### Representatives of the Nu-Mex Oil Co. Open Headquarters Preparatory for Immediate Drilling.

Oil matters may be said to have started in earnest in Portales. Charles Hagerling of Oklahoma City, is accompanied by his newly wedded wife, together with H. B. Gutches of Ada, Oklahoma, came to the city this morning and immediately began to show the pep that means big things for Roosevelt Co. Hagerling is one of the best known publicity men in the entire country, having been connected with some of the largest civic organizations of New York and Pittsburgh. His wide experience in attracting public interest and capital will result in putting Portales oil field before the entire country. He has been financial representative of one of Oklahoma's large Trust companies and was attracted to New Mexico by the glowing reports made to him by oil operators in the Mid-continent field. Mr. Hagerling states that he is convinced from a study of conditions that New Mexico will duplicate the history of Oklahoma and Texas.

The rig is on the way and will be set up by three experienced builders from Okmulgee, Okla. The casing has been ordered from Tulsa and one of the most responsible of Oklahoma's drillers will have charge of all important operations of drilling and equipping the well. Work will be rushed day and night until completion.

It is altogether probable that more than one well be drilled by the Nu-Mex Company. Their extensive holdings will permit several undertakings to be carried on at the same time. The men behind the company are successful

business and professional men from a state that has become a financial power through its oil wells and these men are not afraid to back their judgment with their money. Some of them have made their fortunes from oil production and royalties. Most of them have made arrangements to spend the Summer at Portales and there is no doubt that they will bring many of their friends while the drilling is going on. They are the type of men whose association with an enterprise brings credit to the community and Portales will be glad to welcome them.

Too much cannot be said in commendation of the spirit being shown by our citizens in co-operating with our visitors. The Chamber of Commerce will join hands in making the development of our new field as successful as lies in human power. It adds untold wealth and it's accompanying blessings for generations to come. Every line of business will share to a marked degree in it's success. Oil money plays no favorites; it's beneficence is wide sweeping. Not only will our city and the entire country become known, wherever newspapers and magazines are read but the actual, concrete benefits are better homes, refineries, factories, bigger business houses, splendid schools and all of the things that make life more ideal and happy, will follow.

Citizens of the South west, watch us grow. Men of Portales, boost the development of our county and thereby assist in the upbuilding and prosperity of our great State.

#### FARM BUREAU NEWS

County Agent, Peterson and Dr. E. P. Johnson, Extension Veterinarian, from the State College are this week covering the county in the interest of stockmen. Promoted by community project leaders of the Roosevelt county Farm Bureau meetings are being held in different parts of the county and judging from the average attendance the interest is very keen and much good is being accomplished. Dr. Johnson's message to the stockmen and farmers is, Don't feed cattle lice and ticks throughout the winter at the expense of the animal. Another favorite expression of the Doctor's is "Dig a Silo for by so doing you are building a winter pasture."

Monday Miss R. Stone entertained the following friends: John W. Ballow, William Jones, Rufus Sledge, Dudley Williams, Lee Johnson and Gralphos Yoakum and Jasmine Fairly, Mary Kenneth Bell and Caroline Davie, of Des Moines, (New Mexico). The color scheme was red and white. Nabiscos and ice cream were served. The crowd was entertained in various ways. All who were present report having a good time.

J. B. Sledge received a message Sunday of the death of his brother, J. T. Sledge, which occurred in Memphis, Tenn. last Saturday night. It stated that he was run down by an automobile Saturday and died that night. Mr. Sledge was the founder of the old bank of Portales, and lived here for several months. He was 59 years old at the time of his death.

#### VETOED NEWSPAPER LIBEL LAW

Gov. Shoup, of Colorado, who is candidate as an old shoe, seems to be a friend of the newspapers. He vetoed a drastic libel law put over by the legislature in an anti-free-press crusade. It is a remarkable fact that the socialistic and soviet-inclined reformers want to cripple a free press. It is gratifying to know that one western Governor is not afraid of the power of the press.

#### TWIN CALVES

J. E. Lee of Redlake is the proud owner of a jersey cow which on June the 1st became the mother of twin heifer calves. Mr. Lee's children have named the calves Mary and Jane, but no one can tell which is Mary and which is Jane.

Last Tuesday afternoon Miss Mary E. Hancock entertained the new girl's club. The officers elected were: Kenneth Bell, President; Emogine Thout, Vice President; Jasmine Fairly, Sec'y.; and Marie Hancock, Treasurer. The other two members are Roma Stone and Burton Denison. Nice refreshments were served. All of the members present report having had a good time.

Miss Mary E. Hancock gave a Weenie roast at her home. The following persons were present: Lee Johnson, Roma Stone, Gralphos Yoakum, Jasmine Fairly, Rufus Sledge, Kenneth Bell, John W. Ballow, Carrylyn Dawn, and Dudley Williams. The entertainment was completed by a live theatre party.

