...A Word With You...

THIS is the oldest National Bank in Roosevelt County and its success in the past is the best guarantee of its future. But three or four years ago the combined deposits of all the banks in the county amounted to less than one hundred thousand dollars, at present we, alone, have deposits in excess of a quarter of a million. We believe that, in connection with the general prosperity of this section of the country, our uniformly fair and conservative methods have gone far toward attaining this splendid result. We solicit your business, whether it is great or small, and promise the same careful, courteous consideration that is accorded the largest accounts. We invite you to call in and get acquainted with our people and our methods.

A RAILROAD PROPOSITION.

Many citizens of Portales think this town has the best chance to secure the railroad which is coming from Brownwood, Texas, in this direction. The reason they think it will come to Portales is on account of the surface of the country southeast of here, it being such that the road would go through a fine country and have easy grades and no sand hills to contend with coming here, while such would not be the case in veering of to strike the Pecos Valley road north of here. This road is very likely to be built the coming summer and this town ought to put forth some effort to secure the road. It may be that some bonus will be necessary, but Portales could well afford to put up a reasonable bonus to secure the road.

Preparation has commenced at Santa Fe to give Governor Curry a royal reception when he arrives, about the middle of July.

It is time to begin to make arrangements for a Fourth of July celebration in Portales. We ought by all means to celebrate.

Wills Point, Texas, was struck by a cyclone last Saturday afternoon. About ten people were killed, many injured and a number of houses destroyed.

Mrs. Wm. McKinley died at her home in Canton, Ohio, Sunday afternoon. The funeral services were held Wednesday, attended by many prominent people of the nation.

The Territorial Board of Education has adopted a uniform series of text books for use in all the schools of this territory from the first to the eighth grade and in the rural districts.

It was expected that a jury would be secured for the Haywood trial at Boise, Idaho, by the last of this week, after more than three weeks work. It is to be hoped that a fair, honest jury will be secured and that a fair trial be given and decided on its real merits.

A new railroad project is being mentioned in the papers which, from reports, really has something to it. A copy of a telegram received at Carlsbad, was published in the Argus last week, which states that the objective points on the new road are Kansas City, Joplin, Muskogee, Weleetka, Duncan, Lawton, Carlsbad, El Paso and San Diego.

Municipal rottenness is being exposed in big chunks in San Francisco. Mayor Schmitz is being tried on charge of extortion and Abe Reuf, the political boss, has plead guilty. The grand jury has returned numerous bribery indictments against street railway and telephone company officials. Riots and abuse of Japanese restaurant keepers are also reported.

President Cabrera, of Guatemala, sentenced nineteen men to be shot who were charged with complicity in the attempt to assassinate him. Some of the authors of the plot committed suicide while being arrested. The attempt to kill the president was made by laying mines in the street, wires connecting them with electric apparatus. One mine was exploded and the other found unexploded.

Petitions are being circulated in Portales to be presented to the board of county commissioners, asking for the incorporation of this town. So far as we are able to learn the petitions are being generally signed in favor of incorporation. We believe the best thing for Portales is to go ahead and incorporate, so the streets can be fixed up, sidewalks made, etc.

Elida News: A postoffice was established at Boaz, Chaves county, last week, with W. H. Robeson as postmaster. There was also one established at Cromer, in this county, and R. A. Cromer appointed as postmaster at that place. An application has also been made for an office at Liston, which is about twenty miles northwest of this place, and H. G. Liston is the suggested postmaster.

At Roswell, the Superior Refining company, of Longton, Kansas, are arranging to put in storage tanks and make that one of its distributing points for the Pecos Valley. On this account the Continental Oil company, under which name the Standard Oil trust does business in the Rocky mountain states, have reduced the retail price of coal oil at Roswell from 25 cents to 15 cents per gallon.

A Predicament About Building the New School House.

The meeting held at the court house Monday night, called by members of the school board to talk over the school house proposition, was not very well attended. The school board is in a financial predicament on the question of building the new school house. The trouble seems to be that the plans they adopted calls for a building that will cost more money than was available to build it.

