

### Irrigation Well Survey Slated In County Soon

Field men of the Hi-Plains Underground Water Conservation District will be in Castro county at an early date to make a survey on the spacing of irrigation wells that have been drilled since February 1 of this year. They will check files at the local farm bureau office and select wells at random to be inspected.

Castro is listed among 13 counties participating in the water conservation program that the inspection team will visit. They reportedly were to start their spacing survey this week.

Over 1500 permits to drill wells of which about 175 were applied for in Castro county, have been issued in the 13-county area. A small percentage of the permits issued have been for municipal and industrial use—with the larger part being for irrigation wells.

In emphasizing the survey, district officials point out in a recent article that it has been shown by men of long experience in water well development that one of the first problems in water conservation is the proper spacing of the wells within a reservoir. By proper spacing, they contend, a well can be made to produce longer from a higher water table, thereby enabling the producer to pump water at a much cheaper cost than in areas of overlapping well interference. They add that the practice of spacing should have been started years ago in the Hi-Plains District.

Officials also explain that a wealth of knowledge is being gained and recorded by the logs and registration of the wells that are being drilled. "There are untold number of logs that have been made by the drillers and pump companies, since the people of the Hi-Plains first started the development of underground water. This information remains in the hands of 60 or more pump companies and drillers and has never been correlated. It is another object of the district to gather and correlate this information. It will be used by the district, and the people it concerns in helping to make better studies of water development and conservation practices," officials state in the article.

### Work Started On Third Hart Gin

Construction of a third cotton gin at Hart started in June and is slated for completion around September 1.

The new gin, one of the most modern in this area, will employ the Murry system. The four-stand gin will be made of steel throughout and will cost approximately \$150,000.

Located a half mile north of Hart just outside of the city limits, the gin will be managed by John Shepard. Shepard, his brother, Roland and Homer Hill will be owners of the new gin.

Another gin in Hart, already owned by the Shepards, will be managed by Roland.

Another new gin is being built near the Flag Community. The gin was disassembled at Crystal City and was moved here this week by Earl Bull. It will be put up and ready for use within 30 days. Tom Davis will serve as manager of the gin there.

The new gin at Hart and Flag and the one nearing completion here will give the county a total of ten gins. Locations of gins in the county now shape up like this: three at Dimmitt, three at Hart, one at Flag, one at Sunnyside, one at Dodd and one at Nazareth.

### Postal Receipts Are Slightly Up Here

Postal receipts at the Dimmitt Post Office for the second quarter just ending June 30 were slightly above receipts for the same period of last year, according to Postmaster Tom Bice.

Receipts totaling \$3,900.08 were listed for the past quarter whereas the 1952 figure totaled \$3,681.64. Sales for the first quarter of this year ending March 31 were also below the latest figure as only \$3,559.81 were posted for that period.

Bice attributed the gain to a slight increase in business.

MR. AND MRS. CONRAD SCHULTE

**ANNIVERSARY**—Mr. and Mrs. Conrad Schulte of Nazareth are seen here as they were snapped by a photographer during their 50th wedding anniversary observance. The couple renewed their wedding vows in the Holy Family Church. A host of Nazareth and out-of-town guests were on hand for the event. (See page seven for story)

### Castro Representatives To Cotton Meet Are Assured Of Drouth Relief

Funds will be made available to farmers and ranchers of Castro county for drouth relief, if they are needed, as Castro has been declared among counties in the disaster area, County Farm Bureau Secretary Gene Ivey said he learned Saturday at the Lubbock Cotton Congress.

Ivey and five other Castro countyans attended the Lubbock meet as representatives of this county. Others attending were E. B. Wright, Carl Kemp, G. L. Willis, Roy Haberer and Willis Hawkins.

### Sunnyside Group Okays Projects

Continuing with the spirit that won first place in the Texas Rural Neighborhood Progress Contest, Sunnyside residents recently staged a successful "fun night" celebration and business session which resulted in the approval of several new community projects. Over 100 persons were present for the occasion, according to L. M. Blanton, publicity chairman.

Eight teams composed of Sunnyside and area residents participated in a round robin volleyball tournament. Others played various kinds of games after which cake and ice cream was served.

Ezell Saddler presided over the brief business session of the Sunnyside Progress Club at which time the group voted to fence off certain areas of the new community roadside park in order to grow and develop grass for a more attractive park. The group also voted to purchase a piano and 52 steel chairs for the community building and pipe water from the park well to the building.

Another new gin is being built near the Flag Community. The gin was disassembled at Crystal City and was moved here this week by Earl Bull. It will be put up and ready for use within 30 days. Tom Davis will serve as manager of the gin there.

The new gin at Hart and Flag and the one nearing completion here will give the county a total of ten gins. Locations of gins in the county now shape up like this: three at Dimmitt, three at Hart, one at Flag, one at Sunnyside, one at Dodd and one at Nazareth.

### Firemen Make 1st Run In New Truck

Dimmitt firemen made their first official fire run in the department's new truck last week when fires broke out in two sections of the city.

