It has been raining in this county steadily for the past three days, one of those old fashioned drizzle-drozzle showers which we remember of seeing back in the states. The ground is in fine condition and the farmer smiles a smile which laps several inches back of his neck.

Last week some unscrupulous scamp, with malice in his heart and a vacuum in his cranium without the slightest reason or excuse, deliberately cut in the traces of a new harness belonging to W. K. The young couple arrived in Portales Thursday night and will make Portales their home in future. The Times joins their many friends in wishing them a long and prosperous journey through life.

The Death of Judge Hunt.

Judge Hunt was born in San Augustine county, Texas, Feb. 22, 1844, he spent his boyhood and youth on his father's farm. When the war between the states broke out he was one of the first to cast his fortune with the stars and bars. His company was assigned to duty in the first Texas Regiment and sent to Virginia and was a part of Hood's old brigade and followed Stonewall Jackson. That brigade made its mark on every battlefield during the four years of conflict. No troops in the southern army fought with more courage than Judge Hunt's regiment.

When their yell was heard from the strong throats of the Texas boys the enemy knew that work was to be done. Judge Hunt served through the war with Stonewall Jackson always maintaining that bold courage that made the name of Jackson a terror to the enemy. After the war he, like thousands of other southern boys, went home to work out his destiny. Foot sore and weary he returned with nothing left but that true manhood that made him a real confederate soldier.

Judge Hunt was a man of bold open disposition that made him impregnable to an open attack, but was always open to the insidious attack of a sly and villain. The Bedford Forest Camp of U. C. V. passed the following resolutions:

Whereas, according to the unknown laws of nature our comrade and brother has left us here and crossed the dark river.

Therefore resolved, that in his departure we have suffered a loss that we can't replace, that in our meetings there will be an empty chair and a vacant seat that no one else can fill. But we have the memory of his manly life, in peace or war left us, which we will keep and cherish until we have to go. The muster roll of the First Texas gives a brand of nobility that is a passport to all that is good in this life and the life to come.

H. F. JONES, F. L. SMITH, Committee.

Fort Worth & Denver Change of Train for Winter is announced.

After October 14, under a readjustment of the schedules for the winter season, the Fort Worth & Denver City railroad trains Nos 7 and 8 will be operated between Fort Worth and Dalhart, Texas, only, instead of being carried through to Denver as heretofore. Under these new conditions these trains will operate Pullman sleepers between Ft. Worth and Amarillo, maintaining close connection with the Peecos Valley Railroad and other lines connecting at that point and intermediate junctions.

This service in being established through to Dalhart is eighty miles greater than has been afforded during previous winter seasons, but is at present justified through the immense increase in the local as well as through travel to the Dalhart-Amarillo country by the influx of homeseekers and prospectors.

It is the policy of the Denver road to facilitate the further growth of that section of the country as much as possible by giving the homeseeker and prospector an excellent train service to Dalhart, which connects with the Rock Island for points east and west.

It also gives Dalhart somewhat of a precedent as a growing city. The distance from Ft. Worth to Amarillo, the terminus of this train in former winter seasons, is 335 miles and from Ft. Worth to Dalhart the present terminus of the run, is 416 miles.

## PORTALES AND INLAND VALLEY

In Roosevelt County, New Mexico.

### PORTALES.

PORTALES, the county seat of Roosevelt county is a town of 1200 or 1500 inhabitants near the center of the county, and in the heart of the famous Inland Valley. All lines of business common to a live western town are found here. We have several general merchandise and three drug stores, three coal and grain stores, two good, strong banks, 3 lively stables, local and long distance telephones and a good public school building. Our school is conducted by a corps of seven excellent teachers and runs about nine months each year. We have just completed a splendid stone court house and are now at work on a good stone jail and arranging to commence a \$25,000.00 school building which is urgently demanded by our rapidly developing town and county.

### INLAND VALLEY

Is a broad valley about 100 feet lower than the surrounding plains country and is from six to twelve miles wide by forty to fifty miles in length.

