CISCO, TEXAS, FRIDAY, NOVEMBER 19, 1943

NUMBER 53

WORLD'S MIGHTIEST AIR FLEET BOMBS BERLIN

CISCO FLIER WILL GO TO CASPER, WYO.

Second Lieut. James W. Johnston, 23, son of Mr. and Mrs. W. E. Johnston, will depart Sunday for Casper, Wyo., for further training as air navigator and bombardier. The young man has been on furlough for the past week, following his graduation recently from the training school at Brooks. His parents and also his uncle and aunt, Mr. and Mrs. A. M. Worley, attended the Honda graduating exercises.

Johnston was born at Temple but was reared here and is a graduate of Cisco high school. He also attended A. and M. college and entered the air corps December 1, 1942. He was an employee of North American Aviation Corporation at Grand Prairie before joining the service.

The Cisco boy now has a large number of hours in the air to his credit, having taken a course at Cisco air field under Reg Robbins previous to signing up with Uncle Sam.

TWO GAMES OF FOOTBALL ON AIR SATURDAY

This week-end's football broadcasts make up an interest what they lack in numbers, as Humble air two exciting games Saturday afternoon.

A conference game broadcast between Rice and T. C. U. starts at 2:30 p. m. Kern Tips and Bill Michaels will bring it to listeners over stations KPRC, Houston; WFAA, Dallas-Fort Worth; WOAI, San Antonio; and WTAW, College Station.

At 2:20 on another group of stations, Ves Box and Bob Holton will open the S. M. U.-Texas Tech game. This game will be broadcast over ten stations including KFIZ and WRR.

U. S. MAYOR ABROAD.

PORTLAND, Eng., Nov. 19.—Mayor Earl Riley of Portland, Ore., told the people of Portland, Devon today, "We in America think Winston Churchill is the best prime minister we ever had. He would be president of the United States any day, and Roosevelt prime minister of Britain." Riley is touring England under auspices of the OWI.

RETIRED RAILROADER.

FT. WORTH, Nov. 19.—R. N. Evers, 87, retired railroad worker, was found dead at the rear of his home, 122 W. Tucker, early today, a bullet wound through the heart. A .38-caliber pistol was lying near the body. He was one of the oldest Masons in Texas and a Shriner.

MAJOR—Meet the first WAC officer to receive rank of major in First AAF command, which extends from Maine to Florida. She's Elizabeth H. Gilbert of Rochester, N. Y. Her duties will include inspection trips, mostly by air, to numerous East Coast bases and units of WACS.

TO EXPAND MANUAL TRAINING

Guidance Program at Grammar school was discussed by J. E. Baker, principal of that school, in a talk before the Rotary club Thursday. Mr. Baker was introduced by J. J. Collins, program chairman for the day. Visitors present were Glenn Duggan, Dan Parish and Major Bill Carter of the Salvation Army, all of Abilene.

Rotarian Gary L. Smith, vice president of the club, acted in the absence of President Lonnie Shockley and called for a report of the visit of certain Rotarians to the Lions club meeting Wednesday, saying he had heard of conduct on that occasion that might need explaining. Rotarians J. E. Hays, Burl Williams, E. P. Crawford, Pete Nance, R. L. Ponsler and O. J. Russell made reports, saying they merely gave the Lions a lesson in high finance.

Mr. Baker told of the personnel of the Grammar school and some details of its number of boys and girls. He said statistics show that the number in the classes steadily declined as they approached the higher grades, showing there is great need for some kind of training and activity that will sufficiently interest these students that they will remain in school and ultimately secure, if possible, college training.

This is the purpose of the manual training that is being mapped out for expansion so as to fill the needs of some kind of handwork that will give coordination between what is learned and what is to be actually done by hand. For instance, Baker said, the home economy program as being taught by Mrs. Jimmy Allen is giving interest to girls in those grades. Handwork and band training by Burl Williams, along with sports, are activities that are influencing more interest in school work.