#### TAKE A LOOK AT YOURSELF

(Clipped; Author Unknown.)  
Take a look at yourself—not a squint at your phiz  
When you gaze at yourself in the glass;  
But a squint at the chap that inside of you is;  
Let a little bit out of the gas.  
Take a look at yourself, at the fellow that you are,  
Not the fellow that people suppose  
Inside of the coat and behind the cigar,  
But the fellow that nobody knows.

Take a look at yourself as you stall at the desk,  
Or you rattle around on the road  
When there is no one to hark to the tale picturesque—  
How it's you that must carry the load.  
Some people may think you are a wonderful one,  
From the way that you sorrow and sob;  
But, if you were boss of the business, my son,  
Would you offer yourself a job?

Take a look at yourself—not the party profound  
Looking as wise as he possibly can,  
But the fellow you are when nobody's around,  
Just a sort of a dub of a man.  
When they ask this or that with a tone of respect  
Then you pucker your brow and say, "Hum!"  
If you wanted to get information correct  
Do you think to yourself you would come?

Take a look at yourself, not the coat or the tie,  
Or the wit that you got at a show,  
Not the presents that you send nor the tickets you buy,  
But the fellow inside that you know,  
You smoke like a stove, like a pirate you swear,  
And take an occasional drink;  
If you were the girl (answer, now on the square.)  
Would you marry yourself, do you think?

#### WILL PLEASE THE CHILDREN

The repeal of the so-called 'Luxury Tax' which the President has recommended will bring joy to the hearts of the children for it will knock five per cent off of the price of candy, which is not a 'luxury' at all but a very necessary article of diet for children and also grown-ups.

Jeff D. White left Wednesday for a business visit to Roswell.

#### COMMUNITY BUILDERS

The large banks of the nation are carrying on an extensive campaign to educate the public in the matter of carrying on and building up foreign trade. The banks are simply pioneering the way to build up new business. Similarly the banks in the smaller communities are carrying on extensive campaigns to show the advantages of intensive farming, such as raising berry crops, sugar beets, etc., breeding up the flocks and herds and in general running the farm as a business proposition.

This is the new way of developing business by helping to develop the community first. A live bank, operated along modern lines, is one of the greatest assets any community can have.

#### SALVATION ARMY DRIVE

Albuquerque, N. M.  
June 7th, 1919.  
The Portales Valley News,  
Portales, N. M.

Every returning soldier is singing the praise of the Salvation Army.—of the lasses and men in the Service who risked their lives to get doughnuts and comforts for the fighting men at the front, and in the camps behind the lines.

A national drive is on for funds for the Salvation Army. New Mexico is asked to give \$50,000.00. The quota of Roosevelt county is \$750.00. I trust that every one possible will be given an opportunity to give something to the fund. This money is to be spent for home service work in New Mexico. Let us see to it that New Mexico does her full share. We owe it to the Salvation Army for what they have done for our boys, and to our boys who properly want us to meet a just obligation.

T. J. Mabry,  
State Chairman.

Mayor E. B. Hawkins received a telegram Tuesday evening, stating that James Franklin McInturf had arrived in the U. S. from overseas. It has been reported that "Red" as he was commonly known among his friends here had been killed but this report was without foundation and we are glad he will soon be home.

Mrs. S. D. Beaver left Wednesday for an extended trip and will visit Minneapolis, Chicago and her home in Wisconsin. She will take a post graduate course in vocal instruction of late methods and intends to return in about six weeks to take up her duties as voice teacher with the New Mexico Conservatory of music.—Clovis Journal.

## Roosevelt County Big Celebration

### The Eagle To Scream and Everybody to Have a Big Time in Portales on Fourth of July.

Commencing at sunrise on the morning of July the 4th., and continuing way into the night Roosevelt county is to have the biggest and best celebration in the history of the country.

This celebration is to be in honor of our returned soldier boys whose victorious return home cannot be celebrated in any more befitting manner than by a rousing good time participated in by every man, woman and child in the county.

Backed by the Portales Commercial Club and the Woman's Club a program is being arranged that will not leave a single dull minute during the day. There will be speaking, races, ball games

parades, shows, dancing and many other kinds of amusements so that every person can pick their kind of entertainment and "hop to it."

A big feature that we are permitted to mention at this time the big basket picnic and spread on the court house lawn. Come, bring a well filled basket and Portales will do the rest.

The Clovis band has been engaged to play all day.

Committees at work on entertainment are going around with a wise expression on their face but saying nothing, but they promise to let us know in plenty of time what is going to happen, so watch the papers.  
TELL SOME ONE.

#### THE STATE COLLEGE

We wish to call the attention of our readers to the advertisement of this institution appearing in this issue.

President Criles announces the most successful year State College has ever had. That since the first of last July until the 30th of June this year, the school has taught soldiers and civilians to the number of one thousand; that the faculty is an excellent one; that all of the old faculty have been retained and there will be a few new ones added; that by the fall term the new dormitory will be completed; which will be steam heated and modern and will make a splendid place for students to live; that he is planning for the furnishing of the boarding halls of enlarged supplies, in the way of farm products, dairy products, beef, pork and fresh eggs, for next year; that more students have already made application to enter the school than any other year at this time; that he expects all of the dormitories and other accommodations to be filled. Especially has the trade school developed into a great school for young men who want to learn a trade, so they can double their income.

