Muleshoe Beauty Captures Crown

Diane Bryant, 17-year-old brunette beauty from Muleshoe, is the new Miss Grain Sorghum of the Nation.

SHE WON the coveted title in Dimmitt High School auditorium Saturday night over the most talented field of beauties in the pageant's history.

Miss Bryant, a Muleshoe High School senior, combined poise, personality, grace, stage presence and an intricate double-baton dance to the tune of "Tonight" to outscore 13 other high school and college beauties from Texas and Oklahoma.

ACCORDING to pageant officials, the two-day race for the title and the \$500 college scholarship went right down to the final curtain, with Miss Bryant outscoring Shirley Gibson, "Miss Guyton, Okla.," by less than a handful of points.

Miss Gibson, an 18-year-old college freshman from Beaver, Okla., won a \$200 scholarship as the first runner-up. Second runner-up and winner of a \$100 scholarship was Angela Airhart of Happy, a West Texas State University junior.

Dimmitt's Poppy Byrnes was chosen by her fellow contestants for the "Miss Congeniality" award.

By capturing the crown, Miss Bryant set a mark for her hometown by becoming the second Muleshoe lass in three years to win the title.

She was crowned by Miss Grain Sorghum of 1966, Linda Morris of Ulysses, Kan., a University of Kansas junior who won the crown on the DHS stage last year.

The new Miss Grain Sorghum of the Nation is the daughter of Mr. and Mrs. Russell Bryant of Muleshoe. She is 5-5 tall, weighs 117, and measures 35-24-35.

SHE'S THE reigning "Miss Muleshoe," and was sponsored in the pageant by the Muleshoe Jaycees.

She's quite active in all phases of school life — high school resident, member of the MHS Band Ensemble, Modern Music Masters Society, Future Teachers of America, and Future Homemakers of America. In addition, she's a student council officer and a Distributive Education officer and sweetheart.

Her favorite hobbies are swimming, water and snow skiing, twirling, sewing and cooking.

A NEAR CAPACITY audience estimated at 900 saw the 14 lovely contestants for the title Saturday night. State Representative Ralph Wayne of Plainview used his light, witty, off-the-cuff style as emcee to keep the show running smoothly all evening.

The Blue Notes, a five-piece combo of Springlake-Earth High School boys, featuring double bass, kept the costume-changing intervals lively with instrumental music that included two of their own arrangements and one by Herb Alpert's Tijuana Brass. Mrs. Lillie Marie Howard, organist accompanied the contestants and made music a central attraction of the pageant.

A stage attractively designed around gold drapery runners leading to an entrance stairway made a plush setting for the beauty and talent show. The stage was designed by Mrs. Marty Benton, pageant director, who also scheduled the competition sequences.

CHAIRMAN of the Chamber of Commerce-sponsored pageant was Bo Bryant.

Pre-show activities included a reception Friday evening for all contestants in the First State Bank community room, a salad luncheon sponsored by the Dimmitt Jaycee-Eltes Saturday at noon, and the all-important interviews with judges Saturday afternoon.

Judges were Clytia Newell of Covis, who represented New Mexico in the "Miss USA" pageant this year; Johnny Shipman of Texas Tech's Student Publications Dept.; and Quinn Stapleton of the Amarillo Junior Chamber of Commerce.

Half Mast Today For George Wall

Today (Thursday) is George Wall Memorial Day in Dimmitt.

FLAGS ARE to fly at half mast all day, and stores are requested to close from 2 to 4 p.m. while funeral services are conducted for the 22-year-old Navy technician who died July 29 aboard the USS Forrestal.

The young sailor's body, accompanied by a military escort, completed its 10,000-mile trip home at 3:40 p.m. Tuesday, just 10 days after multiple explosions rocked the supercarrier Forrestal in the Gulf of Tonkin, killing 141 crewmen in the Navy's worst sea disaster since World War II.

Wall was the oldest son of Mr. and Mrs. Fred Wall, 700 W. Grant St. He is also survived by his brother, John Dana, 17, and his grandmother, Mrs. G. A. Schwen.

FUNERAL services will be at 2:30 p.m. today in the First Methodist Church, with Rev. H. Weidon McCormick, pastor, officiating.

Burial will be in Castro Memorial Gardens, with military graveside rites conducted by an honor guard from the US Navy and Marine Corps Reserve Training Center of Amarillo. A seven-man rifle squad from Amarillo Air Force Base will fire three volleys in the traditional 21-gun salute to the young man who died on active duty.

THE GREER H. ESTES Post of the American Legion has asked all past and present military personnel to show their respect for the family by sitting behind the pallbearers on the left side of the church's sanctuary during the funeral and by assembling behind the hearse guard at the cemetery.

The specified uniform dress for veterans attending the funeral will be short-sleeved white shirts, dark tie and dark trousers, all-through suits will be permissible.

Legion Commander Fred Kuntz asked that all veterans be in their places at the church at 2:15 p.m.

Psst, Mister — Wanna Broom?

