BOOST FOR THE ROOSEVELT COUNTY FAIR

NINETY NINE PER CENT OF PROPERTY OWNERS FAVOR PAVING SQUARE

R. Hardy has circulated a petition among the property owners around the square and reports that all but one signed the petition for the city council to order this paving done.

This shows a true progressive spirit when 99 per cent of the property owners go together for a move of this kind. And it is now up to the city council.

A paving proposition in Portales would turn considerable cash into the channels of trade at a time when it would be of great benefit to every business man of the town.

A paved square would impress the outsider with the progressiveness of Portales as a community, and would do much to influence him to locate here.

THE SCHOOL BUILDING LOCATION

Much interest is still being shown as to where the new school building will be located. It seems to be the general opinion that it should be located where it could be seen from the railroad and the highway. Also that it should be on a street paved all the way from the square. Now is the time to thrash out the location, before actual building is started. What say you?

FAIR NUMBER

The next issue of the Portales Valley News will be the Fair number. All who desire advertising space in this issue are requested to speak for space and have their copy in early, as we will be too busy to solicit same.

NOTICE TO CLEAN ALLEYS

All persons are requested and urged to gather the rubbish, waste, tins, etc., that have accumulated in alleys and back yards. Pile these in convenient places for removal, to be hauled away free of charge Friday, September 23rd.

Those who neglect to do this will be assessed a small charge to cover the expense of having it done.

Approved by City Health Officer.

SCHOOLS OF COUNTY WILL PARADE

The school parade for the fair on Monday, October 3, will be the best feature of the fair. A premium will be offered for the best decorated school truck, and also for the best decorated car. Be sure that your school is represented in this parade. This will be a great day for the school children.

Preparations for the Fair for Roosevelt county continue and the opinion of all is that this will be the biggest fair ever held in Roosevelt county.

The old armory building and the Hardy building across the street from the Nash Hotel have been secured for the exhibit, where all exhibits will be protected from the weather.

On the vacant lot adjoining these buildings, pens for the live stock have been erected, and everything is being done to make it pleasant and convenient for the exhibitor and visitor.

All agricultural exhibits will be made in units of ten. Ten cars of corn, etc.

A rodeo will be held during the fair, in which the best talent both professional and amateur will give exhibitions of their skill.

In fact, everyone will strain every effort to make this an occasion to talk over with your grandchildren in the years to come. Get the cobwebs out of your hair and the dust out of your eyes and get busy boosting for the fair and let the world know that you are a part of the best county in New Mexico.

The various committees of the Roosevelt County Fair Association have been busy all week arranging program and premium list. The program committee were somewhat handicapped by the election, but they promise that there will be something doing every minute of both days.

Everyone is urged to come and bring the best exhibit possible from their community.

This issue contains the premium list up to date. It will be revised and enlarged by date of the fair. If you have something that you wish to exhibit and it is not on the list, bring it along, and it will be taken care of.

The school day will be of especial interest to all, as every school in the county will participate. The schools are the backbone of civilization, and all should co-operate to make the best showing possible.

The fair will be held on Colorado Street, and buildings have been provided for the school and farm exhibits, pens for the livestock exhibits, and this department will go to show the world that New Mexico has some of the best livestock in the west.

There will be a number of private exhibits by tractor and auto people, also various forms of farm and household conveniences. It will be a show worth your while in every department.

All farm exhibits should be on the ground Saturday, October 1st, so that they can be arranged to the best advantage. Remember the date—October 3rd and 4th.

Portales Schools Continue to Grow

The Portales Public Schools are moving off nicely. The second week enrollment advanced to 640, and with the new trucks in operation pupils from the outlying districts are receiving efficient transportation, which is making the patrons boosers for the school.

Much interest is shown daily as the trucks laden with bright faces pass through town on the way to the school house, and it is predicted that this will be the means of settling vast acres of Roosevelt county farms with a prosperous and enterprising class of farmers.

Tuesday afternoon, a representative of the News in company with W. B. Oldham, secretary of the school board, paid the school a visit. We arrived just in time as the domestic science class was serving lunch to the faculty. This class is composed of eighteen young ladies from the High school, under Miss Garrett, and they set a real tasty luncheon of green peas on toast. This class would make a decided hit were they to invite the old bachelor club down to luncheon some afternoon.

Next we visited the Primary department and here a decidedly overcrowded condition was in evidence. This room, under Mrs. Kenady, has an enrollment of 57, twenty-seven of which are mere babies. This is a problem which the board are endeavoring to solve with justice to all. These little tots, used to the unrestrained activities of the home, are cramped and cannot confine themselves to the discipline of the school room, and unless relief is secured their teacher will soon become a nervous wreck.

