Dr. W. E. Patterson.

DRUGS,

Being the only registered Pharmacist in the city you will make no mistake by bringing me your prescriptions or buying your poisons here. Neer's Loadstone Liniment cures Frost Bites.

Dr. W. W. Penn.

For Sale—14 inch Oliver sulkey plow in good order and almost new. Robert Hicks.

Wilson Orr, U. S. Court commissioner at the new town of Urton, was a county seat visitor Wednesday and Thursday.

Mrs. W. F. Dickey has purchased the Stag restaurant, remodeled and changed its name to the Owl. Parties desiring the best are invited to call.

H. Veach, who owns a fine place east of town, has moved his family from Durant, Indian Territory, and will make Portales his permanent home.

Joe Howard left Tuesday for eastern and northern points, and will return on the next excursion with a good bunch of homesteaders.

Mrs. Garrett invites the ladies of Portales and vicinity to call at her millinery parlors whether they desire to buy or not.

A large emigrant train arrived from the east Tuesday. In this train were several families all of which came here to settle upon their homesteads.

B. Blankenship, of the firm of Blankenship & Woodcock, made a trip to Texico Tuesday. Mr. Blankenship has an interest in a large mercantile establishment at that place.

Miss Alice Bryan who for some time has been visiting in the home of Dr. and Mrs. J. R. Bryan, returned Wednesday to her home in Mountain View, Oklahoma.

Charley Woodcock reports that he gathered some exceedingly fine strawberries from his patch this week, however his magnanimity exceeded his appetite and he gave them to his neighbors.

R. M. Sanders returned Monday from Roswell, having completed his service on the federal grand jury. R. M. says that the artesian water looks fine, and it also tastes good, but that the novice usually gets mighty busy after absorbing a gallon or so.

The friends of Marcum Johnson will be pleased to learn that he is holding a very responsible position in one of the large smelters at El Paso, with a salary \$80.00 per month. Marcum is a very bright young man and will continue to climb.

Assistant Attorney General E. C. Abbott has rendered an opinion in the question of the right and power of the county assessors and their deputies to enter private dwellings and business places for the purpose of ascertaining the value and extent of personal property subject to taxation under the laws of the territory. The Assistant Attorney General holds that such power and right exists and that assessors and their deputies may enter private dwellings and business houses at will in order to perform that duty. —Roswell Record.

Barred Plymouth Rocks.

The best blood in America, bred for exhibition and winter laying. Eggs, \$1.00 for 15. If you fail to hatch 8 chicks I will duplicate your order at half price. Leave orders with W. E. Miller's Jewelry Store at White's drug store. HENRY C. BENDERGER.

Parties who wish to secure eggs from full blood white Leghorns or Rhode Island Reds, can get them from Mrs. J. T. Green, of Bethel, N. M. These two breeds of chickens have a world wide reputation as the greatest egg producers known. For settings of 15 eggs \$1.00. Leave orders at this office.

Notice.

The Bedford Forrest Camp U. C. V. will meet on the last Saturday in May to re-organize and elect new officers and make arrangements for the reunion to be held in the summer. Every member of the Camp should be present to help on the good work and make necessary arrangements.

M. C. REYNOLDS, Acting Capt.
R. Y. GREGG, Adjutant.

...SUMMER...

SMART, stylish, shape-retaining Clothes are the kind we sell—garments that will become any man, no matter how hard he is to suit.

No need for you to waste time and money with a custom-tailor, we have the very latest styles, duplicates of the clothes worn by New York's swell dressers and tailored by Schloss Bros. & Co. finest tailors in the world

Come in and let us show you the new models and patterns. We would like to have you try on a few of them. Prices range from \$15 to \$30, but you need not buy because you look. We're always glad to see you.

Warren-Fooshee & Co.

THE SEASON IS HERE

When property is continually changing hands. If you need money to invest in real estate, call and see us. The chief function of a bank is to receive deposits and to make loans. These things we are prepared to do, in a manner acceptable to our patrons. Every transaction between the bank and its customers, we regard as of a private nature, not to be divulged by us. Our methods, though conservative, are modern and liberal. A prudent, progressive policy is the mark at which we aim.

The First National Bank,

Portales, New Mexico.

The New Town of Urton.

Urton, N. M. is thirty-five miles south of Portales, fifty-five miles north of Roswell, on the Santa Fe Railroad, plenty of fine government land, shallow water in town, beautiful location. If you want a good home we have agents to show them to you, they are on the ground every day. Come now while everything is new, you can get lots of cheap land close to town. Don't wait till the other man gets it and have pay a bonus, get in on the ground floor and you will never regret your trip. Nothing like home. Thousands of people say you can't live in the west, don't believe everybody; when you want a home go to those that offer you a home for practically nothing.

E. A. CLAYTON,
President Urton Land Co.

Go to the Palace of Sweets for fine candies, cider, cocoa and hot drinks of all kind, fine cigars, smoking and chewing tobacco, fresh fruits and nuts of all kinds, fresh bread, cakes and pies.

J. R. BANISTER, Prop.

For Sale—An elegant hotel, well furnished, best locations and best patronage in town. 26 nice, large rooms. Located near depot on Main St. for particulars address Mrs. W. P. Seymour Portales, N. M.

Baptist Fifth Sunday Meeting.

The Fifth Sunday meeting of the Portales Association was held with the Unity Baptist church 13 miles southeast of Portales.

The discussions were along the line of giving of our substance to the Lord. The addresses were spiritual and elevating, all reaching the conclusion that in a logical and scriptural manner we have nothing to give to the Lord. The reason is that we with all we have and the earth and her fullness, belongs to him. Reaching these conclusions with every step and point proven by the bible, we feel that a christian has a right to withhold anything he has from the Lord. He should use it all for God's glory in such ways as the Holy Spirit impresses him to do it. The preaching was spiritual and helpful.

In the business session the poor were remembered, destitute places provided for, and arrangements were made to purchase a tent for our missionaries to use where houses are too small to accommodate the congregations. We are trying to lengthen our cords and strengthen our stakes.

Dinner was served on the ground each day and a general good time was had socially as well as spiritually. All in all the meeting was one of the best it has been my privilege to attend. May the Lord give us many such soul-stirring meetings. J. F. ROEX.

Obituary.

Mrs. J. D. Watson—The grim monster death with its icy fingers has again visited our town and left many hearts sad, this time taking from the walks of life, Mrs. J. D. Watson, who peacefully fell asleep in Jesus, May 2, 1906. Her body was laid to rest in the city cemetery, the funeral being conducted at the home of her parents, Mr. and Mrs. Hollingsworth, by Rev. J. F. Rorex. Mrs. Watson was born May 10, 1881, professed faith in Christ in August, 1902 and united with the Methodist church at Santa Anna, Tex. She lived a consistent christian life until her death. She was married December 13, 1903, and leaves her sorrowing companion and little boy besides a father and mother, brothers and sisters and a host of friends to mourn her departure. She was a dutiful daughter, devoted wife and loving mother. A cloud of sorrow hangs over her just now, but I would say to the aching hearts, look up through your tears and beyond the dark clouds of sorrow and see the smiling face of Jesus. You cannot call her back to you but you can go to her. She was one of God's children, honest, true, benevolent and kind, but the great reaper came and the good woman has been garnered into the great storehouse of the Lord. The glad songs, the voice of loved ones, the beauties of nature are no more for her. Sleep on and take thy rest dear sister. There are many who mourn you, eyes that are dimmed with tears as they remember with grateful hearts your many generous acts of kindness. "Blessed are the dead who die in the Lord."

