So far as we know now, this is the last time we will write this column.

Penny and I are moving to Beeville, which is between San Antonio and Corpus Christi, where we will attempt to establish a brush-cutting business in that area using a machine I designed and built in our back yard during the summer.

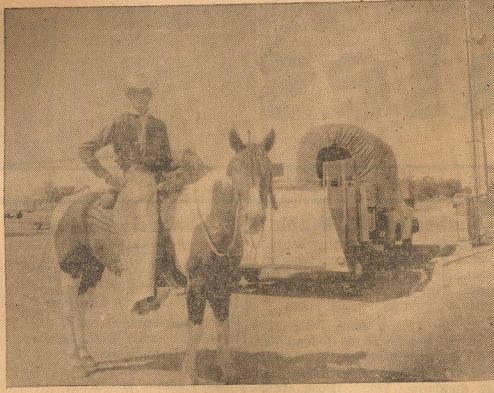

It was nine or ten months ago when Penny and I paid a visit to her home place near Beeville that I was struck by the vast amount of waste caused by small, thorny bushes that literally choke the land to death. Twelve million acres of Southwest Texas are reduced to almost negligible cattle production due to these dense growths of mesquite, blackbrush, white brush, cenizo, prickly pear, hualillo, allthorn, lotebush, chaparral, and spiny hackberry. Some of it you can't walk through or get a horse through.

This land was once very similar to our own High Plains, with low, rolling hills covered with native grasses. But during the past hundred years or so the brush has encroached from the Rio Grande area to where it is a major ranching problem all over Southwest Texas.

A lot of very expensive land-clearing is going on, with some costs running as high as \$30 an acre, which is about all a lot of the land is worth. While there are cheaper routes, they all have serious disadvantages. We decided that a machine that could clip the brush off without damaging the grass and do it with enough volume to be economically feasible could find a definite use in that area.

The more we thought about it the better it seemed. After building several wooden models and deciding it could be done, Penny and I flew to Beeville last February and talked to the soil conservation people there, the county agent, and several farmers and ranchers. We were given every encouragement and we returned home determined to give the thing the old college try.

We bought an old Oldsmobile irrigation engine, overhauled it and converted it back to gasoline and radiator. After that job was done, and the senior Nelson wound up his brief career in politics, I picked up a welder, a cutting torch and a few other tools and set to

GLENN O'NEAL HAYNES, district Scout executive arrived in Dimmitt, Thursday at 11:15 a.m. He was promoting area boy scout activities. He is shown here on his horse, Cowboy. Haynes had completed one week of his two-week horseback trip upon his arrival here. He is carrying out the theme "From Horses to Rockets". —Thomas staff photo

that was well worth the trouble. We found the old saying that you never realize how many friends you have until you move to be absolutely true. We've had many-ford more pals on the back, more encouragement, and more reassurances than we even expected. It is with great sadness that we leave behind our friends and the town we have enjoyed so much. But from the moment we started on this thing, I knew there was no turning back. We just had to try. We had to see whether it would turn out a dismal flop or a tremendous success or somewhere in between.

Our reporting duties will be taken over by Miss Nelda Thomas. A gifted young lady fresh out of college and Gene Mickey, who has been with the News for three years. This column will, perhaps, be taken up again by B. M. Nelson, Sr.

We have enjoyed writing this column. We hold no illusions that it has had any effect one way or another on the community, but we felt it should be written to add a personal touch to an otherwise impersonal semi-public institution. We have tried to pursue, with vigor, the truth as we saw it and to present it in the light of impartial honesty. We have adhered to Democratic party ideals, because it is our impression that humanity, and the United States will be best served by these idealistic principles. We have tried to explain our own beliefs that the best hope of the future of this country depends on continuing hard work, unselfishness, and a certain amount of deprivation to achieve goals of

Polio Immunization Postponed; Local Jaycees Make Statement

Deaf Smith, Farmer, Castro, Swisher, and Oldham County Medical Society wishes to state that in view of the present controversy and uncertainty of the Sabin Oral Polio Vaccine, it is deemed necessary for the present to postpone mass immunization.

Deaf Smith, Castro, Swisher, and Oldham County Medical Society that they are now willing to sponsor mass Sabin Oral Polio Immunization in each county, and Dimmitt Jaycees feel that they have accomplished a major portion of the job to be done. Now that the Medical society has assumed responsibility for conducting the mass immunizations, the Dimmitt Jaycees feel any further plans for holding these clinics are now in the hands of local doctors. It is our understanding from the statement issued that as sponsors they will announce where, when, and how clinics will be conducted. It is recommended by Federal and State Health Officials that cities and counties continue to push forward in administering Types I and II of the Sabin Oral Vaccine. It is hoped local doctors will heed this recommendation and begin at once to start mass immunization clinics in the county. Although there have been some reports of polio resulting from the Sabin Oral Polio Vaccine, approximately 40 million people completed the entire immunization program with only 16 out of this number contracting the disease. Out of the 16, only 11 could have been caused by the vaccine and these 11 have not been completely proven."

Bobcats Bow to Longhorns 7-6

Dimmitt Bobcats suffered great disappointment as Lockney came from behind in the final period here Friday night to gain a narrow 7-6 victory.

With an added barrier of a wet and slippery field, the Bobcats scored in the second quarter when Jim Ratcliff, quarterback, connected on a short jump pass to Jim Cowsert, halfback. Cowsert took the ball on Lockney's 40 and sped through tacklers for the initial touchdown. An attempted pass for the extra point failed.

In the third period, there was no scoring. In the fourth Lockney tied the game on Clem Zavala's sweep around right end for 10 yards and a touchdown. Bill Dodson, tackle, kicked the ball for the victory margin.

Lockney threatened the Bobcats in the first quarter when an attempted Dimmitt punt was blocked and recovered by Lockney on the Dimmitt 30. The hard-hitting Bobcats stopped the Longhorn drive on their 10 yard line.

In the final period Dimmitt moved from their 20-yard stripe to Lockney's 3 by using passes. The time ran out before the threat could be moved into a touchdown. Dimmitt again showed superior to the opposing team in first downs, rushing, and passing. Dimmitt received 11 first downs to Lockney's 7. The Bobcats totaled 199 yards in rushing and passing while the Longhorns only piled up 112 yards on passes.

The Bobcats will meet the Hereford Whitefaces, there next Friday night at 8.

SCD Schedules Meeting In Big Square School

A proposed Watershed Project meeting and election of SCD Supervisor will be conducted in Big Square school house, Tuesday, October 2.

A supervisor from Zone IV of the Running Water Soil Conservation District will be elected at the meeting, announced Wade Mills, chairman of the District. Presently, Gardner Sanderson from this zone is serving as supervisor.

According to Mills, there will also be a program explaining the proposed Watershed Project on Running Water Draw.

Zone IV of the Running Water Soil Conservation District is composed of the southwest part of Castro-Parmer County line and extends east on Highway 86 to 25 mile Avenue, then goes south of Flagg Elevator, then turns east to Highway 38, and then continues south on Highway 38 to the Castro-Lamb County line.

All landowners and their wives in the zone are eligible voters if they are residents of the county.

In order to qualify for election, the candidate must own land and live within the zone.

"This meeting should prove to be very interesting," comments Mills. "Not only will a good turnout insure the election of a Supervisor for the District, but will also give the people who live along and near the Running Water Draw an opportunity to learn more about the proposed Watershed Project. Also, they may ask questions about the project," says Mills.

Merchants Sponsor Filming of Games

Every Monday night at 8 in the Grade School Cafeteria there will be a film of the Bobcat game played on Friday night.

The cost of each film is \$75.00, says Coach Covington.

Area Farmers Sign-up for Sugar Beet Acreage

Some 700 farmers in four counties of West Texas and eastern New Mexico have signed declarations of their intentions to grow more than 70,000 acres of sugar beets to supply a beet sugar processing facility proposed for construction by the Holly Sugar Corporation in the Hereford-Dimmit area of West Texas.

The preliminary sign-up was conducted by a team of five Holly representatives who received the written statements of intent from farmers who met with them in five communities, located in the proposed sugar beet production area—Hereford, Dimmitt, Friona, and Bovina, Texas; and Clovis, New Mexico.

The 70,000 acres-plus, on which farmers said they wanted to grow beets are located in Deaf Smith, Parmer, and Castro Counties, Texas, and in Curry County, New Mexico. The sign-up was accomplished in a brief two days, so great is the desire of area farmers to add this important cash crop to their rotations, replacing some of the surplus crops to which they are now limited.

Holly Sugar and the Texas Sugar Beet Growers Association have made joint application to the U.S. Department of Agriculture under provisions of the new sugar law which went into effect July 13, 1962, or assignment of the annual 65,000 ton sugar equivalent acreage reserve set aside for new production areas. The Department has announced that it will conduct hearings, commencing on Sept. 25 at Washington, following which it will assign the acreage reserves to the successful applicants.

Holly President, Merrill E. Shoup called the sign-up of growers this week a tremendous demonstration of the desire for sugar beet acreage in the West Texas-New Mexico region.

"This is further demonstration, also, of the fine cooperation we have been receiving from all concerned in this area as our planning for expansion into this area

New Minister Returns To Native State

Dimmitt's new Northside Church of Christ Minister, L. V. Ellison, moved here last Thursday, Sept. 13 with his wife from Jal, New Mexico.

Ellison was born in Texas in Erath County; however, this will be his first residence in Texas for 28 years. He has been minister for the Church of Christ in Jal, N. M. for three years and in Missoula, Montana for 2½ years. The remainder of his time has been spent in Portales with the exception of one year in California.

The Ellisons have one son, Jim, who is living in Jal, N.M. with his wife and young son, Mack. The entire Ellison family are graduates of Portales High School. Ellison received his B. A. degree with a major in Bible from Eastern New Mexico University in Portales, N. M. Presently, he is attending the university one day a week to work on his M.A. degree. He is continuing his major in Bible.

His office is in the new Northside Church of Christ located at 3rd and Halsell.

The family is presently at home in the Northside Church of Christ parsonage at 714, S.W. 6th.

has progressed over many months, with farmers were held.

On the average, according to Holly spokesmen, the acreage signed up represents about one-fifth of the total irrigated acreage operated by the individuals who signed the statements of intent, which indicates that the most desirable kind of crop rotation programs will be practiced in the area.

The Holly representatives were assisted in signing up the farmers by local business people in the

Flower Arranging Proves To Be Exciting for Young Mother

BY Nelda Thomas
Here's how to do it! What? Win the most blue ribbons and overall best award in the artistic division of Milady Flower Show which is conducted each year in connection with the Castro County Fair.