In order that boys may know something of the various lines of work that they might choose to follow in life, various businessmen are to be asked to come before the student bodies and tell the good and the bad sides of their own classifications, thus aiding the boys to make their choices for the future.

Mr. Baker said he understood that Supt. R. N. Clark was coordinating that kind of activity program in all the schools, so actual practical problems can be solved and put into practice by all students of the higher grades and balance maintained between theory and practice.

Acting President Smith announced that the club would not meet on Thanksgiving Day.

EAST CISCO BAPTISTS TO MEET TONIGHT

Men's Brotherhood of East Cisco Baptist church will meet at 8 o'clock tonight. The subject to be discussed by members will be "Making Our Homes Christian."

At the same hour and in another part of the church, the Women's Missionary Society will conduct a program, with Mrs. Cooper Waters as guest speaker. Mrs. Waters will review the book, "More Than Conquerors," by Blanche White.

At the conclusion of the two meetings a social hour will be enjoyed, during which refreshments will be served by the women of the church.

SILENCED—It's often difficult to find guns aimed at Allies concealed by Japs in jungle growth, but Allies found this one with their bombs and shells and it isn't doing much, as a result. It's a 4.7 cm. Jap naval gun on Kolombangara Island, South Pacific. Sailor A. M. Collins of Alexandria, Va., is inspecting it.

LEGION OF MERIT FOR LAWSON

The war department public relations office at San Francisco has released to the Cisco Daily Press the following communication concerning Capt. Melvin M. Lawson, son of Mr. and Mrs. O. G. Lawson of Cisco:

"SOMEWHERE IN NEW GUINEA: Gen. Douglas MacArthur, commander-in-chief, South Pacific Area, has awarded the Legion of Merit to Capt. Melvin M. Lawson (511 W. Ninth street, Cisco, Texas), signal corps, U. S. Army, for exceptionally meritorious conduct in the performance of outstanding services in New Guinea.

"As signal officer of an advanced sub-base, Captain Lawson was charged with establishing and maintaining radio and telephonic contact with the tactical headquarters during the Papuan campaign as well as radio contact with the other bases in New Guinea.

"Under adverse weather conditions and through difficult jungle and hazardous mountain terrain, with limited personnel and inadequate equipment, he successfully directed the construction of a pole telephone line in a remarkably short time. Without regard for his own safety and during long hours of the day and night under frequent enemy air attack, he personally supervised the repair of damaged lines in order to keep the communication system operating at maximum efficiency. He gave valuable advice and services to combat troops in the area on technical problems of service and supply.

"Captain Lawson's personal example of devotion to duty and tireless efforts to perfect the vital communications were an inspiration to his whole organization.

"He thus contributed materially to the close logistic support and ultimate success of important combat operations on the north coast of New Guinea."

A brief synopsis of most pleading or wrathful letters sent to congressmen is: "Don't let the war hurt ME."

HOME-COMER—Looking quite fit, despite long journey, State Secretary Cordell Hull arrives in Washington by plane from Moscow and is greeted by Mrs. Hull. His work at historic tripartite conferences was reported most successful.

COOL SERVICE—Australian soldiers found ice factory, at Lae, New Guinea, whence Japs fled. It was in good working order, so soldiers refreshed themselves with chunks of it. Here, two Aussies gnaw at cool cakes they discovered.

HUNTERS RETURN.

Dr. G. M. Stephenson of Cisco and L. B. Denning, Jr., of Dallas, arrived in Cisco last night from a three-day deer hunt in Kimball and Gillespie counties. Mr. Denning went on to Dallas last night.

"It was a water haul," said Dr. Stephenson this morning. "We were out bright and early each day, but did not lay eyes on a deer. However, we had a pleasant trip and the fresh air and exercise fully compensated for the effort we made."

COMMUNITY MEETING SUGGESTED

The service at First Methodist church Sunday night will be devoted to the theme, "The Boys and Girls of Cisco." The pastor, Rev. Leslie Seymour, says the plans for the sermon and discussion have grown out of the widespread concern over the widespread delinquency all over America. Several parents, he says, have come to him expressing anxiety over the growing peril and other citizens of Cisco have suggested that the churches might be able by cooperative effort to help keep the moral standards of our own community high and sound.