Dimmitt's Lions Club hopes to "sweep the town" Tuesday by selling brooms at a booth on the north side of the courthouse throughout the city.

M. E. CLEAVINGER, project chairman, said the club will have a complete line of brooms, cleaning aids and household accessories for sale — including wet mops, dust mops, whisk brooms, push brooms, ironing board covers, hot pads, rubber door mats, and even children's brooms.

With the exception of the Lions Club Fellies, this annual sale is the club's main fund-raising project.

All the brooms and supplies are made by the "Lightbulb for the Blind," a private enterprise firm in Fort Worth that employs blind persons to manufacture the goods. This line of brooms and household accessories is sold by Lions Clubs throughout the Southwest, Cleavinger said.

RUSSEL NELSON is captain of the residential campaign. George Bechtel is in charge of the committee to contact signs and elevators, and Joe Bercen heads the business district sales force.

Reports are plentiful that this will be a super bumper grain sorghum crop, cotton, too. There is a small amount of complaining about an abundant weed crop that is hard to control in the fields of grain and cotton, as well as vegetables.

This has been a very fine year for weed growth as well as fruits and vegetables. In many parts of

Webb Appointed To School Board

Dimmitt's school board Monday night appointed Carroll Webb, owner of Dimmitt Engine Service, to fill the vacant board seat created when Dr. Bill Bennett moved recently to Midland.

HIS TERM will expire next April.

Webb is the third man to fill this particular school board chair during its current term. A. J. Kemp originally was re-elected to the post in April 1955, but resigned the following September when he moved to Fort Worth.

WEBB, 40, has been a Dimmitt resident 11 years and owns his home at 719 Oak St. He has two children in school — Diane, a junior, and Gary, an eighth grader.

The new board member was associated with Farmers Supply Co. until three years ago, when he founded Dimmitt Engine Service. He is a deacon of the Fourth and Baptist Church of Christ, is a former Life League and Boy Scout worker, was player agent this year for the Castro County Pony League, and has been a Chamber of Commerce director.

WHATTA DIFFERENCE! — "I'm glad I don't have to wear a uniform like yours," Mike Bruegel and Keith Ann Howard tell each other as they prepare for the Greenbelt Bowl football classic in Childress this weekend. Bruegel will don his football shoes to play for the East All-Stars Saturday night, and Miss Howard will wear the swim suit in the Greenbelt Bowl Queen Contest Friday night.

THIRD DEGREE — All phases of the two-day Miss Grain Sorghum competition were tough, but most of the girls in the pageant agreed that the most nerve-racking segment was their individual interviews with the pageant judges. Here, Angela Benton of Crosbyton (left) answers a wide variety of questions while the three judges grade her on poise, projection and expressive ability. Judges of the pageant were (from left) Johnny Shipman of Texas

Tech's photography department; Quinn Stapleton of the Amarillo Junior Chamber of Commerce; and Clydia Newell of Clovis, who represented New Mexico in the Miss USA Pageant this year. The judges' interviews played a more important part in the selection of Miss Grain Sorghum of the Nation than did most of the girls' "stage events" Saturday night.

SUREST WAY TO CATCH FISH—Cast close to the bank and work out.

This is one of the surest methods of catching fish. Especially is this true when fishing rocky shorelines.

Cast against the rock and let the lure fall into the water. Give it a moment to sink, then jiggle the bait. If there is a fish around it very likely will take your lure.

KEEPS SINKERS FROM SLIPPING—If you use split-shot sinkers here's a good way to keep them from slipping. Insert a short piece of rubber band into the slot in the sinker, along with the line. Then crimp the shot over the rubber band. This will hold the line tight.

Bible Thoughts

WHAT IS THE VALUE OF LIFE?

By Ronnie Parker

In the eyes of some, life has very little value. Marx, Lenin, Hitler and Mussolini were alike in that they all taught that the individual is expendable. Their expressed concept was, "Kill the masses, if you can by so doing further the cause."

Others hold the view we encounter in Macbeth.

"Life's but a walking shadow, a poor player That struts and frets his hour upon the stage, And this is heard no more; it is a tale Told by an idiot, full of sound and fury, Signifying nothing."

But Jesus set a high evaluation on man's life. The value of a man lies not in the physical composition of the body but rather in the immortal nature of man's soul. God considers one soul so valuable that He gave His Son to die to redeem that soul. In Luke 15 there are three famous parables — The Lost Sheep, The Lost Coin, The Lost Son, and all three of them illustrate the incomparable value of a soul. Because one soul is more valuable than the whole world (Matt. 16:27) there "is joy in the presence of the angels of God over one sinner that repenteth." (Luke 15:10). Yes, God is interested in sinners because he knows the value of a soul and is not willing that any should perish. Will you believe Him, turn to Him and obey Him so you can be saved??

Yarborough Solon Lists Main Points Of Farm Bill

By Sen. Ralph Yarborough (D-Texas)

Dear Fellow Texan:

The 1968 agriculture appropriations bill has been approved by the United States Senate. That bill sets aside nearly \$7 billion to finance the Johnson Administration farm program for the current fiscal year.

