anybody is tagged some way or another. Some are tagged by chance, some by force. The latter of these, do not relish the distinction, but they have it just the same. And despite the fact that marks and brands are un-derstandable and shunned, the hu-man inclination is to be tagged. Person likes to be identified by a movement or an ideal. It gives him a sense of importance, a reason for being. The question is whether or not the tag is a good one and the cause a worthy one.

annually the Twentieth Century Club has appealed to the public instinct in its program of support for the Cisco Public Library. One Saturday out of each year—usually in the spring—has been set aside for the sale of tags, and of which are used to finance the institution. Thus the library is not only itself but all those who support it, are identified by an institution which has a history and a future. It is a contribution to the community which is a town in which to live.

There is no reason to doubt that the tags that will be sold in the spring will certainly exhibit one of the little strips of distinguishing cardboard with pride and affection, both for having aided the cause and for having a sense of genuine appreciation for the efforts of the women who are making the library one of the great projects which the Twentieth Century club is sponsoring for the betterment of the community.

The cost of the tags is a matter of one's own conscience and one's own means. The dime of the tag should loom as large in value as the dollar of the other. The gift is measured in terms than the size of the tag. It is measured in terms of satisfaction of having helped provide something of real community worth and in terms, also, of appreciation for the contribution which the women of the club are so earnestly and well making.

If you can pay a dime for a tag next Saturday do so and win your own approval and the gratitude of the women who seek your support. Your participation has more value to them than money. A good response will demonstrate a public appreciation very heartening to those who have devoted so much of their effort to this cause, and it will serve, also, to encourage other public benefactions because all show that Cisco people are ready for all efforts to advance community good.

### ILLINOIS IS HARDEST HIT BY TWISTERS

#### 250 Injured; Damage Will Exceed Million Dollar Mark

By Associated Press

Five tornado-stricken midwestern states today counted 32 persons killed and nearly 250 injured.

Unofficial estimates of the damage passed the million dollar mark. Hundreds are homeless.

Storms, laden with hail, struck hardest in central Illinois, where at least 12 persons were killed. The next hardest hit state was southeastern Kansas, where seven were killed.

Pekin, Rushville, and Astoria were the Illinois towns hit, and Columbus, Kansas, bore the brunt of the Kansas-Oklahoma-Arkansas-Missouri storm. All of the seven Kansans known to be dead were killed there. Six died in Missouri.

In Arkansas, four were killed in Heber Springs, two at Walnut Ridge and one at Conway. Illinois' 12 deaths occurred in and around Pekin.

The storms first tore at the tri-state corner of Kansas, Oklahoma and Missouri, dipped into northern Arkansas then whipped up the Illinois river valley of central Illinois.

The first storm raced across the west end of Columbus, wrecking at least 50 buildings, and tearing open the Highland grade school, housing more than 100 children. The pupils were rescued without fatalities at the school despite the collapse of its roof.

Hailstorm

The twister was accompanied by a severe hailstorm and high winds roared along the path of the tornado. Three inches of rain fell in torrents over this lead and coal mining area. Homes were splintered and communication lines snapped.

John W. Allen, 81-year-old farmer, died of injuries suffered when a separate storm crumpled his home near Stephens, Mo. Mrs. Earl Lyons, about 40, died when she was blown out of her house at Republican, Ark., and crushed under a falling tree.