Democratic Meeting.

The Roosevelt County Democratic Central committee is hereby called to meet at the court house at Portales, Saturday, May 19, at 3 o'clock p. m., for the purpose of attending to all business connected with the holding of the county Democratic primaries.

The committee is composed of the following-named members: Portales—J. B. Priddy, C. L. Carter and A. S. Hornbeck. Texico—Alex Shipley, Tom Hunt and Myers.

Floyd—Henry Price and E. A. Morgan.

Hill—Blackwater—Tut Gamble and Wm. Hill.

Doss School House—A. H. Lewis and Mr. Temple.

Arch—Henry Williams and J. W. Ross.

Tolar—W. A. Watkins and W. B. Gates.

Elida—D. Roach, W. P. Kilpatrick and J. R. Darnell.

Bethel—Flue Anderson and S. H. Stinnett.

Hawkeye—Pearson and Holmes.

G. L. REESE, Chairman.

C. E. HALL, Secretary.

Santa Fe Spending Nearly \$5,000,000, on the Newest Thing in Cars.

The modern steel-underframe mail cars now in general use on Santa Fe System lines are the newest thing in railway equipment. They are of the latest design. Everything has been included that could add to comfort and safety and facilitate the work of the postal clerks. It is claimed that the improved steel-underframe postal cars, with their six wheel trucks, move over the rails without perceptible jar or vibration. The Santa Fe enjoys the distinction of being the only railroad in the United States operating such cars as a part of its regular equipment. A few other lines are experimenting with them, but it has remained for the Santa Fe to be the first to adopt them. In addition to those now operated on the Santa Fe, there are under way at the shops thirty-nine more of these cars, all of them to be sixty feet long.

The steel-underframe cars last longer and are more economical than the old style. They are also practically proof against destruction in any ordinary accident. The steel-underframe marks a notable step forward in car-building as important in its way as steel construction in sky-scraping office buildings. It means greater safety and greater durability. It has come to stay. No up-to-date railway can hereafter be without it.

The underframe of the new cars consists of four massive steel sills extending the entire length of the car. To these sills are attached, by steel needles, heavy cross-beams. This construction renders buckling up or breaking in two of a car almost impossible.

Of the steel-underframe class to be operated by the Santa Fe System, there are now under way sixty standard baggage cars 70 feet long; 4,500 standard box cars 36 feet long, capacity 70,000 lbs; 850 coal cars with drop bottoms, capacity 100,000 lbs; 450 Rodgers ballast cars, capacity 100,000 lbs 1,250 flat cars, 40 feet long, capacity 80,000 lbs., 100 side cars, 80,000 lbs. capacity; 1,000 drop bottom stock and coke cars, and 300 furniture cars of 70,000 lbs. capacity.

In addition to this list the Santa Fe is increasing its passenger equipment. There will be added thirty smoking cars, two cafe observation cars, twenty-five standard day coaches and twenty-two partition day coaches for use in Texas.

The above is to replace old cars, but the bulk of it is intended to care for prospective new business. The Southwest is growing rapidly. There will be more traffic there this year than last, and more next year than this. The Santa Fe is not only caring for present needs but looking to the future as well.

M. E. Church, South.

There will be preaching at the Methodist church Sunday morning and evening as usual.

S. E. WILSON, Pastor.

Notice.

I have found the place to buy my goods. Everything kept fresh and clean, your money's worth of anything, when you buy at the Palace of Sweets.

STATEMENT OF THE CONDITION OF THE BANK OF PORTALES.

Portales, New Mexico.

At the Close of Business, May 7, 1906.

RESOURCES.		LIABILITIES.	
Loans and Discounts	\$68,997 59	Capital Stock	\$20,000 00
Overdrafts	2,156 44	Surplus & Profits	7,489 15
Expense Account	1,457 83	Exchange Account	100 00
Real Estate and Fixtures	4,417 27	Due Depositors	61,071 84
Cash and Sight Exchange	66,518 05		
Total	\$105,263 14	Total	\$105,263 14

The above statement is correct.

J. H. GEE, Second Vice-President.

J. B. SLEDGE, PRESIDENT AND CARRIER.

A. F. JONES, Bookkeeper.

La Lande. As we don't often see anything from this part of the country, I will give the readers of the Times an idea of what is happening at La Lande.

We want to tell you of a town whose history begun only a short time ago. Whose prospects is by no town on the Pecos River, and whose future is as bright as the noonday. Two months ago not a house or tent marked the spot of our townsite, today we have a thriving little city and houses and tents of various descriptions thickly dot the once naked prairie. The song of the carpenter's hammer and saw greet us in the early morn, while the chimneys of the many supper bells call us home "to calm repeat and sweet repose."

Our industrious citizens have planted a row of trees on either side of main street and great interest is manifested in their culture.

The La Lande Mercantile Company have just received a fresh stock of groceries and offer only the best to its customers.

Several stone buildings will be erected in the near future as there is a ledge of fine building stone about one mile from town.

J. C. Light has put in a first-class lumber yard at this place and is prepared to fill all orders.

Many houses have been built on homesteads near here in the last few weeks, and the farmers are showing their good intentions by fencing and breaking out their land.

Each train brings a number of prospectors and the most of them locate either in town or the nearby country.

Floyd & Hamill have a large supply of hay, feed and seed to supply the need of a new country.

We have been informed that a concrete depot is to be commenced here in a short time, which will add greatly to the comfort of the public.

A dance was given at the feed store of Floyd & Hamill last Monday night and many of the young people from Tolar attended. All reported a good time.

To those that are looking for homes or a town for investments, La Lande offers the best inducements of any place on the Belen Cut-off. Come and see what we have to offer. W. P. H.

Notice.

Sampson is a mammoth black jack, 15 hands high, 4 years old, white points. He will make the season of 1906 at my farm 5 miles east and 5 miles south of Portales. This jack has an extremely heavy bone and body, big head and ears and is a sure foal getter.

Term—\$8 to insure living colt. A lien will be retained on the mare for the fee. Service money is due and payable when foal stands and sucks, or when mare is disposed of or removed from the county. Care will be taken to prevent accidents but will not be responsible should any occur. Pasturage at \$1 per month for mares awaiting service. (m-11)

S. A. CRABB.

For Free Distribution.

There is about 300 bushel of cotton seed bought by the citizens of Portales for free distribution. These seed can be had by applying to C. W. Morris and giving name and address and agreeing to plant and cultivate same. Not more than 5 bushel given to one man.

Barred Plymouth Rocks.

The best blood in America, bred for exhibition and winter laying. Eggs, \$1.00 for 15. If you fail to hatch 8 chicks I will duplicate your order at half price. Come and see them 2 miles south of Portales on road to dipping vat. HENRY C. BENDERGER.

