

# INTERNATIONAL SETTLEMENT IMPERILED

## Hatchery Project To Begin Sept. 10

### Loboes Impressive in Workout This Morning

#### Boys Run Plays From Double Wing; Squad Looking Good

The Cisco Loboes, still practicing despite the rains that have fallen here recently, worked out on the high school lawn this morning, Coaches Petty and Cooper sending the boys through a stiff scrimmage.

The players hurried through the workout looking as if they meant business as work for the opening game against Lubbock on September 17 moves along.

As the situation now stands it looks as if Cisco's starting lineup, although probably the smallest in the district, will be stronger than any Lobo team to take the field in the past several seasons, but the lack of substitutes will no doubt be the Cisco mentors' biggest worry.

The boys will have to get in shape rapidly and be prepared to give a full 60-minute fight.

With the opening of school September 13 will come a large group of players, but they will be without the two weeks of training the other boys will have and they must have time to develop. It is believed, however, that the boys will ripen out and from them will come some able substitutes that will be one of the greatest factors in a winning Lobo eleven this season.

With Steyer, Yarbrough, Yancey and Harrison totting the ball, the plays coming from a double wing-back formation, they showed a nice handling of the ball today to be only the fourth day of work.

The line showed some excellent blocking as the plays clicked consistently.

## BRITISH FLEET IS REINFORCED

### English Tanker Hit By Torpedo Sinks

LONDON, Sept. 2. (AP)—Britain, roused to indignant action by the mysterious sinking of a merchantman and the close escape of a destroyer from an unidentified submarine off the Spanish coast, ordered her fleet reinforced today in the western Mediterranean.

Informed circles said the government suspected Italy of strange, repeated assaults on shipping of many nations off the Spanish coast.

The tanker Woodford, flying the British flag, went down off the east coast of Spain when torpedoed yesterday by a submarine near where a British warship narrowly missed being hit by a torpedo Tuesday.

The Woodford's second engineer was killed and 6 of her crew were injured.

### Weather

WEST TEXAS: Partly cloudy tonight and Friday.  
EAST TEXAS: Partly cloudy tonight and Friday.  
CLOUDY

### Odie Kean Manager of Humble Station

New manager of the Humble service station at Eighth street and E avenue is Odie Kean who assumed charge of the station yesterday.

Humble products, Humble service and a line of accessories is handled by this attractive station.

## ROTARY HEAD HERE TODAY

### Administration Sets Three Goals

Ed McLaughlin, Ralls, governor of the 127th district of Rotary International, told the Cisco club today during his first official visit to the local club, that his administration has set three goals before it this year. One is a ten per cent increase in membership, the second is a ten per cent increase in the number of clubs and the third is the highest attendance record in history.

The district governor made a straightforward appeal for each Rotarian to discharge the obligations he accepted as a member, pointing out the various avenues of service to clubs, community and the world that are provided by the international organization.

### 1,900 Members

The 127th district, created out of the old 42nd, has better than 1,900 members, he said. He is seeking 200 more.

One new club has so far been organized. An attendance contest with the western district of Oklahoma, premier district of all Rotary international for attendance, has been entered into, the district governor said.

Cisco Club President Bob Cluck announced that the Cisco club would challenge the Ranger club to an attendance contest, the loser to furnish the program and meals for the winner at one luncheon.

An editorial from the Dallas News, commenting on the expulsion of Rotary from Nazi-land, was read by Rev. M. H. Applewhite, at the request of President Bob Cluck, and District Governor McLaughlin remarked that this action of Hitler was feared at the international convention in Nice. But, said he, Rotary is in Germany to stay. It may be temporarily suppressed, but once the Hitler regime is ousted and another government favorable to Rotary takes over, Rotary will spring up again over the length and breadth of the land.

Among the visitors present was Coach Tom Petty of the Cisco Loboes, who was a Rotarian at Nocona.

## Allred May Call Off Tax Raising Session

AUSTIN, Sept. 2. (AP)—Governor Allred made a startling statement today when he contemplated that the revenue raising session of the legislature might be called off, but quickly added that the possibility was "very slight." "I don't want to call them down here," he said, "unless I feel that the legislature is going to do something. However, I can't

## DIRECTOR OF STADIUM TO PILOT WORK

### Project Will Take 8 Months, Sixty Men To Be Employed

Work on the Cisco fish hatchery \$25,000 repair and improvement project will definitely start September 10, the day after the completion of the WPA football stadium, D. C. Harper of the Cisco hatchery announced this afternoon. W. F. Wilson, under whose direction the stadium has rapidly and durably been constructed, will be director of the hatchery project, and most of the men who are working or have been working on the stadium will be used in the hatchery work, it was said.

Of the estimated \$25,000 cost of the project, about 80 per cent of it go for labor, Mr. Harper said. The work will last eight months and will provide much work for Cisco workers.

About 60 men will be employed, two shifts of 30 each working half time.

According to the estimated cost, this project cost will be about double that of the stadium.

The work will be mainly changing of the creek channel at the fish hatchery where it has begun to cut into the hatchery. A stone retaining wall will be built along the creek to prevent its cutting any more into the hatchery, Mr. Harper disclosed.

The large amount of repair and improvement work included in the project will add greatly to the efficiency of operation of the Cisco fish hatchery, one of the best in the state.

There will be other minor improvements and repairs also, it was said.

There will be no enlargement of the hatchery included.

### Committee Members For Fair Appointed

EASTLAND, Sept. 2.—P. L. Crossley and County Superintendent C. S. Eldridge were named on a committee to assist fair officials at the carnival in Eastland Sept. 16-18 at the Lions club meeting recently on the Connellee hotel roof garden.

The committee was appointed upon suggestion of H. J. Tanner, secretary of the chamber of commerce of Eastland.

### SEARCH CONTINUES

GRAPELAND, Sept. 2. (AP)—Searchers afoot and aloft continued the search today for Cadet Guy Edgerton, missing for three days. No trace of the cadet was found as a hundred army planes scanned half the state.

## Teachers' President Foresees Peace in School Classrooms

### Great Awakening Among Educators of U. S. Predicted

By LYDIA GRAY SHAW  
AP Feature Service Writer

CASTLETON, Vt., Sept. 2.—Susan should have an easier time at school this year. Maybe she'll have to study just as hard, but her teachers won't be arguing so much over the comparative merits of the textbooks she should read.

In fact, Susan can look forward to a peaceful era in education, if the predictions of Miss Caroline S. Woodruff, newly-elected president of the National Education association come true.

No more wrangling, she says. Progressives have become more conservative, and conservatives have taken on a progressive tinge. That brings them both to the long-awaited happy medium in education.

### Each Side Wins Point

The Vermont woman—she heads the state teachers college at Castleton—characterizes the 1937-1938 school season thus:

1. Elementary and secondary schools will be less formalized—score one for the progressives.

2. Factual material will continue in the curriculum—score one for the conservatives.

3. First-hand experiences will supplement textbook dogma—it's a draw.

In addition, there'll be a great awakening among American educators, Miss Woodruff predicts. They're going to get away from petty details, like the kind of report cards to use, and the number of fire drills to hold, and take a look at educational methods in other countries.

### Progress in Other Nations

The National Education association will lead the way, she hopes, and eventually will incorporate into American educational methods the best elements of education abroad.

Mexico should be a starting point, Miss Woodruff feels, for there under the Cardenas administration as much money is being spent on nation-wide standardized education as on the army and navy. The aim of the government is to have every adult Mexican

From the Annual Report of the Superintendent of New York Schools FOR HER A CALMER YEAR  
Thousands like this little girl soon will return to America's classrooms for a term in which, it is indicated, teachers will spend more time teaching and less in debating pedagogical theories.

iterate by 1940. Emphasis is also being laid on vocational courses. Cuba, she says, is making great strides under Gen. Juan Batista, who has trained his soldiers to assist in making rural dwellers literate.

### Prominent in Her Field

National differences should be forgotten, while educators explore systems of countries like these, Miss Woodruff says.

Probably her background accounts for her world view.

She holds the degrees of master and doctor of education, was the first woman president of the Vermont State Teachers association, has held innumerable offices in the National Education association and is consultant on the Educational Policies commission.

PROPHET  
Miss Caroline S. Woodruff, new president of the National Education association, says the progressive-conservative split among teachers is narrowing.

## SQUADRONS OF JAPAN PLANES BLAST REGION

### No Objective Achieved, But Life, Property Toll Is High

BULLETIN  
SHANGHAI, Sept. 2. (AP)—Unconfirmed reports today said that Chinese military airplanes had flown to Japan and bombed Kagoshima, southernmost port of importance in Japan Proper.

SHANGHAI, Sept. 2. (AP)—Japanese air squadrons dumped bombs on the northern borders of the international settlement today, just missing sand-bagged sectors defended by the American marines.

Bombs played havoc with life and property but apparently achieved no military objective.

Shrapnel fell about American marine posts. American lines were directly in the range of fire.