Mrs. Bryce Dowell, who achieved the above awards, exclaims, "It takes a lot of hard work, but it's sure worth the effort."

According to the young housewife thrills and chills vibrated through her as judges deliberated over her various arrangements, exclaiming here, awarded blue and red ribbons there.

Mrs. Dowell carried away four blue ribbons and one red ribbon in the Artistic division. She managed also to win a blue and red ribbon in the Horticultural division. Not stopping with just five first places and two seconds, she also received a purple-satin rosette which acknowledged her dry arrangement as the best in the Artistic division.

A twisted piece of driftwood in natural color mounted on an oval oak board provided the base of the award-winning dry arrangement. Rising upward from the base in a triangular alignment were dried Golden Plate, sumac, and dock. Materials gathered for this arrangement arrived from several sources. The driftwood originally came from Conches Lake.

Her husband, Bryce was using it for a spool to hold his first lines. The sides of the highway south-east of Dimmitt provided her with dock, while her sister, Mrs. LeRoy O'Brien of Oklahoma supplied her with sumac. From her own garden, she took the dried Golden Plate.

Mrs. Dowell won a blue ribbon

on a crescent combination of Peace roses and pink-dock as filler arranged in a crystal oblong container.

Yellow and bronze snapdragons, and yellow calendulas arranged in triangular lines gave her another blue ribbon. This arrangement and another one were organized in containers made by her husband out of plow discs. "Bryce was wonderful in helping me prepare for this flower show," commented Mrs. Dowell.

A miniature combination of Johnny Jump-ups and purple pansies displayed in a crystal coaster brought a fourth blue ribbon to the young housewife.

In the horticultural division, she received a blue ribbon on a purple delphinium grown in her own garden.

"I spent approximately 160 hours before the flower show, gathering and preparing, and fixing the arrangements," said Mrs. Dowell.

She attributes her success as a blue ribbon winner to being a member of the Milady Garden Club. She is a charter member of the club which will be organized a year in October. In 1961, she was historian-reporter for the club.

"The club encourages learning for oneself. I never knew anything about flower arrangements until I joined the club," explains Mrs. Dowell.

This is Mrs. Dowell's second year to plant flowers. "It takes a lot of work to fertilize, hoe, water, and cultivate. When it once gets into your blood you can't quit," declares the energetic young mother.

Funeral Conducted For Mrs. Griffin

Mrs. W. F. Griffin, Tulia resident since 1914, died early Tuesday at her home. She was 88.

She was the mother of Associate Justice Meade F. Griffin of the Texas Supreme Court.

Final rites were conducted at 2:30 p.m. Wednesday at the Wallace Funeral Chapel. Elder E. J. Norman of Childress, member of Primitive Baptist Church, will officiate. Burial will be in Rose Hill Cemetery.

A native of Mississippi, Mrs. Griffin was born Aug. 18, 1874. She was married July 1, 1891, at Abilene. Mr. Griffin died in 1945.

Mrs. Griffin was a member of the Primitive Baptist Church of Tulia.

ARRANGING THE DOCK in her dry arrangement for the flower show is Mrs. Bryce Dowell. She spent many long hours working on it. Materials used are Golden Plate, sumac, dock, and driftwood. Mrs. Dowell is a member of the Milady Garden Club. She received a merit award for having the best arrangement in the Artistic division of the Flower Show. —Thomas staff photo

Hart Receives New Tulia Resident Methodist Pastor Involved In Wreck

Rev. Elra H. Phillips has been appointed this week to the Hart First Methodist Church.

Phillips has pastored for the last 3½ years at Cooper. He has been a Methodist preacher for 14 years. He is currently the vice-chairman of the Commission on Town and Country Work of the Northwest Texas Conference of the Methodist Church. Also, he is serving as the Golden Cross Director of the Lubbock District.

The Phillips' will arrive in Hart Thursday, Sept. 30.

Walter J. Cartwright, former pastor, and his family are now living at 417 Eighth Place, Lubbock. He assumes his duties as assistant professor of Sociology at Texas Tech this week.

A one-car accident near Dimmitt, Sunday resulted in the injury of Mrs. Viola Pohlmeier of Tulia. She was taken to Castro County Hospital in Dimmitt.

Mrs. Pohlmeier received a broken nose, concussion, cuts on the head, and multiple bruises and abrasions in the accident.

Mrs. Pohlmeier and her husband, Virgil were traveling west on Highway 86 when an unidentified car, traveling toward them on the wrong side of the highway, caused Pohlmeier to lose control of his car.

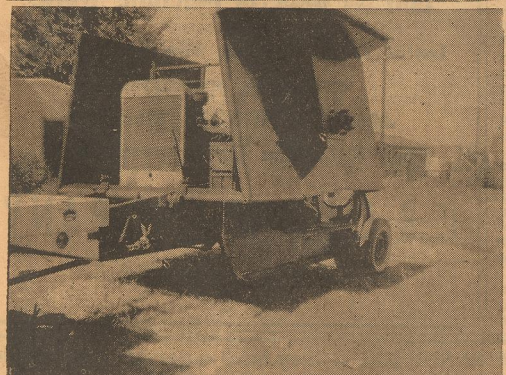

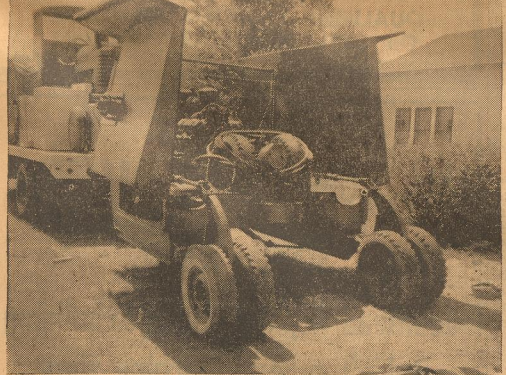

The car swerved toward the right shoulder, then crossed the highway and turned over once. Pohlmeier was treated and released.

The Pohlmeiers were enroute to Dimmitt to visit her mother at Castro County Hospital.

According to the latest report from the hospital, Mrs. Pohlmeier has been released.

EQUIPMENT USED IN conducting Standard Soil Survey is shown here with Herb Brun, (left), soil scientist, and Pete Wright (right), local work unit conservationalist with the Soil Conservation Service. A mounted hydraulic soil auger does most of the digging. Tools in the center on the ground are used in many places inaccessible to the soil auger. —Thomas staff photo

work in our back yard. After spending every spare minute on the project, we completed it last week and this week we're going down to try it out.

The machine figures out (on paper) to cut a 1½ foot swath through anything with up to four-inch trunks at a speed of about eight acres an hour.

We hope it works, and that's a masterpiece of understatement.

We've been in the newspaper business as a working printer, reporter or editor ever since we were 12 years old, including working our way through college as a printer and a two-year hitch in the Army PIO. While we have enjoyed the countless challenges of the newspaper business we wanted to try something else for a while and get away from the endless deadlines and anxiety that seems to go with this business. If we never cut an acre, if the machine falls apart just being transported, or if some other calamity should occur we have found the whole project a worthwhile, satisfying experience

civil rights that will guarantee equal opportunity, under the law and under custom, of all citizens. We have held that selfishness, isolationism, coldness toward correcting society's ills, and disassociation of individuals with their responsibilities to their fellow men are undesirable traits even if placed under the catch-all term of conservatism.

While we claim no converts, we hope our feeble voice has at least caused some of you to think in these terms, to be more aware of the devastating problems that face us not only in this hemisphere, but within this state and county.

Anyway—so long. Any of you will be welcomed with open arms any time you want to drop by. Just turn right at Pettus, before you get to Beeville, take a farm-to-market road and just about a half mile before you get to the little cross-roads town of Mineral you'll see a tree-lined lane to your right. Turn up that and when we see you coming we'll throw another potato in the soup.

NEWS FROM SUNNYSIDE

Buddy Cummings left last Thursday, after being inducted into the Air Force, for basic training at San Antonio, Texas.

Rev. and Mrs. Hugh Montgomery of San Simon, Arizona spent last Sunday night with Rev. and Mrs. M.D. Durham.

Mr. and Mrs. Bill Baker and William of Slaton arrived Monday to spend the week with her parents, Mr. and Mrs. Cecil Curtis Don and Debbie.

Mr. and Mrs. W.T. Mitchell of Weatherford arrived Monday afternoon to spend the week with Mr. and Mrs. Earl Phelan and Larry Don. They are Mrs. Phelan's parents.

Fourteen attended the local WMS Prayer Retreat at the church Monday afternoon. The retreat is a part of the 75 days of prayer preceding the celebration of the 75th year of WMSU next year. The Pastor brought the Devotional message.

Mr. Milton Ott was admitted to Methodist Hospital in Lubbock for tests Monday. He underwent major surgery Thursday morning. He was improving satisfactorily Sunday.

Twenty attended the Spanish Story Hour at the church Tuesday afternoon.

Mrs. Cecil Curtis, Mr. and Mrs. Bill Baker and son, Don Curtis and Charles Axtell were in Canyon Tuesday making preparation for enrolling Don and Charles in WTSC. Because of their plans to participate in the band they had to be there Thursday. Mrs. Curtis

Mrs. Ray Axtell and Mr. and Mrs. Baker and William Harold went back to Canyon with them Thursday to help them get settled.

Twenty-eight attended the Brotherhood grilled hamburger supper at the church Tuesday night. New officers for next year were elected. Noah Spencer will serve as President, Houston Carson as Vice-president, Alford Crisp, Sect.-Treas., Troy Blackburn, Program Chairman with Robert Paschal as his assistant, Rev. Durham, R.A. Leader with Rex Jenkins, R.A. Counselor, Hershel Wilson as Song Leader, Weldon Bradley as pianist, and J.C. Holbrook as Refreshment Chairman and Earl Phelan his assistant.

The Brotherhood voted Tuesday night to observe Layman's Day in the church October 14th. There will be an all men's choir and laymen will be the speakers for the day. The program chairman and assistant will arrange for the speakers.

Eight ladies attended the WMS week of Prayer for State Missions at the church Wednesday afternoon. Mrs. Earl Phelan had charge of the program.

Mr. and Mrs. R.A. Axtell returned Wednesday from a weeks vacation in Colorado. Rev. M.D. Durham attended the funeral services for a friend in Whittarral Wednesday afternoon.

The WMS night circles met Wednesday night for the General Missionary Program from Royal Service. Mrs. Roy Phelan had charge

of the meeting. The G.A.'s and YWA had their prayer retreat at the church Wednesday night. 18 attended. Mrs. Troy Blackburn helped the counselors and director with the retreat.

Virginia Cole of Olton spent the week with the Troy Blackburn family, and visited in the Wednesday night services.