A garage fire in the rear of Ed Waggoner's home late Friday afternoon resulted in damages estimated at \$25. Firemen suppressed the blaze shortly after arriving. The walls and roof of the old wooden structure were scorched by flames. A group of kids playing in the rear of the garage caused the fire, according to firemen.

Firemen were summoned Wednesday to the rear of Wilson's Grocery and Market, the scene of a trash fire. The blaze, fanned by strong winds, was extinguished before it could spread to other areas.

### Dates Set For Dimmitt's 12th Annual Rodeo

The old West days will be revived here come July 30, the opening date set for Dimmitt's Twelfth Annual Rodeo. The rodeo will run three nights, concluding on the night of August 1.

The local rodeo grounds will be the scene of what promoters of the widely-celebrated event believe will be the greatest and most successful rodeo ever held here. Performances will be given each night starting promptly at 8 o'clock.

Rodeo fans will have the opportunity to see exhibitions of calf roping, bronc riding, bull riding and ribbon roping. All stock for the show will be furnished by W. W. Branscum, Castro county farmer and stockman.

Rodeo officials also hope to hold a parade in connection with the event. Plans along this line are not yet complete, however. Concession stands will be open at the rodeo grounds and cold drinks and sandwiches will be made available for the convenience of patrons.

Further details of the colorful and exciting event, which yearly attracts a large number of rodeo fans from Castro and adjoining counties, will be released in the News as soon as they are available. Circulars heralding the rodeo will be distributed in the business and residential districts.

### Dimmitt-Tulia Game Postponed

A baseball game between the local Smalfry team and Tulia, originally slated for Thursday night, has been postponed until Friday night, according to Thomas Harrison, coach of the Dimmitt club. The game will be played at the new ball park here starting at 8:15.

Harrison said the game was moved up due to a conflict in schedules. Dimmitt's entry in the Irrigation League will play Kress in a practice game Thursday night.

The local little Leaguers, beaten by a tough Tulia club in a game there last Thursday night by the score of 14-12, will be seeking revenge Friday night. They have their work cut out for them as the Tulia Smalfry are boasting a 3-0 record and lead the West Half of the Smalfry League.

In last week's game Carl Hodges started as pitcher for the locals. He was relieved in the second inning, though, by Keith Lowe, who went the rest of the way for the Dimmitt team.

Eddie Winkle, Clifford Smith and Truman Touchstone led the Dimmitt club in team hitting to give the Tulia Little League's their closest game this season. Touchstone also served as catcher for the tilt.

Softball games will be played at the park each Tuesday, Friday and Saturday nights, according to Harrison. Park officials reportedly are also planning to build a fence partially around the ball field.

### Five From Dimmitt Enrolled At WTSC Summer Session

Attending West Texas State College for the first term of the summer session are five persons from Dimmitt, according to Registrar Frank Morgan. A sixth Dimmitt citizen, James W. "Rossey" Bates, is assisting with Summer Theatre productions but is not enrolled.

First term here closes July 10, with registration for the second term to be held July 14. Set for the second term are a Reading Conference, a Library Workshop, special education workshops, a music camp, and the Oglesby Round-Up, which brings to the campus such famous authors as James Street and J. Frank Dobie.

At W. T. S. C. from Dimmitt are Mrs. Laverne Bates, graduate in education; Clyde Harold Dameron, graduate in education; Mrs. Alice B. Hale, senior education major; Jack Teague, senior history student; and Mrs. Ashley Lorene Widener, senior history major.

Mr. Teague has also been active in Summer Theatre productions, having roles in the first two productions, "Two Blind Mice," and "All My Sons." He has also assisted with building sets for the third play, "Tommy," currently running in the Branding Iron Theatre. Mr. Teague participated in the two dramatic productions of the regular session at West Texas State. He is the manager of Mr. and Mrs. Elzie Teague.

Born Monday, June 22, to Mr. and Mrs. Joe Harrison, at the St. Paul's Hospital in Dallas, a daughter. The young lady weighed in at 7 lbs. and 15 ounces and was named Paula Kay. Mr. and Mrs. Earl Harrison returned home this week from Dallas where they visited their son, Joe, and Mrs. Harrison and their little grand daughter.

CHARLES HUDSON

**NEW AGENT**—Charles Hudson, former assistant Montgomery county agent at Conroe, assumed his new duties as Castro county agent, Thursday. He comes to the new post highly recommended as he is familiar with this area and with farm problems. He is a graduate of Seagraves High School and Texas Technological College.

### Local Residents Escape Injury In Highway Crash

Mrs. Clarence Bearden, her daughter Kay, and Mrs. Raymond Patton and her three children, miraculously escaped injury when the car in which they were riding crashed into a ditch near Decatur, Monday night. The car was a total loss.

The Beardens were taking Mrs. Patton, a sister to Mrs. Bearden, and her family to Houston to visit another sister, Mrs. Ray Smith, when the crash occurred.

