NAZIS MAKING SUPREME EFFORT IN RUSSIA

WAVE AFTER WAVE OF FRESH TROOPS POURED IN AGAINST REDS, WITH LITTLE SUCCESS

MOSCOW, March 19 — Hordes of German tanks blasted out a slight advance 28 miles southeast of Kharkov today, but front dispatches said the Red army was putting up a stone-wall defense against all attempts to widen the gap.

The Germans were reported to be sending wave after wave of fresh Panzer and motorized infantry into the breach in the Russian lines in an effort to develop their first success since the Soviets began a series of counter-attacks in the Chuguev area.

The battle was one of the fiercest since the German assault on Stalingrad. Swarms of German dive-bombers were supporting ground forces and the Red Air Force was countering with fighters and Stormovik assault planes.

The Red army's slight retreat presumably cost it one or more of the villages recaptured in the counter-attacks earlier this week in the Chuguev area.

To the southeast, the Germans also were hurling masses of tanks against Russian armies entrenched on the south bank of the upper Donets. The fighting was particularly intense in the Izyum area, 72 miles southeast of Kharkov, and field dispatches described the situation there as obscure.

The Russians on the central front, meantime, hammered the Germans back farther toward Smolensk on an arc curving from a point north of the city to the southeast with the capture of a number of additional towns and hamlets, including Izdeshkovo, 62 miles northeast of Smolensk on the Vyazma-Smolensk railroad.

New Russian gains also were reported in the drive toward the Axis stronghold of Staraya Russa, below Lake Ilmen on the northwestern front.

In the fighting around Chuguev southeast of Kharkov, the mid-day communique said, one Soviet unit alone disabled five tanks and wiped out upwards of 400 German officers and men.

"The Soviet air force destroyed or damaged up to 100 trucks with troops and supplies," the communique said. "Three German planes were shot down in aerial combat."

The Thursday midnight communique said the Germans were attacking constantly, regardless of losses, in their attempts to regain lost positions.

A field dispatch to the army organ Red Star said the battle of middle and upper Donets was swaying back and forth with the Germans persistently probing for weak points and endeavoring to establish beachheads on the northern bank of the river.

LAST-MINUTE RUSH

WASHINGTON, March 19.—A reported crisis in the livestock, poultry and dairy industries, with many producers said to have less than a 10-day supply of feed, precipitated a demand for swift Senate action today on legislation authorizing the immediate sale of an additional 100,000,000 bushels of government-held wheat.

ITALIANS TO WORK

LONDON, March 19.—Italian prisoners with good conduct records are to be billeted with British farmers as part of a plan to meet the labor shortage in Great Britain, it was disclosed.

Blessed are the one-idea fanatics. They are the irritants that make the world wake up and move.

JOHN E. FOY KNAPP DIED FORMERLY OF ON MILITARY CISCO, DIES GALLOWES T'DAY

John E. Foy, 88, who was in the restaurant business in Cisco when the little village was visited by the disastrous cyclone of April 28, 1893—almost 50 years ago—died at his home in Anson, Okla., at 3 o'clock this morning.

Mr. Foy left Cisco in 1916 and moved to a farm near Anson, Okla., where he continued to reside until about four years ago, when he moved to Anson. During his residence in Cisco he also served as constable of this precinct and will be remembered by many Cisco citizens as a straightforward man and good citizen.

The funeral services will be conducted at Anson at 10 o'clock tomorrow morning and the remains will then be brought to Cisco for interment, which will take place in Oakwood cemetery at 2:30 o'clock tomorrow afternoon.

Survivors include the wife and eight children, as follows: Jess Foy, Anson; Truman Foy, Anson; Robert Foy, Temple; Mrs. S. L. Cook and Mrs. Hugh McCarty, Cisco; Mrs. Gus Maxwell, Abilene; Mrs. Henry Sprinkles, Los Angeles, Calif.; Bill Foy, Teut. There are also several grand-children.

PASTOR THINKS MEN ARE ENTIRELY TOO SHY

The program for the Brotherhood of the First Baptist church, to be held Tuesday evening, March 23, in the church basement, will feature, first, a good fellowship number followed by light refreshments, and the serious or spiritual side of the program coming after.