Although the service Sunday night is not designed as a special program for youth, the discussions will by no means be such as to exclude young people. Rather, the pastor says, he is anxious for fathers and mothers and sons and daughters all to be there together and to have opportunity for taking part in the deliberations.

Suggestions have been made from laymen that a community meeting might well be planned around the question involved and Mr. Seymour says he would be happy if such a meeting should grow out of this Sunday night service.

RED ADVANCE IN ONE YEAR IS MARVELOUS

MOSCOW, Nov. 19.—The Red Army clamped a stranglehold upon Gornel today, narrowing the German escape corridor from the White Russian base to a thin gap and threatening the momentary entrapment of the garrison isolated 50 miles behind the Soviet vanguard.

Southwest of Gornel in the Ukraine, Soviet spearheads spurred westward from captured Korosten to within less than 50 miles of the old Polish border.

A year to the day after Marshal Josef Stalin launched the Stalingrad counter-offensive which turned the tide of the war in Russia, his troops were advancing on the approaches to Romania, old Poland and the Baltic states.

UNIONS HOLD WHIP.

WASHINGTON, Nov. 19.—House supporters of subsidies warned today that passage of the anti-subsidy ban would compel President Roosevelt to yield to "constant pressure from labor" for general wage increases.

SUBSIDY VOTE MONDAY.

WASHINGTON, Nov. 19.—Representative Ramspeck of Georgia, house majority whip, predicted today that anti-subsidy forces would roll up almost a two-to-one vote in passage of the subsidy-banning Commodity Credit Corporation extension bill next Monday.

CONGRESS IGNORED.

WASHINGTON, Nov. 19.—The administration today ignored congress' determination to abolish food price subsidies by announcing \$108,000,000 annual flour subsidy program to hold down bread prices.

RED CROSS GOAL.

FT. WORTH, Nov. 19.—About 40 Red Cross officials from five states gathered at Hotel Texas today to chart plans for the 1944 war fund campaign to be conducted nationally during March. Goal in the drive, to be the largest in history, will be at least \$200,000,000.

RAF CONDUCTED NIGHT RAIDS, WITH U. S. FORTS FOLLOWING UP BY DAY; 87TH RAID

LONDON, Nov. 19.—The greatest air fleet of the war—more than 1900 of John Bull's biggest bombers, laid waste vast sections of Berlin and Ludwigshafen last night and American Flying Fortresses followed through in daylight today with another attack on Western Germany.

Fighters escorted the Fortresses all the way to their targets, but the objectives were not specified. It was the third American heavy bomber raid on Europe in four days.

The RAF night raiders were believed to have sent more than 2500 tons of bombs—5,000,000 pounds of steel and explosives—crashing down on Berlin and Ludwigshafen, disintegrating buildings and starting huge conflagrations that could be seen above the clouds for scores of miles.

The largest previous weight of bombs dropped on Germany in a single night was 2300 tons unloaded on Hamburg on July 27.

The twin raids constituted the first 1000-plane one-night assault since the spring and summer of 1942, when only slightly smaller fleets concentrated their cargoes of destruction on Cologne, Essen and Bremen on May 30, June 1 and June 25 respectively.

The average load carried by each of the 1942 bombers, most of which were twin-engined, was only 1 1/2 tons, however, whereas last night's armada consisted almost entirely of four-engined bombers with an average load of at least three tons each.

More than half the sky-filling fleet smashed at Berlin, Europe's third largest city and the biggest war production center in Axis Europe, in what approached and perhaps exceeded the heaviest raid of the war on the capital last Aug. 23, when 1800 tons of bombs were dropped.

Clouds prevented immediate observation of results, the Air Ministry said, but the sky was painted red by the glow of billowing flames sweeping through strategic industrial sections below.

The official German News Agency DNB called the raid, the 87th of the war on Berlin, a "terror" attack.

