetime.

Life for a day is but an epitome of a lifetime. We wake in the morning with no knowledge of where our souls have been wandering while the senses sleep; with fresh vigor and interest we enter upon the occupations of our daily work and fulfill our duties with an energy that begins to fail as the evening shadows lengthen; as darkness deepens weariness comes upon us and at last we are glad to lay aside our work and cares and to surrender ourselves to the sleep that spirits our souls back again into the unknown.

BANK IS VICTIMIZED.

Bogus Check for \$300,000 Presented and Securities to the Value of \$360,000 Obtained.

New York, Sept. 29.—The details of a scheme whereby a prominent local financial institution was recently victimized by a clever forger came to light today.

The forger presented a bogus check bearing the name of a well-known stock exchange firm and received in return securities valued at about \$360,000.

The name of the institution is not disclosed, but it is believed to be a prominent bank operating in the financial district.

Pearl & Co., stock brokers at 127 William street, recently negotiated a one-day loan for \$300,000 with this institution. On Wednesday a check for the amount of the loan, plus \$37.50 for the one day's interest, was presented at this bank by a stranger, who received the security deposited by Pearl & Co. for their loan. The bank on which the check was drawn is one with which Pearl & Co. never had an account, so the forgery was not discovered until the check had passed through the Clearing House Exchange, when it was promptly branded as fictitious. A private detective agency was called in and transfer of the securities was at once stopped.

FALL FROM RAILWAY TRAIN.

This or Being Struck Causes Death of W. Louis Robinson.

Fort Worth, Tex.—W. Louis Robinson was found dead at Birds Siding, south of this city on the Santa Fe road, about noon today. He was about 23 years of age. Justice Terrell held the inquest, his conclusion being that he in some manner fell from a railway train or was struck by one, receiving injuries which produced death. He is thought to have been on his way to Austin, where he is said to have relatives. A boy named Henry Bond identifies Robinson as the man he saw on a northbound Santa Fe train when the accident happened. The boy's nose was broken and he appeared to be badly bruised. He states that the father of the deceased lives near Cleburne.

ENTIRE FAMILY KILLED.

Throats of Mother, Two Boys and Two Girls Cut.

Wharton, Tex., Sept. 29.—Sheriff Koehl is in receipt of a telephone message from Judge Guy Mitchell, County Judge of Jackson County, to get Sgt. Lincoln at the State convict camp here to come to Edna on the first train and assist in investigation of a murder that occurred there last night or this morning, about two miles from Edna.

No particulars can be learned here, as nothing is known at Edna except that an entire family, composed of one woman, two girls and two boys, were murdered.

SHAW TALKS TO THE BANKERS.

Cleveland, Ohio.—The address of Secretary of the Treasury Leslie M. Shaw was the feature of the session today of the convention of the Ohio Bankers' Association. He urges that a more elastic currency system be adopted. He said: "The fact, and I think it is a fact, that the United States has the best currency system in the world, does not imply that the currency system of the United States is perfect or that it can not be improved. It is as safe as any system in the world, because it is established on the only safe basis known to man—the gold standard. It is the most convenient system in the world, because it is constructed on the decimal or metric system. It is not necessary to carry a lightning calculator in order to make a change. The system is not perfect, largely because it is non-elastic."

THE FIRST REQUISITE.

Many of the world's best inventions have been accidental in a great measure. Most of the other revolutionary discoveries in all fields have come from a carefully studied meeting of conditions with a carefully studied solution of the problem. The monumental failures in the world of inventions have come about through the inventor's allowing himself to forget the first principle of the necessity for his appliance in his abstracted determination to "make things work."

NOTICED IT.

A Young Lady from New Jersey Put Her Wits to Work. "Coffee gave me terrible spells of indigestion which, coming on every week or so, made my life wretched until some one told me that the coffee I drank was to blame. That seemed nonsense, but I noticed these attacks used to come on shortly after eating and were accompanied by such excruciating pains in the pit of the stomach that I could only find relief by loosening my clothing and lying down. "If circumstances made it impossible for me to lie down I spent hours in great misery. "I refused to really believe it was the coffee until finally I thought a trial would at least do no harm, so I quit coffee in 1901 and began on Postum. My troubles left entirely and convinced me of the cause. "Postum brought no discomfort, nor did indigestion follow its use. I have had no return of the trouble since I began to drink Postum. It has built me up, restored my health and given me a new interest in life. It certainly is a joy to be well again." Name given by Postum Co., Battle Creek, Mich.

