BENJ. F. PANKEY MAKES ADDRESS AT COURTHOUSE

An appreciative audience which taxed the capacity of the district court room to the point at which the "standing room only" sign was displayed, greeted Lieutenant Governor B. F. Pankey, chairman of the committee having in charge the 1919 sale of Red Cross Christmas seals and health bonds, on the occasion of his visit to Portales in the interest of the seal sale drive Thursday night of last week. State Senator R. G. Bryant presided at the meeting.

Besides Governor Pankey, Capt. T. J. Molinari, Rev. J. C. Newman and Prof. Livingston, of the Portales High school made brief talks in advocacy of disease prevention and the provision of funds for a more vigorous fight against tuberculosis and other preventable diseases through generous contributions to the Red Cross seal sale.

Startling Facts Presented

During the course of his short talk Governor Pankey presented an array of facts and figures taken from the records of the War Department to prove that tuberculosis is spreading rapidly in the state of New Mexico in spite of its sunny skies and an abundance of pure air and its reputation as the one state of the American Union to which sufferers from the ravages of the great white plague may come with a reasonable assurance that they will be cured of the terrible affliction.

Natives Not Immune

"The records show," said Governor Pankey, "that 468 New Mexico boys were discharged from the army and navy, after they had been accepted as healthy and fit for service, because of the development of tuberculosis. This is an appalling fact but it is made more appalling when a search of the figures show us that of the number discharged more than 50 per cent of the men were of Spanish origin, natives of the state who have always been supposed to be more or less immune from the disease which has always been regarded as a scourge of wet and gloomy sections of the North and East.

Better Living Conditions Needed

"The only conclusion which can be arrived at after a study of the situation as it presents itself is that there must be a revision of health conditions throughout the state. The people must be taught how to so live as to be in condition to fend off the tuberculosis germ which has proven to be the arch enemy of the human race.

"We are often asked why we seem to concentrate our efforts in our fight against disease, upon the tuberculosis germ. The answer is that if we are successful in our efforts to teach people to so live as to prevent the invasion of their systems by the deadly tuberculosis bacilli they will live such clean lives as to ward off attacks from the germs of smallpox, typhus, typhoid fever or any other of the preventable diseases which have taken such toll of human lives in the past.

"We are aware that there is a disposition on the part of many to say that the war is over and that there should be an end to drives. It is probably true that there are some drives which should be held in abeyance, for a time, till the people of the country have had time in which to adjust themselves to reconstruction conditions. While it may be also true that the 'World War' is over, or at least nearing its end, the war against disease is not now nor will it ever be over. The drive for the raising of \$60,000 with which to fight tuberculosis in this state differs from all other drives held in the state since

drives for funds became common after the entrance of our country into the recent war, in that of every dollar raised in this drive 91 cents will be spent in the state for the benefit of the people of the state. We are told that charity begins at home and in this case we are strictly applying the principles of that old adage.

Funds Carefully Guarded

"The money will be spent under the supervision of the officers and directors of the New Mexico Public Health Association which is made up of representative men and women of every county of the state who have the best interests of their communities at heart and who will exercise every possible care to see that the funds are carefully administered. Roosevelt county is represented on this State Board by Hon. Washington E. Lindsey, former governor of the state.

No Fancy Salaries

"It has been intimated that much of the money will be wasted in the payment of fancy salaries to officers for whom places will be created. That is not true. The money will be spent for trained nurses who will be at the beck and call of any community in the state in which their services may be needed. These nurses and trained teachers of the principles of right living will carry on a campaign of education which will have for its object the education of those who need educating along those lines, to ventilate their homes, to keep their bodies clean and to eat nourishing food and thus prevent wasteful sickness.

Disease is Wasteful

"Disease is wasteful, even when it does not end in death and it is the duty of every citizen to prevent that waste so far as he has the power to do so, not only by caring for his own health but by seeing that his neighbor takes precautions against falling victim to germs which impair his efficiency and lose his value to the community. That is the hard headed commercial view of it. In addition there is the Christian or the humanitarian view to be taken of disease and its effects. "I have every reason to believe that Portales and Roosevelt county will rise to the occasion and subscribe their full quota of the fund which is intended for such good purposes."

Talks at High School

The Rev. Newman, Captain Molinari and Professor Livingston made eloquent and effective talks endorsing the Christmas seal drive and urging that everything be done which can be done to make a winning fight against the insidious and virulent foe of mankind, the deadly germ of tuberculosis. During the afternoon Governor Pankey, under the guidance of Senator Bryant, visited the High school and addressed the student body. He was introduced by Prof. W. M. Wilson, superintendent of the City school.

The pretty weather we have been having for the past month was broken last night with a light cold rain which finally wound up in a nice snow. However it was an ideal day to spend the day at home and eat Thanksgiving dinner. All the stores in the city closed so the clerks and other might enjoy the day.

Geo. H. Joh of Guthrie, Okla., arrived last week to make Portales his home. Mr. Joh owns considerable property here and decided to come here and look after it.

Mr. and Mrs. Roy Austin and children returned yesterday from Chandler, Arizona, where they have been visiting in the home of Mr. Austin's parents.

Otho McMinn arrived Wednesday from Burkburnett, Texas, where he has been at work for the past year.

There is no necessity for this staggering casualty list in peace times.

You may not know it but Tuberculosis can be PREVENTED and can be cured.

There is an organization in your state and community that can drive this menace from its place at your very door. Encourage it—help to finance it.

F. T. Burke and two of his little boys arrived yesterday for a visit in the home of his wife's parents, Mr. and Mrs. C. M. Dobbs. His home is in Statesville, South Carolina.

Mr. and Mrs. P. E. Carter came up from Lovington Saturday. Mrs. Carter went on to Albuquerque to attend the teachers' meeting while Mr. Carter is spending the week with homefolks.

ROOSEVELT COUNTY'S QUOTA IS \$1,600.00

Posters, seals and campaign supplies from the state headquarters of the Red Cross Christmas Seal sale in Albuquerque have been received by the school district workers appointed to serve in this county by Senator R. G. Bryant, county chairman. The final organization has now been completed and the campaign will get under way rapidly when it opens December 1st to continue for ten days.

The quota for Roosevelt county has been set at \$1,600, a figure which will probably be easily reached in view of the great interest in public health over the entire nation. The seal has the double value of being a Christmas commodity and at the same time representing a contribution to the cause of better health throughout the state. The various county quotas were arrived at by using the population, the taxable wealth and the amount of public health work which will be done in the county next year as guides. The budget for the entire state is \$60,000 and of this sum, ninety one per cent of the money remains within the state for public health purposes.

DOSS-SHELBY ITEMS

Miss Onie Stevens' health is reported to be progressing about as usual.

Mr. Walter Nichols and family spent three days last week at Mr. Greer's where they overhauled his wagon.

Harrel T. Rhodes underwent an operation for adenoids last Thursday.

Morgan Oliver and family and Miss Harris spent the day Sunday at J. G. Rhodes'.

Miss Isabella Salter spent Monday night with her friend, Dbaise Kaptina.

Mrs. S. W. Stevens is reported to be able to resume her household duties after a severe siege of rheumatism.

There was no school at Shelby this week as Miss Ruby Braley left for Albuquerque to attend the Teachers' Association.

Ben Salter was absent from school this week helping his father haul feed, etc.