State College did it's full patriotic share in winning the war, and is now making every effort to make peace prosperous. duty cttdae

Arnett Knapp arrived Saturday of last week from Clarksville, Ohio, and is now running the Clovis auto line for his brother, during the absence of the later, who is in the mountains on a hunting and fishing trip.

An item we overlooked last week was the arrival of F. P. Osborne and family, from Los Angeles, California, who come to make their home among us. We welcome them to Portales.

Joe Anderson a stockman from the Jenkins community, has rented a place in town and will move soon. He left this week for Oklahoma where he will visit with relatives for a couple of months.

Uncle Ed Tyson came over from Tiaban Wednesday and is visiting with friends here a few days. Uncle Ed says there is quite an oil boom over in his part.

Mrs. A. K. Scott left Monday morning for Spur, Texas, where she will visit for some time with her father, J. L. Cyphers.

#### GENERAL DIPPING ORDER IS ISSUED

The cattle sanitary board at a meeting held here Saturday issued a general dipping order directed against scabbies. W. D. Linwood of Raton, secretary of the board stated that the formal order would be published, probably in a week or ten days. It will be effective about August 1st. The exact date will be made known in the formal order.

Disinfection is commanded in all areas of the state infected by the scabbies and also those exposed under the joint supervision of the sanitary board and the federal bureau of animal industry. The infected and exposed areas were defined on a map in the boards room in the city hall and it was believed that the lines would be subject to little correction before the time set for dipping.

The largest area is in the southwestern part of the state and includes Eddy and Lee counties, nearly all of Chaves and parts of DeBaca, Lincoln, Otero and Roosevelt. There were said to be more than 300,000 head of cattle in that district alone that would have to be dipped.

The other and smaller areas are scattered. One includes parts of Dora Ana, Luna and Sierra counties. There is a spot in north eastern Socorro county, which it was said might be extended west of the Rio Grande by the time of dipping. Another area reaches from McKinley into Sandoval, Rio Arriba and San Juan counties. Only parts of these counties are within the lines of the area outlined on the board's map.

Union county is wholly within another district which extends into San Miguel and Quay. That part of Quay lying north of the Rock Island railway is in the marked area. There are also infected spots in Torrance county and Santa Fe, south of the Santa Fe railway.

Mr. and Mrs. Isaac Corhn of Friona, Texas, arrived Sunday for a visit in the home of Mrs. Corhn's parents, Mr. and Mrs. J. L. Gillam. Mr. Corhn returned home Wednesday morning and Mrs. Corhn will remain for several days yet.

A pantry sale will be given by the ladies of the W. C. T. U. at the Joyce-Pruit Hardware store on Saturday, June 14th. Sale to commence at 10 o'clock a. m. Everybody is invited to attend sale and buy their pies, cakes and other good eatables for Sunday dinner.

Four years ago very few people had ever heard of Tanlac—today it unquestionably has the largest sale of any medicine in the world, and is as well known in Canada as in this country. It the brief period of only four years time this now famous remedy has leaped from obscurity to the very pinnacle of success. Its fame in fact, has long since spread beyond the limits of the continent, and numerous inquiries regarding it are now being received from many foreign countries.

Very few people, however, fully realize what a really wonderful record Tanlac has made. Indeed, if it were not for the unquestionable facts and figures given out by the largest and best known drug firms of the country the story of its success would be hard to believe.

Up to January first the total sales of Tanlac amounted to approximately twelve million bottles. The demand, however, is increasing, for during the first ten weeks of this year over one million bottles were sold and distributed in the United States and Canada, the exact figure being 1,306,186 in three months.

At this rate, therefore, the sales for the present year will amount to more than five million bottles. This will mean that 17,000 bottles of Tanlac will be sold during every day of the year, or 2,100 bottles for every hour of the average working day.

These figures are too stupendous for the average mind to grasp, but one may visualize what twelve million bottles mean by imagining them laid out in a single file end to end. Thus laid they would make a track of Tanlac from New York through Chicago, and on to Denver, Colorado; or they would form a double track of Tanlac from the Great Lakes to the Gulf of Mexico. Piled end to end on end they would make a tower 135 times as high as Pikes Peak, or rise 13,333 times higher than the Woolworth Building in New York, the tallest building in the world.

The demand for Tanlac has become so great that its sale instead of being measured by the gross as other preparations have been is now reckoned by the ear load, and even by the train load. In proof of this it is a noteworthy fact that the leading drug jobbers everywhere now buy Tanlac almost exclusively in earload lots. To supply the Pacific coast trade alone requires from forty to fifty earloads per year. Jobbers of the middle west are selling from seventy to eighty cars per year.

The well known drug firm of Hellig-Ellis Company of Memphis, Tenn., has sold over forty ear loads since the introduction of Tanlac in that state four years ago.