Miss Kay Bearden, who was driving the 1951 Ford, told her father that a car traveling on the wrong side of the highway forced her to careen off the road and into a ditch. The unidentified driver of the other vehicle continued on down the highway and was never located by authorities.

Patton drove from Hollis, Okla., to Decatur to get the Beardens and his family. They were returned to Hollis, home of Patton. Mrs. Bearden and Kay returned to Dimmitt Wednesday.

### Local Offices to Close In Observance of 4th

City and county offices will be closed July 4 in observance of Independence Day. The local bank and post office will also close their doors in keeping with the traditional holiday.

Owners of some business houses in the city have signified that they plan to close on the Fourth. However, others have disclosed that they will remain open the entire day.

No special program or celebration is planned in the city in connection with the holiday, although flags will be waving in the downtown area in commemoration of the winning of independence.

### Dedicatory Services to Be Held Sunday for Hart Baptist Church

Special dedicatory services for Hart's beautiful new Baptist Church, recently completed at a cost of \$80,000, will be held Sunday at 2 p. m. Appearing on the program are the Rev. T. F. Boushy of Plainview and Rev. G. C. Applewhite of Lockney, former pastors of the church. Dinner will be served at the church preceding dedicatory ceremonies for the modernistic structure.

The auditorium and balcony of the church will seat more than 400 persons. There are two Sunday School rooms in the light colored brick building.

The new church will be open for services for the first time Sunday morning. Sunday School will be held at 10 a. m. followed by morning worship services at 11 a. m. Milton Sharp, music director, and Mrs. Sharp, pianist, have charge of arrangements for special music for both services. The Rev. E. J. Keith, pastor, will deliver the morning sermon.

The former church building located on an adjoining lot is being used for Sunday School, Training Union and other group meeting purposes.

### Pioneer Castro County Settler Dies At Arney

Funeral services for E. C. Burks, retired farmer of the Arney Community and a pioneer Castro county settler, were held from the First Baptist Church in Happy Sunday afternoon. The 75-year-old resident of Arney since 1909 died at his home Friday after suffering a heart attack.

Gilliland Funeral Home of Hereford was in charge of arrangements. The Rev. Mr. Aaron Shaw, pastor of the Happy Baptist Church, officiated at the funeral service. Interment was in Happy cemetery.

Born in Estill Springs, Tenn., Mr. Burks came to McLennan county, Texas, with his parents in 1896. He migrated to Swisher county in 1898 and a few months later came to Castro county where he worked on the XIT Ranch for several years.

The pioneer Castro countyan helped fence the old Word Ranch. He and his brother, Lory Burks, carried the first mail from Hereford to Arney. Mr. Burks also helped build the first telephone line to the Arney Community.

Mr. Burks married Eva Dixon, a Castro countyan, in 1903. It was in this same year that he bought his own farm and settled down.

### Senator Rogers to Make Hart Address

The monthly meeting of the Castro County Farm Bureau will be held in the Hart Community at Hart High School at 8:30 p. m. on July 10, according to Allen Webb, president of the local organization. The June meeting was postponed due to the busy season and other conflicting activities both in the county and community.

Andy Rogers, State Senator, will be the principal speaker, and Mrs. Percy Hart will be in charge of entertainment and refreshments.

Roy Pyeatt is the director for the Hart community, and will be in charge of the meeting. Everyone is invited.

### Swimming Classes To Be Held At Pool Here

Free swimming instructions, under the sponsorship of the local Boy Scout troop, will be offered Dimmitt youngsters at the high school swimming pool, July 6 through 11.

Three sessions divided into three age categories will be held each day at the pool with Ray L. Howard, district Boy Scout executive from Plainview, serving as instructor.

Junior and senior Red Cross life saving instructions will also be offered older youngsters.

**WIN GILTS**—Jake Acker of Nazareth, strong supporter of youth agriculture projects in Castro county for ten years, holds his hat while Ronnie Braddock, also of Nazareth, draws the first number for a gift. Each of the youths drew numbers to find out which gift they would receive. The Sears Roebuck Foundation sponsors the drawing each year. The youngsters will raise the gilts and return an equal number to other boys in the county next year. Others in the picture from left to right are: Charles Axtell, Sunnyside; David Cole, Dimmitt; Stanley Henderson, Hart; and Wilbert English, Dimmitt. Not pictured but receiving gilts at the recent drawing were: Orville Bowden, Arney; James Burgin, Frio; and Edwin Huseman, Nazareth.

### White Blanks Kress Team as Dimmitt Gains First Place in Standings

A strong Dimmitt Irrigation League team dealt blanks to a good Kress club, Sunday afternoon, to take over first place in the league standings. The locals now boast a 5-1 record while Springlake holds down second

place in the league, followed closely by Hereford.

Alvir White went all the way as pitcher for Dimmitt in gaining a 5-0 shutout over the Kress team. White gave up only five hits in holding the opposition scoreless while Chase hurled 7-hit ball for Kress.