The second grade, under Miss Conover, while filled to the limit, have had previous school work and are under better discipline and are making good headway with their work.

While we did not have the time to visit the rest of the school, the spirit of co-operation and good fellowship was in evidence by student body and faculty and if this spirit continues, Portales Public schools cannot fail to be a big success.

The parents of Portales would do well to visit the school often and lend their support and encouragement to make this the greatest school year for Portales and Roosevelt county.

BITS OF FLESH AND POOLS OF BLOOD MARK TRAIL OF ONE OF THREE DEAD AFTER EXPLOSION

HEREFORD, Texas, Sept. 21.—Bits of flesh and pools of blood marked the trail of one of the three youths who were burned to death late yesterday afternoon when a farm tractor exploded.

Following the explosion Arol Combs walked a mile across the field to his home. His trail was marked by gore.

Arol Combs, 20, was plowing yesterday on the family farm, 23 miles northwest of Hereford. Late in the afternoon, Albert Combs, 10, and W. B. Wallace, 10, stopped for a ride on the tractor while they were on their way home from school.

Soon after the boys clamored on the tractor with Arol, who was driving it, the engine began backfiring through the carburetor. The fire caught the oil tanks and the subsequent explosion covered the three boys with flaming oil.

PORTALES DEMOCRATS USE CARS TO BRING VOTERS TO POLLS

Many Farmers Over County Continued Work Regardless of Election.

Election day in Portales was very quiet. In the forenoon the voting was very light, but in the afternoon cars got busy rounding up the voters and by night a very good turnout was secured, but nothing like a full vote was polled.

Very little excitement was in evidence and, except in case of a few challenged votes, everything moved along smoothly.

Owing to the bulky ballot of the amendments, the count was extended into the next day for this box.

The vote showed that Hanna was the favorite in Eastern New Mexico and had a full vote been polled in this part of the state, a decided different result would have been shown.

Below we give the vote of the Portales precinct on Senatorial race and also on the amendments. We also give the precinct vote on the senatorial race and the total county vote on the amendments as authentic as we have been able to secure before the official count is made.

As usual, Elida turned out with the banner Democratic majority only 23 republican votes being polled there.

Portales voted as follows:

For Hanna, 448	For amendment No. 1, 352
For Bursum, 112	against, 150
For Sena, 6	For amendment No. 2, 387

The unofficial vote on the amendments for Roosevelt county with eight boxes to hear from is as follows:

No. 1: For 595, against 282.
No. 2: 631 for, 212 against.
No. 3: 137 for, 584 against.
No. 4: 203 for, 621 against.
No. 5: 435 for, 380 against.
No. 6: 445 for, 372 against.
No. 7: 330 for, 467 against.
No. 8: 252 for, 596 against.
No. 10: 213 for, 542 against.
No. 11: 157 for, 625 against.

103 Portales voters voted to allow the Japs to come in and own land, 212 in the county favored this move.

In amendment 3 and 9 there was a strong sentiment against making the office of county superintendent and state superintendent indefinite as to the number of terms that they could hold office.

In No. 8 the sentiment for better schools was manifest by a vote of two to one against this amendment.

In amendment No. 11, the county voted 5½ to 1 against this amendment for the road bond issue.

Wednesday night the county vote as received to that time gave the senatorial vote as follows:

Hanna, 1204.
Bursum, 260.
Sena, 9.
Smith, 34.

Giving Hanna a majority over Bursum of 944 votes in the county. Dereno, Tolar, Milnesand, Perry, New Hope and Emry had not made returns at time of above report.

ROOSEVELT COUNTY GIVES HANNA MAJORITY OF THOUSAND VOTES

REPUBLICANS CLAIM VICTORY FOR BURSUM BY SEVEN THOUSAND MAJORITY IN STATE.

As the News goes to press the Republican press of the state claim a victory for Bursum of 7,000 majority in the state.

Authentic returns have not been received as yet, and it is very probable that this lead will be reduced to 5,000.

Six boxes in Roosevelt county yet to hear from will give Hanna a majority of over 1,000 in this county.

Opening of Kentucky Valley Consolidated Schools

Mr. and Mrs. Coe Howard, Rev. J. F. Nix, Supt. Palm and Mrs. J. G. Greaves took advantage of the rumor that the people of Kentucky Valley were going to have a spread on the opening day of school last Monday, and attended.

The rumor was a fact, and from reports of the amount of chicken and trimmings, the much talked of hard times has never hit that neck of the woods.

About 100 patrons of the school were present with bursting baskets when the Portales delegation arrived.

It is reported that Rev. Nix from some cause or other determined to down the reputation of Methodist preachers as chicken eaters and made a record that will tax any two in the state to equal.