Water of excellent quality and in inexhaustible quantity is found throughout this valley at from six to forty feet deep. In town and the larger portion of the country it is only 16 feet deep. We had a test made here of our water supply in 1903 with a 14-horse power gasoline engine and a rotary centrifugal pump on an ordinary well in town and it furnished water to run pump at its full capacity of 600 gallons per minute for several hours. So we have the greatest opportunities for cheap irrigation by pumping to be found anywhere.

Roosevelt County is located on parallel 34 of north latitude and is on the west line of Texas. Organized in 1903, population 5000, contains 90 townships of 36 sections each, fine agricultural and grazing land, two railroads running diagonally across the country with a total mileage of about 125 miles in the county, 12 railroad stations and 20 postoffices.

Precipitation. The weather record shows a rainfall for ten years varying from 18 to 25 inches, an average of about 21 inches. No floods or cyclones, the rains are showers without long periods of cloudy weather.

Climate and Health. This medium altitude of 3600 feet and protected as we are on the north and west by the mountains which shield us from the blizzards so common in Northern Texas Panhandle and Kansas, gives us a very fine climate, both in summer and winter; as our altitude puts us entirely above all material atmospheres and gives us delightfully cool nights in summer. People coming here from the north and east for asthmatic or lung troubles who have sufficient vitality left to take food and exercise improve rapidly and soon regain their health. If the thousands of people in the crowded districts of the east who are suffering from these troubles could realize the true conditions here, this country would soon be filled with this class alone, for what is your money or business worth to you without health. A moral, peaceable citizenship prevails; wholesome laws, good schools (exclusively white) and representatives from the various states of the union.

Crops of wheat, oats, rye, millet, corn, maize sorghum, alfalfa, melons of all kinds, onions, potatoes, small and orchard fruits are successfully grown without irrigation. This year (1905) we have very fine crops of Indian corn, ranging from 25 to 40 bu. per acre. The few apple orchards which have come into bearing have produced fine fruit of excellent quality. Many of our agriculturalists believe that our standard money crops here will be apples and alfalfa as soon as orchards can be developed and alfalfa fields can be seeded. Some alfalfa sown this year has been cut three times without irrigation. Onions have been raised here by irrigation at the rate of 800 bu. per acre and shipped to distant market, netting the raiser 90c per bu. Sweet potatoes at the rate of 300 bu. per acre, Irish potatoes as fine as the famous Greeley potatoes of Colorado are grown here, some as large as a quart cup; watermelons weighing from 40 to 80 pounds can be grown here at the rate of a car load per acre. There is scarcely to be found anywhere another location equal to Inland Valley for general farming and certainly not a place to be found anywhere that will equal it for a health resort.

Are you satisfied with your present location? Do you want something better? Do you want a home that hundreds of people have availed themselves of the opportunity, will testify from actual experience, as good as can be found anywhere on God's footstool? There is a glad hand extended to you from every prosperous family in Roosevelt county. Come and help us possess this goodly land.

## Your Life Current.

The power that gives you life and motion is the nerve force, or nerve fluid, located in the nerve cells of the brain, and sent out through the nerves to the various organs.

If you are tired, nervous, irritable, cannot sleep; have headache, feel stuffy, dull and melancholy, or have neuralgia, rheumatism, backache, periodical pains, indigestion, dyspepsia, stomach trouble, or the kidneys and liver are inactive, your life-current is weak.

Power-producing fuel is needed; something to increase nerve energy—strengthen the nerves.

Dr. Miles' Restorative Nerve is the fuel you need. It feeds the nerves, produces nerve force, and restores vitality.

"When I began taking Dr. Miles' Restorative Nerve and Anti-Pain Pills I was confined to my bed. I had severe nervous spells, the result of two years illness with malaria. I gradually grew so weak that I was unable to sit up. The spells would commence with cold chills, and I would become weak and almost helpless. My circulation was poor. I had doctored right along but grew weaker and weaker. The Nerve seemed to strengthen me right away and my circulation was better. I have taken in all seven bottles of the Nerve, and I am entirely well."

