PORTALES, NEW MEXICO, THURSDAY, SEPTEMBER 18, 1919

Volume XVII, Number 46

DEATH TOLL AT CORPUS CHRISTI NEARING THE TWO HUNDRED MARK

The tropical storm which raged along the Gulf Coast last Sunday is almost unindescribable according to newspaper reports from that section.

The Albuquerque Journal this morning gave the following:

Corpus Christi, Tex., Sept. 17.—The list of known dead in Corpus Christi and environs is now nearing the two hundred mark and is being swelled almost hourly.

It is now feared that the death toll will reach far into the hundreds as reports reaching here from across Nueces Bay in the vicinity of Portland, White Point and Roetta and other towns in that section tell a uniform story of heavy casualties.

According to reports received from that section today the receding waters have left bodies strewn along the entire north shore of the Bay. Burial parties are being sent out from here to scour all the lowlands along Nueces Bay and bury them in the most expeditious manner as practically all hope of identifying any of the bodies has been abandoned.

The temporary morgue opened in the Corpus Christi court house was closed today and all bodies are now being carried directly to the cemeteries where they are buried with simple rites by waiting clergymen. Pieces of clothing, jewelry and other keep sakes found on the bodies of the victims are being preserved and filed with the county recorder in the hope they may later be of use to relatives and friends as a mean of identification.

A military airplane circled over Corpus Christi and over Port Aransas yesterday afternoon and reported that many bodies could be discerned at Port Aransas, but that a landing was impossible because of the high water.

Mr. and Mrs. Charles DelCurto arrived Sunday from Las Cruces, this state and will visit a few days with relatives and friends.

SCHOOL NOTES

The total enrollment at school to date is 433. There are 103 in High school and 330 in the grades. The enrollment is just about the same as last year at the end of the second week. The rain this week has cut down the daily attendance some and has also probably kept some new pupils from entering.

Mr. Livingston is putting "pep" in the athletic association. The association needed \$50 with which to buy equipment and the teachers have subscribed \$40 of the amount. If the boys call on you, come across and help.

The High school will get more needed equipment this year than it has at any time in the past, or probably in all the past together. Same will be appreciated by the teachers and pupils.

The High school teachers had a "get-together" meeting last Friday after school. The grade teachers and school board were invited. Refreshments were served and a delightful time enjoyed by all present.

Have you visited school yet? Come! You are invited.

GOOD RAIN THIS WEEK

One of the best rains we have seen here in a long time started Sunday night and lasted until Wednesday morning. It was one of those slow, steady rains without any wind or lightning and will surely make the grass fine unless we have an awful early frost. It will also be a wonderful help to the late feed crops over the country. It is estimated that from three to four inches of rain fell during the week.

A. L. Jones of Roswell is here helping the telephone manager put up some new lines and otherwise putting the system in much better shape.

Homer Compton is down at Childress, Texas, this week visiting with his brothers for a few days.

COAST TO COAST U. S. FOR LEAGUE

MILLIONS ACCLAIM WILSON AS HE SPEEDS ACROSS THE LAND.

FEW ASK FOR CHANGES

Majority Feel That President's Course Should Be Held—He Regards Post As Sure to Come Soon.

(By Mr. Clemens News Bureau)
Aboard President Wilson's Special Train—From the Capital at Washington to the far Pacific coast the President of the United States has journeyed on the most unusual expedition ever undertaken by a chief executive of the nation.

To discuss national questions, many presidents have toured the land; but Mr. Wilson is laying before America a question which affects the whole world—the question of whether or not we are to join in the League of Nations; whether we are to forget our former isolation and share with the other peoples of the earth the responsibilities of maintaining civilization and preventing, as he says we can do, future wars.

Between the capital and the coast the president made fifteen speeches and half a dozen brief talks. All of 100,000 fellow citizens listened to him, and apparently everyone wanted to see him. From those who thronged the streets of the cities and towns where he stopped, to those who came to the railroads or stood at little flag stations in remote places, knowing their only reward could be a fleeting glimpse and a wave of the hand.

He has met and talked to all types of citizens—to men big in the business, financial and professional worlds, to farmers and mechanical workers, to Indians and cowboys and foreign-born herdsmen and rangers, to soldiers and to mothers who lost soldier-sons in the late war.

What do they all tell him? Unanimously they say they want peace definitely settled, they want no more wars, they want the League of Nations, and most of the American people, it may be fairly said, tell the President they want the League just as it is, without the reservations or amendments which certain senators have insisted upon. The majority of citizens say to those who interview them on this tour:

"Woodrow Wilson guided us rightly before and during the war with Germany. We entered that war, everyone agreed, to end all wars. He says the league can do that. We want to do that, so let us keep on trusting him and get the league into operation as soon as possible. Forget politics."

Most Americans encountered on the tour have forgotten politics. Republican Governors and Mayors have introduced the President to his audience; the Major part of the local committees which have met him have been Republicans. They have all said: "We are nothing but Americans, Mr. President."

Mr. Wilson's arguments for the league, briefly summarized, are those: There can be no peace, either now or in the future, without it. There can only be a regrouping of nations and a new "Balance of Power," which is certain to lead to war. There can be no war in the future, with the league in existence, because no single nation would defy the united rest of mankind, and if it did, it could be brought to terms by an economic boycott, and without the use of arms. There can be no reduction in the cost of living until the league is established, for nations will not go ahead with peace time production until they know that peace is definitely assured and that production of war material is no longer necessary.

There can be wonderful prosperity, with the league in existence, for relations of labor and capital all over the world will be made closer and more friendly, and the worker will receive a fairer share of what he produces.

These declarations of the president, logically and eloquently put, have left his hearers thinking and thinking deeply. And then Mr. Wilson has pointed out, the people themselves, as differentiated from senators and politicians, seem to want just what the president wants, which is America for leadership.

Quite as unusual as the purpose of the cross country tour is the manner in which it is being carried out and the completeness of the arrangements on the nine car train which is bearing the party.

At the rear is the private car Mrs. Wilson, occupied by the President and Mrs. Wilson. Next is a compartment car for the secretary Tumulty, Admiral Grayson, Mr. Wilson's Physician, four stenographers, the chief

SMITH CLAN HOLDS A FAMILY REUNION

The following article is taken from the Audubon Advocate, of Audubon, Iowa, regarding the reunion of the Smith's and which was attended by Mr. and Mrs. F. R. Smith of this place:

"The fifth reunion of the descendants of the John C. Smith family, of Kewanee, Illinois, is being held at the home of Mr. and Mrs. W. W. Smith of this city during this week. It was the fifth event of the kind that had been held by the members of the family in the last fourteen years. It was originally planned to hold one every two years, but at different times circumstances have arisen that prevented the carrying out of the original plans. The last one was held at Cambridge, Illinois, three years ago, the one that should have been held last year having been postponed because many members were in the army.

"The new home of Mr. and Mrs. W. W. Smith has been the center of the gathering, although they have had to impress the facilities of some of their neighbors' homes to accommodate the crowd. The meals have been served in the dining room of the Methodist church where a cateress has been in charge for Mrs. Smith.

"There were forty members of the family present. An unusual feature of the gathering was that seven of the number were physicians. It is doubtful if a gathering has been held in the city in recent years in which the participants came together from as many parts of the United States. In all, there were representatives of nine states, extending from California to Michigan. One member drove from New Mexico by auto to attend the affair. While most of the guests arrived on Tuesday, Wednesday was the official day which had been designated as the day of the reunion, and the day when all the guests were present. Some found it necessary to leave Thursday morning and others will remain until earlier in the week.

"As a token of their appreciation the guests presented Mr. and Mrs. Smith with a mahogany tea cart. The presentation was made by Dr. Wm. M. Smith, who was the oldest member of the family present.

"The ages of the members who attended varied from seventy-seven years to ten months. The youngest one was Helen Louise, daughter of Mr. and Mrs. Harold Todd, of Villisca.

All of the visitors who were in the city for the first time were generous in their praise for Audubon, saying that it was one of the best appearing towns they had ever seen."

Julie Stone left this morning for Burkburnett, after a few days visit with his mother who has been ill. Mrs. Stone is much improved and will be out within a few days.

Otho McMinn returned this morning to Burkburnett, Texas, after a few weeks' visit with homefolks.

Finis Henderson returned today from an extended trip north and east. He worked in the harvest in Kansas, then on to Missouri and back to Arkansas where he visited relatives for a few weeks.

W. H. Braley this week sold his insurance business to J. A. Fairly and will now devote his entire time to his service station.

The Portales Valley News is \$1.50 per year—and worth it!

executive clerk and seven secret service men. Beyond are three compartment cars which house twenty-one correspondents, five movie men, and a telegraphic and a railroad expert. Then there is a dinner, a club car, and two baggage cars, one of them converted into a business office. The train was exactly on time at every stop between Washington and the Coast.

OZARK TRAILS MEETING

Roswell, N. M., Sept. 16.—There will be nothing cut and dried about the program of the annual convention of the Ozark Trails association which will be held here October 1, 2, and 3. There will be delegates by the hundreds at the convention and the program will be molded to suit their wishes. This policy has been carried out in past years and it is believed to be one of the reasons for the continued interest and large attendance at the conventions of this association. There will, of course, be a number of good speakers and lectures, but in the main the three days session will take up the problems which the delegates wish taken up.