After the dinner the evening was spent in speaking, Mrs. J. G. Greaves making the first talk on the constitutional amendments, and urging the ladies to come out and vote.

Superintendent Palm followed, going more fully into the explanation of these amendments, especially those affecting the educational system of the county and state.

Representative Coe Howard followed with a good talk on the senatorial race, going into detail on the text book situation in New Mexico.

Rev. Nix being partially recovered from the effects of the dinner, made a good talk to the pupils, impressing them with the importance of taking advantage of the educational advantages which they now have, and preparing themselves to meet the duties of life as they arise.

The Kentucky Valley school opened with an attendance of about 50 pupils under the able direction of Mrs. Lena Maxwell as principal and Miss Verna Wood as primary teacher. The outlook is good for the best school ever held in that part of the county.

They have a convenient and well equipped school house with a good auditorium, a nicely furnished two-room teacherage, and a good system of water works for the school. This is a progressive community and they are making great strides in development.

FLOYD ITEMS

School began Monday, September 12th. We met with four of the teachers who taught here last year and three other very able teachers who are in many ways deeply interested in the progress of the school. We have several new pupils this year and one more truck to transport the children. This will lighten the loads and shorten the routes of former trucks. With her corps of teachers and zeal and enthusiasm of patrons and pupils, Floyd High school can't be beat.

Mr. Warren Bingham has sold his place to Mr. Radcliff who has been visiting here for some time. Mr. Amford who sold his place a few days back has moved to Mrs. Compton's place.

The crops are fine here this year and much harvesting is being done about here. The grass is better than it has been for many years. Several hundred acres were burned west of here by accident on Sunday the 4th, many people left church and Sunday school to help put out the flames.

Mr. Toliver has been helping the mechanic get the trucks in order for the past two weeks.

Much broom corn is being harvested here this year.

We expect to have a large graduating class here this year.

WANTED—500 hens and fryers, Crow Bunch. ltc

FAIRFIELD FACTS

Fairfield Sunday school is still progressing nicely with an average attendance of over one hundred.

Fairfield school has made a good start with an enrollment of 123 and an attendance of 96. The pupils have taken renewed interest in their studies and are bringing up better lessons every day. We expect to have an honor roll this year that we will not be ashamed to publish.

The girls and boys basket ball courts are now ready for service, but playing will be time about between the boys and girls until we get another ball.

Another good singing was conducted at Moya Chapel last Sunday night by Mr. Lunsford and family of Texico.

The late crops of this section were enlivened considerably by the late rains, while a great deal of the crops are ripe, very little harvesting has been done as yet.

TO THE CATTLEMEN OF ROOSEVELT COUNTY:

Gentlemen: The Extension Service of New Mexico Agricultural College has prepared a list of steer feeders in the states of Kansas, Missouri and Oklahoma, for the benefit of the cattlemen of New Mexico. It is felt that a list of these feeders and their addresses will enable the cattlemen to get in direct touch with them without having to go through unnecessary middlemen.

This list is completed and copies can be had by writing to the County Agricultural Agent. It is our intention to furnish it to all cattlemen who are interested but the limited number of copies make it unwise to send it out to those who cannot make use of it. For this reason the list will be mailed out on request only. If you want a copy please write the County Agent and your request will receive prompt attention.

The list contains 376 names and addresses.

Very truly yours,
RALPH R. WILL,
County Agent

UNCLE KILLS NIECE ANGERED MOB SAYS

COLGATE, Okla., Sept. 19.—A posse of citizens and officers tonight are searching for Steve Sabo, 55, alleged to have stabbed to death Sophia Sabo, 18, his niece, at her home near here yesterday. In her dying statement according to authorities, she accused Sabo of stabbing her after he attempted to assault her.

MAGGIE AND JIGGS AT THE GOLDEN GATE

St. Peter stood guard at the golden gate,
With a solemn mien and an air sedate;
When up to the top of the garden stair,
Maggie and Jiggs, both ascending there,
Applied for admission; them came and stood
Before St. Peter, so great and good;
In hope of the city of peace to win,
And asked St. Peter to let them in.
Maggie was tall and dark and thin,
With a scraggly beardlet on her chin,
Jiggs was short and thick and very stout,
And his stomach was built so it rounded out.
His face was pleasant and all the while
He wore a very kindly and genial smile.
The choir in the distance the echoes woke,
And Jiggs kept still while Maggie spoke.
"O thou, who guardest the gate," said she,
"We two came here beseeching thee
To let us enter the heavenly land,
And play our harps with the angel band.
Of me, St. Peter, there is no doubt,
There's nothing from heaven to bar me out,
I've been to meeting three times a week,
And almost always I'd rise and speak,
I've told the sinners about the day
When they'd repent of their evil way;
I've told my neighbors—I've told them all
'Bout Adam and Eve and the Primal Fall;
I've shown them what they'd have to do
If they'd pass in with the chosen few;
I've marked their path of duty clear—
Laid out the plan of their whole career.
I've talked and talked to 'em loud