Dick Freeman has moved his restaurant to the building formerly occupied by Dr. Camp.

TREES! TREES! TREES! Plains grown. Write for catalogue. Hereford Nursery, Hereford, Texas.

FRISCO TAKES REST: FIRST SUNDAY OF REST.

City Getting Down to a Set of Regular Habits.

San Francisco, Cal., May 7.—The first accident in connection with dynamiting dangerous walls by the engineers of the army occurred yesterday. Smaller quantities of explosives than were used last week are now being fired, which necessitates two or more charges of dynamite before the desired result is attained. The engineers were working in the downtown districts. Twice had dynamite been exploded under the facade of a tall ruin and a third charge was being inserted when the wall fell. Three soldiers were buried, but a mass of twisted iron partly shielded them and only one was seriously hurt.

This has been the first day of official rest that the city has had since the beginning of its distress. All of the municipal departments were closed with the exception of the police stations and hospitals, and Franklin Hall, the seat of San Francisco's government was destroyed. The police have had little excitement to gain their attention. The same conditions prevailed as upon the streets as in churches, Sunday open air sermons being the rule. At Golden Park the usual Sunday afternoon concert was given and was attended by thousands. That the people as a whole are beginning to look for some diversion was shown last night, when a crowd assembled to witness a vaudeville show in a hall on Fillmore street. The authorities, however, at the last moment refused to permit the performance.

Two arrests for selling liquor were made yesterday and as indication of the determination to suppress the traffic in intoxicants until the saloons are allowed to reopen the chief of the officers were refused bail and the other's bond was fixed at \$5,000.

The congregation of the M. E. Church, South, Oklahoma City, has made arrangements whereby a handsome edifice to cost \$60,000 will be built in the near future.

The British steamer Blanefield was sunk off Beachhead Monday by the British bark Kate Thomas from Antwerp for Callao. Five persons are reported drowned.

Jack Brandon, a young man living two miles in the country from Texarkana, slipped while the train was moving, to catch a train in the Iron Mountain yards. His left arm was cut off.

During a thunderstorm E. E. Courtney, aged 48 years, who lived on a farm four miles west of Frederick, Ok., was struck by lightning and instantly killed. He had just returned from the town, and was putting away his team.

Corwin H. Spencer, a leading grain trader, capitalist, vice-president of the World's Fair and former president of the Merchant's Exchange, in St. Louis, collapsed while watching the stock quotation board at the Planters' Hotel and died soon afterward.

President Roosevelt has signed the bills passed by Congress making an extra appropriation of \$100,000 for Mare Island navy yard at San Francisco and making an appropriation of \$70,000 to meet emergencies in the Postoffice Department in the State of California.

The seven-masted schooner Thomas W. Lawson, owned by the Coastwise Transportation Company of Boston, the largest schooner in the world, and the only one with seven masts, has just been chartered by Standard Oil representatives to carry oil from Texas.

The Katy and Cotton Belt railroads are both rebuilding their bridges over the Brazos River at Waco, putting in much stronger and better structures. The old bridges will be used some where else where lighter structures can be put in.

Many anarchists have been expelled from Paris, including Stephane Guertzoff, and one woman, M. Levy, secretary of the Confederation of Labor, and M. Fromentin, a wealthy anarchist have been arrested.

Mr. Chapman of the Gulf Compress Company, has just purchased 7 3/4 acres of land along the Denver and Rock Island railroad at Bowie for C. C. Hanson, who will erect a modern compress before the beginning of next cotton season.

Five of the fleet of six sailing schooners which cruised off the British Columbia and Southern Coast this season have arrived on Vancouver Island coast with a lower catch than reported for years.

Unless present plans miscarry June 1 will see the termination of arrangements whereby the Rock Island uses the Santa Fe terminals in Dallas, and will likewise witness the inauguration of a similar arrangement between the Rock Island and Cotton Belt.

RESUMING NORMAL CONDITIONS.

Order in San Francisco Being Rapidly Evolved.

San Francisco, May 5.—With the increasing number of daily dismissals of its subcommittees, the general municipal committee will doubtless soon pass out of existence and the direction of affairs of the city will be restored to the regularly constituted officials.

The force of State militia on duty is being gradually diminished and those of the regular soldiers who are not engaged in assisting in relief work are doing simple patrol duty.

The San Francisco clearing house received a report from its executive committee which was adopted and in which was stated that the committee feels that the business interests as such do not need charity to aid them in rebuilding the city.

The local syndicate which owns the Lick House site on Montgomery St., between Post and Suter, was offered \$750,000 more than they paid for the lot and the hotel building about two years ago and declined to sell. This offer is a strong indication of the strength of downtown realty values.

BELLEVUE NEEDS MONEY.

Col. W. B. Worsham of Henrietta Says They Have Half Enough.

Fort Worth, Texas, May 5.—Col. W. B. Worsham of Henrietta, who is in the city, states that the people of the town of Bellevue, that was recently wiped off the map, are in need of help and although they feel grateful for all that has been done for them, they need more.

The sum received up to the present amounts to between \$10,000 and \$12,000, which is about half of what is needed. In speaking of the storm Col. Worsham said:

"About the year 1876 very near the same spot was visited by a tornado and timber was torn up for several miles. I remember it well, for at that time I had some cattle in the neighborhood.

"One of the freaks of the late cyclone was the taking up of an old man about 90 years old in the air and setting him down on a mattress, and when the old fellow was reached by rescuers he asked if any one was hurt."

Americans at Athens.

Athens: Amid the strains of the national anthem and cheering, the Olympic games came to an end Thursday evening. All the afternoon King George, Queen Olga, Crown Prince Constantine stood in the heat of the sun distributing the prizes to be successful competitors. The Americans won by far the greatest number of prizes. Their score was 75, whereas the English scored second, with 59, the Swedes and Greeks tying in third place with 28.

Strike Will Go On.

Chicago, Ill.: Hope of an early settlement of the bridge iron structural workers' strike came to an end Friday at a meeting at which all employers were represented. It was decided that under no consideration would an increase in wages be given. It is believed in light of statements made by strikers that the men will not return to work for anything less than \$2 1/2 per hour.

Hon. C. K. Bell opened his gubernatorial campaign at Hamilton in the presence of some 10,000 people Thursday.

BELLEVUE WILL REBUILD.

Relief Committee Makes Public a Statement.

Bellevue, Tex., May 4.—The following has been issued by the relief committee:

To the Public: The people of Bellevue held a mass meeting at 2 p. m., May 1, and the actions of the committee up to date were endorsed without a dissenting voice, and as a whole voted to reinvest the committee with full power to act as they may see fit for the future in regard to the handling of all matters pertaining to the future rebuilding of the town and country, which the cyclone demolished Thursday, April 26.

The merchants of the town of Bellevue say they do not ask one cent of the contributions toward rebuilding their business houses, as they will rebuild same out of their own funds.

The committee decided to build one church for all denominations, also one school house and to build five or six small cottages for people who are perfectly destitute and who have no means whatever. The balance of the funds contributed will be used in helping people to rebuild who were injured by the cyclone and who are not in position to help themselves.

