## CONSTITUTIONAL AMENDMENTS

Every citizen of Roosevelt county should study the constitutional amendments which will be submitted to the voters of New Mexico on September 20 1921. These amendments may effect the governing reins of the state considerably in the future and now is your time to take a stand on the proposition. If you do not read them you cannot vote intelligently. They will all be published in the Portales Valley News issue of August 25th.

### BAPTIST MEETING IN PORTALES AUG. 17

Wednesday of next week the Portales Baptist Association will be in session at Portales. A good attendance is in prospect, and the town will have the opportunity to do herself proud in the way of entertainment of the visitors.

This association will last for two or three days and delegates and visitors from various parts of the state will be in attendance. The Portales Valley News extends to the visiting Baptists and their friends every courtesy of the office.

### WELL PLEASSED WITH CROP SHOWINGS HERE

Forest Bailey and others, of Hollis Oklahoma are in the county prospecting this week. They have been looking over the country out Redland way, and are very favorably impressed with the agricultural showings in that section of the county.

### THE FORT SUMNER GAMES

The ball games at Fort Sumner last Friday and Saturday between Portales and Fort Sumner were good games on both days.

The Friday game resulted in a score of 6 to 4 in favor of Fort Sumner and Saturday's game was won by Portales by a score of 5 to 4.

The Portales boys say that the Fort Sumner diamond was in bad shape, being deep in sand.

### IMPROVEMENTS IN FLOYD DISTRICT

J. I. Jones is hauling out the lumber for a two-room addition to his residence.

Flue Anderson has completed a 32-foot addition with porches, to his residence property in the Floyd district.

### COUNTY BOARD OF EDUCATION MEETS

On Tuesday of this week the County Board of Education met in Portales, with E. J. Stratton, L. M. Carmichael and Superintendent Palm present. No business of importance was transacted. Board adjourned to meet again on August 15th.

## 15 Burn to Death In Train; Freight Derails, Oil Ignites

HOUSTON, Tex., Aug. 8.—Fifteen persons are thought to have been burned to death when fast train number 32, Gulf Coast Lines eastbound freight from Houston to New Orleans, while running 25 miles an hour plunged into Clear Creek, about twenty miles east of DeQuincy, La., shortly before noon Monday. Seventeen cars were derailed, including thirteen cars of oil and gas which caught fire. The heat was so intense that it is impossible to fight the flames with the only means available which is by bucket brigade. The flames were still raging late Monday night and it was

### FANCY SILK SHIRTS, SPORTY SOCKS, LOUD CRAVATS ARE DOOMED

CHICAGO, Aug. 8.—The fancy silk shirts, sporty socks and loud expensive cravats are doomed to give way to cotton, lisle and plain knitted goods, because men are slashing their clothing bills, haberdashers today told the board of review when questioned about their personal property taxes.

"Most of the dealers say that the value of their stocks is decreasing because the public is demanding a cheaper grade of goods said a member of the board. "Instead of silk shirts the public is buying cotton ones; plain socks are sought in preference to fancy ones. "One haberdashery reported a shrinkage of stock from \$25,000 to \$5,000 in less than a year."

### MISS BONNIE BELL TAYLOR ENTERTAINS

On Wednesday night of this week Miss Bonnie Bell Taylor entertained a number of her young friends with a party at the home of her father, C. M. Taylor. The entertainment was in honor of her two cousins who are visiting her.

In spite of the threatening weather a good crowd enjoyed the hospitality of Miss Bonnie Bell, and the evening was spent in games to the enjoyment of all. About 10 o'clock refreshments consisting of ice cream and cake were served.

### ROGERS VS. CLOVIS

Last Sunday the Rogers team played the Clovis Shop team at Clovis with the result of 4 to 2 in favor of Clovis.

### THE CLOVIS ROUND-UP

The Clovis Round-Up which was scheduled to take place on July 4 but which was rained out, will be pulled off on August 18, 19 and 20. Announcement of this event will be found elsewhere in this paper. This promises to be a bigger event than first planned for, and many Roosevelt county people will visit Clovis on that day.

### REVIVAL AT FLOYD

On last Sunday night Rev. Vada Davis began a revival at Floyd. Good crowds have been in attendance throughout the week, and much interest is being shown in the services.

### COTTON CROP OUT IN HALF

OKLAHOMA CITY, Aug. 9.—Oklahoma's 1921 cotton crop will amount to less than half of last year's production, according to establishments contained in the August crop report made public here today by the State Board of Agriculture, which announced that this season's crop would amount to approximately 550,000 bales.

## PORTALES TO BE OIL CENTER In Spite of Blue Sky Law, the City of Portales May Make Sensational Oil Strike.

For the past few weeks the city water has had a very disagreeable oil taste. It was thought that this came from oil in making joints by the repair crew on the city mains. However, this was becoming so disagreeable that the storage reservoir was ordered emptied and cleaned out. This work took place Wednesday morning of this week, and after washing it out the pumps were started and the water was found to be oilier than ever. In fact it tastes oily and looks oily.

Geo. F. Williams, manager of the water and power plant, stated to a News representative that the oil did not come from the mains, but was being pumped from the bottom of the well, and that it was becoming stronger every minute.

It is possible that a lake of oil has broke into the water supply from which the Portales Valley is supplied. If this be the case, Portales may become one of the most sensational oil fields in the west. Every effort will be made to solve the problem and determine the source of this oil pressure.

Thursday morning Geo. F. Williams, manager of the city power plant drew off a can of oil from the city well. This oil was tested by two oil men and pronounced a high grade oil with paraffin base.

Later City Attorney Morgan went down to the power plant and drew off a quart bottle of the oil which will be sent to the state chemist for analysis.

The well from which the city water is taken is cased down to the third strata of water, casing off entirely the first and second stratas, thus if the oil is a seepage from above it must pass through two stratas of water before it can get into the well.

Oil now stands several inches in the casing above the water.

Shallow wells in the town are not affected, but wells which reach the third strata of water have reported oil in several instances.

Superintendent Palm was out in the Eiland neighborhood Wednesday, and stopped for a drink at a deep well where an irrigation pump was at work, and found the water so pregnated with oil that he could hardly drink it.

There is an exhibition at the News office a small vial of this oil which was drawn from the city well.

## DEMOCRATIC CONVENTION

### GOVERNOR SMALL ARRESTED AT LAST

SPRINGFIELD Ill., Aug. 9.—Governor Len Small of Illinois, after resisting arrests on indictments charging embezzlement and conspiracy for three weeks on the plea of executive immunity or that "the king can do no wrong" as stated by his counsel, today finally submitted to Sheriff Mester after the latter had besieged the state capital with deputies for several hours.