Only a slightly smaller force of heavy bombers heaped new destruction on Ludwigshafen, Rhineland chemical center still burning from a heavy RAF raid a little more than 24 hours earlier.

The weather was clearer over Ludwigshafen and several huge explosions were observed in addition to raging fires.

Only 32 bombers were lost in the two attacks and in subsidiary mine-laying operations, a marked contrast to the 58 planes lost over Berlin August 23.

The night offensive, coming some 12 hours after yesterday's American raid on Norway, brought the resumed air offensive against Axis Europe to a record pitch.

DOG OF WAR—Meet Dutch—or wouldn't you like to? He's an "attack dog," who killed four Nazi soldiers during Sicilian invasion. Home on furlough for wounded jaw to heal, he visited Winchester plant, New Haven, Conn., with his trainer, Joseph Storlazzi, former gun-maker.

CLASSIFIED

RATES: Four cents a word for three insertions. Minimum, 40 cents. Card of Thanks, 10 cents per line.

FOR LEASE — 700 acres, mostly grazing land; 10 miles south Cisco on Katy railroad. Will sell 42 head cattle. See M. L. Bransford, route two, Carbon, Tex. 55

HOME WANTED — All cash for bargain in modern, well-located home; give full description, location and price in first letter. Address Box 500, care Daily Press 54

FOR RENT — Furnished four-room apartment, private bath 509 W. Third street. 55

PIANO TUNING—M. J. Kennamer is in your city. Phone 229. 54

PUT YOUR ORDER in early for your Thanksgiving turkey. Dunn's Produce, Phone 637. 53

TEXAS CERTIFIED Broad Breast Baby Beef type breeding toms. Waggonwheel and Hamilton strain. Griffin Turkey Farm, Santa Anna, Texas. 53

MRS. FRANCES LITTLE WEDS RALPH WALKER.

Mrs. Frances Little of Eastland and Ralph Walker of Lubbock were united in marriage at the First Christian church in Eastland, Friday evening, November 12. The ceremony was performed by Rev. J. B. Blunk, pastor, in the presence of a few close friends. Mr. and Mrs. Walker departed immediately for Lubbock, where they will reside.

Mrs. Walker is a daughter of Mrs. George Huestis of Cisco, was born and reared in Cisco and has many warm friends here. Until recently she was employed in the office of Clyde Karkalis, Eastland county tax assessor-collector. Mr. Walker is a traveling salesman in the employ of a Lubbock printing company.

PRESBYTERIAN CIRCLE IN CHURCH TUESDAY.

Presbyterian auxiliary circle met in the church Tuesday afternoon. Mrs. J. E. Caffrey, chairman, was in charge and opened

the meeting with the Lord's prayer. During the business period it was voted to send a box of cookies to the Pres-Mex school at Taft, Tex. Routine business was transacted following which the program was presented.

Mrs. A. J. Olson was leader of the program. Subject, "Strangers No Longer." Assisting Mrs. Olson were Mrs. Leith Morris and Mrs. W. F. Watson.

Members present were Mrs. J. E. Caffrey, Mrs. Leith Morris, Mrs. A. J. Olson, Mrs. B. S. Huey, Mrs. John Garrett, Mrs. O. Gustafson, Mrs. F. E. Harrell, Mrs. A. Sandhoefer and Mrs. W. F. Watson.

CIRCLE THREE MET WITH MRS. MASON.

At the regular meeting Tuesday of circle three of First Baptist WMU, Mrs. O. L. Mason was hostess and Mrs. A. B. Cooper presided. A splendid attendance was noted. Attention was called to the mission book review to be given Thursday by Mrs. E. J. Poe at the church. Members were requested to bring articles of food or clothing to the church next Tuesday, when a box will be packed for the children at Buckner Orphan Home. Minutes were read by Mrs. L. B. Mayhew, secretary.

An interesting Bible lesson was

brought by the hostess, after which the meeting was closed with prayer.