"Too long, men have stood shy and turned activities over to the wives," said Pastor Cooper Waters in discussing the Brotherhood movement. Men like to do things themselves in a rather informal way, with as little fuss about the matter as possible.

So, the program committee is asking that all come in work clothes or some kind of garb other than their dressups. Wear anything else—cowboy rig, overalls, golf clothes or what-have-you.

The opening will be in charge of the program chairman, with W. Frank Walker leading the men in some contest songs and whistling. This will be followed by a program number led by the Hittner-McNeely Ranch Hands orchestra.

Then will come the light refreshments. If you are a hearty eater, grab a sandwich before you come is the advice of the committee.

Following lunch, the spiritual side of the program will be in charge of W. W. Fewell, president of the organization.

Pastor Cooper Waters leads off with the subject, "Men To Like To Pastor," followed by two-minute talks on "How I Can Help My Pastor," by F. E. Shepard, Oscar Mason, Bob Walker, Fred Grist, Tom Stark, Jonah Eppler and Otis Skiles.

ROBERTS CROSSES POND.
In a letter to his parents, Mr. and Mrs. Fred Roberts, of Rising Star, Lieut. Clark F. Roberts, of the U. S. flying corps, announced that he had landed safely "somewhere" after an uneventful flight over the Atlantic in his big bomber plane. Lieutenant Roberts, who has many friends in Cisco, resigned as city attorney here to join the armed forces.

COOK COMMUNITY.
J. F. Reynolds, solicitor in the Red Cross drive conducted in the Cook community, reported over the top Monday with \$51 received against a quota of \$50.

LEON SPRINGS MILITARY RESERVATION, MARCH 19.—Pvt. George Schuber, Knapp of the United States army died on a military gallowes today.

The 38-year-old St. Paul, Minn., draftee was executed for the slaying of blue-eyed 9-year-old Lucy Rivers Maynard of Bastrop, Tex., last October.

Under an overcast sky, as a stiff wind whipped across the military reservation and as the practice firing of guns could be heard in the distance, the one-time inmate of a Minnesota insane asylum calmly went to his death.

He had been found guilty by a court martial of entering the small girl from a Bastrop school ground, driving her to a ravine near that city, and then mistreating her to such a degree that she died three days later.

YANKS MOVE UP 44 MILES IN TWO DAYS

North Africa, March 19.—American forces, pushing forward in two columns in an attempt to reach the coast and trap thousands of enemy troops, have occupied the town of El Guettar, 72 miles from the Gabes bottleneck in South-central Tunisia.

The advance was made through rain and mud, but the bad weather did not deter the Americans from attempting to exploit their occupation of the Axis base of Gabes. One U. S. column moved northeast along the Sfax railroad toward Sced station; the other, advancing southwestward, was on the road that leads to Gabes where there is only a 12-mile passage between Chott Djerid (salt lake) and the sea.