A jazz band from Kansas, one from Arkansas, and Tucumcari's twenty-five piece band are the musical organizations which have been promised in addition to Roswell's own band. Col. W. H. Harvey, president of the Association, is however expecting others. St. Louis seems to be in the race strongest for the next convention.

The sweet potato houses which are being erected by the Portales Valley Sweet Potato Growers' Association are progressing nicely and one is almost completed. These houses will hold a world-of potatoes and the growers expect to fill them.

Mrs. George F. Williams is in Clovis this week visiting with her daughter, Mrs. Paul Brown.

NU-MEX OIL MACHINERY ARRIVED THIS MORNING

The drilling outfit for the Nu-Mex Oil Company's No. 1 well arrived on the local this morning and they are busy getting it unloaded and hauled.

The Nu-Mex people have a big barbecue and picnic planned for the day of their "spudding in" which will be either Monday or Tuesday, September 29th or 30th. Full particulars and the exact date will be announced just as soon as they can be sure of it. Anyhow you are asked to get ready to have a good time as they expect to make this the biggest celebration pulled off here in a long time.

LIGHT VOTE CAST TUESDAY

On account of the bad weather Tuesday, the vote on the Constitutional Amendments were very light. If the rest of the state voted as did this precinct, two of the amendments are liable to be defeated. The vote for this box was as follows:

Soldier Vote Amendment.
For.....55
Against.....47
Board of Control:
For.....5
Against.....100
Roads and Bridges:
For.....4
Against.....101
The votes from the various precincts have not been brought in yet, but we will give the complete vote next week.

RAISES WHEAT PRICE

OKLAHOMA GROWERS ARE BENEFITED BY \$100,000 ADVANCE IN WHEAT

AVERAGE HIKE IS TWO CENTS

Grading and Testing Exhibits Planned By the Government for State and County Fairs.

Oklahoma City.—What amounts to a saving of at least \$100,000 to the farmers of Oklahoma on the portion of this year's wheat crop still in the farmers' hands has been gained through a recent revision of the prices which the government will pay for the lower grades of wheat.

All through the early wheat season there was much complaint on the part of farmers regarding the grading of their wheat and the prices paid at country elevators. As a result of representations made by John A. Whitehurst, president of the state board of agriculture, two special government representatives were sent into Oklahoma to investigate the situation.

Grievances Heard. These men, John D. Shanahan of the United States Grain corporation at New York, and J. M. Chilton, federal grain supervisor for the bureau of markets, met many farmers, heard many real grievances, and went away with a good understanding of the situation.

As the first result of their visit, the United States Grain Corporation has raised the price which it will pay for No. 3 wheat by one cent a bushel, No. 4 wheat two cents a bushel and No. 5 wheat four cents a bushel. The average raise is about two cents a bushel and will apply to more than 5,000,000 bushels of Oklahoma wheat which is still in the hands of the farmers. The raise applies to the entire United States.

Rules Tightened. The second result has been a tightening up of the rules under which country elevators may buy wheat, to the effect that any country elevator which fails to give the farmer a fair reflection of the government price will be considered to have given cause for the cancellation of its license.

The third result is the presence in Oklahoma of four government grain supervisors who will visit twenty county fairs in this state with a view to giving demonstrations in grain grading and testing to elevator men and farmers, in order that both classes may be in a better position to grade their own grain in accordance with government methods and thus properly estimate government prices.

The work is in general charge of Supervisor Chilton and the four federal supervisors who will visit the fairs are G. F. Binderin, of Oklahoma City, C. W. Griffin of Fort Worth, R. D. Jarboe of Wichita and R. R. Saunders of New Orleans. Their grain grading exhibits and demonstrations will be given at the following county fairs on the dates named, all of the fairs occurring during the month of September:

Exhibit For State Fair. Kiowa county, September 9-10; Tillman, 11-12; Greer, 13; Beckham, 16-17; Washita, 18; Caddo, 19-20; Comanche, 10-11; Custer, 12-13; Roger Mills, 15-16; Woodward, 17-18; Logan, 19-20; Kay, 9-10; Canadian, 10-11; Blaine, 12-13; Garfield, 16; Major, 17-18; Washington, 19-20; Grady, 9-10; Stephens, 11-12; Jefferson, 13; Rogers, 16-17; Mayes, 18-19; Wagoner, 20. Similar government exhibit sales will be made at the Oklahoma state fair, September 28 to Oct. 4.

VILLA FLEES WITH "ARMY"

Thrice Defeated Rebel Escapes To Mountains.

Galveston, Texas.—Francisco Villa, Mexican bandit chief with but eighty men, the remnant of his army is fleeing in the mountains near Durango City, closely pursued by a troop of light Mexican cavalry led by General Castro, following three defeats in clashes with troops under General Manuel Dignez, according to reports reaching here.

In these engagements fought near Durango City, Santa Gabriel and Monte De Dios, Villa's cavalry was completely routed, the reports said, 356 of his followers being killed and 800 horses captured along with a large amount of munitions and equipment.

Villa with his chief aid, Martin Lopez, managed to escape and fled into the mountains closely followed by cavalry led by General Cesario Castro.

Mexico Regrets. Washington.—Regret over the firing of an American airplane on the border has been expressed by the Mexican government. It was announced by the state department. Assurances were given that an immediate investigation would be made with a view to satisfactory adjustment. The expression of regret was made by the acting minister of foreign affairs after the American embassy at Mexico City had been called attention to the report of the incident by the American consul at Nuevo Laredo.

CARDINAL MERCIER VISITS U. S. FAMOUS CHURCHMAN DE-FIED HUNS FOUR YEARS

Although Virtually a Prisoner, He Bada the Conqueror Heed the Laws of God If Not of Man.

New York.—Cardinal Mercier, Belgium's gallant churchman, arrived here bringing to America the thanks of the little country in whose tragic history he has played so heroic a part. As the venerable prelate stepped for the first time on American soil, he was asked for a message to the American people.

"I can only say 'thank you—' he replied, his voice quivering with emo-

Cardinal Mercier.

tion. "What else is there for me to say?"

Cardinal Mercier speaks excellent English with a soft, musical accent. There is little in the outward form of the man to tell of the devoted priest who defied the German invader and sternly bade him to heed the law of God if he cared nothing for the laws of man. Thin, almost to the point of emaciation, his tall form bent under the tremendous burden he bore for four terrible years, the features of his heavily lined face seemed to reveal nothing but gentleness and kindness. But the deep set brown eyes look out from under the strongly marked eyebrows with a clear, calm and penetrating gaze which tell much of the unconquerable spirit of the man.

Cardinal Mercier went to Baltimore to visit Cardinal Gibbons. Afterward, he will return to New York and later visit Albany and Boston. A western tour ending on November 5, will bring his American visit to an end.

JOHN MITCHELL IS DEAD

Lead Two Famous Mine Strikes Twenty Years Ago.

New York.—John Mitchell, former president of the United Mine Workers of America and one of the most widely known labor leaders, in the United States, died at the post graduate hospital.

John Mitchell, labor leader, author and lecturer, was born at Braidwood, Ill., Feb. 4, 1876. At the age of ten he had to leave school and go to work, but he continued his education by studying at night. Later he studied law for a year and then took up the study of economics.

Mr. Mitchell came into greatest prominence as president of the United Mine Workers of America. He directed two strikes of the mine workers in 1900 and 1902. At the time of his death he was chairman of the state industrial commission. He was widely known as a lecturer on trade unionism and had also written several books and pamphlets on labor subjects.

VILLA WANTS RECOGNITION

New Appeal Made to Washington By Mexican Factions.

Washington.—An appeal for formal recognition by the United States of the belligerency of the various anti-Carranza revolutionary factions in Mexico and for financial aid in the proposed overthrow of Carranza and the setting up of a provisional coalition government, was presented at the White House.

The appeal, which pledges "reconstruction and restoration to national health" of chaotic Mexico, bears the seals of Gilarado Magara, commander of the re-organizing army; Guillermo Meixuelro, commander of the defensive forces of the free and sovereign state of Oaxaca; Felipe Angeles and Francisco Villa, commander of the "convention forces," and Manuel Pelaez, commander of the constitution of 1857 revolutionary army.

Suffrage Granted Italian Women. Rome.—The chamber of deputies adopted the bill giving Italian women the right of suffrage.

Ireland Is Being Searched For Guns. Cork.—There is much excitement in the south of Ireland. A systematic house-to-house search by the military and police is going on in northern Cork and Tipperary. A startling incident, savoring of a chapter from a boy's book on adventure is reported from Monkstown bay where a British monitor is lying. Under cover of darkness a party of Sinn Feiners rowed across the bay and bombarded the monitor. The skeleton crew aboard the vessel was "washed" and overcome by the raiders.

AUSTRIA SIGNS PEACE TREATY

SECOND GREAT POWER OF CENTRAL EMPIRE GROVES IN THE DUST

ONLY A SMALL REPUBLIC LEFT

Out of the Great Hapsburg Empire, Which Defied the World in 1914 and Provoked the Great War By Attacking Serbia

St. Germain.—Dr. Karl Renner, head of the Austrian delegation to the peace conference, signed the treaty of peace between the allied and associated powers and the Austrian republic on Sept. 10.