Within the past ninety days ten earloads of Tanlac have gone to supply the demand of British Columbia, Saskatchewan, Alberta, and Manitoba, Canada.

The Owl Drug Company of San Francisco, the largest retail druggists on the Pacific coast, state that they have sold more than 180,000 bottles at retail, which surpasses the remarkable record of the Jacobs Pharmack Company of Atlanta, who have sold approximately 80,000 bottles at retail.

Tanlac is composed of the most beneficial roots and herbs known to science. The formula complies with all national and state pure food and health laws of both the United States and Canada; and absolute merit and merit alone is responsible for its phenomenal and unprecedented success.

Tanlac is sold in Portales by Ed J. Neer.

Gen. Henry T. Allen Says Red Triangle Men Went "Over the Top."

Maj. Gen. Henry T. Allen, commander of the Ninetieth division, composed almost wholly of Texas and Oklahoma troops, has written J. W. Nixon, division secretary of the Army Y. M. C. A., as follows:

"Dear Mr. Nixon:

"By reason of the excellent work shown by the Y. M. C. A. assigned to the Ninetieth division throughout the period September 12-19, I ask that in behalf of this division you express to all members concerned my sincerest thanks for the highly important services rendered by them. Through these trying days, from your headquarters at Griscourt, where a canteen, warehouse and dormitory were established, your valuable activities were at all times in evidence up to the assaulting battalions and back from those advanced elements with the wounded through the various medical stations to the field hospitals.

"Nine secretaries were with the infantry battalion, and two secretaries (F. A. Daves and B. F. Ford) actually went over the top with the assaulting battalions and carried on their work in the midst of the severest losses. I specially desire to commend the zeal and fortitude of these two gentlemen, and to thank the Y. M. C. A. for having sent such excellent representatives to us.

"Very truly yours,  
(Signed) "HENRY T. ALLEN,  
"Major General,"

**WHAT ONE CLASS IS DOING**

Ten per cent of the weekly collection of the Loyal Men's Class of the South Dallas Christian Sunday School is put into a sinking fund by investing it in War Savings Stamps. The accompanying picture of the Class was taken Easter Sunday in celebration of the winning of an attendance contest over every other class in the school.

The Class has an active War Savings Society and meets every other Tuesday night. The Class also pays a regular amount toward the support of a Home for Aged Persons and is active in all lines of church work.

What this Class has done, others can do. The Sunday School Class which is also a War Savings Society is laying up money which may be needed at any time and which can always be secured—with interest—on ten days notice to the postmaster.

**Savings Campaign  
Is Boon To Women**

The average family in Texas, Louisiana, Oklahoma and New Mexico is not wealthy enough for the "lady of the house" to have all the little conveniences she wants. Through Thrift and War Savings Stamps, however, the Government has provided a way for the housewife to fit up her kitchen, paint the house, furnish her spare room or embellish the parlor.

Those women who were so wise as to begin saving systematically early in 1918 have nice little sums invested in War Savings Stamps by this time. Eleven War Savings Stamps, some of which cost as little as \$4.12 apiece will buy a first class kitchen cabinet. In many instances, the housewife would not have saved anything to speak of, had it not been for the War Savings Stamps.

Some of the banner Savings Societies in the Eleventh District are in women's clubs or church societies. Women are quick to grasp the benefits from habits of Thrift. Numerous reports have been received at District Headquarters of the Savings Division at Dallas of women who have started in by putting quarters in Thrift Stamps and who have been enabled to buy desired articles to brighten up their homes. As soon as a War Savings Stamp is bought, it begins earning more money. War Savings Stamps are ready money. They are redeemable with accrued interest at the post office on ten days' notice, but the longer they are held, the more money they make for their holders.

**The First Thousand  
Is Hard To Get**

When a man gets \$1,000.00 saved up there are always opportunities for a good investment. It is hard to place much less than that. That is why wealthy men who are self-made advise young men to begin early and save the first thousand.

Until we went to war, it was hard to get started toward that \$1,000.00 unless at least one dollar could be put away at a time. Small change was restless and acrobatic and kept jumping out of our pockets into some body else's.

Now, however, there is an easy way to get that first thousand. The answer is Thrift Stamps. They cost only a quarter apiece and can be converted into War Savings Stamps. The Government of the United States backs these War Savings Stamps with a guarantee of 4 per cent interest compounded quarterly. Save and Succeed.

**Who Is Best Man  
To Do Your Work?**

The best way to have anything is—do it yourself. The best way to get ahead in the world is—save regularly and invest wisely. Your children may be buying Thrift Stamps but the nickels and dimes and quarters they are able to save won't buy a home or a new automobile or a new cultivator. The money to do that will not be saved—unless you save it.

It's easy enough to save if you do it the W. S. S. way. Quarters planted in Thrift Stamps grow into War Savings Stamps and the interest makes them grow like rain does a summer weed. Save for that happy opportunity. If you're not in a War Savings Society—get in one. Be with the crowd. Save.