THIS IS one of the most important pieces of legislation that the 90th Congress will consider because agriculture and the hundreds of related programs touch every American. It is especially vital to Texas, which is one of the nation's biggest farm states. We have over 300,000 farm families. Texas farmers and ranchers are expected to market more than 2 1/2 billion dollars worth of farm products during 1968.

It would take hundreds of words to analyze this huge piece of legislation thoroughly, but I will hit some high spots that are of special interest to Texas.

The bill makes more than \$158 million available for agricultural research programs, and agricultural research is the foundation stone of our state's farm and ranch program. Agricultural research projects dealing with new and improved livestock breeding are watershed planning are important factors in our being the most productive agricultural nation on earth.

(This bill is not yet in its final form. It still must go to a House-Senate conference committee.)

The Senate-passed bill provides more than \$70 million for watershed protection, funds to be used for loans and on a shared-cost basis for local projects.

OUR BILL provides \$157 million for the entire nation to continue the federal assistance to the states for a school lunch program. Texas received \$6 1/2 million under this program to assure that needy children in the public schools receive the balanced meals they must have to grow and develop. This program helped pay for lunches for 836,221 youngsters in our state. In addition, Texas received another four million dollars to help schools and institutions serve 124.8 million pints of milk under the school milk program.

The agriculture appropriations bill includes \$172 million for the feed stamp program. This new program enables impoverished families to purchase groceries with feed stamps which they buy at a great savings. Unfortunately, only 10 Texas counties are participating in this program, but last year these 10 counties — El Paso, Brewster, Culberson, Hudspeth, Jeff Davis, Pecos, Presidio, Red River, Tarrant and Terrell — got a total of \$294,000 to help feed their poor families. The feed stamp program is a great program if used.

Texas is the largest beneficiary of the rural electrification act program, and this year's REA appropriation of \$324 million for REA loans is a substantial increase that will help Texas rural families.

THERE WAS lengthy debate over the commodity payment program, and we were successful in defeating an attempt to wreck that important program. I will review the commodity program in detail in a future report.

TOGETHER

Brothers — together — helping one another. We are our brother's keeper and his helper. Comfort, cheer, and encouragement should be given to each other.

There should be a willingness on the part of each to sacrifice for the other.

A Divine Example was sent to us, and these are His words: "This is my commandment, that ye love one another, as I have