When all the delegates present had seated themselves at the round table Dr. Renner was introduced with the same formality that was observed when the Germans entered the Hall of Mirrors at Versailles on June 28. Georges Clemenceau, president of the peace conference, then arose and opened the session, asking Dr. Renner to affix his signature to the treaty and annexes and announcing the delegates would then be called in the order in which they were named in the preamble of the document.

Frank L. Polk, who succeeded Secretary of State Robert Lansing as head of the United States delegation, signed after Dr. Renner and was followed by Henry White and General Bliss.

Neither Premier Lloyd George of Great Britain nor Edward M. House of the United States delegation was present. The British delegation was made up of Mr. Balfour, Viscount Miller, George Nicoll Barnes and General Seely.

The delegates of Roumania and Jugo-Slavia did not sign the Austrian treaty because they are awaiting instructions from their government.

The ceremony at St. Germain brings to a close three months of negotiations between the Austrian republic and the allied and associated powers. An incomplete draft of the conditions of peace was handed the Austrian delegates at St. Germain on June 2, the reserved sections, relating to the military, financial reparation and some boundary features of the treaty being presented on July 20. The Austrian government laid its counter proposals before the peace conference last month and the answer to the Austrian delegation was made on September 2.

China, which did not sign the treaty with Germany because of the inclusion in that convention of the section giving to Japan the German rights and concessions in the province of Shantung, announced last week she would sign the treaty with Austria so that she would be able to join the league of nations.

The Austrian republic, representatives of which signed the treaty is very different from the proud Austro-Hungarian empire of 1914. The former provinces of Bohemia and Moravia and a part of the duchy of Teschen now form the republic of Caecho Slovakia. The remainder of the Teschen and most of Galicia, have been incorporated into Poland.

All that remains of the former great empire is what is known as Lower Austria, including upper and lower Austria and parts of Styria and of Tyrol. Since the close of hostilities there has been a movement afoot by which Austria would be annexed by Germany. By one of the most important clauses of the treaty this is forbidden.

Shipping Must Be Replaced. In addition to paying indemnities Austria must also replace ton for ton all ships lost by the allies through the activities of the Austrian navy during the war and physically restore invaded areas. She is also to deliver up to the allied countries works of art and objects of historic value, which were carried away by the Austrians during the conflict.

Austria's army is reduced to 30,000 men on a purely voluntary basis and all her military establishments are cut down in a proportionate manner. The economic clauses and those relative to freedom of transit are similar to those of the German pact. The entire Austrian naval fleet is to be handed over to the allies, all ships under construction being broken up and the salvage is not to be used except for industrial purposes.

The treaty does not stipulate an exact sum to be paid in indemnities but this amount will be fixed by the reparations commission on or before May 1, 1921, the commission also being empowered to determine the details of the payment.

This sum must be paid by the Austrian republic and is not to be apportioned among the component parts of the country which have been declared independent.

Questions relative to the disposition of the city of Fiume are not settled in the Austrian treaty but Austria renounces in favor of the allied and associated powers all her rights and titles over territories formerly belonging to her which, though outside the new frontiers of Austria have not at present been assigned to any state.

BANK ROBBERS ARE BETRAYED AND THREE DEATHS, ONE AN OFFICER, RESULT

Sheriff's posse Stage Real Gun Battle in Midday, in Town Near Tulsa.

Tulsa.—W. T. Beasley, veteran police officer of Oklahoma is dead, F. H. Tyson and Bill Rooker are dead, John Scott is in the county jail, as a result of a gun battle following one on the most daring daylight bank robberies in the history of outlawry in Oklahoma. The robbery and fight took place shortly after 1 o'clock in the afternoon at Red Fork, a suburb of this city.

It had been carefully planned by Tyson and Rooker but the failure of another accomplice, John Scott, to remain loyal caused the sheriff and four deputies reinforced with a score of citizens armed with Winchesters shot guns and revolvers to lay a trap for their capture.

When they emerged from the bank with their \$1000 loot, twenty rifles barked simultaneously. The robbers also emptied their guns and both they and the officer were killed.

RIOTS RAGING IN BOSTON

Troops in Control After Police Force Goes On Strike.

Boston.—The death roll in lawlessness, following the calling of the police strike reached seven when Henry Groat was shot and killed during a raid by state guardsmen on a dice game in the Jamaica Plain station. Two other men were wounded in the raid.

A fight to the finish between the constituted authorities of state and city and the labor unions was indicated by late developments in the policemen's strike. While Governor Coolidge was exercising his authority as commander in chief of the state forces to take complete control of measures for protection of the city Mayor Peters was making it plain to labor leaders that the policemen's union would not be recognized.

The labor men were firm in their insistence that the police be permitted to affiliate with the American Federation of Labor and offered to guarantee that the police would never be called out on a sympathetic strike.

The possibility of a strike of carmen, telephone and electrical workers and industrial employes was serious. What gave the authorities the greatest cause for anxiety, however, was the danger that the firemen might join in the movement.

Steel Workers Next

Washington.—That the United States Steel Corporation is prepared for and waiting to fight to a finish the nation-wide and general strike called by the twenty-four international unions represented in the steel and iron industry for Monday, September 22, was the report reaching here in labor circles.

If this be a true representation of the attitude of the steel corporation, the scheduled strike of the union steel workers will develop into an extended and intense fight for victory by both sides, as leaders here of workers made it plain that the strike will be continued with "every means of legitimate pressure," until E. H. Gary, head of the United States Steel Corporation, relents in his "uncompromising attitude and agrees to negotiate with the workers for wage adjustments and reorganization of working conditions."

KEY WEST IS DEVASTATED

Hurricane Sweeps Southeast American Coast.

Key West, Fla.—With daylight, following the storm and a night of darkness the people of Key West and surrounding territory were able for the first time to survey the destruction wrought by the hurricane that swept through here. Not a house in the city had escaped damage and many were totally wrecked. The harbor presented a tangled mass of fishing vessels and other small craft but latest reports failed to show death other than those on the dredge Grampus. Of the fourteen men on this craft ten were rescued, one body was recovered and three are missing. The British tanker Honawanda, which had broken her moorings and gone around was reported not in a bad position. The steamer St. Gougal also broke loose.

In addition to the temporary stoppage of gas and electricity, the telephone service was suspended.

Miami, Fla.—Nine survivors of a crew of 36 men aboard the Ward line steamer Corydon, which foundered off the Florida coast during the hurricane were brought here by the fishing schooner Island Home.

Cotton Seed Price Eighty A Ton. Montgomery, Ala.—The Farmers' Protective League state executive board here has fixed \$50 a ton as the price for cotton seed and at the same time endorsed the price of thirty-six cents a pound for cotton.

Southwest News

COMING EVENTS.

Arizona State Fair—Nov. 3 to 8, 1918.

As a result of a visit to Douglas made by W. E. Karns of Karns Bros. Inc., tentative arrangements are under way for the laying out of a landing field for army aviators in the vicinity of Nogales, Ariz.

The Swansen Mines Company, formerly called the Clara Consolidate, twenty-two miles north of Bouse, on the "cut-off," are reported to be working thirty-two men and planning to put on a hundred more.

W. H. Skinner, president of the Pocatontos Mining Company at Mayer, Ariz., states that the installing immediately of a 100-ton milling plant of the ball type had been decided upon. It will be equipped with the Callow system of flotation and Wilfley tables for concentration.

The stockade with its enclosed houses will be finished and ready for occupancy not later than Sept. 15. On that date or possibly a few days earlier, approximately 100 convicts will be taken to Superior to start actual construction work on the state highway through Apache cañon.

The reclamation service is to go ahead immediately with the sale and improvement of the Yuma project, according to an announcement made at Phoenix by State Senator Mulford Winsor of Yuma, who has recently returned from a six weeks' stay in Washington in the interest of this project.

In addition to the large number of cattle which have been recovered with changed brands during the last two weeks near Magdalena, N. M., several more have been discovered in the past few days and those who are best informed think that an organized gang have been working in that vicinity for a long time.

The town of East Vaughn, on the Santa Fé system, and the town of Vaughn, N. M., on the El Paso & Southwestern system, have merged their two school districts and consolidated their separate schools. J. H. Wagner, state superintendent of public instruction, was present at the meeting which perfected plans for the merger.

Statistics just made public by Mit Sims, secretary of state, show a total of 25,308 automobiles licensed in Arizona. Gila county ranks fourth. The total by counties follows: Apache, 193; Cochise, 3,027; Coconino, 532; Gila, 2,236; Graham, 718; Greenlee, 575; Maricopa, 9,826; Mohave, 623; Navajo, 570; Pima, 2,318; Pinal, 875; Santa Cruz, 701; Yavapai, 1,886; Yuma, 1,398.

Eluterio Rodriguez, Jr., 5-year-old son of Mr. and Mrs. L. Rodriguez, was instantly killed near Las Vegas, N. M., when he was kicked in the head by a horse. The youngster and his two sisters had been sent to drive a stray horse from the corn field and he evidently approached too close to the animal's heels as one of his hoofs struck the boy just behind the right ear, killing him instantly.