The people of Bellevue and surrounding country are deeply grateful to all individuals and towns alike for contributions, whether large or small. We now need money more than anything else, as we have on hand sufficient provisions, etc., for temporary relief.

Again thanking everybody for assistance, I am, yours truly,
SIDNEY WEBB.
Chairman of Bellevue Relief Committee.

Taylor-Houston Project Growing.

Taylor: Business men have held a meeting for the purpose of completing the organization recently formed for building the proposed new line of railroad from Taylor to Houston via Lexington and Brenham and intermediate points, and the appointment of a committee to meet with others at Brenham next Tuesday, May 8, where application will be made for a charter for the road and steps taken toward making a preliminary survey.

Houston and Texas Central Extension.

Omaha, Neb.: Reports in Union Pacific headquarters are that Harriman will extend his Houston and Texas Central Railroad from Denton to Topeka, Kan., connecting with the Union Pacific for Kansas City and with the line northward to Omaha, thus connecting the eastern ends of the system. The new line will be 500 miles long and will change the Houston and Texas Central from a local to a through line.

Coryell County Wants Roads.

Gatesville: The Gatesville Board of Trade sent out a circular letter to the farmers in Coryell County, giving the cost for issuing bonds to build good roads and inclosing a postal card for a reply to the following questions: "Are you in favor of good roads in this county?" "Does our plan suit you?" "Will you be willing to vote for the bond issue?" "Have you a better plan?" Of replies received, 75 per cent favor the bonds.

Taft Advocates Locks and Contracts.

Torrington, Conn.: Secretary of War W. H. Taft was a guest at a banquet following the banquet, Secretary Taft delivered an address on the Panama canal, in which he reviewed the history of the undertaking and discussed the sea level and lock type of canal, saying that he supported the latter. He advocated the contract plan of construction.

Immigrants for Texas.

WIDE STORM SWEEPS OVER NORTH TEXAS.

Damage Particularly Severe in Collin and Fannin.

McKinney, Texas, May 3.—A severe wind and rainstorm visited the northeast part of this county about 6:30 Tuesday evening, destroying many farmhouses and injuring several people. All communication with that section was cut off from this city, the telephones being down in every direction, and it was noon yesterday before any definite news could be obtained.

The track of the storm, which began two miles northwest of Blue Ridge and ran in a northeasterly direction, was from 200 to 400 yards wide and about eight miles long.

In the path of the storm the following houses were total demolished and in some instance entirely blown away. Mr. Titworth's residence, W. W. Calhoun's residence, vacant house of J. C. Conner, New Brown's residence, Ira Hor's residence, J. O. Baldwin's residence and barn, Mr. Chitty's residence, Mrs. Wilson's residence, John Hollis' residence, Will and Lin Munday's residence, Mr. Humphress' residence, Wood Young's and Jim George's residences.

The list of injured as far as can be ascertained is as follows: Two children by the name of Smith, Mr. Titworth, Mrs. John Hollis and two children, several members of Wood Young family. None of the above were fatally injured except one of the Munday children. The schoolhouse at Red Oak was blown about ten feet and turned around.

Bonham: Reports reach here of a storm in the vicinity of Bailey, twelve miles north of here. The path of the storm missed Bailey only a few hundred yards. In that vicinity the following citizens had residences blown down: Alton Johnson, Tom Hodges, Will Wooten, John Johnson, Dobbis Sully Brown, J. D. Hamon, C. D. Warren and W. F. Diggs. The barn of W. T. Leslie was destroyed. The cotton bridge between Bailey and Randolph was washed away. Several people were injured during the storm, but none fatally.

Petty: Tuesday evening about 7:30 a storm visited this vicinity and did a great deal of damage. The Methodist Church, one of the handsomest buildings of the kind for a small town in the State, was completely wrecked. Several small residences were blown from the blocks. Many chimneys and fences, barns and fences were blown down. One of the heaviest rains ever known accompanied the storm, doing great damage to land.

Strike Seems Sure.

Scranton, Pa.: That the tri-district convention of the United Mine Workers which opens in this city Thursday morning will declare a strike throughout the hard coal fields is the opinion everywhere of everyone in touch with the situation. It seems there is no way out of a strike unless the mine workers back down, and all of the delegates who are pouring into town are very far from favoring anything closely approaching a backdown.

Despondent over Financial Trouble.

Geo. A. Harlow walked to the rear hall of his home on Jackson street, Houston, and fired a bullet through his brain, dying instantly.

Texas Delegates to Birmingham.

Birmingham, Ala.: The Texas contingent of clerical delegates which left Dallas on a special Monday night, arrived here in good trim for work and usefulness when the conference opens Thursday. The journey was pleasant and without special incident. While the train was waiting preparatory to crossing the river into Memphis, a special song and prayer experience service was held.

Zion City Gradually Disintegrating.

Chicago, Ill.: While the forces of Dowie and Voliva are struggling for possession of the property, the remarkable religious colony is rapidly disintegrating. Disgusted with the bickering and scandalous conservative members, who are doubtful of Dowie and who do not trust Voliva, are quietly moving away. Fifty persons moved away Wednesday, and it is said more than three hundred have departed since Sunday.

Storm Visits Young County.

THE WHITE PAINT OF THE WHITE HOUSE.

The White House at Washington, which has been the "Kings Palace" of the American People since it was first occupied by President Madison in 1800, has recently undergone a thorough course of remodeling, renovation and repair.

Every American citizen is owner of an undivided eighth or eighth-five millionth part of the White House, as well as of the other Public Buildings and Monuments in the Capitol City. An item in the renovation of the remodelled White House was repainting. Every visitor to Washington knows why the White House is so called—because it is literally a "white house". The exterior paint must therefore be white. Now while the pure white surfaces and simple lines of the White House, set in the midst of green lawns and beautiful trees, produce a very satisfying effect of dignified simplicity, white paint from a practical point of view, is about the most unsatisfactory kind of paint that could have been selected by the original designers. First, because any white paint is easily discolored by smoke and dust, and second, because ordinary white paint itself gradually turns gray or brownish yellow from exposure.

But while the White House is and while it must remain or it would no longer be the "White House". So the renovators, making the best of a discouraging situation, sought for the best kind of white paint procurable. The average citizen if asked to guess what kind of paint they finally decided on would probably answer—"white lead and oil," but he would guess wrongly. The paint selected as the best obtainable was a ready mixed paint, such as can be bought in any well furnished village store, such as is used by more than half of the eighty or eighty-five million owners of the White House on their own homes. That one brand of mixed paint was used instead of another is a mere accidental detail—there are fifty or a hundred brands on the market that might have been selected in other circumstances, and in fact, a different brand was used in painting the Capitol.

Every property owner, therefore, who paints his house with a high grade ready-mixed paint is following the example set by the Government Authorities at Washington, who used ready-mixed paint, because they could find nothing else as good.

STORY OF A PHOTOGRAPH.

Uncanny Figure Appeared in Three Successive Sittings of Young Woman.