Shortly before the bombing Japanese authorities warned the British army to evacuate its outposts on the western boundary of the international settlement as they prepared to bomb Chinese communication lines nearby. British did not reply.

In Tokyo Foreign Minister Koki Hirota indicated Japan's objective in the undeclared war was elimination of Generalissimo Chiang Kai-Shek, premier of China.

### Assume Charge of Chief Station Here

J. A. Twilley of Paducah, Tex., and Willie Wilcoxon of Cross Plains today assumed charge of the Chief Service station at Eighth and F avenue.

They will move their homes to Cisco and will identify themselves with the civic and social life of the community, they announced.

The station will handle Texaco products and service, together with tires and all accessories for automobiles.

### Three-Tenths Inches More Falls Here

Approximately three-tenths more inches of rain fell in Cisco this morning between 6 and 7 o'clock in short, hard shower, the second three-tenths inch rain to fall here in two days.

The rains, although small, are expected to be a great help to the crops of this section, need for which was brought on by an unusually dry year.

### Contest Winners Will Be Announced Tonight

Pictures of all entries in the Mills-Morton Studio baby contest that ended Sunday will be placed on display at the studio this evening at 7:30 and the winners will be announced at that time, it was said today.

The contest had a goodly number of entries and it is believed that the selection between the contestants will be difficult.

### Free Program at Park This Evening

Through the courtesy of the A-G Motor company, a big free program will be staged at the city softball park tonight with everybody invited.

The entertainment includes a game between the A-G Motor girl's softball team and the Nick Miller haberdashers.

The second part of the program features a free picture show given by the same sponsors of the ball game.

Mrs. Paul Harper of Moran was shopping in Cisco today.

## Breckenridge Group at Lake On Wednesday

Thirty-six, including boys, girls and chaperons, all members of the Senior Christian Endeavor of the First Christian church of Breckenridge were at Lake Cisco Wednesday evening.

While here the group had a picnic lunch and enjoyed the skating rink.

"We had a grand time," members of the group reported.

Those present were:

Irene Arnold, Georgene Earney, Genevieve Milliken, Helen Shaw, Mary Zimmerman, Laverna Kimble, Madella Ransdell, David Fry, Chatherine Earney, Laverne Black, Marynell Hill, Margorie Nell Bullock, Dena Slaughter, Beulah May Jones, Maurice Garner, Fern Jones, Mrs. Glem Shaw, Bobby Arnold, Mrs. C. R. Arnold, Florence Garner, Frances Earney, Billy Margrett Bramer, Sara Ann Ferguson, Mrs. Geo. Bassett, Geo. Bassett, Ollet McCain, Mrs. S. E. Hill, Mrs. T. M. James, Gwen James, Crowell Werner, Jack Owens, William Shaw, LeRoy Meador, Earl Clark, Raymond Lusby, Jennie Lauderdale.

Mrs. J. A. Bearman has returned from a visit in Dallas.

## RED FRONT IS BEATEN 12-11

### Sinclairs Move Into Playoff Lead

Scoring a 12 to 11 victory, the Smitty Huestis Sinclairs moved into the lead in the city soft ball seasonal championship series Wednesday night.

The game, a continuation of the always-heated rivalry between the two teams, who have been neck and neck in the race all through the summer, was an exciting contest.

Wilson, on the mound for the winners, allowed 13 hits while his mates were able to make only 6. Both teams made eight errors each.

One of the features of the game and one of the deciding factors was two home run smashes by Waddy Bennie of the winners.

Rylie, who relieved Boyett in the eighth round for the losers, accounted for a triple and Perot of Huestis and White of Red Front both made two-base licks.

Wilson struck out seven batters, gave up six bases on balls, earned runs and allowed 13 hits. Boyett gave six passes, struck out

(CONTINUED ON PAGE 5)

## Jobless Fund for Texas Soars Past 14 Million Mark

AUSTIN, Sept. 2. (Spc)—Past the fourteen million mark soared the "Jobless Fund" of Texas employees September 1.

Orville S. Carpenter, director of the Texas unemployment compensation commission, announced that \$14,010,000.10 had been received by the commission from 11,900 employers on the wages of 750,000 employees. This represents an accumulated fund for the ten months the commission has been in existence. An estimated additional \$6,000,000 will be benefited by 1938 at which time benefit payments to qualified employees will become payable.

The unemployment trust fund is deposited in the federal reserve bank at Dallas and is invested in government owned or guaranteed securities, to be held in trust for benefit payments.

### GIVEN CHANCE TO LIVE

KINGSVILLE, Sept. 2. (AP)—Physicians agreed today that the twins, brother and sister born by a posthumous operation Tuesday, had a fair chance to live. Mrs. Gorge Conde, 41, the mother, died of a heart attack. She was the wife of a tenant farmer.

### Agricultural Items From the County Agent

Thirty bushels of improved Nortex oats have been allotted the county agent for distribution in Eastland county by P. B. Dunkle, superintendent of the Denton Experiment station. It is intended that these seed be placed with farmers who are interested in keeping them pure and producing state certified seed. Improved Nortex oats have out-yielded Nortex several bushels per acre at the Denton station. Nortex oats, which were developed by the Denton station about ten years ago, have been the most popular variety in Texas for some time.

The Spur Experiment station, under Superintendent R. E. Dickson, which will be visited Wednesday by the group of Eastland county farmers, has pioneered in soil and water conservation. The practice of contour listing native pasture land, which is becoming popular in Eastland county, was originated by Dickson. Pasture land contour listed in furrows 40 inches apart has made more than twice as much grazing as land not listed. The furrows grass over in a seasonable year.

A few Eastland county farmers and ranchers who are using this practice are Frank Harrell and George Fee of Cisco, Dr. W. S. Carter, Cecil Shults and Bruce Eberhart of Rising Star, Oscar Schaefer of Nimrod, and Dr. M. L. Stubblefield of Gorman.

Commercial fertilizers, where properly used in Eastland county, have paid well this year. Farmers who placed their fertilizer several inches below the seed and from one to two weeks before planting, are getting excellent results.

Preliminary reports from demonstrators who are using superphosphate fertilizers obtained from the Tennessee Valley authority in cooperation with the county agent are:

A. W. Armstrong of Rising Star has obtained at least 25 percent more growth on peas to be turned under.

J. D. Pittman of Scranton got excellent growth on sudan where fertilized while his other sudan was practically worthless.

Claude Stubblefield of Carbon obtained a 100 per cent increase of growth of cowpeas.

J. W. Tune of Rising Star increased growth of peanuts at least 100 percent. He plans to turn hogs into the fertilized field to improve his land.

Land in cultivation many years has yielded better results from fertilization because it is more in need of the added plant food. Fertilizer tests being conducted in the county indicate at this time

that Eastland county soil in general is very shy on phosphates, and moderately shy on nitrates. Tests have not proved that our oil needs potash.

Ninety-nine Eastland county range applications covering more than one hundred thousand acres of pasture land have been sent to the state AAA office at College Station. Most of the applicants are building earthen tanks to qualify for payment in the program. More than 25 tanks have already been constructed. Some of the ranchers who have constructed tanks are J. O. Allen and F. E. Farrell of Strawn, J. D. Cook and I. S. Echols of Gorman, Walter Duncan of Eastland, Cecil Shults of Rising Star, W. L. Pippen of Dothan and George Fee, S. H. Hill, Mrs. C. Owen and J. P. McCantles of Cisco.

Fifty-six rabbits were killed in three weeks by Albert Simmons, who farms four miles south of Eastland, by using strychnine on quartered apples, which were placed in peanuts being damaged by the rabbits. Some farmers are using poisoned salt placed in 2x4 blocks along rabbit runs to control them. The salt is made by mixing an ounce of strychnine with one and one-half pounds of salt. One inch holes are bored almost through the blocks of wood and holes filled with the salt. The salt is dampened to cause it to cake so the wind will not blow it out and the prepared blocks are placed a few inches to the sides of the runs.

Ray Norris of Flatwood is keeping a complete farm record this year. While checking over his records with the county agent it was determined that his income so far this year has been almost a thousand dollars, while he has not yet gathered his crop. At the end of the year he will know what his profit or loss has been on each enterprise on the farm. He will have information which will enable him to know what farm enterprises are unprofitable and which it is worthwhile to enlarge and continue. A complete farm record book can be obtained through the county agent.

Use of hairy vetch, a soil improving winter legume crop, is being encouraged by the county agent, who is pooling an order for the seed. The vetch can be planted in rows or broadcast using 20 pounds per acre and mixing with small grain for a nurse crop. The seed should be planted in October after being inoculated with a good brand of inoculant. For best results the land should be given an application of superphosphate before planting.

Hairy vetch, planted before January 1, is recognized in the agricultural conservation program as a soil conserving crop.

Currency bills no longer contain silk threads, fragments of fiber having been substituted.