At the county convention of democrats to be held in Portales Monday the 15th, 13 citizens of Roosevelt county will be granted the privilege to attend the state convention at Albuquerque on the 18th of August. Delegates to the state convention will be granted the privilege of paying their own expenses and allowed to travel by pullman or special train as they see fit.

A full delegation should be out Monday, as the delegates to the state convention will nominate a democratic candidate for United States Senator.

## Roosevelt-Curry County Teachers Institute

The Teachers' Institute for the counties of Roosevelt and Curry will be held in Portales on August 29th to September 2nd. A large attendance from both counties will be here and an interesting program is in preparation. A number of noted speakers will

### BRONC RIDERS AND STEER ROPERS ARE COMING

C. H. Spriggs passed through Portales last Saturday on his way home from Kansas City, where he had been with a shipment of cattle. Charley says that he will round up a bunch of busters and ropers from the ranches below Kenna, and contest for the championship at the Floyd picnic Friday. There are some good riders on the ranches around Kenna and they will give the people a real show.

## MASS MEETING

A mass meeting of the patrons of Portales Consolidated School District No. 1, will be held Monday night, August 15th, at the court house, 8 p. m. The commercial club and Wo-

### TWO PROMINENT STOCK-MEN WILL LOCATE IN GOOD SCHOOL TOWN

This week a prominent Roosevelt county stockman stated that he and one of his neighbors were contemplating moving to either Portales or Roswell for school advantages next year. He further stated that Portales would not be considered if the move for better school buildings failed to carry. This will be the verdict of many more when looking for a new location.

### BUSINESS IS ON UP GRADE SAYS N. Y. FINANCIER

Industrial Recovery Has Started; Eastern Banks are Competing Again With Surplus Funds, Claim.

WASHINGTON, Aug. 8.—Industrial recovery has started now that eastern banks are competing again with surplus funds, Benjamin Strong, governor of the New York federal reserve bank, said today before a congressional commission investigating credit control. He blamed the past inflation on the war and said it was necessary to finance the world conflict but denied there had been any discrimination against agricultural interests at any time.

Expansion in order to stimulate production was necessary if the war could not be financed out of the people's savings, he said.

Now, he continued: "These movements go in cycles, and we have now entered the cycle of recovery."

"We find industries first checked, first resumed," he said. "Redevelopment rates in New York have been reduced but not in western districts like Kansas City and Minneapolis."

"Why?" Chairman Anderson asked.

"I believe that the expansion which took place in the western and southern districts is still a marked factor in the banking position," Governor Strong replied. "That competition to lend which has developed so early in New York is not so apparent there yet."

### REPUBLICANS ELECT DELEGATES TO THE STATE CONVENTION

The Republicans of Roosevelt county met in convention at the court house in Portales Wednesday evening at 2 o'clock and selected delegates to the state convention for the purpose of nominating a United States Senator.

The following delegates were chosen: T. J. Molinari, Gov. W. E. Lindsey, W. H. Ball and Mrs. W. H. Ball, all of Portales; S. F. Anderson of Rogers, and F. G. Forrest of Tolar.

W. J. Watson of the Richland community was in town Tuesday on business.

## G. O. P. In Favor Repealing Excess Profits Taxation

WASHINGTON, Aug. 9.—Reductions of approximately \$600,000,000 in taxes and \$520,000,000 in government expenditures this fiscal year were agreed upon late today at a conference between President Harding, Secretary Mellon and Republican leaders of the House of Representatives, including members of the ways and means committee.

Specific tax reduction on which it was announced agreements was reached included:

Repeal of the excess profits tax, retroactive to last January 1, \$45,000,000.

Repeal of the higher income surtaxes, retroactive to last January 1, \$130,000,000.

Repeal of the higher income surtaxes, retrospective to last January 1, \$90,000,000.

Repeal of the so-called nuisance and clothing luxury taxes \$50,000,000.

As an offset against this cut of \$720,000,000 it was agreed to increase the income tax on corporations by probably 2½ per cent instead of five per cent as heretofore proposed effective as of last January 1, to yield an additional \$125,000,000.

Wednesday night about eight o'clock lightning struck a tent at the north camp of the Atlas Construction Co., between Portales and Clovis, instantly killing Corber Webster, and burning Foy Jones on the left shoulder.

The tent was occupied by nine men employed on the construction of the Portales-Clovis highway.

Webster was a new man who went out to the works Wednesday afternoon to drive a team for Charley Toler. He came here about two weeks ago from Albany Oklahoma, and was staying at the home of his aunt, Mrs. Beal, who lives on the old Mose Jones place west of town.

The tent was leaking and Webster stepped on the iron railing of the bed to pull his bedding from under the leak, when the lightning struck. He was struck on the left side of the head, and the lightning running down the left side and burning in the formation of an arborvitae leaf. From the left thigh the burn ran up showing that the current from the iron bed was also carried into his body.

Foy Jones, son of J. I. Jones of Floyd was standing by his side, and was knocked unconscious by the bolt, and suffered burns on the left shoulder, and as Webster fell he fell across Jones. One man who was sitting in the door of the tent was knocked clear out of the tent. All were shocked more or less.

Foy Jones says that he was unconscious for about fifteen minutes and that when he came to he had a feeling as if a strong current was running through his body. While his burns are not serious, he was still showing the effects of the shock Thursday morning.

The remains of Webster will be shipped to Albany, Okla., for burial Friday morning.

### KENNA MERCHANT SAYS GOOD SCHOOLS WILL PAY IN ANY COMMUNITY

In conversation with L. C. Denton, the Kenna merchant, who was a Portales visitor Wednesday, Mr. Denton said that good schools and school buildings would pay in any community, and that the people should not stand back on the initial cost. He was discussing the bond issue for the Portales High school building.

William Riley of Republic, Mo., arrived Monday for an extended visit in the home of his son, John Riley.

**AMERICAN LEGION WEEKLY LETTER**

With the banner of the national commander of the American Legion fluttering at her masthead above the flags of all nations, the liner George Washington sailed from Hoboken Wednesday bearing a party of 250 members of the Legion who will revisit the old battle scenes of France as guests of the French government. The party will land at Cherbourg and will spend three weeks in France, returning to the United States about September 15. The pilgrimage is headed by John G. Emery, national commander of the Legion and among the delegates representing every state department of the veterans' organization are Henry D. Lindsley, of Texas, and Franklin D'Olier, of Philadelphia, past national commanders.

The state federation of labor in Oklahoma has invited the American Legion to send representatives to its next convention. Courtland M. Faquay, national executive committeeman from Oklahoma, will represent the Legion. "The organizations are working to advance the same fundamental principles and the cementing of the friendship will add strength to both," said Edgar Fenton, head of the state labor organization.