Mrs. L. L. Harris is able to be out shopping again after her recent illness.

DELPHOS ITEMS

Miss Lola Howell came in the last of the week to spend Sunday with homefolks.

Miss Florence McAlister is spending the week at home while the principal of her school is attending the State Teachers' Meeting at Albuquerque.

A pie supper is billed for Saturday night, November 29th, to raise funds for a Xmas tree.

Lain Morris returned from Slaton last week to enter school at Delphos.

Miss Nettie Doyal visited relatives here Sunday.

Miss Macy Morris made a trip to Portales this week.

G. A. Chumbley received a nice herd of cattle from Jenkins, N. M., this week.

A crowd of young folks visited the home of R. E. McAlister last Sunday.

A jitney turned turtle south of Delphos Sunday morning. Both occupants were considerably shaken up.

SHELBY SCHOOL NOTES

The Shelby school is progressing nicely. Three new pupils entered last week making the enrollment 10 pupils now.

Pupils making over ninety per cent in studies and not absent nor tardy more than three times during last month were Jennie Moore of the fifth grade.

Hubert Yates of Clovis was here the latter part of last week visiting with friends.

PORTALES BUSINESS MEN AGAIN SHOW CIVIC PRIDE

On Monday of this week Mr. B. B. Greathouse, W. R. Tollett and Hugh Venson brought to Portales the first three loads of threshed grain consisting of two Kaffir corn. As is customary in cotton and fruit countries to pay loads of maize and one load of a premium on the first products Portales business men deemed it wise to do likewise on the grain question. It is the purpose of the business men of Portales and Roosevelt county to guard and protect the interests of every farmer living in the county. The future success of the business interests of Roosevelt county depends upon the cooperation that can be had by our banks and business houses in co-operating with the farmer.

The proper spirit was exemplified this week in the action of Mr. J. B. Priddy, in which he paid 10c per bushel over and above the Clovis quotations for this grain. Mr. Coe Howard became active in the matter and with the co-operation of the First National Bank, Security State Bank, J. S. Long, Joyce-Pruit Company, Universal Garage, J. B. Priddy, W. E. Crow, McDonald Grocery, Goodloe Grocery Co., C. M. Dobbs, A. F. Jones, W. H. Braley, Frank Smith, C. V. Harris and Bascom Howard, a premium of \$50.00 was raised and divided amongst the three parties bringing the grain to Portales.

The conservation of the best interests of the farmers of Roosevelt county can best be had by bringing their products to Portales. The business men will lend every assistance possible to see that the market prices are obtained. It is only by the progressive spirit shown by Portales business men working through the farmer that land values will be increased and that Roosevelt county will share in the prosperity that comes to other communities because of the earnest co-operation of its banks, business men and the untiring farmer who is giving the best that his land will afford for the development of the resources of the county, and he is deserving of the highest price to be obtained for the product, and in keeping with this spirit the farmers will look forward to the best interests of Portales as being willing to help them in any of their problems or undertakings.

"Of course when I get to the end of a sentence I do not mind if you say 'Moo, moo, that was fine.'"

"What if we should say, 'Moo, moo, that was horrible, horrible,'" suggested another cow. "What would you say to that?"

"That would be something I couldn't permit," said Mrs. Cow. "It would be very rude. But I think you will all agree with me in what I have to say."

"We don't really know whether we will or not," said the other cows.

"Of course not, Moo, moo," said Miss Bossy. "We don't know at all."

"Too bad," said Mrs. Cow. "That you shouldn't show a little more trust and confidence in Mrs. Cow, your own friend and companion, Mrs. Cow."

"Too bad," said the other cows, "but we haven't a great deal of sense. And we're not so affectionate that we love you because you're one of us. Sometimes a cow shows affection, but as a rule we're a rather unaffectionate lot."

"Well," said Mrs. Cow, "the only thing for me to do is to tell you what I have to tell you and then maybe you'll think different."

"In fact, I feel sure you will feel different."

"We thought you said we'd feel the same," said the other cows.

"You'll agree with me," said Mrs. Cow. "and so you will feel different from the way you do now. Now you don't agree with me."

"We don't either agree or disagree," said one of the other cows. "but we do wish you'd tell us what you have to tell us so we can see whether we agree or not."

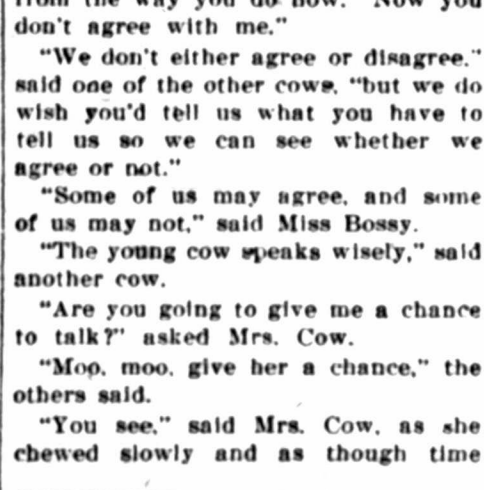

"Some of us may agree, and some of us may not," said Miss Bossy.

"The young cow speaks wisely," said another cow.

"Are you going to give me a chance to talk?" asked Mrs. Cow.

"Moo, moo, give her a chance," the others said.

"You see," said Mrs. Cow, as she chewed slowly and as though time

MOTHER MIGHT HAVE KNOWN

Small Boys Don't Usually Pick Up Slang Expressions From Pages of Their School Books.

"Mamma, why do some people call Jollars 'bucks'?" said little brother at the dinner table.

"Oh, that's just a slang word, and it's not very nice for little boys like you to say it," was the reply.

After he had consumed another candied sweet potato brother again broke out:

"And mother, why do they say six 'bells' when they want to tell the time?" Mamma was decidedly perturbed, and had visions of her offspring having been in undesirable company.

"Why, brother," she said, "who in the world have you been listening to?"

"Mutt and Jeff," was the grave reply.

You'll Agree With Me.

"meant nothing to her, 'they say that cows give milk.'"

"Well, that's the truth isn't it?" asked Miss Bossy. "If you mean us to agree with you about that we will, or if you mean us to agree with you in not agreeing with it—"

"Now, Miss Bossy, don't say too much and get mixed up," said Mrs. Cow. "Wait until I have finished."

"Moo, moo, wait until she has finished," the others said.

"They say that cows give milk," Mrs. Cow continued, "but we don't actually give it."

"What do we do, moo, moo, what do we do?" asked the other cows.

"We make the farmer pay us in board and lodgings," said Mrs. Cow. "Ha, ha, cows are business creatures. We're paid for our milk. Of course we are."

"And when food for us is more expensive the farmer charges more for the milk. You see we don't give our milk exactly. We give it in return for the payment of food and board."

"A good idea," said the other cows. "Moo, moo, you're right. We don't give our milk at all. We give it in return for something, for two things, in fact."

"Yes, moo, moo, Mrs. Cow, we agree with you. You're a wise cow."

"And we're all wise cows, moo, moo," said Mrs. Cow. "To insist upon board and lodging in return for our milk. Why that is the way people do! They give their time for work and in return they get money which pays the rent and buys the food!"