### Austin Company Lowest Bidder on Cisco Overpass

The Jensen Construction company of Austin was low bidder at \$109,004 for the construction of an overpass on the M. K. & T. tracks on Highway No. One in Cisco. The contract probably will be awarded shortly, highway department officials have disclosed.

Bidding on contracts for construction of the overpass which will carry Highway One over the Katy tracks on East Eighth street, was held in Austin by the Texas Highway department in Austin Friday.

Work on the bridge, to be a large, beautiful four-lane structure, will probably begin about the middle of September. Construction of the overpass is part of a project through which the route of Highway One will be changed to carry down Eighth Street instead of D Avenue. The west half of the project has been completed and paving of the east half will be bid upon in about 30 or 60 days, it was said.

### Medical Meeting Postponed Until September 14th

The meeting of the North Texas Medical association, scheduled to have been held in Cisco today, has been postponed until September 14, according to Dr. E. L. Graham.

About 125 physicians and surgeons of the association are expected to attend the meeting, including prominent guests from other sections of the state and from other states. Several of these will have places on the program.

The association covers territory extending from Fort Worth west to Sweetwater and from Wichita Falls south to Cisco. Dr. M. L. Stubblefield of Gorman is president and Dr. O. L. Kimbrough of Wichita Falls is secretary.

### Blast Wrecks Plant of Crusading Weekly

BELL CENTER, O., Sept. 2 (AP)—A bomb explosion and fire today wrecked the publishing plant of J. E. Manahan, who prints under contract The American Examiner, Inc., a crusading weekly newspaper. The damage was estimated at \$15,000.

### Parking Test Stumps Many in Maryland

BETHEDA, Md., Sept. 2 (AP)—After all these years the state of Maryland has decided that the holder of a driving permit should know how to park his car.

And so, behold the new gadget the motor vehicle department's examiners are carting around with them.

The thing looks very much like a plumber's nightmare, with a lot of elbow joints. Set up along a curb, the gadget marks off a parking area a little longer than the average automobile.

The trick of the examiner is to tell the applicant for a license to park his car within the bounds of the iron frame.

It sounds easy, but 20 applicants missed the target in one day and failed to get a driver's license.

### Nine Cent Loans on Cotton to Be Made by Gov't

WASHINGTON, Sept. 2. (AP)—Commodity Credit corporation officials announced Monday the government would make loans of 9 cents a pound on this year's cotton crop.

They also announced plans to pay a subsidy not exceeding 3 cents a pound to producers complying with next year's production control program.

The subsidy, it was announced, will be paid on only 65 per cent of this year's basic acreage. It will be paid next year after the growers have complied with the control program.

Loans, the Commodity Credit corporation said, will be 9 cents a pound on cotton classing 7-8 inch middling cotton, or better; 8 cents on 13-16 inch staple and middling or better in grade; 7-3-4 cents on 7-8 inch staple or less than middling grade.

#### Loans Restrictions

No loan, the corporation said, will be made on 7-8 inch cotton or better which is of a grade not

deliverable on contract under regulations of the New York and New Orleans cotton exchanges. No loan will be made on 13-16 inch cotton under middling grade.

The loans will bear interest at the rate of 4 per cent and will mature on July 31, 1938. To be eligible for loans, cotton must be stored in warehouses as soon as the necessary arrangements can be completed, but not later than Sept. 15.

A condition of each loan is that the producer-borrower must agree to participate in and comply with the 1938 adjustment program.

The RFC has authorized a loan of \$150,000,000 to the corporation for the cotton loan program.

Today's action was the result of a hurried agreement during the late days of congress between the White House and senate and house leaders. This provided that presidential approval for the cotton loan program would be followed by action on crop control legislation when congress reconvenes either in special, or regular session.

#### Authorized \$130,000,000.

Congress in the closing days of the last session authorized the secretary of agriculture to use up to \$130,000,000 for a cotton price

adjustment payment program on the 1937 crop.

Upon proof of compliance with the yet-to-be-enacted 1938 agricultural program cotton producers who sell prior to July 1, 1938, will be paid the difference between 12 cents a pound and the average price of 7-8 inch middling on the 10 spot markets on the day of sale. In no event, however, will the subsidy exceed three cents a pound.

Subsidy payments will be made on 65 per cent of a grower's base production.

It was explained, however, that if subsidy payments on the 65 per cent basis do not use up the entire \$130,000,000 fund, the base will be raised to a higher percentage and additional payments made on the basis of the new figure.

The amount of the individual payments will depend upon the level of the cotton prices at the time the producer sells.

The Bata shoe company of Czechoslovakia has an estimated capacity for producing 220,000 pairs of shoes in one day. It has more than 3,000 retail stores throughout the world.

Don't expect yourself or other persons to be perfect.

### Football Games To Be Broadcast Again by Humble

It was announced today that the Humble Oil & Refining company, sponsors of broadcasts of Southwest conference football for the past two years, will again sponsor these broadcasts during the 1937 season.

The broadcast will be over an extensive network of Texas stations, so that followers of con-

ference football in all parts of the state will be able to follow their gridiron favorites without difficulty.

Due to the 10-game schedule adopted by the conference this season, broadcasts will be more condensed than heretofore. On most Saturday afternoons, the Humble company will broadcast as many as three games, and on several Saturdays as many as four, according to tentative schedules now being worked out. This will give radio followers of football a comprehensive picture of the conference season.

The announcing staff is already well known to football fans. It

will include Kern Tips, Cy LeLand, Hal Thompson, Gene Wyatt, Tom Jacobs, Bill Hightower and others. Technical equipment, much of it bought new this year to take advantage of latest developments, will be unsurpassed.

The Morse Libby house in Portland, Me., is one of the most sumptuous Victorian American residences remaining. It was built about 1859 by a Portland citizen who made a fortune in the New Orleans hotel business.

Henry Fulcher, 97, of Petersburg, Ind., planted his 84th consecutive corn crop this year.

### Maybe Tea's For Two, But Not Money Orders

WASHINGTON, Sept. 2. (AP)—Postmaster General Farley is overlooking no bets when it comes to pinching pennies from post-office department customers.

He's just clamped down on the practice of sending money to two persons with one money order.

"Two persons, two money orders," says Farley's department in its orders to postmasters.

## A Safety Tip FOR YOUR Labor Day Trip

TAPPING RUBBER TREES ON FIRESTONE PLANTATIONS IN LIBERIA

From the Firestone plantations in Liberia comes an ever-increasing supply of the world's finest rubber. Money saved here and in manufacturing and distribution enable Firestone to sell a safer, first-quality tire at lower prices.

### Here's Why FIRESTONE STANDARD TIRES GIVE YOU MORE FOR YOUR MONEY

DON'T take chances on your Labor Day trip. Protect yourself and family by equipping your car with a set of new first-quality Firestone Standard Tires. Firestone builds extra quality and extra safety into these tires and sells them at lower prices because Firestone controls rubber and cotton supplies at their sources, manufactures with greater efficiency and distributes at lower cost.

**YOU GET EXTRA PROTECTION AGAINST BLOWOUTS**—eight extra pounds of rubber are added to every 100 pounds of cord because every fiber of every cord in every ply is saturated with liquid rubber by the Firestone patented Gum-Dipping Process. This counteracts the internal friction and heat that ordinarily cause blowouts.

**YOU GET EXTRA PROTECTION AGAINST PUNCTURES**—because there are two extra layers of Gum-Dipped cords under the tread.

**YOU GET EXTRA PROTECTION AGAINST SKIDDING**—because the tread is scientifically designed.

**YOU GET LONGER NON-SKID MILEAGE**—because of the extra-tough, long-wearing tread.

You need all of these features to make your car tire-safe on your Labor Day trip. Firestone gives them to you at lower cost. Join the Firestone SAVE A LIFE Campaign today by equipping your car with a set of new Firestone Standard Tires—today's top tire value.

### DON'T RISK YOUR LIFE ON SMOOTH WORN TIRES!

#### DO YOU KNOW

THAT last year highway accidents cost the lives of more than 38,000 men, women and children?  
THAT a million more were injured?  
THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to smooth, worn, unsafe tires?

As right is a section cut from a new Firestone tire. Note the thick, non-skid protection against skidding, blowouts and punctures. Come in and see by actual demonstration.

As left is a section cut from a smooth, worn tire, with non-skid protection worn off. Tires in this condition are liable to punctures, blowouts and skidding.

### Abilene Woman Wins W. T. U. C. Name Contest

As evidence that West Texas women have "time on their hands" as a result of modern conveniences, an Abilene "housewife"—who has leisure moments available for a joint hobby, registered Boston bulldogs, with her husband—today was credited by Dr. Charles Earle Funk, New York lexicographer, with originating a new name for her sex, "neolactress."

Mrs. Ben D. Parker, 2126 Grape street, was advised that her entry, "neolactress" which means "a modern woman alert to this new electric age," had been adjudged the winner in the territorial campaign sponsored by the West Texas Utilities company to find a substitute name for "housewife."

