DIMMITT, CASTRO COUNTY, TEXAS, FRIDAY, APRIL 25, 1930.

Two Dollars per Year

Club Organized Here With 25 Roaring, Enthusiastic Lions

Dimmitt's First Luncheon Club Goes Over With Much Enthusiasm. District Deputy Governor of Dalhart and President of Plainview Club Compliments Local Members on First Meeting. Held at Baptist Church Tuesday Noon of This Week. Officers Elected and Will be Installed Next Monday Night.

Starting with a charter membership of twenty-five, and having their initial luncheon in the basement of the new Baptist church on Monday of this week amid songs and "oowahs" galore, and with the greatest enthusiasm ever shown in any organization in this section, Dimmitt christened its Lions Club.

Visitors Present
Present at this luncheon was besides members, the following: Mrs. Charles H. Dean, who played the piano. A. T. Holcomb, of Dalhart, District Deputy Governor, and who assisted Monday in organizing the club, and also presided at the luncheon. J. Frank Triplett, member of the Plainview club, who also assisted in the preliminary organizing. Edwin McMath, Attorney, and President of the Plainview club. C. B. Thomas, now of Dimmitt, and formerly of the Plainview club; Mr. Thomas acted as temporary and official tail-twister for the Monday luncheon, and filled the place with the true spirit of Lionism. N. M. Gilbert, pastor of the Dimmitt Baptist church, and who delivered the invocation. Clarence Moses, of Plainview, who, with his guitar and singing, entertained the club with songs.

Officers Elected
The following officers were elected, and will be installed at the Charter Banquet, to be given at the church on next Monday night:
President, known in the den as the boss lion—Charles H. Dean.
First Vice-President, Leonard P. White.
Second Vice-President, W. G. Baxter.
Third Vice-President, I. B. Brooks.
Secretary-Treasurer, Tom A. Singer.

Lion Tamer, whose duties it is to see that song books are properly placed, and other arrangements attended to, in the den each week, and also to see that all other officers are on the job and attending to their business in a manner becoming a Lion—George M. Roberts.
Tail Twister, whose duties it is to collect fines for violations of den rules, and infractions of Lion Etiquette—Bruce McLean.

The following directors were elected, to serve as a board with the president and three vice-presidents:
B. D. Woodlee, Charles Wilson, M. R. Avery and J. C. Stringer.

Meeting Every Tuesday
It was voted Monday to meet at the Baptist church at 12:05 noon every Tuesday, and the Baptist Ladies will serve luncheon for the club. All meetings will start promptly, and end at 1:05, regardless of who has the floor, or the cause and purpose of the argument.

Charter Members
Following are the charter members of the Club, with their classifications:

Ernest Medkief, Insurance.
B. D. Woodlee, Loans.
I. B. Brooks, Real Estate.
George C. Smith, Newspaper.
Bruce McLean, Banker.
Leonard P. White, Lumber.
J. C. Stringer, Dry Goods.
Fred Boswell, Gas and Oils.
L. C. Allen, Barber.
O. B. Trimble, Barber.
Carlos Reynolds, Druggist.
Dick Crump, Auto Dealer.

Town Topics

Memphis, capitol of Hall county, did splendidly in entertaining the members of the Panhandle Press Association at their 23rd annual convention last Friday and Saturday. Plenty of banqueting, social activities, courtesy shows, and interesting business sessions occupied the time of over 125 members of the Panhandle fourth estate during the two-day meet. Being our first trip to Memphis, we were impressed with the beautiful city, and the splendid hospitality of her citizens.

Another step forward for this city is the organization of a luncheon club for the business and professional men. The work of the Lions Club needs no comment, further than to say that it is upbuilding in every way, and works whole-heartedly with the other local civic bodies. In addition to this, it places the business and professional men of the city together once each week, in a meeting distinct from the everyday contact. The News welcomes the Lions to Dimmitt, and predicts a most successful club.

The construction of the sidewalk system in Dimmitt goes steadily on. The town is taking on a new and most improved appearance with this, and other work. The wide walks being constructed in the business section will add greatly to the beauty and convenience of the city, and the residential section where we note many walks being built, will be improved greatly in appearance, the property enhanced in value, and an inviting appearance developed which will mean much to the city as a whole.

And while on the subject of sidewalks, we might call attention to the fact that, in extending the walk along the buildings where the News is located, a goodly portion of our parking space is being taken. While it is taken for a good purpose, and a most useful one, still, we do not want to lose sight of the fact that our Bedford Avenue, being the main thoroughfare, is also a Federal and State highway, and a wide artery is essential, this highway accommodating hundreds of cars monthly, en route to the famous Caverns in New Mexico. With parking privileges on both sides of the street, a few feet taken from one side is very likely to hamper traffic at times. We wonder if the county could not be approached, with the proposition of utilizing a portion of the square for parking purposes, or, rather, be made a part of the four streets traversing the court house block. This arrangement would not only solve the traffic problem for all time, but would really beautify the court house lawn, and at the same time lessen the care and upkeep which it now requires, covering, as it does, an entire block on four sides. It will be noted, if comparison is made, that small public lawns are more easily beautified than larger ones. The small public park is the modern one. In this connection, the News would be glad to have comments from citizens as to this suggestion.