The people of Portales should patronize this market by buying their meats from them thereby insuring their continuance in the business here. We are authorized to say that satisfaction will be guaranteed. If you are not satisfied, tell them; if you are satisfied, tell others.

**LEST WE FORGET**

Republicans who are demanding the text of the peace treaty before its makers have made it ready for submission to the ratifying authorities are reminded of these words of Republican wisdom:

"We have no possible right to break suddenly into the middle of a negotiation and demand from the President what instructions he has given to his representative. That part of treaty making is no concern of ours."

The quotation is from Senator Henry Cabot Lodge, Republican leader in the senate. He was speaking in the senate on January the 24th, 1906, while that body was considering a resolution calling upon President Roosevelt for information as to foreign negotiations then under way.

Soldiers who fought in the war with Spain, lost in weight on an average of twenty-two pounds each; the average American soldier at the end of the fighting in 1918 weighed twelve pounds more than when he went into the army. Contrasting the work of the quartermaster and the medical and the sanitary departments in the two wars isn't exactly comforting to the present day critics.

Republican filibusters in the Sixty-fifth Congress couldn't see any good in the United States Employment Service. Yet in one week in May it found jobs for 65,253 individuals. The employers showed what they thought of it during the same week by making requisition on the service for 110,446 workers.

Ninety-four and three-tenths percent of the men in the army were fit for service at all times, and of the 5.7 per cent of non-effectives, only 3.4 per cent were rendered so by disease. Of 195,000 Americans who were wounded, the lives of 182,000 were saved.

Thanks to the Federal Reserve Act, given to the country the nation's banking power has been decentralized over the country until the one hundred largest banks are now distributed throughout thirty-six cities.

It is funny how dear the Monroe doctrine is to the heart of a lot of eminent statesmen who never gave it much thought before they began searching for an excuse to oppose the League of Nations.

SUFFRAGE ADOPTED BY U. S. SENATE

LONG FIGHT FOR EQUAL RIGHTS FOR WOMEN APPROVED BY CONGRESS.

MEASURE NOW TO PEOPLE

Resolution Was Passed in Upper House By Vote of 65 to 25. May Not Be in Force in 1920.

Washington.—The long battle for the submission of the woman suffrage amendment was won when the senate by a vote of 65 to 25 passed the resolution which passed the house just two weeks ago.

The amendment was supported by 36 republicans and 29 democrats and opposed by 17 democrats and 8 republicans. It received two more votes than were needed to make the requisite two-thirds.

The suffrage amendment as it will be added to the constitution if ratified by the states reads:

"Article —, Section E: The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of sex.

"Section 2: Congress shall have power, by appropriate legislation to enforce the provisions of this article."

With the fight in congress now after nearly forty years of effort, advocates of woman suffrage turned their attention to the various state legislatures, three-fourths of which must ratify the constitutional amendment before victory can be won.

Although supporters of the measure were jubilant at the action of congress and confident of final success, there is a "division of opinion among leaders as to whether the ratification by the states of the proposed amendment can be secured in time for the women all over the country to vote in the next presidential election.

Few state legislatures now are in session and many will not hold sessions until next year. Those now in session which include Massachusetts, Illinois, Pennsylvania, Michigan and Wisconsin, are expected to adjourn this month or next.

MINE DISASTER; 83 DEAD Car of Powder Explodes in Tunnel, From Spark.

Wilkesbarre, Pa.—State officials are making an investigation of the explosion in the Baltimore tunnel of the Delaware and Hudson Coal Company which resulted in the death of eighty-three men and serious injuries to fifty others here.

Only forty-nine of the persons dead have been identified. Officials of the company are checking up the list of dead, which it is feared may reach 100. According to the company's figures, 143 men and boys were being carried on the train.

Assistant General Manager Buchanan of the Delaware and Hudson Coal Company, after investigation at the scene of the disaster, gave it as his opinion that a steel bar or drill carried by one of the men came into contact with the overhead wire and formed the short circuit which exploded a car of powder.

Among the identified dead was "Chuck" Connors, a war hero, who came home from France only a few days ago, while another dead man is John McClosky, formerly a pitcher in the New York State league.

BURLESON IS PRIED LOOSE Dictator Finally Lets Loose of Wire Service.

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which led to my weak condition."

"I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WOODRUM, 2243 North Taylor St., Philadelphia, Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, back-ache, irritability and depression—and soon more serious ailments develop.

It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Woodrum.

SHOOK WITH NERVOUSNESS

A Lady Was Flat On Her Back With Terrible Spells, But Her Husband Got Cardui,—And Now She Is Grateful.

McKinney, Texas.—Mrs. Mary Stephenson, of this place, states: "About a year and a half ago I was down in bed for six weeks, not able to sit up. I was flat on my back and had terrible spells. . . . Why, it looked like I would die. At times I didn't know anything. I would get nervous, I couldn't bear anyone to talk to me, I would just jerk and shoo with nervousness. . . . across my back was so sore and ached me all the time. I would have a dizzy feeling. My limbs ached me and I would get numb and feel so weak. . . . I said to my husband I knew Cardui was good and I believed I had best try it."