The second place award goes to Mrs. F. B. Probandt, 517 South Adams street, San Angelo, for her entry of "domestician." Third honors were accorded Mrs. W. B. Bourland of Oklaunion, who suggested the name "homeologist."

#### Other Entries

Others whose entries were adjudged meritorious by Dr. Funk were:

Mrs. Lee White, Dalhart; Mrs. O. R. Bodeen, Childress; Miss Jane Yeager, Rochelle; Mrs. R. C. Roberts, Vernon; Mrs. W. N. Pipkin, Matador; Mrs. S. G. Jones, Abilene; Mrs. J. Dexter Eoff, Ballinger; Anna Mick, Mason; Mrs. R. H. Bounds, Stamford; and Mrs. R. R. Trimble, San Angelo.

In coining the word "neolactress," Mrs. Parker pointed out that n-e-o means "new" and l-a-c-t-r-e-s-s suggests "a modern woman alert to this electric age." Typical of women who generally dislike dirty dishes and dirty clothes, Mrs. Parker emphasized the present-day from "dishes" and the laundry problem.

The service company's campaign for a new name for women was based on the theory that "the word housewife has become obsolete due to the improved status of women."

"It is true," Dr. Funk said in announcing his selections, "that the facilities for the effective management of the home have, within the past few years, become so notable as to remove—let us hope, forever—much of the ceaseless drudgery formerly a concomitant of that necessary field."

"My search for the winning name (neolactress) led me to seek a term that was not only new in every respect, but that would be formed with due regard to etymology and with a recognition of the fact that the chief agency in the relief of household drudgery is electricity."

Dr. Funk, editor of a widely used dictionary, declared "it is indeed high time that the term (housewife) formerly synonymous with household drudgery be relegated to the limbo of forgotten things." His interest in newly coined words led to his selection as judge, sponsors of the campaign said. It was claimed to be the first concerted effort in the nation to eliminate from popular usage a name the majority of women resent.

**FIELDS MOTION DENIED**  
RIVERSIDE, Calif., Sept. 2 (AP)—Judge O. K. Morton denied today the motion of attorneys for W. C. Fields, screen comedian, for a new trial of the civil suit in which Dr. Jesse Citron, Hemet, Calif., physician, was awarded \$12,500 medical fees for treating him during an illness last year.

Christmas is celebrated in Spain on January 6, which is known as the Feast of the Three Kings.

### Celebrate Golden Wedding

Mr. and Mrs. L. D. Stanford of Nimrod who recently celebrated their golden wedding anniversary with a house warming to which scores of friends and relatives from Nimrod, Cisco and distant points came to offer their congratulations.

### IN AND ABOUT MORAN

(By Bob Taylor)

#### LUNCHEON CLUB

The Moran Luncheon club held its weekly meeting Wednesday noon in the basement of the First Christian church here with 35 in attendance.

The group listened to impromptu speeches delivered by unforsically inclined club members. The Rev. Johnny Price, pastor of the First Methodist church, told what he would do were he a politician, which was followed by a brief explanation of "what I would not do if I were a politician."

C. D. Dickerson, traveling salesman from Albany, let the group in on "What I would do if I were a minister."

A talk of Homer T. Bouldin, Shackelford county judge, featured an account of his recent trip to Washington on behalf of the county's efforts at obtaining a national park grant for the Fort Griffin area north of Albany. Judge Bouldin reported that the Ft. Griffin project would receive first consideration when new grants were made next spring.

Guests included visitors from Albany, and Miss Ophelia Gresham, director of the new Home Economics department in Moran high school.

C. J. Watson, former teacher in the public schools here, is visiting friends here. He is en route to Iraan, Texas, where he is employed.

Jack Dennis, city secretary here, returned yesterday from a three day business trip to western Texas.

With fourteen applicants appearing in person to bid for the three jobs left vacant by the recent resignation of members of the high school teaching staff here, the school board of trustees convened Monday night to ponder over the variety of teaching talent placed at their disposal. After hours of deliberation and no

little heated discussion, the august body emerged from its room of destiny with its final decisions, which were as follows: For the position of teacher of English in high school, Morris Rogers, of Brownwood, a graduate of Daniel Baker college there, was selected. Maurice Norton, also of Brownwood, a graduate of Howard Payne college, was elected to head the social science department of high school, and Miss Gurthelee Lenox, of Sweetwater was selected to fill the departmental vacancy in grade schools. Miss Lenox is a graduate of Texas State College for Women, Denton.

Six new teachers completed the staff of 13 employed by the school system.

Others teaching here for the first time are Miss Ophelia Gresham, head of the new home economics department, Miss Reba Merl Williams, third grade, and Leslie Evans, principal of the grade school.

Howard Webster, former employee of a local grocery store has moved, with his family to Toya, Texas, where he will be employed by an oil company.

#### Soft Ball--

(CONTINUED FROM PAGE 1)

the same number, allowed only 9 earned runs and gave up six hits in the eight innings he was in the box.

Rylie issued two walks, struck out one, gave one earned run and no hits in his brief pitching role.

The game, nine innings, lasted one hour and 29 minutes. Cooper was scorekeeper, Dyer announced it, and Starling, Stamey and Sawyers were umpires.

#### TYPHOON CAUSES FIRE

HONGKONG, Sept. 2 (AP)—Fire, caused by a disastrous typhoon, raged through Hongkong today after a 125 mile wind had taken hundreds of lives ashore and at sea. It was believed that the death toll would pass 500.

#### CARD OF THANKS

We wish to express our deepest thanks for the kindness and sympathy which gave us comfort in the recent loss of our father, Mrs. M. E. Aycock and Family, T. H. Orton and Family.

### Gala Symphony Season to Be Begun Sept. 12

Presenting for its fourth season a brilliant array of world-famous vocalists, instrumentalists, conductors and familiar music of the great masters by the 75-piece Ford Symphony orchestra and chorus, the Ford Sunday Evening Hour will inaugurate its 1937-1938 series September 12 over the Columbia network.

Five eminent guest conductors will direct the orchestra and chorus during the season. The first eight concerts will be under the baton of Jose Iturbi, whose appearances on earlier Ford programs both as pianist and conductor have made him one of the best-known musical figures in America. Other famous symphonic conductors who have been named to direct the programs during the season include Eugene Ormandy, Alexander Smallens and Fritz Reiner. All appeared on the Ford Hour last season.

W. J. Cameron, whose short

talks on current events have highlighted the Ford broadcasts since their inception in 1934 will be heard on each program during the intermission. Interest in Mr. Cameron's talks had grown to such an extent at the close of the last series in June that 25,000 copies of his talks were being mailed weekly to those requesting them.

#### John Charles Thomas

Sharing honors with Mr. Iturbi on the opening broadcast will be John Charles Thomas, famous American operatic baritone, who has the distinction of being chosen for the second time to participate in an inaugural Sunday Evening Hour broadcast.

Amparo Iturbi, pianist sister of the conductor, will make her Ford debut and also her first concert appearance with her brother Jose, during the second program of the season. Assuming the dual role of conductor-pianist, Mr. Iturbi will play with his talented sister, and at the same time conduct the orchestra.

Guest artists for the next few broadcasts will include: Sept. 26, Richard Crooks, Metropolitan Opera tenor; Oct. 3, Kirsten Flagstad, Met. soprano; Oct. 10, Lu-

crezia Bori, soprano; and Oct. 17, Lauritz Melchior, tenor. The first nine guest artists appearing on the new series will be making their season's concert and radio debuts on the Ford Hour.

#### New Names

During the 1937-38 season, several new names are scheduled to appear on the list of guest artists. Among these will be Lawrence Tibbett, famous concert baritone and member of the Metropolitan Opera, Robert Casadesu, noted pianist, and Miss Iturbi.

Other celebrated stars of concert, opera and radio who will appear as soloists with the Ford Symphony during the new season will include Jascha Heifetz, violinist; Gladys Swarthout, mezzo-soprano; Nelson Eddy, baritone; Ezio Pinza, basso; Elizabeth Rethberg, soprano; and others. Hephzibah Menuhin, youthful pianist and her violinist brother, Yehudi, who made their first sensational appearance together on radio last season with the Ford Spmphony, will again be heard.

As in the past, the concerts will emanate from Detroit's Masonic Auditorium. Programs of Sept. 12 and Sept. 19 will be heard from 8 to 9 o'clock, EST (9 to 10 p. m.

EDST). Subsequent programs of the series will be broadcast from 9 to 10 p. m. EST.

### YOU CAN THROW CARDS IN HIS FACE ONCE TOO OFTEN

WHEN you have those awful cramps; when your nerves are all on edge—don't take it out on the man you love. Your husband can't possibly know how you feel for the simple reason that he is a man. A three-quarter wife may be no wife at all if she nags her husband seven days out of every month. For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age." Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through."

CISCO

Under the Courthouse Roof

THE EIGHTY-EIGHTH DISTRICT COURT

New Cases Filed
New litigation is about the rarest thing to be found around the courthouse these warm days.