Refreshments were passed to Mrs. E. L. Jackson, Mrs. Fred Grist, Mrs. L. B. Mayhew, Mrs. L. A. Burdett, Mrs. Isa Johnson, Mrs. W. S. Armstrong, Mrs. A. B. Cooper, Mrs. C. A. Farquhar and Mrs. Mason.

MRS. W. D. HAZEL HOSTESS TO CIRCLE.

Circle one of First Baptist women's missionary union met in the home of Mrs. W. D. Hazel, chairman, Tuesday afternoon. The meeting opened with prayer by Mrs. J. E. Burnam and minutes were read by Mrs. W. H. LaRoque, secretary. The pledge to the \$100,000 club was paid and gifts were assembled for shipment to Buckner Orphan Home. Other routine business was transacted following which Mrs. J. E. Burnam brought the Bible lesson from the "Missionary Tour of the Bible."

Those present were Mrs. Paul Poe, WMU president, Mrs. J. E. Burnam, Mrs. L. A. Harrison, Mrs. W. H. LaRoque, Mrs. G. B. Langston, Mrs. M. F. Underwood, and the hostess.

MRS. J. E. ELKINS GROUP HOSTESS.

Mrs. J. E. Elkins was hostess to

group three of First Christian church council Tuesday afternoon in her home. In the absence of Mrs. C. F. Swartz, chairman, the meeting was directed by Mrs. I. A. Brunkenhoefer who began by requesting members to repeat the Lord's prayer in unison.

Mrs. E. H. Hester was welcomed as a new member. Mrs. James Flournoy brought a splendid de-

votional, using Psalm 61 as a scripture base. The short business session followed and the meeting was closed with prayer by Mrs. J. E. Elkins.

Refreshments were passed during the social hour to Mrs. I. A. Brunkenhoefer, Mrs. James Flournoy, Mrs. F. M. Hooks, Mrs. E. H. Hester, Mrs. Edward Lee, Mrs.

A. J. Saunders, Mrs. W. R. Winston and the hostess, Mrs. Elkins.

You can trust the judgment of the people in everything except selecting officials to make their judgment effective.

Other lands needn't fear our

post-war competition. We'll have the advantage, but we'll throw it away — as usual.

One cause of divorce is a personal version of the Navy toast: "Me! May I ever be right. But, right or wrong, me."

JIVE AND JAVA—Clubmobile "Iowa" not only serves doughnuts and coffee to WACS, somewhere in England, but gives with hot jive over its loudspeaker system. Several G. I.'s of duty couldn't resist asking for dance on pavement.

NUISANCE RAIDS AGAIN—London still suffers nuisance raids by Nazis. Above, British rescue workers carry out grim task of searching for trapped persons in the rubble of London suburb hit by Nazi bombs. This was fourth successive raid.

Proper Care Will Add Years to the Life of an Ensilage Cutter

By Eric Patterson, Farm Suppl., N. Y. Institute of Applied Agriculture, Farmingdale

THESE few words of caution in operating an ensilage cutter may be timely. Particularly for those farmers who are trying to relieve

their manpower shortage by driving their machinery at higher speeds and for longer hours.

Don't over-crowd the feeder of your ensilage cutter. Steady, even feeding gets more silage cut in less time with less effort. Keep bolts tight and excessive sag out of the "apron."

Lubricate twice a day. And remember the length of life and

freedom from trouble of any farm machine is determined largely by the lubrication it receives. Use good lubricants. Proper care will add years to the life of an ensilage cutter.

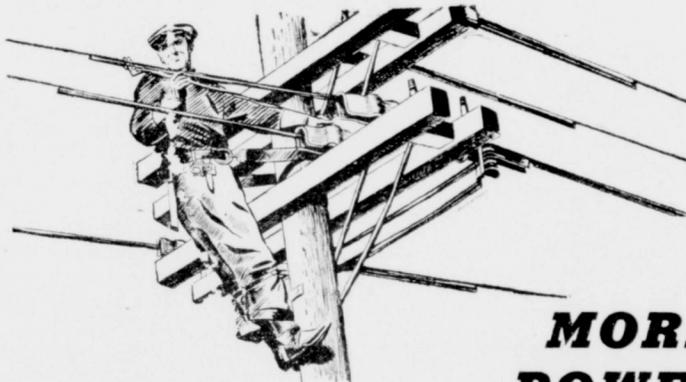

It is not the policy of the New York Institute of Applied Agriculture to recommend any specific product and nothing in this article should be construed.