He got me a bottle of Cardui, and when I had only taken one-half bottle of Cardui I felt stronger. I took a half a dozen bottles altogether, then in two weeks after I began taking I was up, in three I was doing my work. I praise Cardui for I believe it saved my life and I am grateful."

For over 40 years Cardui has been helping weak, sick women back to health and strength. Try it.—Adv.

Weak From Pain

Mrs. Gibbert Was in Misery, But Doan's Brought Her Splendid Health.

"About 15 years ago my kidneys were in bad condition," says Mrs. Lucy Gibbert, 18310 Columbia Ave., Harvey, Ill. "There was a constant, dull, boring down pain in the small of my back. I couldn't turn over in bed without such pain I could hardly breathe. Mornings I was stiff, sore and lame all over; my back was like a rusty hinge."

"Inflammation of the bladder nearly drove me wild. The kidney secretions passed every little while, day and night, a little at a time, and burned like fire. Great sacs of water formed under my eyes."

"I was in such misery I would become weak and so nervous I would scream. I had nerve-racking headaches and the back of my neck pained me. I was so dizzy I didn't dare bend over for fear of falling on my face. My sight became blurred. I was sick all over."

"Five boxes of Doan's Kidney Pills cured me of kidney trouble. Since then I have enjoyed splendid health and I owe it all to Doan's. Sworn to before me. SAMUEL DANICK, Notary Public."

GERMANY STILL BUCKS TREATY HUN CONTINUES TO SQUEAL TO HIS CONQUEROR.

Still Thinks He Can Dictate the Final Terms of Peace.—Rhine Republic Proclaimed.

Washington.—Germany, although realizing that she must make sacrifices to obtain peace, is convinced that the execution of the peace treaty as drawn is "more than the German people can bear."

Count von Brockdorf-Bantsau of the German peace delegation thus sums up the attitude of the German nation toward the proposed treaty of peace in a note to the allied and associated powers outlining various German counter proposals.

"The German delegation, nowhere in its note, asserts that it will refuse to sign the present treaty, but declares on behalf of the German nation that 'even in her need, justice for her is too sacred a thing to allow her to stoop to achieve conditions which she cannot undertake to carry out.'"

Barring of Germany from the league of nations, the note asserts, means that in signing the peace treaty Ger-

THE ANSWER

London.—Premier Lloyd George, in his speech to the Welsh division at Amiens, declared:

"We say to the Germans: 'Gentlemen: You must sign. If you don't do so at Versailles, you shall do so in Berlin. We are not going to give way.'"

many would be executing a "decree for its own prescription, nay, its own death sentence."

The German people, the note says, have been disappointed in their "hope for a peace of justice, which had been promised and stand 'aghast' at the demands made upon them by the 'victorious violence of our enemies.'"

Outlining its counter-proposals, the German delegation agrees to the reduction of Germany's army and navy on condition that Germany be admitted immediately to the league of nations; to renounce Germany's sovereign rights in Alsace-Lorraine and Posen but as to all other territories, which Germany is called upon to give the principle of self-determination, applicable in case, is asked; to subject all German colonies to administration by the league of nations, but under German mandatory and to make the indemnity payments as required but in amounts that will burden the German taxpayer no more heavily than the taxpayer of the most heavily burdened among those represented on the reparations committee.

The note declares Germany is willing to pool her entire merchant marine with that of the associated powers. Neutral participation in the inquiry as to responsibility of the war is asked.

Bavarian Parties Unite. Munich.—Representatives of all the political parties in Bavaria met here and found themselves of one opinion that the situation of the country was so serious that unity was the only means of its salvation and that the conciliation of the working peoples and the bourgeois was the first step toward achieving this unity.

This constitutes a working program in support of which it is stated all the parties will pool their efforts, including the centre party, the democrats, the socialists and the independent socialists.

The outward quiet and safety of Munich now seems assured, but the 30,000 unemployed in the city constitute a continuing danger. The number of the unemployed is not decreasing, largely because of their lack of a desire to work. It was impossible recently to obtain twenty agricultural laborers who were wanted, from the great number of idle people in the Bavarian capital.

The Bavarian army will soon be disbanded and the state will go over to the national volunteer defense system.

Rhine Republic Proclaimed. Mayence.—The Rhine republic was proclaimed June 1 in various Rhine cities. The population welcomed the event with satisfaction and expressed the hope that it would put an end to the painful uncertainty prevailing in the Rhine provinces regarding the allied nations and Germany.

Three Killed in Speedway Race. Indianapolis.—Before a throng surely the greatest that has ever seen a race on the historic Indianapolis oval, Howard Wilcox, driving a Peugeot car, won the classic 500-mile international sweepstakes. Eddie Hearne in a Durant special was second and Jules Goux in a second Peugeot third. Wilcox's time was 5:55:21, which gives an average of 87.12 miles per hour. Three drivers were killed and another is dying.