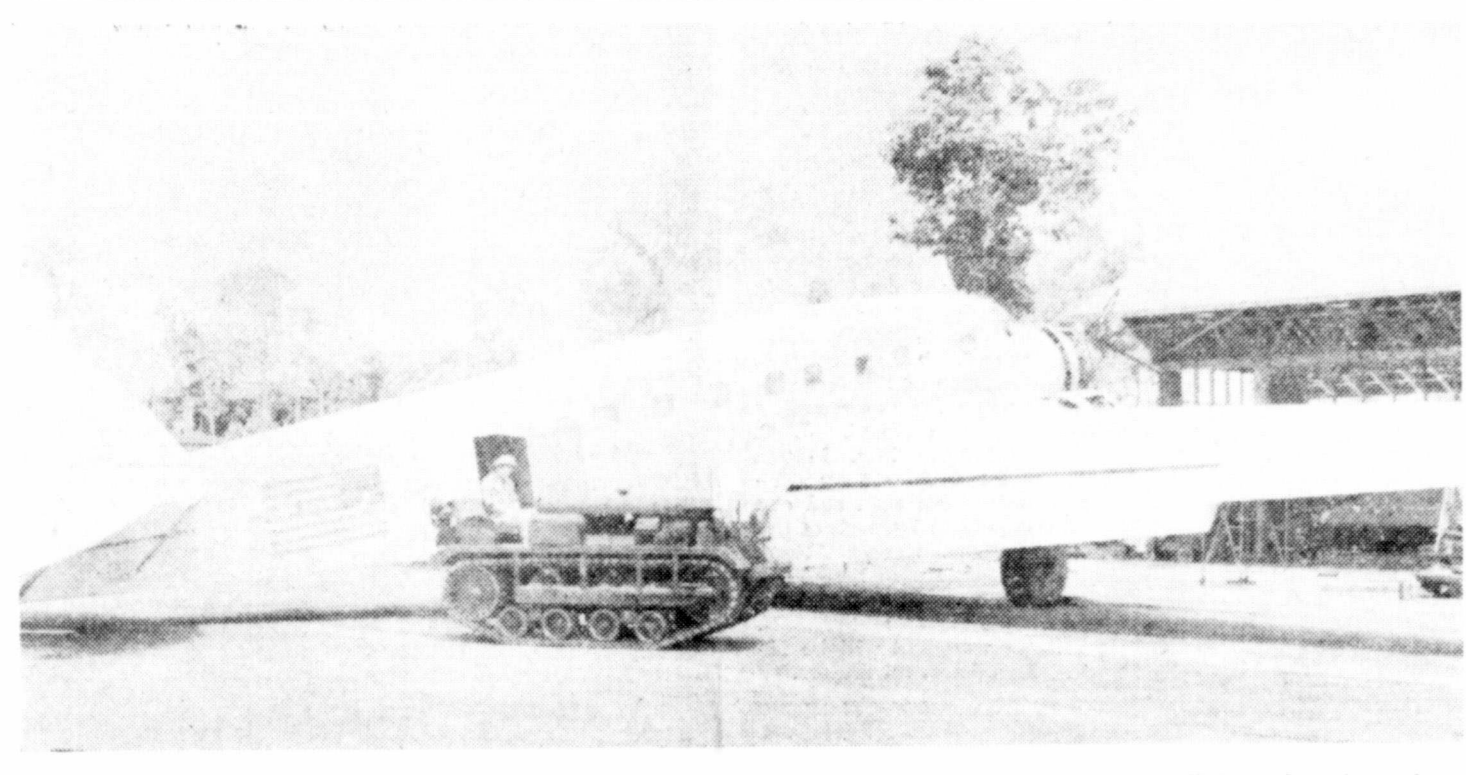

In the northern sector Col. Gen. Jurgen von Arnim, jabbing at the British First Army's lines in an attempt to keep it off balance, scored an advance in the Seldjane sector and forced the Allies to withdraw from Tameria. The new Allied line now is set up three miles southwest of Tameria.

The conquest of El Guettar was a bloodless victory for the Americans. Axis forces, still retreating toward the town, had evacuated the place even before U. S. advanced patrols could reach it. El Guettar is 14 miles southeast of Gabes, so, including the 30-mile advance which U. S. troops made to capture Gabes, the Americans now have made a total gain of 44 miles in two days.

Bad weather prevailed over most of the Tunisian front, but planes from Montgomery's Western Desert Air Force continued their attacks on the Mareth Line.

WATERS TO GORMAN.
Rev. Cooper Waters will go to Gorman Monday to assist Pastor O. M. Corley of the First Baptist church of that city in a training union study course for the week. Mr. Waters stated that he would be back in Cisco for the Brotherhood meeting Tuesday night, and of course, in his pulpit for the next Sunday services.

RICKENBACKER TALKS.
WASHINGTON, March 18.—Capt. Eddie Rickenbacker predicted yesterday an armed force of 15,000,000 men would be needed to win the war. "You hear talk about an 11,000,000-man army," he told a Red Cross rally. "I say it will take 15,000,000 Americans in uniform to do the job that needs to be done, for we have the only manpower left. It will take thousands of victories like we have had to date to win this war."