The picnic next Sunday will be

(Continued on fourth page)

Work on Home Beautiful Here Starts This Week

Construction work on the Home Beautiful, sponsored by the Willson & Son Lumber Co., and the Castro County News, was started this week, and it is expected to have the home completed and fully furnished in about thirty days. Upon its completion, the home will be open to the public for several days, during which time it is expected to furnish the most modern ideas in construction and furnishings. Local business concerns will cooperate with the News and the Willson Lumber Co. in the furnishing of this model home, and complete details and names will be published in the News at an early date.

The home will be of five rooms, and will be located in Clifton Heights, one of the most beautiful and the highest point, in Dimmitt.

FIFTH ELEVATOR FOR DIMMITT IS NOW ASSURED

Newly Organized Association
Announce Erection of New
Elevator Here.

According to officials of the Oklahoma-Texas Wheat Growers Association, the Castro County local of which was recently organized, the association will begin the erection of a 25,000 bushel elevator at an early date.

Land has been purchased east of the railroad, on the south side of the highway, and contract for the structure will be let this week, and will be completed before the coming harvest. The elevator will be of the crib style, constructed of sheet iron.

Other elevators to be built by this association will be at Friona, Happy, and Hale Center. At the regular meeting of the body held Monday night of this week in Dimmitt, resolutions were adopted, endorsing heartily the action of the Federal Farm Board in their efforts in behalf of the farmers, and pledged their thanks and continued support of the Farm Board.

The Castro County unit of this association has been organized but a few weeks, and they now report a membership of 125, representing approximately 50,000 acres of wheat in the county.

O. C. Axtell is president, and P. H. Dyer, Secretary. C. B. Thomas, formerly of Hale county, has been active in the organizing of this unit.

Attorney General R. L. Bobbitt Here While Tuesday

Robert L. Bobbitt, attorney general of Texas, was in Dimmitt for a few hours Tuesday evening of this week.

Mr. Bobbitt has been in this office only a few months, having accepted the appointment, after the resignation of Claude Pollard.

His trip to Dimmitt was not of a political or official nature, he being the guest of Leonard P. White, of this city, who was a fellow-student with him in the Texas University. While here he met a good many of the local business men and officials.

JEWELER - OPTOMETRIST AT DIMMITT DRUG

D. E. McCarty, jeweler and optometrist of twenty years' experience, is now located at the Dimmitt Drug Store, and solicits the patronage of News readers. He is well equipped for the fitting of glasses and watch and jewelry repairing.

Panhandle Poultry Expert in Dimmitt All Next Week

The Poultry expert of the Panhandle Lumber Co., G. B. Galloway, will be in Dimmitt all next week, according to Leonard P. White, local manager.

Mr. Galloway is one of the outstanding authorities on poultry problems in the Panhandle, and he is being sent to Dimmitt by the Panhandle Company to serve this community, without charge.

He will make his headquarters at the company's store in Dimmitt, and will be glad to meet every poultry raiser and person interested in chickens. Everyone is invited to visit him, and there is absolutely no charge for his services.

This is a most unusual opportunity for poultry raisers to receive invaluable information in regard to their problems, and no doubt Mr. Galloway will receive many inquiries while here.

DISTRICT COURT TRIES CRIMINAL CASES THIS WK.

Hung Jury on Chicken Theft
Case and Disappearing Witness in Rape Case.

The wheels of justice in our 64th district court received a setback this week, when a jury of men, "good and true," couldn't agree on the punishment to be assessed in the case of State of Texas vs. Deward Davis, who, with his brother, Cotton, was charged with chicken theft. The jury was out 12 hours Tuesday, and were unable to agree, it being understood that some were for a suspended sentence and others were for a jail sentence.

Both cases were continued to next term of court and defendants were expected to make bond in the sum of \$1,000 each this week.

The case of State vs. J. Z. Johnigan, charged with criminal assault, was set for Wednesday, with a special venire of 100 for jury duty. This case was continued, however, a few minutes after court convened, due to the sudden disappearance, Tuesday night, of the prosecutrix, who resided with her parents at Kress, in Swisher county. Altho a close watch had been kept on this witness, she eluded her parents, and could not be located.

Court adjourned until Friday of this week, when the case of Kerr vs. Crum, a suit for commission, will be taken up. This case was tried at last term but resulted in a hung jury.

One liquor case, to be tried on Wednesday, April 30, will complete the criminal docket.

The grand jury will reconvene on next Thursday, May 1, to complete their deliberations for the present term.

A. A. U. Official Visits in Dimmitt

W. F. Jacoby, secretary-treasurer of the Amateur Athletic Union of the United States, was in Dimmitt this week, and on Tuesday morning spoke to the student body at the high school, at which time several business men of the city were present on invitation.

Mr. Jacoby will be remembered by the Dimmitt basketball team and the rooters who attended the state tournament at Celeste recently, as one of the officials of the meet.