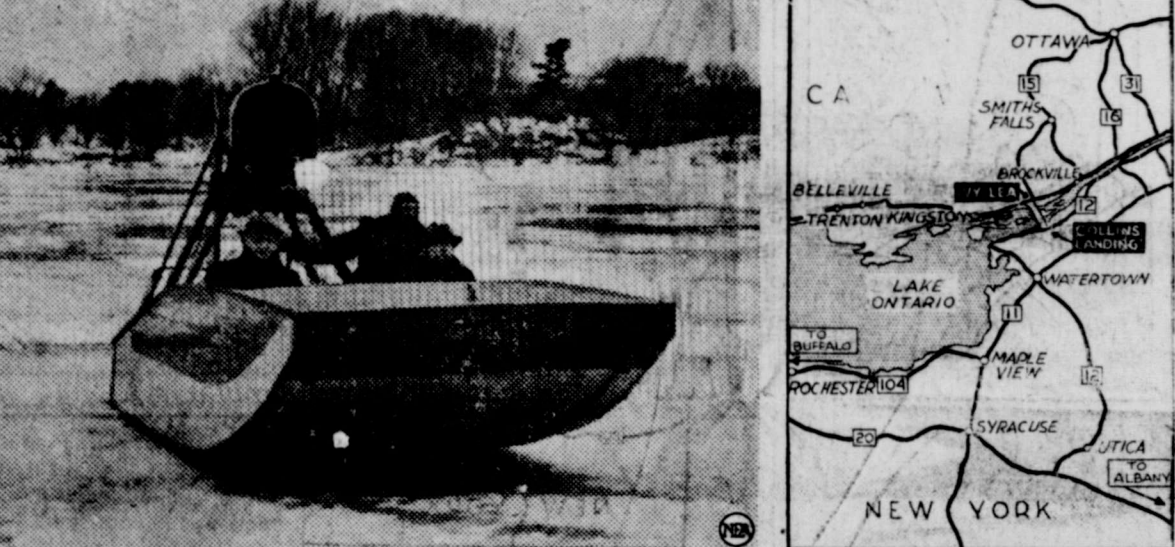

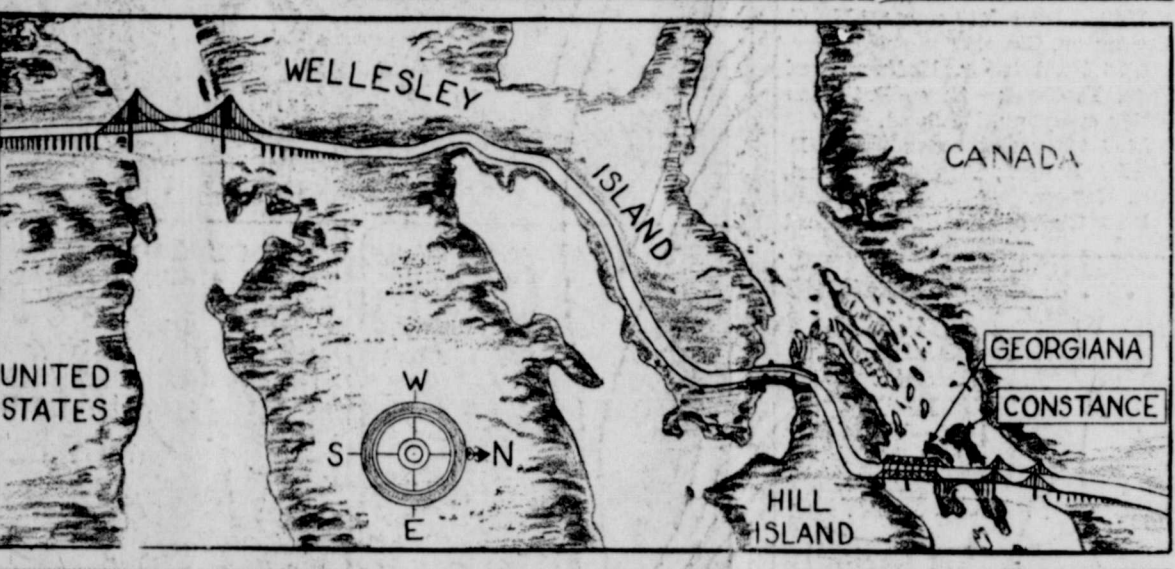

Etching a crazy-quilt path through three states the storms damaged homes and buildings in Ramona, Ogleby, Ochelata, Okla., Chepito and Garnett, Kas., and Lamar and Hallsville, Mo.

The death-dealing winds whipped the Illinois river valley accompanied by heavy rain, hail and severe electrical storm.

South Pekin bore the brunt of tornado.

Two hundred and fifty houses were wrecked by the twister. The fire station was demolished. The Chicago and Northwestern railroad (CONTINUED ON PAGE EIGHT)

### New U.S.-Canadian Link of Concrete and Steel

Cementing still more firmly traditional Canadian-American peace, workers are hurrying to complete the \$2,000,000 Thousand Islands bridge spanning the St. Lawrence river between New York state and Ontario province. As graphically depicted in the artist's sketch above, the project consists of five separate bridge spans, linked by strips of highway and connecting Collins Landing on the American side with Ivy Lea on the Canadian shore. The span shown at extreme left is a suspension bridge across the American channel to Wellesley Island. Actually linking the U. S. and Canada is the 90-foot arch over the International Rapids between Wellesley and Hill Islands. Three smaller arch and suspension bridges connect Georgiana Island, Constance Island and the Canadian mainland. The map at lower right shows highways leading to the project from large cities in each country. At left, below, Commissioner F. J. Martin and Secretary W. G. Mitchell of the Thousand Islands Bridge Authority, are shown during an inspection tour in an "ice scooter," flat-bottom vessel driven by an airplane propeller, which travels on either ice or water.

### CHURCH MOVED TO NEW SITE ON W. SEVENTH

#### Church of Nazarene Improves and Enlarges Property

Removal of the Nazarene church from its location at A avenue and East Eighth street to a new location on West Seventh was begun today as part of a program of improvement coincident with the location of the church's district headquarters in Cisco.

The new site will be on Lots 206 and 207 on West Seventh street. J. J. Honea is contractor.

It is probable that the building, of wooden construction, will be finished in stucco, adding to its attractiveness.

The lot from which the edifice is being moved has been sold and a modern tourist camp to serve traffic on the new route of Highway No. One, over Eighth street, is planned, it was reported.