WORKS FOR UNCLE SAM—Italians built this huge plane for a transport skyliner, but it fell into American Army hands and now it has been converted for use by Uncle Sam's men, in the Caribbean area. Sergt. Isaac Tharp of Kokomo, Ind., operates the tractor that supplies power for compressor work at Army Air Base.

CALF BROUGHT \$113 FOR CISCO RED CROSS

The Eastland County Livestock auction had its usual big crowd Tuesday, featured by great numbers of out-of-town buyers, according to J. A. Trigg, owner. Sales were \$17,344.68.

An unusual feature of the sale was the donating of a calf by Mr. Trigg to the Cisco Red Cross and putting it on the block for auction. It was sold and resold several times, each buyer donating the proceeds to the same cause until the total amounted to \$113.

AUSTIN FLINT CAN TELL YOU ABOUT RABBITS

Austin Flint, manager of the J. C. Penney Co. store, says it's easy to get into the rabbit business, but that it is much like the guinea-pig business—rabbits and expense multiply fast.

Flint recently said he was finishing a rabbit house that cost him \$20. He started in by purchasing one rabbit for 25 cents—"and now you see where I am," he remarked.

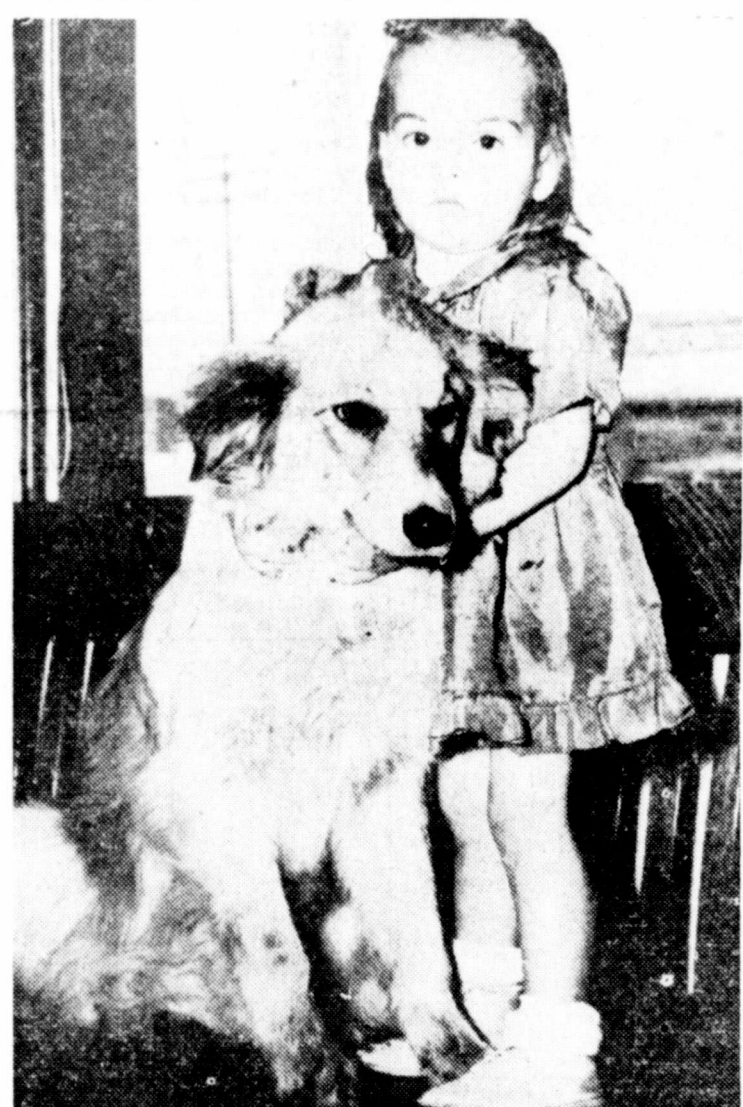

When asked how many rabbits he now has, he said he had lost count, but added: "If you like rabbits, they should solve your meat problems in a hurry."