General Baron Jaques of Belgium, who has accepted the invitation of the American Legion to come to this country for its third annual convention at Kansas City October 31 to November 2, was commander-in-chief of the Belgian forces during a great part of the world war and at different times was in direct command of American forces serving with the Belgians.

As a result of representations made to the United States Civil Service Commission by the National Legislative Committee of the American Legion, disabled veterans of the world war, who have undergone training by the Federal Board for Vocational Education, will be allowed to enter examination for any government position for which they have been trained if application is made within sixty days after completion of training.

**IN EVERY NEIGHBORHOOD THERE ARE TWO KINDS OF PEOPLE—LIFE-GIVERS AND LIFE-TAKERS**

**To Which Do You Belong?**  
In every neighborhood there are two kinds of people: Life-givers and Life-takers.  
The life-givers are those who make us feel better, who enrich our lives by what they say and do, whom we welcome because the world looks more beautiful and contains more happiness when we see it through their eyes.  
The life-takers are the pessimistic trouble-making, gossiping, joy-destroying persons who go about spreading bad news about persons and things.  
Each of us belong in one of these classes. Where do our associates place you and me?—Tom Drier's Anvil.

**RAGS WANTED!**  
Will pay 5c per pound for good, clean, white, cotton rags. Bring them to the News Office.

**WHAT WE PAY LAWYERS FOR**

John Hays Hammond, the millionaire mining engineer, was once represented in a civil suit by an attorney who made a brilliant success of mixing everything up and losing the case.  
"There are," said Hammond disgustedly, "some people who think we pay lawyers for what they know. A tragic mistake! We pay them for a highly developed genius for saying commonplace things in unintelligible English—if it is English.  
"For instance, when I want to give you an orange, I say simply 'I give you an orange.' But, if you asked a lawyer to make a record of it, he would look wise, figure how much he could charge you and collect, retire to a richly upholstered office, and, after the expiration of days or weeks, re-appears with a document reading like this:  
"I hereby give and convey to you, all and singular, my estate and interests, right, title, claim, and advantages of and in said orange, together with all its rind, juice, pulp, and pits, and all rights and advantages therein, with full power to bite, cut, suck and otherwise eat the same, or give the same away with or without the rind, skin, juice, pulp, or pits, anything hereinbefore or hereinafter or in any other deed, or deeds, instrument or instruments of whatever nature or kind soever to the contrary in any wise notwithstanding."—Popular Magazine.

**AN IDEAL DAIRY FARM.**  
Visitors to Floyd community would do well to visit the modern farm of J. F. Morgan. Here you will find dairying on attractive plans. Mr. Morgan has recently installed a milking machine, which is operated by power, thus taking the drudgery out of the dairying business. Mr. Morgan also has the largest apple orchard in the county.

**Floyd Shuts Out Portales.**  
Floyd has a real base ball team too. In the game between Floyd and Portales last Saturday, Portales was shut out, score 13 to 0. Some record for the boys of the tall grass. Jess Dodgin is the pitcher for Floyd.

**WISE TO SISTER.**  
Melissa's little brother was entertaining the young man who had just called.  
"Look here," he said suddenly. "Are you goin' to propose to my sister tonight?"  
"Why, I-er-er-what do you mean," asked the youth, with some agitation.  
"Oh, notin'; only, if you are, you aren't a-goin' to surprise her. She's bribed me to go to bed at half past seven. She's hung four Cupid pictures on the drawing room wall, got ma and pa to promise to go callin' next door, and has shut the dog in the cellar. You'll get her all right; only if she starts talkin' 'bout its bein' sudden, tell her it don't work with you. See"

**HARRY C. MILLER, ATTORNEY OF ELPASO, ARRESTED IN DENVER; SMUGGLING NARCOTICS CHARGE**

DENVER, Colo., Aug. 7.—Harry C. Miller, attorney of El Paso, Texas, arrested here yesterday following the confiscation of \$5,000 worth of narcotics will be given a preliminary hearing before United States Commissioner Robert E. Foot Friday morning.  
Miller is charged with purchasing narcotics in Mexico and smuggling them across the international boundary into the United States. Two alleged accomplices are also being held by the police.  
Miller maintained his innocence of the charges in a statement yesterday, and demanded that he be given an immediate hearing before the United States commissioner.  
The narcotics were seized in a downtown barber shop, where Miller is alleged to have removed them, by federal officers yesterday. His arrest at a hotel followed.  
In default of \$2,500 bond Miller was remanded to jail to await the preliminary hearing.

**HOUSEHOLD HINTS**  
The amount of food needed by each individual depends upon the climate, and the age, size, occupation and physical condition of the individual.  
Now is the time to think about the exhibit of canned vegetables, fruits and jellies for the Fair. Much depends on the appearance of the package. The jar should be full, the contents of a uniform size, the color and shape as nearly that of the fresh product as possible, all blemishes removed and no pieces floating around, or ragged edges observed. All jellies should be Jelly, not butter or syrup. Good jelly when taken up on a spoon will hold its shape and quiver, yet the cut edge will show a sharp cleavage. The jelly, when held to the light, will be sparkling, not dark colored and cloudy. Jelly is often spoiled by

the use of too much sugar. Never use more than 3/4 cup of sugar to one cup of juice. It is best to concentrate the juice by boiling it. The process may be hastened by heating the sugar by placing it in a pan in the oven or setting it over steam. After the hot sugar is added, cook quickly. Jelly should be made in small quantities not more than from four to six glasses at a time. Jelly should be placed in standard jelly glasses and when covered with hot paraffin, and a tight fitting metal cover or a piece of heavy paper should be placed over to keep the dust out. A small, neatly written or printed label should be placed near the lower edge of the glass, showing the date made, as well as the name.  
Plan simple meals that will

daily meet all the needs of the body of every member of the family.  
**ONE YEAR'S RECORD FOR GUERNSEY COW**  
Lone Pine Lady Evelyn 83845, a Guernsey cow owned by the New Mexico College of Agriculture, has recently completed a 365 day record in which she produced 859.1 pounds of milk and 482 pounds of butter fat. This amount of butter fat is equivalent to 602.5 pounds of butter, containing 80 per cent fat. Lady Evelyn made this record as a junior two year old, being two years old in March and freshing in June.  
In the month of October she was shipped to the College from

Lone Pine Farm, Angus, Wisconsin. Very soon after reaching the College she was producing within 5 to 6 pounds of her daily yield just prior to shipment and her daily production for the last 8 days was only a fraction over 6 pounds less than her production just before leaving Wisconsin.  
This indicates that under proper care the conditions in New Mexico are not less favorable for milk production than elsewhere.  
**Not Very Active.**  
"You say your husband is behind the times?" asked a neighbor.  
"Well," replied the tired looking wife, "when he isn't behind the Times he's usually behind some other paper."