The following story of a young lady living in the country who came to London to be photographed is told by "M. A. P." and vouched for by a well-known London photographer. After some days the lady, Miss B., was informed the photograph was not a success, and another sitting was suggested. This she agreed to, but again was informed that the photograph was a failure. There was a third sitting. In two days' time she received an urgent letter from the photographer asking her to come up to his studio and bring a friend with her. Miss B. went, accompanied by her mother, and was shown the amazing results of the three sittings. The pictures of the girl herself were quite good, but in each plate there was to be seen standing behind her the figure of a man holding a dagger in his uplifted hand. The features, though faint, were clearly discernible, and Miss B. recognized them as those of her fiancé, an officer in the Indian army. The effect of this experience was so great that after a few days she wrote out to India, breaking off the engagement.

GUARANTEE OF GOOD FAITH.

Boy Applicant for Situation Who Knew a Thing or Two About Fires.

There had been a fire in the shop of Mr. Sands, and neighbors being charitable individuals to suggest that if the shop had not been insured the fire would not have occurred. However the matter was amicably settled between Mr. Sands and the insurance company, and in due course the shop was reopened. Everything in the place was brand new, and, therefore, it was only natural that he should want a brand-new errand boy. Besides a beaming youth applied.

"Now, what I want," said the tradesman, impressively, "is a lad upon whom I can rely—in whom I can place implicit faith. You understand?"

"You'll find I'm all that, and more," said the youth.

"I want a lad I can trust."

"That'll be all right, guv'nor," said an applicant. And then he added, in confidential tones: "You'll find me close as an oyster. And if you should appear to want another little flare up at any time, you can stand on me. I'll never breathe a whisper!"

But, oddly enough, he was not engaged.

MONEY MAKES THE HARE GO TIED IN A GIRL'S HANDKERCHIEF Quite a Sum Went to the Dogs.

WISE AND DENTON COUNTIES VISITED BY SEVERE WINDS.

One Killed, One Fatally Injured and Many Seriously Hurt.

Alvord, Tex., May 2.—At 1 p. m. yesterday a cyclone passed five miles south. It blew the top off the section house and totally destroyed the home of Jud Parks, killing his mother. The balance of the family were unharmed. Several houses were blown off their foundations at Alvord. The depot agent was blown to the ground.

Denton, Tex., May 2.—A windstorm of considerable violence swept over Denton about 2 o'clock yesterday afternoon and at Stony, in this county, attained such strength that the home of Joe Foster was wrenched to pieces, and Foster, his wife and several children were hurt beneath the timbers. Foster was so badly hurt that he will die.

When the house fell, fire from the kitchen stove ignited the wreckage and neighbors were compelled to chop Foster out. Before they could do so he was painfully burned in addition to other injuries, and can not live.

In Denton many of the window panes were shattered by the wind, some trees were blown down and several outbuildings lost. A general storm of wind, hail and rain is reported over the county.

THE 1905 COTTON CROP.

Texas As a State and Williamson as a County Lead.

Washington, May 2.—The total cotton crop of last year was, counting round as half bales, and including lint, 10,725,602 bales. In running bales it was 10,865,520, equivalent to 10,804,556 bales of 500 pounds weight.

These facts are shown in a bulletin issued today, which is made up of figures included in the seventh and last of the series of ginners' reports. Texas, of course, leads in the production of cotton, the crop of last year having been, counting round as half bales, and including lint, 2,490,128 running bales, as compared with 332,503 in 1904. Notwithstanding this decrease of production Texas yielded a larger percentage of the whole crop last year than it did in 1904, the figures being for the two years, respectively, 24.1 and 22.4. The production in Indian Territory last year was 347,518 running bales, and in 1904 469,519. In Oklahoma it was for the two years, respectively, 328,044 and 342,033.

Williamson last year won the banner in the matter of cotton production. Eighty-nine thousand seven hundred and twenty-four bales were ginned there last year, as against 80,814 the preceding year. McLennan is second in this respect and Ellis third, so that the honors may be said to be fairly divided as between the north and south sections of the State.

Thought God Had Forgotten Her.

Uniontown, Pa.: Tiring of her life of 108 years of trouble, Mrs. Mary McKittick, believed to have been the oldest woman in America, committed suicide Sunday by cutting her throat with a carving knife. She declared that God had forgotten her and neglected to call her, though all the friends of her youth were gone and all but one of her children had died of old age.

At a meeting of the board of trustees of the Texas Baptist University Monday afternoon in Patton hall, the resignation of Dr. J. R. Pentuff, the president, was accepted. Dr. Pentuff will enter the ministry again.

Lumberman Falls Dead.

Houston: Early Tuesday while seated in his office in conversation with Manager B. F. Bonner and Receiver J. S. Rice, Frank B. Aldridge, manager of the mills and logging department of the Kirby Lumber company, toppled from his chair dead. He was one of the best known lumbermen in the State. He was forty years of age and is survived by a wife and two children.

UNITED STATES SENATOR FROM SOUTH CAROLINA PRAISES PERUNA.

Ex-Senator M. C. Butler. Dyspepsia is often caused by Catarrh of the Stomach—Peruna Relieves Catarrh of the Stomach and is therefore a Remedy for Dyspepsia.

Hon. M. C. Butler, Ex-U. S. Senator from South Carolina for two terms, in a letter from Washington, D. C., writes to the Peruna Medicine Co., as follows:

"I can recommend Peruna for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine, besides a good tonic."

CATARRH of the stomach is the correct name for most cases of dyspepsia. In order to cure Catarrh of the stomach the catarrh must be eradicated. Only an internal catarrh remedy, such as Peruna, is available.

Peruna exactly meets the indications. Revised formula. For a number of years requests have come to me from a multitude of grateful friends, urging that Peruna be given a slight laxative quality. I have been experimenting with a laxative addition for quite a length of time, and now feel gratified to announce to the friends of Peruna that I have incorporated such a quality in the medicine which, in my opinion, can only enhance its well-known beneficial character.

Tracing Slang's Origin. Is "fired out" an Americanism? This question is put by a London paper in discussing these of the expression by the Vienna correspondent of the Times in connection with the dismissal of the American ambassador to Austria-Hungary.

Trouble Expected With Miners. DU BOIS, PA.: The strike situation in the Clearfield region is threatening. Notices have been posted by the operators of the Buffalo, Rochester and Pittsburgh. The Buffalo and Susquehanna and the Falls Creek Coal companies giving the scale of wages to be paid and the work has gone forth that an attempt will be made to resume May 1. The scale is that of 1903. The miners are holding out for recognition of the union and collection of check-off by operators. If an attempt is made at this time to resume trouble is anticipated.

Burglars Enter Stuart Postoffice. STUART: Morning the discovery was made that burglars had entered the postoffice at this place. The thieves tore the stock in the store in which the postoffice is located to pieces in their endeavor to find valuables. They secured a number of stamps, a small amount of money and other articles. People here believe they came west on a Rock Island train.

New Sprinting Record. NORMAN: Track men at the University of Oklahoma believe that they have a coming sprinter in Noble, who took the 100-yard dash at the university track meet in 0:10 1-5, winning easily from John Darling, for three years all around champion of Oklahoma, and establishing a new territorial record. Noble's first track work was done last year, and in view of the ease with which he broke the local records, it seems probable that with proper training he could get into the ten-second class.