Mrs. Ezell Sadler entertained in her home Thursday morning with a Tupperware Party. Mr. and Mrs. Raymond Lilley went to Big Springs Thursday after receiving word that her cousin had been accidentally shot to death. They returned Saturday morning.

Rev. and Mrs. M.D. Durham visited with Marvalynne at Wayland College Thursday.

Mr. and Mrs. Damon Adams of Corpus Christi and Mrs. O.K. Paschal of Winters arrived Thursday afternoon and visited until Sunday morning with Mr. and Mrs. Robert Paschal and family. They were on their way home after a visit with relatives in Michigan.

Mrs. Adams is Mr. Paschal's sister. The WMS Day Circles met for the General Missionary program Thursday afternoon with Mrs. Roy Phelan in charge. Mrs. L.B. Bowden met with the beginner sunbeams in Mrs. Raymond Lilley's absence.

Mr. and Mrs. Ernest Waggoner of Dimmitt visited Thursday with Mr. and Mrs. J. Paul Waggoner and boys.

Mr. and Mrs. Gerald Graham and family were honored with a housewarming in their new home Thursday night. They also visited with Mr. and Mrs. H.E. Groff.

Paving of Farm to Market Road 145 west from the Hart Highway to the 25 mile Avenue was almost completed this week.

Mrs. Tex Conard and Mrs. Larry Sadler attended the funeral services for Mr. K. Roberts in Dimmitt Friday. Weldon Bradley also attended the services.

Mrs. Lloyd Davis and Kim of Vinita, Oklahoma visited Friday afternoon with Mrs. Howard Bridges.

Donnie Lilley came home from San Antonio Saturday to leave his car in preparation for being trans-

About Your Health

"Pedodontics" is a big word with a simple meaning: the care and treatment of children's teeth. A major part of pedodontics is preventive dentistry, and preventive dentistry for the very young is the one great hope for a realistic solution of our dental woes.

If a child's teeth are properly cared for up to about age 15, a strong foundation is laid for minimizing dental troubles in later years.

At about six months of age, the four front teeth—two upper and two lower—begin to peek through the gums. These are the incisors, the cutting teeth. By age seven to 11 months, four more teeth, upper and lower, start coming through. These are the lateral incisors, positioned on either side of the central teeth.

Then Mother Nature wisely skips a few spaces so as to properly shape the jaw. In 12 to 16 months, the back teeth or molars, come in. Then the cuspids show through to fill in spaces between. At about 24 months, the second molars came in.

Up to this point all teeth which have erupted are primary teeth. Although temporary, they are vital. They help shape the face, help the youngster learn to speak distinctly, they are vital. They help shape the face, help the youngster learn to speak distinctly, and help him nutritionally.

While all this has been going on, the permanent teeth are slowly developing in the jaw bone so they can come forth at the proper time.

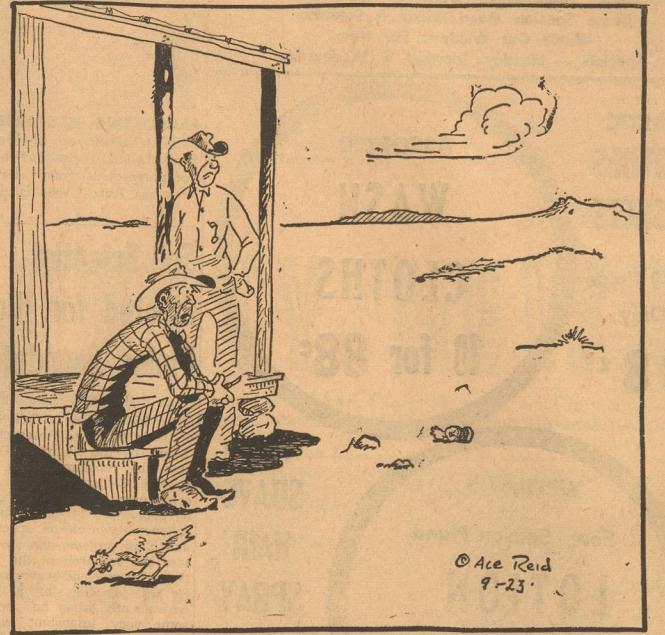

The first permanent teeth to erupt are molars—sometimes called "six year" molars simply because they emerge at about age six. Because they do not replace the first teeth, but come in just behind them, these molars tend to confuse parents who think they are also temporary.

This error can lead to unfortunate consequences. Since the "six year" molars are permanent teeth, they will not be replaced if lost. Family dentists strongly emphasize the importance of watching for the six year molars. They are important to the structure of the mouth. The manner in which they interlock with their opposite teeth will determine the eventual shape of the jaw, facial contour and regularity of alignment of other teeth. Because of their importance, these first teeth are often referred to as the "keystone of the dental arch."

The strength or weakness of adult dental health, barring loss of teeth through accidents—can invariably be traced to habits of preventive dentistry learned or left unlearned in childhood. And when it comes to preventive dentistry, the pedodontist is a child's best friend.

Air Conditioning experts agree... WATER cooling is BEST!

Youngsters learn mighty early about the cooling effect of water when the weather's hot. And air conditioning engineers know that water cooling is far more efficient than air cooling. The reason is simple... 85° water can absorb more heat from your home than 100° air.

That's why ARKLA-SERVEL Sun Valley's GAS air conditioners are WATER cooled! Water cooling, plus Sun Valley's "no moving parts" principle, gives you two big advantages unavailable with other air conditioners. One, a Sun Valley gives you CONSTANT EFFICIENCY, while air cooled units lose as much as 15% efficiency. Two, Sun Valley operating COSTS REMAIN CONSTANT, while air cooled equipment operating costs rise as much as 23%.

KING-SIZED FILTER
Sun Valley's double filtering capacity STOPS ALL HOUSEHOLD ODORS! It even tames cigar and fish odors, giving your home Spring-like freshness all year long.

NO MOVING PARTS
... in the heating or cooling cycles of the Sun Valley... nothing to wear out or break down! Sun Valley is year-around comfort for the mortgage life of your home!

CONSTANT EFFICIENCY
Sun Valley has no comfort-robbing friction to run up your operating costs. It doesn't cost a penny more to operate the Sun Valley for an hour when it's 115° than it does when the temperature is 90°.

HART NEWS

Mr. and Mrs. Granville Martin were honored Thursday night with a housewarming in their new home located on third street and Ave. D in Hart.

The guests were received by Mrs. Buster Aven and Mrs. Lee Harris.

Refreshments of coffee and cookies were served to those who called by Mrs. E.I. McLain, Mrs. Jim Height and Mrs. T. B. Cox.

Mr. Martin has been deputy sheriff of Castro County for five and one-half years and Mrs. Martin operates a police radio located in the home to give better law enforcement service for the people of Hart and the Nazareth Community.

Out of town guests were former county Judge Bob Estes of Lubbock, Mr. and Mrs. Lewis Detweiler and Mrs. David Griffin of Paducah, and Mrs. Billy Wofford of Dallas.

Mr. and Mrs. Martin wish to express their appreciation to all who had part in the expression of love and appreciation by the people of Hart.

Host and Hostesses for the housewarming were Mr. Ed Harris and Mr. Naron Dudley, and Mesdames Buster Aven, Lee Harris, W.A. Hawkins Sr., Jim Height, T.B. Cox, E.I. McLain, Vernon Mapp, Homer Hill, Percy Hart and Ena Bowden.

Mr. and Mrs. Robert Brooks attended the Fair in Amarillo Monday.

Mr. and Mrs. Earnest Lee Brook visited in Smyer Sunday.

Mrs. Mable Aven in visiting in Sweetwater.

Visiting in the Miles Cox home were Mr. and Mrs. Ray Jones of Plainview and a sister of Mother Simpler.

Mrs. Nida Clark of Temple visited in the Earnest Martin home last week.

Mr. and Mrs. Earnest Martin attended the funeral of an aunt of Mrs. Martin's in Hordester, Oklahoma last weekend.

Hart was in danger of a storm for a while Saturday. In about an hour it rained more than three inches of rain with gusty winds and some hail. Part of the top of the Bliss Potato shed was blown off.

Lightning struck a light pole just north to the Hart Lumber Co. and live sparks were playing around for a short while. Hail destroyed several thousands of acres of crop just south, southeast and southwest of Hart.

Mr. and Mrs. Gene Richburg of Hale Center visited his parents Mr. and Mrs. Lester Richburg Sunday.

Mr. Baker has been hired to take the place of Lewis Smith as School custodian.

Mr. and Mrs. Lewis Smith have started working in Kress at the Anderson Grocery store.

Mr. and Mrs. T.B. Nelson of Amarillo was Sunday visitors of the Elmer McKay's Mrs. Nelson is the sister of Mrs. McKay.

Mrs. Peggy Davis of Lubbock is visiting her parents Mr. and Mrs. O.C. Kittrell.

HOME COMING
The annual Homecoming for the Ex-students and Teachers of Hart High School has been set for September 20.

The celebration will begin with a bon-fire Thursday night. Friday the homecoming queen will be chosen from Connie Popejoy, Connie Bailey, Connie Bowden and Rene Brooks. The Queen will be crowned at the football game Friday night with New Deal as the visiting team.

Football lineup for the homecoming game is:

Rubalcaba, Joe, Q., 145, 10, Junior Rodriguez, Danny, E. 135, 11, Freshman; Farris, Billy Joe HB, 138, 20, Junior; Martin, Doug, HB, 100, 21, Freshman; McLain, Dennis, HB, 138, 30, Junior; Martin, Mark, HB, 120, 31, Sophomore; Kittrell, Johnny, FB, 155, 40, Senior; Green, Phil, C., 170, 50, Junior; Smith, David E., 120, 51, Freshman; Morrison, Tommy G, 130, 60, Sophomore; Bailey, Kenneth G, 125, 62, Freshman; Mitchell, James G, 125, 63, Junior.

Seoggin, Guy T., 170, 70, Senior; Bell, Billy Bob T., 150, 71, Freshman; Shive, Jerry T., 165, 73, Senior; Davis, Rodger E., 165, 74, Soph.; Ward, Carl E., 150, 80, Soph.; McKay, Larry G., 140, 81, Freshman; Heller Gary E., 140, 82, Soph.; Gardner, David E., 165, 83, Junior Myrick, Steve HB, 90, Freshman; Huston, Larry E., 135, Freshman. Coaches W. L. (Dub) Cleveland and Eddie Necholson. Managers, Jerry McKay, Steve Sharp. Colors Maroon and white, Nickname Long horns.