# ROOSEVELT COUNTY ORGANIZES BROOM CORN GROWERS ASSOCIATION

"There isn't any broom corn raised in New Mexico," asserted C. A. McNabb, marketing specialist of the State Agricultural College, at the general meeting of broom corn growers of Roosevelt county, held last Tuesday afternoon at the Portales court house.

"You haven't raised broom corn, you have raised and put on the market trash, and you must improve the grade before you can hope to sell to advantage, either cooperatively or otherwise."

An important feature of the by-laws adopted at the close of the meeting was one bearing on the subject of grading and proper handling of the crop. A pooling system, based on time of sale and the grade, will be worked out by the newly organized association, and a clause embodied in the by-laws forces each member to uphold the grade of corn. The truth is generally understood among farmers that before they accomplish anything in the way of marketing they will have to produce what the

market wants and put it up in the way the market demands.

Fifty growers, representing every broom corn district of Roosevelt county, were present at the meeting which was called in the interest of the organization of a cooperative marketing association. The communities represented were: Richland, Rogers, Causey, Plainview, Dora, Garrison, and Floyd. Before the afternoon was over, eight hundred and sixty-two acres were signed by growers to a contract which will become in force when an agreed percentage of the total acreage is on the list. Others who were unable to attend the meeting had before the meeting stated that they are willing to sign.

For some time the broom corn growers have felt that concerted effort on their part in the marketing of the crop is necessary if they are to prosper. A turn out of one-third of the total number of growers, with some coming in from points 35 miles distant indicates that the need and desire for the organization is great. The unhesitating response of almost all present when asked if they were willing to sign a contract with the association was a surprise to those who have been working in the interest of the proposition for the past few weeks.

The meeting last Tuesday was called after a preliminary general meeting at Portales and had been held July 25th and eight local meetings following that date. At the first general meeting the general plan of the organization was outlined and it was decided that the organization should be moulded after the plan of the Portales Valley Sweet Potato Growers' Association, with its control resting with the members themselves through a board of directors elected from the broom corn growers. A knowledge of the by-laws and a contract as proposed for and adopted by the association is widely spread, copies having been circulated in all communities. From every angle the association will be grounded on a firm business basis. It provides for a method of holding the members to their contracts, thereby doing away with the danger commonly besetting organizations formed by a loose and vague understanding. It provides for the bonding of those charged with the funds of the association and it carefully provides for the keeping of control in the hands of the growers themselves. Over half the necessary acreage was signed within fifteen minutes Tuesday afternoon. A drive for the additional acreage is at present in force and a meeting for the election of directors will be called in the near future. Ample notice will be given all members by individual notice.

## EX-POLICE CHIEF TO ROCK PILE FOR BEATING HIS WIFE

The following from a Breckenridge, Texas, paper will be of interest to many of the readers of the News, as Mr. Parrish was formerly a citizen of Portales:

Byron B. Parrish, former chief of Police at Ranger, was fined \$200 and costs for assault and battery of his wife, after a trial in Justice Castleman's court yesterday afternoon. The former Ranger official had no money to pay his fine and was sent to the county rock crusher four miles east of town late yesterday.

Parrish was connected with the Ranger police department more than a year. He was mounted officer for awhile and was later appointed chief of police, a position he held for eight months. During his term of office indictments were returned against him in connection with alleged illicit traffic in liquor.

In the spring of 1920 he was ousted by the commission. He went to Oklahoma, and was seriously injured in a shooting affray near Ardmore, losing the sight of one eye.

Since coming to Breckenridge he has been in jail twice for alleged drunkenness. He was arrested a few days ago on complaint that he beat his wife, who was the mother of a babe three days old at the time of the alleged assault.

Parrish was formerly in the state ranger service. He has been a peace officer the greater part of twenty years. It is believed that a few weeks on the rock pile may put him in physical condition to withstand the temptation of wined liquors and "dope."

## WHEN EVERY MOVE HURTS

Lame every morning, achy and stiff all day, worse when its damp or chilly? Suspect your kidneys and try the remedy your neighbors use. Ask your neighbor.

Mrs. Carl S. Turner, Portales, says: "I suffered from an awful weakness in my back. I hope I never feel like that again. Every time I tried to bend over sharp pains caught me in my back and I could hardly straighten up. My kidneys were in a bad condition, too, and I suffered with dizzy spells. I read of Doan's Kidney Pills and tried them. Doan's soon helped me and before long completely cured me of kidney complaint."

## CHAMIZA VALUABLE FOR MAINTAINING CATTLE

Chemical analyses recently made at the New Mexico Agricultural Experiment Station shows the leaves, stems and seed pods of chamiza to be .05 of one per cent higher in crude protein, .2 of one per cent lower in fat, 2.9 per cent higher in nitrogen-free extract, and 3.57 per cent higher in crude fiber than fresh alfalfa. In other words, as far as nutrients are concerned, the fresh green alfalfa has no advantage over the green leaves and stems and the seed pods of the chamiza. The dried chamiza leaves are over two per cent higher in crude protein, .25 per cent higher in fat, over three per cent higher in nitrogen-free extract, and have less than half as much crude fiber as alfalfa hay. They have 18.94 per cent of crude protein or only 4 or 5 per cent less than dry pinto beans. A digestion trial now is under way at the Experiment station, to determine the percentage of the various nutrients that are digested by range steers.

For some reason that is not thoroughly understood, chamiza is poisonous to sheep; the losses appearing to be heavier during the spring and early summer than at other times.

Bulletin No. 125, giving details of an experiment conducted during the past year with range cows on chamiza pasture, is now ready for distribution and a copy may be secured without charge, by anyone interested, by addressing the Experiment Station at State College, New Mexico.

## WAS HE HUNGRY?

Speaking of church programs, which are usually furnished to churches by printers altogether too cheaply, a progressive says they are nearly always done in a rush, the preacher man waits until the last minute to hand in his copy and his writing is usually patterned after Horace Greeley's. A Chicago preacher intended to write for his text: "Be ye steadfast." The printer translated the hieroglyphics: "Be ye there for breakfast."—Ex.

TALK ABOUT dime novels. THEY SENT Jim down. TO TEXAS to investigate. SOME OIL wells there. WHICH THEY might buy. IF JIM said O.K. AND HE was to report. BY WIRE in secret code. NOW—ENTER the villain. A SLIPPERY crook. GOT WIND of it. AND TRAILED Jim down. COPIED OFF his code. AND BRIBED a boob. IN THE telegraph branch. SO THE crook could get. THE EARLIEST word. AND CORNER stock. AND WORK a hold-up. IT LOOKED like easy coin. BUT JIM got wise.