The duel between pitchers last-eighth innings as the teams were deadlocked 0-0 until the first of the ninth when Dimmitt players went on a hitting spree to rack up five runs. To make matters worse for Chase, who tried in vain to hold the locals in check, all the Dimmitt runs were scored after two men were put out.

A recap of the crucial ninth inning stand made by the Dimmitt club follows:

"Smitty" Smith walked to lead off for Dimmitt in the first half of the ninth. Dero Cates followed with a hurt, moving Smith to second base. An attempted sacrifice by Blundell failed and Smith was put out at third, Jimmy Howell then struck out to darken Dimmitt's chances for victory. Murry Hall quickly revived the locals' hopes, however, by hitting a double to right center field. Alvin White promptly stepped up to the plate and tripped into left field. Then a double by Oliver with the bases loaded enabled Dimmitt to score three quick runs.

Before Chase could retire the side, Leo Fields hit a single and scored Oliver. Gousser then doubled to score Fields. Smith flied out ending the first half of the ninth and also ending the game as Kress failed to score in their half of the ninth inning.

The "high-flyer" Dimmitt club will take over Umlarger in another league game here Sunday afternoon. Murry Hall will start for the locals. The contest will be played at the new ball park.

Dimmitt was to play Kress in a practice game Thursday night. The club notched their fourth victory of the season Thursday night of last week when they trampled Tulia, 14-5.

### Building Permits Total \$29,500

Building in Dimmitt continued at a rapid pace as permits for construction totaling \$29,500 were issued by City Manager E. B. Noble during the month of June.

Contractor Buddy Calhoun was authorized to build three frame dwellings at a cost of \$8500 each. Listed in the name of Edwin Calhoun is a four-room home with bath to be located on lot nine of block 147. A second four-room house, slated for erection on lot ten of block 47, will be owned by Troy Langford.

The third of the three residences, also a four-room structure with bath, will be built on lot eight of block 147. It will be owned by Cliff Cook.

Rounding out the construction list for the past month is a permit issued to Joe W. Benson for construction estimated to cost \$4000. Benson is building an office building of cement blocks. The new structure reportedly will be an addition to his business just east of town. The building will be erected on lot six of block 310-T.

Realizing the importance of the state's reforestation program and the danger of dust storms, Castro was exceeded only by Randall county which had a total of 108 tree planters. Seedlings planted in Castro and other West Texas counties were primarily for wind-break purposes.

The windbreak seedlings were obtained from Oklahoma. Sixteen species were planted in Texas, predominantly southern yellow pines. A total of 127,000 acres in Texas have been planted in trees including 11,220 acres set out in the 1952-53 planting season.

A severe windstorm struck the Indian Mound Nursery at Alto in the spring of 1952, causing an estimated \$5000 damage. The storm, together with the drouth, seriously hampered the production of pine seedlings last year. A purchase of 2,200,000 pine seedlings from Louisiana in January enabled the Texas Forest Service to fill all orders for seedlings. A record production of 20 million seedlings is anticipated this year at the Indian Mound Nursery.

### Softball Doubleheader Slated for July 4th

A special softball doubleheader will be played at the local ball park Saturday night.

The first game, slated to start at 7 p. m., pits a team made up of high school boys against a scrappy fire department club. In the second game at 8:45 p. m. a team from the Jumbo Community will be matched against the local Americant Legion squad.

A group of Dimmitt Explorer Scouts will be operating a concession stand during the two tilts and cold drinks will be available to fans.

Monette Kenmore returned home Sunday from Oklahoma where she had been for a visit with relatives.

## Nazareth Couple Celebrates Golden Wedding Anniversary Recently

Mr. and Mrs. Conrad Schulte of Nazareth, celebrated their golden wedding anniversary June 2. The renewal of vows followed by High Mass of Thanksgiving took place in the Holy Family Church at Nazareth with Rev. Thomas Moore officiating. Rev. N. F. Wagner was in the sanctuary. The couple was attended by Mr. and Mrs. J. J. Schulte, of Wynot, Nebraska.

"Mother at Your Feet Is Kneeling," was sung by the choir before mass. Mrs. F. J. Albracht directed the choir, and Mrs. Leonard Conrad served as organist.

Mrs. Schulte wore a navy linen dress with yellow accessories and a yellow carnation corsage. Each of the relatives wore a golden leaf, a gift of the couple.

After mass a breakfast was served in the school cafeteria for

the relatives. A reception was given in the community hall for all the friends and relatives. The couple was surprised with a television set given to them by their friends and relatives. A dance was given in the evening.

Mr. and Mrs. Schulte were married in Bow Valley, Nebraska and moved to Nazareth in 1907. They have seven children and twenty-eight grandchildren. Their children are: Albert, Clarence and Mrs. Low Hindeman, of Nazareth; Edd, Wesley, Ark.; Joe of Hereford; Mrs. A. J. Britting, Amarillo; and Mrs. R. W. Wills, Groom, Texas.