loved you. Greater love hath no man

than this, that a man lay down

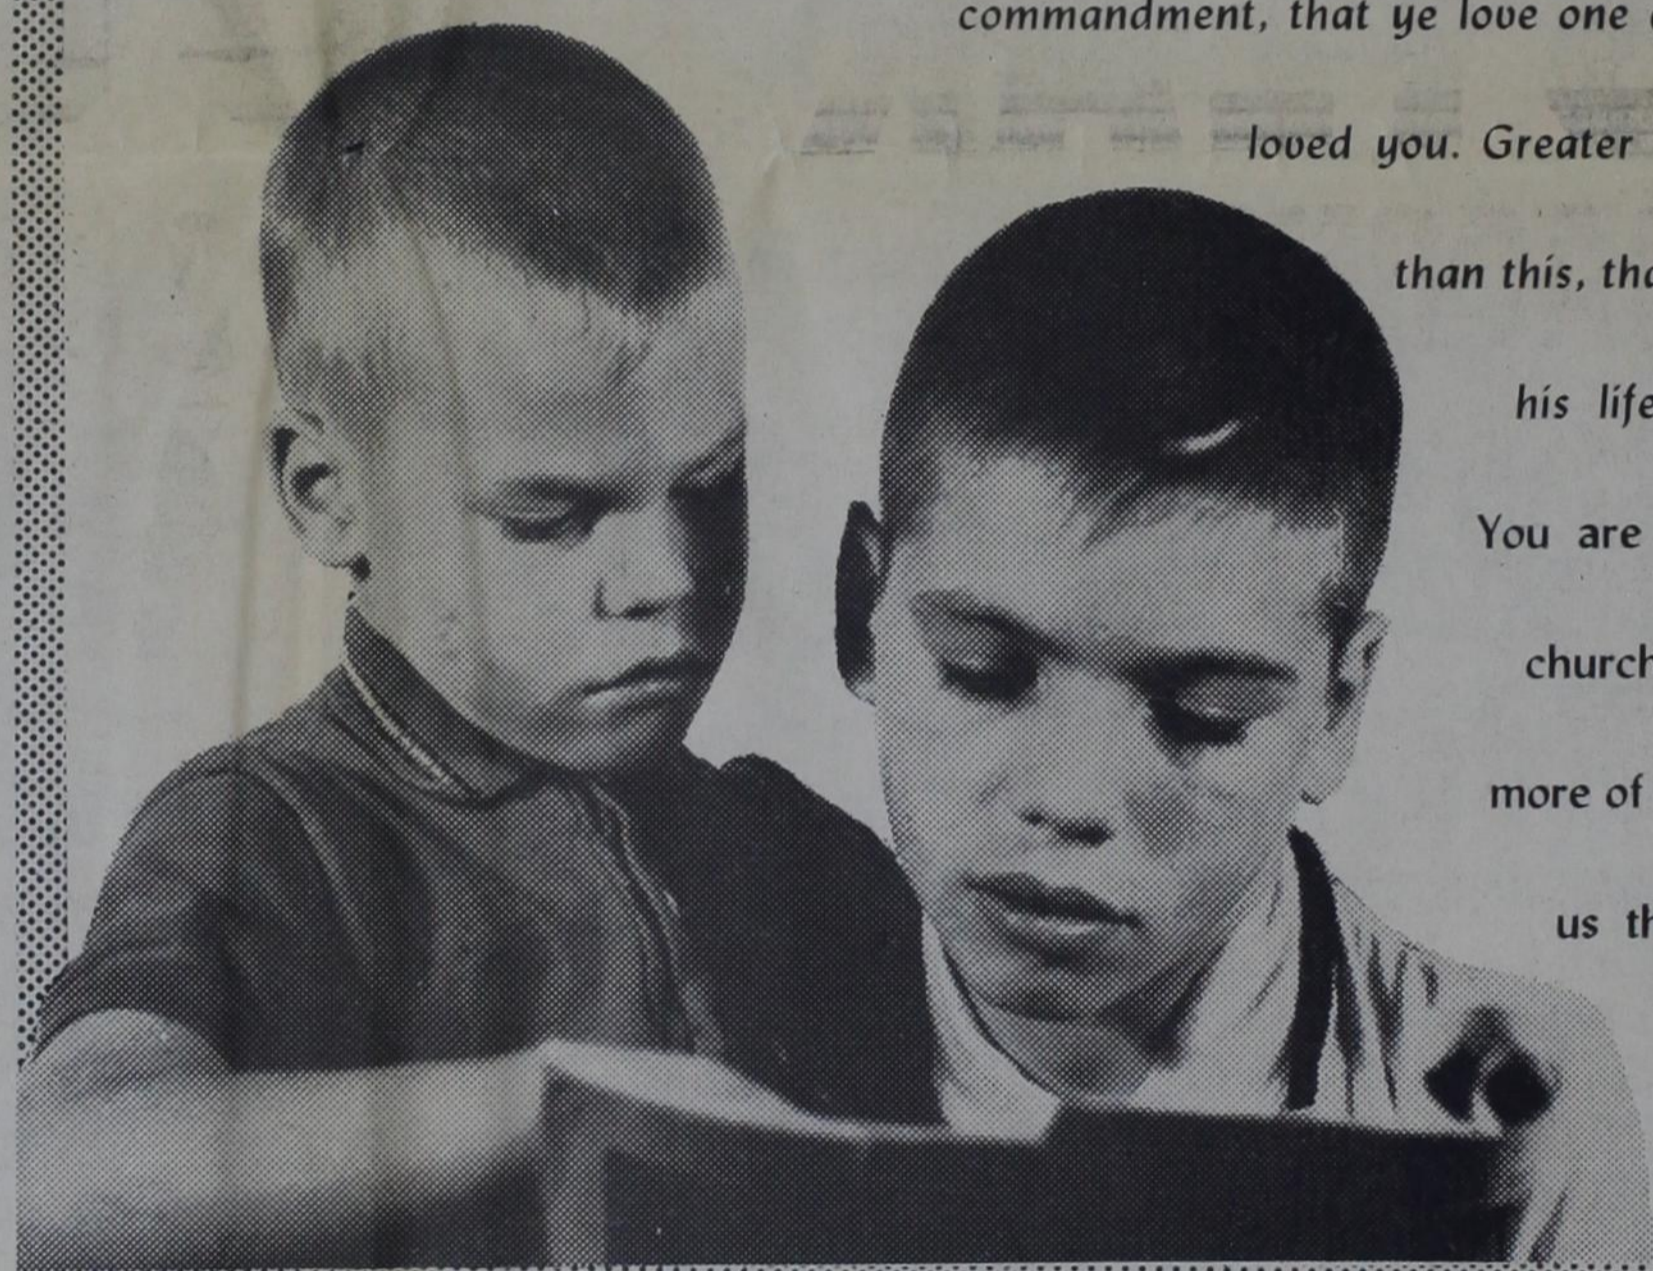

his life for his friends."

You are invited to attend

church Sunday to learn

more of the One who gave

us this commandment.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Riots Provide Lessons

By REP. BOB PRICE

Riots and near-anarchy over the nation in recent weeks have emphasized the crisis in law enforcement in this country.

IN ADDITION to an anti-riot bill recently passed by the House — I was one of its co-sponsors — and investigations already underway by both House and Senate committees, the House is now debating the Law Enforcement and Criminal Justice Assistance Act of 1967.

Properly amended, this bill could be an important step in the establishment of a federal program to provide assistance to local law enforcement agencies.

Unfortunately, the administration bill that was originally submitted contained the standard Great Society formula. It would stifle local initiative and direction and place maximum federal control in the hands of the attorney general.