AND THREW away his code. AND WHEN he sent. THE FINAL dope. HE FOILED the villain. THE MESSAGE just said. "CHESTERFIELD." AND HIS directors knew. THAT ALL was well. WITH THOSE oil wells. FOR OIL men know. THAT "CHESTERFIELD" means. "THEY SATISFY."

YOU'LL know you've "struck it rich" when you discover Chesterfields. You'll say "they satisfy." A wonderful blend—the pick of Turkish and Domestic tobaccos—put together in the Chesterfield way—that's why "they satisfy." And the Chesterfield blend can not be copied!

DEMOCRATIC IN POLITICS

"Believe in your organization, dream of your organization, talk your organization, interest others of your organization and it is bound to be a success." The above by C. A. McNabb in an address to the Roosevelt county broom corn growers Tuesday afternoon, is the key to the situation of any enterprise, whether it be cooperative, municipal or state. If a body of men band themselves together for a certain purpose and follow this plan it cannot help but be a success. The broom corn growers of Roosevelt county will do their part to put the county on a solid financial basis and will develop the country to a higher standard than heretofore dreamed of.

W. L. Elser, assistant county agent leader for New Mexico, came in Wednesday and will spend several days with County Agent Will. Mr. Elser speaks very encouraging of the farming outlook for New Mexico. He says that with summer fallow to restore the land that wheat farming can be successfully carried on in this part of the state. But he does not approve of any one crop system. He says that every farm should contain a few dairy cattle to help over a pinch. He also states that without the proper conservation of the soil, a grain crop will soon wear it out till fertilizers will have to be used.

A citizen of Portales was heard to remark the other day that owing to the tightness of money matters it would not be advisable to vote for the high school bonds at the present time. These bonds will mature thirty years from now and will work no hardship on you at the present at all, unless you bring such a rush of new money that you will be compelled to help build houses to take care of them. The bond issue will make Portales and District No. 1, or its defeat will put back in the class of the rural villages. What are you going to do on August 27?

Don't forget the school bond election for Portales school district on Saturday, August 27. This is the day for you to decide whether Portales makes a village or remains a village. Better schools means better citizens, and better citizens means better government and lower taxes.

In this issue will be found the annual announcement of the University of New Mexico. Every citizen of the state should feel an interest in the success of the State University and should lend their aid to make it the greatest institution of learning in the west.

Farmers Looking for Hogs. For the past few days farmers from all over the country have been on the hunt for hogs to fatten. Roosevelt county will be a real hog center in a short while.

Democratic precinct conventions will be held over Roosevelt county on Saturday and the county convention will be held at Portales on Monday, the 15th. At this meeting delegates to the state convention will be selected.

Prospectors are awaiting the results of the school bond election in Portales before deciding to locate. Give the children a chance to become better citizens.

Not many towns can boast of a municipal oil well. But Portales is here with the goods. Ever long the motorist will fill his gas tank from his garden hose.

KNOCKERS, BEWARE! Don't be a knocker on Canyon. Satan was once an angel in heaven. He knocked on his surroundings. Now look where he is. The same thing might happen to you. -Randall co., (Tex.) News.

Elsewhere in this issue will be found a call for a mass meeting at the court house for Monday night, August 15th, for the purpose of organizing for the High school bond election which is called for the 27th of this month. Every citizen of the Portales Consolidated district which has the welfare of the county at heart should be present. This High school bond election at this time will work no hardship on any one, and will put considerable money in circulation at the time it will do the most good to the people of the county. This is a move which will give the patrons of the districts coming in a school which it would be impossible for them to have alone. It will give Portales a school which it would be impossible for her, to have alone. Here is where unity will give Roosevelt county the best school plant in the state. Here is an opportunity for the farmers of Roosevelt county to obtain the highest educational advantages for their children. Here is an opportunity to attract the best class of citizenship to our county. Come out to the mass meeting Monday night and lend your moral support to this move for better education.

DID YOU SEE THEM? Parked on Polk street Saturday evening was a coupe car in which were two young men and two young women the latter seated upon the laps of the former.

No, they were not married, nor were they brothers and sisters. They were sons and daughters of some fathers and mothers, and therefore entitled to care they were not receiving, from society as a whole, as well as from their parents, or guardians.

Did you see them? They were not difficult to see, nor were they seemingly embarrassed by reason of their attitude out there on the city's most prominent street! If these girls had been your girls instead of the girls of some other parents, what would be your attitude about it?

While Amarillo has no monopoly on it, there is a polite laxity of moral attitude and standards here, that is detrimental to the best interests of society. This is largely a result of the prevailing of a fact: "What's everybody's business is no body's business." Men and women will not feel burdened by responsibility for young people, outside of their own families. It is not necessary that reference should be made to the undesirable psychological effect of such action as young people sitting on each other's laps, when both sexes are involved. Men and women know the evils of this character of conduct, and they likewise know that is should be stopped in the interest of the individuals involved, and in the interest of society at large.

When reference is made to an incident on Polk street, let it be known that while this is a fact, and not a fanciful sketch, it is by no means an isolated case. On other streets, on the country road on the inside of fenced enclosures in close proximity to, and in points more remote from the city, these things are witnessed, and always to the detriment of the community.

Girls of tender years, mere children who are not out of the grades in the schools in some instances, it is reported, dress and deport themselves in manner formerly attributed to hardened, brazen women of the street, with carmined lips, rouged cheeks, with betweezered eyebrows, with frowzed hair, with the swagger and daring attributes of the public characters invite attention of the coarser, grosser members of the opposite sex. In view of these facts, and they are facts, and only part of the more repellent facts at that, what are the parents, the teachers, the ministers, the publicists going to do about it?

Yes, we must admit that this is not a very polite, not an over aesthetic matter to place in print, and yet The News feels that it has a duty in connection with the public morals, and particularly as to those dangerous attitudes affecting the young life of both sexes. It is for this reason that this newspaper dares to bring the existing undesirable state of affairs in this manner, to the minds of those who are concerned for the welfare of the community.

SMILE, SMILE, SMILE! AT YOUR CUSTOMERS

Treat a Buyer as You Would a Guest in your Home, Says Business Lecturer, and Succeed.

Will H. Farley, a business lecturer, has this to say to salespeople: "Treat a customer as you would a guest in your home," advised Mr. Farley. "If you maintain this attitude toward the buyer you can't go wrong. Remember it is not the man who hands you the pay envelope who is your boss, but the customer in your establishment. He is the one who supplies your money, and it should be your chief aim to cater to this person."

"The things that are bothering the merchant today more than general conditions are laziness, carelessness, mistakes and indifference. Through these leaks the losses to his profit result."

"Smile all the while," he advised the salespeople. "Ninety-one per cent of our shoppers today are women, and 69 per cent of the merchandise used by men is purchased by them. Why? For the simple reason that a red-blooded man has found that he can't go into a store and confront the attitude of many salespeople without desiring to scrap. The men know what they want when they want it. Men are better customers than women. Smile, girls, smile, and get them back into the stores."