It is also understood that the Church of the Nazarene is planning the construction of a parsonage for its minister. Recently the denomination purchased a home for its district superintendent, head of the denomination in Texas, here. Several other families will move here as a result of the selection of Cisco as headquarters.

The Rev. Luther Pryor is pastor of the Cisco church.

### Conduct Revival

Top, the Rev. Judson Prince, pastor - evangelist, who will do the preaching for the two weeks revival at the First Baptist church, starting Sunday, and below, Thomas R. Harrison, of Trinity Baptist church, Ft. Worth, who will direct the song services.

### 6 MEN ABOARD PLANE LOST IN HAWAII AREA

#### 5 Killed in Earlier Crash During Naval Maneuvers

HONOLULU, March 31 (AP) The navy sent 240 planes into the air and dispatched surface vessels to northwest of Oahu island today in a search for the six bluejacket fliers who vanished last night aboard a bombing plane.

Disappearance of the plane occurred only five hours after another bomber crashed at sea with a loss of five men.

The first ship, a long range bombing plane, crashed during a great mock battle for the control of Hawaii.

In a heavy rain squall, the big twin-engine fighter crashed on Waianae, on the northwest side of Oahu, principal island of the Hawaiian group.

Witnesses said the plane struck at tremendous speed. Seven men were aboard. Three of them apparently succeeded in climbing out on a wing of the partially submerged wreck.

One of those, radioman G. J. Milles, of Wilmette, Ill., swam 150 yards to shore. H. F. Bartz, aviation machinist's mate of Houston, was washed ashore unconscious and taken to a hospital.

Aviation Chief Machinist's Mate G. H. O'Neil of Trumbull, Texas, the third man to reach the wing, apparently perished.

The other four presumably were trapped in the cabin and were believed to have drowned. They were Lieut. L. O. Crane of Nashville, Tenn.; Aviation Cadet W. H. Lear; Navigation Pilot B. I. Windham and Radioman V. A. Luciana, who has relatives in Baltimore.

bombing planes to be lost at sea. It was the second of the big during the maneuvers and the fifth of its kind wrecked in Pacific naval operations this year, with an indicated total death toll of 24.

Navy physicians also reported a tonsillitis epidemic which affected 500 men among the aircraft carrier Lexington's crew of 1,800 had been brought under control, there having been only one new case aboard yesterday.

### Three School Board Members to Be Elected on Saturday

The Cisco grammar school will be well represented in the junior division of the finals of the county Interscholastic league track and field meet, which will be held Saturday 2, in Eastland.

Coach Turner stated that the team had a great chance to win the meet. John Potter, who took first in the 100-yard dash and the 50-yard dash with the lowest time in both, is a strong favorite to repeat his victories. Garland Lasater came in first in another heat of the 50-yard dashes. J. G. Sublett will perform in the high jump event. Dewey Sage will be the entrant in the bar-chinning event. The Cisco mite-men will also be represented in the 440-yard relay. Members of the team are: Garland Lasater, Billy Ray Dill, John Potter, and Hervey Tipton.

The Cisco grammar school girls' volleyball team won second place in the contests of that event in the league meet. They lost to Rising Star in the finals by the close scores of 15-13 and 15-12. The members of the team are: Orella Arrington, Lucille Johnson, Bonnie Stuard, Marguerite Morrison, Edna Mae Hageman, Verna Murphy, Marjorie Crawford, and Juanita Bean.

### Cisco Mites Due To Win Junior Track Meet

The Cisco Independent school district will be summoned to the polls next Saturday to elect three trustees for vacancies regularly occurring on the school board this year. Terms on the board are for three years.

Only three candidates have announced, all of them retiring trustees who have been presented to succeed themselves.

They are Mrs. N. A. Brown, Mrs. Sam Kimmell and Mrs. P. R. Warwick.

Judges for the election, for which there will be only one box, will be R. W. Mancill, Charles Hartman and Jim Moss. Polls will open at 8 a. m. and close at 7 p. m. at the city hall.

The board today appealed to the voters of the district to exercise their duty in this election by going to the polls. Absence of any issue in the election presents the possibility that local interest will be at low ebb. The apathy of the public, however, is distinctly discouraging to the board.

A large vote serves to indicate a public acceptance of its own responsibility to the maintenance of the schools and to hearten the members with a feeling that its efforts and the selection of those who make up its personnel are matters of prime concern to the community.

### Subjects for Revival Sermons Are Announced

Rev. Judson Prince, pastor-evangelist, announced that during the revival to be held April 3-17 at the First Baptist church of Cisco, some of his sermon topics would be as follows: "Intercessory Prayer," "Importunate Prayer," "When Should We Pray," "The New Birth," "Rebuilding the Walls," "I Believe, Therefore Have I Spoken," "The Fire of Sin," "Repentance," "The Blood Atonement," "The Second Coming of Christ," and "Signs of the Times."