and long,
For my lungs are good and my voice is strong,
So, good St. Peter, you'll clearly see
The gate of heaven is open for me.
But Jiggs here, I surely regret to say,
Hasn't walked exactly in the narrow way;
He smokes and swears and grave faults he's got,
So, I don't know whether he'll pass or not.
He never would pray with an earnest vim,
Or go to revivals or join in a hymn,
While I the sins of my neighbors bore,
He gadded about with that Dinty Moore.

He made a practice of staying out late,
Which is a sin that all women hate;
But at last when he did come home,
The rolling pin went straight for his dome.
I know him, St. Peter, know him well,
To escape from me he would go to hell;
But, St. Peter, I do so much need him here,
And I hope you can see your way clear,
On earth I bore a heavy cross,
Give me in heaven still Jiggs to boss,
I've brought my rolling pin, plates and jars,
To keep him dodging among the stars.

But say—St. Peter—it seems to me
This gate isn't kept as it ought to be.
You ought to stand right by the opening there
And never sit down in that easy chair,
And say—St. Peter—my sight is dimmed
But I don't like the way your whiskers are trimmed.
They're cut too wide with an outward toss,
They'd look better narrow and straight across."

St. Peter sat quiet and stroked his staff,
But in spite of his office he had to laugh;
Then said with a fiery gleam in his eye:
"Who's tending this gate, Maggie, you or I?"
Then he arose in his stature tall,
And pressed a button upon the wall,
And said to the imp who answered the bell:
"Escort this female around to Hell."

Slowly Jiggs turned by habit bent,
To follow wherever Maggie went.
St. Peter starting on duty there
Saw that the top of his head was bare.
He called the Old Boy back and said:
"Jiggs, how long hast thou been wed?"
"Thirty years" (with a sad and weary sigh)—
And then he thoughtfully added:
"Why?"

St. Peter was silent with head bent down;
He raised his hand and scratched his brow.
Then seeming a different thought to take,
Slowly, half to himself, he spoke:
"Thirty years with that woman there,
No wonder the man hasn't any hair.
Swearing is wicked, smoking's no good;
He spoke and swore—I should think he would—
"Thirty years with that tongue so sharp—
Ho, Angel Gabriel! Give him a harp,
A jeweled harp with a golden string.
Good sir, pass sin where the angels sing.

WORN NERVES

Nervous troubles, with back-ache, dizzy spells, queer pains and irregular kidneys, give reason to suspect kidney weakness and to try the remedy that has helped your neighbors. Ask your neighbor.

Mrs. J. E. Morrison, Portales, says: "I was miserable, run down and had trouble with my back and kidneys. My kidneys were in a bad shape and annoyed me. Many times I had nervous, dizzy spells when my hands and feet swelled. Doan's Kidney Pills which I bought at the Pearce Pharmacy soon removed the trouble. I could get about the house and I felt like a different person. I have used Doan's Kidney Pills since then and they have kept my back strong and my kidneys in good condition."

He's had about all the hell he needs;
It isn't just hardly the thing to do;

They gave him a harp with golden strings,

WILL HEAD POULTRY DEPT.

LAS CRUCES, N. M., Sept. 19.—N. C. Frenger, secretary of the Board of Regents of the New Mexico College of Agriculture and Mechanic Arts, today announced the appointment of H. J. Bardsley of Lexington, Ky., as head of the poultry department of the State College farm.

Mr. Bardsley was graduated with a Master's Degree from the Iowa State College at Ames, where he was an assistant instructor for two years. A year ago he was called to the extension service of the agricultural college of Kentucky, where he did excellent work.

A PROGRESSIVE FARMER

This week the job department of the Portales Valley News printed some labels for J. E. Lee of Redlake, to be used on his sorghum buckets. Mr. Lee is turning out some good sorghum and by placing his label on same will do much to establish the identity of his product. By this method farm products could be marketed to a better advantage.

IMPORTANT NOTICE!

NOTICE!

Patrons of the school having children attending in the primary grade (Mrs. Kenady's room) who have not yet reached their sixth year, are requested, owing to the crowded condition of the room, that they be kept from school, at least for the time being.

This urgent resolution by the School Board is effective October 2nd. At present 60 is the enrollment, 27 of which are less than six years old. The number at present is altogether too many for one room for the good of the child, and a physical impossibility for the teacher to look after, besides the question of health.

Co-operation, with as little confusion as possible is asked by keeping the little kindergarten fellows at home until they have reached the age of six years.