Terms Handed to Austria. Paris.—All of the allied peace envoys were present when the treaty was handed over to the Austrian delegates in the Chateau St. Germain. The ceremony was similar to that at Versailles, when the German delegates received the first copy of the terms in the Trianon palace, but the demeanor of the Austrians was a little more amiable and courteous than that of the Germans. The Italian question is still to be settled. The Italians have so far refused to agree to the plebiscite for eastern Istria.

Good Advice.

"I am to make my first public speech tomorrow night. What would you advise me to do?" asked the young man of an old-time after-dinner speaker.

"Are you fond of your wife and children?" asked the old-timer.

"Yes, very."

"Like your home?"

"Very much."

"Do you enjoy having an occasional evening at home with your wife and kiddies?"

"I certainly do."

"Well then take my advice. Make that speech of your's tomorrow as bad as you possibly can. Make it so bad that they'll never ask you to speak in public again, and live in peace and contentment the remainder of your life."

Knocking the Judge. A discouraged counsellor remarked to the court, "My poor client is little likely to get justice done here until the judgment day."

"Well, counsellor," said the judge, "if I have an opportunity I'll plead for the poor woman myself on that day."

"Your honor," replied the other, "will have troubles of your own upon that day."

At the Hotel. "Mrs. Mary McGinnis," wrote the woman. "Miss Mayme MacGinnis," registered her daughter.

SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate action is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Protest From the Target. The Manager—"There'll be a big crowd today. The soldiers and sailors are to be admitted free."

The Umpire—"Aw, nix, nix! Have a heart. Let in the gobs, but keep out the doughboys. Those guys are the champion grenade throwers of the army, and every one'll have a pop bottle."

Eternal vigilance may create a demand for spectacles. Truth is mighty, but, fortunately, a lot of it can be suppressed.

AN ADVOCATE OF DEMOCRACY

RESPONSIBLE, BUT NOT RESPONSIVE

Republicans wanted office and might power, but apparently they are unwilling to accept and discharge responsibilities. This fact is made abundantly manifest to all who read the pleas and complaints that have come from Republican leadership in Congress following the President's latest message. As a minority in the last Congress these same Republicans were persistent—but not always consistent—critics of President Wilson's failure to recommend tasks and courses of legislation. As a majority in the present Congress they begin their careers as critics of his proposals for the very enactments they previously demanded.

These leaders of a majority that has taken control of Congress

expect the President to retain the initiative and accountability for all that is done by way of passing new or recalling old laws. They seek to continue their role of critics of his performances instead of being themselves performers. They have waited for six years that the President has usurped and exercised autocratic authority in the legislative as well as the executive branch of the government. They have called on the people to end his sway by electing them. Yet, at the moment when power is in their keeping they decry the President for exacting of them the duties that go with their dominance.

It was charged that the President had failed to offer any suggestions for the disposition of the railroads, the telephones and the telegraphs. It was lamented that he had no plans for reducing taxation. It was asserted that he was without ideas for reconstruction. They were indignant alike at his actions and his omissions. But now that he has submitted to them a program which contemplates remedies for all the conditions that war has begotten, this Republican majority is a loud voice of protest and denunciation.

President Wilson has recommended the return of the railroads and the other utilities that the government diverted to its control under the exigencies of war. He has given them specifications as to the lowering and abolition of taxes. He has presented the need and the outline for industrial reforms. He shows the way to make constructive changes in the tariffs. He has requested assistance to our foreign commerce—which will be a help to our domestic business. He has recommended provisions in behalf of soldiers and sailors—and has referred Congress to a plan already evolved.

What is the Republican answer? "It is the most demagogic message that has ever gone to Congress," says Senator New of Indiana. "He has handed us a lemon," says a representative from Pennsylvania. "It is a poli-

tical maneuver," says a third. But the country knows to whom to look for legislation. The Republican majority must act. Whether they accept or reject the President's program, they become answerable for what they do. And it is the prospect of having to act instead of merely carp that pains them so grievously. They at last are responsible and they must also be responsive.

### FIXING LEAKY FOUNTAIN PEN

Really No Need to Put Up with Annoyance That Can Be Remedied Easily.

If you have a fountain pen that leaks around the joints, especially so if it is one of those types of fountain pens having a point which disappears by turning a section of the barrel, try an application of heavy oil. To remedy the defect, soak the pen in warm water, not hot, and allow it to dry, particularly inside. Then apply oil on the spindle which revolves. The oil should be worked through the bearings from end to end. You can now refill the pen and wipe off the excess oil. A heavy cylinder oil is best for this purpose. To unscrew the parts of a fountain pen which have become set, merely heat the pen with hot water or by holding it near a flame, but be careful not to get too hot for there is danger of melting. While pen is heated a slight twist will often loosen the set.—Frank P. Goeder, Colorado Agricultural College, Fort Collins, Colo.