IN AN EFFORT to improve the bill, the Republican members of the Judiciary Committee were able to obtain several amendments including:

- A. An appropriate judicial review provided in cases where the attorney general cuts off funds.
B. Congressional oversight on the operation of the data bank.
C. The open-end authorization was eliminated, thereby insuring essential legislative review of the act.
D. The direct federal payment of regular police salaries was banned.

THE PRESENT emergency demands that meaningful and appropriate federal assistance be given to state and local law enforcement agencies.

However, this crisis must not be used as a vehicle to place federal control over state and local police administration and to lay the foundation for a centralized federal police force.

Law enforcement and criminal justice administration are primarily local responsibilities. Crime is essentially a local problem that must be dealt with by state and local governments.

THE RECENT riots have re-emphasized the basic fact that the state and its designated agencies must have the primary responsibility for coordinating the law enforcement effort within a state.

Another amendment I will support is one to provide essential state coordination and eliminate the federal government's power to dominate and control local law enforcement.

that not more than 15 percent of the funds appropriated or allocated for any fiscal year shall be used within any one state.

I ALSO BELIEVE that he bill should provide for the establishment of a National Institute of Law Enforcement and Criminal Justice which in turn would be authorized to establish regional training institutes.

Improved training of local and state law enforcement officers in riot prevention, suppression and control as well as new techniques for combatting organized crime

are needed. Such institutes could also teach improved methods for crime detection, prevention, prosecution and rehabilitation and do so without dominance by the Federal government.

In the face of a crisis that threatens to undermine the confidence of Americans in their own government, this bill, if properly amended to eliminate Federal dominance, will be a first step in the restoration of effective law enforcement and respect for law and order.

THERE CAN be no further compromise with crime when many Americans are living in what almost amounts to a state of siege.

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows: "Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature. The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present. The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, (Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in accordance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion remaining in said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust, or profit under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard Reserve, the Air Force Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the Air National Guard Reserve, the Air Force Reserve, and the Organized Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Air Force, Navy, and Marine Corps. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a non-elective State officer or employee may hold other non-elective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to the State of Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

"AGAINST the constitutional amendment allowing non-elective state officers and employees to serve in other non-elective offices or positions under this state or the United States until September 1, 1969, and thereafter only if authorized by the Legislature, if the offices or positions are of benefit to Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board, may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction or installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following: "FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Age Is Lowered For Calf Shots

The minimum age for calf vaccination against brucellosis has been lowered from four months to three months, according to a US Dept. of Agriculture announcement.

RESEARCH has indicated that acceptable resistance is induced with the strain 19 vaccine on three-month-old calves. This early age vaccination also reduces the possibility of calves producing reactors that can confuse the brucellosis test.

The early age vaccination is also expected to help the cattle producer because it will often fit better with his regular management practices.

The amended regulation defines "an official vaccinee as a female bovine animal vaccinated against brucellosis at the age of three through eight months." If the heifer calf is a beef breed on a range or semi-range area, she may be vaccinated from three to eleven months.

The vaccination of heifer calves past the age of eight months is discouraged by the USDA because of the possibility of persistent

reactors. "PRODUCERS in Texas counties yet to enter the brucellosis eradication program should continue on this vaccination program," Dr. C. M. Patterson, Texas Agricultural Extension Service veterinarian advises. "Eliminating as much infection as possible will speed up certification when the county enters the eradication program."

Growing trees to a height of 17 feet in six months is no Texas tall tale. Texas Forest Service researchers have obtained this growth from cottonwood cuttings selected for outstanding growth characteristics. The trees are located in the Brazos River bottomland in Robertson County, on land owned by Texas A&M University. The planting is part of the tree improvement research program of the Service, aimed at producing the maximum yield of wood per acre for the production of paper.

HART NEWS

Parade, Playday Will Highlight 'Hart Day'

By MRS. H. E. LOMAN
The Castro County Roundup's "Hart Day" has been set for Tuesday. The day's activities will include an all-day gettogether for all of the "old timers" in the community room of the Farmers State Bank, with the members of the Good Neighbor Club as hosts, and serving drinks and pastries. Each person is asked to dress as a pioneer and a trophy will be awarded to the best dressed man and woman.

At 1 P.M. the parade will form south of the American Legion Building, with unloading rounds for riding clubs in northwest Hart at the Henderson Arena.

At 2 p.m. the parade will leave from the Legion Building and proceed to City Hall, then turn north on Broadway. The parade will include floats, old cars, bicycles, unicycles, area riding clubs and the Lions Club Sweetheart.

Trophies will be presented to the top three riding clubs, best float, one for old car, best decorated unicycle, and two rosettes in the bicycle division.

Immediately following the parade there will be a "Play

Day," open to all riders, at the R. G. Henderson Arena. Games being run will be barrels, flags, rings and pole bending. In each game there will be a rosette for first place and ribbons for the next four places.