Swifts' Battled Speedy Stevens Friday Night

Nazareth Swifts bowed to the Borden County Coyotes in a 18-6 score, Friday night. Mike Stevens, 14 lb. halfback for the Coyotes, piled up the 18 point score.

Borden County's initial touchdown came in the last part of the first quarter, on a 1 yard sweep around the end by Stevens.

The score was maintained 6-0 until after the first half of the game.

On the opening kickoff in the third quarter, the Swifts drove from their own 20 yard line to the Coyotes' Schmucker ended the threatening drive.

In the third quarter, Stevens scored again on a five yard plunge. This brought the tally 12-0.

Nazareth stopped the Coyotes as they tried for a touchdown on the 15 during the fourth quarter. Another intercepted pass by Stevens gave the Coyotes an 18-0 advantage.

In a sudden burst of power, the Swifts broke loose in the last four minutes of the game to score a touchdown ran by Gerber on a 10 yard sweep around the end.

Final score of the game was 18-6.

The Swifts picked up 84 yards in rushing and passing.

Borden County picked up 184 yards rushing compared to Nazareth's 84 yards. The coyotes achieved 12 first downs to Nazareth's 6.

Nazareth completed three passes while the Coyotes completed only one.

Only casualty in the game occurred when Ralph Schulte, starting guard for Nazareth, broke his arm during the first half.

Nazareth will meet Lakeview next Friday night at 8 in the Lakeview stadium.

VISITS MINNESOTA
Mr. and Mrs. Walter Smith spent a two-week vacation visiting in Minnesota. The were guests in the homes of the O.J. Scharber family and Otto Scharber family. The Smiths returned last week, Sept. 9.

VISITS HOSPITAL
M. and Mrs. A. Sam Maynard and Sharon and Mr. and Mrs. Wade Maynard visited Albert Phillips, Sunday. He had surgery in the Goodnight Clinic in Lubbock. Phillips is a brother of Mrs. Sam Maynard.

Funeral Rites Conducted For Mrs. B. G. Naugle

Mrs. Bessie Griffith Naugle, active for many years in Panhandle belles lettres and Methodist Church work, died early today at her home, 128 Avenue E. Hereford. She was 70.

Final rites will be conducted at 2 p.m. Wednesday at the First Methodist Church, Hereford by the Rev. Herschel Thurston, pastor, and Dr. Vernon H. Henderson, Amarillo, superintendent of the Panhandle District of the Methodist Church.

Burial will be in Rest Lawn Cemetery, Hereford.

Mrs. Naugle, the wife of the Rev. Eugene Naugle, who has held pastorates in several Panhandle cities, was born April 5, 1892, in Grayson County. She was married Sept. 23, 1914, at Denton.

She had lived with her husband in Hereford since 1951.

Mrs. Naugle was a life member of the Women's Society of Christian Service of the Methodist Church. She also held membership in the Panhandle Pen Women's Club for many years.

Other survivors include a daughter, Mrs. Richard A. Batson of Oklahoma City; two sisters, Mrs. S. T. Grant of Hereford and Mrs. S. L. Sharber of Flagstaff, Ariz. and a grandson.

The Rev. and Mrs. Naugle are former residents of Dimmitt. He was pastor of the Methodist Church here.

Nazareth News

Mr. and Mrs. Tom Annen entertained relatives with a Sunday dinner, Sept. 9. Attending were Mr. and Mrs. Raymond Annen, Fay, and Claude; Mr. and Mrs. Gene Hubbard and girls; Mr. and Mrs. Gus McLain and children; Mr. and Mrs. Harry Klemm; Mrs. August Huseman and Mrs. Martha Bauman.

Mrs. August Huseman and Mrs. Tom Annen went to Hereford, last week.

Mrs. Gene Hubbard, Malia and Trina of Amarillo visited her parents, Mr. and Mrs. Raymond Annen this week.

Mrs. Max Acker, Mrs. Agnes Brockman, and Philip and Marvin Schulte attended the horse races in Ruidoso, N.M.

Mr. and Mrs. John Hanson won the boat and trailer given away by the Friona firemen last week.

Mr. and Mrs. Al Maur attended the wedding of his niece in Hartford last week.

Ed and Tom Schulte of Ottawa, Ohio visited last week here with Drurup relatives.

Mrs. Lucy Liene, Mrs. Don Acker and children, Ed Schulte and Tom Schulte of Ohio visited Mr. and Mrs. Harold Steffens and boys in Slaton last Wednesday.

Mr. and Mrs. Alfred Schacher and children, Ed Schulte, and Tom Schulte visited Sunday with Mr. and Mrs. Denis Acker and children in Borger.

Mr. and Mrs. Leonard Wilhelm, Joy, Dean, and Mrs. Joe Warren visited Mr. and Mrs. Gort-

Ruth Circle Met In Wright Home

The Ruth Circle met Monday afternoon in the home of Mrs. Will Wright. Mrs. A.A. Dodd was co-hostess.

The meeting was opened by Mrs. N.F. Cleavinger, chairman. Mrs. Roy Haberer was program leader. Opening song was "I Love to tell the Story". Prayer was by Mrs. George Webb. "Can Protestantism be Saved," taken from Readers Digest, was the devotional given by Mrs. Bob Huckabay. Mrs. Haberer discussed South-east Asia from the 23rd annual report. Scripture reading was from Matthew. The meeting was concluded with the W.S.C.S. prayer in unison.

Refreshments were served by the hostesses to mesdames Earl Harrison, D. Neumayer, George Webb, Roy Haberer, Bob Huckabay, Floyd Stanford, Etta Brashears, L. A. Womack, N.F. Cleavinger.

VISITS EL PASO
Mrs. J.R. Harris of Dimmitt is leaving for a 60-day visit with her cousin, S. B. Newcomb of El Paso.

ROTAN VISITORS
Mr. and Mrs. A.P. Kennedy of Rotan visited with their aunt, Mrs. Leona Rothwell, Friday evening. The Kennedys were enroute home from their ranch in Colorado.

don Golder and children in Odessa last Sunday.

Mrs. John Stark is in the Castro County Hospital.

Fair Winners Announced in Girl's Division

Red ribbon winners were Linda Huseman, Betsy Simpson, Diana Adams, Lou Ann Witkowski, Carol Robbins and Jana Cole.

White ribbons winners were Mary Ann Vogler, Linda Huseman, Betsy Simpson and Carol Robbins.

BAKING: Blue ribbon winners were Carol Robbins, Jana Cole, Lou Ann Witkowski, Paula Birdwell, Kathy Markley, Diana Adams, Sammie Vinson, Sharon Hochstein, Sheila Hamilton, Kay Willis, Debra Curtis.

Red ribbon winners were Betsy Simpson, Carol Robbins, Jana Cole, Debra Hochstein, Marilyn McLeroy, Sharon Hochstein, Debra Curtis and Jane Witkowski.

White ribbon winners were Carol Robbins, Lou Ann Witkowski, Diana Adams, Debra Summers, Linda Huseman, Sharon Hochstein, Debra Hochstein and Denise Stone.

CLOTHING HOUSEHOLD: Blue ribbon winners were Lou Ann Witkowski, Diana Adams, and Sharon Hochstein.

Red ribbon winners were Betsy Simpson, Jana Cole, Lou Ann Witkowski, Edana Vinson, Mary Ann Vogler, Sammie Vinson, Judy McLeroy and Jane Witkowski.

White ribbon winners were Debra Hochstein and Linda Huseman.

Miss McSpadden - John Gililand United In Double Ring Ceremony

Miss Amy Helen McSpadden, daughter of Mr. and Mrs. Cecil A. McSpadden of Hereford, and John Gililand of Dallas, son of Mr. and Mrs. Marlin Gililand of Hereford were united in a double ring ceremony Saturday afternoon at Bedford Street Church of Christ here.

Carroll E. Hickey, speech professor at Lubbock Christian College and former teacher of bride and groom, officiated.

Vows were exchanged before an altar decorated with two baskets of greenery and American Beauty roses. White candles with bows enhanced the pews and tapers above the altar.

Traditional wedding music was presented by the A Capella Choir of Broadway Church of Christ of Lubbock, Richard Black, cousin of bride, of Prairie Grove, Ark., sang "The Lord's Prayer." The choir sang "Whither Thou Goest" as candles were lit by candlelighters, Debra McSpadden, sister of the bride, and Pamela Cagle, cousin of the bride. As the bridesmaids entered, the choir hummed "The Bridal Chorus" and sang the words as the bride and her father came down the aisle. A recessional was sung by the choir at the close of the ceremony.

Given in marriage by her father, the bride wore a formal gown of white Empire satin which she designed and made, herself. Fashioned with a boat neckline, wrist-length pointed sleeves, the gown featured a skirt with a sheath front and a deep-pleated overskirt. The neckline was accented with lace applique. Her veil, designed and made by the bride, was of silk illusion caught to a pearl tiara. She wore a lavalier belonging to her paternal grandmother.

Bobbie Jean Snodgrass of Mor-

ton, cousin of the bride, was matron of honor. Bridesmaids were Misses Cecilia McSpadden, Mari-kay McSpadden, and Barbara McSpadden, sisters of the bride, and Marline Gililand, sister of the groom.

Identical white batiste dresses with eyelet embroidered bodices, full skirts, and American Beauty sashes were worn by the attendants. White illusion circles, attached to white satin headpieces and white gloves completed the accessories. Each attendant carried one rose.

Ringbearers, John Owen McSpadden, brother of bride, and Lessa Jo Cagle, cousin of the bride carried the rings on heart-shaped white satin pillows.

Marlin Gililand, father of groom served as best man. Groomsman were George Davis and Ralph Owens both of Hereford, Bill Jack Gililand of Hereford, and Rullell Black of Prairie Grove, Ark. Ushers included H.S. Fuller, Jr. of Dawn; W.B. Snodgrass of Morton; Dwight Cathey of Dimmitt; Russell Owen Black of Prairie Grove, Ark.

A wedding reception followed the ceremony in the Community Room of the First State Bank. The serving table was centered with heart-shaped satin pillows entwined with American Beauty roses. Dana Ward of Los Angeles, Calif. and Marilyn Foster of Ventura, Calif. both cousins of the bride, served the three-tiered cake and Hawaiian punch. Attending were 175 guests.

The couple will be at home at 424 East 12th Street, Dallas, after Sept. 15.

The bride is a 1961 graduate of Dimmitt High School and has finished one year in Lubbock Christian College. She was active in speech, drama, and belonged to

Anyone who has visited our State Legislature in session knows that there are many things which need improvement. The accumulation of years of partial solutions and expediency has caused Texas to fall far below the standard of progress of which we are capable.