Cattle Quarantine.

Austin, Texas.—Live Stock Sanitary Commissioner M. M. Hankins, Quarantine R. J. Kieberg, Kings Ranch, and W. J. Moore, San Antonio, formulated the usual cattle quarantine regulations which the Governor makes effective Oct. 1 by a proclamation issued today. The quarantine line is made to conform to the National line, which has been changed so as to place about half of Pecos County north of or above the line.

Called It Dept. of Honor.

A medical man in France was asked to be present at a duel in his professional capacity. He got up early, traveled some miles, "dressed" the swords and ministered to his client, who was slightly wounded. When both honor and wound were healed, he looked for his fee and sent in a bill for 50 francs (\$10). The patient replied through his wife, who wrote: "I am told that between men there is a question of delicacy which forbids even the slightest appearance of trade in such a matter. Neither the doctors nor the seconds are brought on the ground for money. If you persist in your claim I shall, to my great regret, be obliged to leave to others the duty of settling this fine point with you."

In a sleeping car those of low birth are generally the first to rise.

When aman goes to the race track he always tells his wife he was at a directors' meeting unless he won.

The strike of a submarine mine always increases the wages of snuff.

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in 1/2-pound packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-oz. package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 oz." Demand Defiance and save much time and money and the annoyance of the iron sticking. Defiance never sticks.

NOT A PIPE DREAM.

Oil—some kinds—are conveyed by a system of pipe lines, but the Oil that makes all other Oils insignificant is conveyed in bottles. It's Hunt's Lightning Oil, and its mission is to cure your sprains, cuts, burns, bruises, aches, and pains—and it does it.

When a woman wears a new gown on the street she wonders how she can let the world know of it without telling it.

Marie Antoinette Fond of Cards.

Marie Antoinette was a slave to cards. On one occasion she played for thirty-six hours at a sitting, with but an intermission of a couple of hours. "The play at the queen's table at Fontainebleau," wrote the Emperor Joseph II, "was like that in a common gambling-house; people of all kinds were there, and mingled without decorum; great scandal was caused by the fact that several of the ladies cheated."

The Pity of It.

A certain lady of wealth, living in the north of Ireland, was recovering from a serious illness and one morning called for an egg, which she ate, with much enjoyment. As she passed back the cup and plate to her nurse, she said: "An egg is a delicious thing. Then with much melancholy, "What a pity," she added, "it is so common among the poor."—London Globe.

Swindled the Czar.

Early in his reign, a Russian czar caught a bad head cold, and asked a humble subject how this annoying ailment could be cured. The advice given was that he imperial nose should be accompanied at night with tallow from a common candle. Years rolled on, and one day, by mere accident, the czar had the chance of looking through a book of household expenditures, and was amazed to find he had been charged for a pound of tallow candles every night since.

The Dog and His Friends.

This little anecdote is a standing joke on one of the best known mathematic professors in Dartmouth college. One day during a recitation in trigonometry a little black dog strayed into the room. The professor suddenly looking over his glasses saw the dog, and, thinking he would make a little fun, said: "Take that dog out of here. There's dogs enough here now." A fellow in the front seat got up and giving the dog a kick out of the door, said: "Get out of here, you, one pup's enough."

Apples Long a Food.

The apple has been eaten by man longer than any other fruit. The lake dwellers of Switzerland used to preserve apples by cutting them lengthwise, and drying them in the sun. The remains of these dried apples, so large as to be evidently a cultivated variety, have been found among the piled propert ruins of the island dwellings of this ancient race.

Hope is the Best Medicine.

We know physicians who give very little medicine, and yet they are singularly successful because they have sunny souls. They always radiate brightness and good cheer. They know that it is hope, more than drugs, the patient needs, that it is encouragement and not dishonouring discouragement that helps him to recover. They give him every bit of hope and encouragement and good cheer possible, for they know that these are more effective remedies than are to be found in the pharmacopoeia.—Success.

French Women Not Beautiful.

"I have seen many women in France," says an observer, "who in England or America would be called plain, but who are commonly spoken of as la belle Mme. A. or B. They have no beauty whatever beyond that of their own making. In France the idea of a plain girl would be laughed at. Yet French women are not as a rule what is called beautiful. They only know the value of a sweet expression and a little taste in dress."