On Wednesday evening of last week Mrs. J. A. Sissom entertained in honor of Mrs. Weatherly of Amarillo, Texas. Twenty-four guests were present.

Games were played until a late hour after which the guests were served with iced watermelon. The table was laid for twelve persons, the decorations being red, white and blue. The center of the table was decorated with a large vase of red flowers and was laid with blue china and red glassware. They were served with strawberries, whipped cream and cake. DALLAS, Tex., Sept. 19.—Balloting among the railroad brotherhoods in Texas as to whether they will strike if the United States Labor Board remains firm in its recommendation that wages

DEMOCRATIC IN POLITICS

THE WOMEN OF NEW MEXICO ELECT BURSUM

Are the women of New Mexico responsible for the election of Bursum? Now that they have equal rights with the men, they are careless about the exercising of their rights. Hundreds of them failed to go to the polls Tuesday and vote, and these are responsible for the results of the election. In Roosevelt county the vote was lighter than it was in the Democratic primary, when only the men of the county voted. In the Richland precinct only 40 votes were polled against 51 in the Democratic primary a little over a year ago. Had the men and women both turned out there should have been over 100 votes. The same conditions exist all over the county, as well as all over Eastern New Mexico. Now that the women have the right to vote, if they do not exercise that vote, graft and corruption will be greater than was ever known before they were granted this right. Ladies, it is your senator, you have elected him by your silence.

Mr. Farmer: The Roosevelt County Fair is your fair. It is not a Portales institution, and it will be your loss if you fail to have an exhibition of the livestock and farm products from your community on exhibition. New Mexico has never received the proper credit for her products in the outside world, and by giving a creditable exhibition in this fair, outsiders will be forced to realize what your particular section of the country can produce, thereby giving you as an individual and as a community some valuable publicity. We have the country and it is up to you to help in the development of the county. Roosevelt county farmers are the most progressive in the west and the News is counting on them to make the greatest exhibit of livestock and farming products ever shown in Eastern New Mexico. We will expect you at the fair October 3 and 4.

It is the wish of the management that the dry farmers of Roosevelt county do their best with their agricultural display at the fair this year. They will receive full credit for their exhibit in every line and also be allowed to compete for the sweepstakes over the entire county. Mr. Dry Farmer, get a boat or a pair of mud chains and bring your exhibit in.

Portales is supposed to have a sewer system, but it accommodates a very small portion of the town. An extension of this system would do much to better the conditions of health in the town, and no fair minded citizen could afford to object to connecting with the same. Why not extend this system so all can have the advantages of the same?

If Portales expects to take her proper place in the eyes of the world as a progressive community she will have to look to better conditions of her streets. A little pavement now and then would prevent the women as well as the men.

IMPORTANT NOTICE!
Parties desiring concessions for the Roosevelt County Fair should see the committee on concessions at once and make arrangements.

Work on grading main street from the square to the railroad and where it turns north, is being done this week.

The Christian church people "showered" their pastor and family and spent a very pleasant evening with them on Thursday of last week.

Messrs. Plais and Ed Thorp and wives of Lamesa, Texas, were guests in the Henry Townsend home the first of the week. Ed Thorp contemplates locating here.

Wednesday afternoon a Cadillac car and white truck belonging to the Quartermaster's Department of the U. S. Army passed through Portales enroute to Roswell, N. M.

Mrs. J. A. Sisson entertained Mrs. Ella Weatherly, Mrs. Mae Walter, of Amarillo, Texas, also Mrs. H. H. Ramage and Mrs. Houston of Plainview, Texas, the past week.

Warnica and Hawkins have erected a frame building on the corner of the square opposite the Security State Bank, same to be used as a meat market.

Miss Letha Anderson, a niece of Mr. and Mrs. J. L. May, who has made her home with them since entering High school at Portales, left Monday morning for Canyon City, Texas, to enter the West Texas State Normal.

Uncle Frank Vigus, of Eureka Springs, Arkansas, formerly a resident of this county, is here this week visiting with his old friends, Uncle George Robertson and S. N. Hancock. Mr. Vigus is as spry as a three year old despite the fact that he will be eighty years old next month.

Elsewhere in this paper will be found the ad of Dick Prince, formerly of Amarillo, who has recently opened a lunch room in Portales in the building formerly occupied by the Star Shoe Shop. Mr. Prince is serving real San Antonio chili, and will doubtless build a good business.

Commissioner G. T. Littlefield was up from Kenna Wednesday of this week. An effort is being made on the part of the fair management to induce Mr. Littlefield bull which he bought last March, to exhibit a blue ribbon Hereford. This bull was a familiar figure in the show rings of several states last year.