NEW BRICK HOME FOR E. A. SUTTON, BUILDER

Brick has been placed on the ground for a modern five-room home, to be erected by E. A. Sutton, at the corner of Ninth and Etter streets, just opposite the new Methodist church.

Large Crowd Expected To Visit Scenic Spots On Sunday Excursion

Special Train Ordered for Excursion to Tunnels and Gravel Pit by Castro County Citizens on Next Sunday, April 27. Railroad Officials Promise Additional Facilities if Needed. Expected That Near Three Hundred Will Make Trip to One of Most Scenic and Interesting Spots in Texas.

Godmother of Castro County

Mrs. J. W. Carter, of Dimmitt.

This lovely lady is known and worshipped by all the old pioneers of the Panhandle-Plains, and is always to be seen at the annual round-up, as well as the annual banquet of the Panhandle Plains Historical Society, in which she takes an active interest.

Mrs. Carter is a native of Texas, and is the mother of the first white child born in Castro County, who, at the time of her death was Mrs. Pres Brenam, her maiden name being Ellen.

Dimmitt Citizen Contributes Old Clock to Museum

Canyon, April 23.—A clock which has been ticking away the hours for 113 years now stands in the Panhandle-Plains Historical Society Museum here, marking the passage of the minutes for hundreds of visitors who see it.

A. G. Noble, of Dimmitt, deposited the clock in the museum, with the information that he had used it for 65 years, and that it had been used by his family for 48 years before that.

The clock, manufactured by E. N. Welch of Forrestville, Connecticut says, "springs warranted not to fail." It was purchased in Richmond, Virginia, from whence it journeyed to Missouri, carefully wrapped in the folds of a feather bed. In 1910 it made a similar trip to Dimmitt.

Mr. Noble said, "I shall miss the clock almost as much as I would a member of the family." It will be kept wound, and its striking will add an unusual touch to the museum atmosphere.

EXPERT NOW ASSOCIATED WITH GRAHAM IMPLEMENT

W. W. Webster, of Chicago, is now associated with the Graham Implement Company of Dimmitt, and with his many years' experience with the John Deere line, this growing concern is prepared to render first class service to users of their machinery, during the coming harvest.

WILL LEAVE SATURDAY FOR KANSAS CITY, MO.

Perry and Bill Graham and Milt Hardy will leave Saturday with a shipment of cattle for the Kansas City markets. They will return next week some time.

All arrangements are complete for the first annual Castro County picnic, to be made on the Fort Worth & Denver next Sunday, April 27, to the tunnels and gravel pit, located in Briscoe County, a short distance from Quitaque, on the Denver. The special train will leave Dimmitt at 9 a. m., Hart at 9:50, and arrive at the tunnels at 12:15 p. m. The round trip fare is \$2.20.

Free Coffee
According to W. P. Ray, of Dimmitt, and conductor, free coffee will be served on the ground, and everyone is requested to bring a cup, for personal use. The coffee will be made by J. W. Mode, superintendent of the Denver, and, according to Edgar Ramey of Dimmitt, who will assist him in the making, Mr. Mode is the best coffee maker "West of 'Where the West Begins'".

Guard for Automobiles
Persons from over the county who drive to Dimmitt, will be provided with parking ground, near the depot, and a special guard will be there during the day.

Equipment Ordered
A letter received this week by the News from E. C. Kuykendall, of Plainview, and general agent of the railroad, set out in part:

"For your information, we have ordered five large coaches and a baggage car, and in case the train is crowded, we have another coach at Plainview that can be utilized."

Large Ticket Sale
Reports from Hart and Nazareth indicate that both of these communities will furnish a large quota, and the ticket sale in Dimmitt is larger than was anticipated. A check-up on Thursday morning by the News, indicates that at least 300 people will make the trip.

Return Schedule
Returning, the train will depart from the tunnels at 4:15 p. m., arriving in Hart at 6:40, and Dimmitt at 7:30, allowing ample time for evening church services at home.

Cold Beverages Available
Carroll Gunter, of the Gunter Drug Co., will have plenty of ice cream and cold drinks for the party, and his concessions will see that all thirsts are quenched on the trip both ways, and while at the destination.

Poultry School Is Attracting Many

Attendance at the free evening poultry school, being held each Tuesday at the Dimmitt high school building, is being attended by many. On Tuesday of this week, the following were present:

J. A. Gary, O. C. Baker, Mrs. O. C. Baker, Mrs. A. J. Newton, E. R. Rothwell, J. A. Keele, Earl Farnsworth, S. P. Crawford, M. R. Avery, J. F. Galloway, W. J. Dempsey, Mrs. W. J. Dempsey, C. L. Brannan, Vaden Coventry, M. W. Dempsey, Roy G. Smith, M. E. Latham, and L. N. George. Frank R. Phillips and T. M. Moore, of Canyon College, were present at the school also.

This school, being conducted by T. V. Weaver, of the Dimmitt high school faculty, is under the direction of the department of vocational agriculture, which is a service department, and is always ready to assist in anything helpful to the farmer, in all branches of farm work.