Judgments and Orders
Virgie Maples vs. Cecil Maples, was awarded a decree of divorce and custody of minor children.

THE NINETY-FIRST DISTRICT COURT

Judgments and Orders
Willis Ralph Smith et vir vs. Metropolitan Life Insurance Co., suit on life policy.

New Cases Filed
The following new causes of action were filed in the district clerk's office for litigation in the 91st court:

Alpha Stroud vs. J. L. Stroud, divorce. Nola White vs. Geo. W. White, divorce.

THE DEPARTMENT OF THE COUNTY COURT

Licensed to Marry
The following couples have been issued licenses to marry during the past week:

Allen P. Phillips and Miss Lorena Wilson, Gorman. J. T. Hardman, DeLeon, and Miss Emma Lee Brothers, Strawn.

Matters in Probate
The following probate matters were considered during the past week in the probate court:

In the matter of the estate of Mrs. Annie Threet, incompetent, notice of hearing on application of Leslie Threet, guardian, to execute mineral deed on real estate of his ward, approved and order of sale issued and guardian authorized to execute mineral deed.

Application of O. B. Threet, administrator of the estate of L. F. Threet, deceased, for authority to sell oil and gas rights on real estate of said estate, on an undivided one-half interest, or 57 1-2 acres, in the M. Cherry survey, Callahan county, approved and order of sale issued after hearing.

Application of J. N. Hurst, independent executor, to probate will of Mrs. Addie Stone, deceased, approved after proof of alleged will established to the satisfaction of the court.

Application of W. J. Overman for letters of administration on the estate of Emma Bishop, deceased, filed and approved and citation issued for hearing September 6.

Application of Zona Clark to probate will of Mrs. Josie Atterberry, deceased, approved and citation issued for hearing August 30.

Application of Jim Jordan for letters of guardianship of Marshall Jordan, incompetent, approved and John F. White, Paul McFarland and Don Parker named as appraisers whose report was filed and approved, showing the value of the estate to be \$1,050. Letters

of guardianship ordered issued after said applicant had filed his bond for \$250 with L. T. Horton and P. D. Holliday as sureties which was approved. Said guardian, at the same time, filed an application for authority to execute oil and gas lease on property of his ward to James. D. Kittrell, of Dallas, approved and guardian was authorized to execute said lease after filing an additional bond for \$50, with the same sureties that he would faithfully account for the proceeds of said lease.

In the matter of the estate of U. Shugart, deceased: Will having been probated the court approved the report of appraisers named, which showed the value of the estate to be \$900.

Application of Mrs. Floy Morrison for letters of guardianship of the estate of Patricia Ann Morrison, minor, approved and letters ordered issued after hearing on the application.

In the matter of the estate of Birt Britain: Will probated and Mrs. Olena Britain issued letters testamentary as independent executrix. Report of appraisers approved as filed.

The following have filed applications to adjudged tubercular patients and are now pending for final disposition: J. M. Jarrell, V. H. Garrett, Billy George Blanton and Millie Echols.

Beer Applications
The following have filed application for the retail sale of beer: J. E. Bynum, of Rising Star.

Application denied. The court found Rising Star is dry territory, and applicant is non-taxpayer.

L. P. Kuykendall, to sell beer by case in Rising Star. Application pending for hearing.

T. R. Overby, to sell vinous and malt liquors containing not over 14 per cent alcohol in 500 block on West Main street in Eastland.

Instruments Filed
The following instruments are of recent filing for record in the county clerk's office:

Walker-Smith Co. vs. Ed Sargent, abstract of judgment. C. A. Lasiter, bond as public weigher of precinct No. 6. Mrs. Eva Brown to J. D. Lauderdale, trustee for W. L. Farmer, trust deed. City of Ranger to Mrs. O. D. Grant, warranty deed. W. P. Leslie et ux to Farm and Home Loan and Saving association, warranty deed.

D. L. Kinnaird to Anna Barbara Kinnaird, warranty deed. Humble Oil & Refining Co. to Beula O. Wiley et al, release of oil and gas lease. Ellison Rushing to N. D. Gallagher, oil and gas lease.

United States vs. Vernie Tyler, tax lien. United States vs. Harlas A. Allen, tax lien. United States vs. Omer L. Waldrop, tax lien. United States vs. Quinville Ingram, tax lien. J. D. Morrow et ux to Higgenbotham Bros. & Co., material man's lien. Reynolds Electric Co. of Ranger, assumed name.

Will Petty et ux to H. G. Cozby, warranty deed. Estate of L. C. Denman, deceased, certified copy of probate proceedings. Estate of J. M. Radford, deceased, certified

copy of probate proceedings and inventory of estate, showing net value to be \$563,030.58 and gross value to be \$1,113,466.06, as per report of appraisers. N. A. Moore to Bristol corporation, warranty deed. Otis B. Wright to Mrs. Jennie Wright Koonre, warranty deed. C. L. Garrett to Leslie A. Horn, warranty deed. Home Owners Loan corporation vs. S. J. Arthur, et al, abstract of judgment. W. L. Andrux et ux to H. I. Scitern, warranty deed. E. C. Brand, banking commissioners, to D. L. Kinnaird, transfer of assets of First State bank of Carbon. Cities Service Co. to Empire Oil & Refining Co., mineral deed. E. E. Cook, Jr., to John W. Turner, oil and gas lease, (three tracts). M. C. Carey to C. P. Carey, warranty deed. Rafael Cartagen to E. R. Awalt, warranty deed. Alice A. Derrick to J. A. Grisham, oil and gas lease. Louis L. Duet to Texas Consolidated Theaters, warranty deed.

Slaying Case to Grand Jury Again
AUSTIN, Sept. 2. (AP)—District Attorney Edwin G. M. Moorehead said today that the slaying of May 14 of Herman Hicks, Houston, by Representative B. F. Quinn of Beaumont, would be submitted again to the grand jury next week.

Several farms are now operating in this state, and pelts sell for \$20 to \$30. The coypu breeds rapidly, but the young are often destroyed by seagulls. The adults, weighing up to 25 pounds, resemble beaver.

Rangers in the Lake McDonald district of Glacier National Park, Montana, report that bear cubs, mere infants in age, already have learned how to beg.

Oregon Farmers Try Breeding Coypu

SCIO, Ore., Sept. 2. (AP)—Coypu raising is one of the latest ventures to attract Oregonians. This is the South American animal which supplies the fur known as nutria.

Several farms are now operating in this state, and pelts sell for \$20 to \$30. The coypu breeds rapidly, but the young are often destroyed by seagulls. The adults, weighing up to 25 pounds, resemble beaver.

BY HULBERT FOOTNER

SYNOPSIS: Neil, a resolute young federal agent, comes to Baltimore to spend a week's vacation with his girl. But they quarrel. Janet, who is tall, attractive and independent, refuses to break a dinner date with Prescott Fanning. Angriily Neil says Fanning is too old for Janet, too slick and spends too much money. Both peeved, they part and Neil sets out to check up on Fanning. He interviews an acquaintance of Fanning's, and a bellboy. Then a strange little gray man, David Eyster, sidles up to talk evasively about Fanning, calling him "a devil to women."

Chapter Three  
Cocktails With Fanning  
"What's Fanning's business here?" Neil pressed.

"I haven't been able to find out," said Eyster. "After all, I'm only one man and I can't tell him get on to me. But he's up to no good, you can be sure of that."

"What's his record?" Eyster shook his head. "I won't tell you... yet."

"Why can't we work together on this?" asked Neil. "We both distrust the man and want to prevent him doing any further harm."

"I don't care how much harm he does," Eyster interrupted. "Neil looked at him in exasperation. He seemed part madman, part child and scarcely human. Eyster moistened his lips. "The rotten he acts, the more fun it is to watch him," he said softly. "And the more satisfactory his finish will be."

"What do you mean, his finish?" Eyster declined to explain. "I like you, young man," he said with a grin. "You won't let anything on, but I can see that you hate him... I'll tell you something," he suddenly went on with a spurt of venom. "My hatred of Fanning is all I live for. And my business, that you asked me about just now, is to follow him around and watch him and feed it."

"Good God!" muttered Neil. "Why?" Eyster turned cautious again. "I'm not going to tell you anything more until I've tested you out," he said. "I don't want my plans interfered with."

"What's going to be the end of this?" asked Neil. "The end may be slow in coming," said Eyster, grinning. "but it's certain!"

Neil looked at him, wondering how to deal with such a crackpot. "Do you know about his yacht?" asked Eyster.

Here was a bit of real information. "No. What yacht?" "He has just bought a yacht called the Nadji. I can't figure what he wants a yacht for."

"Won't it be difficult for you to follow him if he goes off on a yacht?" suggested Neil, fishing.

"I have made my arrangements," said Eyster grinning. "Where's the yacht lying?" "At the City pier, foot of Broadway," Eyster got up abruptly. "Have you ever seen Fanning?" he asked.