CONTINUE OIL PROBE.
WASHINGTON, March 19.—The house has authorized continuation for another two years by its interstate commerce committee a general investigation of the petroleum situation.

AIRLINE EARNINGS.
NEW YORK, March 19.—United Air Lines reports record net earnings of \$3,134,356 in 1942, or \$2.08 a share, compared with \$598,050 or 40c a share, in 1941.

BRITISH SUB BUSY.
LONDON, March 19.—Two British submarines sank six supply ships, a tanker and a naval auxiliary in a recent 10-day patrol in the Mediterranean, the admiralty announced today.

48-DEGREE CHANGE.
FT. WORTH, March 19.—A sharp north wind drove the thermometer from its 82 top Thursday afternoon to a low mark of 34 degrees at 8:30 a. m. Friday, a 48-degree drop.

SAVED HER—Teeth marks on shoulder of Rosella (Sissie) Hubbard of Rantoul, Kan., indicate unmistakably Captain pulled her off railroad tracks to safety. Parents found her near tracks with Captain standing guard over her.

GOOD TO SEE HIM—Major General Richard K. Sutherland, chief of staff for General MacArthur, welcomed by his wife in Washington, on return from South Pacific. Couple has been separated since May, 1941.

FEW ENEMY ALIENS.
WASHINGTON, March 19.—Attorney General Biddle announced yesterday he has ordered the internment of 4,163 persons of enemy alien nationality arrested by the federal bureau of investigation since Dec. 7, 1941. In the same period 3,237 were paroled and 1,151 were released outright. About 500 cases remain to be decided, Biddle said. Aliens arrested are given a hearing before a board of prominent citizens, which makes a recommendation to the attorney general, who has the case reviewed for his decision.

CO. SHY \$2,500 OF QUOTA

Eastland county is still short of its Red Cross quota of \$18,000 by about \$2,500, according to County Chairman E. E. Freyschlag, who stated that yesterday's tabulations showed that about \$15,500 has been reported.

Cisco, Ranger and some rural communities have not yet reported as reaching their quotas.

Eastland, German, Carbon, Rising Star, Okra and Cook have topped their quotas, Mr. Freyschlag said.

GREATEST U. S. RAID HITS NAZI SUB YARD

LONDON, March 19.—The largest American bomber force yet sent against a European target wrought "tremendous damage" in the Untersee Submarine Building and Repair Yard near Bremen, northwest Germany, yesterday, a spokesman for the 8th U. S. Air Force announced today.

The daylight raid was described by the spokesman as the most successful of the war by the 8th Air Force. He said a "great weight" of bombs was dropped, and other authoritative sources disclosed that these included hundreds of 1000-pound demolition missiles.

A Columbia Broadcasting System correspondent who flew in a Flying Fortress in the raid estimated that 600,000 pounds—300 tons—of bombs were dumped on the Untersee Yards at Vegesack.

The Air Force spokesman said the raid was carried out in good weather and bombs were seen to blast the U-boat yards and demolish the power station. At least five huge fires were started. "Reconnaissance photographs disclosed perfect bombing," he said.

Fifty to 75 German fighters attacked the Flying Fortresses and Liberators simultaneously during running fights that lasted up to 105 minutes, but only two bombers were lost. An American communique said "many" enemy fighters were destroyed.

DEATH AND CHANGE.

"House Unshaken as Morgan Dies" said the front-page headline, as John Pierpont Morgan, famous captain of American finance, passed from life. It was all quite natural. He had lived largely and done a big work in the last war and since, and was not needed any more.

Almost at the same time came news of the serious illness of Marshal Petain, famous leader of armies and hero of Verdun in the last war. He leaves the scene at the ripe age of 86, obviously come with his big task and ready for whatever heaven there is for those who have wrought well.

"These are but exceptional cases," as a scientist might say. They follow the way of nature. The old order changes, yielding place to new, and God builds himself in many ways, but one good custom should corrupt the world. There will be many others, with ebbing fame, going to their rest as this big, new world struggle proceeds. The world will be changing its masters, perhaps, and also its ways. What kind of "brave new world," the new generation may be coming into it, is hard to say. But men and women will carry on.