RECORD PROFITS SHOWN ON SWISHER CHICKENS

Tulia, April 23.—O. H. Wilson, who lives in the Center Plains community, southwest of Tulia, has submitted a twelve-month report on his 320 hens, showing a profit of \$551.65. The total expense of feed and labor was \$365.35. This shows a profit on each hen of \$1.72.

Wilson fed a home-mixed ration made up as follows:
100 pounds Shorts
100 pounds Wheat Bran
50 pounds Meat Scraps
50 pounds Alfalfa Meal
300 pounds Milo Chops
5 pounds Salt.

This record on poultry is outstanding, and is proof to the farmers of this section that poultry raising is profitable.

CANYON COW COMPLETES PRODUCTION TEST

Canyon, April 23.—Gold-n Lassie's Princess 588127, a pure-bred Jersey cow in the herd of the West Texas State Teachers College of Canyon, has completed another official production test in which she yielded 446.16 pounds of butterfat and 8,410 pounds of milk in 274 days. Princess was started on this test when she was five years and 11 months of age and with this record again qualified for the Register of Merit of the American Jersey Cattle Club. Her sire is Golden Rochette's Prince and her dam is Fox's Golden Lassie.

PASTURE FOR HOGS

The value of good pasture for hogs cannot be over-estimated. Rye, oats, wheat, rape, soybeans and cowpeas are all good temporary pastures. Rape may be sown with oats in the spring. Cowpeas and soybeans make a good mixture. Seeding for temporary pastures should be heavier than for a grain crop. Many successful hog growers put a limited number of hogs on permanent pastures and let the grass make sufficient growth to produce a crop of hay. Undoubtedly alfalfa is the best permanent grass for hogs. Where alfalfa can be grown no other grass is necessary.

POULTRY NOTES

The logical solution for raising good poultry on any farm is a rotation of range area.

Even when one is practicing a system of sanitation in regard to the ranges and yard, he should not overlook the fact that clean brooder houses and laying houses are vitally essential.

A scratch-mash ration has been found better than all-mash ration for hens, and even for chicks, after they are six or eight weeks old.

Arranging the roosts so they can be raised will give greater access to the dropping boards for cleaning.

The longer a broody hen is allowed to sit on the nest the longer it takes to get her back into laying condition. As soon as a hen is seen to remain on a nest at night, she should be removed and put into a broody coop; that is, a coop with a slant bottom so that the air circulates underneath and tends to keep her from sitting. While confined in the coop she should be fed and watered regularly.

LACK OF WATER CAUSES EARLY MOLT BY LAYERS

Water supplies an important and indispensable part of the ration. Hens can go longer without feed than without water and still live. The hen's body is made up of over one-half water and the eggs which she lays are approximately two-thirds water.

Heavily producing hens which are deprived of water often go into a moult, and that means a marked decrease in egg production. Since the fowls in the laying pens drink often, taking small quantities at a time, it is essential that proper provision be made so they may satisfy thirst at all times.

PRACTICE CULLING IN ALL SEASONS

Culling should be practiced at all seasons of the year and on all stock when its use is advisable. Any bird observed at any time which is sick or unthrifty should be removed from the flock at once. Delay in removing such birds often results in the spread of serious diseases thruout the flock. If such birds are in a serious condition they should be disposed of immediately by burying or burning.

Three hundred and twenty-two Gold Star mothers are eligible to make the pilgrimage to European cemeteries this summer, the Federal government paying all expenses.

Texas has the largest tract of land owned by a single family in the United States—the King ranch of 1,200,000 acres, or 1,875 square miles.

News of Flagg

Mrs. W. T. Sumner,
Correspondent and Representative

A. D. Floyd and W. T. Sumner were on the sick list last week.

Mr. and Mrs. Senters attended church at Cleo Sunday morning.

Mr. Guthrie of Oklahoma, visiting in the Ramsey home last week.

Mr. and Mrs. Sid Sheffy and Mr. and Mrs. N. A. Armes were week-end visitors in Lockney, with relatives.

Mrs. Joe Benswinger entertained with an Easter Egg hunt Sunday afternoon, honoring her little son, Gene. Several little guests enjoyed the event.

Mrs. Horace Ballow and Mrs. W. T. Sumner entertained their Sunday School classes Sunday afternoon with an Easter Egg hunt. A large number of pupils participated in the event.

This community extends its sympathy to the bereaved family of L. A. Wilson, who passed away last Wednesday. He had been sick for several weeks. Funeral services were conducted at the Flagg church and the remains buried in the Dimmitt cemetery.

"No Medicine Ever Helped Me as Did Konjola."

Tulsa Lady Is Enthusiastic About New Medicine—"Best in the World", She Says.

MRS. G. I. CRABAUGH

"No medicine ever helped me as did Konjola," said Mrs. G. I. Crabaugh, 739 Quaker st., Tulsa. "For more than nine years I had trouble with my stomach. Gas accumulated after meals and I bloated terribly. The pains and pressure often made me short of breath and dizzy. Constipation was another of my worries and I became an almost daily user of cathartics. I had terrible headaches and found it difficult to sleep. My nerves became badly affected and my general condition badly run down."