ESCH RAILROAD BILL IS PASSED

PRACTICALLY PARTY VOTE IN HOUSE ENDORSES MEASURE

GUARANTEE INCOME 6 MONTHS

Rep. Harreld, New Republican Member From Oklahoma, Arrives in Time To Cast His First Vote For the Bill.

Washington.—On virtually a party vote of 203 to 159, the house passed and sent to the senate the Esch railroad reorganization bill.

The democrats made the passage of the measure a party issue as a protest against the section which continues the guaranteed operating income of the railroads for six months after the termination of federal control. It was openly declared by the democratic leaders that this issue will be carried into the national campaign in 1920.

A last hour effort, headed by Representative Kitchin of North Carolina, former democratic leader, sought to throw out the labor section adopted last week and write into the bill a modified anti-strike provision. The plan for the settlement of labor disputes between the railroads and their employes which the house submitted for the proposal of the interstate commerce committee provides for strictly voluntary arbitration and conciliation with no methods of enforcing the decisions of the arbitration on boards.

The members seeking a reconsideration of this portion of the legislation hoped at least to get in a provision prohibiting strikes or lockouts during the process of arbitration.

The house declined to change the plan adopted last week by a vote of 253 to 112.

J. W. Harreld, the republican representative from the Fifth district of Oklahoma, who succeeded the late representative Joseph B. Thompson arrived in Washington and was sworn in in time to vote on the railroad bill.

Representative Dick T. Morgan presented Mr. Harreld to Speaker Gillett who swore him in amid a din of applause from the republican side of the house. Mr. Morgan has now lost the distinction of being the only republican member from Oklahoma, and while Mr. Harreld has succeeded a democrat it will be remembered that Representative E. B. Howard unsented a republican when he became the representative for the first district. Harreld and Howard are cousins who grew up together. Mr. Morgan said, "Bill and I had many a hot fight over politics when we were boys and the prospects are that the fight will be taken up in earnest on the floor of the house."

Representative Harreld and Mrs. Harreld will make their home at the Washington hotel for the present.

Ned and Joseph, two tots in the first primary grade, had been fighting on the way home from school at noons. Their own teacher scolded them, but it did no good, for they fought again on the way home that very noon. The teacher went to the principal. "I want you to say something to them," she told her. "I'm sure they will be more impressed then."

Then afternoon the principal did as she was asked. She talked long and earnestly on the evils of fighting, but neither of the culprits seemed the least bit moved. Finally she ended, "Now, I say you must not fight, and I mean it." Grimly she eyed them. "And you both know who I am—don't you?"

Both nodded their heads and Joe said cheerfully, "Why, you're the lady who rings the bell for the other teachers—aren't you?"

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY
THIS IS WORTH READING

The experience of Mr. E. J. Tou-palik, 1458 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief.

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also, that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

HEADACHE Often Caused by Acid-Stomach

Yes, indeed, more often than you think. Because ACID-STOMACH, starting with indigestion, heartburn, belching, food-retaining, flat and gas, if not checked, will eventually affect every vital organ of the body. Severe, blinding, splitting headaches are, therefore, of frequent occurrence as a result of this upset condition.

Take EATONIC. It quickly banishes acid-stomach with its sour aloet, pain and gas. It aids digestion—helps the stomach get full strength from every mouthful of food you eat. Millions of people are miserable, weak, sick and ailing because of ACID-STOMACH. Poisons, created by partly digested food charged with acid, are absorbed into the blood and distributed throughout the entire system. This bites causes rheumatism, biliousness, cirrhosis of the liver, heart trouble, ulcers and even cancer of the stomach. It robs its victims of their health, undermines the strength of the most vigorous.

If you want to get back your physical and mental strength—be full of vim and vigor—enjoy life and be happy, you must get rid of your acid-stomach.

In EATONIC you will find the very help you need and it's guaranteed. So get a big tin box from your druggist today. If it fails to please you, return it—and he will refund your money.

BLOUSE STYLES FAVORED FOR EVENING COSTUMES

It is evident that blouses and smocks are aspiring to rival evening frocks and the chances are that they are going to succeed. There is no end to the fanciful ways in which they are made and nothing is too extravagant in the way of trimming them. For dinner and theater wear they have advantages and they appear in brilliant and light colors, and in combinations of two colors in materials, with decorations that call into play many additional hues. The pleated blouse, the apron blouse and the smock have a gay future ahead of them.

Georgette crepe, chiffon and net with chintilly and gold-run faces newly recruited in their company are the filmy mediums in which evening blouses are made. Worn with skirts of black satin they achieve a toilette that may be worn with assurance.

Among color combinations, emerald or even more vivid greens with black are distinctive. Copper colors crepe with gold lace, champagne with black embroidery, peacock blue and light green show the fondness for delicate colors. There is a new sort of decoration that looks like the finest hand-work done in many colors. But it is a sort of paint put on in dots set close together and appears in motifs on girdles of georgette like the blouse. Blouses in one color are enlivened with rich girdles of gold or silver brocade. Embroideries in silk and in beads, often used together, and occasionally mock jewels and gold tissue confess that nothing is too splendid for the blouse which is to be worn in the evening, and narrow bands of dark fur find themselves placed to the best advantage on lace and georgette.

Two pretty examples of the mode are shown here. In one of them crepe de chine appears with satin in an odd, original model with woodbine leaves in silk and beads, embroidered on the satin. It has an apron at the front, bloused at the waistline and bordered with the embroidered satin. The long sleeves flare at the wrist and are finished with a satin band. Pale gold and turquoise blue crepe, as always, happy together in the blouse at the right. Blue beads give a good account of themselves as a trimming and the sleeves challenge us to pronounce them the most graceful of the many styles that help to make the season interesting.

Velvet Becomes Satin's Rival

Just how it happens has never been explained, but it happens every little while that a certain style seizes the attention, simultaneously, of women all over the length and breadth of the land. Merchants wake up some morning to find that apparently every woman has made up her mind over night that she wants one kind of fabric, one particular color, one style. Just now it seems that every woman wants a velvet gown. In addition to the satin frock for which there has been a universal demand, it seems that the shops saw this wave of demand rolling in, and that designers and manufacturers were prepared for it.

Designers require supple materials for frocks and they have determined on chiffon velvets in very wide widths, and the finest grades of velvet, as best suited to their purposes. These are used for afternoon and evening dresses. The heavier grades of velvet will answer for suits, but the more flexible stuffs are liked for everything and chiffon velvets are in such demand that they bring very high prices. The best grades of velvet are by no means cheap. By way of recompense, velvet frocks are very simply designed and fussy decorations are conspicuous by their absence on them; so that the minimum of goods is required.

These points are apparent in the pretty frock for afternoon, shown at the left of the two pictured here. It is of wide, light-weight velvet in marine-blue. This skirt has six round plaits set on at each side—widening the hip

lines—and this arrangement of the material is borrowed from a Paris designer who introduced it early in the season. Aside from this small vagary, it is plain. The bodice has a plain back and surplice front filled in with flesh-colored georgette. One side of the front is extended into a soft girde, finished at the front with a handsome beaded ornament. The long sleeves have a turned-back frill of velvet. The small muffer collar is a separate affair that swatches the neck in soft folds and buttons at the side. It may be taken off indoors.