AMERICANS ALL.

It is hard to keep track of all the days we celebrate in one way or another, but there is one day coming along soon that should stand out like a lighthouse. It is "I-Am-an-American Day," which comes on May 18.

The president has urged special recognition on that day for citizens who have attained their majority or have been naturalized during the past year. Federal, state and local officials and private organizations are asked to help both the naturalized and the native-born citizens in understanding their duties and opportunities.

There is certainly plenty of room for that kind of service now. The big job is to weld citizens old and new, into civilian armies that can match, on the home front, those serving in the fighting forces. When they are united, there is nothing this nation cannot do.

The old Romans let two people govern them, alternately, six months at a time. How would it be now if we let Dorothy Thompson and Walter Winchell divide the year between them?

Canada will "forgive" half of the tax levy based on last year's income, but many Americans think the Ruml plan is rummy.

HITS EVERYBODY.

There is no longer any way of loading the tax bill onto the other fellow. It is now in the lap of every family in the land. Taxes come ahead of all family bills. The American family will have to learn to economize as never before.

A single person with an income of \$100 a month will pay the Federal government approximately \$175 in 1943, and this does not include any state income tax, property tax or excise taxes. A single person earning \$13 a week, with no dependents, will pay some \$56 Federal taxes, not counting other taxes.

We will have to go without a lot of things hereafter to accumulate tax money. As we scrimp to meet our tax obligations, we will take increasing interest in seeing that city, county, state and federal governments also economize; that frills and furbelows in government are eliminated for the duration, and for a long period thereafter.

ABSENT CHILDREN.

Some cities report more pupils absent from school these days than ever before, and the peak is still rising. The tendency is found almost everywhere. The resulting "absenteeism" is seldom legitimate. There are large numbers of children work-

ing for pay when they should be in school. So great is the demand for them that bills are presented to some state legislatures to reduce limitations and allow the full-time employment of children 15 years old.

The main cause of trouble, says one observer, is too little supervision of children in the home. War conditions especially make it hard for many mothers to look after their children. They naturally tend to "run wild" and get into bad company and bad habits.

England had similar difficulty in the early war days, but seems to have got the problem pretty well under control. American experts are insisting that the usualing must stop, that children shall be protected not only against juvenile delinquency but against many parents' desire to have them prematurely at work.

INTERFERENCE.

Some people still think that all we need do in our international relations after the war is to make ourselves strong and that nothing else matters. Norman Angell, who has studied international affairs keenly for many years, has an answer to that.

"Suppose," he says, "when a person was murdered, the counts against a whole said, 'Well, after all, it is no affair of ours, it is not our quarrel; let the parties concerned settle it. Why should we expend our taxes on police and courts, interfering in the quarrels of others?'"

Of course if people took that attitude as Mr. Angell says, there would be no peace, no order, no right, no law, no justice, no civilization.

TWO GROUPS MET FOR "QUILTING" TUESDAY.

Groups one and two of First Christian church council met in the home of Mrs. H. R. Garrett at 2 p. m. Tuesday for a work meeting. Mrs. H. H. Davis brought the devotional and letters of thanks for donations were read from a Mexican mission church at San Louis Potosi, N. M. The afternoon was spent in work, which resulted in one quilt being finished and a quilt top piece for the Juliet Fowler home in Dallas.

Those present were Mrs. Fred Steffey, Mrs. H. H. Davis, Mrs. Ida Painter, Miss Alice Bacon, Mrs. George Swartz, Mrs. C. B. Powell, Mrs. W. R. Huestis, Mrs. Rex W. Moore and Mrs. Garrett.

JUNIOR MUSIC LOVERS CLUB IN FARLEY HOME.

The Junior Music Lovers' club held the regular meeting Tuesday evening in the home of Pearl and Pearlene Farley. Betty Wilcox and Pearlene Farley presided during the business session. Patsy Lee Weir and Mary Ann Shurwin were

welcomed as new members. The national junior pledge was repeated by the members, led by the club counselor, and the club song was sung, led by Helen Hay, with Helen Raye Edwards at the piano.