ROSA E. WEAVER, Stuart, Ia.  
Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Miles Medical Co., Elkhart, Ind

No Poison in Chamberlain's Cough Remedy.

From Napier New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines made in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by Pearce & Dobbs.

# Eight Victims to a Cyclone

## The Breath of the Furies Bring Death and Desolation in Oklahoma.

Mountsview, Okla., Nov. 5.—Saturday evening at 4:30 a cyclone visited this city ploughing a track through everything that came in the way. Soon after it had passed over darkness came down on the scene of havoc and terror, leaving a suspense of agonizing doubt and hope. At daybreak Sunday morning the scene of the storm presented a picture of utter desolation. The pathway of the cyclone is about 100 yards wide and only one mile long, but in this small area the havoc was so great that the Farmers' Gin, with its heavy and massive timbers, is a complete wreck. It was in this building that J. S. Barkley, employed as packer in the gin, was crushed to death. His body was found pinned under the debris near the press, his head and shoulders crushed into the ground.

The Barkley home, which was near the gin was carried about 200 yards to the Shaw feed yard, where it was dropped. Mrs. Barkley was found imbedded in the mud of the street, her head and face covered with wounds, which will probably prove fatal.

The residence of Jessie Morris, near the Barkley home, was also destroyed.

Mrs. Morris and two small children were covered by the debris, but unhurt.

Further to the northeast was the Shaw feed yard, where five horses were crushed to death.

Adjoining the feed yard was the Hulme home, where Mrs. Hume and her brother, Frank Clark, were found dead.

The North Side Hotel near this point is a mass of brick and timbers. Directly east in the edge of town is the wreck of a carriage, in which seven members of the Hollis family, who were just leaving town, was struck by timbers. J. E. Hollis, Joe T. Hollis, Ed Hollis and John Gordon were severely injured by flying timbers from the gin. Ed Hollis is thought to be fatally injured, as portions of the splintered timbers penetrated his body.

The Coker livery barn, in which were over twenty horses, is a total wreck, but none of the horses were killed. The large two-story schoolhouse was lifted straight up in the air, turned completely over and crushed down upon the roof just beside the fountain. The Methodist Church is also a complete wreck. The other church, which was used as a school building, was totally destroyed.

Many residences were unroofed and the sides of some houses were crushed in.

The number of wounded will reach thirty, with three almost certain to be fatal.

Complete list of the dead are: W. T. White, J. S. Barkley, Mrs. Jennie Jones, Mrs. W. M. Holt, Two Holt Children, and Frank Stark. No damage was done outside of the town.

**D. M. Wisdom Dead.**  
Muskegon, I. T.: Col. Dewey Moore Wisdom died Saturday night in this city. Col. Wisdom was in the Confederate Army, being Colonel of the Thirtieth Tennessee Regiment, and was wounded twice in the battle of Shiloh. Since coming to Muskegon fifteen years ago Col. Wisdom was appointed chief clerk of the Union Agency here, afterward being appointed by President Cleveland United States Indian Agent at the same agency.

**Scalded to Death by an Engine.**  
Galveston: After four hours of terrible agony Fireman Henry C. Hans of the Southern Pacific Railroad, died Sunday night as the result of scalds received from an overturned engine. Engineer Wm. T. Sick of Houston also sustained some burns, but these were not serious. Two negro passengers were slightly injured. The accident occurred as the train was rounding a curve on Twenty-Seventh street, within the city limits.

**Southern Pacific Extension Rumor.**  
Guadalupe, Mex.: It is rumored that the Southern Pacific, which is now preparing to build a line from Guadalupe to this city, will not stop at Guadalupe, but will continue into the City of Mexico. A concession for the line between Guadalupe and the City of Mexico, it is said, will be asked for within a short time. These plans will mean a through trunk line from Portland, Ore., San Francisco and Los Angeles, Cal., to the Mexican capital.

**Farmers are contributing to a fund to build a cannery factory in Cleburne.** Farmers in different sections of the county are taking stock and it is hoped to soon have the required amount subscribed.