Want Restrictions Removed. MUSKOGEE: A mass meeting was held here for the purpose of asking President Roosevelt to take a hand in the removal of restrictions from allotment of Indian land. The meeting was largely attended by Indian citizens, and F. B. Fite, an Indian, presided. A resolution was drafted and wired to the president asking him to send a special message to congress asking that restrictions be removed from all Indian lands except homesteads and lands belonging to full bloods.

REPAIRING BRAIN. A Certain Way by Food. Every minister, lawyer, journalist, physician, author or business man is forced under pressure of modern conditions to be active, and sometimes overactive use of the brain. Analysis of the excreta thrown out by the pores shows that brain work breaks down the phosphate of potash, separating it from its heavier companion, albumen, and plain common sense teaches that this elemental principle must be introduced into the body anew each day, if we would replace the loss and rebuild the brain tissue. We know that the phosphate of potash, as presented in certain field grains, has an affinity for albumen and that is the only way gray matter in the brain can be built. It will not answer to take the crude phosphate of potash of the drug shop, for nature rejects it. The elemental mineral must be presented through food directly from nature's laboratory. These facts have been made use of in the manufacture of Grape-Nuts, and any brain worker can prove the value of the proper selection of food by making free use of Grape-Nuts for ten days or two weeks. Sold by grocers everywhere (and in immense quantities). Manufactured by the Postum Co., Battle Creek, Mich.

OT PUBLIC LAND

EFFORT OF RAILROAD TO SECURE ALTERNATE SECTIONS OF INDIAN LAND KANSAS, AS TRUSTEE, IS PUSHING CASE

Lawyers in Congress Say Missouri, Kansas & Texas Railroad Has No Claim to Land Claimed—Matter Now Before Supreme Court WASHINGTON: In the supreme court of the United States a motion was filed by the attorney general of the state of Kansas asking leave to file an original suit on behalf of the state against the officers of the interior department, the head chief and the subordinate officials of the Muskogee tribe of Indians and the allottee of that tribe to establish the right of the Missouri & Texas railroad company through the state of Kansas in 1866. This is part of the grant concerning which so much has been recently said in congress and it covers each alternate section of land for ten miles on either side of the road through not only the Muskogee nation but through the Choctaw, Chickasaw and Cherokee nations. In the Muskogee nation there are over 500,000 acres of land and the entire grant embraces 3,000,000 acres. The value of the land is placed at \$20 an acre but some of it is coal land and is worth far more. The motion was taken under advisement.

WASHINGTON: It is the opinion of well posted lawyers in congress that the suit instituted in the supreme court by Attorney General Coleman on behalf of the state of Kansas against the United States will have no standing in court.

The suit is brought in the name of the state, though the real plaintiff is the Missouri, Kansas & Texas railroad, which claims the value of every odd numbered section within twenty miles on each side of the railroad in the Creek nation at a minimum value of \$20 per acre, aggregating 516,480 acres worth \$10,329,600. A decree is asked, finding that the state of Kansas is the owner, as trustee for the Missouri, Kansas & Texas, in fee simple of all the lands in the Creek nation including in the odd numbered sections to the extent stated. The names of Joseph H. Choaty, James Hagerman, Adrain H. Joline, A. B. Brown, John Madden and Joseph M. Bryson, besides Attorney General Charles C. Coleman, figure in the list of attorneys. The suit is against Secretary Hitchcock, the Creek nation and the allottees, and the land is claimed under several grants made to the state of Kansas to aid in the construction of certain railroads and telegraph lines in said state. By additional grant, by act of congress of July 26, 1866, leave was given to take lands in Indian Territory in lieu of Kansas.

The contention that the case will have no standing is based on the fact that the acts provided that the lands thus taken must be public lands, which it is claimed was not the case, as they were held in trust for the Indians. As a further safeguard, an amendment was made to the so-called Curtis bill recently, at the instance of Senator Long, providing that the lands of the five civilized tribes shall not become public lands or property of the United States, but shall be held in trust for the Indians.

Marshall Leo E. Bennett of Muskogee is of the opinion that the Wycliff Indians, who killed Deputy Marshal Gilstrap, and for whom a continued search has been made, have escaped and are now in Old Mexico.

JUDICIAL DIVISION PROFITABLE. Clerks of Court in Western District Turn in \$50,000. MUSKOGEE: The annual report for the western judicial district of Indian Territory made by R. P. Harrison, clerk of the court shows that the government has one profitable department in the territory at least. The report shows that during the past year the total receipts received from all the recording offices of the district, and the fees and other monies received by the clerks of the court, amounted to a trifling \$50,000, above the expenses of maintaining the office. The recording division turned in \$27,000 in excess of the expenses of that division, and the clerks division turned in over \$10,000 above expenses. The total expense of both departments is a little over \$11,000.

Al Harpster Refused New Trial. NEWKIRK: In the district court Judge Halner has refused the motion of Al Harpster for a new trial and sentenced him to serve a life term at hard labor in the penitentiary at Lansing, Kansas, for the murder of Martin Julian at Ponca City last June.

Never Judge a woman's beauty by her make-up. Doomed to Torment. Mr. P. C. Keever, Aberdeen, Miss., writes: "For years I suffered from a form of eczema which made life a burden. I thought I was doomed to perpetual torment here below, but your Hunt's Cure rescued me. One box did the work and the trouble has never returned. Many, many thanks." Hunt's Cure is guaranteed.

ECZEMA AFFLICTS FAMILY. Father and Five Children Suffered for Two Years with Terrible Eczema—Wonderful Cure by Cuticura. "My husband and five children were all afflicted with eczema. They had it two years. We used all the home remedies we could hear of, without any relief, and then went to a physician and got medicine two different times, and it got worse. It affected us all over except head and hands. We saw Cuticura Remedies advertised and concluded to try them. So I sent for \$1.00 worth, consisting of one cake of Cuticura Soap, one box of Ointment, and one vial of Pills, and we commenced to use them. I do not know how to express my joy in finding a cure, for two of my children were so bad that they have the brown scars on their bodies where they were sore. Mrs. Maggie B. Hill, Stevens, Mason Co., W. Va., June 12, 1905."

FAVORS RURAL SCHOOLS

President Boyd Makes Plea for Boys on the Farm GUTHRIE: David R. Boyd, president of the University of Oklahoma, is an advocate of rural high schools, to be established by consolidating districts at convenient points, and explained his views on the subject quite fully in his address to the graduating class of the Emd high school last night. He makes a plea for a system which will allow the boys and girls on the farm to have more than a common school education. As Dr. Boyd figures it, 80 per cent of the school children of Oklahoma can advance no farther than the eighth grade, for the reason that the facilities are not offered. It is for this reason that he suggests the central high school as a remedy. He maintained also that the boys and girls on the farm will take advantage of schools thus offered them more quickly than will the children in the cities.