When the plans were made and adopted last fall, Mr. Boggs agreed to enclose the building for a little less than \$13,000. The school board thought they had that much money in sight, as bonds had been voted for \$11,000, and they had the old buildings which they figured could be sold for probably \$1,500, and besides that, a special tax of ten mills had been levied which they figured would bring in about \$2,500 more.

When they come to offer the bonds last summer, they found they could only sell to the amount of \$7,500, because, according to law, bonds can only be issued to an amount of a certain per cent of the valuation of the district. But as the valuation of the district was rapidly increasing they figured it would soon reach the point where the entire amount voted could be secured.

According to law a school board can not let a contract legally unless they have the actual money on hand to pay for the same. On this account the board, concluded to let a contract for the foundation only, and contract for it was let for \$1,900. It was agreed that this was the proportionate cost of the foundation under the original offer to enclose the building for a little less than \$13,000, and a contract could be let for the balance later to make the cost of the whole conform to the original offer.

According to the terms of the contract for the foundation, the ditches were to be dug three feet in the ground. It was found that at that depth the ground was not solid enough for a foundation, so they had to go down from four and a half to five and a half feet deep. The idea then presented itself to the board, as they would have the walls they might as well have a basement in the building, and have four more good rooms at a little additional cost. So the dirt was excavated and windows put in the foundation. All this extra work and expense had to be met by the board and it ran the cost of the foundation up to about \$2,700. Four car loads of heavy lumber was bought and paid for and is now on the ground, which cost a little over \$2,000. A car of cement and a car of sand was bought which cost five or six hundred dollars. For the plans and specifications \$150 was paid and some expense has been made by having the foundation inspected, after it was received, so the board has been to a total expense and paid out already about \$5,400.

In April, the board realized \$2,500 more from the sale of bonds, making \$10,000 in all. Taking from this what they have spent, leaves them only \$4,600 now on hand. With this amount of money they are confronted with the proposition that it will cost in the neighborhood of \$10,000 to enclose a building on the foundation. In addition to the \$4,600 the school district has \$2,000 in the general fund, but it seems to be a question whether this can be put into the building. The original members of the school board were W. W. Humble, Charles Woodcock and J. A. Fairly. Mr. Fairly being elected county superintendent, resigned and appointed W. O. Young in his place. Recently Chas. Woodcock has resigned and C. M. Dobbs was appointed in his place. As to what is to be done in the present condition of affairs about the new school building, the board or anybody else don't seem to know. Mr. Humble seems to think by using the \$2,000 in the general fund and selling the old buildings, enough money can be scraped up to enclose the house.

The above statement is about the way the school board gave it at the meeting Monday night. It is practically their statement of the case which we give and leave it with the people to draw their own conclusions and express their own criticisms.

Pleasant Valley Happenings
BY BOONERANG
The weather is fine since the recent
rain.
Preaching at Mr. Holcomb's last
Sunday was well attended.

J. E. Givens and family spent last
Sunday at the home of M. A. Holcomb.
Sunday school at Pleasant Valley is
well attended, but some familiar faces
are missed.

Quite a number of the young folks of
Pleasant Valley left here last week for
Hereford.

Grandpa Brant is very happy since
the rain, as it rained enough at his
place to fill his large tank to overflowing.

The annual singing was given at Mr.
Schweickhard's Sunday night. There
was a large crowd and all report a jolly
time.

We had quite a rain and hail storm
one day last week. The rain was a wel-
come visitor and the hail did but little
damage.

W. W. Hensley had quite a time
hunting for his ponies, which strayed
away, but after a three days hunt they
were found.

One of Mr. Trayer's little boys had
the misfortune of getting one of his
feet cut pretty badly, while grubbing
one day last week.

On last Monday night a crowd of
young folks wended their way to the
home of Mr. and Mrs. Harve Holcomb,
the invitations being given in honor of
the departure of Jacob and Minnie
Schweickhard for Hereford, Texas.
The hours were spent in playing social
games and all were sorry when it came
time to say goodbye.