Prof. J. W. Taylor of Pleasant Valley was in town Tuesday morning on his way home from Clovis where he had been to meet his mother, Mrs. C. R. Taylor, who was called from Canyon, Texas, on account of the Professor's little girl, Lelia, being sick with typhoid. TO THE CATTLEMEN OF ROOSEVELT COUNTY:

Gentlemen: The Extension Service of New Mexico Agricultural College has prepared a list of steer feeders in the states of Kansas, Missouri and Oklahoma, for the benefit of the cattlemen of New Mexico. It is felt that a list of these feeders and their addresses will enable the cattlemen to get in direct touch with them without having to go through unnecessary middlemen. This list is completed and copies can be had by writing to the County Agricultural Agent. It is our intention to furnish it to all cattlemen who are interested but the limited number of copies make it unwise to send it out to those who cannot make use of it. For this reason the list will be mailed out on request only. If you want a copy please write the County Agent and your request will receive prompt attention. The list contains 376 names and addresses.

Very truly yours,
RALPH R. WILL,
County Agent

Praise for Norway Maple

When the ordinary man thinks of shade trees, he thinks of maples as a matter of course, and some of the maples may be included in a list of shade trees that have attractive flowers. The Norway maple is the one which I shall mention as being especially worth recommending. It is a very cosmopolitan sort of tree, for in spite of its name it grows all over the European continent, and thrives just as well here as at home. The flowers, which open before the leaves, are greenish-yellow, and arranged in compact, round clusters. The Norway maple is handsome all the year through and bears the hard conditions of city unusually well. Moreover, it grows better at the seashore than most of our native trees.—Exchange.

Home Town Paper Week

It is very rare that the average newspaper boosts its own business but gives quantities of space in boosting the affairs of others.

Somebody suggested that it was time for the newspapers of the country to adopt a week in which their own business should be given precedent, and the Portales Valley News thoroughly endorses the idea.

The date set is the second week in November, from the 7th to the 12th, including that great world event, Armistice Day.

The official title for the week will be "Subscribe for Your Home Town Paper Week."

Thousands of papers will join in this event, and our readers will hear more about it as time goes on.

Ever ready to help in any cause that is in the interests of a better community, better living conditions, and better government, we now ask the readers and advertisers of the Portales Valley News to turn in and lend a hand during "Subscribe for Your Home Town Paper Week," and boost for us.

LIVESTOCK HANDLED ON CO-OPERATIVE BASIS

AMES, Iowa, Sept. 19.—More than 700 towns and villages in Iowa now are shipping points where livestock is being handled on a co-operative basis, according to a survey just completed by Dr. E. G. Nourse, head of the agricultural economics department at Iowa State college here.

Iowa is surrounded by seven principal livestock markets and has eleven minor packing centers within the borders of the state or only a short distance outside.

The first cooperative livestock shipping association in the state was formed at Postville, Allamakee county, in 1904. For several years growth of the movement was confined to counties in the northeastern part of the state. In 1916, twelve years later, there were but fifty-seven associations. In 1919 and 1920 popular enthusiasm became general, 130 associations being formed in 1919 and 311 being formed in 1920 making a total of 610 separate associations now in operation.

Available figures indicate a movement of 181,224 cars of livestock from all shipping points in the state in 1920. It is estimated that 49,750 cars were handled by cooperative associations, or approximately 27.5 per cent of the total business of the state for the year. The average value of a car is reported at \$2,076.74, indicating that cooperatives handled cars to the value of \$103,326,121.96 in 1920.

The cooperatives are still in the early formative stage, however, and in many instances no distinction is made except that the association charges the non-member a higher rate for handling his livestock.

WASHINGTON, Sept. 19.—Wholesale prices increased 2.75 per cent in August over July levels, wholesale food prices leading in the advance with an increase of 13.5 per cent, according to figures made public today by the department of labor.

Farm products, including many food articles, were 2.5 per cent higher in August than in July, the statement said, adding that there were decided advances in butter, cheese, milk, eggs, rice, mats, sugar, fruits, and potatoes. Meat animals, including cattle and hogs, also averaged higher in August than in July. COATS HAVE AMPLE LINES

The styles in spring coats may be summed up broadly in the words—"soft fabrics" and "ample lines." Even in utility coats there is a suggestion of the cape and mantle, and pile fabrics, light in weight, but thick and soft are used.

ROSWELL PLANS FOR MORE FINE HIGHWAYS

ROSWELL, N. M., Sept. 19.—Chaves county expect to have the greatest system of highways within the state in another two years. Already the imperial county boasts of its excellent roads and enthusiasts here are predicting that this system will be added to within the next two years by road from Dexter to the Eddy line; a road from the Roosevelt county line south to the Chaves county line; a road from Aeme to Roswell, a distance of 18 miles and still another from Eight Mile draw to the Lincoln county line, a distance of 13 miles.