Out of town guests were: Mr. and Mrs. August Schulte and Edwin and Mrs. Thros Robe, of Hallock, Minn.; Mr. and Mrs. J. J. Schulte, Wynot, Neb.; Robert and Thersa and Mr. and Mrs. Anton

## Red River Reunion Set For July 5

Plans were completed recently for the annual reunion of former Red River county residents and their families, to be held at McKenzie State Park, Lubbock, on Sunday, July 5.

Those attending are urged to bring lunch baskets as dinner will be served picnic style at noon. Arrangements have been made for water, ice, picnic tables and other necessary things.

While most of the day will be spent in visiting, a program has been arranged, with Andrew B. Riddle, prominent attorney of Ardmore, Okla., and a native of Red River county, as the featured speaker. Music will also be provided for the occasion.

All former residents of Red River county and their families are

invited. A large crowd is expected, including some present residents of Red River county.

Mrs. R. O. Browder of Hart was entered in Lubbock Memorial Hospital last week to undergo major surgery. She was reported in fine condition this week but will be confined to the hospital for several days.

Mr. and Mrs. Roy Hickman of Morton, Texas, spent the week-end in the home of her parents, Mr. and Mrs. B. A. Fuller, and brother, W. H. Fuller. Little Bruce Bert Fuller went home with them Monday for a few days visit.

**BEATS BEING A POLAR BEAR!**

**COOL YOUR ROOM WITH AN ELECTRIC ROOM COOLER!**

Because the polar bear can't control his North Pole cooling system, he just has to take the cold the way it comes.

But with an electric room cooler, you choose the temperature that suits you personally. And, because the air is filtered before it enters the room, dust and pollen stay out.

Keep cool this summer the electric way—the way that has your comfort always in mind. It beats being a polar bear.

## OUR DEMOCRACY — by Mat

### FREEDOM STILL RINGS

AMERICANS HAVE HEARD THE LIBERTY BELL ECHO THEIR FEELINGS MANY TIMES. IT HAS TOLLED MOURNFULLY FOR VARIOUS STATE DEATHS AND WARS—PEALED JOYFULLY FOR JUBILEES AND HOLIDAYS AND PEACE.

ON JULY 4, 1776 — THE DAY WE CELEBRATE OUR NATION'S BEGINNING, THE DAY WHEN THE CONTINENTAL CONGRESS ADOPTED IN CLOSED SESSION THE DECLARATION OF INDEPENDENCE, WITH A FIRM RELIANCE ON THE PROTECTION OF DIVINE PROVIDENCE — THE LIBERTY BELL HUNG SILENT. NOT UNTIL JULY 8 WAS IT RUNG — TO CALL PHILADELPHIANS TO A PUBLIC READING OF THE DECLARATION, AND THEN TO JOIN ITS GREAT VOICE WITH THEIRS, IN REJOICING. YET, FOR AMERICANS TODAY, THE DURABLE OLD BELL NEVER RANG AS LOUD AS ON THE DAY IT DIDN'T RING AT ALL.

Mr. and Mrs. Buell Ayers and son of Aimes, Iowa, are here for an extended visit in the home of his parents, Mr. and Mrs. J. O. Ayers, Sr. They are also visiting relatives in Amarillo.

Mr. W. C. Montgomery of Hugo, Colo., is visiting in the home of his mother, Mrs. J. C. Montgomery.

## IT'S THE LAW USE YOUR LEGAL NAME, AVOID TROUBLE

What's in a name?  
Legally, this a practical and important question. Many people do not use their legal names, and this is apt to cause confusion and extra expense in legal proceedings. Every grown person should use the name given him by his parents and appearing on his birth certificate for all business and legal matters.

Take the hypothetical case of Albert Charles Smith. When he died and his lawyer filed the petition of probate for his estate, the petition was entitled, "In the Matter of the Estate of Albert Charles Smith, also known as A. C. Smith, also known as Charles Smith, also known as A. Charles Smith, and also known as A. C. Smith."

With such a simple name, what did Mr. Smith do to make the probating of his estate so complicated?

When Albert Charles Smith was born, the attending physician filed a birth certificate with that name. During his school years, his friends called him "Al."

Mr. Smith went to college, and decided that his name would look more distinguished if he wrote

it "A. Charles Smith," and he was so regarded. His college diploma carried that name.

Starting out in business, Mr. Smith took a job that required him to write his signature many times a day. To simplify the work, he signed his name "A. C. Smith." His bank account and telephone number were recorded that way. Mr. Smith lost a part of his identity, since there were 11 "A. C. Smiths" listed in his telephone book.

Mr. Smith decided to get married, and he rushed to the Clerk of District Court to get his license. Without giving the matter much thought, he told the clerk his name was "Charles Smith." The name was recorded on his marriage certificate.

Mr. Smith bought a house, and the lawyer who handled the transaction asked for his full name. The deed was filed under the name "Albert Charles Smith."

A life insurance agent had previously written a policy for Mr. Smith under the name, "Al C. Smith." During his middle life Mr. Smith took out other policies from another agent, and all of them carried the name, "Albert C. Smith." He took a position with a railroad and appeared on the pension roll as "A. C. Smith."