The primary cause of this condition is one-party monopoly. Competition always insures a higher standard of performance, and factions within a party do not supply this need. The bitter warring between the "liberal" and "conservative" factions of the Democratic Party has too often resulted in a sacrifice of integrity and behind-the-scenes manipulations.

So the time has come for a change. There will always be differences of opinion, but these differences must be resolved honestly and openly if we are to have better government in Austin. I think Texas is ready to progress into a two-party system because many citizens have seen the failings of factionalism and government by pressure groups.

A campaign to pass the water conservation amendment on which Texans will vote this November (No. 4 on the ballot) got under way at a meeting of the Statewide Water Committee in Austin.

Proposed amendment would permit the State Water Development Board to acquire storage space in reservoirs built either by local or Federal agencies and conserve storm and flood waters for beneficial uses.

Gov. Price Daniel addressed the meeting and thanked the committee for its "dedicated efforts" in promoting Texas' water program.

John Vandertulip, the State Water Commission's chief engineer, reported on the broad plan for in 1980. Marvin Nichols of Fort Worth, chairman of the Development Board, discussed the lending program through which water projects have been financed.

ment and approved the Water Commission's proposed budget. It also commended Governor Daniel for its "courageous, bold and dynamic leadership" in bringing about "The greatest and most comprehensive water resources conservation and development program in the history of Texas."

Ben Carpenter of Dallas was named chairman of the finance committee for the conservation amendment campaign.

TICK SURVEY—The U.S. Department of Agriculture has turned up five kinds of ticks which are suspect as fever carriers in a survey currently being conducted in Texas.

The Lone Star tick, believed a carrier of Rocky Mountain spotted fever, Q fever and tularemia and also a transmitter of Bullis fever and tick paralysis, has been found in Robertson, Rusk, Colorado, Medina, Kerr, Comal, Nueces, Karnes, Harris and Hays Counties.

The Cayenne tick, found only in South Texas and a producer or transmitter of Q fever, has been discovered in Kennedy County.

The Gulf Coast tick, blamed for tick paralysis, has shown up in Washington County while its imitator (amblyomma imitator), rarely seen in the U.S., was found in Nueces County.

The spinose ear tick (only soft tick of the five), suspected in Q fever and anthrax, has been identified in Randall, Wichita and Comal Counties.

TRAFFIC SAFETY WEEK—Governor Daniel expressed "deep concern over the dangerous upward trend in traffic deaths among Texas high school and college students, as he proclaimed September 17-21 as fifth annual Texas School Traffic Safety Week.

He noted, however, that the 25 Texas traffic deaths in the 3-day

Labor Day holiday were the second lowest toll since 1951.

Texas can start thinking of themselves as exporters in big style.

Nobody had counted it up before but now the University of Texas Bureau of Business Research finds that Texas is exporting to foreign countries \$837,000,000 worth of manufactured products, \$446,000,000 of agricultural products and \$31,000,000 of other products, mainly sulphur, salt, talc and fishery products.

Petroleum exports came to \$177,000,000 and chemicals to \$247,000,000—showing how the petro-chemical industry has turned Texas' sale of oil abroad from a raw to a manufactured product.

SCHOOLS—The men and women who run the schools—board members and administrators—come to Austin on September 30 for their annual conventions. They plan searching looks at the problems of schools, many of which sum up into five letters—m-o-n-e-y.

Overhaul of the ad valorem tax system was proposed by a series of clinics held by schoolmen earlier this year.

Problems of textbook selection and teaching Americanism will be aired.

The textbook panel will review recent criticisms, as well as prospective legislation which may be recommended by a study committee.

BLONDE HOUSE—The Texas House of Representatives is becoming a blonde.

Eleven coats of varnish, applied over the years since 1888, have been peeled off the oak woodwork in the House chamber. Earlier, workmen had done the same peeling job on paneling on the round floor of the Capitol.

Beauty of the original wood was

thus restored. So a new light wood look has taken over the Capitol.

Lower Chamber also is getting new flooring and carpets. The House gallery, where so many Texans have sat in hard chairs watching legislation move through the house, is getting new upholstered chairs to make the taxpayers more comfortable. Rep. Will Smith of Beaumont, whose Rules committee chairmanship puts him in a general supervisory position on the work of the State Board of Control, thinks it will be finished by November 1.

OLD FOLKS—Board for State Hospitals and Special Schools, faced with a report that 3,000 of its "patients" in state mental hospitals aren't sick but just old—will ask the Legislature to do something about it.

Reports indicate county judges are "committing" aged persons to state hospitals mainly because they and their families can't care for them.

Board suggests the State pay part of the cost of placing such persons in privately-owned nursing homes. Sons and daughters would be required to pay the balance.

Problem is one of welfare, rather than psychiatry, says the Board. "We now have older persons crowding facilities that are supposed to be used for the mentally ill."

WHAT IT COSTS—Texans who pay taxes to the state government got an idea of what the new school and welfare programs are costing when Comptroller Robert S. Calvert added up costs for the fiscal year which ended August 31.

State aid to public schools and colleges came to \$533,541,099, up nearly \$100,000,000 over the \$431,974,434 of the previous year. Welfare spending went up from \$188,875,904 to \$212,766,629. Increased Federal aid for welfare paid most of the increase.

Highway construction and maintenance totaled \$371,870,298. This is about the same as the previous year.

In all, the state spent \$1,307,623,666, up \$115,000,000 from the previous year.

RECORD YEAR—The State Securities Board closed a record fiscal year, having registered more than \$37,000,000 in securities in that period.

Forty-one permits to sell \$35,958,648 in securities were issued in August, Commissioner William M. King has reported.

The Board, now five years old, has registered in excess of \$1,000,000,000 in securities.

Battles looms changes in criminal procedure court being proposed for the next legislature by a State Bar committee are in for rough sledding.

Dist. Judge A.R. Stout of Waxahachie has announced his intention to carry his protests to the Legislature if the State Bar's proposals are introduced in January.

Judge Stout asserts that defense attorneys are dominating the committee's proposed court changes. He further stated that the Legislature would do better to adopt recommendations previously made by a committee on law enforcement.

Price Daniel and a group of prominent Austinites got together ear-

ly this month to do some reminiscing about the 1900 hurricane which destroyed Galveston.

September marks the 62nd anniversary of that big and disastrous blow.

One casualty of that hurricane was the South Texas Baptist College at Waller, the school which the Governor's father was attending.

Mrs. Stuart Purcell presented the Governor with a photo of the 1900 graduating class, of which M.P. Daniel was a member.

BANKERS FIGHT—A new organization, Association of Texas State Chartered Banks, has been formed to fight for preservation of the dual banking system and the independence of state banks.

P.B. (Jack) Garrett, vice-chairman of the board of the Texas Bank and Trust Company of Dallas elected president of the new association.

ROSY PICTURE—Austin and Dallas have the best employment pictures in Texas.

Texas Employment Commission says the two cities had only 3.7 per cent unemployed of the total labor force during July, the month covered in the latest report.

This 3.7 per centage also compares most favorably to the overall Texas average of 4.9 per cent.

SCHOOL BUS PASSING—Texas Department of Public Safety says it will crack down this year on motorists who illegally pass a school bus stopped to take on or discharge children.

State law requires the driver of any vehicle to stop upon approach from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging school children.

TWO BANKS—Okayed State Banking Board has approved applications of two banks, Wolforth State Bank near Lubbock, and Home-Stead State Bank at Houston.

At the same time the Board also deferred action until October 4 on an application by Hillcroft State Bank of Houston.

SHORT SNORTS—Texas Water Pollution Board has deferred until November action on Wilson County's resolution that a hearing be held on "pollution of the San Antonio River by improper sewage treatment by the City of San Antonio."

Governor Daniel has proclaimed

DIMMITT DOMESTIC WELL SERVICE Digging, Deepening & Clean-out. PORTABLE WELDING 647-3623 PAUL LANGFORD 47-3tp

September, October and November as "United Community Campaign Months."

Six more cases of polio have been reported. Paralytic cases were in Potter, Travis and Jones Counties, the latter having two.

Bids were taken by the State Highway Department for construction or improvement of 324 miles of state highways and farm roads.

Mrs. Boyce Henderson Wimberly of Woodsboro, a relative of Texas' first governor, James Pickney Henderson, presented a portrait of him to the State Library.

With the coming change in attorney generals, Will Wilson's as-

stants are moving to new jobs. Latest is Tom McFarling, formerly of New Braunfels, who becomes city judge in Austin.

County Atty. Ward Markley of Jasper was advised by the attorney general that a sheriff cannot let prisoners go to church, or go home to sit up with a sick relative, without a guard.

There is an urgent need for greater emphasis on driver education courses in Texas schools, says J. O. Musick, general manager of the Texas Safety Association.

State quota for Texas draft boards in October calls for 160 men. Col. Morris S. Schwartz, state Se-

lective Service director, has announced.

State Board of Education has moved toward a policy change in November to provide state school bus aid to city pupils without adequate public transportation service.

Statistical evidence is now overwhelming that cigarette smoking is a serious detriment to good health and long life says the Texas Department of Health.

A report by the Texas Research League on its program and management study for the Texas Game and Fish Commission has won a first place award from the Governmental Research Association.

Tough new '63 Chevrolet Trucks are here!

...THE ONES THAT WHIPPED THE BAJA RUN...TOUGHEST UNDER THE SUN... TO SHOW THE WORTH OF NEW ENGINES, FRAMES AND SUSPENSIONS!

Sometimes the caravan crept along for hours in low gear. It took 17 days to go 1,066 miles! This is the road near Loreto.

Millions of years ago nature fashioned a proving ground for trucks that man can never duplicate. Today it is known as the Baja (bah' hah) California Peninsula, Mexico.

These pictures give you only a bare idea of the place. The road is fine for 140 miles below the U.S. border. Then the beating begins. Rocks and hard-baked ruts bang, jab and jerk the trucks from stem to stern. Loose sand makes them struggle and strain. Dust chokes them. Heat roasts them. Rivers drench them.

The Baja Run took this Chevrolet truck caravan 17 days to go the 1,066 miles.

All the trucks performed magnificently. Not one was forced to drop out because of mechanical difficulty.

Trucks that can take this kind of beating can take on your toughest truck jobs. Come in now and see tough quality-built '63 Chevrolet trucks with all their new improvements.