After the business session a musical program was presented

by the following members: Piano solos by Betty Jo Laird, Patsy Weir, Lovell Paul, Betty Jo Thurman, Durward Smith, Dorothy Ann Sanders, Pearlene Farley, Mary Ellen Sanders.

Piano duet by Geneva Bint and Mrs. Ben Krauskopf.

Solos were sung by Helen Raye Edwards, Mary Hay and Betty Wilcox.

Visitors for the evening were Bonnie Bess Erwin and Clara Dee Edwards.

Refreshments of ice cream and cookies were served by Mrs. Roy Farley, assisted by her twin daughters, Pearl and Pearlene Farley, to the following: Carolyn Fowell, Durward Smith, Betty Jo Thurman, Dorothy Ann Sanders, Geneva Bint, Lovell Paul, Mary Ann Shurwin, Betty Wilcox, Mary Hay, Mary Ellen Sanders, Bonnie Bess Erwin, Azilee Morris, Mary Hay, Patsy Lee Weir, Helen Raye Edwards, Betty Jo Laird, Clara Dee Edwards and the club counselor, Mrs. Krauskopf.

Circle six of First Baptist women's missionary society met Tuesday afternoon with Mrs. F. B. Clappitt as hostess. The meeting opened with prayer by Mrs. S. B. Parks and Mrs. Leon McPherson presided as chairman in the absence of Mrs. W. W. Fowell.

Minutes of previous meeting were read and routine business transacted. Mrs. C. P. Cole brought the devotional message from Psalm 37 and also taught the Bible lesson from Matthew

23. The meeting closed with prayer by Mrs. Cooper Waters.

Those present were Mrs. Charles Clark, Mrs. James Huddleston, Mrs. Cooper Waters, Mrs. S. B. Parks, Mrs. C. P. Cole, Mrs. Leon McPherson and Mrs. Clappitt.

SURPRISE PARTY HONORED MISS WESTFALL MONDAY.

Mrs. George Westfall honored her daughter, Miss Georganna Westfall, Monday evening with a surprise birthday party. The honoree, who responded to a knock on the door, thought the group had met for a discussion of the young women's auxiliary house party to be held in Abilene.

After a time spent in conversation, a number of games were played and a final contest was enjoyed which was won by Miss Westfall. She was presented with a lovely array of gifts as the winner. Many birthday wishes were expressed by the group. The white birthday cake with lighted candles atop which was placed on the dining table was cut and served with ice cream by the hostess.

The guest list included Misses Georganna Westfall, Cathryn Shepard, Dorothy Anderson, Josephine Kelley, Peggy Jean Gallagher, Bonnie Jean Wilson, Sylvia Hazel, Jimmie Jean Hensley, Vida Faye Ramsower, Lola Alice Caffey, Jeffie Jean Robertson, Wanda Burnett, Martha Helen Breechen, Dorothy Westfall, Charles LaVoyce Wilson, Louise Norris, Mrs. Lee Weir, Mrs. Leon McPherson, Shirley Westfall and Mrs. Westfall.

PRO BILL GETS BODY BLOW IN TEXAS HOUSE

AUSTIN, March 19.—A bill which authors claimed would dry up the state by prohibiting sale of beer and liquor within ten miles of a military center was killed yesterday by the house committee on liquor regulations. The vote was 12 to 3.

Arguments for the bill, sponsored by Tom Dean of Floydada and Claude Callaway of Crowell, were led by Jeff Davis of Dallas, head of the United States Dry Goods conference dry sentiment, is establishment of unregulated con-growing in Texas; that drinking men in the armed services and causes absenteeism from war plants, and that the beverages contain food products which should be consumed otherwise.

Majority contention of the committee was that the bill attempted to violate the local option privilege under which voters in wet counties have expressed themselves. Joe C. Carrington of Austin said such a bill would not dry up the state but would foster the establishment of unregulated con-growing in Texas; that drinking men in the armed services and causes absenteeism from war plants, and that the beverages contain food products which should be consumed otherwise.