Rev. Prince declared, "Congregational singing is necessary to a great soul-winning campaign of regular church evangelism. There have been no great revivals where song has not been regnant. The Welsh revival of recent years was especially marked by its gospel singing. They preached, prayed, and testified in great fashion, but they sang till their songs searched out sinners in all Wales, and sent waves of singing redemption throughout many lands.

Adequate preparations for the song service during the coming revival have been made. Two hundred fifty new song books have been bought and a competent and spiritual song leader has been secured, the pastor said. Thomas R. Harrison, educational director and chorister of the Trinity Baptist church of Fort Worth, will be here Sunday to lead in the song service.

### New Mexican Party Formed to Replace Old

MEXICO CITY, March 31 (AP)—A new "party of the revolution" came into being today to carry on the nation's Mexico-for-Mexicans program. The new party, composed of laborers, farmers, and soldiers, is an intensified government party, and is taking over the organization of President Cardenas' former national revolutionary party. Barba Gonzales, head of the old party, was named president of the new party.

Mrs. J. E. Spencer is visiting in Fort Worth.

### Rotary Hears Talk on Karakul Sheep

Dr. Ross Hodges, Ranger veterinarian and sheep raiser who introduced the comparatively rare and valuable breed of Karakul sheep into this section, was the speaker for the Cisco Rotary club today noon, discussing prospects for the development of this breed in this area, and reviewing briefly its history and characteristics.

Dr. Hodges was presented by T. G. Caudle, Cisco vocational agriculture teacher, and exhibited at the club a lamb of the breed.

He was enthusiastic over the possibilities for production of the sheep in this area. Wool of the breed is used in the manufacture of fine trimmings for women's clothing.

### Citizens Urged to Show Interest With Large Vote

Voters of the Cisco Independent school district will be summoned to the polls next Saturday to elect three trustees for vacancies regularly occurring on the school board this year. Terms on the board are for three years.

Only three candidates have announced, all of them retiring trustees who have been presented to succeed themselves.

### Port Arthur Man Shot to Death Today

PORT ARTHUR, March 31 (AP)—Tom Adams, 42, refinery boiler maker, was shot to death today at the home of a man who formerly worked for Adams.

### Deputy Collector to Remain Tomorrow

Deputy Collector E. E. Edmondson will remain at the city hall through April 1 to accommodate Cisco citizens who have not yet paid their automobile license, it was announced today.

Payment may be made through April 1 without penalty, it was explained.

### Roosevelt Denies Any Dictatorship Object

WARM SPRINGS, March 31 (AP)—President Roosevelt, charging that organized opponents of his government reorganization program had "planted bogies under every bed," asserted in a letter made public today that he had "no inclination to be a dictator."

The letter, addressed to an unnamed friend, urged approval of the measure "in its present form," and replied to charges that the legislation would make him a dictator.

"I have none of the qualifications which would make me a successful dictator," he wrote.

The president said that his knowledge of existing dictator-

### Funeral Held for Mrs. Thomas This Afternoon

Funeral services for Mrs. Stella Thomas, 48, wife of Marshal Thomas, who died of a heart attack early yesterday morning at her home eight miles northwest of Cisco, were held this afternoon at 3 o'clock with burial in Oakwood.

The Rev. Luther Pryor, pastor of the Church of the Nazarene, officiated. Neil Lane Funeral home was in charge of arrangements.

It was on the land owned by Mr. and Mrs. Thomas that the Lone Star Gas company only recently brought in the second large Ellenberger producer in the new deep oil area northwest of Cisco.

No children survive, two having died.

### Primitive Baptists to Hear Elder West

D. B. Perdue today announced that Elder West and son will preach at the Primitive Baptist church in Cisco Friday evening. The public is cordially invited to attend.

### Weather

NINETY-FIRST DISTRICT COURT

(Judge Geo. L. Davenport, presiding)

Unable to agree, jurors in the trial of Clyde Hepler of Houston, oil company engineer charged with murder without malice, was dismissed, unofficially reported favoring acquittal nine to three. The charge grew out of an automobile accident in which M. D. Cox of Odessa was fatally injured in December last year.

Only cases filed for the week were those of Stamford Mill and Elevator company against Walker Smith company and Christine Mills against E. L. Mills. Frank Brown of Cisco has been granted a full pardon and his citizenship restored by Governor James V. Allied who acted upon the recommendation of the board of paroles and pardons. Brown was sentenced December 19, 1935, according to an order posted in the district clerk office, to two years after conviction on a charge of theft over \$50 and driving intoxicated. He was given a general parole June 4, 1936, and his discharge was fixed for September 22, 1937, the governor's proclamation read.

Reporting Monday this week, D. L. Lauderdale, Cisco; Herbert Reed, Eastland, and A. H. Henderson, Olden, selected jurors for the April term of the court.

With custody of a minor son going to the plaintiff, Ellie Mae Minton was granted a divorce from Tom Minton, Sr.