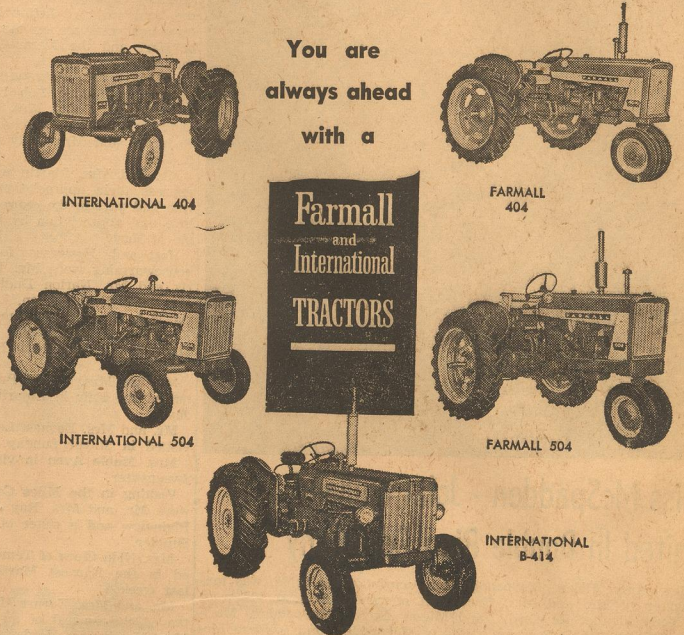

See the "New Reliables" now at your Chevrolet dealer's!

ENTERED AS SECOND CLASS MATTER IN THE UNITED STATES POST OFFICE IN DIMMITT, CASTRO COUNTY, TEXAS, UNDER THE ACT OF MARCH 3, 1879

RETURNS FROM TRIP

Mr. and Mrs. Bill Kitchens returned home Thursday from a ten day vacation to points of interest in Colorado, Wyoming, Nebraska, Montana, New Mexico and South Dakota. They were accompanied on the trip by his brother, Floyd Kitchens and wife of Slaton.

MULTISTATE TRIP

Mr. and Mrs. John Davis of Dimmitt, accompanied by her brother, W.E. Allen and wife of Chickasha, Oklahoma, returned home Friday from a visit with relatives at Watertown, and Lebanon, Tenn. They also visited points of interest in Oklahoma, Arkansas, Kentucky, Georgia, North Carolina and Missouri.

Cates Recognized As Outstanding Player

Kelton Cates, son of Mr. and Mrs. Deroy Cates, is enrolled at South Plains College, Levelland, this semester and will be a member of the Texan Basketball Team. The team will begin play with the Odessa Tournament Nov. 29.

Cates made allregional basketball during his junior year and made honorable mention on the 2nd allstate team.

He was named best allround basketball player at the school this year and was vicepresident of the senior class.

Cates is residing in Frazier Hall with other athletes.

RETURNS HOME

Michael Pace has returned to his home west of Dimmitt after graduating in August from the University of Arizona where he majored in Agricultural Economics.

MIDLAND VISITORS

Mrs. Barbara Wheat and son, Steven Clay of Midland visited her parents, Mr. and Mrs. L.H. Stevens last week-end. Mrs. Wheat returned home, Sunday. Steven remained for a week's visit with his grandparents.

ATTENDS FAIR

Mr. and Mrs. Bill Kitchens, Mr. and Mrs. Marvin Anderson and Pam, Mrs. Doris Portwood, Karen and Curtis all attend the Tri-State Fair in Amarillo on Tuesday night.

CONDUCT REVIVAL

Rev. Nola Stout, assisted by Miss Norma Elliott conducted a week's revival at First Assembly of God church in Carlsbad, N.M. They returned home, Tuesday.

Soil Auger Used In SCD Survey

Herb Bruns, soil scientist with the SCD will be conducting a soil survey program during the coming year in accordance with plans made in the Soil Conservation Program.

"Purpose of the Standard Soil Survey, which is nationwide, is to provide farmers and ranchers with soil information about their individual farms and ranches. Also, this will help in the nationwide inventory of natural soil resources," comments Pete Wright, local, Soil Conservationist.

This soil survey is being conducted county by county with soil mapping being correlated to provide a uniform type of information according to Bruns.

In conducting the survey, the basis for the soil maps are obtained by means of a soil auger, which gives the profile of the soil down to a depth of five feet. From this profile, can be determined the depth and texture of various layers of soil, root penetration, presence of restrictive layers, moisture holding capacity, erodibility, and other factors. "The preceding facts coupled with information about the slope and past erosion of the land are useful in giving proper management to the soil," says Bruns.

Soils are broken down into soil types (texture and permeability, series, slopes, and erosions).

After soils are broken into various phases, the information is plotted on aerial photo, which show delineations between soil types, soil series, slope variations, and erosion. According to Wright, the farmers and ranchers can use this information in planning and applying conservation practices.

A 1/2 ton pickup carries the machine and tools used in this survey. The machine resembles a miniature drilling rig. This pickup may be seen any place and any time, being used to test this county's soil, says Wright.

Herb Bruns, soil scientist will be in charge of the survey and will be running the machine. Over 20,000 acres of the county has already been mapped where the survey was necessary in determining the feasibility of certain conservation practices.

SCD plans to run a series of articles in the Castro County News giving information on the various types of soil found in the county.

Area Booths Receive Awards At Tri-State Fair

Dimmitt F.F.A. and Castro County booths at the Amarillo Tri-State fair achieved recognition by the judges.

Dimmitt FFA booth received a white banner giving them a third place. The exhibit was sponsored by the Dimmitt FFA Chapter and was titled "Johnsongrass is a Robber." It depicted proper ways to take care of the robber.

A backdrop of white background and red letters read, "Johnsongrass Is a Robber, Johnsongrass Steals Moisture and Nutrients." At the back of the booth there was a field composed of black dirt depicting irrigation ditches, a green crop, a fence, tractors, and Johnsongrass. Three Processes were shown which help in killing Johnsongrass. The processes were spotilling in growing crops, herbicides on fences and ditches, and proper cultivation of layout ground. In the immediate foreground of the booth were booklets entitled "Spot-Spraying Johnsongrass," "Lateral Oiling of Grass and Weeds in Cotton," and "Sodium Dalapon-Grass Killer."

Castro County booth received several awards at the Tri-State Fair. The booth received three blue first place ribbons, eight red second place ribbons, seven white third place ribbons, and one pink fourth place ribbon.

On a background of white and blue, there hung a sign with Castro formed in two colors of Grain sorghum.

In the center of the booth was a triangular arrangement of various seeds in silver-colored basins. Arranged around the triangle were commodities such as corn, grain sorghum heads, watermelon, pumpkins, butternut squash, potatoes, onions, gourds, a stalk of millet and a bundle of grain sorghum. A rectangle of white cotton rested in the center of the triangle.

Fair Winners Announced In Swine Division

SEARS GILTS: 1st, Russell Johnson; 2nd, George Heck; 3rd, Mike Armstrong; 4th, Mark Simpson; 5th, Arlie Petty.

Through a hard-hitting, Conscientious Advertising Program

Competition is a demanding taskmaster—but it can also be the greatest rewarding factor in merchandising or servicing. It is a taskmaster when competition defeats, when it sets the rut that engulfs the businessman. Competition is rewarding when the merchant forces it to become his tool, when he knows he has a thriving, growing business that will never want for customers. Business goes where it is invited—and competitive prices, outstanding courteous service with a good selection, and promotional advertising will do the most inviting.

Do yourself, your customer, and your community a favor by using the pages of the Castro County News to sell your goods and services. It is not only good business but it will help you gear your operation to today's quickly changing trends and increasing competition.

Success stories of large businesses almost always hinge around concentrated advertising and other sound business practices. Start a campaign now—you'll be amazed at how quickly you will feel the difference. Just telephone 647-3488 and a salesman will call on you at your convenience.

THE CASTRO COUNTY NEWS

Telephones and Talking Dogs

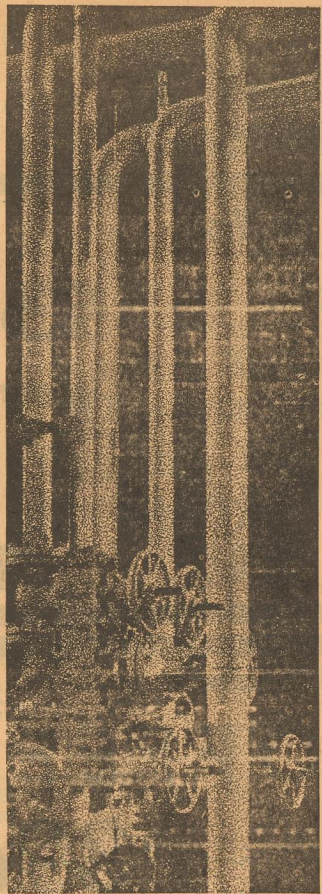

Telephone traffic is so heavy today that we sometimes think even the fabled talking dogs have switched to the telephone.

Each new telephone installed increases traffic—but it also increases the range of usefulness of every other telephone. This means your telephone service increases in value every day.

Champlin L.P.G ENGINE OIL

THE BEST LUBRICATION FOR ALL L-P-G ENGINES!

The rapidly growing use of L-P-G engines calls for a lubricating oil with special qualities. Champlin L-P-G Engine Oil is especially designed to meet these exact needs.

Champlin L-P-G Engine Oil has a special detergent factor that keeps L-P-G engines clean under all operating conditions, removing and preventing engine deposits. It gives extra protection against oil thickening. Special oxidation inhibitors insure free-flowing lubrication. It provides a tough oil film between all moving parts under all pressures and all temperatures. Choose Champlin L-P-G Engine Oil for safer, more economical operation.

LONGHORNS SNEAK BY BOBCATS
 Lockney came from behind Friday night to nose the Bobcats out by a 7 to 6 victory. The first quarter was scoreless, then the Bobcats surprised the Longhorns with a touchdown in the last part of the half. Cowsert, receiving the ball on the 40 yard line, carried it for the touch down.
 The third quarter was a scoreless one, with 9 minutes left in the game Lockney's Zavala swept around the right end for 10 yards and a touch down. Lockney's Moore converted for the extra points.
 Bobcats came back fighting, utilizing passes and moved from their own 20 yard line to Lockney's 35, but only for time to run out on them.
 The Bobcats won in all categories but the scoring. They had 152 yards rushing to Lockney's 35. In passing the Bobcats had 65 yards to Lockney's 0.
 The Bobcats will travel to Hereford Friday night, where they will meet the Whitefaces in the Whitefaces stadium at 7:30.

Officers for the Pep Club Elected
 September 7, 1962, pep club leaders and members met and elected officers for the coming year. Linda McColum, sophomore, was elected president, Linda George, sophomore, was elected vice president, Louise Carson, junior, secretary and treasurer. Sharon Odom, senior, is reporter for the pep club.
 Forty-six students are participating in the pep club activities. There are no boys in this year's pep club.
 When going on trips away from home all members must ride the bus to the game. If a member does not want to ride the bus home, she must have a written permit signed by her parents, giving her permission to ride back with someone else.
 Mr. Bates emphasizes, "I have set up new rules and regulations and every member is expected to follow these rules. All members will have to wear identical uniforms. I have a real good group of girls to work with, they are very cooperative, and I plan to keep it this way."