Satin gowns reveal that their designers are more or less devoted to draped skirts, the model pictured being among the simplest of these. In this frock a smock of satin, split to the waistline at the left side, is covered with a sunburst pattern and points made of silk braid conched on. The design is an Aztec inspiration pure and simple and a long girde of satin ending in tassels repeats it. A plain turndown collar and deep cuffs of the satin are important details in this frock and help to account for its distinction.

Batik decorations in all their high colorful effects will unquestionably be seen to a great extent in autumn blouses, overblouses and negligees of all kinds.

WORSE THAN DEADLY POISON GAS

Kidney disease is no respecter of persons. It attacks young and old alike. In most cases the victim is warned of the approaching danger. Nature fights back. Headache, indigestion, insomnia, lame back, lumbago, sciatica, rheumatism, pain in the loins and lower abdomen, difficulty in urinating, all are indications of trouble brewing in your kidneys.

When such symptoms appear you will almost certainly find quick relief in GOLD MEDAL Haarlem Oil Capsules.

This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease.

It is imported direct from the home laboratories in Holland, where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money promptly refunded if it does not relieve you. Be sure to get the genuine GOLD MEDAL Brand. In sealed packages, three sizes.—Adv.

HUNT'S LIGHTNING OIL

Backache only a Symptom

"It Seems as Though my Back Would Break."

This is a common expression among women, yet they toil on day after day heedless of the significance of this distressing symptom.

Backache is often a warning of some inward trouble that requires attention, and which unless relieved will sooner or later declare itself in more serious ailments.

If it is caused by female derangement Lydia E. Pinkham's Vegetable Compound is what you need. It quickly asserts its curative powers in all those peculiar ailments of women.

For more than thirty years this good old fashioned root and herb medicine has been restoring American women to health.

The Splendid Recovery of Mrs. Coventry

Newark, N. J.—"The doctor said I had organic trouble and treated me for several weeks. At times I could not walk at all and I suffered with my back and legs so I often had to stay in bed. I suffered off and on for eight years. Finally I heard that Lydia E. Pinkham's Vegetable Compound was a good medicine, and I tried it with splendid effect. I can now do my household and my washing. I have recommended your Vegetable Compound and Blood Medicine and three of my friends are taking it to their advantage. You may use my name for a testimonial." — MRS. THERESA COVENTRY, 75 Burnet St., Newark, N.J.

Mrs. Hunt tells how it helped her Detroit, Mich.—"I was in a general run-down condition, was very nervous and tired, had backache and other troubles. I suffered for several years, was not able to work at times and tried doctor's medicine with no results. I saw Lydia E. Pinkham's Vegetable Compound advertised, and after taking it a short time I was much better. I am still taking it myself and giving it to my daughter, and am glad to recommend Vegetable Compound at anytime." — Mrs. M. E. Hunt, 171 Davison Ave.

AN ADVOCATE OF DEMOCRACY

BAPTISTS PLAN TO FIGHT BOLSHEVISM

SYSTEM IS RECOMMENDED FOR PREVENTION OF RADICALISM IN THE SOUTH.

AMERICANIZE FOREIGNERS

Teaching Them English and Ideals of United States and Christianity is Part of Program of 75 Million Campaign.

Southern Baptists have no sympathy for the I. W. W.'s, Bolsheviks and bomb throwers, and while radicals of that type are not numerous in this section of the country as yet, it is the hope of the Baptist 75 Million Campaign to make the spread of such destructive propaganda here impossible by so pervading with the gospel all centers where radicalism might expect to obtain a foothold as to make it impossible for the professional agitators to receive a sympathetic hearing. In other words, it is the hope of the campaign to extend the work of Americanizing and Christianizing the foreigners living within the territory of the Southern Baptist Convention that they will measure up to the highest standards of patriotism and religion.

There are 4,000,000 persons of foreign birth and children of foreigners living within the territory of the Southern Baptist Convention, and while considerable work has been done already along the line of teaching Americanism and the Christian religion to these people, this work will be greatly enlarged as a result of this campaign.

In the southwestern states there are 1,000,000 Mexicans, 600,000 living in Texas, 200,000 in New Mexico, 75,000 in Louisiana and a large number in Arkansas, Oklahoma and Missouri. Because of the growing importance of the Mexican work the campaign has appropriated \$375,000 to it alone for the next five years.

But the Americanization and evangelization of the foreigners is not confined to Mexicans. This work is carried on also among the newly-arrived immigrants at the various Southern ports, among those of foreign birth in the mining districts of Alabama, Oklahoma and Illinois and among other groups of people of foreign birth in Florida, Louisiana, Texas, Maryland and Virginia. Some of the state organizations carry on work of their own among these people, while in many places the program is carried out cooperatively between the state mission boards and the Home Mission Board. In many instances a large work is done by the latter agency alone.

Believing that both Americanization and evangelization can be accomplished most effectively by first reaching the children, Baptist agencies have established schools where the English language is taught, along with American and Christian ideals. Such schools are already being conducted with great success among the Italian and Cuban children at Tampa, Fla., for French-speaking children at Church Point, La., for Mexican children at El Paso and other Texas points, while community center work is carried on extensively at many of these points and at numerous towns and mining centers where people of foreign birth make up

WOULD JUST SIT AND CRY, SHE SAYS

Mrs. R. L. Moore Was on Verge of Nervous Prostration—Gains Twenty Pounds.

"Before taking Tanlac," said Mrs. R. L. Moore of 1615 Elmwood street, Kansas City, Mo., in a statement, recently, "I was so nervous, miserable and despondent that I would just sit and cry.

"My appetite left me nearly two years ago," she explained, "and my stomach got in such a bad fix that I could not eat anything but what would ferment, causing gas and intense pain. I was constipated all the time and my head ached so bad that I had to use ice on it to relieve the pain. My condition was so bad for months before I began using Tanlac that I was unable to be up, much less do my housework, and I believe I was right on the verge of nervous prostration. I could hardly sleep and no one will ever know how miserable I did feel, because I just can't fully describe it.

"A friend of mine got after me to try Tanlac, but I refused at first, because I had tried everything else and had lost nearly all hope of ever getting well. But she insisted until I made up my mind to try it and before finishing the first bottle I was so much that I got another and kept on taking it with perfectly wonderful results. I can eat just anything now without the least trouble afterwards and I have actually gained twenty pounds in weight. I have been entirely relieved of headaches, nervousness and everything and I can sleep every night as sound as when I was a child. The work in my seven room house is easy for me now, for I am feeling just fine. Now this is just what four bottles of Tanlac did for me and I certainly do think it is the grandest medicine in the world."

a large percentage of the population, the social work of this character being conducted by Baptist women.

Large results are expected to follow the work of the Baptist Bible Institute at New Orleans, where instruction is given in English, French, Italian and Spanish. All foreign-speaking people are required to take some English work and the Bible is taught in certain practical subjects to them in their own languages, thus facilitating their grasp of it. Practical Christian activities are also required of all the students, some of whom are training for foreign mission work and others for service among the peoples of foreign birth in this country. Patriotism and high ideals of Christian civilization are given emphasis throughout the institution and it is the belief of those familiar with its work that it will prove a potent factor in the Americanization and Christianization of the peoples of foreign birth in this country.

Get the Banking Habit
—IT IS WISE

Modern methods of banking are typical of America's democratic way of doing business. Rich and poor alike keep their money in the same bank and the dollar check drawn by the girl clerk in a department store on her small account is honored just as quickly and with as little question as a check drawn by John D. on his own account.