KENTUCKY VALLEY ITEMS

The Kentucky Valley community was visited by heavy local showers extending over a large area.

The Kentucky Valley consolidated schools began on Monday of this week being opened by a basket dinner. We had the pleasure of being visited by several ladies and gentlemen from Portales. We enjoyed their speeches a great deal, especially that of Mrs. J. G. Graves, who taught the first term of the Kentucky Valley Consolidated school, and did a great deal for the school.

The trucks returned from Floyd in excellent condition.

The Hendrix boys returned from Roswell a few days ago, and reported everything at its best in and around Roswell.

Arden Turnbull motored to Elida this week. Mr. Turnbull has shipped two cars of cattle to Kansas City.

Wyleiff Cowden reports that he and wife will visit Arizona in a few days.

M. M. Manis has been doing carpenter work for S. F. Myles at Elida.

C. M. Myers has sent several horses to the Derring boys near Olive to be broken.

PLEASANT VALLEY SCHOOL NEWS

On September 4th, our directors with some other patrons went over to Union Valley and moved the building, which they had bought, from that community over to our school. We now have a three room school with three teachers, so by that you know we are bound to have a good little school. We are proud of our school and pleased with the teachers—all of them. Mr. J. W. Taylor is our High school teacher, Miss Cressie Turnbull our intermediate teacher and Mrs. J. W. Taylor our primary teacher, so we are getting along fine. Our school is not yet to its very best stage because we have not all of our new books, but we hope to have them soon.

We want you to know we have a fine Sunday school at Pleasant Valley. The stork visited Mr and Mrs. Bradley and left a fine baby boy. There was some big speaking at Elida last Saturday. The speaking was by some of the best speakers in the state. It was to stir up the people against Bursum. (This item must have been contributed by some young politician of about ten years.)

Mr. J. W. Taylor will take the people of Pleasant Valley to Elida to vote against Bursum and the 8th amendment. (Another unknown budding Democrat to be reckoned with.)

One day last week Mr. Turnbull's pasture caught fire and burned about one hundred acres of grass.

Clyde and Cecil Gower and their father, W. J. Gower, have been on the sick list the past week enough to go with his son, Floyd, to Roswell last Friday, and we hope the little boys will soon be well and back in school.

Embry Wall and Clifford Gower are attending school in Roswell this year, while Welcome Dixon has cast his lot with the Portales school. We hope and expect the best of success for all of these—OUR boys.

Our county board has purchased a new Ford touring car and employed Mrs. J. W. Taylor, our primary teacher, to haul the Nobe children to our school. Welcome Nobe boys and girls!

Fresh Air.

Methuselah lived to be 999 years old. If you live to be 50 you will be beating the law of mortality averages by something like 15 years.

Life might become a bit stale if we all lived a thousand years these days but the 20th century American has fallen back to the other extreme.

Methuselah's famous span of life was lived in the simplicity of open air and outdoor environment.

As you plan your scheme of daily life to include simple exercise and as much fresh air and outdoors as possible, so will you

A Tonic For Women

"I was hardly able to drag, I was so weakened," writes Mrs. W. F. Ray, of Easley, S. C. "The doctor treated me for about two months, still I didn't get any better. I had a large family and felt I surely must do something to enable me to take care of my little ones. I had heard of

CARDUI The Woman's Tonic

"I decided to try it," continues Mrs. Ray. "I took eight bottles in all. . . I regained my strength and have had no more trouble with womanly weakness. I have ten children and am able to do all my housework and a lot outdoors. . . I can sure recommend Cardui."

Take Cardui today. It may be just what you need. At all druggists.

be able to increase the years before you become a customer of the undertaker.

It's easy to go home in the evening and sit down inside with the newspaper or a book and let your muscles grow flabby with disuse.

But it's easy to die before your time. If you don't believe it look at the mortality column in your newspaper and see the ages of those listed there.

The greatest medicine in the world is fresh air, and you can write your own prescriptions.

A daily walk in the evenings is the simplest and most available exercise for most of us. Get out in the outskirts of town and smell the flowers. Let the evening breeze get into your lungs. The smell of the grass and the flowers will be worth all the trouble. Watch the stars come out in the sky, listen to the song of the bullfrogs in the ponds.

It's cheaper and better than drug store medicine.

CHECKING UP THE COURT HOUSE

This morning C. B. Thompson, assistant state auditor, began the checking up of the court house. He is now at work in the treasurer's office.