Judge Davenport granted X-Ray Gas company until July 1, 1938, in filing statement of facts and bills of exception in its appeal from an order in favor of the Lone Star Gas company.

EIGHTY-EIGHTH DISTRICT COURT

(Judge B. W. Patterson, presiding)

Judge Patterson removed disabilities of minority of Florine and Irene McCaskill.

Only one suit—Land Title Bank Trust company, trustee, against L. C. Buchanan et ux, for foreclosure of paving lien—was filed in Judge Patterson's court for the week.

FARM AND HOME DEPARTMENT

Elmo V. Cook, county agent; Hugh F. Barnhart, assistant; Miss Ruth Ramey, home agent; Miss Mable Caldwell, assistant.

A report received by Agent Cook showed Eastland county cotton production in 1937 was 2,516 bales as compared to 1936's 2,845 bales.

On Tuesday of this week were scheduled meetings at Rising Star, Gorman, Ranger, Eastland and Cisco for the explanation of the 1938 range program.

Albert Bennett, Joe Bob Brown, B. H. Pettit, the latter sponsor, of the Gorman 4-H clubs this week on Wednesday morning were to have appeared on a radio program over an Abilene station, tell-

ing "What Our 4-H Club Has Accomplished by Attending the Fort Worth Fat Stock Show."

Neil Eaves of Kokomo has been entered by Agent Barnhart in a state-wide farm record keeping contest sponsored by a farm machinery company. Last year Earnest Bob Dobbs of Colony was state winner. First prize is a \$500 merchandise certificate.

Agent Barnhart expects to have organized soon a boys' 4-H club at Kokomo. Organization would mark the thirteenth club for the county.

Needing \$100 for work on their clubhouse now in stage of construction, girl and boy members of the kokomo 4-H clubs plan presentation of a three-act comedy, "Everybody's Getting Married," in the school house of the community soon. Rev. and Mrs. L. R. Higginbotham of Kokomo—both are sponsors of clubs in the community—will direct. Ninety loads of rock have been dug and hauled to the clubhouse site with County Commissioner Newt Crawley furnishing a truck.

Ranger 4-H boys' club is having arranged a meeting site at the old post office building in Ranger.

Saturday, April 16, at the city park in Eastland was announced as the date for the annual 4-H club girls' and boys' rally to feature recreational activities. Each club is expected to contribute to

the program. Extension experts have been invited.

Miss Caldwell reported that Mary Louise Bond of Colony, Berda Mae Eaves of Kokomo and Hazel Day of Okra, have completed their goals as clothing demonstrators, having made closets, kept inventories of clothing and assembled sewing boxes. Also, said Miss Caldwell, each has planted 200 feet of vegetables for each member of their families.

OFFICE OF THE COUNTY JUDGE

(Judge W. S. Adamson, presiding)

Having been denied his application to retail beer, Pete Theous of the Little Queen Cafe in Eastland gave notice to Judge Adamson that he was appealing from the ruling to the 91st district court. Theous' appeal marks the first in Eastland county under the amended liquor board laws.

Representing Eastland county last week at the West Texas County Judges and Commissioners association meeting at Brownwood were Judge Adamson, commissioners A. N. Searly and Henry Davenport of Ranger, Auditor Don Parker and Engineer A. F. Taylor. Mrs. Adamson and Miss Marguerite Adamson, wife and daughter of Judge Adamson, accompanied him to the session.

A setting of civil cases April 11 has been made by Judge Adamson. A jury will be summoned.

L. H. Flewellen, trustee, won a \$379.15 judgment in county court from Sig Faircloth. Added to the

amount was court costs and interest on the sum.

OFFICE OF THE COUNTY CLERK

(R. V. Galloway, clerk)

Filed in the county clerk office was \$1,000 administrator's bond of Ray Landreth in the estate of Mrs. J. P. Agnew.

Pensioners of Eastland county gained this month—a report filed monthly by the State Old Age Assistance commission showed. A total of 836 were sent checks amounting to \$12,411. Last month there were 829 checks which totaled \$12,283.

Marriage licenses were issued W. J. Britain, Miss Irene Kelley, Cisco, and Rex Bailey and Miss Leota Moore, Dossdemona.

OFFICE OF THE ASSESSOR-COLLECTOR

(C. H. O'Brien, assessor-collector)

Only 2,000 automobiles had been registered the first of the week as O'Brien's office became more crowded since April 1 is the final date for using 1937 plates. Also licenses were issued at Cisco, Ranger, Gorman and Rising Star in addition to the assessor-collector office at Eastland.

New cars registered: 1938 Chevrolet coupe, H. C. Henderson, Cisco.

1938 Ford tudor, Hoffman and Page, Eastland; Guy Patterson Motor company, Eastland.

1938 Chevrolet sedan, H. D. Smith, Ranger; Anderson Pruet, Inc., Ranger.

1938 Chevrolet sedan, Bedford

Mashburn, Cisco; A. G. Motor company, Cisco.