"No." "Well, here he comes. I'll leave you."

Over the Bar  
Following the direction of Eyster's glance, Neil saw a tall, dark, handsome man coming in from the street. At first glance he scarcely looked the 39 years he confessed to, but as he came closer Neil judged him about five years more than that. He was in the pink of condition with a skin as fresh as a baby's. His black eyes were set close together, giving him a foxy look; they were the kind of eyes that turn continually and overlook nothing. A hard face, but rendered superficially attractive by a good-natured smile. A crook and a slick one, thought Neil.

Fanning, nodding pleasantly to his acquaintances in the lobby, strolled on into the bar. After giving him a moment or two, Neil followed.

He found Fanning leaning negligently on the mahogany, watching the bartender stir him up an old-fashioned cocktail. Neil lined up nearby and looked him over in the mirror without appearing to.

Fanning was wearing a perfectly-cut gray flannel suit and an expensive Panama hat. His shirt and tie were just a little different from anybody else's. Evidently a man who gave a good deal of thought to his dress. Neil,

who bought good clothes without thinking about them, resented it. Just the sort of thing to catch a woman's eye!

Since it was the hour before dinner when nobody is in a rush and each of them was alone at the bar, it was natural to fall into talk. When Neil also ordered an old-fashioned Fanning said with his ready smile:

"Great minds think alike!" "Great ones and small ones too," said Neil.

Fanning laughed. "Are you registered here?" "No. At the Stafford."

"My name is Prescott Fanning." "I'm Walter Patton."

"Where from?" "New York."

"That's my town too. But I'm thinking of retiring and settling in Baltimore."

"You're a young man to be talking about retiring?" "Oh, well, I'm not ambitious," said Fanning. "Forty or fifty thousand a year is ample for my needs. I'm looking for a place in the Green Spring valley. Nothing opulent or showy, you understand. A small place, but perfect in every appointment. That's my ideal. Two or three blooded horses in the stable, a flat field where I can land and take off in my own plane."

Blow-hard! thought Neil. "Are you married?" "Pleasantly. No, indeed," said Fanning laughing. "I'm too fond of the sex to tie myself down to one. Women are like wines—you want a different type with every course. I wouldn't give up champagne just because I like Johannisberger."

Neil fingered his glass longingly. He had a terrible yen to flip the contents in the man's face.

Shrewd Questions  
"Tell me, how did you make enough to retire so early?" he asked laughing. "That's something every man is interested in."

"In the Street," said Fanning.

carelessly. "Things are coming back."

"As an operator or a broker?" "Both... You hear a lot about the cleverness of Wall Street men, but believe me it's all a myth. They're so dumb that a fellow of just ordinary intelligence like me can go in and clean up in short order," he laughed. "What's your line?" he asked.

"Contract man for a firm of contractors. What's your firm?" "I'm out of the Street now... Have you heard this one?"

He told a funny story about Wall Street. While his mouth was full of humorous friendly talk, the foxy black eyes never relaxed their vigilance. Neil had the sense that he was being keenly sized up in his turn.

He matched Fanning's story with another. Fanning laughed and clapped him on the back. "I like you, Patton! You and I speak the same lingo." He beckoned to the bartender. "Set 'em up, Jim. This round is on me."

Neil reciprocated. By the time they had had three, a perfect barroom friendship had developed. But while the drink appeared to loosen Fanning's tongue, he made no disclosures about himself. When Neil asked a question, he told a funny story. From time to time he slipped in a shrewd question of his own. Neil answered with seeming frankness, but Fanning's sharp eyes hardened.

He is suspicious of me, Neil thought, and he doesn't mean to let me go until he's found out what I'm after. Well, two can play at that game.

Neil answers an incriminating phone call in Fanning's room, tomorrow.

About 35,000,000 trees were distributed through federal and state cooperation to farmers in the last year for planting farm forests, windbreaks and shelterbelts.

# News of Cisco Trade Territory Told by Correspondents

## REICH

The Reich home demonstration club met at the home of Mrs. J. M. Dillion and Miss Brunie Friday, August 27. There were four members present. A regular business meeting was held and an annual social for the club members and families was planned.

Miss Addie Mae Horn spent the week-end at Cisco with her brother, R. H. Horn, and family.

Kenneth Boatman spent Monday with Udell Morris.

Mr. and Mrs. J. M. Dillion and daughter, Brunie, attended fifth Sunday singing at the East Side Methodist church in Cisco Sunday evening. Others from this community attending were Mrs. W. T. Plumlee and children, Vadus, Oleta and Odell, and their friend from San Saba county, and Mr. and Mrs. W. E. Morris and children and Chester Derrick.

Mr. and Mrs. J. M. Dillion and Miss Brunie and Miss Addie Mae Horn attended the funeral for Mrs. Sallie Manning at Cisco Monday.

Marzie, Loucille and Mary Boatman visited Abbertina Rogers Monday evening.

I. J. Lamb was visiting grand-children in the community Friday evening and saying good-bys as he was going to leave for his winter home at Port Lavaca Sunday. He visited Mr. and Mrs. F. L. Rains and children and Mr. and Mrs. W. E. Morris. He was accompanied by his son, C. J. Lamb, of Cisco.

Mr. and Mrs. F. L. Rains and children visited Mr. and Mrs. G. W. Horn a short while Sunday night.

Mr. and Mrs. B. B. Gregory of Kilgore are visiting her parents, Mr. and Mrs. R. D. Vanderford.

Chester Derrick and Albertina Rogers visited Mr. and Mrs. W. E. Morris a while Saturday night.

Mrs. J. M. Boatman visited Mrs. Threet Monday.

## SHADY GROVE

Mrs. J. T. Graves and Dorothy White spent Friday evening with Mrs. J. W. McKinney and girls.

Mr. and Mrs. Omar Finley and Mrs. Mag. Finley of Cisco, spent Sunday with Mr. and Mrs. E. I. Finley and daughter.

We regret very much to hear that our neighbor, Mr. and Mrs. W. D. Swan are moving to Gorman.

The Shady Grove Community Fair will be September 15, 1937.

Mr. and Mrs. Harvey Thurman and children spent Tuesday evening with Mrs. J. C. Thurman and sons.

Kent and Willie Word and Aunt Dora attended church at Cisco Sunday.

Mr. and Mrs. Henry Clements of Kilgore spent Saturday night and Sunday with J. T. Graves and family.

Miss Willie Word and Aunt Dora Patterson spent Tuesday with Mr. and Mrs. W. R. Swan.

## Good Roads for Cisco Country

Here are scenes made of the "farm to market" road which Comm'r Arch Hint recently completed from Highway No. 1 at a junction just beyond the Harrell crossing overpass, three miles west of Cisco, to Highway 23, serving the Bluff Branch and other communities northwest of Cisco. The road is typical of several that are being built in Precinct Four.

Surfaced with caliche, they may be traveled in all weather. The solid masonry construction of the drainage structure is evident, while the manner in which the dump is protected with rip-rapping or rock is also pictured. The road was built with Works Progress administration labor under the direction of Tommy Gordon.

## GUNSIGHT

Mrs. Beckie Thompson of Acket is visiting her daughter, Mrs. Mandy Perry.

Gun Loudder has returned home after a visit with his brother, Ernest of Dimmett.

R. E. Dye of Breckenridge and John Blackburn were sightseeing in Cisco, Eastland and Ranger Sunday.

Don Boles of Lubbock has returned home after a two weeks visit to his grandparents, Mr. and Mrs. E. W. Boles.

Mr. and Mrs. Lynn Holbert of Westbrook and visiting the latter's parents, Mr. and Mrs. J. H. Dye.

Miss Vernon Loudder and Mrs. Millie Baggett were shopping in Breckenridge Tuesday.

Ross Perry of Albany visited his parents, Mr. and Mrs. O. H. Perry, Sunday.

Mr. and Mrs. Carl Johnston, Mr. and Mrs. Claud Boles and

## SABANNO

Mr. and Mrs. Thurmand Armstrong and daughter have returned to their home in Arp after visiting Mr. Thurman's parents, Mr. and Mrs. W. P. Armstrong here last week.

Miss Billie Porter returned home Saturday from Echo, where she has been visiting relatives for the past week.

Mr. and Mrs. O. G. Ballard had as their Sunday dinner guests Misses Josie and Alma Morris, Mrs. Shook and Mr. and Mrs. Guy B. Long.

Mr. and Mrs. J. I. Harris and Mr. and Mrs. Willie Duke and daughters were the dinner guests Sunday of Mr. and Mrs. F. M. Hill.

Alfred Thate spent Saturday night and Sunday with Burnett Porter.

Miss Marie Long was the dinner guest Sunday of Miss Irene Lane.

Mr. and Mrs. France Dill of Cross Plains are visiting Mrs. Dill's parents here.