Mr. Smith owned some securities and several pieces of real estate, and they were listed under various combinations of his name.

Then Mr. Smith made his will under the name of "Albert C. Smith." A year later he died. That is when his attorney started work to find out who Mr. Smith was. Mr. Smith's heirs now probably will have to sign affidavits to show that all of the names he used during his lifetime belong to Albert Charles Smith, and that he had interests in the properties listed under the various combina-

tions of his name.

What's in your name? Every person should use the name appearing on his birth certificate and should make sure that all documents which have a legal bearing, such as school diplomas, deeds to property, certificates of stock and bond ownership, and insurance policies, carry the same name. This often will avoid complications in the probating of the estate.

A free pamphlet containing information on wills and related matters has been prepared by Texas Lawyers. To obtain a copy merely print your name and address on a postcard and mail to State Bar of Texas, Austin 15, Texas.

**Mrs. Hays Presides Over WMS Exec. Meet**

The executive board of the Baptist Women's Missionary Society met prior to a regular meeting of the WMO at the church, Monday. Mrs. Jim Hays, president, presided.

The group started their regular business session by singing, "Jesus Calls Us." The devotion was given by Mrs. H. Alldredge. The subject of the meeting was, "Why Tithe?"

Giving reports at the meeting were Mrs. C. G. Maples, Jr., Mrs. E. H. Youts, Mrs. Deroy Cates, Mrs. J. E. Burch, Mrs. George Ray, Mrs. C. G. Maples, Sr., Mrs. Noel Gollehon and Mrs. A. B. Oakley.

**Celebrators Are Warned of 4th**

Taking note of the approach of the great patriotic national holiday, July 4th, which this country has celebrated for one hundred and seventy-seven years, Dr. Geo. W. Cox, State Health Officer, calls the citizens of Texas to some of the dangers of careless celebrating. Each year on the 5th of July one always reads of the appalling number of accidents which occurred over the Fourth.

It is not alone the wounds received from explosives that increase our death toll. Injuries from automobile accidents, splinters, nails and other penetrating wounds in which dirt may be car-

ried into the skin, heighten the hazard of tetanus or lockjaw. Such wounds should be promptly treated by a physician.

If the days pleasure includes a swim, caution should be used and no attempt made to do more than your strength will permit. If a drowning takes place, artificial respiration should be started at once and continued until a doctor arrives.

Automobile accidents have usually one of three causes—exceeding the speed limit, driving on the wrong side or failing to grant the right of way. It can be seen that the chief factor in auto accidents is the judgment of the driver. Caution should guide the holiday activities so that the day may be remembered with joy instead of sorrow.

**5 Warranty Deeds Filed Past Week**

Five warranty deeds were among legal instruments filed in the office of County Clerk Mrs. Neva Hastings during the last week. They follow:

Martha M. James to Edd C. McLeroy, all of east 20 feet of lot number four and west 30 feet of lot no. three of block no. 20 of Miller Addition to original town of Dimmitt, Castro county.

Nannie Eva West, et al to F. U. Jackson, all of lot one of block 114, original town of Dimmitt, Castro county.

Billie I. Graham, et ux to Paul T. Brooks, all of the east 165.5 acres of that part of section number 65 of block 10-T. T. and N. Railroad Co., situated in Castro county.

J. C. Tate, et al to Joe W. Thompson, all of lot six, block 87 of original town of Dimmitt, Castro county, except that part of lot heretofore acquired by state of Texas for highway purposes.

W. W. Gilbreath, et ux to Bob Cobb, all of lot nine of block 83 of original town of Dimmitt, Castro county, together with all improvements thereon situated.

**News of Our Neighbors**

**PLAINVIEW** — The county agent here has estimated that at least 10,000 acres of cotton has been lost in Hale county from wind and blowing sand. In addition to loss of cotton through wind several hundred acres were declared a total loss due to hale.

**SILVERTON** — The postmaster here has been notified that the Silverton Post Office will be advanced to second class, effective July 1, of this year. The post office has been third class for many years. The change will afford patrons one hour more window service from 12 p. m. to 1 p. m.

**HEREFORD** — Residents here are planning one of the noisiest Fourth of Julys on record. A brilliant display of aerial bombshells and ground devices will be set off as part of the city's celebration of the Fourth. Nearly all retail establishments will be closed in observance of the holiday.

**ANTON** — The school board in this town recently accepted plans for building additional school facilities at the local school plant. The plan was accepted in lieu of a recent plan to build a new high school building, which was abandoned a few weeks ago. The new building, comprising about 11,000 square feet of floor space, will cost in the neighborhood of \$150,000, including furniture and equipment. A vocational agriculture building will also be constructed at a cost of \$10,000.

**MATADOR** — Drought-plagued farmers gathered at the courthouse here recently and listened silently as plans to relieve the grave emergency were discussed. Farmers learned that the local bank will not continue to make loans as it has extended credit on livestock collateral in excess of 150 percent at present values. Officials urged that a plan be sought which would provide cheap feed and money at a low interest rate as it would take farmers in Motley county years to recover from the economic loss.