A DESPAIRING WOMAN.

Weak, Nervous and Wretched from Wasting Kidney Troubles.

Mrs. Henry A. Beamer, Main and Garret sts., South Bend, Ind., says: "I was ailing. I was losing my hair. I was so weak I could hardly drag myself across the room. I was wretched and nervous, and had headache, bearing-down pain, dizziness, faintness, and weak eyes. Dropsy set in and bloating of the chest choked me and threatened the heart. I had little hope, but to my untold surprise, Doan's Kidney Pills brought me relief and saved my life. I shall never forget it."

NOT EXACTLY A COMPLIMENT.

Why Bus Driver Had Given Up Hope of Friend's Recovery. A medical man humorously relates the following little experience, admitting that he "didn't think it particularly funny at the time." The driver on a bus which he had jumped happened to mention the name of one of his patients: "It's a bad job about poor Bill X, ain't it, sir?" "Yes," returned the doctor. "Very serious case. You know what I mean?" "Know him," echoed the driver. "We went to school together. Poor Bill! I shall miss him!" "O well, while there's life there's hope y' know," said the doctor. "Your friend isn't dead, yet?" "I wish you'd say so," gloomily returned the driver. "But I heard they called you in this morning. Poor Bill!"

The Hard to Marry.

A crook, who had married and tried to settle down and lead an honest life, was riding in a street car when he felt a slight tug at his stud. Without turning his head he looked down and saw a busy driver on a trolley work at his shirt front. He at once worked his right hand behind his back and took the other fellow's watch. When he had it securely in his pocket he turned around and said: "Say, Bill, I was in the same line myself not long ago."—New York Sun.

Cured Her Rheumatism.

Deep Valley, Pa., Oct. 28.—(Special.)—There is deep interest in Green county over the cure of the little daughter of I. N. Whippley of Rheumatism. She was a great sufferer for five or six years and nothing seemed to do her any good till she tried Doan's Kidney Pills. She began to improve almost at once and now she is cured and can run and play as other children do. Mr. Whippley says: "I am indeed thankful for what Doan's Kidney Pills have done for my daughter; they saved her from being a cripple perhaps for life."

Doan's Kidney Pills have proved that Rheumatism is one of the results of diseased kidneys. Rheumatism is caused by Uric Acid in the blood. If the kidneys are right there can be no Uric Acid in the blood and consequently no Rheumatism. Doan's Kidney Pills make the kidneys right.

Health Hint.

"Sir," says the lady with the long nettle to the gruff old doctor, "I do not appreciate the way in which you speak to me, as if I were one of the common herd. And you have kept me waiting for an hour. I wish you to know that I have blue blood in my veins."

There are more foot pounds in a mile's heels than in a little cat, but they can't do as much.

Interesting to Students.

The schools and colleges are now open for the fall term, and there will be many self-reliant young men and women who will be looking for a good way to earn their expenses. The Four-Track News, the great illustrated monthly magazine of travel and education, appeals to intelligent readers, and students will find it easy to secure subscriptions for it. The terms to persons soliciting subscriptions are extremely liberal, and offer a very generous margin of profit. If you will pay any one interested to write to the publisher, George H. Daniels, 7 East 42d street, New York, for full particulars.

SUBSCRIPTION \$3.00 PER YEAR.

A Prize of \$5.00.

will be given by the First National bank of Portales, to the farmer who can give the most practical and profitable plan, in writing, as to what can be done with 160 acres of Roosevelt county land.

Take, for example, a man of family with \$500.00 in cash, a team, a wagon, two cows and the 160 acres of land which has cost him only \$16 his filing fee.

All letters must be addressed to the First National bank, must be in by the first day of November and must contain not more than a thousand words.

A committee of three disinterested persons will examine the letters and decide which is best. The prize will be awarded accordingly.

BUILDING UP TRADE.

Commenting on the havoc the mail order houses are playing with the trade of the country stores, the editor of Hardware Trade says: "The catalogue houses have built up their trade by the use of pictures and by advertising prices, making low prices on goods with which the consumer is well acquainted and getting the profit back on other lines which the consumer does not know so well. To meet this competition the country merchant must use the same methods as the catalogue. He must advertise; he must give prices in his advertisement and he must use illustrations whenever possible. Were it not for the pictures in the catalogues the retail catalogue houses would not sell one half the goods they do."—Roswell Record.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for cough, colds and croup it is unsurpassed. For sale by Pearce & Dobbs.