1938 Dodge coupe, Mrs. H. R. Thorpe, Ranger; West Texas Motor company, Big Spring.

1938 Ford sedan, Aubrey Yeager, Eastland; Guy Patterson Motor company, Eastland.

1938 Pontiac tudor, Horace Condeley, Cisco; Muirhead Motor company.

COURT OF CIVIL APPEALS

The following proceedings were had Friday in the court of civil appeals, eleventh supreme judicial district:

Affirmed: Colorado Life com-

pany vs. Mrs. Earl L. Teague, Taylor.

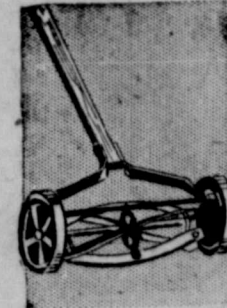

Reversed and remanded with directions: A. Vassillies vs. John Theophiles, Harris.

Reversed and rendered: D. G. Bowers vs. C. C. Ground, Taylor.

## DESDEMONA

Mr. and Mrs. N. D. Gallagher and two children, Norvell D., Jr., and Peggy Jean, of Cisco, came down Sunday and visited Mr. and Mrs. Dick Cutting.

Mr. and Mrs. Wiley Powers drove up to Cisco Monday, and brought home Mrs. Betty Vestal who had been visiting her aunt and uncle, Judge and Mrs. D. K. Scott.

Rev. and Mrs. O. D. McDonald drove up to Eastland on business Monday afternoon.

Mrs. Horace Morrison, formerly of Desdemona but now of DeLeon, has been in the Blackwell sanitarium at Gorman the past week recovering, after having had her appendix removed. Her many friends are glad to know that she stood the operation nicely.

Mr. and Mrs. Homer Abernathy, of Gorman, visited their daughter, Mrs. Jesse Sparkman and family, Thursday.

Mr. and Mrs. C. E. Stewart and their daughter, Gloria, drove over to Stephenville Friday. Miss Gloria takes music at John Tarleton college.

Hobart Hilliard and Glen Sparkman, who are attending Howard Payne college, at Brownwood, spent the week-end here with their parents, Mr. and Mrs. W. B. Hilliard and Mr. and Mrs. W. G. Sparkman.

Miss Jessie Mae Wrinkle, our home economics teacher, spent the week-end with her father at Goodlett, near Vernon. She was accompanied by Thelbert Walls, who visited relatives at Vernon.

Rev. and Mrs. O. D. McDonald accompanied by Mrs. Preston Sparks, Mrs. W. H. Whitworth and Miss Valla Whitworth drove down to De Leon Wednesday and attended the meeting of the Methodist Missionary societies of the south zone. The meeting was presided over by Mrs. Edwin Sneed, of Dublin, who is corresponding secretary of the Cisco district societies.

Mr. and Mrs. Dave Key left Wednesday afternoon for Santa Ana, California, where they expect to make their home. They had lived there several years before they moved here two years ago. Their many friends regret to lose them, but wish them success in their future home. Mr. Key sold his grinding mill to Rube Miles.

Mr. and Mrs. R. D. Hendrickson and two children and Miss Virginia Bruce left early Monday morning for Port Arthur after a few days visit with their parents, Mr. and Mrs. G. S. Bruce. Mr. and Mrs. Hendrickson have lived at Port Arthur the past few years, and Miss Virginia has been with them almost a year while she has been taking a business course at the Port Arthur college. She will complete the course soon and her many friends are glad to know that she is making a splendid record there.

Mr. and Mrs. Horace Ussery and little daughter, Guetta, of Fresno, California, arrived Sunday and are visiting her mother, Mrs. W. H. Whitworth and sisters, Misses Mignon and Valla Whitworth. Before returning to California they will also visit relatives of Mr. Ussery at Carbon. Their many friends regret that their time is limited so they can barely have a short time to speak to their friends.

Weldon Rushing came in Sunday for a few days visit with his cousin, J. H. Rushing and family, and with his many friends and neighbors. He was recently transferred by the Humble Co. from Lake Charles, La., to Goose Creek, Texas.

The home-makers class of the Baptist church was entertained with a party at the home of Mrs. W. A. McMillan last Thursday night. A number of interesting games were played, after which refreshments of cake and punch were served to the following guests: Mrs. W. B. Hilliard, teacher of the class, and Misses W. F. Parks, W. H. Powers, Jesse Sparkman, Clarence Ragland, Jim Koonce, Bob Koonce, C. A. Skipping, Maudie Moon, Ted Rogers, Gordon Tate, and R. H. Abel.

Last week Mrs. Paul Baker, of Carbon, visited her parents, Mr. and Mrs. Hugh Abel, for a few days. She came in her new model Ford car.

A report of Desdemona school track meet honors will appear next week.

Mr. and Mrs. Fred Stover and their three months old son, Frederick Minton, left Thursday morning for their home, after a few days visit with his parents, Mr. and Mrs. S. T. Stover.