"Newspaper advertising is the one means by which you can carry your message direct to the homes. Make your ads plain, be honest in your statements and see that your copy is changed regularly. A newspaper is read in its entirety in most homes. The paper folks wouldn't think of running the same news four or five days in succession—your position as an advertiser is just the same. "Every store owner would like to pay his help more, but volume is a necessary requisite to that end, and it can be obtained quicker and cheaper through service than in any other way."—American Press.

OIL IN PORTALES AT LAST

That Portales is over an immense lake of oil is now proven to the satisfaction of the lake is below the water supply of the town and has become so strong that it is now mixing with the city water, and reports are that it is dangerous to strike a light while a hydrant is open, for fear of an explosion. Any one doubting this is invited to taste the city water.

CHECK THE SPEEDERS.

Clovis needs better enforcement of the traffic laws, particularly those pertaining to speed regulations. While some effort has been made recently to apprehend those guilty of continual and habitual speeding, the violations in this respect appears to be increasing rather than decreasing. When the Gidding street paving is completed, it will make a splendid race track down Main street to Otero and up Gidding to the place of beginning. A few good stiff fines would serve to discourage the speeders and help break up the practice. Will it be necessary for an accident to occur before the speeders are taught to respect the laws. Every city has the same trouble and the only way it is kept in check is by playing no favorites.—Clovis Herald.

MARNE NOW MURKY STREAM

Once Sparkling River Seems to Mirror the Horrors of the Ghastly Years of War.

If Chateau Thierry itself has tried to erase all signs of the occupation, the Marne still reveals its tale of a ghastly yesterday. It was once a sparkling stream flowing through a charming valley that was particularly noted for its wooded scenery. Nowadays the Marne writhes through a valley of tree corpses. Its waters are discolored and foul. Its surface is covered with a thick, oily scum. The stream flows with great weariness, and as though in great pain.

Even then you must look beneath the murky water to appreciate the full horror of the Marne. The story of what this river has mirrored in its troubled waters of yesterday is best told by the accumulation of rubbish that clogs the river bed. There one sees rusted shells and broken artillery pieces, sometimes old shoes, broken rifles, helmets, for the Marne, as those who fought there will testify, is a continuous sepulcher to the unknown dead.

Yet, despite this, the oddest sight in a trip through the valley of the Marne is the gipsy caravans one frequently encounters on the roads. The brilliant colors of their wagon wheels flashing in the sun, contrasts strangely with the larger push by the roadside. At first you wonder why these people, who depend so much on foraging, should select these devastated areas. Certainly the returned peasant has no brass kettle ware for them to mend, and there is little food that the natives can afford to share with the gipsy beggars.

I finally was told the reason for the presence of these odd tourists. It seems that the gipsies have had great difficulty in holding their younger generations to the old roving life. This is particularly true of the young men, who succumb to the comforts and attractions of town ways. So, by way of a lesson, the gipsy chieftains are taking their children across the battlefields. When they reach a particularly desolate spot the grizzled leader points a bony finger and cries: "See! There is the civilization that ruins you!"—George F. Kearney in the American Legion Weekly.

The best and simplest way to make competent, adaptable, versatile men is to train constructive, creative boys.

EMBROIDERED SUITS

Although embroidered suits have many rivals with less decoration, they are well represented in spring displays. Embroideries are in the color of the suit, usually, with metal threads introduced among them.

He Wished to Know.

"The extravagance of the city women is terrible," dismally said Deacon Droan, who was just back from the Big Burg. "Wherever I went in Kansas City I saw them wearing costly silk stockings on every hand, and—" "On every hand!" astoundedly ejaculated Abner Appleby. "Then, what in tunket were they a-wearing on their—er—h'm—limbs!"—Kansas City Star.

No Cause for Alarm.

Coats Appropriate to Youth

GIRLS of twelve to sixteen years and their little sisters, spend many of their waking hours in utility wraps made of sturdy materials that will stand any exigencies of the weather and strenuous wear. Lightweight coatings in familiar weaves are chosen to make these garments for spring and summer wear and designs for them are simple and practical, colors quiet. Tans, grays, browns and blues, shepherd's checks and tan or gray mixtures find themselves always acceptable. If one is occupied with the choice of utility coats for children, these facts are guides that it is safe to follow. The model pictured on a little girl of five or so, at the right of the picture, is a type that one finds repeated—with little variations—in coats for all children, and made of various materials.

very little girls it is extended to taffeta, faille and rep silks and includes smooth-faced cloths. Tan is the favored color, but beginning with white, the color range includes blue in many shades, pink, rose, coral, soft shades of green, gray and brown. On some of these coats, collars and cuffs of fine embroidered batiste, in deep cream color, bespeak the dressy character of the garment. For the girl in her early teens there are such tasteful garments as that one pictured on the fortunate flapper at the left of the picture. It will be safe to imagine it in tan or gray gabardine of a firm quality, with a contrasting color brightening the embroidered bands at each side of the back, which are mainly worked in the same color as the coat.

BUREAUCRATS NOT NEEDED

(Albuquerque Journal)  
Will some one please explain as just the functions, under the of Mr. John Joerns, new educational auditor for New Mexico. We have our misgivings about Mr. Joerns' construction of the law. The Journal does not feel unduly toward Mr. Joerns. As secretary for the state tax commission he showed himself to be nothing of a wizard with figures. He also came to show himself as considerable of a bureaucrat. He believes that our breath should be drawn in accordance with the rules and regulations laid down by some official in Santa Fe. As we understand the situation, Mr. Joerns was not appointed as a sort of state-wide board of education. It was our thought that the people were still to elect school boards to have charge of their school affairs. Mr. Joerns should check up these boards to see that they obey the law, properly budget their expenses and honestly expend the money. If he has other legal functions we need enlightenment as to what they are. It will be a sorry day for education in New Mexico when the local boards allow Mr. Joerns

to meddle in the local direction of school affairs. He is not a trained educator. He is an auditor. It would also interest us to know just the nature of the commission which Mr. R. F. Asplund has from the state tax commission to interfere in local school affairs. These two gentlemen are reported to be assuming to give instructions as to how the schools of the state are to be run. We invite them to tell the public just what the functions are which they are assuming to exercise.

JUSTICE COURT

In Judge Fairly's court this week the following cases were disposed of:  
Monday—In the case of the City of Portales vs. G. L. Bilberry wherein the defendant was charged with keeping his wagon yard in an unsanitary condition, defendant was fined \$10.00 and costs the fine being remitted conditionally that the wagon yard be cleaned up and the requirements of the city health officer complied with within fifteen days. Judge T. E. Mears represented the defendant and Judge Albert Morgan the city.  
Tuesday—In the case of the

City of Portales vs. Miss Edith Daniels, charged with reckless driving, defendant was fined \$5.00 and costs. Geo. Reese, Jr. represented the defendant and Judge Morgan the City.