**COLORADO CITY** — Joseph Paul Lucas, 20, of Tamaqua, Pa., was sentenced to 99 years in prison here recently after a 32 District Court jury found the youthful airman guilty of murder in the Jan. 6 fatal beating and stabbing of Victor Smith, Amarillo service station attendant.

**OLTON** — Two new buildings were nearing completion this week. Brick work is being done on the Higginbotham-Bartlett Lumber building. The brick work is completed on the new Bley building which will house a variety store.

**VEGA** — Oldham county cattlemen have forwarded a petition to President Eisenhower and congressional leaders in which is disclosed an appeal for relief from drought hardships. The cattlemen believe these hardships are caused primarily by fear of persons who in the main purchase their stock, these persons being wary of the instable cattle market; and the drought-aggravated hardships now effecting the cattle industry, which in turn effects the economy of the nation. The petitions are being circulated in numerous states in the West and Middle West.

**CHILLICOTHE** — Secretary of the Navy, Bob Anderson, stopped here on a return trip from the West Coast to visit with the E. F. McIntire family and inform them of the welfare of their son, Electrician's Mate 2/c Forest McIntire. Anderson presented the family with a large size photograph of their son and another sailer from Abilene.

Mr. and Mrs. Buster Cooper and Gayle returned home this week from a vacation trip to New Mexico and Colorado.

Mr. and Mrs. W. G. Hankison of Tulsa, Oklahoma, were here last week for a visit in the home of her parents, Mr. and Mrs. J. W. Blackwell, and family. Mrs. Blackwell and Jerry accompanied the Hankisons to Tulsa for a visit.

**Evelyn Stork Is Employed Here**

Evelyn Stork, recent graduate of Nazareth High School, has been employed as secretary to the Castro county agent.

Miss Stork comes highly recommended to her new job as she was outstanding in her studies and in athletics while at Nazareth High.

The new secretary's job will be to keep county agent records and give information to the general public during the absence of the agent. Miss Stork replaces Mrs. V. A. Metcalf who resigned in favor of a position in Hereford.

Miss Stork will work with new county agent, Charles Hudson, who assumed his duties Monday.

**WMS to Meet Monday**

The Baptist WMS will meet at the church Monday at 4 p. m. Following devotion, members will conduct a visitation period in behalf of the church. They will visit homes of a number of church members and newcomers to Dimmitt.

The church nursery will be open for the convenience of mothers.

**La Duke-Wilkinson Engagement Is Set**

Mr. and Mrs. Mouse La Duke of Olton announce the engagement and approaching marriage of their daughter, Billie Jean, to Everett Wilkinson, son of Mr. and Mrs. M. J. Wilkinson of Dimmitt.

The wedding will take place in Clovis, N. M., July 3.

Miss La Duke attended Olton High School for 11 years. She played on the Olton basketball

team for three years.

Everett attended Dimmitt High for 11 years. He played football for three years, being an All-State star. Everett entered service, Oct. 9, 1950. He served three months of the approximate two years he was in service overseas.

The couple will make their home in Dimmitt after a short honeymoon in Mexico and other parts.

Mesdames Leona Rothwell and Prebble Berryman visited in Lubbock and Plainview Monday.

**Sunnye Brown Accepts Job in City Office**

Sunnye Brown, daughter of Mr. and Mrs. Bernard Brown of Dimmitt, has accepted a position with the city manager's office here. Miss Brown will serve as general secretary under City Manager E. B. Noble.

## WALTER ROGERS' WASHINGTON NEWSLETTER

### WHEAT FOR PAKISTAN

WHAT FOR THE PANHANDLE  
On June 26th the first boat load of wheat destined for Pakistan sailed from Baltimore, Maryland. This is the first shipment of one million long tons of wheat being given by this country to Pakistan. The major argument in favor of the bill to make this grant to Pakistan was that Pakistan was in the throes of a drought and that there was great possibility of a famine in that country. It was further urged that since India and Pakistan are having difficulties and the United States two years ago gave India a substantial amount of wheat, it was our responsibility to give some wheat to Pakistan. Actually, the wheat to India two years ago was not supposed to be an outright grant. It was sold to India but no one expects payment of the debt, so actually it amounts to a gift for all purposes.

The facts in the present legislation show that there was not a present famine in Pakistan but that wheat was being rationed. The one million long tons in this grant does not go directly to hungry people. It was given to the government of Pakistan and it is anticipated that approximately 30 per cent will find its way to hungry people without cost, while the remaining 70 per cent will be sold by the government of Pakistan to people in Pakistan, the proceeds of such sales remain the property of the government of Pakistan.