The crosscut of the vein 400 feet west of the shaft on the 150 level of the Twins mine of the Daisell Mining Company, near Kingman, Ariz., has disclosed thirteen feet of high grade mill ore. The company proposes raising from this level to connect with the 90 foot shaft and this shaft will be timbered up and carried down on the ore to a depth of several hundred feet below the present level.

A strike of silver-lead-gold ore, pronounced by old timers "the richest strike in the history of the district," has been made by Purdy Wilcox and Goodwin, operating the Paloma King, located a few miles from Wickenburg, Pinos Altos, N. M., which a generation ago was one of the largest placer mining camps in the Southwest, is coming back as a mining camp. Two firms are now doing placer mining at the head of Bear creek and doing it on a much larger scale than it was ever done before.

County Agent Powers, who has been working on the county fair movement for the past few weeks, has succeeded in getting nearly all the citizens interested in the movement and has appointed a committee to make the preliminary arrangements. The committee will visit all the agencies in Lincoln county and will report at an early date just what may be expected in the way of exhibits. It is expected that the fair will be held in the month of October after all the crops are in and the farmers have a chance to make careful selections from the season's product. The fair will be held at Gallup, N. M.

I. H. McAdams, who has been an Indian trader in Gallup, N. M., for the last thirty years, has left for a five months' trip to Europe, where he will visit Ireland, Scotland, England and France. While the trip is being taken for a vacation, Mr. McAdams will take a large number of Navajo rugs with him and introduce them into Europe for the first time in the history of the American Indian. He is no doubt one of the best posted Indian rug men in the Southwest and expects to build up a nice European trade while he is on his trip.

GOOD ROADS

KEEP ROADS IN GOOD REPAIR

Concrete or Special Road Brick Set in Cement Over Concrete Foundation is Favored.

The war and the consequent railroad congestion imposed heavy traffic burdens upon our highways; burdens, in fact, much greater than the roads were built to sustain. To make matters still worse, labor and repair materials were scarce during the war, and many roads as a result are now in deplorable condition. As the preacher would say, they are "more holy than righteous."

The year 1919 is going to witness an immense road repair movement. And the work should be at least fairly permanent. Merely throwing dirt or

Experiment Road of Vitrified Brick for Paving Country Roads at Chevy Chase, Md.—Finished Pavement in Service.

loose stones in the holes is a sifter waste of time, because after a few automobiles and trucks go over the roads these loose materials are pushed out again and conditions are as bad as ever.

Broken stones and tar binder are the only satisfactory repair materials for macadam roads, and many improved country roads are of that type.

It is beginning to be realized that concrete or special road brick set in cement over a concrete foundation must be used for truck roads designed to carry heavy truck traffic. Anything cheaper and less stable simply means bad roads and constant repairs. For laterals or main roads in sparsely settled countries where traffic is not heavy and when the amount available for road construction is not large, tar macadam highways are quite satisfactory.

PLAN HONOR TO ROOSEVELT

Suggestions Have Been Made to Name Transcontinental Highway After Former President.

Memorials to the dead and tributes to the living in the form of highways is a plan which is catching the popular fancy everywhere. Since France christened a street in honor of Wilson, Tientsin, China, has done the same thing, and elsewhere suggestions have been made that a transcontinental highway be named in honor of Roosevelt. Louisiana is planning a Victory oak way and sentiment is reflected by movements to rename streets and highways after heroes of the war in other states.

DURABLE ROAD SAVES MONEY

Saving of Eight Cents Per Ton Mile Can Be Effectuated in Transportation Costs Alone.

The report of the joint congressional committee which investigated highway economics in 1914 shows that a saving of eight cents per ton mile can be effected in transportation costs when a road is lifted from the dirt to the durable class. This does not take into account increased real estate valuations or social advantages resulting from the improvement.

IMPROVE ROADS FOR TRUCKS

Bureau of Markets Arrives at Conclusion Motor Vehicles Have Passed Experimental Stage.

Inadequate highways are one of the penalties with which the user of highway transportation must contend, says Bulletin No. 770, recently issued by the bureau of markets. The department arrives at the conclusion that the motortruck has passed the experimental stage, but says that before it can attain its fullest usefulness the highways must be improved.

Good Drainage Necessary

The most necessary requirement of a good road is a solid, bone-dry foundation. This means good drainage first, last and all the time.

Trees Along Highways

Trees at a distance of 50 or 60 feet apart along the highway add to its comfort and pleasing appearance.

Makes Hauling Easy

Easy to town, and easy to ride, Make a farmer's hauling and loads fairly glide.

CHAPTER XVI—Continued.

"Yes; hold my hand while I guide you; we can sit here." It was a couch of some kind against the outer wall. She did not release her grasp, seemingly gaining courage from this physical contact, and my fingers closed warmly over her own. "Now, please," breathlessly, "how is it possible for you are aboard this vessel—an officer?"

ing of a part to blind the eyes of Estada?" "I sincerely believe your greater chance of security lies in this course. The fellow is a supreme egotist; opposition will anger him, while flattery will make him subservient. You have the wit and discretion to hold him within certain limits. It is a dangerous game, I admit, and a disagreeable one, but the case requires desperate remedies."

She Lifted Her Eyes.

Who could he be? What might be the purpose of his entrance? But one answer occurred to me—Pedro Estada, driven by unbridled passions to attack the girl. I thrust her behind me, and took a step forward, with body poised for action. I was unarmed, but cared little for that in the swift desire to come to hand grips with the brute. I could hear him now, slowly and cautiously feeling his way toward us through the darkness.

CHAPTER XVII.

A Murder on Board. To be certain of free space I extended one hand and my fingers came into unexpected contact with the back of a chair. Without moving my body I grasped this welcome weapon of defense and swung it above my head. Whoever the invader creeping upon us might prove to be, he was certainly an enemy, actuated by some foul purpose, and no doubt armed. To strike him down as quickly and silently as possible was therefore the plain duty of the moment. I had no other thought.

National Motor Truck Development Tour

ASSEMBLING BY GRANT BAKER, CHICAGO

ORGANIZED as the "National Motor Truck Development Tour," a fleet of about 20 trucks and passenger cars is on a 3,000-mile journey through six middle western states. The object of the enterprise, which is the first of its kind, is to demonstrate to the farmers of Illinois, Iowa, North and South Dakota, Minnesota and Wisconsin the varied uses of motor equipment in agriculture.

A naval band of 25 pieces under the command of Lieut. F. M. Willson provides music along the way and helps to enlist recruits for the navy. Another incidental activity is the making of a motion picture record for the use of the Pan-American union in its commercial campaigns in South America.

Thirteen factories are represented in the tour by one truck each—all equipped with pneumatic tires, for speed, ease in handling, and reduction of wear and tear. In addition there is a service truck for repairs, a gasoline tank truck, and several passenger cars.

The run is being conducted by the recently organized National Association of Truck Sales Managers, which has decreed that individual advertising of any particular truck is taboo. W. F. Sturm is director general of the tour and M. D. Scott, a veteran in the handling of motortruck convoys, will be the tour master.

The expedition's itinerary lies through 80 of the most important cities and towns in the six states. In virtually all of these stops are made for exhibitions of "motorized" farming equipment and addresses at Farmers' meetings, arranged for in advance. Representatives of the department of agriculture, of state universities, city and county officials and commercial and civic organizations along the proposed route, are giving active cooperation in the venture.

Every conceivable phase of the use of gasoline motor power on the farm is being demonstrated as the opportunity offers. Trucks go into plowed fields and haul grain from the thrasher to the barn or elevator. Where a farmer has a load of cattle or produce to be hauled to town it is carried for him, just to show how efficiently it can be done.

From 1850 to 1900, when the old hand methods of farming were in vogue, farm values in America increased from \$4,000,000,000 to \$20,000,000,000. From 1900 to the present day, when the more modern methods have been in vogue, farm values have increased from \$20,000,000,000 to \$75,000,000,000. This is due to the ability of the farmer to cultivate a wider acreage more extensively and market his commodity more advantageously.

and also, of course, in part to the matter of supply and demand. "From 1890 to 1900 the population of the United States increased 21 per cent, and even with improved methods in these days it was only possible to increase the production of food stuffs 10 per cent—hence the increased cost of living.

In 1880 70 per cent of the population of the United States lived on farms. It was necessary then for each farmer to produce only sufficient food for himself and a mere fraction of another family. Today over 70 per cent of the population of the United States lives in the densely populated cities. Each farmer must produce enough for himself and two additional families in the United States, not taking into consideration starving Europe.

"The power wagon manufacturers of America are face to face with the fact that it is their duty to learn quickly the needs of the American farmer and produce and equip a machine that will most efficiently and economically serve his needs.

"The United States department of agriculture in 1918 made a very thorough survey of truck operations in the rural districts. They found that the length of hauls by motortruck averaged 11.3 miles, as against 9 miles with team and wagon; that 3.4 round trips were made per day with the motortruck against 1.5 round trips with the team; that with the motortruck wheat and corn have been transported to market at 15 cents per ton mile, as against 30 cents per ton mile for wheat by team and 33 cents per ton mile for corn by team.