NOTICE OF SUIT

In the District Court, Roosevelt County, New Mexico. James A. Hall and Max Buchmann, Plaintiffs. vs. Francis M. Beeman, Ruth Beeman, J. W. Elliott, The Guaranty State Bank of Tahoka, Texas, H. O. Browning, Geo. E. Montgomery, and T. E. Mears, Defendants.

You and each of you are hereby notified that the above named plaintiffs have commenced a suit in the District Court of the Ninth Judicial District of the State of New Mexico, in and for Roosevelt county, entitled and numbered as above in which you are the defendants; that the general objects of said suit are: That the deed of trust given by the defendants Francis M. Beeman and Ruth Beeman, his wife, conveying unto James A. Hall, trustee, the lots two, three and four, the east half of southwest quarter, the southeast quarter of the northwest quarter, and the southwest quarter of the southeast quarter of section eighteen, and the lots one and two of section nineteen, all in township six south of range thirty-six east of the New Mexico Meridian, New Mexico, and the north half of section twenty-four in township six south of range thirty-five east of the New Mexico Meridian, New Mexico, executed on the 4th day of May, 1916 and recorded on the 8th day of May, 1916, in Book 42 of the Records of Trust Deeds of Chaves county, New Mexico, at Page 95 thereof, and to have the said real estate sold and the proceeds thereof applied in the discharge and payment of the note for the principal sum of fifteen hundred dollars, with interest at twelve per cent from maturity date of May 1, 1921, and for attorney's fees in the sum of two hundred twenty-five dollars, and all other costs and expenses, including thirteen dollars abstract expense, and eight dollars paid by plaintiff for the taxes for the year of 1916; to have the lien of said trust deed declared paramount to the liens and claims of the defendants, each and all of them, and to foreclose the right of redemption of said defendants.

That unless you appear and plead in this cause on or before the 23rd day of September, 1921, you will be adjudged in default and the plaintiffs will be granted the relief prayed. Hall and McGhee are the attorneys for plaintiffs, and their business address is Clovis, New Mexico.

Witness my hand and the seal of our District Court at Portales, New Mexico, this 10th day of August, 1921. (seal) R. H. GRISSOM, County Clerk.

No. 234 ADMINISTRATOR'S NOTICE: Notice is hereby given that the undersigned was duly appointed Administrator of the estate of John C. Core, deceased, by the Probate Court of Roosevelt county, New Mexico, on the 2nd day of August, 1921, and all persons are notified to present claims against said estate as required by law within one year from said date otherwise same will be forever barred.

GRADY R. CORE, Administrator. Aug. 11-Sept. 1.

NOTICE OF SCHOOL BUILDING BOND SALE: Public notice is hereby given that the undersigned, county treasurer of Roosevelt county, New Mexico, will, on the 10th day of September, 1921, offer for sale and sell the negotiable coupon building bonds of consolidated school district No. five (5), Roosevelt county, New Mexico, in the amount of thirty-six thousand dollars—\$36,000.00.

The said bonds bear date, April 1st, 1921, and are due and payable thirty years after their date, are redeemable at the pleasure of the said school district at any time after ten years from their date and bear interest at the rate of six per centum per annum, payable semi-annually. Each bid for the purchase of the said bonds must be accompanied by a certified check in the amount of ten per centum of the total issue of said bonds, and the said bonds will be sold to the highest bidder for immediate delivery. Right to reject all bids is reserved, and the check of the successful bidder will be forfeited to the school district in event he fails to take and pay for the said bonds as herein provided.

The undersigned will, at the hour of eleven o'clock in the forenoon of said 10th day of September, 1921, at his office in the court house in Portales, Roosevelt county, New Mexico, open and consider all bids received for the purchase of the said bonds.

Dated at Portales, New Mexico, this 8th day of August, 1921. J. B. SHOCK, Aug. 11-Sept. 10 County Treasurer.

NOTICE OF FORECLOSURE SALE

Whereas, on the 8th day of June, 1921, in cause No. 1671, Civil, pending in the District Court in and for Roosevelt County, New Mexico, wherein Sue J. Reid, is plaintiff and Calvin E. Wantland, George L. Reese and Joyce-Pruit Company, a corporation, are defendants, the plaintiff recovered a judgment on a promissory note and obtained a decree foreclosing a mortgage deed for the total sum of Four Hundred Twenty-One and 46/100 Dollars as of the 6th day of June, 1921, less as of the 6th day of June, 1921, including principal of the said note, the interest thereon to said date, taxes, attorney's fees and costs, the said judgment and decree of foreclosure being upon and against the following described real estate, to-wit: The southwest quarter of section twenty-two in township one north of range thirty-two east of the New Mexico Meridian in New Mexico, and which said decree of foreclosure directed that said described real estate and property and the improvements thereon, be sold, and the proceeds of such sale be applied to the satisfaction of plaintiff's judgment in the first instance, and

Whereas, Paul M. Jones, of Portales, Roosevelt county, New Mexico, was, by said decree, appointed Special Master, and as such, was directed to advertise and sell the said property as provided in said decree, and

Whereas, said judgment, at the date of the sale hereinafter mentioned will amount to the sum of Four Hundred Forty-One and 45/100 Dollars. NOW THEREFORE, pursuant to said judgment and decree, and the power vested in me as such Special Master, I will, on the 10th day of September, 1921, at the hour of eleven o'clock in the forenoon, at the northeast front door of the court house in Portales, New Mexico, offer said described real estate and property for sale to the highest bidder for cash, for the purpose of satisfying said judgment and decree, as directed by the court, and the further costs of this action. The plaintiff in this action has the right to bid at the sale of the said property, and may purchase the same, if the highest bidder, and may have credit on her judgment for the amount of her bid or in satisfaction of the same with costs.

PAUL M. JONES, July 21-Aug. 11-L. Special Master.

ELECTION PROCLAMATION

Whereas the Board of Education of the Town of Portales, New Mexico, has requested the undersigned to call an election to be held in School District No. One, Roosevelt County, New Mexico, for the purpose of submitting to the qualified voters of said district the question of issuing bonds of said Municipal district in the sum of \$80,000.00, for the purpose of building a school house in said district;

Therefore, pursuant to said request, I, G. L. Reese, Mayor of the Town of Portales, New Mexico, do hereby call a special election to be held in the Sheriff's office in the Court House in the Town of Portales, New Mexico, on Saturday, the 27th day of August, 1921, for the purpose of determining whether or not the bonds of said District in the sum of \$80,000.00 shall be issued, to run for a period of thirty years, redeemable at any time after ten years, at the pleasure of the Board of Education of said Town, in denominations of \$500.00 each, drawing interest at the rate of six per cent per annum, from date of issuance, with interest payable semi-annually.