Science Club Starts Off Year
 The science club met in the biology lab, September 13. They elected new officers and set a date to meet. There were eighteen members attending this meeting.
 Mrs. Robinson said if anyone was interested, they would have to write a letter to the club. In the event that a member drops out, the first applicant will be permitted to join the club.
 The aims of this club is to increase our knowledge of science, serving our nation, and bettering our skill in science.

Freshmen Find a Topsis Turvey World Every Time His Eyes Open
 The Freshman Thinks That:
 1. The weather bureau is a piece of furniture.
 2. A knapsack is a sleeping bag.
 3. A water moccasin is a new kind of house slipper.
 4. That the League of Nations is a new baseball circuit.
 5. That the "Lady of the Lake" is a bathing beauty.
 6. Independent Clause is Santa's brother.
 7. Hamburg is the place where all bum actors came from.
 8. That a nut sundae is a holiday in an insane asylum.
 9. An autobiography is a book about a car.
 10. Hamlet is a young pig.
 11. A nightingale is an evening wind.
 12. Wavy hair is caused from water on the brain.
 13. Joan of Arc was Noah's wife.
 14. Football players press their clothes with a gridiron.
 15. E. Pluribus Unum manufactures silver dollars.
 16. The Secretary of the Interior is a stomach specialist.

Teacher of the Week
 Something very dramatic happened to our teacher a few years ago. She began crying for the first time. This was to announce her arrival in Santa Fe, Oklahoma.
 At the age of four, little Miss Benson became a full fledged Texan. She received her elementary school education at Monahan, and at Sundown, Texas. Post, Texas was the scene of her last three years of high school.
 After graduating from high school, Miss Benson attended West Texas State College at Canyon, where she received her Bachelor of Science Degree.
 While at Canyon, Texas, Miss Benson met J. D. Covington. They were married on December 19, 1950 in the West Texas State College Chapel.
 Mrs. Frances Covington is now teaching girls P.E. at Dimmitt. She loves to work with drift wood in her spare time. She enjoys fishing and watching ballgames of any kind.
 Mrs. Covington is the proud mother of three wonderful children. Deborah Ann, age 9, and Sandra Rene, age 7, are very proud to have such a fine gentleman for a brother as Joe Don, age 5.
 During the summer Mrs. Covington and family spent time in Montana at Flat Head Lake. Here they own a cherry orchard. From Montana they went to the World's Fair, Glacier National Park and toured parts of Canada.
 To an honored teacher:
 She was lovely and fair to see,
 And the elfin's heart beats fitfully;
 But lovelier far, and still more fair,
 The earthly form imprinted there;
 Drake

Ronald Young's "Ideal Girl"
 Most Beautiful - Judy Mooney

 Singer - Smother Brothers
 Song - Theme from the Magnificent Seven
 Mike is in the Science Club and he added he liked to play football for the Bobcats.

Are You A Bully?
 The newly formed school patrol has been created for your protection-not hindrance. They are placed at the various street crossings where the pedestrian traffic is the heaviest.
 You are required to cross the street only at these places. Your name will be taken and turned into the office, on failure to do so. The consequence will be decided by the principal and the superintendent.
 Don't let your age and maturity be used as an excuse to disobey them. They know the rules. Your cooperation will be appreciated.

Patty's Party
 If you had been driving out east of Dimmitt Saturday night you would wondered what on earth was going on at Patty George's. I wondered and decided to investigate. I snooped around and decided she was having a party.
 I hid in a dark corner and watched to see what was happening. I noticed Sue Hendrix and Paul Easterwood along with Donnie Stokes and Pam Dollar enjoying Jerry Kay Dodd's homemade cookies. I looked around just in time to see Alice Acker come in. She walked over and started talking to Tommy Gross, Ann Cole, Ramona Hall, Kathy Huckabay, and Linda Schreck. I looked at the refreshment table again and watched Glenda Smilie and Harlan Kenmore enjoying cokes, spudnuts, and crackings with spread. Arnold Acker and Gayle Buckmaster weren't saying much but I noticed them anyway. Steve Myers and Linda Davis were enjoying the game they played. The activities included playing records, which occupied Kay Hillburn's time, and several interesting games. Another activity which wasn't on the agenda was washing the cars. An uninvited guest had passed the evening away by spraying shaving cream all over the inside and outside of the cars. While no serious damage was done, this wasn't the best part of the evening.

Moon Gazing
 By Ina Messenger.
 When you think of moon gazing, you think of it in one of three senses. There are really only three ways of moon gazing; therefore there are only three types of moon gazers. Moon gazing is not a new fad, but has been going on ever since the creation of the world.
 From the creation of the earth, men have gazed upon the moon as a weather guide. Men consider the shape of the moon and seem to know when the next rain will come. They look to the moon as a guide for crop planting and crop gathering. This type of moon gazer might be called the superstitious moon man, because he really has no logic for his calculation. Still; this condition has existed for generations and will continue to do so. This type of man could not be persuaded to change his belief because his father taught him to follow the moon.
 The type of moon gazing that should come next is more frequently called astronomy. Everyone has heard of these moon gazers at one time or another. They study the moon planet from a more scientific angle; they get a close-up of the moon.
 The last type of moon gazing might be called romantic moon gazing. This is the phase that every young American is well versed in. What is romance without a beautiful moon and what could put a pair of young lovers into a more romantic mood than a beautiful silvery moon on a cool summer night? This is the type of moon gazing that is most participated to. Millions of America's youth and youth all over the world are brought to realize the significance of a lovely moon. In conclusion, we may say that the moon helps to make the world go around and keeps love flowering.

CAMPUS CHAT
 By Carolyn Godfrey
 Slurp, slurp, what would people do without me? I'm just a little character that carries the refreshing drink to some thirsty teenager, who is always on the go.
 Saturday is here and off I go, right into the palm of Patty Catoe and Bessie Scott. Then out the window I go again and see riding down the street is Belva Jones, who is from Amarillo, and Jerry Morris, Kaye Williams and Mack Thompson, Deborah, Buckmaster and Darless Goolsby. As I flew by the movie house I saw Sharon Thomas and George Wall, Arlene Reid and Don Moke, Jo Lynn Harmon and Jimmy DiCuffa, Gayle Elder and Jim Ratcliff, Suzanne Dickey and Dwight Cathy, all starting at something on the screen. It sure must have been exciting because not even me could get their attention! I also saw Penny Pennington and Howard Smithson making eyes at each other!
 It seems that people just don't seem to care about me after I'm smashed or broken, any way that's the way Jean Nelson and Dan Petty felt about me on Sunday afternoon along with Sharon Thomas and Gene Bradley, Marikay McMillan and Gary Calhoun, Lynda Dodd and Jimmy Campbell.
 Somewhere along the line I heard that Carianne Calvert had made Gary Morrison a birthday cake and cooked Sunday dinner for him. By the way Gary, was it good?
 Oh yes, did you know that Judy Haislip and Donny Hestand are going steady?? Isn't young love great?
 Well, my afternoon had been long and it was time for me to start stepping out into the night life to see what was going on. I saw Judy Mooney and Michael Calvert, Mary Graham and Kent Gabel, Sandra Schreck and Jim Cowsert, Cecelia McSpadden and H.S. Fuller, Jane Cleavinger and Joe Wright, Linda Schreck and Jim Axe, all having a good time at the show.
 Down town riding around I saw Patty Catoe and Bessie Scott again. Reckon this could be Young Love? It seems he came all the way from Lubbock just to see her. What about this Patty?
 By this time I was so tired of being bent, smashed, and bitten that I carried myself to the trash can and jumped in head first. But through the cracks of my little trash can, I could see Deborah Buckmaster and Darless Goolsby, Glenda Minchew and Eugene Oldham, Johnna Hastings, and Jacky Dunn. Then came some big blazing fire—and that was the END of me!!

Senior of the Week—
 Judith Ann Brown was born on October 24, 1945, to Mr. and Mrs. Wesley Brown in Hereford, Texas.
 In the broad field of music Jan chooses "Till Death Do Us Part" as her song and Picky Nelson as her favorite singer.
 In the movie world Sandra Dee and Kirk Douglas rate first on Jan's list. She enjoyed the movie Spartacus very much and considers this the best movie of the year.
 In the line of cars Jan prefers a red Ford.
 When she sits down to a table full of food, she chooses Southern Fried Chicken as the most appetizing.
 In her spare time she listens to the radio, writes letters, and cooks.
 Jan's high school activities include Pep Club, F.H.A., and Choir.
 She plans to attend West Texas after graduation.

Personality of the Week
 September 27, 1944, was a lucky day in Dimmitt, Texas, because it marks the birth of Mike Burkett. Since that day he has worked his way upward and is now the President of the Student Council. He is 6 feet tall and has brown hair and brown eyes.
 If I were an American I would support the team of my choice to the fullest extent, even if it meant a sore throat until the next ballgame.
 Thank you B.Q. yes, we should take advantage of our freedom and support our team. It is true that not everyone has been giving their support; and the school spirit, for which Dimmitt is known, has been lagging. Let's see what we can do to build it up.

THIS IS MY DADDY'S PIPES AND MY MOMMY SAID THEY SMELL BAD AND I PUT PERFUME IN THEM AND MY DADDY SAID WITH INK! WILL GIVE UP SMOKING AND I WONDER IF I WILL GET MY INSURANCE CHEEPER THAT WAY FROM

TAYLOR-HARRISON AGENCY

Dr. Pepper Company Donates Programs
 "Programs? Anybody want to buy a program? Only 10 cents! Thank-you, sir!"
 These were only one of the same old familiar sounds at the football game, Friday night.
 We would like to take this opportunity to thank the Dr. Pepper Bottling Company for supplying us with enough programs for all our home games.
 This is the first year we have had programs as colorful as these and we are very proud of them.
 We would also like to thank Miss Littlepage and "Smith" for "slaying" for two days to print them. Right along in these helping them were Carolyn Godfrey, Georgene Blanton, Gaynell Tate, Lynda Dodd, Kaye Williams, George Wall, and Gary Morrison. We would like to give them an extra thank you for having so much patience in printing the programs. Just continue to keep up the good work for our remaining home games, so the people will have a good program to go by.
 We the journalism class do hope you are satisfied with our program and enjoy them.