## REICH

Married at Ranger on Tuesday, March 22, Miss Leota Moore and Rex Bailey. The bride is a very attractive young lady from Coleman and had been visiting her sister, Mrs. Clay, for some time before her marriage. Rex is the oldest son of Mr. and Mrs. Mitch Bailey and was born and reared here and his many friends wish for him and his bride the greatest happiness. The happy couple are making their home with his parents, Mr. and Mrs. Mitch Bailey. For the past few years Rex has been in the ranching business with his father and is quite successful in the business.

The "21" study club met on Tuesday of last week at the club house and had a very interesting program on "science," with Mrs. C. A. Skipping as leader. Roll call responses were names of noted scientists. Mrs. W. C. Bedford reviewed an article from the "Popular Science" on "Living Germs Brought to Earth by Meteors." Mrs. Skipping then gave a most instructive paper on "The Sismograph and Its Uses." The next number was a sketch of the life of "Laennic, Inventor of the Stethoscope," given by Mrs. C. W. Malby. The closing number was a "Round Table Discussion of What's New in Science." The meeting was presided over by the president, Mrs. Charles Lee.

The Methodist Missionary society met Monday afternoon at the church for the third lesson in the home mission study book, "Rebuilding Rural America." The outside assignments were "The Rural Church of the Future," by Miss Mollie O'Rear, and "From Ownership to Tenancy," by Mrs. O. D. McDonald. Roll call responses were news items about "Farming." The study leader, Mrs. W. H. Whitworth, discussed the chapter and gave assignments for the next lesson. Those present were, Miss Mollie O'Rear and Misses G. S. Bruce, S. E. Snodgrass, Charles Lee, W. C. Bedford, O. D. McDonald and W. H. Whitworth.

## ATWELL

Who could put the beauty of springtime into words? The sheer loveliness of trees in tender green, of grasses vivid with sunlight, is enough to awaken one to an ecstatic state of living. Nothing could be more satisfying than the joy of awakening to cool mornings and birds' cries, or more comforting than the long, peaceful shadows of evening, when a hard day's work is done. Where else could one so enjoy the beauty of springtime, than out where the wind blows free, where the birds feel free to burst out into song, where the working day is longer and harder, and sleep is deeper? Lacking words to express one's real depth of feeling, one could say with the hardy old prospector for gold when he struck a rich vein, "ain't nature grand!"

Grainfields and pastures are already showing by their rapid growth, their appreciation of the splendid rain we had. The rain and the sunshine that followed after, seemed to bring new vitality to the land and people as well. I can think of nothing as hope-inspiring as rain.

School activities have slowed down to normal now that track meet is over. However, we feel that the weeks of training for the meet were certainly worth while, considering the splendid showing the students made in the various contests. In the literary events, Atwell placed second in junior choral singing, third in senior singing, two first and two second places in spelling, first places in picture memory, essay writing and arithmetic. A number of first, second and third places were won in the track and field events. All told the points won totaled 205, which gave Atwell the all round county championship over Belle Plain by a margin of 56 points. Success for your efforts boys and girls! Bravo!

Bertrum Rouse is improving now, after a lengthy illness. We will be glad to see this splendid old fellow up and out again.

Mr. and Mrs. Leo Varner spent

the week-end in Baird and attended the Callahan county track meet.

Mr. Mark Foster of Slaton visited his parents, Mr. and Mrs. John Foster, this week-end.

Uncle Guy Barshear, Sam Jones, Paul Brashear and Uncle George Purvis went down on the Jim Ned fishing last week. A good catch was reported and the very extra good cheer on the part of Uncle Guy and Uncle George proves the truth of their story. They say "Fish are where you find 'em," with that "I-know-a-good-place" air about them that suggests they aren't saying any more about it.

The cemetery working Thursday was well attended. With hoes, rakes and shovels, the whole countryside turned out to do their part in clearing away the weeds and grass from that silent little city over there on the hill.

## DAN HORN

The Dan Horn women's demonstration club met with Mrs. J. T. Cavanaugh, March 18th. Ten members were present and one visitor. We had a real nice meeting. Mrs. Annie Bisbie had charge of the program and the "Care of Materials," also "Finishes of Kitchen Linens," were her subjects. Plans were made for our next monthly get-together, which will be April 9 at the school house.

Our next meeting will be April 1 at the home of Mrs. A. J. Maxwell. Miss Ruth Ramey, county home demonstrator will be with us. Every member is urged to have her quilt blocks present. We are planning on a good meeting, and visitors are welcome.

County Track Meet Postponed Until April 2

A heavy rain and a muddy field were instrumental in the postponement of the county interscholastic league track and field meet which was to have been held Saturday. The track and field events will be held in Eastland, April 2. The remaining playground ball contests were also postponed until Saturday 2.

Chinese banks in Tientsin, North China, are lending money to Japanese industrial projects in their area.