**A move is on foot at Terrel to start a State bank, the capital stock of which is to be \$100,000.** The names of the promoters have not been made public.

**J. S. Bowden, living about seven miles south of Willis Point, was found dead by the roadside at Allan's Creek, three miles south of town, at an early hour Sunday morning.** Parties have been arrested and are being held pending the grand jury's investigation.

**Piano, after completing two miles of pipe road south of the city, is manufacturing her principal business streets with the same class of gravel by private subscription.**

# PERMITS IS FEARFUL

## POPULATION GONE W.D.

Massacre and Pillage in All Russia's Large Towns.  
Odessa, Nov. 4.—On yesterday, the fourth day of the terror, the peaceful population is practically under a state of siege. Even the markets and restaurants are closed and it is impossible to get bread or meat. The mob pillaged a number of Jewish shops in the main street and among others the biggest wholesale grocery, that of Rakniovitch. The rioters also burned three factories and killed a physician and two assistants who were dressing wounds.

Yesterday evening the rioters pillaged the biggest dry goods store in the city. The loss in this case is estimated at \$175,000. A hardware store was also looted, involving a loss of \$100,000.

A dispatch from Kisineff says: A horrible massacre has occurred here. Hundreds have been killed. All the hospitals, pharmacies and hotels are full of wounded and mutilated persons.

A telegram from Nicolaiett says: The whole town is in the hands of the bandits, who have been devastating the Jewish houses and shops and beating Jews to death without the slightest hindrance. The authorities here have similar news from other southern cities.

It would take me without warning, and while the attack lasted I was so lame I could not get around. So I had to send for Dodd's Kidney Pills. I took them for three days, but didn't feel much benefit, but on the fourth day I noticed a great change, the lameness in my back was gone, and the pains I used to suffer were less. I kept on with Dodd's Kidney Pills and now I am glad to say I have no lameness nor pain of any kind. I feel as if I didn't know what Rheumatism was. Hot Biscuits, Griddle-Cakes, Pies and Puddings.

The food that made the fathers strong is sometimes unfit for the children under the new conditions that our changing civilization is constantly bringing in. One of Mr. Bryan's neighbors in the great state of Nebraska writes:

"I was raised in the South, where hot biscuits, griddle-cakes, pies and puddings are eaten at almost every meal, and by the time I located in Nebraska I found myself a sufferer from indigestion and its attendant ills—distress and pains after meals, an almost constant headache, full, heavy sleepiness by day and sleeplessness at night, loss of flesh, impaired memory, etc., etc."

"I was rapidly becoming incapacitated for business, when a valued friend suggested a change in my diet, the abandonment of heavy, rich stuff and the use of Grape-Nuts food. I followed the good advice and shall always be thankful that I did so."

"Whatever may be the experience of others, the beneficial effects of the change were apparent in my case almost immediately. My stomach, which had rejected other food for so long, took to Grape-Nuts most kindly; in a day or two my headache was gone, I began to sleep healthfully and before a week was out the scales showed that my lost weight was coming back. My memory was restored with the renewed vigor that I felt in body and mind. For three years now Grape-Nuts food has kept me in prime condition, and I propose it shall for the rest of my days."

"And by the way, my 2 1/2 year old baby is as fond of Grape-Nuts as I am, always insists on having it. It keeps her as healthy and hearty as they make them." Name given by Postum Co., Battle Creek, Mich. There's a reason.

### A TRULY IDEAL WIFE

#### HER HUSBAND'S BEST HELPER

Vigorous Health is the Great Source of the Power to Inspire and Encourage—All Women Should Seek It.

Opp of the most noted, successful and successful men of this century, in a recent article, has said, "Whatever I am and whatever success I have obtained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Mrs. Besse Ainsley

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, that shadows appear under her eyes, that she has backaches, headaches, bearing-down pains, nervousness, whites, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:

Dear Mrs. Pinkham: "Ever since my child was born I have suffered, as I suppose women ever have, with inflammation, female weakness, bearing-down pains, backaches and nervousness. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed. Lydia E. Pinkham's Vegetable Compound made me well again and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, peace and vitality." Mrs. Besse Ainsley, 811 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every sick and ailing woman.

