3,000 ACRES OF COTTON WILL BE PLANTED

A $10,000 COTTON GIN FOR PORTALES

ROOSEVELT COUNTY WILL GO OVER TOP IN COTTON FARMING THIS SEASON

Geo. H. Hanker Optimistic

On last Friday afternoon Geo. H. Hanker and wife paid a visit to Portales. Mr. Hanker is the state chairman of the Democratic Executive Committee and has been touring the state looking over the political situation. He stated to a News representative that he felt the chances for a Democratic victory very bright, and that all will be needed for the Democrats all over the state to organize at once for the purpose of selecting the proper state delegates at the November election. He also stated that the state convention would probably be called in the near future and that a campaign of education could be pushed to the limit before the November election.

ANOTHER GIN FOR ROOSEVELT COUNTY

Emzy and Redland Community With Portales for the Erection of the First Gin

The cotton gin for Emzy and surrounding community is now at Odessa, Texas, and will be erected in the Redland community at an early date. The gin will be on the ground at Redland.

In this fine section of Roosevelt county's farming country, and a gin in this community will mean many acres planted to cotton. As it is just a step from the gin to Texas where cotton is now successfully grown, it will be a boon. The Portales Valley News is glad to see any section of the county devoting and always standing for the best interests of the community.

Information of the above enterprise was received from J. O. Osborn, the Redland, Monday afternoon.

What Some Entertaining Citizens Are Now Doing

J. R. Hodge has been doing considerable work on the G. M. Williamson farm which he recently purchased. He is improving the farm. He has just finished the first stage in the business and has the place in good order.

The Cotton gin for the M. G. Hanmer farm at the Baca Falls is now ready to operate. It will be ready to operate in the near future. It looks like a good outfit and will be a great help to this community.

I have recently seen your ad about the organization that helps those who are unable to earn a living. I do not know what the work is. I do not know if it is going to help or not. However, I have heard that something must be done to help the people who are in this position.

Someone mentioned "industrial rehabilitation," and I do not know what that is. I have heard of it, but I do not know if it is the right thing to do. I just do not know what to think.

What I do know is that Mr. Turner has installed this organization, and it is a very good thing. I have seen the returns that it has brought. The returns are very meager. The returns are not what one would expect. However, I have heard that Mr. Turner knew how to market them. He knew how to sell them. He knew how to get people interested in them.

I know that Mr. Turner was able to create something that was new and different. He was able to create something that was different from what was already there. He was able to create something that was different from what was already known.

I have heard that Mr. Turner was able to create something that was different from what was already known. He was able to create something that was different from what was already known. He was able to create something that was different from what was already known.

I know that Mr. Turner was able to create something that was different from what was already known. He was able to create something that was different from what was already known. He was able to create something that was different from what was already known.

I have heard that Mr. Turner was able to create something that was different from what was already known. He was able to create something that was different from what was already known. He was able to create something that was different from what was already known.

Phoebe of course have some things to fish for, eager to see the fish and hungry for the bait. We have some good fishing reports coming in.

The outlook for Crab is never in doubt. The bluefish are biting well and good-sized catches of them are being made.

Mrs. E. L. Little and little son, J. D., Jr., took dinner in the L. H. Little home Sunday. Grace was looking well, which pleased all.

Mr. and Mrs. Parke, daughter and husband of Lubbock, Texas, were visiting and staying in Lubbock until they leave for Clovis and have a pleasant odor.

The Indian Drum
By William MacLeod and Edgar Rice

SYNOPSIS

Chapter 1 - A storm. A story of the plains growing ever stronger.

Chapter 2 - The legend of the Indian Drum. A tale of courage and honor.

Chapter 3 - The protagonist's encounter with a mysterious drum. An adventure of discovery.

Chapter 4 - The drum's role in a battle. A test of strength and wisdom.

Chapter 5 - The drum's end. A solemn tribute to the past.

Chapter 6 - The drum's legacy. Passing on the traditions.

Chapter 7 - The conclusion. Reflections on the journey.

THE THEORETICAL NEXT

The Indian Drum, as described by William MacLeod and Edgar Rice, is a tale set in the Wild West, capturing the essence of the pioneer spirit and the rugged individualism of the time. It revolves around a mystical drum, which holds the key to the protagonist's journey and serves as a symbol of courage, honor, and the passing of time. The story weaves together themes of adventure, discovery, and the enduring legacy of the past, as the characters face challenges and are tested by the ways of the Wild West. The Indian Drum is not just a story of physical battles but also a metaphor for the internal conflicts and the moral choices that define the heroes and heroines of this era. Through its pages, readers are transported to a time of great change, where the old ways are challenged by the new, and the drum becomes a beacon of hope in the face of adversity.

FORTY-ONE YOUNG MEN AND LADIES GRADUATE FROM PORTALES HIGH

Next week is commencement week for the Portales High School. Forty-one young men and ladies will receive diplomas, and go out to be the co-workers of the older generation in this world. The results of their efforts and training will be widely felt in all parts of the country. This class contains students from schools in New Mexico's four principal cities. It is up to them to make good and bring credit on their homes and instructors.

The graduating class of 1923 is composed of the following:

Tina Marie Allen, Claude B. Boush, Bert Bolykin, Otto W. Boush, Howard Bond Hensley, Lenore, tackle; Jasmine Porter, Bessie Boush, Kenneth Lorenzo Bell, Thomas Neel Marrell, Lucile Wood, Mary Elisa Hensley, Margaret Capo, Mabel McInnis, Reva Will. 

Ruby Maroc, Frances Taylor, Margaret Capo, Mabel McInnis, Reva Will, Leonora Boush, Leonard Beatty.

Following is the commencement program for this class:

Class Representative:— Senator—(a) Hazel Reynolds and John Nix tied for second place; (b) Rojene Herndon, Virginia Herndon, Maxine Thomas—Second Honors:— (a) Oney Disney, (b) Chester Rilev.

Representative:— Senator—(a) Hazel Reynolds and John Nix tied for second place; (b) Rojene Herndon, Virginia Herndon, Maxine Thomas—Second Honors:— (a) Oney Disney, (b) Chester Rilev.

We are here to stay. If you want good, sanitary groceries at reasonable prices, with prompt delivery, call—1 Ruby Rings Phone No. 26.

R E M E M B E R S N O T I C E

My friend, I have bought the H. W. Fry cream business and will appreciate your cream trade, and will endeavor to give you the good service heretofore rendered by Mr. Fry. I invite you to handle your business at both this store and the new store at the head of South Main St. I have not moved. I will be at the old cream store on South Main St. in our new store.