"These facts would indicate that in point of time and miles covered the motortruck is practically four times as efficient as the horse and wagon. And of course it is self evident that the time saved enables the farmer to do a more perfect job of preparation, planting, cultivation and harvesting.

"The efficiency of motortrucks and the broadening of their field of operations has been increased more by the development of pneumatic tires than by anything that has come to the industry in years.

"Pneumatics materially increase the life of the truck, reduce operating and repair bills and give much greater mileage on gas and lubricating oil. They afford traction and enable the truck to negotiate mud, sand and snow on and off roads when solid tired trucks would not operate. Their cushioning qualities permit increased speed. Over rough roads this cushioning quality is of inestimable importance when the shrinkage in live stock and the damage to perishable merchandise is taken into consideration.

"It is pneumatic tired trucks, therefore, that are being taken to the farmers on this tour. Undoubtedly the demonstration—over every type of road that the farmer in America comes in contact with and hauling every conceivable type of merchandise produced in the agricultural sections—will go far to eliminate any fear that may still rest in the minds of the farmers that the motortruck is not a sound economy in farm transportation.

Union of Women in Spain

There has existed in Spain for nearly a year a feminist society organized under the name of the Union of the Women of Spain. The society is working for the education of Spanish women, the improvement of their economic status, and the obtaining of private, civil and political rights for them equal to the ones which men enjoy. There is a great deal to be done along these lines in Spain since married women have not control of their property nor control of their children. There is at present almost no provision for the education of Spanish girls in any class of society.

the Marquesa del Ter.—The Suffragist.

How It Felt. During a brawl in a Chicago resort an Irishman got poked in the eye with a stick, and he immediately started proceedings against the offender. "Come, now," said the magistrate, "you don't really believe he meant to put your eye out?" "No, I don't," said the Celt, "but I do believe he tried to put it farther in."

The Polka Dot.

Because in 1835 a Bohemian peasant girl danced a new step in a little village near the Polish border a Hungarian dancing master introduced it in Europe under the name of Polka, which is the feminine of Polak or Pole. By 1844, at the time James K. Polk was running for the presidency, the dance had spread to America and the name "Polka" and the word "Polka" formed a coincidence at once appealing to everyone. The manufacturers, merchants and designers immediately presented Polka hats, Polka shoes, Polka gauze and the "newest design in fabrics for gentlemen."

On a Commercial Basis. Gerald gave his grandmother a little gift for her birthday, and she said: "Well, you are a good lad; I shall give you a nickel for yourself," to which the little chap replied, "But, grandma, the present cost 15 cents."

Portales Valley News
 Published in the greatest shallow water district on earth.

AN ADVOCATE OF DEMOCRACY

THE JAP QUESTION

The question of bringing in a colony of Japanese into the Portales Valley has been a subject of much discussion during the past several days. The sentiment of the majority of the people seem to very much disfavor the move, while quite a number seem to favor it. While the News man is not very thoroughly acquainted with problems of this character, not having had any experience with these people, but from what we can gather from those who are in a position to know, we don't believe it would be a good idea to get them here. The following letter is self explanatory and will give you an idea of what might be expected should the same happen here:

Rocky Ford, Colo.,
 Sept. 12, 1919.

A. D. Ribble,
 Secy. Chamber of Commerce
 Portales, New Mex.

Dear Sir:—In answer to yours regarding the colonization of the Japanese in your district, I can truthfully say that should such a thing happen your people will never cease to regret the allowing of it, and I only wish that it were possible for me to talk to your people regarding the inadvisability of even allowing a Jap to lease a piece of property in your state.

For the past few years these people have been gradually wedging their way into the Arkansas Valley and particularly in the most fertile sections around this city and it is only recently that the people have awoken to the fact that the white man was gradually being run out of the valley. There is one district south of the city where a few years ago the school district built a very handsome modern school building and at that time there were 58 white scholars. The Japs have rented all the land possible in the district and today there are eight scholars attending this school and the Community Club which once thrived is now a thing of the past. It is an undeniable fact that the Jap will pay more cash rent

than a white man feels able to for the Jap works from daylight to dark and they make all the women work with them and they take all the goodness of the soil and leave nothing or the next winter unless they feel that they have a prospect of buying or securing a long lease.

The conditions here have become equal to those in California only that we, at the present time, have not so many of them. They are well organized and we have undisputable proof that the Japanese government are backing them in every way. They figure that if they drive the white man out the land owner will have to sell at their price so that the high rent that they are paying now to get the best of the white renter, will all come back to them in the future, which it will unless we can get laws enacted that will put a stop to their rentals and ownership.

At the present time all over the valley petitions are being circulated asking the support of a bill that will be introduced in the next legislature prohibiting the rental or sale of land to the Jap and if you wish I will send a copy of the resolutions as adopted at the meetings being held here.

Don't make the mistake that we have made here and if there is anything that I can do to prevent this colonization, let me know as your people should be thoroughly enlightened to the peril before it is too late.

Very truly yours,
 R. L. MILLER,
 Secy. Industrial Association.

STOP THAT ACHE!

Don't worry and complain about a bad back. Get rid of that pain and lameness. Use Doan's Kidney Pills. Many Portales people have used them and know how effective they are. Here's a Portales case:

Mrs. Carl S. Turner says: "I suffered from an awful weakness in my back. I hope I never feel like that again! Every time I tried to bend over, sharp pains caught me in my back and I could hardly straighten up. My kidneys were in bad condition, too and I had dizzy spells. I read of Doan's Kidney Pills and tried them. Doan's soon helped me and before long completely cured me of kidney complaint." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Turner had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. adv.

In the District Court of Roosevelt County, State of New Mexico.

L. A. Youum, plaintiff,
 v.
 Cleve George, administrator of the estate of James Wesley Armstrong, deceased,) No. 1461.
 and the unknown heirs of)
 the said deceased, defendants.

NOTICE OF FORECLOSURE SALE

Whereas on the 23rd day of May, 1919, in cause No. 1461, pending in the District Court of the Fifth Judicial district of the State of New Mexico, in and for the county of Roosevelt, wherein L. A. Youum is plaintiff and Cleve George, administrator of the estate of James Wesley Armstrong, deceased, and the unknown heirs of the said deceased, defendants, plaintiff recovered a judgment on one promissory note and interest coupon note and mortgage executed by James Wesley Armstrong unto Oklahoma Farm Mortgage Company, on the 23rd day of October, 1916, and on November 21, 1916, the said Oklahoma Farm Mortgage Company duly assigned and transferred to the plaintiff herein, the said promissory note with the coupons thereto attached, together with said mortgage, said note being in the principal sum of \$700.00, coupon note in the sum of \$56.00, with interest thereon at the rate of 10 per cent. per annum from February 6, 1919, upon \$700.00; from Nov. 1, 1918, on \$56.00; and the additional sums of \$26.73, as taxes paid by plaintiff upon said mortgage premises, together with interest at the rate of 6 per cent. from January 10, 1919, and \$70.00 as attorney fees, with 6 per cent. interest per annum from date of judgment until paid, together with all costs of suit, and a decree foreclosing said mortgage, given for the security of said sums and amounts for which judgment was rendered, upon and against the property so mortgaged, being the following described real estate, situated and located in Roosevelt County, New Mexico, as follows, to-wit: North half section thirty-one, township five south, range thirty-four east, N. M. P. M., containing 320 acres, according to the U. S. Government survey thereof, with all improvements thereon, and decreeing said amount for which judgment was rendered to be a prior and superior lien on said premises in favor of Plaintiff and against all of said defendants; that said judgment will amount to the date of sale hereinafter fixed, to the sum of \$910.75, besides costs of suit and costs of sale; and

Whereas, Bascom Howard was appointed by the Court in said decree, special master, to advertise and sell said property according to law and apply the proceeds in satisfaction of said judgment and costs; therefore, by virtue of said decree as aforesaid and the authority I am vested as such special master, I will, on the 21st day of October, 1919, at the hour of 10 o'clock in the forenoon of said day at the northeast front door of the court house in the town of Portales, New Mexico, sell said described property at public auction for cash to the highest bidder for the purpose of satisfying said judgment, interest, costs and accruing costs.

Witness my hand this 16th day of September, 1919.
 46-44 BASCOM HOWARD.

NOTICE OF ADMINISTRATION PENDING.

To Whom It May Concern: You are hereby notified that administration has been opened and is now pending on the estate of John McKinney, deceased, late of Roosevelt county, New Mexico, and that the undersigned is the duly appointed, qualified and setting administrator of said estate; that all claims against said estate must be presented to said administrator within the time prescribed by law, or become forever barred; that said administrator is T. Smith, and his place of business is Melrose, New Mexico. T. SMITH, Administrator, Estate of John McKinney, Deceased. 43-34

Like An Extra Emergency Brake
 —The Miller Tread That is Geared-to-the-Road

MILLER UNIFORM TIRES are the only tires with the famous tread that is Geared-to-the-Road. These many caterpillar feet engage the ground like cogs. They give positive traction—full power ahead—and safety. And for a sudden stop they fortify the brakes because they mesh with the road.

Uniform Miller Tires mean mileage certainty. That's because all are built to a championship standard by uniform workmanship. So all are long-distance runners.