"I am delighted with the results I obtained from Konjola. Before I had finished the second bottle my constipation had been relieved and my stomach greatly improved. As I kept on with this great medicine my general health improved until I am feeling better today than I have in a long time. I have an excellent appetite and eat heartily without distress. Even neuritis, which attacked me occasionally, has been totally driven from my system. I cannot say too much in praise of this great medicine."

Though Konjola works quickly, six to eight bottles are recommended as a fair trial. Although many people are benefited within a few weeks, the longer period is best.

Konjola is sold in Dimmitt, Texas, at the Gunter Drug Co., and by all the best druggists in all towns throughout this entire section. (Adv.)

Beauty of line and mechanical excellence

BEAUTY has been built into the graceful flowing lines of the new Ford and there is an appealing charm in its fresh and varied harmony of color. Yet more distinctive even

than this beauty of line and color is its alert and sprightly performance.

As days go by you will find that it becomes more and more your favorite car to drive—so responsive, so easy to handle, so safe and comfortable that it puts a new joy in motoring.

The city dweller—the farmer—the industrial worker—the owner of the spacious two-car garage in the suburbs—to all of these it brings a new measure of reliable, economical service.

Craftsmanship has been put into mass production. Today, more than ever, the new Ford is "a value far above the price."

FORD MOTOR COMPANY

Plainview to Have Panhandle Press Meeting in 1931

At the 23rd annual convention of the Panhandle Press Association, held in Memphis last Friday and Saturday, the newspaper folk voted to hold its convention in 1931 at Plainview. H. S. Hillborn and O. Perry, both of the Plainview Herald, presented the invitation, and the meeting on Saturday afternoon chose our neighboring city, against Amarillo, who made a strong bid for it.

New officers elected at the convention were as follows: President, Olin Hinkle, of the Pampa Daily News.

Vice-President, T. A. Landers, of McLean.

Secretary-Treasurer, Lyman Robbins, of the Memphis Democrat (re-elected).

Directors chosen, to serve with the officers, were John McCarty of Dalhart and H. B. Adams of Lockney.

More than one hundred editors attended the meeting, and besides the entertainment furnished by civic bodies and citizens of Memphis, several interesting and instructive business sessions were held.

MUSICAL ENTERTAINMENT NEXT THURSDAY NIGHT

On Thursday evening, May 1, a musical entertainment will be given by the piano pupils of Mrs. Charles H. Dean, at the high school auditorium. "From Out of the East" will be presented.

This will be in the nature of a musical play, with the pupils illustrating and explaining musical subjects, such as phrasing, melody, grace notes, etc.

There will also be costume numbers representing the music of different foreign nations of history.

This will be a most interesting and instructive entertainment, is free and the public is cordially invited to attend.

P.-T. ASSOCIATION MEETS THIS (THURSDAY) NIGHT

The regular monthly meeting of the Dimmitt Parent-Teachers' Association will be held at the high school auditorium on Thursday (tonight) this week, at which time the following program is announced:

Educational Talk—Mrs. Bessie Gill.

Educational Talk—Rev. J. R. Bright.

Program by Music and Expression Pupils of Mrs. Dean and Miss Calley.

The program will begin at 8 o'clock, and all patrons and citizens are invited to attend.

Mrs. Perry Graham of Dimmitt and Miss Leora Galloway of Plainview were visitors at Sunnyside last Saturday afternoon.

Charter Banquet April 28

The installation of officers and presentation of charter will be held at the Baptist church on next Monday night, at which time ladies will accompany the members as guests, and at which time about thirty Plainview Lions, with ladies, will be present, as well as the District Deputy Governor.

NEW BUILDING FOR LOCAL IMPLEMENT FIRM

Work was started this week on a new tile and brick building, 25x60 feet, located west of the court house, for Cox & Thompson, well known implement dealers of this section, and who are handling the Oliver Farm Equipment line, embracing the Hart-Parr, Nichol & Shepard, Oliver, and Superior Drill lines.

A 30-foot warehouse was recently completed in the rear of the new showroom, which will give this concern ample display and storage space. The business in Dimmitt will continue in charge of Joe Thompson, and the new building will be completed within the next two weeks.

News of Jumbo

MRS. J. J. WILDER,
Correspondent and Representative

Mr. and Mrs. W. A. Hunter of Hereford visited their children here Sunday.

Mrs. L. E. Beck gave a dinner and egg hunt to the members of her Sunday School class Sunday.

Mr. and Mrs. Homer T. Bwaddus of Canadian, spent the week end with Mr. and Mrs. J. J. Wilder.

Mrs. Box Axe gave a birthday dinner for her husband Sunday. A large number of relatives and friends enjoyed the day with them.

A box supper was given at the school building last Friday evening, the proceeds being for the home economics department of our school.

Mr. Thomas enjoyed a visit from his brother and family, of Mountainair, N. M., and a niece of Phoenix, Ariz., last week. The party was en route to Nashville, Tenn.