MORE POWER!

WE CHEERED, when Uncle Sam called on industry to work 24 hours a day, seven days a week, UNTIL THE WAR IS WON!

Continuous production, you see, is nothing new to us. We've always worked that way. It's one big reason why we were prepared to serve the army training camps, the flying schools, and the new war plants in West Texas—all in addition to serving your home and business.

We are proud that our service to you has not suffered despite the unforeseen problems created by the war. We believe it is a credit to the American way of doing things... a tribute to the American system of free initiative and free enterprise.

The electric industry throughout the nation is providing power where it's needed when it's needed... MORE THAN THE COMBINED TOTAL OF ALL THE ENEMY NATIONS!

This is in contrast to claims by proponents of social-

ization who predicted an immediate and disastrous shortage of electric power. The proof is:

- Today, in time of America's greatest need, the country's electric operating companies are supplying over 90% of all the power commercially generated;
• Last year they paid \$510,000,000 in taxes, enough money to equip 2,400,000 soldiers or build 9,273 fighting planes;
• The average home now gets over TWICE as much electricity for its money as it did 15 years ago.

It represents American genius at its best. In little more than two generations electric systems owned by the public (through millions of small stockholders) have become indispensable in American homes and in AMERICA'S WAR EFFORT.

It has been possible because America's electric companies have been built and operated the American way—by good business management.

HOME-COMER—Looking quite fit, despite long journey, State Secretary Cordell Hull arrives in Washington by plane from Moscow and is greeted by Mrs. Hull. His work at historic tripartite conferences was reported most successful.

COOL SERVICE—Australian soldiers found ice factory, at Lac, New Guinea, whence Japs fled. It was in good working order, so soldiers refreshed themselves with chunks of it. Here, two Aussies gnaw at cool cakes they discovered.

HUNTERS RETURN.
Dr. G. M. Stephenson of Cisco and L. B. Denning, Jr., of Dallas, arrived in Cisco last night from a three-day deer hunt in Kimball and Gillespie counties. Mr. Denning went on to Dallas last night.

COMMUNITY MEETING SUGGESTED

The service at First Methodist church Sunday night will be devoted to the theme, "The Boys and Girls of Cisco." The pastor, Rev. Leslie Seymour, says the plans for the sermon and discussion have grown out of the widespread concern as to juvenile delinquency all over America. Several parents, he says, have come to him expressing anxiety over the growing peril and other citizens of Cisco have suggested that the churches might be able by cooperative effort to help keep the moral standards of our own community high and sound.

Although the service Sunday night is not designed as a special program for youth, the discussions will by no means be such as to exclude young people. Rather, the pastor says, he is anxious for fathers and mothers and sons and daughters all to be there together and to have opportunity for taking part in the deliberations.

Suggestions have been made from laymen that a community meeting might well be planned around the question involved and Mr. Seymour says he would be happy if such a meeting should grow out of this Sunday night service.

RED ADVANCE IN ONE YEAR IS MARVELOUS

MOSCOW, Nov. 19.—The Red Army clamped a strangling grip on Gomel today, narrowing the German escape corridor from the White Russian base to a thin gap and threatening the momentary entrapment of the garrison isolated 50 miles behind the Soviet vanguard.

Southwest of Gomel in the Ukraine, Soviet spearheads spurred westward from captured Korosten to within less than 50 miles of the Polish border.

A year to the day after Marshal Josef Stalin launched the Stalingrad counter-offensive which turned the tide of the war in Russia, his troops were advancing on the approaches to Rumania, old Poland and the Baltic states.