## Texas Livestock Shipments Drop, Sheep Rise

AUSTIN, March 31 (Sp.)—Total shipments of livestock to Fort Worth stockyards and interstate points during February were sharply below those of the corresponding month last year, the University of Texas bureau of business research has reported. The decline in the total was the result of a falling off in shipments of cattle and hogs. There was virtually no change in shipments of calves compared with last year while shipments of sheep increased substantially, the bureau said.

Reports from virtually all the railroad shipping points of the state and from the Fort Worth Stock Yard company show total forwardings of 3,200 cars for February, compared with 4,002 cars a year ago, a drop of 20 per cent. Cattle shipments, 1,911 cars declined nearly 24 per cent; hog shipments, 541 cars, nearly 33 per cent; shipments of calves, 463 cars, virtually no change; and shipments of sheep, 285 cars, an increase of 20 per cent.

There was a substantial decline of all classes of Texas live stock to the Fort Worth and Los Angeles markets; an increase of cattle and sheep to Chicago; of cattle, hogs and sheep to East St. Louis, and of sheep to Kansas City and St. Joseph, as well as Chicago and East St. Louis.

Total shipments during the first two months of 1938 were 8,551 cars, compared with 9,304 cars during the corresponding period last year, a decline of more than 8 per cent.

Central America has three trans-continental railroad lines, one in Guatemala, from San Jose to Barrios; another in Costa Rica, from Puntarenas to Limon; and a third in Panama, from Colon to Panama City.

## Farmer's Goats Now "Gee" and "Haw"

JACKSONVILLE, Fla., March 31 (AP)—J. A. Browning used to wear himself out pushing a hand plow over his three-acre truck garden.

"It was awful tough," he recalls. "I just about worked my fool self to death. Then I got to thinking about my two goats."

The goats were living an easy,

carefree, aimless sort of life. Browning didn't mind that, of course, but it was hard on his back pushing that plow.

He just couldn't see anything else to do but harness up the goats and let them pull the plow.

"It's easier for me now," he says, "and as for the goats—well, they don't seem to mind it much."

Panama City, founded in 1519, is the oldest permanent European settlement on the main land of the American continent.

#### 1.8 Inches of Rain in Cisco In Two Days

Rains, which could not have been more timely for their influence on the young wheat crop if they had been especially ordered, totaled 1.8 inches here Saturday and Sunday, according to the gauge at the city hall.

Many farmers said that the moisture has insured a bumper crop provided no destructive influences occur, and growers were jubilant over the prospects.

Grass lands likewise were greatly helped.

#### Senate Group Ends Work on Tax Bill

WASHINGTON, March 31 (AP)—The senate finance committee completed work today on the house-approved tax revision bill after voting down a proposal to lower the income tax exemptions, which were proposed by Senator LaFollette, of Wisconsin. The reduction would have added millions of new income taxpayers.

#### Bigger Battleships To Be Built by U. S.

WASHINGTON, D. C., March 31 (AP)—The United States formally notified England and France today of this country's intention to build battleships bigger than 35,000 tons.

England was expected to take the same action. Belief that Japan planned larger fighting vessels was given as the reason for the move.

#### City Irked at Its Hermit's Taste

By The AP Feature Service  
WOODLAND, Calif., March 31—This up-and-coming city is somewhat irked at the strange tastes of Hery Till.

There is a hotel of metropolitan standards here and several slightly subdivisions, but Till has burrowed into a field and lives in the hole.

This in spite of the fact that he has money for food, neither asks nor receives any relief and admits he has a bank account.

Known locally as "The Gopher," Till refuses to explain his strange taste in dwellings. He has camouflaged his den with a heap of old boxes and sheetiron, and sits side it for hours in an attitude suggestive of a prairie dog.

Till appeared here about two years ago and constructed his dug-out. He says he is 68 years old, that he lives largely on nuts, rice and fresh vegetables and that he doesn't care what people think of him.

There the conversation comes to a close.

#### Chaco Canyon Gives Up Infant Burial

WASHINGTON, March 31 (AP)—Archaeologists of the National Park service have uncovered an infant burial in excavations at the Chaco canyon national monument in Arizona.

The child, wrapped in reed matting, had been buried beneath the first floor of one of the rooms in the ruins. Two half bowls of Mesa Verde ware and numerous squash seeds were placed next to the infant.

#### Pig Raisers Aided Electric Incubators

ATHENS, Ga., March 31 (AP)—Chalk up a score for Georgia pigs—they are growing into healthy porkers with the help of electric incubators.

J. L. Calhoun, farm extension specialist, explains:

"In cold weather, pigs tend to crowd against the sow and this may result in some of them being crushed. The electric brooder has been developed to prevent this loss by attracting the pigs from the sow."

Catoosa county farmer, as saying he would not attempt to raise pigs in cold weather without the artificial brooders. The pig incubators are homemade and, the specialist says, cost less than \$2 each. An ordinary light bulb and reflector furnish the necessary heat and light.