Fairview Items
(Three miles southeast of Carter.)
BY FARMER.

Frank Thomason spent a couple of
days last week in Portales.

Miss Lee Mayse spent Sunday with
her cousin, Nellie Van Winkle.

Mr. Gibson and son, from Oklahoma,
are visiting relatives at the home of
Frank Thomason.

Quite a number from around Carter
and a few from near Arch attended the
literary last Friday night.

The order of the day seems to be the
poisoning of ground squirrels, which
are taking a great deal of the crops
planted.

Joe Davis, who left here about a
month ago for Texas for his health, we
hear has both limbs and one shoulder
paralyzed.

Mrs. Tom Mayse has not been well
for a few days. Being remodeled in
the "Old Maids' Convention" did not
agree with her. Too much of a change.

Brother Fortner is to preach at Fair-
view school house the second Sunday
in June, at 11 a. m., and Brother Max-
well is to preach the third Sunday, at
11 a. m.

The literary last Friday night was
well attended and some were disap-
pointed when they heard it was to be
the last for a few weeks. But as this
is a very busy time around Fairview it
was decided to put off the next meet-
ing until in August.

Bethel Budget.
BY ROMULUS

Crops growing nicely, but a good
rain would be very acceptable.

Leon Morrison, who was quite ill last
week, is much improved.

Mrs. J. E. Morrison, of Portales, vis-
ited at the home of J. P. Morrison one
day last week.

Oklahoma moved his cattle from
Dallas Green's over to Percy Jones' this
week.

Mr. Greathouse, of Lebanon, Ohio,
came in a few days ago to make settle-
ment on his claim, west of here several
miles.

Several couples of young people of
Portales took dinner at the home of
Mr. and Mrs. W. B. Anderson last
Sunday.

Jesse Estes, of near Tucumcari, came
through here this week on his way to
Texas. He stopped here several days
with friends.

Miss Olene Morris came down from
their new home near Roosevelt, last
week, and has been staying in the post-
office here this week.

The immigration is still pouring in

Crops have not been better in five
years thus far.

Our tables are becoming laden with

Messrs Logan, wife and sister went
to market with a load of corn on last
Wednesday. Messrs Logan are good

farmers and will make farming a suc-
cess in New Mexico.

Two nice showers last week which
were of much benefit to our large and
extensive farms.

Mr. Skein was plowing with Mr.
Winn's horses during the electrical
storm on last Wednesday and was
knocked down, as was also one of his
horses. Mr. Skein was rendered un-
conscious for a few moments and when
he arose from the ground, the horses
ran away with the harrow around the
field several times and finally ran into
the wire fence, cutting one to some ex-
tent.

Notice is hereby given that Ida M. Stuart, plaintiff, vs. W. J. Stuart, defendant. District court, Roosevelt county, New Mexico. To W. J. Stuart, defendant in the above cause: You are hereby notified that suit has been filed in the district court of Roosevelt county, New Mexico, by Ida M. Stuart, as plaintiff, and against you as defendant, wherein plaintiff alleges that she is a bona fide resident of the territory of New Mexico, and Roosevelt county, and that she has been such resident of said territory for more than one year next preceding the filing of said suit, and that you are a non-resident of said territory; that she was legally married to you at Vernon, Texas, on the 3rd day of April, 1905, and lived with you as her wife till Sept. 15, 1905, when you deserted her; that during all the time you lived together, she was to you a dutiful wife; that, at the time of said marriage, she was possessed of about \$400, and that, as long as said money lasted, you made no effort whatever to support her, and that while you so lived together you were guilty of cruel and inhuman treatment toward her, rendering life with you insupportable; that one child, a boy, was the issue of said marriage. She asks a decree of said court dissolving the bonds of matrimony existing between you, and for the custody of said child.

Unless you appear and answer said complaint on or before the 9th day of July, 1907, plaintiff will apply to the court for the relief demanded in said complaint.