If you have symptoms you don't understand write to Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

Men think they are in love every time a pretty face fascinates them.

It takes almost too much courage for the average man to refuse his wife a new dress as it does for her to wear the old one.

Those Who Have Tried It will use no other. Defiance Cold Water Starch has no equal in Quantity or Quality—16 oz. for 10 cents. Other brands contain only 12 oz.

Women usually tell a joke in a way that adds now and surprising features to it.

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in 4-pound packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-oz. package it is because he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters on every package in large letters "Demand Defiance and save much time and money and the annoyance of the iron sticking. Defiance never sticks."

### Safety in Proprietary Medicines.

Replying to the charge that certain popular proprietary medicines contain narcotic drugs, an authority says:

"Some years ago one of the leading pharmacists of America, in connection with some official work, undertook to ascertain, by an elaborate inquiry in representative cities of the country, what percentage of physicians' prescriptions contained a narcotic drug of some kind. Out of 100,000 representative prescriptions, dispensed in drug stores in all parts of the United States, it was found that 70 per cent contained opium or some one of its preparations.

"Proprietary medicines are almost invariably accompanied by the most detailed and specific directions for use, while the directions accompanying physicians' prescriptions are generally very brief and sometimes illegible. It is also true that a moderate proportion of proprietary medicines contain any poison or narcotic, and when they do, it is generally in such small quantities or so protected by accompanying antidotes, as to carry with it no danger whatever."

A man may talk a great deal, but it does not always mean that he is as foolish as he seems to be.

Robber Was Generous. A masked robber entered a saloon at Gareille, Siskiyou county, California, the other night, and robbed the fifteen men there at the muzzle of a pistol. Wash in Public Streams. Almost every little stream in rural France has wash houses on its banks, where the women of the neighborhood wash their clothes. They use a great deal of soap and chemicals. These so contaminate the water that the milk of the cows sometimes is poisoned.

The man who tries to console a girl kept from the matinee by the weather, by telling her that the farmers need the rain, needs something himself.

Don't Forget. A little cough may not wear off, but, if neglected, result in that king of terrors, consumption. You can not afford to take chances, especially when a quick and sure remedy like **Dr. Williams' Cough Syrup** is obtainable. It stops the cough right where it's at, and starts you up from there.

An artificial kiss is the kind one woman inflicts on another.

The best way to travel to heaven is on your knees and rest yourself by running God's errands on your feet.

Captain W. S. Graham, 1321 Eoff St., Wheeling, W. Va., writing under date of June 14, '04, says: "I am so grateful I want to thank God that a friend recommended Cuticura Soap and Ointment to me. I suffered for a long time with sores on my face and back. Some doctors said I had blood poison, and others that I had barbers' itch. None of them did me any good, but they all took my money. My friends tell me my skin now looks as clear as a baby's, and I tell them all that Cuticura Soap and Cuticura Ointment did it."

Men pay compliments to other men because they want to appear unselfish.

Told of President Angel. Before President Angel of the University of Michigan reached his present eminence a young hopeful just entering college was recommended to his notice. He took a walk with the lad, who several times endeavored to open a conversation, speaking of the lovely weather, the pleasant walk, etc., the professor answering merely "Yes."

Finally the professor said severely: "Young man, we have been walking together for half an hour, and you have said nothing which was not commonplace and stupid." "True," answered the boy, his wrath passing his modesty, "and you endorsed every word I said." Then they shook hands and went home from the professor that the boy was all right and that they were great friends.

Needs Royal Authority. The London Gazette recently published an official notice that any person who, without proper royal authority, uses in connection with any trade, business, calling, or profession the royal arms or any device, emblem, or title, may be restrained by injunction or interdict from continuing to use the same.