The Jumbo Camp Fire Girls, with their guardian, entertained about twenty of the Hereford Camp Fire Girls Saturday afternoon. After an egg hunt, refreshments were served.

NEW MAYNARD HOME NEARING COMPLETION

The new home of Jim Maynard, contractor, located in Clifton Heights, is nearly finished. This is a five-room, modern residence, of the Spanish stucco design, and will be occupied by Mr. Maynard, he having recently disposed of his farm, northwest of Dimmitt.

—Let the News print that next Stationery!

TOWN TOPICS

(Continued from first page)

well attended. And it should be. The News feels that it is going to be a success in every way, and an event which might be developed into an annual affair for the county. It will give Castro citizens an opportunity to visit, en masse, points of interest in this section, which many of the newcomers do not know are at their very door. The opportunity of mingling for a few hours

with each other, on a trip of this nature, is well worth the time spent. And last but not least, a day's recreation to a place of great interest. Let's close up the town and everybody attend!

NEW DAUGHTER IN JOE GOLLEHON HOME

A new, eight and one-half pound daughter arrived Wednesday morning, April 23, in the home of Mr. and Mrs. Joe Gollehon of this city.

LOCAL AGGIES WILL USE ONLY CERTIFIED SEED

The Dimmitt high school agriculture boys are getting certified or registered seed for their grain sorghum and crop projects, according to T. V. Weaver, instructor.

If any farmer wishes to join the boys in getting pure seed, he is requested to see Mr. Weaver before Monday, April 28. This seed will cost about \$5.00 per hundred and the boys would like to see the farmers use it.

More Eggs All Year With this New Panhandle—Plains LAYING HOUSE

Especially designed for this section of the Southwest by our Extension Service Department—meets the exact requirements of the climate and altitude, and assures the ample sunlight, scientific ventilation, and cold protection necessary for the health and high egg production of your hens. Cleans quickly—practical—economical and easy to build. Accommodates 125 to 150 birds, with provision for 30 nests. Here is a laying house that will quickly pay for itself in added eggs and the improved health of your flock.

Stop In, Phone Or Write For
CONSTRUCTOR No. 1

This new four-page illustrated folder completely describes the specifications and advantages of the Panhandle-Plains Laying House. It is yours free on request. Also valuable additional information, cost estimates and construction details, if desired.

CIRCLE MEETING MONDAY

The ladies of the Baptist church met in circles Monday, one circle meeting at the home of Mrs. C. G. Maples, with fifteen present. This circle adopted the name, Naomi Schell, and the following officers were elected:

Chairman, Mrs. C. W. Boothe. Vice-Chairman, Mrs. C. G. Maples. Secretary-Treasurer, Mrs. C. Burkett.

This circle will meet at Mrs. Maynard's next Monday afternoon at 3 o'clock.

REV. A. L. EAVES OF BOVINA HERE SUNDAY

Rev. A. L. Eaves, of Bovina, and well known in Dimmitt, will preach at the Baptist church in Dimmitt on next Sunday at both the morning and evening services. Everyone is invited to attend.

MRS. SHUFFORD IS AWARDED PRIZE IN AUSTIN

Mrs. R. C. Shufford returned Monday from Austin, where she visited her son Clyde, who was recently elected president of Acacia Fraternity. Mrs. Shufford was presented with a gift for having traveled the greatest distance to attend the Mothers' and Dads' reunion, recently held at the State University.

One piece of ice can be colder than another. There are still wild horses in Texas. One of our presidents was a bachelor. Sea turtles do not have legs. Ivan is the Russian word for John. One of our states doesn't have a single county.

Hastings Brothers Finish Building For Implements

Work was completed this week on the new 24x100 building on the corner of Fourth street and Bedford avenue, to be used as a showroom and warehouse by Joe and Gano Hastings in handling the Rock Island line of farm machinery, which includes the Rock Island tractor, Sanders plows, Peoria Grain Drills, and parts for them.

This firm will be known as Hastings Brothers, and they will furnish service on all the products they sell.

G. H. Rossom, district representative of Plainview for the Southern Rock Island Plow Co., of Dallas, is here this week assisting in the installation and unloading of new machinery in the building.

News of Nazareth

MISS CORNELIA HUSEMAN, Correspondent and Representative

Miss Margaret Kern spent the week-end with her parents.

Miss Lizzie Rickwartz left for Amarillo Monday.

Misses Adeline Diederich and Lidwina Albracht spent Easter with their homefolks.

Rev. Father Thomas, O. S. B. assisted Father with the Easter services last Sunday.

Mr. and Mrs. Daniel Fehr and daughter Ruth Ann, visited with John Annen Sunday.

Miss Rosa Schulte is spending a few days with her parents, Mr. and Mrs. Conrad Schulte.

The Knights of Columbus sponsored a play, "The Winding Road," Monday and Tuesday nights, and rendered by the young people in the parish hall.

The Foresters and the Mothers Society gave a social at the parish hall Wednesday night. The proceeds went toward paying for the new chairs that they recently purchased.

News of Big Square

MRS. WILL WYER, Correspondent and Representative

Tom Reed built an addition to his store last week.