UNIONS HOLD WHIP.

WASHINGTON, Nov. 19.—House supporters of subsidies warned today that passage of the anti-subsidy ban would compel President Roosevelt to yield to "constant pressure from labor" for general wage increases.

SUBSIDY VOTE MONDAY.

WASHINGTON, Nov. 19.—Representative Ramspeck of Georgia, house majority whip, predicted today that anti-subsidy forces would roll up almost a two-to-one vote in passage of the subsidy-banning Commodity Credit Corporation extension bill next Monday.

CONGRESS IGNORED.

WASHINGTON, Nov. 19.—The administration today ignored congress' determination to abolish food price subsidies by announcing \$108,000,000 annual flour subsidy program to hold down bread prices.

RED CROSS GOAL.

FT. WORTH, Nov. 19.—About 40 Red Cross officials from five states gathered at Hotel Texas today to chart plans for the 1944 war fund campaign to be conducted nationally during March. Goal in the drive, to be the largest in history, will be at least \$200,000,000.

RAF CONDUCTED NIGHT RAIDS, WITH U. S. FORTS FOLLOWING UP BY DAY; 87TH RAID

LONDON, Nov. 19.—The greatest air fleet of the war—more than 1000 of John Bull's biggest bombers, laid waste vast sections of Berlin and Ludwigshafen last night and American Flying Fortresses followed through in daylight today with another attack on Western Germany.

Fighters escorted the Fortresses all the way to their targets, but the objectives were not specified. It was the third American heavy bomber raid on Europe in four days.

The RAF night raiders were believed to have sent more than 2500 tons of bombs—5,000,000 pounds of steel and explosives—crashing down on Berlin and Ludwigshafen, disintegrating buildings and starting huge conflagrations that could be seen above the clouds for scores of miles.

The largest previous weight of bombs dropped on Germany in a single night was 2300 tons unloaded on Hamburg on July 27.

The twin raids constituted the first 1000-plane one-night assault since the spring and summer of 1942, when only slightly smaller fleets concentrated their cargoes of destruction on Cologne, Essen and Bremen on May 30, June 1 and June 25 respectively.

The average load carried by each of the 1942 bombers, most of which were twin-engined, was only 1 1/2 tons, however, whereas last night's armada consisted almost entirely of four-engined bombers with an average load of at least three tons each.

More than half the sky-filling fleet smashed at Berlin, Europe's third largest city and the biggest war production center in Axis Europe, in what approached and perhaps exceeded the heaviest raid of the war on the capital last Aug. 23, when 1800 tons of bombs were dropped.

Clouds prevented immediate observation of results, the Air Ministry said, but the sky was painted red by the glow of billowing flames sweeping through strategic industrial sections below.

The official German News Agency DNB called the raid, the 87th of the war on Berlin, a "terror" attack.

Only a slightly smaller force of heavy bombers heaped new destruction on Ludwigshafen, Rhineland chemical center still burning from a heavy RAF raid a little more than 24 hours earlier.

The weather was clearer over Ludwigshafen and several huge explosions were observed in addition to raging fires. Only 32 bombers were lost in the two attacks and in subsidiary mine-laying operations, a marked contrast to the 53 planes lost over Berlin August 23.

The night offensive, coming some 12 hours after yesterday's American raid on Norway, brought the resumed air offensive against Axis Europe to a record pitch.

DOG OF WAR—Meet Dutch—or wouldn't you like to? He's an "attack dog," who killed four Nazi soldiers during Sicilian invasion. Home on furlough for wounded jaw to heal, he visited Winchester plant, New Haven, Conn., with his trainer, Joseph Storlazzi, former gun-maker.

BRIEFLY TOLD

Pfc. George Burnett, here from Sheppard Field for a visit with his parents, Mr. and Mrs. G. W. Burnett, has returned to his post. He was accompanied to Cisco by two soldier friends, Privates Dale Chamberlain and Robert Zing-craft.