New Honor for Francis. By a unanimous vote of the St. Louis world's fair board of directors, a resolution was adopted urging upon President David R. Art Gift to St. Louis. Charles Parsons, a leading citizen of S. Louis, who has just died, left his magnificent art collection, valued at \$250,000, to Washington university, to be displayed in a fine arts building, to be erected in Forest park, and left an additional sum of \$75,000, the income to be used in caring for the art works.

### Young Palma Studying Railroad.

Jose Estrada Palma, son of President Palma, of Cuba, is making a practical study of the railroad business. Some time ago he went to Mexico and obtained a position as clerk in the auditing department of the National Railroad of Mexico. He performed his work so faithfully and well that he was promoted to the position of assistant city ticket agent of that road in the City of Mexico.

Quartz Vessels Leak. The new quartz vessels, so valuable for their endurance of temperature changes, have disadvantages. They leak at the high temperatures, and Berthelot, using tubes with walls 1-30 of an inch thick, lost a third of the oxygen and a sixth of the nitrogen in one hour at 1,400 degrees C. The sealed-up gases were originally at about air pressure.

Ghostly Signs in Guanajuato. Guanajuato, the ruined city in Mexico, which was destroyed by a cloud-burst, furnishes one of the ghastliest curiosities of the world. In one of the vaults of the Pantheon are preserved many mummies which were dug from the soil. They afford a curious evidence of the natural embalming properties of the earth.

Some men can never be made to understand the fundamental distinction between "getting" money, and earning it.

Best in Existence. "I sincerely believe, all things considered, Hunt's Lightning Oil is the most useful and valuable household remedy in existence. For Cuts, Burns, Sprains and Insect Bites it has no equal so far as my experience goes." G. E. HUNTINGTON, Eufaula, Ala.

Growth in grace is knowledge of God, learning more of him and adjusting your life to what you know.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear, or imperfect hearing, and when it is entirely closed, deafness results, and the inflammation can be taken out and this tube restored to its normal condition, hearing will be restored forever. This cannot be done by local means, but by the use of Deafness (caused by catarrh) cannot be cured by local applications. Send for circulars free.

Take Druggist's Family Pills for constipation. Take Hall's Family Pills for constipation.

The reason we do not have more grace is we are not "big" enough to hold it and God never wastes anything.

Superior quality and extra quantity must win. This is why Defiance Starch is taking the place of all others.

Men are polite or rude according to the standing of the individual they are addressing.

Unlucky Hindoo Babies. The only doctors admitted to the rooms of sick Hindoo women are the women of low caste, who are the most ignorant of nurses, and the result is seen in the appalling number of crippled, maimed and distorted children in India. English women have opened a hospital in North India, where forty Hindoo women are being taught to be physicians, nurses and surgeons.

**IF YOU ARE A WOMAN**

What Mrs. Ford Says Concerning Dr. Williams' Pink Pills Will Surely Interest You.

"I wish I could help other women get rid of certain physical troubles as completely as I have succeeded in getting rid of mine," said Mrs. B. B. Ford, of Puhmataka, Miss., recently. "You know," she continued, "that a woman's health depends chiefly on the regularity of just one function. If she fails to keep that properly regulated she has no end of physical misery. I suffered from that one cause for two wretched years, during one of which I was kept in bed all the time. I tried medicines enough to cure any illness, but nothing gave me the slightest benefit. It was until I began using Dr. Williams' Pink Pills for Pale People. They cured me. Why, I was suffering all the time practically from sickness of the stomach, dizziness or swimming in my head and pain in my back. Now I am entirely free from discomfort of that sort. I am only able to keep on my feet, but to do my work as a teacher, and to enjoy the pleasures that come through the possession of sound health."

"Within three weeks after beginning the use of Dr. Williams' Pink Pills I experienced such relief that I knew they must be adapted to the needs of my case. After using them for a short while longer I became and have since remained a well woman, and the reason why is simply that I took Dr. Williams' Pink Pills."