Mr. and Mrs. I. H. Hall and family of Cross Plains, Jack Smith of Rising Star and Bill Crawford of Cocker visited Mr. and Mrs. Edwin Erwin and family Sunday afternoon.

Miss Zelda Harris was the Sunday dinner guest of Miss Jewell Sims.

Mr. and Mrs. John Duke and sons and R. C. and Rechell Seal were the dinner guests Sunday of Mr. and Mrs. Albert Gage and family.

Miss Maudie Mae Seal visited Miss Pauline McCann Sunday.

Ruin or damage by erosion of 100,000,000 acres of soil in the United States is blamed by the government on faulty use of land.

## Collum Takes Post at Stephenville

EASTLAND, Sept. 2.—Resignation of G. W. Collum, for two years and seven months director of the Eastland high school band, has been accepted by members of the school board, it was announced Monday.

Collum resigned the post to accept a similar position at Stephenville high school.

"I regret very much to leave Eastland, but the advantage of John Tarleton college for my children has influenced my decision to accept the Stephenville position," Collum stated.

Previously Collum had been band director for the Cisco high school.

The Band Booster club Tuesday at 6:30 at the City Park in Eastland will honor the Collum family. An invitation to everyone to attend was extended by the club. Each was asked to bring a picnic supper.

Glenn Collum, a son, plans to enter J. T. A. C. for the next session. Miss Evelyn Collum will remain in Eastland for some time. The family will leave Wednesday. Collum has been a member of the Lions club at Eastland and cooperated in civic undertakings. In the Lions club he was the organization's pianist.

Plans for a successor to Collum are under consideration by the Eastland school board.

A 15-cent piece of Ohio paper money, issued in 1806, is owned by Sampel Bowles of Bellbrook, O.

Bracelets were the chief ornaments of ancient German tribes.

## Recreational Project For Cisco Proposed

The Cisco Lion's club at its regular weekly meeting Wednesday had as its program a discussion of a proposed project to organize the boys and girls of the town into clubs and to plan means for improving recreational facilities and possibly creating new ones for the betterment of social conditions among the younger classes.

The Lions were very enthusiastic about this plan and behind their backing the recreation centers of the town should witness a great improvement while new ones are being added.

The Lions are to be commended for the planning of so excellent a work and if their plans prove successful they deserve all the backing that the town is able to afford.

Campers in the national forests are required to get a permit before building fires.

The flintlock rifle remained in general use for nearly 200 years.

... then say,  
"I can't afford the advantages of gas automatic hot water system"

THE rock-bottom down payment, the liberal trade-in allowance, the small monthly payments available now on newest-type automatic gas water heaters are only the beginning of the many continuing advantages of gas water heating equipment.

Gas brings you economy that mounts up year after year. Economy in upkeep of equipment — for there's virtually nothing about these sturdy heaters to wear out or develop "expensive service trouble." That means an important saving every year over any other equipment. On top of that your low-cost natural gas service makes gas water heating much cheaper than any other method.

So figure it out for yourself! Get all the facts about the improved efficiency of these modern heaters. Then you'll see that the cost of automatic hot water service provided by these newest heaters is less than obsolete or inefficient methods.

### Funeral for Mrs. Manning Held Monday

Funeral services for Mrs. Sallie Manning, who died Sunday, were held Monday afternoon at 4:30 at the Nazarene church with Rev. Luther Pryor conducting the services.

Rev. Pryor was assisted by J. W. Cook who led the prayer and read the scripture. The sermon was built around four phrases, "Death of a Christian," "Entering Into Life," "Asleep in Jesus," and "Forever With the Lord." During his remarks Rev. Pryor mentioned the Christian life that was led by Mrs. Manning, who was a charter member of the Nazarene church and who had been active in church work for the past 27 years.

Flower girls in charge of arranging the sprays at the burial were, La Unia Cook, Waldine Horn, Annie May Elder, Vera Elder, Payton Parmer, Geraldine Rains, Helen Draganis, Elvie Elder, and Edna McCrary.

A special song, "Goodnight Here Is Good Morning Up There," was sung by Ouida Huestis and Mrs. Alfa Elder.

Mrs. Manning, 57, was a long time resident of Cisco and was loved by everyone that knew her. She died after a several month illness.

She was buried at Oakwood cemetery with Neil Lane Funeral home in charge of funeral arrangements. Pallbearers were: Arlen Agnew, Alfred Agnew, Rube Calloway, Ira Pence, Andrew Gossett, and Doyle Gilmore.

Survivors: Step children—Mrs. J. L. Shockley, Mrs. Harvey Truett and Mrs. W. M. King, all of Dallas; Ben P. Manning of Houston; two children by first husband—Henry Parmer of Cisco and Mrs. Ina Greer of Comanche; three children by her last husband—Travis Manning of Eastland, Mrs. Gordon Wadley of Cisco and Mrs. Jewel Berry of Cisco.

Sisters—Mrs. Van Parmer and Mrs. John Tickner of Cisco; Mrs. C. B. Yeager of El Dorado, Okla.; Mrs. S. D. Gossett of Hamilton; Mrs. Travis Anderson of Dallas.

Brothers—Walter, Neil and Henry Agnew, all of Cisco.

Of 85,000 farm families in North Dakota, nearly 45,000 families depended on the Resettlement Administration for aid in 1936.

Howard Miller, 62, blind farmer living near Berne, Ind., can locate hiding places of rats and has trapped 489 in the past 10 months.

fourteen living children. The photograph was made in the course of a family reunion attended by seventy-seven relatives at Lake Cisco. Seated left to right are: Mrs. H. B. Fullerton of Abilene, Mr. and

Mrs. M. H. McCanlies. Standing left to right: W. C. McCanlies of Phoenix, Arizona; J. E. McCanlies of Cisco, N. S. McCanlies of Cisco, Mrs. S. A. Huestis of Cisco, Mrs. L. L. Lamb of Athens, Mrs. Ted

Bacon of Cisco, J. P. McCanlies of Cisco, Mrs. William Stone of Alto, New Mexico, Mrs. A. A. Harwell of Glendale, Arizona, and S. H. McCanlies of Cisco.

Photo by Mills-Morton

### Pioneer Couple Hold Reunion at Lake on Sunday

By R. W. H. KENNON

It was 59 years ago Sunday, on August 29, 1878, when Madison H. McCanlies and Margaret Jane Black took the vows that united them in the bonds of wedlock in Navarro county, Texas. The anniversary of this happy event was celebrated Sunday at Lake Cisco when the McCanlies clan gathered in a joyous family reunion to enjoy a basket picnic and barbecue under the pleasant shade trees in the Lions-Rotary park below the bathing beach. The celebration Sunday culminated 59 years of wedded bliss in which this esteemed couple have lived together, and there were assembled 56 of their descendants, counting the "in-laws," children, grandchildren and great grandchildren. With Mr. and Mrs. McCanlies and relatives of this couple there were 77 present of near relatives of the principal celebrants.

The party made a day of the event Sunday, commencing early in forenoon and remaining until past mid-afternoon. The ladies of the party had prepared a delectable feast, consisting of those delicacies common to the perfect housewife. Supplementing the splendid feast there was a delicious barbecue of beef and kid, which was prepared in an open pit on the ground, and which was

not the least of the enjoyed repast.

While the older members of the McCanlies clan reminisced on things of the past and lived over the times when their children were young, the younger set participated in the amusements offered at the resort, such as swimming, skating, rides on the miniature railroad, etc.

#### Parents of 15 Children

Mr. and Mrs. McCanlies are the parents of 15 children, 14 of whom are living, and all were present except three. The absent ones were Mr. and Mrs. H. A. McCanlies, their three children and two grandchildren of Monahans; Mr. and Mrs. Virge McCanlies of Lubbock, their six children and one grandchild; Mr. and Mrs. H. W. McCanlies and child, of San Francisco, Cal. Adding those absent to those present Sunday, there are 99 living members of the McCanlies family, 97 with in-laws, the fruits of that marriage union consummated in Navarro county 59 years ago.

Eleven children of this couple were present, who with their husbands and wives, were:

Mr. and Mrs. J. P. McCanlies, their two children and one grandchild, Mr. and Mrs. J. E. McCanlies, their three children and four grandchildren, Mr. and Mrs. W. S. McCanlies and four children, Mr. and Mrs. S. H. McCanlies and four children, Cisco; Mr. and Mrs. H. B. Fullerton and one child, Abilene; Mr. and Mrs. L. L. Lamb and three children, Athens; Mr. and Mrs. Ted Bacon and five children, Cisco; Mr. and Mrs. A. Harwell and three children, Glendale, Ariz.; Mr. and Mrs. W.

C. McCanlies and child, Phoenix, Ariz.; Mrs. Billie Stone and three children, Alto, N. M.; Mr. and Mrs. A. S. Huestis and two children, Cisco.