Mrs. Tom Reed visited with home folks over the week-end at Amherst.

The largest attendance of the year, 68, was present at Sunday School last Sunday.

Mesdames Roy, Art and Herman Haberer visited Mrs. Vance Hennington Sunday evening in the home of her mother, Mrs. W. G. Wyer.

The Singing School, given under the instruction of W. T. Sumner of Flagg, closed Friday with a box supper. On account of the sudden illness of Mr. Sumner the program was omitted. Thirty boxes were sold and netted \$64.50. Col. Bob Sammons of Muleshoe, had charge of the auction.

Basic Promises of Enduring Prosperity

The following article, taken from a recent issue of a National magazine, was handed to the News by L. P. White, manager of the Panhandle Lumber Co., of this city.

Seven per cent of the world's population, the United States consumes 48 per cent of the world's coffee, 53 per cent of its tin, 56 per cent of its rubber, 21 per cent of its sugar, 72 per cent of its silk, 36 per cent of its coal, 42 per cent of its pig iron, 47 per cent of its copper, 69 per cent of its crude petroleum; and owns 23 of the 30 million running automobiles. It operates 60 per cent of the world's telephone and telegraph facilities, 33 per cent of the world's railroads, and produces and consumes 35 per cent of the world's total electric power.

This nation embraces 6 per cent of the world's area, but it produces 70 per cent of all the oil, 60 per cent of the wheat and cotton, 50 per cent of the copper and pig iron and 40 per cent of the lead and of the coal output of the globe.

Holding approximately one-half of the world's monetary gold, the United States has two-thirds of the total banking resources of the earth.

While its population was increasing by 60 per cent, its industrial production increased by 300 per cent. The purchasing power of the 120 million citizens of this country is greater than that of the 500 Europeans and is much greater than that of the more than a billion Asiatics.

The 400 billions of national wealth will be 1000 billions before men now living die, and they will see the national income of 90 billions doubled. The national savings may run to 10 billions a year.

The very magnificence of our natural resources is a warranty of growth. And America has that incalculable asset, youth. Still, this is a Continent of Opportunities. There will be work enough, in merely changing permanent into permanent improvements, to provide every citizen with labor, not in this generation only, but for decades to come.

Fundamental conditions in America are not merely sound; they contain within themselves the promise of enduring and unprecedented prosperity.

Young America—Dad, do you think they will ever find a substitute for gasoline?

Father—They have one now, son, and I wish you would try it.

Y. A.—Huh, I've never heard of it. What is it, anyway?

F.—Shoe leather!

Bethel

Mrs. Jim Bagwell

Correspondent and Representative

Miss Ina Davis spent the week end with homefolks.

Margaret Richardson visited Bernice Kimble Sunday.

Mrs. J. A. Bagwell and George Bagwell were guests of Mr. and Mrs. Kay Roberts Sunday.

Clarence and Lonie Galloway visited with Mr. and Mrs. Vern Lust Sunday.

Mrs. Jim Bagwell and children and Miss Fannie Manning were Hereford visitors Saturday.

Ivor Bagwell visited relatives in Floyd County over the week-end.

Firman Head and mother and Ernestine Head of Amarillo, visited Sunday with Mr. and Mrs. C. E. Head in this community.

The West Texas Chamber of Commerce Convention will feature a luncheon to the press of West Texas, complimentary of the Abilene Reporter.

The largest cavalry post in the United States is Fort Bliss, near El Paso.

Texas has 441 licensed airplanes and stands seventh among the states in air-mindedness. California, leading the procession, has 1,237 licensed planes.

MARRIED WOMAN FEARS GAS; EATS ONLY BABY FOOD

"For 3 years I ate only baby food, everything else formed gas. Now, thanks to Adlerika, I eat anything and enjoy life."—Mrs. M. Gunn.

Just ONE spoonful Adlerika relieves all GAS so you can eat and sleep better. Acts on BOTH upper and lower bowel removing poisons you never knew were there, and which caused your stomach trouble. No matter what you have tried for stomach and bowels, Adlerika will surprise you! Gunter Drug Co. (Adv.)

Texas had 1,368,384 automobiles registered in 1929, a gain of 124,203 over 1928. Automobile registrations doubled and almost a fifth more between 1920 and 1929, the exact gain being 218 per cent over the 430,377 total for 1920.

CAR INSPECTION FREE!

DIMMITT MOTOR CO.

TRIPLE TESTED

CONOCO Gasoline is actually tested dozens of times in the process of refining—but it is called Triple Tested Gasoline because of all of these tests converged into three main tests—for starting—acceleration—power!

These are the things that motorists want—and are entitled to get—from the gasoline they use. A gasoline may be ever so powerful—but if it is not volatile enough to start the motor quickly and give rapid acceleration in traffic—it will not satisfy today's demands. An easy starting, swift acceleration, are mere snares if they are not backed up with power for every need—economical power!