"Under National and State Supervision"

SAFETY—HONESTY—COURTESY—SERVICE

CAUSEY ITEMS

The people of Causey are very busy heading maize. The maize is turning out good except in spots where the bugs got into it, and in those spots the grain is lighter and falling down.

Miss Lorena Little, who has been visiting at Garden City, Kan. has returned home.

Mrs. J. N. Price and little son of Garden City Kansas, are visiting her parents, Mr. and Mrs. D. Z. Little.

T. G. Judah has returned to Clovis after having helped the boys with the crop some.

A. G. Blakey and George Muck, who have been working in the harvest at Kress, Texas, have returned home.

Will Gregory, who has been at Pampa, Texas, at work, has returned home.

Prof. J. W. Slone will teach the Roebuck school and Miss Lola Little will teach at Doss.

Charlie Robinson is suffering with a very bad eye. He was heading maize and went to stoop down and a wire on the wagon stuck in his eye.

Miss Leona Forbes is visiting at D. Z. Little's this week. There was a good crowd last Sunday night at J. T. Ralston's.

The singing will be at Walter Scott's next Sunday night.

Mrs. Elliott, of Little Rock, Ark., who has been visiting her parents, Mr. and Mrs. D. B. Robison, for the past three weeks, has returned home.

Brother Marshall preached his farewell sermon Sunday afternoon at Causey for this year. Don't know who will be his successor. We all hated to give Brother Marshall up.

The fine rain we are getting at present will help so much. Wish we could have gotten it about three weeks earlier.

NOTICE FOR PUBLICATION

Department of the Interior, U. S. Land Office at Roswell, New Mexico, August 22nd, 1919.

Notice is hereby given that William O. Clark, of Bluit, N. Mex., who on June 12th, 1918, made homestead entry No. 043741, for SE $\frac{1}{4}$; W $\frac{1}{2}$; S $\frac{1}{2}$ NE $\frac{1}{4}$ section 8; N $\frac{1}{2}$ NE $\frac{1}{4}$ section 17, township 8-S., range 37-E., N. M. P. Meridian has filed notice of intention to make final three year proof to establish claim to the land above described before Joseph R. Singleton, U. S. Commissioner at Bluit, N. M., on the 21st day of October, 1919.

Sept. 18—Oct. 16.

State of New Mexico

NOTICE FOR PUBLICATION

Public Land Sale

ROOSEVELT COUNTY

Office of the Commissioner of Public Lands, Santa Fe, New Mexico.

Notice is hereby given that pursuant to the provisions of an Act of Congress approved June 20th, 1910, the laws of the State of New Mexico, and rules and regulations of the State Land Office, the Commissioner of Public Lands, will offer at public sale to the highest bidder at 2 o'clock P. M., on Tuesday, September 30th, 1919, in the town of Portales, County of Roosevelt, State of New Mexico, in front of the court house therein, the following described tracts of land, viz:

Sale No. 1345.—SE $\frac{1}{4}$, Sec. 26; T. 5 S., R. 32 E., containing 160.00 acres. There are no improvements.

Sale No. 1346.—NE $\frac{1}{4}$, Sec. 33; T. 5 S., R. 33 E., containing 160.00 acres. There are no improvements.

No bid on the above described tracts of land will be accepted for less than Five Dollars (\$5.00) per acre, which is the appraised value thereof and in addition thereto the successful bidder must pay for the improvements that exist on the land.

Sale No. 1347.—All of Sec. 36; T. 1 S., R. 33 E., containing 640.00 acres. The improvements consist of well, windmill, and fencing, value \$417.00. No bid on the above described tract of land will be accepted for less than \$10.00 per acre, and in addition thereto the successful bidder must pay for the improvements that exist on the land.

Each of the above described tracts will be offered for sale separately. The above sale of land will be subject to the following terms and conditions, viz:

The successful bidder must pay to the Commissioner of Public Lands or his agent holding such sale, one-twentieth of the price offered by him for the land, four per cent interest in advance for the balance of such purchase price, fees for advertising and appraisal and all costs incidental to the sale herein, each and all of said amounts must be deposited in cash or certified exchange at the time of sale and which said amounts and all of them are subject to forfeiture to the State of New Mexico, if the successful bidder does not execute a contract within thirty days after it has been mailed to him by the State Land Office, said contract to provide that the purchaser may at his option make payments of not less than one-thirtieth of ninety-five per cent of the purchase price at any time after the sale and prior to the expiration of thirty years from the date of the contract and to provide for the payment of any unpaid balance at the expiration of thirty years from the date of the contract with interest on deferred payments at the rate of four per cent per annum payable in advance on the anniversary of the date of the contract, partial payments to be credited on the anniversary of the date of the contract next following the date of tender.

The above sale of land will be subject to valid existing rights, easements, rights of way, and reservations. All mineral rights in the above described lands are reserved to the state. The Commissioner of Public Lands or his agent holding such sale reserves the right to reject any and all bids offered at said sale.

Possession under contracts of sale for the above described tracts will be given on or before October 1st, 1919. Witness my hand and the official seal of the State Land Office of the State of New Mexico, this eighth day of July, 1919.

For Young Men and Women

—THE—

...State University of New Mexico...

AT ALBUQUERQUE

Will Open October 1, 1919

REGISTRATION DAYS
 Monday, September 29 Tuesday, September 30

DAVID S. HILL, PH. D., LL. D., President

—LEADERSHIP—

The world today needs trained, loyal leaders. Notwithstanding that less than one-half of one per cent of the population of the United States is enrolled in colleges and universities, college men and women have predominated remarkably in leadership. College and university enrollment should be doubled for the good of the country. The University of New Mexico invites ambitious young men and women to prepare for leadership.

—OPPORTUNITIES—

The University is undergoing reorganization and betterment. Special attention will be devoted to the conservation of the health of students. A new department of Hygiene, supported in part by Federal appropriation, will be in operation. Nearing completion is the new building for Practical Mechanics. Instruction offered in **Mathematics, Biology, Chemistry, Physics, Geology, History, Political Science, Economics, Business Administration, Home Economics, Education, Hygiene, Psychology, Philosophy, Physical Training, Music and Languages**, including English, Spanish, French, Italian, Latin and Greek. Courses preparatory to **Law, Medicine and Mechanical Engineering**.

Curricula in **Chemical, Electrical, Civil and Geological Engineering**.

Regular courses leading to the Degrees: Bachelor of Arts, Bachelor of Science and Master of Arts.

—RESERVATIONS—

Residential accommodations are limited. Prospective students should immediately address inquiries and requests for reservations to

 ALBUQUERQUE, NEW MEXICO

From Sioux City, Iowa, says

PE-RU-NA

Worth Its Weight in Gold

You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him:

"PE-RU-NA is worth its weight in gold and does more. I need to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After using half a bottle of PE-RU-NA was much better. I would cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given in your literature it was catarrh. My stomach is in much better condition since using your medicine."

"Use this testimonial, if you wish. Don't hesitate to divulge the merits of PE-RU-NA."
(Signed) W. W. NORTHRUP.

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA.

DON'T BE AN UNBELIEVER.

If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish Flu.

Sold Everywhere Tablets or Liquid

FOR CATARRH AND CATARRHAL CONDITIONS

Types of Hats for Juveniles

Long and short-napped beavers, felts and wool-fur hats account for the great majority of hats for little girls. Then there are velvet tams, conspicuously classy in the best grades, and some trimmed hats for little misses. Nearly all hats for children are quite plain, with a band and sash or ribbon for trimming in most cases, or a bit of feather ornament on velvet tams. But, to suit the taste of those who are not in sympathy with these plain styles, there are others that make up a very interesting minority in the displays of children's hats. One of these is shown here, together with two long-napped beaver models and a practical tam of wool fur or plush.

Far and away the most popular of the various beaver shapes are made up of wide floppy-brimmed models and those with narrow drooping brims and square crowns, like those shown in the picture. Between these two widths of brim there are some very attractive shapes with round crown and brims that curve upward (in the fashion of

a French sailor hat) and are moderately wide. All of them are finished with hand or sash of ribbon. The tam shown is one of many, with crowns more or less full and made of duvety, velvet, plush, and other materials.

A dressy bonnet for a tiny girl, as pictured, is covered with satin shirred to the brim and crown. The wide collar of shirred velvet is finished at the base with a quilling of ribbon with bow and ends at the back, and a cluster of three little roses nestle in the ribbon quilling.

Among the trimmings which find most favor, because they are most appropriate for misses' hats, are pompons of wool or fur and flat "pin-wheels" of ostrich feathers. These appear on Blue Devil tams with fine effect. For older misses, those nearing the debutante class, there is greater variety than in hats for younger girls. Hatters' plush, metallic and metal brocade facings on upturned brims, and brilliant colors in shades toned down by dark ribbon trims, are outstanding features in styles for the "subdeb."

Calomel Loses You a Day's Work!

Take Dodson's Liver Tone Instead

Read my guarantee! If bilious, constipated or head-achy you need not take nasty, sickening, dangerous calomel to get straightened up.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much, but if it fails to give easy relief in every case of liver sluggishness and constipation, you have only

to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick head-ache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.—Adv.