A deposit in a bank is the basis of credit for any man or woman. It establishes a personal relation between the depositor and the bank, which may be of value in many ways to the depositor. If he will ask his banker's advice before investing his savings in numerous schemes which are afloat today seeking to get his money, he will in many instances be saved severe losses.

The banking habit is a good one to cultivate. It raises you in your own estimation and sense of confidence in your ability to do things.

A bank depositor and a home owner are not good material for the Bolshevist and socialistic agitators and herein lies America's safety today.

BETTER PROVISION PROMISED PASTORS

BAPTIST 75 MILLION CAMPAIGN
WILL RAISE BIG SUM FOR
RETIRED MINISTERS.

CARE FOR THE WIDOWS, TOO

Total of \$5,000,000 Included On Pro-
gram For This Purpose—Insur-
ance Feature Also Included.

REV. J. M. RUSSELL
Typical Retired Minister.

While the salaries paid the minis-
ters of Baptist, as well as other
churches in the South, have been far
too small in the past to enable them
to lay aside a competency for old age,
a long step in remedying this situation
is promised in the Baptist 75 Million
Campaign, which proposes to raise
\$2,500,000 for the relief of aged minis-
ters during the next five years, and
then bring this sum up to \$5,000,000
during the two years immediately fol-
lowing the campaign.

Looking to the adequate care of hun-
dreds of aged Baptist ministers and
ministers' widows in the ranks of the
Southern Baptist Convention who are
now in need of financial assistance,
this body, at a recent session, author-

ized the creation of the Relief and
Annuity Board at Dallas, Texas, with
Dr. William Lunsford as correspond-
ing secretary.

Heretofore the average annual salary
has been less than \$500, meaning that
a large number of preachers received
considerably less than that sum, mak-
ing it necessary that they engage in
other occupations during the week in
order to support themselves and their
families, and rendering it practically
impossible for them to lay aside any
money as a support for their old age.

The establishment of the Relief and
Annuity Board and the decision to
raise \$5,000,000 during the next seven
years for the relief of the aged minis-
ters already in need of assistance and
the more adequate care of the men
who hereafter give their lives to the
Christian ministry without an oppor-
tunity to save up a competency to tide
them through sickness or care for
them in their declining days, has met
with a cordial reception at the hands
of Southern Baptists, and it is be-
lieved the provision of better treat-
ment for the ministers in their retire-
ment will not only tend to cause young
men to look with greater favor upon
the ministry as a life work, but will
bring the members of local congrega-
tions generally to see the need of pay-
ing pastors more adequate salaries be-
fore these pastors become old and
helpless.

By the addition of an annuity fea-
ture it is possible for retired ministers
to receive an annuity of \$500 after
they have reached the age of 68, and
provided they have been in the minis-
try for thirty years. If they have
served less than 30 years the annuity
is reduced by a certain proportion.
To participate in this annuity a min-
ister must make monthly, quarterly
or annual payments sufficient to bring
in an income of \$100 per year when in-
vested, on the principle of regular life
insurance, while this is supplemented
by \$400 provided by the denomination.
A minister's participation in the an-
nuity fund is in addition to his claims
upon the relief fund.

If the minister is disabled at any
time after joining the annuity fund,
he will receive a certain annuity
throughout the period of disability. If
he dies his widow will receive an an-
nuity of 60 per cent of what would
have gone to her husband as long as
she lives, and should the widow die
her annuity will be divided among
minor children until they become self-
supporting, marry or reach the age
of 21.

The board has received an endow-
ment of \$100,000 from the Baptist Sun-
day School Board at Nashville not in-
cluded in the 75 Million Campaign,
and this sum will be divided equally
between the relief and annuity depart-
ments. This enables the board to be-
gin work immediately and assistance
is already being given to 236 aged min-
isters and ministers' widows.

-a Liberal Education!

The object of Hearst's is to entertain and enlighten.
Through all its entertainment, however, runs a certain
serious purpose—a definite mission. And that mission
is to discuss, stimulate and solve—as far as may be
possible—the vital questions of family and public
life that people everywhere are themselves considering.

ALREADY—at the very moment you read this—
a thousand particularly intelligent men and wo-
men are asking correspondents for Hearst's for Novem-
ber. Minutes by minutes and hour by hour—all
over the United States—this will continue until 500,
000 of the most progressive magazine readers have
secured their copies.

The others, disappointed, will have to wait
—or be satisfied with a lesser magazine.

YOU, perhaps, already have your November num-
ber. You have looked at the Table of Contents—
Hester, Mather, Conrad, De Vries, G. K. Chest-
ton, Or nearer home; Judge E. L. Gary, head of
U. S. Steel, on "Something More than the Pay En-
velope." Or H. C. Forbes, E. C. R., Walt Mason,
Dr. Frank Crane. Or you have maybe, turned first
to the Art—Play—Book—Science—of the Month. Or
then in certain, you have noticed the real authority
of Hearst's—its splendid serious side.

BUT—you say you buy a magazine for its fiction.
Good! Here in Hearst's for November are stories
by Robert W. Chambers, Richard Washburn
Child, Arthur Somers Roche, and Bruno Lussign,
Arthur Stanger, Edwin Balmer and Gouverneur
Morris. Besides these are three English writers,
F. E. Bailey, Derek Vane, & Phillips O. Pemberton—
as well as Maurice Level, the best of the modern
French writers. All these and several others in se-
lected stories—stories that will interest you think!

If you don't particularly care for a...
it will make you think—if you are a...
a magazine a bit beyond the ordinary...
I want Hearst's this month or any other. If I...
I want the words of the world's great writers; if you
want the thoughts of the world's great thinkers, don't
fail to make sure each month starting with the
November, of getting your regular copy of Hearst's.

TREATY REJECTED, CONGRESS QUILTS

LODGE'S REVISED TREATY DECISIVELY REJECTED BY SENATE

AND GORE VOTED WITH G. O. P. Even Reed Stood by His Party—Practically Nothing Accomplished by Long Special Session of Congress.

Washington.—Failing after three attempts to ratify the peace treaty, the senate laid it aside, ended the special session and went home. All compromise efforts to bring ratification failed, the three resolutions of ratification all going down by overwhelming majorities. The republican leaders apparently despairing of bringing two-thirds of the senate together for any sort of ratification then put in a resolution to declare the war with Germany at an end.

Two of the three ratification votes were taken on the resolution drafted by the republican majority, containing reservations which President Wilson had told democratic senators in a letter earlier in the day would mean nullification of the treaty. On each of the votes most of the democratic supporters of the treaty voted against ratification.

Before adjourning the senate confirmed a number of nominations, but deferred action until next session of John Skelton Williams to be comptroller of currency. The first vote on the Lodge resolution stood 39 for to 55 against. On the second vote, taken after several hours of parliamentary wrangle in which the democrats made vain efforts to win over some of the republican group of mild reservationists, 41 senators voted in the affirmative and 51 in the negative.

The third vote was on a straight-out ratification without reservations, which got only 38 votes to 53 opposing it. Only one republican, Senator McCumber of North Dakota, voted with the democrats in its support. The votes on the second rejection of the Lodge resolution was 41 for adoption and 51 against, less than the requisite two-thirds and also less than a majority.