#### Pictures Made

In the afternoon pictures were made of those present by the Mills & Morton studio of Cisco. First, Mr. and Mrs. McCanlies who were pictured with the wedding cake, a choice layer confection, which was a work of art, the product of H. B. Fullerton, son-in-law, of Abilene, which was adorned with a miniature bride and groom. Then the eleven children with their parents, posed before the camera, and last the entire group of children, grandchildren and great grandchildren with the founders of the house of McCanlies.

Other relatives present were Mr. and Mrs. C. M. Black, brother of Mrs. McCanlies, and their daughter, Mrs. Allen Rhodes and daughter, Frances of Loraine; Mrs. T. R. Payton, Mrs. Will Johnson of Stanton, and Mrs. Ida Mae Laird of Breckenridge, all three being nieces of Mr. and Mrs. McCanlies.

Mr. and Mrs. McCanlies are pioneers of Cisco, having come here among the first of those now living, and it was at their farm home, two miles west of Cisco, where their children were born and reared to reach their majority. Their long residence here has made them among the most widely known of Cisco and Eastland county people, and their children are all known as upright, honorable and industrious citizens, each of whom have achieved more or less success in their chosen vocations.

Today their numerous friends and intimates are extending them their congratulations on their long and happy wedded life. While both are facing the sunset of life's journey, having been blessed with more than the Biblically allotted span of life, yet each of them are enjoying the best of health and are still actively carrying on their duties as they find them.

The word electricity is derived from electron, the Greek word for amber.

### Articles Made By Adult Class Now on Display

The homemaking and art classes of the adult school, taught by Miss Gladys Tomlinson which is one of the most interesting and helpful classes in the entire adult system, have on display in the window of the Cisco Transfer company articles made by members of the class.

A floor lamp, the base made from the inside of an old steering wheel, the standard made from a mop handle and a shade purchased for a small sum and painted in colors to harmonize with other articles in the room, oil painting done on the ends of apple boxes, book ends with base felt-covered, table lamps made from pickle jars and bud vases made from small bottles with the use of plastic clay, were among the articles shown.

Painting done in oil on beaver and prints made into the plaques were other interesting articles. Classes are taught in the care of blankets and selection of cotton for mattresses, and in harmonizing colors for the home, and numerous other arts.

A class in better speech and practical English, the same course used by the literary clubs and over the radio, is taught. Classes are held every day except Saturday from 2 to 5 at 200 Johnston street. The public is invited to join these classes and to visit them and see the work being accomplished.

The de luxe Japanese train called "Tsubame" (chimney swallow) will have air-conditioned dining cars as a regular feature of its Tokyo-Kobe service.

### Doves Cannot Be Shot Before September 15

Although the state regulated dove season opens September 1, Texans will not be allowed to shoot doves until September 15, date of federal dove season opening, it was said here Saturday.

This means anyone caught shooting doves before September 15 will be turned over to federal authorities, it was said.

Heretofore Texans have been accustomed to beginning on the first of September, but this year they must wait 15 days.

Ropes can be had as small as 3-16th of an inch in diameter.

An ensign is a flag flown on ships.

### Aged Father of Mrs. M. E. Aycock Buried Saturday

Funeral services for J. A. Orton, father of Mrs. M. E. Aycock, who died Friday at his home in Brownwood, were held at Oakwood cemetery Saturday afternoon at 3:30, with the Rev. Joe I. Patterson officiating.

A Brownwood undertaker was in charge of funeral arrangements.

Mr. Orton, who was 91 years old April 17, is survived by Mrs. Aycock and a son, Jack Orton of Brownwood. Six grandchildren and seven great grandchildren also survive. Mrs. Aycock was at the bedside of her father three weeks preceding his death.

Born in Davidson county, Tenn., near Franklin on April 17, 1846, he entered into service in the Civil war where he served as an active confederate, coming to Texas later and settling at Brownwood.

He was married to Miss Eliza Josephine Coleburn at Mt. Pleasant, Tenn., in December, 1866. Mrs. Orton died in October, 1914, and Mr. Orton had been living alone since. She was buried in Oakwood cemetery.

Tientsin is one of the most important foreign sources from which American manufacturers obtain bristles used in producing high-grade brushes.

Brice, E. P. Crawford, R. A. Bearman, Vance Littleton, O. L. Stamey, Hubert Seale, K. H. Pittard, Leon Maner, D. G. Streater and O. L. Greer.

**Dorothy Jean Watson Honored on Birthday**

Miss Dorothy Jean Watson was complimented by her mother, Mrs. E. R. Watson, with a party Wednesday afternoon in celebration of her ninth birthday. A color theme of pink and white was used throughout the party. Bouquets of pink and white roses were attractively arranged as floral decorations. Various games and contests were played and favors of blow out snakes and biff bats were given the guests. Refreshments were served to Dorothy Jean Watson, Elizabeth Cope, Peggie Lou Nix, Maudie Rose Potter, Bettie Lee Alsop, Bettie Jo Thurman, Emilee Jones, Bobbie Earl Travis, Richard Moore and Mrs. Watson.

**Mr. Bergh to Resume Classes September 15**

Hjalmar Bergh will return next week to resume his classes in piano and voice on September 15. Mr. Bergh attended the McPhail School of Music, Minneapolis, Minn., studying voice, counterpoint and composition with eminent instructors. He spent the latter part of August in northern Minnesota as the house guest of the well known young pianist, J. Earl Lee, of the faculty of Augustana college, Sioux Falls, S. D. Mr. Bergh's studio will be located at the home of Mrs. R. C. Hayes, 808 West Ninth street.

**SPENDING VACATION**  
George Robert Winston, engineer for radio station, WWL in New Orleans, La., is spending his vacation with his parents, Mr. and Mrs. George Winston.

**FIRST PRIZE**  
Super-Duty Frigidaire  
Mrs. Ben D. Parker  
of Abilene  
(See Photo Right)

Happy but almost speechless was Mrs. Ben D. Parker, 2126 Grape Street, Abilene, when shown the super-duty Frigidaire her entry in the "name-a-housewife" contest had won. "I need it, too," she told Harold D. Austin, who made the presentation. Thoughtful of Mr. Austin, who sells the refrigerator, she obligingly added: "Every woman needs a Frigidaire!"

Advertising Manager  
West Texas Utilities Co.,  
Abilene, Texas.

Dear Sir:  
The purpose of the contest that your Company arranged is one that should appeal to every American woman, for it is true that the facilities for the effective management of the home have, within the past few years, become so notable as to remove -- let us hope, forever -- much of the ceaseless drudgery formerly a concomitant of that necessary field. Science and invention, I am sure, will shortly find ways to eliminate the few remaining onerous duties. It is, therefore, indeed high time that the term formerly synonymous with household drudgery be relegated to the limbo of forgotten things.

Accordingly, I have examined with the greatest interest all the entries that you sent me by airmail. I can not be certain, naturally, that any of them would become the one term that will be received by American women as a permanent and acceptable substitute for the outmoded term "housewife." I think, therefore, that your plan to offer a selected list of prize-winning terms is the wise procedure, thereby suggesting possible lines which may lead to a term -- perhaps altogether new -- that may be generally accepted.

I regret that a great many of the entries seemed to me altogether too flamboyant and fanciful for even brief consideration. Others, tho the contestants may not have realized it, were terms already employed in our language with far different meanings. Others were altogether dependent upon the correct pronunciation for their significance.

My search for the winner of the contest led me to seek a term that was not only new in every respect, but that would be formed with due regard to etymology and with a recognition of the fact that the chief agency in the relief of household drudgery is electricity. This word I found in **Neoelectress**, coined by Mrs. Ben D. Parker, of Abilene, Texas.

For second choice, I have selected the entry of Mrs. F. B. Probandt, of San Angelo, whose word is **Domestician**. My third choice is the entry of Mrs. W. B. Bourland, of Oklaunion, whose word is **Homeologist**. The remaining selections, in the order of my preferences, are attached hereto.

Very truly yours,  
*Charles Earle Funk*  
Charles Earle Funk.

Do you like "Neoelectress"? N-ee means new. Lec-t-r-e-s-s has the feminine ending and suggests electricity. Taken together, the word suggests a modern home maker alert to this new electric age. Dr. Funk, in his letter, says "the chief agency in the relief of household drudgery is electricity." Thus, we define "neoelectress" as meaning "a modern woman freed of kitchen drudgery by Electric Servants." The name is being copyrighted with that definition.

The contest was successful because it attracted attention to the improved status of West Texas women. A thousand women specifically said they dislike the name "housewife." However, it is more difficult than we at first thought to find a suitable substitute. But we like "Neoelectress" better the more we think about it. We hope you will. To all entrants we express sincere gratitude for their help. We only wish there could have been prizes enough to go all the way round!

**SECOND PRIZE**  
MRS. F. B. PROBANDT, San Angelo  
Choice of Hotpoint Electric Dishwasher or Thor Electric Washing Machine

**THIRD PRIZE**  
MRS. W. B. BOURLAND, Oklaunion  
Sunbeam Mixmaster