ENEMY NEARBY?—No. Major General H. R. Harmon, commanding Caribbean air force, gazes through powerful telescope at troops in practice maneuvers at outpost in vital Panama area. Colonel Henry K. Mooney, left, commands outpost.

Bill never did like big talk

FOURTH of July orators made him squirm. Election-day speakers made him mad. He hated big words and fancy talk.

Nobody had to sell the war to Bill. He saw his duty and left a good paying job to go and do it.

If you were to ask Bill today to set down in writing the things he is fighting for, he probably wouldn't talk about great concepts like the Four Freedoms, or free enterprise, or the dignity of man.

He'd say simply: "I am fighting for my home and my wife and the kids I hope we'll have some day. I am fighting for my right to sit in a sunlit picnic grove with my family... my right to criticise, over a coke or a highball, the Brooklyn Dodgers or the men in Washington... the privilege of watching my son

grow in the image of me and my wife instead of some dictator."

These are a few of the thousands of "little freedoms" that add up to the American way of life—and that essentially is what Bill is fighting for. He'll do his job and we folks back home must get on with our job.

There is much to do and not much time to be wasted talking about it. In the column on the right we are printing a check list to serve as a reminder of the jobs that have to be done by us at home.

We at National Distillers don't like big talk any more than Bill does. We wish to state simply that we, like the rest of the distilling industry, are devoting our entire production facilities 100% to war alcohol—used for munitions, rubber, medicines and many other essential war needs, and are producing no whiskey today.

- I regularly buy War Stamps and Bonds—at least 10% of my income.
• I pay my taxes on time and in full.
• I avoid unnecessary expenditures in order to help prevent inflation.
• I cheerfully observe all rationing regulations and do not hoard.
• I budget my ration points carefully and don't waste food.
• I am planting a Victory garden.
• I work where I can do the most good for the war effort.
• I get to work on time and am never unavoidably absent.
• I do my best to stay healthy.
• I do my best to avoid accidents, especially if I work in a war plant.
• I watch what I say and spread no rumors.
• I conserve tires and gasoline.
• I share my car with others.
• I travel only when absolutely necessary.
• I carry my own bundles when shopping to save manpower, gas and tires.
• I contribute to the Red Cross and all War Relief funds.
• I save and turn in scrap metal, used cooking fats and other needed materials.
• I do Civilian Defense work.
• I work with the Red Cross or other volunteer groups.
• I am a regular blood donor.
• I volunteer for Nurse's Aide work.
• I do community social service work.
• I am prepared to quietly cooperate with the F.B.I. in apprehending suspicious persons.
• I contribute books to the men in the service.
• I write to friends and relatives in the service.
• I observe dimout and blackout regulations to the letter.

This list, of course, is not complete. Every man, woman and child will find many other ways to help. Check this list with your neighbors and find out what they are doing. But get going! Do all you can! And do it now! Consult your local Civilian Defense Council for further information.

"I nitrated aromatic hydrocarbon, my old chem prof called it . . . CH₃C₆H₂(NO₂)₃ or trinitrotoluene . . . just plain TNT to me . . . I didn't think I'd ever be sitting over a load of it headed air-express for an Axis rat's nest . . . but here we are over the target . . . and here they come, Adolph . . . here's a touch of Texas for you."

Hitler is feeling that touch of Texas from many sources—from the tens of thousands of Texas boys serving in every branch of our armed forces—from the tens of thousands of bombs and shells loaded with TNT made from Toluene that Humble processes from Texas crude oil. Since 45 days before Pearl Harbor, Humble has been producing more toluene than was formerly available from all other manufacturing sources in the United States combined.

Toluene is only one of the Humble war products. Millions of gallons of 100-

octane and higher fighting fuels and additional millions of gallons of 91-, 87-, and 73-octane training gasolines are being produced by the same refineries which have always supplied you with Esso Extra, Humble and Thriftane gasolines for your car. From the plants that produce Esso, 997 and Velvet Motor Oils come also thousands of gallons of Humble-Esso Aviation Engine Oils. Special Navy Fuels, stratosphere greases, rust preventives, asphalts, and marine paints are other examples of the way Humble is converting Texas oil into war products for victory.