To the Public.

Dr. Burrows and Ewel Smith are going to have a first-class threshing machine at Portales as soon as it can be delivered, to thresh milo maize, Kaffir corn, beans, peas, millet, etc. with a shredder combined.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Pearce & Dobbs.

Now Will You go!

The Campbell Bros big circus is coming to Portales on Tuesday, Oct. 17. This is the only point in this vicinity where they will exhibit this season and the opportunity to witness it should not be missed. In fact, this is the only big show that will be anywhere near Portales this year. It was at first doubtful if trackage could be secured here for their immense trains, but the railroad company guarantees it and their coming on Tuesday, October 17 is now an assured fact. The consolidation of these big shows this year is something unheard of, two big shows at one price of admission, two menageries, two museums, and two performances given, all in one. The railroad will give special excursion rates and the schedule of trains will be so arranged that no one will miss the street parade which takes place at 10 a. m.

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tillamook, Ontario, Canada. For sale by Pearce & Dobbs.

Seed Wheat From Kansas.

AMARILLO, TEX., Sept. 8, 1905.—In order to give the farmers in the territory to our lines the best possible advantage in securing their seed wheat for this season's planting, I have arranged for the publication of one-half the carload rate on all less than carload shipments of seed wheat from any points on the A. T. & S. F. Ry. to all points on system lines under the jurisdiction of this office, and it has also been agreed that the rates will apply in Oklahoma, Woodward and west. It should be specially understood that this concession will be made only on less than carload shipments. Any one desiring to secure seed wheat under this arrangement can get supply from following parties:

The Rock Mill & Elevator Co., Hutchinson, Kan.; Farmers Cooperative Association, Sterling, Kansas; A. A. Iken, St. John, Kansas; Nessly & Rucker, Mulvane, Kansas; Knox & Down, Belle Plaine, Kansas. A. L. CONRAD, Traffic Manager, Pecos Valley Lines.

How to Cure Corns and Bunions.

First soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by Pearce & Dobbs.

Those of our readers who, in addition to their home paper, want a NATIONAL news and family journal, are advised to subscribe for the ST. Notice to Shippers.

Beginning Saturday, August 26th and continuing thereafter on every Monday and Saturday up to and including December 23rd, 1905, we will run regular stock trains for Kansas City, St. Joseph and Chicago markets on the following schedule:

Table with columns for destination, time, and day. Includes routes to Hereford, Canyon, Amarillo, Washburn, Panhandle, Pampa, Miami, Canadian, Higgins, Shattuck, Gage, and Wellington.

On arrival at Wellington or Emporia shipments that cannot make destination within the 28 hour limit will be unloaded for the required feed, water and rest as provided for by U. S. Government regulations. They will be reloaded in St. Joseph and Kansas City and in P. M. markets on the following day.

These trains are intended to take care of the small shipments which would otherwise have to be handled on way freight trains, but on account of the necessity of gathering these shipments all along the line we cannot guarantee the above schedule at all times. We will continue to handle trainload shipments, with proper notice, on any day of the week as suits the shipper.

Shippers will file orders for cars at least three days before date on which they intend to load, and longer notice should be given whenever possible.

A. L. CONRAD, Traffic Manager.

A Living Monument.

If we were to assemble all those who have been cured of heart disease by Dr. Miles' Heart Cure, and who would to-day be in their graves had not Dr. Miles' been successful in perfecting this wonderful heart specific, they would populate a large city. What a remarkable record—a breathing, thinking, moving monument, composed of human lives,—that for which every other earthly possession is sacrificed. The Miles Medical Co. receive thousands of letters from these people like the following: "I feel indebted to the Dr. Miles' Heart Cure for my life. I desire to call the attention of others suffering as I did to this remarkable remedy for the heart. For a long time I had suffered from shortness of breath, after any little exertion, palpitation of the heart; and at times terrible pain in the region of the heart, so serious that I feared that I would some time drop dead upon the street. One day I read one of your circulars, and immediately went to my druggist and purchased two bottles of the Heart Cure, and took it according to directions, with the result that I am entirely cured. Since then I never miss an opportunity to recommend this remedy to my friends who have heart trouble. In fact, I am a traveling advertisement for it, and am widely known in the locality. J. H. BOWMAN, Manager of Lebanon Democrat, Nashville, Tenn. Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.