"These pills make uterine action regular and painless, banish headaches, languor, nervousness, create appetite, promote digestion, put color in the complexion, build up strength and health."

Every woman should send to the Dr. Williams' Medicine Company, Schenectady, N. Y., for a valuable booklet, entitled "Plain Talks to Women." It will be mailed free in sealed envelope to the address of any applicant. Dr. Williams' Pink Pills are sold by all druggists.

Portales Times.

BY H. B. RYHER.

Published as second-class matter August 10, 1903, at the post office at Portales, N. Mex., under the Act of Congress of March 3, 1879.

Issued Saturday of Each Week.

SUBSCRIPTION \$1.00 PER YEAR.

UNITED STATES LAND OFFICE, Roswell, N. M., Sept. 23, 1905.

Notice is hereby given that Township 19 south, range 31 east, has been surveyed and that the plat thereof will be filed in this office November 15, 1905, and on and after that day we will be prepared to receive application for entry of lands in said township.

HOWARD LELAND, Register. DAVID L. GREYER, Receiver.

The steady influx of homeseekers to Portales and Inland Valley this fall has been enormous, the weekly average being something near one hundred. There is not a vacant house in the city, either business or residence and the court house now contains five gentlemen who have real estate offices therein. A few good, substantial stone or brick business houses, with office rooms upstairs, would be a paying investment in Portales, as also would some good residence houses. The future of Roosevelt county is assured and there can be no possible doubt but that Portales will always be the largest and most progressive city in the county. That our city property is a good investment is evidenced by the fact that the real estate firm of Howard & Sons this week sold to one man, twenty-nine town lots in East Portales the property of Seth Morrison. While this was the largest sale of town property to one man during the week, there were a great many residence lots sold to parties who will build thereon and make their homes with us. The vacant land in the county is being taken at a surprisingly rapid rate and should the present tide of immigration continue there will be absolutely no government land in Roosevelt county subject to entry. That the immigration has just commenced is evidenced by the fact that large numbers of people are daily arriving who do not come at the solicitation of real estate or immigration agents. People of all sections and climes are beginning to learn of the productiveness of Inland Valley and of her great unexploited resource and are flocking here for the purpose of getting land while it is yet cheap or subject to entry. He who contemplates coming to this country should come now as real estate values are steadily and rapidly increasing and by spring will be nearly double present prices. The glad hand is outstretched to all regardless of sectional lines, denominational dogmas or party affiliations and a warm welcome awaits the stranger who casts his lot with us. We have the climate, soil and sufficient rainfall each year to guarantee the tiller of the soil a munificent remuneration for his toil and our people are a happy, prosperous and contented lot. Let the next excursion for homeseekers bring you to see our country.

THE MAIL ORDER BUSINESS.

The mail order business is the quack doctor of commerce. It promises much and guarantees nothing. Like patent medicine the directions are on the inside and you have to get a non-returnable package before you can find out what they are. No mail order house helped to build the little white school house in your district or worked the roads past your door. No mail order house ever took you by the hand when you were in distress and told you to let that little account go until after harvest. No mail order house ever sold you merchandise and then spent every cent of its profits right in the community where you and your neighbors could get it back. No mail order house ever showed its fine patent leather shoes under your table and rejoiced with you when you were glad, nor spoke encouraging words to you in affliction, nor showed its powdered head behind a door when your household died.

The mail order house does not care a continental where Portales grows or not. It does not bother itself about the farmer's financial condition because it gets its money anyway before it sends out the stuff. And after it has got the farmer's money for a bill of stale pepper, spices, etc., it ceases to care for the donor, while it revels in the luxuries of the city cafes and spends your hard earned money on women, wine and cigarettes.

Mr. Farmer, study this question from every point of view and you will let the mail order house severely alone. The Times would like for some farmer who has secured a bill of goods from a mail order house to bring the entire shipment to this office. We will take it to any reputable store in Portales and get it duplicated for the same money, less your freight, and on top of that we believe you will get a better quality of every article. The Times believes in Portales and her merchants and will back them against any peddling concern or mail order snide.