WINTERSMITH'S CHILL TONIC

SOLD FOR 50 YEARS. ALSO A FINE GENERAL STRENGTHENING TONIC. Sold by All Drug Stores.

For MALARIA, CHILLS and FEVER.

In Realm of Art. "My fortune's made!" exclaimed the dancing teacher.

"Have you thought of a new dance?"

"No. But I've thought of a highly improper name for one."

A SUMMER COLD

A cold in the summer time, as everybody knows, is the hardest kind of a cold to get rid of. The best and quickest way is to go to bed and stay there if you can, with a bottle of "Boeche's Syrup" handy to insure a good night's rest, free from coughing, with easy expectoration in the morning.

But if you can't stay in bed you must keep out of draughts, avoid sudden changes, eat sparingly of simple food and take occasional doses of Boeche's Syrup, which you can buy at any store where medicine is sold, a safe and efficient remedy, made in America for more than fifty years. Keep it handy.—Adv.

Edith is one of those girls whose interest in a man is governed by his wealth.

"I see; the greater the principal the greater the interest."

FREE SAMPLES

The quick relief Vacher-Balm gives for Catarrh, Nervous Headache, and many pains, is so marvelous that it pays us to give away FREE Samples, where it is unknown. Write for a Free Sample and agent's prices, while this offer lasts. E. W. Vacher, Inc., New Orleans, La.—Adv.

Such is Human Nature. Flatter a man and he will forget it the next day; abuse him, and he will remember it as long as he lives.

How's This?

We offer \$100.00 for any case of catarrh that cannot be cured by HALL'S CATARRH MEDICINE. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. Sold by druggists for over forty years. Price 50c. Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

Don't Be Discouraged.

The burning thoughts of tomorrow are often thrown into the waste basket of today.

Important to Mothers

Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fletcher* in Use for Over 30 Years. Children Cry for Fletcher's Castoria

The worst thing that can happen to a clever boy is for him to get the idea that he stands alone.

HELIOTROPE FLOUR

—Good Grocers Sell It

The more you know about about home baking the more you will appreciate this famous milling. And, the less you know about baking the more you need its sterling quality.

Oklahoma City Mill & Elevator Co., Oklahoma City

Preserving Morale. Morale implies morale, and more. It may be possible to be perfectly clean morally and yet have low morale. Morale implies hope, courage, determination. Many a good man lacks these. He is good morally, but has lost his grip on the world and himself. In spite of his goodness he is doomed to defeat. On the other hand a man can't have the highest morale if his life is not clean. Mental and physical impurity are bound to leave their stain upon the life. Then in time of stress something will give way and the papers will talk about collapse and overwork and things. The only way to meet life's problems is to keep fit. That means more than mere eating and drinking. It means the proper care of the whole organism.

Needed Shaving. "Doctor in?" asked the caller. "Yes, sir," replied the maid. "Can I see him?" "I'm afraid not. He's upstairs in his room, shaving."

Speaks for Itself. "Are you an experienced aviator?" "Well, I've been at it three months and I'm all here."

Today is the best time for a good deed.

PLANES IN MISSION WORK

Gospel Workers Believe They Can Be of Considerable Value in Spreading the Word.

A flying boat or an airplane may soon form a part of the equipment of modern missions in Africa, according to a letter received by a motor corporation from the Congo Mission of the Disciples of Christ, the headquarters of which are at Coquilhartville, Belgian Congo, says the New York Evening Sun.

"We are interested in the matter of the purchase of flying boats to replace wholly or in part the fleet of launches which we have been planning for service in communication between our various stations," the letter stated. "We have a large river steamer for transportation between stations which seaplanes might supply. Our area is about 500 miles east and west and 200 miles north and south in extent."

"The whole area is covered well by an extensive system of waterways. In inland points landings might be made in small machines in the straight, smooth, central streets of the native towns, which in this section are usually clear of grass and other obstructions and are not less than 100 feet wide."

A good name is worth the best care a man can give it.

New Fabrics Make Their Debut

There are a number of new velvet and suede surfaced cloths, each with a novel name of its own, that are being exploited this fall in many garments. Some of them are very much like duvety, others resemble chiffon velvet, and others still are to be classed with heavy erect-pile velvet. They are of wool and made by the same looms that turn out wonderful wool furs or fur fabrics, and they appear in all the new displays of fall coats and suits.

In the picture above, an evening wrap that won the distinction of honorable mention at a recent fashion show is shown, made of one of these fabrics called "woolvel." The name amounts to a definition, since it is a heavy, supple velvet of wool that makes a fine medium for the strong, brilliant orange color now parading in the limelight of fashionable favor. It is not usual to use this color for making entire garments, but it appears everywhere in the decoration of millinery and in touches on frocks made in dark colors or black.

But it is the part of evening wraps this season to be gorgeous, and colors cannot be too pronounced or too brilliant for them. The very wide and luxurious collar of opossum fur in natural gray tones, and the black satin lining, are items in the composition of this fashioning wrap that give it dignity and character.

Aside from its fashionable color and beauty of texture this wrap merited

its honorable mention among many noteworthy competitors because it is wonderfully well draped. It arrives at unusual gracefulness by the simplest means, merely a few plaits and very clever cutting that reveal the fine hand of an expert.

There is no limit to the extravagance of evening wraps in richness of material and in the splendor of their luxurious fur collars and trimmings. These new fabrics are more moderately priced, but equal to holding their own in company with more expensive but not more sumptuous rivals.

Julia Bottomley

Handkerchief Linen for Underwear. Handkerchief linen, in a wide variety of colors, is being used for underwear this season. Chemises and pantaloons are being embroidered in mauve, cerise, blue, jade green, peach and other shades to match the material. The linen is soft and dainty and seems unusually fresh when laundered.

Feathers on Frocks. Dance frocks are showing "finer feathers" than they were very recently. The trimming may be either ostrich, choux, flower effects or beads. Slender wisps are seen more than the fringes, and are always seen in contrasting color.

Off-Color Days

are usually the reflexion of some upset to bodily health.

Coffee drinking usually exaggerates such conditions and frequently produces them.

That's why so many former coffee drinkers now favor

The Original

POSTUM CEREAL

Boil fully fifteen minutes and a delightful beverage results. Fine for children as well as grown-ups.

Everywhere at Grocers.

Two sizes, usually sold at 15c and 25c.

WOMEN OF MIDDLE AGE

Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain strength and the annoying symptoms a disappearance and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."

—Mrs. FRANK HANSON, 1816 S. Orchard St., Urbana, Ill.

Women who suffer from nervousness, "heat flashes," backaches, headaches and "the blues" should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

Heal Itching Skins With Cuticura

All Remedies Soap, Ointment & Cream. Talcum. Sample each free of "Cuticura, Dept. E, Boston."

The Nationally Accepted Wall Tint

Beautiful—Sanitary—Durable—Economical for Homes, Schools, Churches and all Interior Wall Surfaces

Alabastine can be applied to plastered walls, wallboard, over painted walls that have become soiled, or even over soiled wallpaper solid on the wall and not printed in aniline colors.

Alabastine is a dry powder, ready to mix with pure, cold water, full directions on each package. Alabastine is packed in white and beautiful tints. These, by combining and intermixing, enable you to carry out individual color plans in matching rugs and draperies. Alabastine is used in the finest residences and public buildings, but priced within the reach of all.

You will readily appreciate the economy of Alabastine over paint or wallpaper, and its results will be most gratifying.

New walls demand Alabastine, old walls appreciate Alabastine.

If your local dealer cannot or will not supply you, take no substitute but write for Alabastine designs and we will give you name of nearby dealer.

Alabastine Company
1645 Grandville Ave., Grand Rapids, Mich.

B.A. THOMAS' POULTRY REMEDY

Healthy Chicks, More Eggs
Assists Moulting—Good for Bowel Trouble and Other Diseases in Young Fowls
RESULTS GREAT COST SMALL

I purchased a box of B. A. THOMAS' POULTRY REMEDY and began feeding according to directions. At that time my flock of 42 hens were only laying five to ten eggs per day. Today, one week from date of purchase, I am getting eighteen eggs per day. MRS. FANNY MOORE, Alma, Neb.

B. A. THOMAS' STOCK REMEDY. Makes healthy, thrifty stock. Keeps them free of worms. A medicine, not a food. Very economical.

B. A. Thomas' Hog Powder "Saves the Bacon"
FARRIS' COLIC REMEDY. For horse colic. The easy way. No drenching. A child can give it.
OLD KENTUCKY MANUFACTURING CO. - PADUCAN, KY.

No Cash Value Yet.
Neighbor—"So your son got his B. A. and his M. A." Father—"Yes, but his PA still supports him."

Red Cross Ball Blue should be used in every home. It makes clothes whiter as snow and never injures the fabric. All good grocers, 5c.

A Sudden Plutocrat.
"A prize ring champion doesn't last long."
"He doesn't have to. After a few years it takes all his time to manage his large investments."

Give and Take.
"The Germans say they want a just peace, a give and take peace, but their idea of justice and give and take is like the boy bully's."
The speaker was Representative Steagall of Ozark.
"In Tuscaloosa one day," he went on, "I came upon a big boy pummeling a smaller one. I took the big boy by the arm and said:
"Here, my son, you mustn't quarrel. You mustn't bully. Learn to give and take."
"That's just what I've been doing," the big boy whined. "I give 'im a punch in the eye and took his cigar."