All competition will be in three divisions: Pee Wee, 11 and under; Junior, 11 through 15; Senior, 16 and over; with girls' and boys' competition separate. There will be an all-around trophy given in each division to the individual with the most points.

The Hart Riding Club would like to invite any interested party to the Hart activities. Anyone interested in taking part in the activities can obtain further information from R. G. Henderson at 938-2355, or write Box 108, Hart.

One blast — tornado.
Two blasts — fire practice or meeting.

Three blasts — tornado alert. Firemen ask that citizens please do not follow the fire truck and cause delay in their reaching a fire.

Members of the Hart Volunteer Fire Dept. sprayed the city on Friday night for mosquitoes. We each can help eliminate the breeding places of the insects by keeping our personal property clean, wash out all tin cans and milk cartons before placing in trash barrels, and keep weeds out.

Did Son Have a Summer Job? Here's Good Tax News, Dad!

Summer jobs for son or daughter hold double deductions when income tax time rolls around. BE SURE you cash in on the extra break, says Mrs. Doris Myers, extension specialist in home management at Texas A&M University. For example, parents may still take the \$600 dependency deduction, no matter how much their youngster earns, provided the following conditions exist. The young worker is a full-time student during at least five months of the year, or he is 18 years old or less.

WRIGHT LEARNS OF HIS NEW JAYCEE TITLE ... He couldn't make an acceptance speech

Wright Becomes Senator in JCI

Pete Wright received a going-away present from his fellow Jaycees last Thursday that brought a lump to his throat. The long-time Jaycee and civic leader received an attractive certificate and engraved ID card designating him as Dimmitt's first senator in Junior Chamber International. WRIGHT, who has been a work unit conservationist for the Soil Conservation Service here eight years, received his award at last Thursday's luncheon meeting of the Dimmitt Jaycees in the Colonial Inn. The JCI Senator title is the top honor that can be bestowed to a Jaycee in the young men's worldwide organization. As a JCI senator, Wright is now an honorary member of every Jaycee club and organization in 43 countries around the world, and is entitled to a seat in any meeting of world Jaycee leaders at the international headquarters in Miami, Fla. Wright and his family were to leave this week for a new Soil Conservation Service assignment in Port Lavaca. HE WAS noticeably skeptical when former Jaycee President Rayphard Smithson first presented him with the going-away present. It was in the same huge hat box in which Wright had earlier presented Smithson with his outgoing president's gift—a large, crowing red rooster which the Jaycees tabbed as "El Roho." Wright didn't know at first whether he might be getting El Roho back to take to Port Lavaca. But instead, the box contained a single, large white envelope. Inside the envelope was his designation as the first Dimmitt Jaycee ever to be placed on the honored JCI Senator rolls. ALTHOUGH the Junior Chamber of Commerce emphasizes civic action and leadership training at the local club level, it also has state, national and international boards. The Jaycees extend to every country where their creed of faith in God, freedom through free enterprise, brotherhood over sovereignty, and government by law is accepted. These 42 national organizations together form Junior Chamber International. Wright has held every office in the Dimmitt Jaycees, and has also served as a state vice-president and national director.

Meat Imports May Be Required To Meet US Grading Standards

A House Agriculture Subcommittee approved a bill Friday intended to strengthen the nation's meat inspection services. INCLUDED IN the bill was an amendment introduced by Congressman Bob Price, a committee member. That amendment will apply to foreign nations the same standards that now apply to meat and meat products produced and processed in the United States. Price said present inspection requirements and construction standards in some foreign packing and processing plants were not up to US standards. "CLOSE TO A billion pounds of fresh meat and even more canned and cured meats are entering this country each year," the Panhandle Congressman - cattleman added. "Certainly the housewife is entitled to the same protection from contamination or filth in buying foreign meat as that assured by US standards." The committee vote was unanimous on Price's amendment. Price, however, expressed reservations about other provisions of the bill which was to be considered by the full Agriculture Committee Tuesday. HE PROPOSED another amendment to the bill to eliminate federal jurisdiction to interstate commerce and remove from the bill the authority for joint state-federal inspection standards which would be financed by a federal contribution of 50 percent. That amendment would not have changed other provisions in the bill designed to strengthen and modernize federal standards for interstate commerce. "Most of the states, including Texas, are now meeting their responsibilities and because a few are not is not sufficient reason for the federal government to take over the responsibility for all the states," Price said. To give non-complying states ample time to put their houses in order, Price proposed that the requirements of the legislation should be extended for two years, giving Congress the necessary leverage to review the situation in 1969. "THEN we could see how much progress had been made at the state and local level in meeting the goal we all share of providing American consumers with the best and most wholesome meat supply in the world."