The opposing democrats were joined by 13 republicans—Borah, Brandegee, Fernald, France, Gronna, Johnson of California, Knox, La Follette, McCormick, Moses, Norris, Poindexter and Sherman. As soon as the Lodge resolution was voted down the second time the senate began voting on an unreserved ratification presented by Senator Underwood, democrat, Alabama. The vote rejecting unqualified ratification was 38 for adoption and 53 against. Advocates of unqualified ratification included 35 democrats and one republican, Senator McCumber. Seven democrats, Gore, Reed, Shields, Smith (Georgia), Thomas, and Walsh (Massachusetts), voted with the republicans in opposition. The resolution of ratification of the peace treaty containing the Lodge reservation, was rejected for the first time by the senate by a vote of 39 for to 55 against adoption. Gore With Republicans. Four democrats, Gore, Shields, Smith of Georgia, and Walsh of Massachusetts voted with 25 republicans for adoption. The negative vote consisted of 42

ANOTHER RED IS ARRESTED

Bert Bland, Slayer of Legion Man, Caught by Coast posse. Centralia, Wash.—Bert Bland, I. W. W. fugitive and suspected slayer of Lieut. Warren O. Grimm, one of the four American Legion paraders killed here Armistice day, was taken without a fight by Sheriff John Berry and a company of deputies. Bland is in the county jail at Chehalis.

According to Sheriff Berry, Bland was found in a cabin 12 miles northwest of Independence, and is supposed to have taken refuge there after he was seen near Rochester and Kelsing Junction, when he was driven forth to seek food. Bland was armed and had a plentiful supply of cartridges. After the trail from Rochester had been traced, Sheriff Berry gathered his posse and drove with two automobile loads of armed deputies to the shack. The shack was surrounded from all sides and rifles were leveled at the door. Tobacco Estate Worth \$17,119,439. Winston Salem, N. C.—Richard J. Reynolds, tobacco manufacturer, left an estate valued at \$17,119,439, according to an inventory completed today. The state will receive an inheritance tax of more than \$500,000. Last Officer Upon Lee's Staff. Lexington, Ky.—Capt. Robert Hunter Fitzhugh, author, educator, missionary, philanthropist and the last surviving member of the staff of Gen. Robert E. Lee, died at his home here. He was 82 years old.

democrats and 13 republicans. The latter were: Borah, Brandegee, Fernald, France, Gronna, Johnson of California, Knox, La Follette, McCormick, Moses, Norris, Poindexter and Sherman. Republican Leader Lodge declared the voting constituted a final decision on the peace treaty unless President Wilson circumvents the senate rules by withdrawing it and then submitting it again to the senate. In other quarters there was some difference of opinion but the general sentiment seemed to be that there was only a slender chance that the treaty would come up at the beginning of the next session of congress, beginning next month.

Dry Act Still Holds. One effect of the senate's failure to ratify the treaty will be the continuation of various war time laws and regulations at least until the new session opens: Among these is the war time prohibition act. The resolution presented to declare a state of peace will come up at the beginning of the new session and is expected to start another stubborn fight. The administration is understood to be opposed to such a method of legally ending the war and in the background is a constitutional question as to whether congress can do so by a resolution not requiring the president's signature. May Feel Out Powers. It was suggested among democratic senators that President Wilson may be asked during the recess to feel out the other powers as to their attitude on reservations, with the idea of bringing the treaty to some sort of a ratification after congress re-assembled.

No Notice to President. In the general excitement the senate failed to follow the time-honored precedent of appointing a committee to wait upon the president and notify him of the senate's intention to adjourn. Resolutions thanking Vice President Marshall and president pro tem Cummings had been prepared, but no action was taken. The senate also adjourned without having read President Wilson's message vetoing the bill of Senator Cummings restoring the interstate commerce commission's rate-making power.

Over the protest of the democratic leaders that the republican majority had failed to make good its pledge to the country to enact real reconstruction legislation, and that they should remain here to carry out their promises, the house by a vote of 56 to 5 adjourned sine die a few hours before the senate quit. And the mileage allowance of the members is safe. After Six Months Grind. The final adjournment of the house came six months to a day after the extra session, the first after the sixty-first congress was called by President Wilson from Paris. In order to make the adjournment possible, President Wilson signed twelve bills and resolutions during the day. The constitution requires that all legislative measures must be approved by the president while congress is in session. Only two of these measures were of national importance. They were the resolution to continue the war trade board's authority over importations of dye products until January 15, next, and the bill providing for the organization of an equipment trust to finance the railroads in reimbursing the government for locomotives and other rolling stock for the roads during federal control.

TOP SUGAR PRICE IS SET

Ten and One-Half Cents a Lb. is Limit Figg Says. Washington.—A maximum wholesale price of ten and one-half cents a pound for all beet sugar at all points in the United States was established by the department of justice. This price was fixed at a lengthy conference between Howard Figg, of Oklahoma City, special assistant to the attorney general in charge of food prices and representatives of the leading beet sugar refiners who had sought an increase over the present price on the ground that they could not make a reasonable profit. Previously beet sugar prices ranged from ten cents a pound in most sections to 10 1/2 cents. It was said that a general order would be issued within a week which would "settle the sugar prices and avoid further misunderstandings." Plans are being considered by the department for the creation of a sugar distributing committee to sit in Chicago and to have complete control of the distributing of all beet sugars. Sugar Profiteers Convicted. New York.—The first sugar profiteering conviction in this federal district was secured when Julius and Charles Roth, commission merchants, were found guilty of selling at 2 1/2 cents a pound, sugar purchased at 9 3/4 cents a pound. Federal Judge Knox intimated that he would send the men to prison. Vatican to Call Consistory. Rome.—The vatican will officially call the next consistory in the middle of December.

Western Newspaper Union News Service. COMING EVENTS. Twenty-second annual convention of the American Mining Congress to be held in St. Louis, Mo., Nov. 17-22. The Red Cross Christmas Seal sale will take place all over the United States from December 1 to 10, 1919. Ten thousand gallons of "moonshine" was the net result of the second day of the department of justice campaign against alleged violators of the wartime prohibition act at Globe, Arizona.

The miners' hospital in Raton, is now undergoing extensive repairs which are nearing completion. The buildings have been entirely repainted and renovated, and new bedding has been supplied in nearly all the rooms. An effort is being made by the Pima Beneficial Play Grounds society to raise in the neighborhood of five thousand dollars to start the ball rolling on the construction of the proposed city park and play grounds in Pima, Arizona. The 10,000 acres of winter wheat produced an average of only 45 bushels per acre, or 450,000 bushels for the state. The crop is of poor quality. There were 190,000 acres of corn planted in New Mexico. Only 75 per cent of this will be harvested for grain. Sixty different towns and postoffices in Arizona are represented at the university this year. Out of the 834 students enrolled, 615 are from Arizona towns. The students coming from smaller places have, of course, received their preparatory work in the high schools of the state, some in the normal schools and others in the preparatory schools of other states. Probably the record for a long distance entry in the Arizona state fair was attained this year by Dulsie, a French fox terrier, brought from Conception, Chile, by her owner, George McMasters, a South American impresario. The dog has traveled approximately 28,000 miles to enter the Arizona state fair. Dulsie comes from a famous South American family of fox terriers.