THE MEN IN CLASS A1

A sound, healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A. Take GOLD MEDAL, Haarlem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work. Don't wait until you have been rejected. Commence to be a first-class man now. Go to your drugist at once. Get a trial box of GOLD MEDAL, Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.—Adv.

Poverty is the mother of many evils.

SUNDAY SCHOOL LESSON

(By REV. P. E. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)
(Copyright, 1919, Western Newspaper Union)

LESSON FOR SEPTEMBER 21

THE HOLY SCRIPTURES.

LESSON TEXTS—Psalms 19:7-14; II Timothy 3:14-17.
GOLDEN TEXT—Thy word is a lamp unto my feet, and a light unto my path.—Psalm 119:105.
ADDITIONAL MATERIAL—Psalm 119; Matt. 4:1-11; Luke 4:18-22; John 5:29-47.
PRIMARY TOPIC—The best book in the world.
JUNIOR TOPIC—What the Bible contains.
INTERMEDIATE TOPIC—The authority of the Bible.
SENIOR AND ADULT TOPIC—The inspiration of the Bible.

I. The Characteristics of the Word of God (Psalm 19:7-11).
1. The law of the Lord is perfect (v. 7). The law here means the fundamental principles which God as a moral being reveals to the consciences of men as binding upon the soul. These principles are free from all omissions and redundancies, perfect as a moral code. It perfectly accomplishes its design, namely, the converting of the soul. The effect of the law of God is to turn men to God himself, to righteousness and holiness.
2. The testimony of the Lord (v. 7). By testimony is meant the witness which God bears as to his attributes and against man's sins. This testimony is plain and infallible. Those who receive it are made wise. Those who with open and teachable minds receive God's testimony are wiser than the greatest intellectuals of the earth.
3. The statutes of the Lord are right (v. 8). His statutes are the principles given to us to fit us for the different relationships of life. These are just and equitable, because they are from the righteous God. They rejoice the heart, because the true heart rejoices in justice and equity.
4. The commandment of the Lord (v. 8). This brings into view the personal God who stands back of His law to enforce its demands. This commandment is free from error and deceit, and it enlightens the eyes. The effect of God's law is to give man ability, not only to understand his love and salvation, but to be wise as to the things about him.
5. The fear of the Lord is clean (v. 9). The reading of the Word of God produces reverential fear in the heart of the reader. Those who have this godly fear have their hearts cleansed from sin. The life and relationship founded upon this fear abide forever.
6. The judgments of the Lord are true and righteous (vv. 9-11).
By judgments is meant the sentences pronounced by God's Word. These penalties are absolutely true and righteous; they are conformable to the intuitive moral sense of man. These judgments serve as warnings; they prevent man's shipwreck upon life's sea and bring just return to those who obey.

II. A Prayer to God (v. 12-14).
1. For cleansing from secret faults (v. 12). Those who reverently study the Word of God realize in themselves the presence of hidden faults from which they need cleansing, and they cry out to God for this cleansing.
2. Kept back from presumptuous sins (v. 13). The sins which result from proud defiance of God's laws need to be eradicated by God's special grace and help.
3. Words acceptable with God (v. 14).
The godly man is concerned with even his words and desires them to be under God's control.
4. Meditation of the heart (v. 14).
III. The Inspiration of the Holy Scriptures (II Tim. 3:14-17).
Inspiration means God-breathed. By the scriptures is meant the Old Testament. If Paul's testimony be accepted, then the whole Old Testament is God-breathed, regardless of what the skeptical critics say. Because they are God-breathed they are profitable for—
1. Doctrine, that is, teaching.
2. Reproof.
3. Correction.
4. Instruction in righteousness.
5. Thorough equipment of the man of God for his work.

Love Endureth All Things.
Love beareth all things, believeth all things, endureth all things. People we love sometimes disappoint us. They do things we never dreamed they could do. If we love them, we shall not abandon them because they have faults. We shall just believe that one day they will put away their faults, cease to do evil, and learn to do well. Love never despairs of anyone. Love never falleth.

Of One Religion.
All humble, meek, merciful, just, pious, and devout souls are everywhere of one religion, and when death has taken off the mask they will know one another, though the divers liveries they wear make them strangers.—Penn.

When to Begin Kind Acts.
A more glorious victory cannot be gained over another man than this, that when the injury began on his part, the kindness should begin on ours.—Tillotson.

"BAYER CROSS" ON GENUINE ASPIRIN

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken, Bayer package which contains proper directions to safely relieve Headache, Toothache, Earache, Neuralgia, Colds and pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade mark of Bayer Manufacture of Monocetio-acidester of Salicylicacid.—Adv.

The Birds.
"Do you think men will ever fly as well as birds?"
"Better than birds in some respects. Lots of birds can't loop the loop or do a spiral."

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.
Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.
If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.
You may suffer pain in the back, headache and loss of ambition.
Poor health makes you nervous, irritable and may be despondent; it makes any one so.
But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.
Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Adv.

True.
Examiner in Physics: "What happens when a light falls into water at an angle of 45 degrees?"
Student: "It goes out."

Freshen a Heavy Skin
With the antiseptic, fascinating Cuticura Talcum Powder, an exquisitely scented convenient, economical face, skin, baby and dusting powder and perfume. Renders other perfumes superfluous. One of the Cuticura Toilet Trio (Soap, Ointment, Talcum).—Adv.

Kept Busy Explaining.
One of the ever-present difficulties of a married man is to account for his absence from home.

To Purify and Enrich the Blood
Take GROVE'S TASTELESS CHIN TONIC which is simply IRON and QUININE suspended in Syrup. So Pleasant Even Children Like It. You can soon feel its strengthening, invigorating effect. Price 60c.

Save From Souring.
If food threatens to sour in the muggy weather, it can sometimes be saved by reheating.

Savory beans, Mexican peppers, choice bits of tender beef—all in a hot Spanish sauce! Such is Libby's Chili Con Carne—ask your grocer for a package today. Try it with rice, mashed potatoes or spaghetti—it's delightful.

The American Tobacco Co.

HOSPITAL NURSE
FRANCES TANLAC

Gains Eleven Pounds and is Feeling Fine Since Taking Tanlac.

"Tanlac did so much for me that I feel it my duty to tell others about this medicine," said C. H. Rhamey, a professional nurse living at the Hotel George, on Sixth Street, San Francisco, Cal., recently. Mr. Rhamey has been nursing patients in the hospitals for the past eight years. "Last February," he continued, "owing to an accident in which my leg was broken I was confined to my bed for several weeks. I lost my appetite and could hardly eat anything to nourish me, consequently I lost weight. I took several different kinds of tonics, hoping they would help build me up but they did me no good."

"One morning I read a statement by a lady in Los Angeles who said she had gotten such wonderful benefits from taking Tanlac that I decided to try it myself. By the time I had finished half of my first bottle my appetite returned and I felt hungry for the first time in weeks. From then on I started right in to pick up and my appetite got better and better and I slept better at night. I have already gained eleven pounds and am feeling just fine; even my doctor has remarked how much better I am looking. I would never allow my name to be used in connection with a medicine before, but I have had such excellent results from using Tanlac that I take great pleasure in recommending it to anyone needing a medicine to build up the system."

Tanlac is sold in Portales by Ed J. Neer.

Call at the Racket Store. Your trade will be appreciated. It

PLAINVIEW ITEMS

(Carried over from last week.) Misses Ruth Edmonds, Lucile Lackey, Marjorie Capps and Ruby Stokes started to school at town Monday.

Lot of the stock men around here are filling their silos this week.

Mr. Littlejohn and family went down about Inez Sunday visiting. Mr. and Mrs. John Huffman and children went over about Rogers Sunday visiting his sister and mother.

Mrs. Hoover spent Sunday with her friend, Miss Virgie Harris.

Miss Lois Littlejohn attended the Normal at town last week.

Misses Bessie Hank and Leorne Burks will teach at Plainview this year. Miss Bessie taught at the same place last year.

Harley Watkins is back home from Burkburnett. He came to help gather the crop.

John Thompson went to town Monday for binder repairs. The binders are sure kept running around here for the feed is maturing fast.

School supplies—all kinds at the Racket Store. It

DOSS-SHELBY ITEMS

Babe Freeman returned Wednesday of last week from Stephen County, Texas, and reports oil land leases quite high there and everything on the boom.

Mr. Joe Paxton was quite busy for two or three days erecting a new mill on his tower.

The Shelby school opened last week with Miss Ruby Braley as teacher.

C. R. Salter returned from Breckenridge, Texas, last Saturday. From his heavy weight it did not seem to agree with him down there.

Misses Fannie and Esther Tinsley spent Sunday at the home of their parents, Mr. and Mrs. J. A. Tinsley.

A rain began to fall Sunday night and continued until Tuesday night. Consequently the ground seems to be thoroughly soaked.

Camel CIGARETTES

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! You will prefer Camels to either kind of tobacco smoked straight!

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarette aftertaste or unpleasant cigarette odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.