A list of tax payers of Roosevelt county, showing name and address and assessment by county Assessor and assessment recommended by Field Agent of State Tax Commission, was presented to the Board for their consideration, with a view of having the assessments made by the County Assessor, raised to the amount recommended by the Field Agent of the State Tax Commission:

The Board after considering said list, find as follows, to wit:

In re C. V. Harris Mercantile Co. After hearing argument of C. V. Harris, and receiving affidavit in support of his rendition, and after having duly considered same, and being fully advised in the premises, the Board are of the opinion that the raise by the Field Agent of the Tax Commission, on merchandise from \$4,000.00 to \$6,000.00 and on furniture and fixtures from \$400.00 to \$600.00, is unjust and that his rendition should stand as made to County Assessor, viz: Merchandise \$4,000.00, Furniture and Fixtures \$400.00.

In re Wat & H. Stewart Garage

After having considered affidavit of Wat Stewart in support of his rendition, and being sufficiently advised in the premises, it is the opinion of the Board that the raise of the Field Agent of the State Tax Commission on merchandise from \$1,000.00 to \$1,500.00, is unjust and that his rendition should stand as made to County Assessor, viz: Merchandise \$1,000.00, Furniture and Fixtures \$1,375.00.

In re Highway Garage:

On investigation we find that the Highway Garage is assessed as a corporation on \$10,000.00 Capital Stock, and that assessment recommended by Field Agent should be disregarded and assessment stricken from the tax rolls except as to \$10,000.00 Capital Stock.

In re J. B. Sledge Hdwe., C.

On investigation we are of the opinion that assessment recommended by Field Agent should stand as made by him, viz: Merchandise \$9,234.00, Furniture and Fixtures \$150.00

In re Kemp Lumber Co.

Rendition given County Assessor, Merchandise \$5,400.00, Furniture and Fixtures \$200.00. Merchandise raised by Field Agent to \$9,964.00, Furniture and Fixtures reduced by Field Agent to

\$150.00, after investigation and due consideration of the matter and after hearing argument of Manager of said Kemp Lumber Co. it is the opinion of the Board, and they recommend that the assessment stand as follows, viz: Merchandise \$9,064.00 and Furniture and Fixtures \$200.00.

In re McDonald & Ison.

After due consideration it is the opinion of the Board that the valuation as fixed by Field Agent, on merchandise, in this cause, viz: \$900.00 is a just and equitable rendition, and should stand as fixed by said Field Agent.

In re W. H. Braley Supply Co.

After having received affidavit and hearing argument of W. H. Braley, in support of his rendition, and after having duly considered the same, the Board are of the opinion that the raise by the Field Agent on merchandise from \$800.00 to \$1,250.00, and on Furniture and Fixtures from \$750.00 to \$1,000.00 is unjust and that his rendition should stand as made by County Assessor, viz: merchandise \$800.00 and furniture and fixtures \$750.00.

In re Whitcomb & Williamson.

After having considered the rendition in the above cause and no affidavit having been presented, and the valuation as made by Field Agent not being contested, it is the opinion of the Board that raise should stand as recommended by Field Agent, viz: merchandise raised from \$500.00 to \$1,000.00, furniture and fixtures \$100.00 as taken by County Assessor.

In re Ed J. Neer.

No protest having been made as to raise by Field Agent in the above cause, it is the opinion of the Board that the rendition, in this cause should stand as recommended by Field Agent, as follows, viz: merchandise raised from \$4,096.00 to \$4,518.00, and fixtures raised from \$450.00 to \$500.00.

In re A. L. Gurley Broom Corn Company.

After having investigated the rendition in the above cause, it is the opinion of the Board that the said A. L. ## A Word To Those Who Patronize Nil Order Tire Concerns.

First when you are about to make out that order for tires to SOME BIG SOUNDING NAME OF TIRE CONCERN, you'll find about this statement on it somewhere, don't overlook it read it carefully, it MAY BE in very fine print or it may be in bold type, but it is there and it reads about as follows:

DEPOSIT REQUIRED, we ship C. O. D. with privilege of examination before pay for them. We will guarantee any tire if 15 per cent is added to the price quoted."

Legalize this statement. First you notice C. O. D. COMES before EXAMINATION, this is true. Who ever heard of any body being allowed to take tires out of the express and take the wrapping off before he puts up his hard earned money. Then you can take them out and examine them to your hearts content. TRY THEM OUT and the first day or the first hard drive, BOOM! goes a tire. Then you have the PLEASURE of entering a long line of CORRESPONDENCE, trying to get THAT big sounding GUARANTEE you DON'T GET.

EXPERIMENT? Why take upon yourself a lot of grief by FOOLING with these (P) JOHN CONCERNS, when EVERY TIRE AND EVERY ARTICLE we sell you is guaranteed and if anything does go wrong you can talk to us face to face with your troubles you can rest assured that you can get satisfactory service with us, for our business depends on our giving you satisfaction. And last but not least, WE BELIEVE THAT PRINCIPLE and are DOING business on that basis and are GOING TO DO BETTER that way or not at all.

If you are in need of Tires, Tubes, or Auto Supplies, come and see us and let us show and explain to you the merits and show the proper tire your particular car and your particular kind of driving requires.