FCIC Now Has Agent in County

Castro County wheat farmers can now insure their 1968 crop through a low-cost government program of All-Risk insurance, administered by the Federal Crop Insurance Corporation (FCIC). FCIC field representative for Castro County is Jimmy George. The district FCIC office is at 1611 Ave. M, Room 105, Lubbock. GEORGE SAID THAT insured farmers in the state shared in an estimated \$310,000 in loss payments for the 1967 crop when drought, freeze and wind plus other natural causes damaged the wheat. Federal Crop Insurance helps eliminate the uncertainties of weather or other natural hazards to the crop by providing cash payments to farmers when yields fall below policy guarantees, he explained. "This helps stabilize individual farming operations, provides for the return of dollars invested in the crop when failure occurs, enhances credit ratings and allows secured borrowing when needed," George added. Wheat procurers may contact George either locally or through his district office for full details on the program. To make the inside and gunwales of an aluminum fishing boat less noisy, have them sprayed with rubberized undercoating at an auto-body shop. Or split garden hose can be cemented over the gunwales. —Sports Afield

Who Had Most Fun--Contestants or Hosts?

By MRS. MYRTLE SHEFFY
Such fun we all had conducting the reception and two-day pageant for the 15 beautiful girls from area towns vying for the "Miss Grain Sorghum" title.

The contest was close, and all the girls were beautiful and exceptionally talented. Our own Poppy Byrnes was voted "Miss Congeniality" by the girls.

NEXT WEEK the Castro County birthday will be celebrated with parades, rodeos, Old Settlers' reunion and get-togethers, a dance and lots of other events. You're certain to find one of your favorite events on the Roundup Week schedule.

SUNDAY afternoon, Pete and Suzie Wright were honored with a coffee at the First State Bank community room. The Wrights are moving to Port Lavaca.

The serving table was covered with white net over green, with a flower arrangement of red, orange and green, and a fan of green maize. Jeannine Wimberley and Mrs. Bob Simpson served the green sherbert punch and cookies. Mrs. Jimmie Presley arranged the money tree presented to the Wrights by the guests.

Host couples were the Ira Wimberleys, the Lewis McDaniels, the Robert Bentons, the Bob Simpsons, the Jimmie Presleys, the Jack Clarks, the Fred Bruegels Jr., and the Rayphard Smithsons.

Since 1928 the Texas Forest Service has produced 415 million one-year old baby seedlings in its nurseries for reforestation purposes by Texas landowners. Set out with a spacing of 6 by 8 feet this number would be sufficient to plant 457,000 acres, an entire county the size of Trinity or Wood. Today, the Indian Mound Forest Tree Nursery near Alto in Cherokee County produces about eight million trees annually.

Doing something about the weather

Everybody talks about the weather. Jack Biros does something about it. Jack is one of 58 dispatchers with El Paso Natural Gas Company. These men control and coordinate operations of the Company's pipelines, plants, and wells throughout El Paso's 11-western-state service area so that the right amount of gas is delivered to all communities at the right time. When cold weather strikes, the volumes of gas needed to heat homes and other buildings jump many fold in a few hours. By studying weather predictions and business activity, Jack

and the other dispatchers constantly gear operations to meet changing demands. Production requirements are allocated to the most appropriate fields, whether located in Canada, the Rockies, New Mexico or Texas. Compressor stations, scattered over thousands of miles, and extending from the Canadian border to the Southwest are operated in unison. Jack's skills and those of the other dispatchers in making the greatest possible use of the flexibility of El Paso Natural's system are among the reasons that the West has assured supplies of natural gas.

EL PASO NATURAL GAS COMPANY Through its pipelines El Paso Natural serves Texas and ten other western states.

Her wauateau train was highlighted with motifs of lace, and her fingertip veil of illusion was secured by a crown of pearls. She carried a bouquet of baby orchids centered in stephanotis.

Maid of honor was Joan Buchanan of Dimmitt, and bridesmaids were Darla Underwood and Kay Bradley of Dimmitt and Brend O'Hair of Earth. They wore A-line colored dresses of brocade with matching shoes and carried single long-stemmed roses tied with matching ribbons.

Members of the house party were Mrs. Charles Vandiver, Mrs. Rachel Hunter, Mrs. Mary Edna Hendrix, Mrs. Buster Tidwell, Mrs. Norris Wesson, Mrs. Gene Ivey, Mrs. Irene Carpenter, Mrs. Winona Bunch and Mrs. Milton Bagwell.

For her wedding trip, the bride chose a white lace coat over a white A-line shift and pink accessories. For her corsage, she wore the pink orchids from her bridal bouquet.

600 Cattle Escape From Feed Lot

By TEENY BOWDEN

More than 600 head of cattle, mostly heifers, broke out of a pasture at the Sunnyside Feed Lot property Wednesday night of last week and scattered to the extent that about 100 were still missing Saturday.

They had been shipped in only last week, and were not adjusted to the place. About 15 or 20 were on Highway 385 about midnight when a passing motorist stopped to tell Dwight Shottenkirk. Planes were used Thursday and Friday trying to locate the isolated bunches.

They were all identifiable by their 'azy H brands, but they often wouldn't stay in one place long enough to be rounded up after being spotted and reported. Most of them strayed to the southeast, but they didn't stay together.

All of the employees of the feed lot have been working around the clock trying to get them in, and the owner, Buford Haydon, has offered rewards to anyone helping to locate the rest.