The following named persons shall be and are hereby appointed as judges of said election: J. B. Sledge, J. S. Long, and Leo Braley. G. L. REESE, Mayor. J. 28-A. 18

NOTICE OF FORECLOSURE SALE

Whereas, on the 4th day of April, 1921, in cause No. 1680, pending in the District Court of the Fifth Judicial District, now the Ninth Judicial District, of the State of New Mexico, in and for Roosevelt county, wherein R. B. Henderson is plaintiff and Lee A. Fitch and Susie L. Fitch are defendants, the plaintiff recovered a judgment upon a promissory note and a mortgage, and a decree of foreclosure of said mortgage for the total sum of Nine Hundred Fourteen and 96/100 Dollars upon the following described real estate, to-wit: The northeast quarter (NE 1/4) of section ten (10) in township two (2) south of range thirty (30) east of the New Mexico Meridian, New Mexico, which said judgment bears interest at the rate of 10 per cent per annum from the date thereof until paid, and which said judgment at the date of sale hereinafter mentioned will amount to the sum of \$951.80; and

Whereas in said decree the undersigned was appointed Special Commissioner and directed to advertise and sell said property as provided by law, and to apply the proceeds of such sale to the satisfaction of plaintiff's said judgment, interest and costs of suit; Therefore, in consideration of the premises, I, the said M. B. Jones,

Special Commissioner, will on the 29th day of August, 1921, at the hour of 2 o'clock p. m., at the northeast front door of the court house in the Town of Portales, New Mexico, offer for sale said above described real estate to the highest bidder for cash for the purpose of applying the proceeds to the satisfaction of plaintiff's said judgment and costs;

Provided that the plaintiff in said cause may be a purchaser of said property if the highest bidder therefor and may have the amount of his bid credited upon his said judgment, or a sufficient portion thereof to satisfy the same. Witness my hand this 26th day of July, 1921. M. B. JONES, Special Commissioner. J. 28-A. 18-R

NOTICE OF PENDENCY OF SUIT The State of New Mexico to H. S. Lewis and J. F. Hallwegen, Greeting: You are hereby notified that a suit has been filed against you in the District Court of the Ninth Judicial District of the State of New Mexico, in and for Roosevelt county, wherein George L. Reese is plaintiff and Nu-Mex Oil Company, a corporation, and H. S. Lewis and J. F. Hallwegen are defendants, said cause being numbered 1696 upon the Civil Docket of said Court.

That the general objects of said suit are as follows: The plaintiff sues the defendant Nu-Mex Oil Company, and prays judgment in the sum of \$500.00 upon a promissory note, executed July 27, 1920, together with interest thereon at ten per cent per annum from the date of said note, ten per cent additional for attorney's fees, and for costs of suit; the plaintiff further prays that a chattel mortgage securing said note be foreclosed, which said mortgage was executed by the said defendant, Nu-Mex Oil Company, of even date with said promissory note and given upon the following described personal property, to-wit: 1306 feet of ten inch oil well casing, weighing thirty-five pounds to the foot, eight hundred feet of which is now placed in the Nu-Mex well No. 1, located on the southeast quarter of the southwest quarter of section four in township three south of range thirty-five east of the New Mexico Meridian, New Mexico, and 506 feet of which is on the surface at said well on said described tract;

That the plaintiff's said chattel mortgage upon said described property be declared a superior to any claim of the defendants, H. S. Lewis and J. F. Hallwegen, who are alleged upon information and belief to claim some interest or right to said property, and it being alleged in the complaint that such claim is without merit; the plaintiff seeks to sell said described property under such foreclosure and to have the proceeds of the sale of same applied to the satisfaction of his claims and judgment and for general relief. You are further notified that if you fail to appear and plead or answer in said cause on or before the 24th day of September, 1921, judgment by default will be taken against you and the plaintiff will apply to the Court for the relief demanded in the complaint.

You are further notified that George L. Reese is attorney for the plaintiff and that his postoffice address is Portales, New Mexico. Witness my hand and the seal of said Court on this the 1st day of August, 1921. (seal) E. H. GRISSOM, Clerk. By PAUL E. MORRISON, Deputy. Aug. 4-Aug. 25-R

## Booze Flows Through City Sewers While Countenances of Onlookers Grow Long

With parched throats and coun-  
tenances of such dimensions that  
six bits for a shave would have  
been a bargain, an interested  
crowd of men Sunday afternoon  
stood by while Burton Roach,  
sheriff of Potter county, poured  
approximately 200 gallons of con-  
traband "booze" into the sewer.  
At reported current prices, the  
liquor was said to be valued at  
about \$8,000.00.

Three stills captured by the  
officers were also destroyed, while  
C. G. Landis justice of the peace  
on whose search warrant and  
order the liquor and stills were  
confiscated and destroyed, stood  
by to see it well done. A Trib-  
une reporter happened on the  
scene just as the performance  
started and witnessed the whole-  
sale booze destruction.

The liquor, which included  
everything from flavoring extracts  
jake, mule and good corn whiskey  
to "bottled in bond" goods, all  
looked alike to the sheriff and his  
deputies, as the whole business  
was poured to destruction.

A dash for the other end of the  
sewer, was suggested by several  
of the disappointed by-standers,  
after appeals and entreaties for  
"just a taste" were emphatically  
denied by the destroyers.

The booze, which has been ac-  
cumulating for more than a year,  
has been taken from bootleggers,  
confiscated from certain cold  
drink stands, dug up in back  
yards, and found with stills and  
other paraphernalia used in man-  
ufacturing liquor, Mr. Roach said.  
Some of it was thick and some of  
it was thin, and from the odors  
coming from a portion of the un-  
corked fire water, some of it was  
rotten, while it is believed that the  
"bonded wares" were good.

Sheriff Roach has had the whis-  
key under lock and key since its  
capture, he declared and before  
destroying the lot he took a small  
sample of each kind, properly  
labeled it and will present it as  
evidence when the proper time  
comes.—Amarillo Daily Tribune.

**CREAM TESTING**

About 40 per cent is the desir-  
able test for cream sold to cream-  
eries for butter making. When  
a rich cream is separated, there  
is less cream to handle and ship  
than in the case of a thinner  
cream. A thin cream contains  
more curd than a richer one be-  
cause there is more skim milk in  
it. When a cream testing under  
30 or 35 per cent sours and cur-  
sles, lumps of curd form which  
are not easily broken up, making  
it more difficult to secure a fair  
sample of the cream for testing  
than in the case of a heavier  
cream.