CONOCO Gasoline meets all three of these important practical tests—that's the reason so many people insist on Triple Tested—

A Clean Thresher and a Grain Saver

Sectional View of the McCormick-Deering No. 8 Harvester-Thresher

12 Important McCormick-Deering Points

1. Adjustable to cut low. Gets lodged and tangled grain.
2. Continuation of grain-tight platform canvas forms lower elevator canvas. No grain lost at end of platform. Large capacity, wide elevator carries all grain to feeder.
3. Chain and slat feeder carries grain, heads first, into the cylinder. Direct front feed.
4. Spiked beater in feeder assures positive feeding and controls delivery of grain to cylinder.
5. Ninety per cent separation at cylinder. Straw and grain thus separated never mix again.
6. Four-section straw rack. Extends entire length of thresher from cylinder to straw spreader. Combs straw apart, drops it three times, thoroughly shakes out all the grain.
7. Extra long chaffer and cleaning sieve thoroughly cleans grain.
8. Revolving weed screen takes weed seeds out of threshed grain and bags them. Saves dockage and reduces spread of weeds.
9. Platform folds for transportation—does not have to be detached. No transport truck to buy.
10. A pioneer of small combines—backed by 99 years of practical harvesting-machine experience and by field tests under difficult conditions in the harvest fields of the world.
11. Expert service on the entire machine by permanent dealers and Company-owned branches.
12. Handles a variety of crops under a variety of conditions and seasons.

THE McCormick-Deering No. 8 Harvester-Thresher is noted among experienced threshermen for its ability to thresh cleanly and save all the grain. Elevator men write that grain threshed with the McCormick-Deering brings top prices and is free from weed seeds and stems, shriveled wheat kernels, and other trash.

The McCormick-Deering is designed according to the accepted principles so successful in stationary threshers. The continuation of the grain-tight platform canvas forms the lower elevator canvas. No grain is lost at the end of the platform. A large-capacity, wide elevator carries all the grain to the feeder. Direct front feed is assured on the McCormick-Deering. A chain and slat feeder carries grain, heads first, into the cylinder.

High Efficiency, Ball-Bearing Cylinder

A spike-tooth cylinder, the recognized type for clean threshing, is mounted on ball bearings, high enough to permit immediate separation of the grain by gravity through the concaves and grates. The grain separated here never mixes with the straw again. The feed throat has a capacity of 48 square inches—ample to handle any crop that can be

successfully combined. Practically 90 per cent separation occurs at the cylinder in the McCormick-Deering.

The straw delivered to the straw racks has very little grain in it. Nevertheless, straw racks of extraordinary capacity are provided. The straw travels and is agitated over a separating space 100 inches by 37 inches. The straw racks are of the four-section type, equipped with risers and pins which comb the straw apart, tossing it and dropping it repeatedly until all the kernels are shaken out. The cleaning area is unusually large. The shoe sieve is 38 inches by 37 inches. A revolving weed screen separates and bags the weed seeds—making the grain clean and reducing the spread of weeds.

Play Safe—Select a McCormick-Deering

Come in and inspect the McCormick-Deering—inside and out. You'll find all of the principles and features that experienced threshermen have found best for clean threshing under all conditions and in all small grain crops, one year after another. And the McCormick-Deering is backed by an unmatched service organization which protects every McCormick-Deering user everywhere.

Easter Dinner for Little Miss Mapes.

Mrs. C. J. Mapes gave a lovely Easter dinner Sunday for her little daughter, Charlene. The table was very pretty in Easter decorations and the little folks enjoyed the dinner and the afternoon to their hearts' content. Those present were Bettie Belle Hunter, Marinel Carson, Ouida Fay and Allora Byrnes, Waurayne Duree, and Nell and Natalie Reynolds. Mrs. Mapes was assisted by Misses Decimae Ramey and Margaret Ray.

RECREATION CLUB TO MEET NEXT WEDNESDAY

The Recreation Club will meet at the home of Mrs. I. B. Brooks in Dimmitt at 2:30 next Wednesday afternoon, April 30.

Local Pupils Win In Amarillo Festival

Pupils of Mrs. Charles H. Dean who attended the Panhandle Music Festival held in Amarillo on April 16 and 18, made splendid records, and the following were winners in the contests, in which several hundred pupils of the Panhandle participated:

Blue Ribbon—Nell Reynolds Christine Bagwell, and Johny Beth Tate and Kathleen Rothwell in a piano duo.

Red Ribbon—Marinel Carson, Charlene Mapes, Elfreda Murphy, Juanita Benton.

White Ribbon—Vennis Avery, Kathleen Rothwell, Ruth Wright, Tina Mae Wright, Bert Benton. Charlene Mapes sang over WDAG on Wednesday, during the Festival.

HOME ECONOMICS CLASS BRING PRIZE FROM CONTEST AT CANYON

The pupils of Mrs. Bessie Gill's home economics class in the Dimmitt High school who entered the contests at West Texas State Teachers College at Canyon on April 18, brought home second honors in the foods division, with Perryton winning first.

Misses Millicent Hastings and Bessie Mae Hicks, Dimmitt students of the contest, were presented with a beautiful serving tray, which they have placed in the home economics department.