AT BAPTIST CHURCH

"The Seven Wonders of the World," from the Baptist pulpit on Sunday evening was accorded a large audience. The people were not disappointed. Rev. Nix was master of the situation from the first to the last. He showed that the Seven wonders of the Ancient Greek were brought about primarily by muscular power. Again that the Seven Wonders of the modern age according to the agreement of around one thousand scientists, are the result of the power of the mind. As a fitting climax to the foregoing the conclusive proof of the Seven greatest wonders of all the ages are the result of the power of God.

A special musical number, "Jesus Loves Me," was rendered by little Miss Sophia Lee Nix, who was accompanied by Mrs. Campbell at the piano. The sweet cadence of the little singer's voice was magnified as she sang the last refrain in the Chinese language.

Coats Appropriate to Youth

Girls of twelve to sixteen years and their little sisters, spend many of their waking hours in utility wraps made of sturdy materials that will stand any exigencies of the weather and strenuous wear. Lightweight coatings in familiar weaves are chosen to make these garments for spring and summer wear and designs for them are simple and practical, colors quiet. Tans, grays, browns and blues, shepherd's checks and tan or gray mixtures find themselves always acceptable. If one is occupied with the choice of utility coats for children, these facts are guides that it is safe to follow. The model pictured on a little girl of five or so, at the right of the picture, is a type that one finds repeated—with little variations—in coats for all children, and made of various materials.

When coats are selected for occasional wear and not with an eye to utility alone, the choice of materials and colors immediately widens. For very little girls it is extended to taffeta, faille and rep silks and includes smooth-faced cloths. Tan is the favored color, but beginning with white, the color range includes blue in many shades, pink, rose, coral, soft shades of green, gray and brown. On some of these coats, collars and cuffs of fine embroidered batiste, in deep cream color, bespeak the dressy character of the garment.

For the girl in her early teens there are such tasteful garments as that one pictured on the fortunate flapper at the left of the picture. It will be safe to imagine it in tan or gray gabardine of a firm quality, with a contrasting color brightening the embroidered bands at each side of the back, which are mainly worked in the same color as the coat.

FAIRFIELD SCHOOL NOTES

This week closes our first month of school. We cannot realize that we will have the opportunity of glancing over the first report card next Monday.

The school is still growing. We expect to continue to grow. Our motto is, "Ever Onward."

Mrs. Eason and children of Emzy, N. M., have moved into this district. We are glad to have them in the school.

The freshmen are moving right along. We think they are going to put real "pep" into their work and show the Juniors and Sophomores that they are not the only High's on the job.

The Plane Geometry class is getting over to where real work will begin and we expect to conquer or die. We will accomplish something if we will only study and we find that real studying is the only real way to overcome our difficulties.

The girls' second team of basket ball are "snappy" players, and the first team has to hustle to keep ahead of them.

We were saddened last Tuesday morning by the news that Randol White, one of the grammar boys had the misfortune of getting his arm broken while trying to crank their car. We certainly hope that Randol will soon be able to perform his school duties. We miss him every day.

Mr. Blickenstaff, who conducted the "General Assembly" last Wednesday morning entertained us with a description of his visit to Chicago. We enjoyed it very much and it made us all wish we might visit a city.

The 7-8th grade room will give the program next Wednesday morning. The exercises will be conducted by Miss Karns.

Ophelia Greer, a member of the 8th grade class, was sick the latter part of last week.

Community Notes
Mr. Greer visited with his family Sunday.

The party given at the home of Mr. and Mrs. Curtis was greatly enjoyed by all.

The 8th amendment was voted down in the Fairfield precinct.

SENIORS ORGANIZE

This year the Seniors of the Portales High school started the year off right by being the first to organize.

The following compose the '22 class: Marjorie Capps, Dorothy Ham, Mamie Lott, Lucy Stinnett, Ruby Shook, Roma Stone, Lizzie Mae Swoape, Lucile Lackey, Libby Watts, Kenneth Bell, La Von Brown, Laura Allen, Velma Allen, Alma Austin, Prebble Boone, Jewel Bostick, Ruth Bostick, Burton Denison, Jasmine Fairly, Mary Elizabeth Hancock, Reed Murrell, Leonard Black, Claude Boone, Melvyn Davis, Everett Dupuy, Welcome Dixon, Howard Kenady, Otto Kaptina and Carl Reynolds.

At the first meeting Reed Murrell was elected president; Howard Kenady, vice-president; La Von Brown, secretary and treasurer; Everett Dupuy, sergeant-at-arms; Mary Elizabeth Hancock, class reporter; Burton Denison, yell leader. The following were appointed on a social committee: Roma Stone, Libbie Watts and Kenneth Bell. Prof. R. A. Young was chosen as faculty advisor.

This week the Portales Valley News job department turned out a neat folder for the First National Bank. You should get one. It is valuable to keep or send to a friend.