H. C. Henderson and J. J. Porter will attend a meeting of Hartnett Wholesale Grocery company employes in Weatherford Saturday.

Mr. and Mrs. H. C. Henderson plan to visit their son, Leon Henderson at Fort Sill, Okla., Sunday.

Mr. and Mrs. Weldon Isenhower of Putnam spent Thursday with his parents Mr. and Mrs. Wm. Isenhower.

Mr. and Mrs. Mack Stephens plan to spend the weekend with Mrs. Stephens' brother, Jack Lamb and family, near Wichita Falls.

Word received by Mr. and Mrs. Roy Fauville this week stated that

their son Ensign Marvin Foxville is recovering from appendectomy in the base hospital at Corpus Christi.

Mrs. Laila Smart will be hostess to the Loyal Women Sunday school class tonight in her home at 204 W. Fifth street.

Mr. and Mrs. J. E. Parker are visiting relatives in San Angelo and will be accompanied home early next week by their daughter Mrs. W. K. Cooper and son Billy Ross Cooper of Lubbock.

Mrs. W. M. Biedsoe, who was called to Abilene last week by the illness of a relative, has returned to Cisco and is visiting her daughter, Mrs. Arlin Agnew.

Mrs. C. A. Weiser and daughter Miss Lillian Weiser returned Tuesday night from Eola where they visited Mrs. Weiser's son and wife, Rev. and Mrs. Rudolph Weiser.

Mrs. J. R. Slaughter returned to Kilgore this week after spend-

ing several weeks in the home of her brother-in-law and wife, Mr. and Mrs. J. W. Slaughter.

Mrs. Floyd Morrison of Gorman was called to Cisco Thursday to attend a patient, Mrs. Cornelia Ferrell, mother of Mrs. Dolle Dabney, at Brown sanitarium.

Mrs. Bill Childers and son Victor Childers are spending the weekend in Dallas with her daughter, Misses Dorothy and Helen Childers.

Mrs. Alan Withee and daughter Emma Gaye Withee of Duncan, Okla., are visiting Mrs. Withee's parents, Dr. and Mrs. N. A. Brown.

Mrs. K. A. Schmidt of Houston arrived this week to attend the bedside of her mother, Mrs. Cornelia Ferrell who has been at the Brown sanitarium the past two months. Mrs. Ferrell is a former Cisco resident and friends will regret to hear that she has suffered another stroke. She has made her home with her daughter in Houston the past two years.

CHAMBLISS TO SING.

Jack Chambliss, tenor, son of Mr. and Mrs. J. H. Chambliss of Cisco, student at Southwestern Louisiana Institute, Lafayette, La., will appear on an institute radio program Thursday, Nov. 25, at 1:30 p. m. The Cisco young man

will sing the selections "Avant de Quitter Ces Lieux" from the opera Faust and "Bitterness of Love," by Dunn.

What do you like about Coffee?

Strength?

DOWN HERE in the Southwest we have several schools of thought on coffee. Some graduates insist the best coffee is strong, black, and hot. Others prefer it light and delicate, flavored with cream and sugar. Or sugar alone. Then there's the minority who are content any which way—just so long as a saucer accompanies the cup! It doesn't matter which school you support. Admiration is blended to accommodate all tastes. It has sufficient heavy bodied coffees to enable anyone to make a "strong" cup. By using less coffee, a lighter brew of course can be made. In neither instance is there a sacrifice of Admiration's wonderful aroma and flavor.

LAMOFILM—THE PERFECT PROTECTION

Buy Admiration in the Lamofilm Package. This specially designed container, triple sealed against flavor loss—(moisture, air, and deterioration of freshness)—gives you vacuum-pack protection. All the goodness of Admiration's famed blend is locked in at the roasting plant. And it stays in too! You'll instantly observe this when you open a new package. How? By the generous, fragrant aroma that will flood the room.

FOR FIFTEEN MINUTES OF FUN, Tune in PARKER WILLSON and His Coffee Grinders, 12:30 Noon Weekdays, Lone Star Chain.