School Board Outlines Budget

Dimmitt Independent School District will spend \$1,223,105 during 1967-68 while taking in an expected \$1,225,341 income from local, county, state and federal sources.

THAT'S THE budget adopted Monday night by trustees of the district.

A "pie graph" on income, drawn by Sgt. Paul Hiburn, indicates that 50 1/2 percent of the

local schools' income will come directly from local taxes. The rest of the school district's income will come from "roundabout" sources - state tax (41.7 percent), federal tax funds (7.6 percent) and county taxes (.02 of 1 percent).

The school board had already approved a 25-cent tax hike, from \$1.75 to \$2, to increase local

income for the district. An accompanying pie graph (see above) shows how the school dollar will be spent during the coming year.

Most of the budget, of course, will go for instruction - \$783,411. Of this amount, teacher salaries will account for \$732,057, substitute salaries \$3,000, textbooks \$500, library and audio-visual expenses \$8,500, teaching aids \$32,154, and other expenses \$3,000.

AMOUNTS allotted by the new budget to other phases of the school operations are: Administration: \$44,805. Attendance service: \$4,905. Health service: \$5,534. Pupil transportation: \$30,950. Plant operation: \$56,500. Plant maintenance: \$27,200. Fixed charges: \$45,300. Student activities: \$19,000. Community service: \$2,500.

THESE AMOUNTS bring the total expected operating expenses to \$1,040,105. In addition, the budget calls for \$18,500 in capital outlay for furniture and new equipment, and \$164,500 for debt service on serial bonds and short-term loans to bring the total expenditure figure to \$1,223,105.

THE BLUE NOTES of Springlake-Earth High School turned each "between acts" into a musical highlight during the Miss Grain Sorghum Pageant Saturday night. The five boys, featuring the difficult double-cornet style plus drums, amplified guitar and piano, presented a mixed offering

that included one Tijuana Brass favorite, one wild teenybopper arrangement and two of their own original compositions. The Blue Notes will be seen again here Saturday night in the county-wide talent show.

Square Dance Tips

By MILDRED BARNES
Square dancers from Hereford, Bovina, Mulenshoe, Earth, Portales and Dimmitt enjoyed a swinging, do-si-doing, pronounced good time at our regular club dance last week. Five squares went through the paces to the excellent calling of Sid Perkins, probably the best caller in West Texas.

AFTER THE dance a short business meeting planned the club activities for Roundup Week and the special dance Aug. 29.
If you are not a member of a square dance club, you are missing a lot of wholesome, active and stimulating fun, for square dancing is fun.

MR. AND MRS. Leo Hall, Reba and Ronnie of Wilcox, Ariz., were in the community visiting during the weekend. They were taking a two week vacation and planned to visit relatives at Wellington and in Oklahoma.

M. Mobley, Austin Mobley and Miss Alma Andrews. Ice cream and cake were served. The occasion was the celebration of Millers' birthday.

Mr. and Mrs. Tommy Sparkman, Kevin and Kirk moved into their new home located across the road from the old Andrews home place, on 7th St. on Saturday. The red brick house has a double garage, central heating, two baths and a new sprung tile floor and counter cover as well as unusually ample closet and storage room.

Don't worry.

There's a lot of confusion now about the validity of customer's drafts and counter checks after Sept. 1.

Under a new Federal Reserve Bank ruling, effective Sept. 1, banks are required to have their Federal Reserve System number encoded on all their checks in magnetic-ink IBM numerals.

This is to allow the computerized sorting of the millions of checks and drafts that are processed through Federal Reserve branches, clearing houses, and banks that are "on computer."

The same ruling urges you to use encoded personal checks only, and it discourages the use of counter checks. In many areas, customer's drafts will no longer be available after Sept. 1.

But if you're a First State Bank customer, don't worry.

Our counter checks will still be usable after Sept. 1. Our FRS number has been encoded on our counter checks for more than a year now. All our checks complied with the new standard before it was set.

Also, we have a big supply of encoded counter checks from all our neighboring banks, and we'll gladly distribute them to any and all businesses here. They're as good as personal checks at their home banks.

And as an added service, First State Bank has purchased an encoding machine that can make any bank draft conform to the new ruling. With this machine, we can encode the FRS number of any bank in the US, and make any draft computer-ready.

So if you're a First State Bank customer, remember: When you find yourself without a personal check on hand, our counter checks are good. You'll find them throughout the area, and any bank will accept them.

And if you're a stranger in First State Bank territory, remember: Your personal, encoded check is always valid. If you find yourself without a personal check, look for an encoded counter check on your home bank - we'll accept that, too. If you can't find an encoded counter check, chances are that First State Bank will have one. If we don't have, we'll encode one for you.

We realize the necessity of computerized check processing in this credit age. But we also recognize an opportunity for service when we see one - and personal customer service is what built our bank. We'll still accept a check written on a one-by-six, if that's the way you want to write it.

First State Bank started on the strength of a man's signature and handshake. We intend to maintain that tradition. When you deal with First State Bank, the computers will serve YOU.