Donovan Richardson, son of Mrs. Granville A. Richardson of Roswell, N. Mex., has won the Rhode scholarship at Oxford, England, and will sail for that place some time in January. Mr. Richardson is a senior of the University of New Mexico, and is considered unusually fortunate as only 32 candidates can be selected in this country. The examinations are said to be very rigid and Roswell is proud to have this honor won by one of its boys. The new oil well of the Hot Springs Development Association, which is being drilled just south of the Hot Springs, N. Mex., is now down about 300 feet and progressing nicely. A light rig is being used at the present time, but this will soon be changed for a standard outfit which will drill to any desired depth. The company has been fortunate in securing outside capital to such an extent that it is now in a position to continue drilling until oil is found. A conditional pardon has been granted by Governor Larrarzo to Esquivel Cano, who was sentenced from Santa Fe county, N. Mex., on March 9, 1900, to serve a life term for murder. If all of the conditions of the pardon have been complied with up to November 30, 1921, then the conditional pardon will automatically become absolute, carrying restoration to citizenship. Cano is now past 50 years of age, and has made an exemplary record during his stay of more than 19 years in the state penitentiary.

Announcement has been made of the organization of a million dollar mining company in the Kofa district in Arizona. Yuma men and New York capital are backing the new company and it is hoped that soon the company may begin actual work on their mine. The farmers of the Johnson Mesa, near Raton, N. Mex., recently disposed of their entire wheat crop to the Pueblo Milling Company of Pueblo, Colo., through collective bargaining. All the farmers pooled their crop and offered it to the highest bidder, and the Pueblo concern proved to be the highest bidder, offering slightly over \$2 per bushel for the crop. Twenty-one thousand dollars additional for the completion of the Oracle to Apache Camp road was voted on at Tucson, Arizona, at the meeting of the board of supervisors on unofficial advice from the members of the highway commission that the amount will be set aside by the commission for the purpose. The government does not recognize any other body but the board of supervisors, and it asked that the board pay half the additional cost of constructing the road, which will cost \$112,000, on revised estimates. Kee Bitsill, an Indian from the Navajo reservation, who has been in jail in Albuquerque since the first of March, was made a free man when the jury in the Federal court, after hearing the trial returned a verdict of not guilty of murder. Kee was in the court room at the time the verdict was announced but his features showed no emotion when the judge stated that he was discharged. Kee returned to the reservation with Indian Agent Paquette as if nothing had happened, although he was hollow eyed from his long confinement in the jail.

SUNDAY SCHOOL LESSON

LESSON FOR NOVEMBER 30

JESUS TEACHES PETER TRUE GREATNESS. LESSON TEXT—John 12:1-6. GOLDEN TEXT—The Son of Man came not to be ministered unto, but to minister, and to give his life a ransom for many.—Mat. 20:28. ADDITIONAL MATERIAL—Mark 10: 35-45; Rom. 12:3-8; Phil. 2:3-11; 1 Peter, 5:5-11. PRIMARY TOPIC—Jesus Washing the Disciples' Feet. JUNIOR TOPIC—Jesus Taking the Place of a Servant. INTERMEDIATE TOPIC—The Dignity of Common Tasks.

I. Christ's Amazing Love for His Own (vv. 1-3). Jesus was fully conscious of what was upon him. He knew that the cross with all its anguish was just before him. He knew that his disciples would shamefully forsake him in a few hours. He knew that one of that number would be the instrument in the hands of the devil in his betrayal. He knew that all things were in his hands; was fully conscious of his duty. Notwithstanding all this, he displayed patient and unflinching love. He did not withdraw his love from them because of their weakness and the shameful failure which he knew would soon be made manifest. II. Christ Washing His Disciples' Feet (vv. 4-11). This act is symbolic of his amazing love for his disciples. Jesus did not regard his hands as too holy to do this menial service. The true Christian does not allow his rank in society to keep him from acts of lowly service. 1. Steps in this service: (1) He rose from supper, (2) laid aside his garments, (3) took a towel and girded himself, (4) poured water into a basin, (5) washed his disciples' feet, (6) wiped them with a towel where with he was girded. These steps symbolize Christ's entire work of redemption. His rising from supper represents his rising from his place of enjoyment in the heavenly glory; his laying aside his garments, his putting aside his vestiture of majesty (Phil. 2:7, 8); his girding himself, his taking the form of a servant (Phil. 2:7); the water in the basin, his cleansing blood; his washing of their feet, his actual cleansing of men through his Word (John 15:3; Eph. 5:26); his taking his garments again, his return to his place and position of glory. 2. Peter's impetuous ignorance. He goes from one extreme to another. It is in his failure to understand the significance of this service that caused him to behave so strangely. 3. The significance of this service to those who participate in it. (1) It is a spiritual cleansing (v. 8). Fellowship with Jesus is only possible as we are continually cleansed from our sins. "For that is washed needeth not save to wash his feet, but be clean—every whit" (v. 10). The cleansing here is not the washing of regeneration, but that of sanctification. Even regenerate folks need the continual cleansing of Christ's blood in order to have fellowship with him. He that is regenerated—washed in the blood of Christ, symbolized by baptism—does not need a repetition of the act; he only needs the cleansing of sanctification, symbolized by the washing of the feet. As we go through this world after regeneration we are contaminated by its sins. He is willing always to cleanse us of our sins if we allow him. (2) A badge of brotherly affection. This act showed his abandonment to the service of his own. This is a lesson that is much needed today. We need more and more the fullness of brotherly love. This love needs to be manifested so that it may be seen and realized. True love can only be proved by the service it renders. (3) A proof of humility. This is a lesson much needed by us all. The disciples had just been disputing as to who should be the greatest in the kingdom; their selfish ambition was expressing itself. Today, on every hand, we see expressions of pride, vanity, and even arrogance on the part of those who are professed followers of the lowly Jesus. If the Son of God was not ashamed to stoop to lowly service his disciples should not regard it beneath their dignity to follow in his steps. (4) Equalization. As they would thus stoop to serve each other in the name of Christ there would be sure destruction of caste among them. The Spirit of Christ in this service is the great leveler of humanity. III. An Example for Us (vv. 12-16). The disciples of the Lord are under obligation to do unto each other as he did unto them. This obligation rests upon his Lordship (v. 14). All who call him Lord in sincerity will obey him. To refuse to obey him is to put one's self above his Lord. Bearing the Burden. As to the burden, be content to bear it, until thou come to the place of deliverance; for there it will fall from thy back of itself.—Bunyan. Our Troubles. All our troubles come from our sense of separateness from the infinite source.—Orison Swett Marden. Tempting the Devil. The devil tempts us not—'tis we tempt him, beckoning his skill with opportunity.—George Eliot.

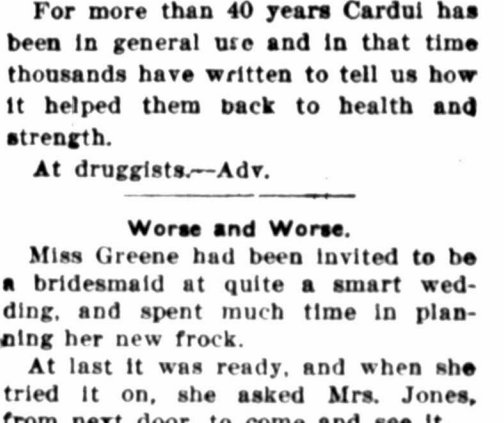

WAS ALMOST DISCOURAGED

Constant Headache and Much Soreness and Pain Nearly Got the Best of This Harrisburg Lady, But Cardui Made Her Well and Strong.