Lyre Club Has First Meeting September 10
 The 1963 Lyre Club had its first meeting Monday, September 10, 1962. Ten new members were brought in to the club. They are as follows: Shari Willis, Suzanne Dickey, Valeria Millsap, Pat Moran, Janis Davis, Marikay McSpadden, Jane Cleavinger, Patty Catoe, Donnie Stokes, and Edna Slough.
 A motion was made and accepted that if anyone is failing at the end of a six weeks period, they will be automatically dropped from the club. All persons absent twice without a good excuse will also be dropped.

North Grade News—
 The seventh and eighth grades had class meetings Tuesday, September 11, 1962. The purpose of the meetings was to elect class officers for this year.
 Officers of the Seventh Grade: President - Tommy Morton
 Vice - President - John Hays
 Secretary-Treasurer - Doug Hays
 Reporters - Graham Sheffy
 Sue Lust
 Officers of the Eighth Grade: President - Beelee Goodwin
 Vice-President - Carolyn Simpson
 Secretary - Genita Aldridge
 Treasurer - Danny Land
 Reporter - Karen McColum

Victory Party
 Boy Am I so tired! I'm a little paper cup that blew all the way from the football game to the American Legion Building. Just as I blew in the door, Jerry Morris nearly stepped on me, he was doing the twist with a cute little girl from Amarillo. Some of the other couples were: Kent Gabel and Mary Graham, Mike Goodwin and Sharon Lilley, Mike Burkett and Sharon Thomas, Larry Scoggins and Eva Gills and Kitty Robinson and Aaron Hutto. The party ended about twelve o'clock and that's the last I saw of the kids.

Around The Campus—
 We were very fortunate this past week to have visiting with us B.Q. Zaitsevskoj from the U.S.S.R. He will report to us on the highlights of his trip.
 There are many things I could tell about, but one thing that amazed me most was the activity on Friday I believe it was called a Pop Rally, or was it a Pep Rally? Well, if you say so, a Pep Rally. I think it should be considered a great privilege to be able to exercise your vocal cords so freely. Evidently the teenager in Dimmitt doesn't consider it a privilege because as I looked around some people, students and faculty, were just sitting there looking bored. If we were to have such freedoms in Russia everyone would take advantage of it.
 Another thing that surprised me was Friday night when those huge, broad shouldered boys were kicking that poor ball around. On one side of the field people would yell when the red boys got the ball, on the other side the people would yell if the purple boys knocked a red one down. I could sit on one side and yell a while or I could sit on the other side and no one

Soil Scientist Elected for High Plains Foundation

Dr. Arthur F. Gohlke was elected to the position of Soil Scientist at the High Plains Research Foundation, by the Board of Trustees, upon the recommendation of Dr. Earl H. Collister, Director, at the semi-annual meeting of the Board on September 14. Dr. Gohlke will conduct research on specific soil and plant projects and also supervise the research at the Foundation with soil and water research. He will join the staff at Halfway permanently when he completes some very important basic research projects in radio active phosphorus and soil and water relationships in the Department of Biochemistry at Michigan State University, Lansing, Michigan.

Dr. Gohlke is a native of the High Plains of Texas. He farmed with his father and brothers near Littlefield, Texas. He received his bachelor of Science degree at Texas Technological College in 1953. He was employed by Agricultural Chemicals Inc., Greenville, Mississippi. He was employed by the Plainsman Supply Co. Plainview in 1956 and 1957.

In the spring of 1957, he commenced his graduate program at Texas Technological College receiving his Masters degree in Agronomy in August, 1958. He was accepted for graduate work at Purdue University, Lafayette, Indiana, in September 1958, securing his Doctor of Philosophy degree in Soil Chemistry in 1961. He is at present conducting post doctorate research in bio-chemistry at Michigan State University, Lansing, Michigan.

His work in this field of soil and plant relationships will be of great value to the agricultural industry in the High Plains. His studies of the yields of cotton and grain sorghum of irrigated Amarillo Clay Loam in two moisture levels; cotton insect control activities in Lubbock County together with his scientific studies and publications at Texas Tech, Purdue, and Michigan state will be very helpful as he starts his activities at the Foundation.

The new soil and plant research laboratory given to the High Plains Research Foundation by the Killgore Foundation in Amarillo is already equipped for some of the work Dr. Gohlke will be doing in soil and plant research. Other laboratory equipment needed will be secured to give him the facilities for his studies which will be directed to continue the strengthening of the agricultural and business economy of West Texas.

Dr. Gohlke's father and brothers are active in farming in Lamb County. Dr. Gohlke, his wife Mary Lene and daughter Debra Ann will move from Lansing, Michigan to Plainview in December.

Dr. Earl H. Collister in announcing the approval of the board stated "The addition of Dr. Gohlke to our staff will round out our program in Soil Sciences and make the Foundation one of the best staffed research centers in West Texas."

Even Lawyers Require Relaxation

District Bar Association of 64th Judicial District comprised of Castro, Swisher, and Hale counties met last Saturday evening in the First Methodist Church.

Richard Rowley, presently, a practicing attorney and a former District Attorney of Clovis, N. M., was great speaker at the meeting. His topic for the evening was NECESSITY OF RECREATION FOR ATTORNEYS. Rowley recommended a five-day week for lawyers. According to Rowley, more time should be utilized in relaxation from business worries and long office hours.

Election of 1963 officers was also conducted at the meeting. Russel A. Moran is new president. Grady Tunnell of Plainview was elected vice-president. Ken Owen received the office of secretary-treasurer of the association. A steak dinner completed the agenda for the evening.

CROP Drive Set For November 4-11

At local meeting conducted Tuesday evening in the Courthouse Community Room, the CROP committee set November 4 as CROP Sunday.

Burt Morris, promotion director, presided in the presence of Norman Cleavinger, board chairman of the campaign committee.

The committee set the week of Nov. 4-11 for solicitors to campaign for gifts of grain, other commodities, and money. According to the committee, this food and money will be used to feed hungry people in the world.

Ted Holland, representative of national CROP program, was present in this meeting, also. Many problems were clarified concerning the Rural Overseas Program. This program is not a part of the Foreign Aid Program of the Federal Government.

Denominations having missionaries will distribute their commodities and money through this source. The missionaries will divide the commodities according to need. No government may receive or distribute these supplies. Protestant and Catholic churches having their own organizations for collecting and dispensing aid will receive CROP gifts without overhead expenses," says CROP committee.

CROP emphasizes a self-help program. About 60 per cent of the commodities are contributed to help people become self-sustaining where possible.

Farmers giving the commodity before selling it will receive a double tax benefit. The value may be listed as a gift. According to the CROP Committee, grain storage dealers are prepared with forms for farmers to sign in order to receive this tax benefit.

TEC Supplies Harvest Workers

Castro County citizen, Cecil Campbell, will serve on the County Farm Labor Committee and will meet with Mr. Billy L. Lynch, Manager of the Texas Employment Commission office, to review the total seasonal employment needs developed by the TEC.

The Committee was presented with the figures of the TEC that Castro County will be short 1,050 cotton pickers during the peak period of the cotton harvest. This shortage will be met by the importation of Mexican National Bracero workers.

The Committee will function under Public Law 78, obtaining facts relevant to the supply of domestic farm workers existing in Castro County and the shortage of workers, if any, which must be met by importing Mexican Nationals to harvest the cotton crop. Under Public Law 78, the TEC must supply this information to the Secretary of Labor who must limit the number of Mexican Nationals to be used in this county by granting a "ceiling". The Committee consults with the local Office Manager to assist him in estimating the number of workers who will be needed, based on current local conditions affecting the cotton crop.

"Ceilings" granted by the Secretary of Labor limiting the importation of Mexican Nationals into this area will be posted in Post Offices in Dimmitt, Hart, Nazareth, Summerfield, in the County Agent's office, and in the County Courthouse.

SORORITY PLEDGES

A total of 332 women were pledged in Texas Tech's 12 nationally affiliated social sororities at the end of the formal fall rush," announced Dr. Florence Phillips, Dean of Women.

Among Dimmitt girls pledged were Sheri Lee Walker in Alpha Chi Omega, Keitha Kay Davis in Chi Omega, and Tommie Loise Alen in Sigma Kappa.

P-TA SPOTLIGHT

Dimmitt P.T.A. Unit met Tuesday night at 8 in the South Grade School cafeteria.

Mrs. Joe Cowen, first vice-president and program chairman, presided in the absence of the president. A Hospitality Tea for parents and teachers will be given Tuesday from 4 to 6 p.m. in the Bank Community room," announced Mrs. Cowen.

Dee Parks and Larry Gamble, boy scouts, opened the program by bringing in the United States and Texas flags. Then, they led the audience in the "Pledge of Allegiance." Minister Hugh Blaylock of the Methodist church gave the opening prayer. Mrs. Roy Lowe accompanied on the piano by Dr. Charles Vandiver, led the audience in singing "America The Beautiful", "God Bless America", and "The Star Spangled Banner".

Mrs. Buster Tidwell, secretary, read the minutes of the last meeting. Mrs. Russl Moran, treasurer, reported the amount in the treasury as \$54.74.

Mrs. Ted Sheffy, membership chairman, reported 150 member registered for P.T.A. Dues may still be paid to Mrs. Sheffy or sent by students to the school.

Mrs. James Proffitt, third vice-president and yearbook and publicity chairman, said the yearbook should be ready in October.

F.H.A. girls, who took care of the children in the gym during the program, were Ginger Kemp, Beth Sheffy, Donna Dehtan, and Mary Lou Salcido.

Mrs. Jim Dowty showed the Cartoon Circus. A mistake in the last issue of the paper gave the impression that there would be a Cartoon Circus at every meeting. This cartoon Circus was only featured in this meeting. It will not be a continued feature.

Mrs. Stanley Schaffer and W.W. Jones were given red carnations as this month's merit awards in recognition of their help and establishment of the Safety Patrol. Hilburn Fuquay, Residorph, and Mrs. Helen Richardson introduced the teachers.

Mrs. Joe Cowen acknowledged special speaker, C. L. Kay of Lubbock. His topic for the evening was "Our American Heritage". Kay believes the problems of today are due to emphasis on the negative rather than the positive. "We are witnessing a moral decay. So goes the home, so goes the nation," commented Kay. Refreshments were served following the meeting.

Delegates Attend Democratic State Convention, Tues.

Delegates represented Castro County in the Democratic Convention conducted El Paso, Tuesday.

Those attending as delegates were Ray Bearden, chairman; Mrs. Ray Johnson, secretary; Norman Cleavinger; Ed Bennett; Dean Sanders; Glenn Reed; E.B. Noble; H.E. Henley; B. M. Nelson.