He considers the establishment of country high schools, such as now exist in Logan and Woods counties, as a step in the right direction, as they give the country students an opportunity to secure a high school training, but the greater number are still not reached by the country high school. He also considers the consolidation of rural districts as another step toward the realization of his idea, and would have practically the same plan adopted for the central high school as is proposed for the consolidated rural school, including the use of wagons to take the pupils to and from their homes. Instead of having one county high school, President Boyd would have several of them. He takes Lincoln county as an example. The railroads that that county make several centers, at each of which a central high school could be located to accommodate all the surrounding rural districts. He considers the high school period the most critical time of the youth's life, as it is the time when he is forming his ethical standard, and believes that as much care should be selected in choosing high school teachers as members of a college faculty, for the reason that they have everything at stake in aiding in the formation of character and future life of the student.

FOR INTERMARRIED WHITES. Curtis Bill Would Make Them Cherokee Citizens, as to Land WASHINGTON: Representative Curtis, of Kansas, introduced by request a bill for the purpose of enrolling certain intermarried white persons in the Cherokee Indian nation. It directs the secretary of the interior to enroll white persons who, prior to December 16, 1895, intermarried with Cherokee, Shawnee or Delaware Indians, citizens of the Cherokee nation by blood, in accordance with the laws of the Cherokee nation, and when such persons are enrolled they shall have the same status and participate in the division of the real property, and no other, of the Cherokee tribe or nation, the same as Cherokee Indians by blood. Provided that they shall first pay into the United States treasury for the benefit of the Cherokee tribe or nation, each of the sum of \$25.00, and further, shall avail themselves of the provisions of this act within six months from the date of its approval, that they shall have the right to sell and dispose of any and all improvements placed by them on their tentative allotments in the Cherokee nation to enrolled citizens thereof within the same period; further, that there shall be no restrictions upon the alienation of the lands allotted to such intermarried whites.

AN EVERY-DAY STRUGGLE.

Men and Women of Every Occupation Suffer Miserably from Kidney Complaint. J. C. Lightner, 708 S. Cedar St., Abilene, Kansas, is one of the thousands who suffer from kidney troubles brought on by daily work. "I first noticed it eight or ten years ago," said Mr. Lightner. "The dull pain in the back fairly made me sick. It was hard to get up or down, hard to straighten, hard to do any work that brought a strain on the back. I had frequent attacks of gravel and the urine was passed too often and with pain. When I used Doan's Kidney Pills, however, all traces of the trouble disappeared and have not returned. I am certainly grateful."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Woman's Suffrage in Italy. The agitation of woman's suffrage has spread to Italy, and it is quite on the cards that a lady will come forward as candidate for Mantua. It is enough to make Virgil turn in his grave; but the city on the Minco has changed a good deal of late. The industrial revival of Lombardy has not passed it by, and now that it is on a great railway line, it is no more the sleepy place of last century. There is, in fact, hardly a town in the whole province that has not its factory; one has to cross into Venetia to see the mediaeval customs preserved intact. Viganza has hardly altered in 300 years and Padua is dead. The university there is not now celebrated, as in Petrarch's time; there is only a garrison nowadays.

San Francisco's Full Name. The original Spanish name of the stricken city was "Mision de los Doctores Nuestro Padre San Francisco de Asia," just as Santa Fe' full name, as translated into English, is "The True City of the Holy Faith of St. Francis."

Endeavor Doctors Praise Its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription. Dr. John Fyfe, one of the Editorial Staff of The Eclectic Medical Review says of Unicolor (Holisoida Diosa) which is one of the chief ingredients of the "Favorite Prescription": "A remedy which invariably acts as a uterine laxative for normal activity of the entire reproductive system."

"The following are among the leading ailments which are cured by the above remedy: Pain or aching in the back, with leucorrhoea, atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the uterus; menorrhagia (flooding), due to a weak condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an atonic condition of the digestive organs and anemic (thin blood) habit; dragging sensation in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, invalid women can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicolor root, or Holisoida, and the medical properties of which it most faithfully represents. Prof. Golden Seal root, another prominent ingredient of "Favorite Prescription," says: "It is an important remedy in disorders of the womb. All catarrhal conditions and general debility, it is useful." Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states of the system."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Does Not Irritate. "I have found Simmons Liver Purifier the mildest and most pleasant in action, and yet the surest remedy for constipation, torpid liver and all kindred troubles, I have ever used. It does not irritate or gripe." Yours truly, S. P. Cleary, Jackson, Tenn. Put up in tin boxes only. Prices 25c.

Torture of Women. It was a terrible torture that Mrs. Gertie McFarland, of King's Mountain, N. C., describes, as follows: "I suffered dreadful periodical pain, and became so weak I was given up to die, when my husband got me Wine of Cardui. The first dose gave relief, and with 3 bottles I am up doing my work. I cannot say enough in praise of Cardui." A wonderful remedy for women's ills. At druggists, \$1.00.

Stand Head. There is something about Hunt's Lightning Oil that no other liniment possesses. Others may be good, but it is surely the best. It does all you recommend it for, and more. For sprains, bruises, cuts, burns, aches and pains it has no equal on earth. It stands head on my medicine shelf. Very truly yours, T. J. Brownlow, Livingston, Tenn.

It is only the evil we cherish that has power to chastise us. Instantaneous Action. "I was almost distracted by a terrible itching which defied all treatment until I obtained a box of Hunt's Cure. The first application afforded instant and absolute relief. The one box effected a complete cure. "It is simply wonderful in its instantaneous action." Geo. Gilliland, Manitow, O. T.

Borrowed brains have a way of balking when you drive them in public.

You Look Prematurely Old. Because of those ugly, grizzly, gray hairs. Use "LA GREOLE" HAIR RESTORER. Price, \$1.00, retail.

For Sick Women To Consider

An empty human heart is an abyss earth's depths can not match—Anne C. Lynch. An Interesting Letter. Mary Beaulieu, of Mt. Pleasant St., Syracuse, N. Y., writes to tell of the terrible suffering of her sister, who, for the past 24 years, had been tormented with side ache from female trouble, keeping her weak and ailing. "She took Wine of Cardui and is now well. Cardui has been a Godsend to us both," she writes. For all women's troubles, Cardui is a safe, efficient, reliable remedy. At druggists, \$1.00.

No real lady likes to have her husband attend stag parties just to get him to repeat the stories. Garfield Tea cures sick-headache, bilious attacks, liver trouble and constipation. Some men take a trip abroad for pleasure and some take their wives along. Mrs. Winslow's Soothing Syrup. For children teething, softens the gums, reduces inflammation, allays pain, cures wind colic. 25c a bottle.

Yesterday a great man was born, today he died and tomorrow he will be forgotten. In a Pinch, Use ALLEN'S FOOT-EASE. A powder. It cures painful, smarting, nervous feet and improving nails. It's the greatest comfort discovery of the age. Makes worn shoes easy. A certain cure for sweating feet. Sold by all druggists, 25c. Trial package, FREE. Address A. S. Olmsted, Le Roy, N. Y.