Harrisburg, Ark.—Mrs. J. M. Needham, living near here, states: "When I began working on me I suffered a great deal. I had so much soreness and pain in the lower part of my body I could hardly get up when I was down. I would have severe pains, all across my back, and my sides hurt me all the time. I would have headaches constantly, especially the back of my head and neck. I was almost discouraged with my condition when I thought of Cardui, and decided to see what it would do. I saw an improvement at once after the first bottle. I kept it up and the result was wonderful. I took altogether four bottles. I grew stronger, better appetite, less pain until I was well. I think Cardui is a God-send to suffering women, and I certainly can praise it, and do so. For more than 40 years Cardui has been in general use and in that time thousands have written to tell us how it helped them back to health and strength. At druggists.—Adv. Worse and Worse. Miss Greene had been invited to be a bridesmaid at quite a smart wedding, and spent much time in planning her new frock. At last it was ready, and when she tried it on, she asked Mrs. Jones, from next door, to come and see it. "It's sweet, my dear!" said the good lady admiringly. "And certainly you look a lady, whatever you are." Mrs. Greene's face told her she had made a mistake, so she corrected herself hurriedly: "No, I mean you are a lady, whatever you look!"—London Answers.

WHEN KIDNEYS ACT TOO OFTEN

If bothered with that form of kidney trouble which causes too frequent or excessive passage of urine, don't expect relief from medicines that are intended for common kidney complaint. These remedies generally are intended to increase kidney action. Liquid Shu Make should always be used where the kidneys are over active during the day or at night. It is not a cure for all forms of kidney trouble, but is intended for over-activity of the kidneys of both children and adults alike, especially for children bothered with kidney action at night. Ask any druggist for Liquid Shu Make or enclose sixty cents to the Shumaker Remedy Company, Fort Worth, Texas, for a bottle by return mail.—Adv. Unforgivable. PORTALES, NEW MEXICO

STRONG LINE-UP FOR SALE OF XMAS SEALS

\$60,000 IS GOAL OF CAMPAIGN FROM DECEMBER 1 TO 10

Ninety-one Per Cent of Money to Stay in State for Public Health Work —Pankey Is State Chairman.

With the coming of December 1, one of the most complete sets of machinery ever erected in the state of New Mexico will be set into motion to raise \$60,000 for public health work within this state. Headed by Lieut.-Gov. B. F. Pankey, state chairman of the drive, there is a force of twenty-nine county chairmen, 1,500 precinct chairmen and several thousand workers ready to make a thorough canvass to secure the money necessary to carry out a broad program of health protection during the year of 1920.

The chief medium for raising the money will be the sale of Red Cross Christmas seals. These tiny emblems of holiday cheer have been sold in New Mexico for the past eight years. This year, the New Mexico Public Health Association, state agent for the seals, hopes to achieve a sale which is greater than all the other years combined. Seven million seals are being prepared at state headquarters in Albuquerque for distribution over New Mexico. These are to be sold at a cent apiece, "a penny's worth of prevention and cure."

Money Stays in State.

In addition to being the greatest sale in the history of the state, the 1919 campaign is notable in that 91 per cent of the money raised will remain within the state, the remainder going to defray administrative purposes and to assist the National Tuberculosis Association in its vigorous warfare against tuberculosis in all parts of the country.

The health program which the association has outlined consists first of the employment of six public health nurses who would be available for demonstrations of home care of the sick and would be able to direct all nursing work during an epidemic, such as the influenza outbreak of last winter. They would also direct surveys to find the health assets of the state. They could be mobilized at any point to meet a localized epidemic. One would be a specialist in school work and would be in charge of the Modern Health Crusade which is financed entirely by the association. Another would be detailed to follow up New Mexico soldiers, sailors and marines who were discharged or rejected from the service for physical defects.

Lecturers On Broad Program.

The employment of two full-time lecturers is included in the broad program. One would work principally in Spanish-speaking communities and would give lectures in Spanish with illustrations to show methods of safeguarding health. The other would lecture only in English. Provision is made for educational work, for the distribution of suitable literature in all necessary languages and for financing the Modern Health Crusade. The portion of money which will be spent for administrative salaries is eight per cent of the total, much below the usual figure in work of this kind.

The drive is to open December 1 and continue ten days. Special services in a number of churches on Sunday, November 30, will signalize the launching of the campaign. Slides in motion picture theaters throughout the state will show the progress of the Christmas seal sale over New Mexico.

THE STAND FOR HEALTH

The desultory fighting against tuberculosis and other preventable diseases must give way to concentrated effort. The story of the ants who carried away a mountain is too familiar to need repetition. We know the wisdom of a united stand.

War records show that out of every 1,000 men of draft age examined, 24 were rejected because of tuberculosis. New Mexico had its share of rejections from this cause. Nearly three hundred boys from this state were sent home from camp because of a tubercular condition. Not a county in the state escaped. Those rejected were not mainly descendants of men or women who came to the state already infected. Many were born and raised here. Their names were Jones and Armijo and Smith and Lucero. Tuberculosis is no respecter of ancestry.

There is little sentiment in the call of the New Mexico Public Health Association for \$60,000 with which to fight preventable disease, teach health in the schools, and lay a basis for a stronger, more vigorous citizenship. Good business sense demands better health.

Money has been given for bankrupt Europe, for bleeding Belgium, for starving Serbia. Is it not time to realize that charity best begins at home? Ninety-one per cent of the money raised between December 1 and 10 remains within New Mexico for this task: to prevent tuberculosis. It does double duty. It builds for generations to come. It does triple duty: Each Red Cross Christmas seal carries a message of hope, of cheer, of "peace on earth, good will toward men" to any part of any country. Each seal is a penny's worth of prevention and cure. Buy seals liberally; join the fight for better health in New Mexico.

THE FORD SEDAN is one of the most attractive and desirable Closed Cars on the market. It is a roomy, five passenger car, finely upholstered. Doors of generous size, heavy plate glass sliding panels in doors and side windows. When windows are raised it is both dust and water proof, when lowered it has all the airiness of an open car. It has the latest type ventilating windshield, Electric Starter and Lighting System, Demountable Rims, Timkin Roller Bearings.

It has all the stability, dependability of the regular Ford Car, yet you can go with comfort and satisfaction regardless of New Mexico weather. Place your order and we will make early delivery.

BRACE UP!

Do you feel old before your time? Is your back bent and stiff? Do you suffer urinary disorders? Don't despair—profit by Portales experiences. Portales people recommend Doan's Kidney Pills. Here's a Portales resident's statement.

Mrs. C. M. Dobbs says: "I was troubled a great deal with my kidneys about four years ago. I had headaches and dizzy nervous spells bothered me frequently. Every time I tried to bend over sharp pains caught me in my back and I could hardly straighten up. I felt miserable when I bought Doan's Kidney Pills at the Portales Drug Store and used them. This medicine removed the complaint quickly and I soon felt like

a different person. I have used Doan's Kidney Pills since as a kidney regulator and they have kept my kidneys in good condition."