An optimist is a man who runs an account with a lightweight grocer. A Strange Story. Mrs. Isaac W. Austill, of Chestnut Ridge, N. C., tells a strange story of great suffering. "I was in bad condition for months, but got no relief. My periods had stopped, all but the pain. After taking part of a bottle of Wine of Cardui, nature worked properly and without pain. I advise all suffering women to use Cardui." A pure specific remedy for women's ills. \$1.00, at druggists.

Women have a queer way of doing things and men have a queer way of not doing them.

...to simply paying the govern-
ment \$10.00 and filing a homestead on
the acres of this free land, he under-
stood the situation perfectly. He
realized that those who go farther
down the valley to the old settled coun-
try must have money and plenty of it.
In fact those who were able to establish
themselves there, had means sufficient
to live without going there, or doing
anything for a livelihood, while those
who stopped at Portales needed scarce-
ly any capital whatever, and came in
gangs of homes, and not in search of
opportunities to invest accumulated
fortunes in high priced lands and pa-
latial homes. He also realized that
the man of average or ordinary means
made no mistake when he cast his lot
with those who were in search of free
homes. It was a self-evident fact that
where a man could come to a new
country, get a free home, and prosper
beyond what he had ever before
dreamed of, a man with means suffi-
cient to establish himself comfortably,
secure the necessary paraphernalia
for farming, get a few cows, hogs and
chickens, could thrive like pigs in clo-
ver. Now, you who read this may have
doubts as to its truth, if so join the
next excursion and come and see for
yourself. If you're from Missouri,
we'll show you.

Partial Grand Jury Report.
Following is a partial report of the
federal grand jury which was empan-
nelled at Roswell, and it has a direct
bearing on events in our community.
The report is taken from the Roswell
Register:

"This grand jury further begs leave
to report, that it has examined into
various land transactions involving the
public lands in this district, and the
entries of such public lands in the Land
Office. Many instances have been
brought to the attention of the grand
jury of contests initiated against en-
tries which in the opinion of this grand
jury were not bona fide, and the evi-
dence adduced in such cases tends to
show that there have been many col-
lusive contests in such cases. No par-
ticular Act of Congress has been
brought to our attention covering the
matter, unless a clear case of perjury
could be shown in the contest affidavit
and this is a very difficult matter to
prove. We have good reasons to be-
lieve that many persons in this Judicial
District have made a business of con-
testing bona fide entries in the land
office, with a view of being subse-
quently bought off, or of making the
entryman serious trouble in removing
the cloud cast upon his entry and put-
ting him to great and needless ex-
pense. While this is a private wrong
to the entryman, still we think the
United States should protect bona fide
entryman against such practices. We
deem it our duty, therefore, to call this
matter to the attention of the Court,
and request that this part of this re-
port may be laid before the Secretary
of the Interior and the Commissioner
of the General Land Office with a view
to their recommending to congress
some appropriate legislation upon the
subject."

The Times has no complaint to make
against a bona fide contest, when the
entryman has not made an effort to
comply with the law, but contests
brought for the purpose of speculation
and for the purpose of extorting mon-
ey from the holder thereof, is repre-
hensible and if there is not now a
legal remedy therefor, one should be
supplied with all possible dispatch.

Keep Your Stock Up.
At great expense and labor the la-
dies of Portales, with the assistance of
our county commissioners, have had the
court house square plowed and plant-
ed to trees, and have a fine woven steel
fence enroute here with which to en-
close it, and it does look as though peo-
ple who own cows would keep them up
until such time as the fence arrives
and can be put up. With a small
amount of care the Park will, in a
short time, be one of the chief attrac-
tions of our city, provided it can be
preserved against the depredations of
cows. It would appear as though the
owners of stock would take, at least,
this much interest in their town. Don't
let it be said that all the patriotism in
Portales is centered in the ladies who
raised the funds to prosecute this very
considerable enterprise. The Times
is advised that there is a very strin-
gent law for the protection of growing
crops, trees, etc. against the depreda-
tion of stock running at large, and the
sheriff has ample authority to act if
the owners fail or refuse to look after
their stock, however it is not desirable
that this measure should be resorted to.
In all fairness you should not al-
low your cows to ruthlessly destroy
the great work so far accomplished.

Immigration to New Mexico.
Speaking about immigration to the
Southwest, the general colonization
agent of the Santa Fe is advised that
116,000 acres of land were entered for
homestead purpose through the land
office at Clayton, New Mexico, January
and February, 1906. During the same
time 60,000 acres were homesteaded at
the Santa Fe land office and 75,000 acres
at Roswell. These entries indicate
that at least 5,000 persons—figuring 3
to each family—have settled on public
lands in New Mexico the first two
months of this year. There is still
plenty of good land left in that section.
Homesteaders' excursions are run to
the Southwest every two weeks.

Swiss Leghorn Eggs.
I have full blood Brown Leghorn
chickens, the best layers on earth, and
will furnish eggs for setting at \$1.00
per 15 eggs, or four settings for \$3.00.
Leave orders at These offices.

....."Chas. Woodcock."

Commissioners' Court.
Board of County Commissioners of Roose-
velt county, New Mexico, at a regular meet-
ing thereof held at the court house in Portales on
the 7th day of May 1906.

Present: J. B. Crawford, chairman; E. C. Price,
commissioner; B. F. Birdwell, clerk.
Meeting called to order by J. B. Crawford,
chairman.

In the matter of the claim of A. S. Hornbeck
for \$90, deferred at the January meeting, for
publishing delinquent tax list for 1905 it is or-
dered that A. S. Hornbeck be paid \$30.
The following claims were considered, allowed
and ordered paid:
E. A. Schwiening for tank at court house well,
\$60.00.
W. F. Dickey, for painting wind mill tower,
tank tower and jail, \$16.85.
A. S. Bramlet, work on jail, \$8.50.
A. S. Hornbeck, for school directors' oaths,
\$4.50.
In the matter of the road petitioned for by W.
F. Cayce, et al. all owners of property abutting
on said road having signed the same, petition
granted, said road to be sixty feet wide and
opened to travel on it.
The resignation of W. E. Chambliss as road
overseer of district No. 1 was received and
accepted, and W. T. Wages was ap-
pointed in his place.
The county having no further use for the pump
at the jail, the board sold same to Mr. A. I. Key-
kendall for \$15, the money to be placed to the
credit of the court house and jail fund.
James W. Turner was employed to take care
of the court house wind mill, and grease same
twice each week.
J. P. Kelly was appointed constable to fill the
unexpired term of W. W. Nevins, resigned, of
precinct No. 2.
Chain A. I. Keykendall for digging sewer
pit at jail, allowed and ordered paid, \$23.10.
There appearing no further business the board
took a recess to meet at the call of the chairman.
J. B. CRAWFORD, Chairman.
B. F. BIRDWELL, Clerk.

Enlargements...

Water Colored Orico,
Sepia, Pastel and Crayon

I have perfected arrangements so that I am now
enabled to furnish you enlargements in any of
the above grades at greatly reduced prices. The
work will be done by one of the very best
known houses in America.

Up-to-Date Photography.

Remember that I am still in the photograph business and
guarantee all my work. Prices are as low as first-class work
can be done for. Children's photos a specialty. Also re-
member that I can save you money on your picture frames.