The entire transaction involves approximately 84 million dollars worth of wheat that is presently owned by the Commodity Credit Corporation as surplus wheat. This wheat, however, is an asset of the Commodity Credit Corporation and was obtained by that corporation with tax dollars. When this wheat is removed from the possession of the Commodity Credit Corporation, its value must be replaced in the assets of that corporation. Therefore, under Section 2 of the bill, provision is made for appropriation of such sum as are equal to the corporation's investment in such commodity, including handling costs, plus the cost incurred in making deliveries under the act. This simply means that upward of 100 million dollars of tax money will be transferred from the Treasury Department to the Commodity Credit Corporation.

The reason for the difference between the value of the wheat and the amount of money required

to be appropriated to replace it in the Commodity Credit Corporation's assets is the fact that under this bill American taxpayers are being required to spend upwards of 20 million dollars in order to give away 84 million dollars; the catch being that we are not only giving the wheat to Pakistan, but we are paying the freight to deliver it to her doorstep, and in doing this we are not shipping it by the cheapest transportation. The bill requires that one-half of the wheat be transported in American flag ships.

In the debate on the subject Congressman Poage of Texas offered an amendment that would require Pakistan to assume full responsibility of getting the wheat from this country to Pakistan. His reasoning was very sound and his amendment should have been adopted. He pointed out that shipping interests appeared before the committee on this question and testified that the present going rate for wheat from here to Pakistan was \$26.00 a ton in American ships; that foreign ships would carry the wheat for approx-

imately one-half, or around \$13.00 per ton. If all of the wheat is shipped in American ships, it would require 26 million dollars as against 12 million dollars to be shipped in foreign ships. Dividing the shipments between American and foreign shipping will require approximately 20 million dollars. Now, I do not object to requiring the shipment of all of the wheat to Pakistan in American ships by American business people and American labor. But what I do object to is requiring the American taxpayer to further subsidize the shipping industry by an additional 12 million dollars and to pay an additional 7 to 8 million dollars to foreign shipping companies for the delivery of this wheat. It occurred to me that it would be much better if this country wanted to throw away an additional 20 million dollars worth of surplus wheat and let Pakistan get it over there the best way they could. It further occurred to me that Pakistan should be willing to have the wheat shipped over there in American bottoms as the wheat itself was not costing Pakistan one thin dime. I wish I had time to go further into this bill, as I did not like it one bit.

While we were fussing and fuming about Pakistan, the entire Southwestern section of this country was suffering a drought unprecedented in our history. Like Nero at Rome, we were fiddling while our own country was burning up. Those responsible for the passage of the Pakistan wheat bill are patting each other on the back because of the great speed with which they got the bill through the House and the Senate, signed by the President, and dispatched the first boat load of this giveaway of American taxpayers' property. They bragged that this was all done in two weeks. The entire Southwest has been suffering a drought that has reached the crisis stage in the last several weeks. This has been called to the attention of every official in Washington time and time again. Yet nothing was done to assist the American taxpayers

who grew the wheat that went to Pakistan and who are going to have to cough up the tax dollars to pay the Commodity Credit Corporation and to further subsidize the shipping industry. During the past several days there has been some indication of possible action to avert the pending panic in the Southwest. I sincerely hope that the speed that is necessary to cope with this problem will not be spared. The truth is that the delay in trying to cope with this problem is the result of some petty politics. It is a disgrace to play politics with the destinies of the fine people who have built the great Southwest. Had administrative officials taken the bold action that was necessary even three weeks ago, many small farmers and ranchers would have been saved from disaster and many small businesses would not have been jeopardized. Action at that time would have stabilized the cattle market and saved the government and the individuals many thousands of dollars that will now be required.

The only president of the United States to die in the Capitol was John Quincy Adams.

## Sharp-Mosley Vows Said at Ruidosa

Mr. and Mrs. Howard Sharp announce the marriage of their daughter Jeanne to Mr. Coleman H. Mosley, son of Mr. and Mrs. Jack Hooper of Hale Center.

The vows were read May 28, in the First Baptist Church of Ruidosa, New Mexico. The Rev. Landre Lee, pastor, officiated in the single ring ceremony.

The bride wore a pink shantung street length dress with black and white accessories. Her corsage was of white carnations and pink rosebuds.

After a short wedding trip in New Mexico, the couple will be at home in Hale Center. The bride attended Texas Technological College and received her B. S. degree in Elementary Education from West Texas State. For the last year she has been teaching in Hale Center.

## Tulia Prepares For Celebration

Tulia residents were busy this week making plans for the 63rd birthday celebration of Swisher county.

Highlighting the celebration is the annual four-day rodeo and free barbecue.

Prizes this year for the rodeo which is set for July 15, 16, 17, and 18, will total more than \$5000. Performances will be held each night at 8:15 p. m. The rodeo is sponsored by the Tulia Rodeo Club. The free barbecue is made possible by merchants.

Other entertainment will include a street carnival, dances, water polo, fairway and many other surprises. A colorful parade will herald the celebration on Friday morning, July 17.

**Halton Accepts Job With Dimmitt Firm**

Ray Halton, who moved here recently from Crosbyton, has accepted a job as bookkeeper with the Dimmitt Wheat Growers, Inc. The new employee assumed his duties last week.

Halton was employed as secretary-treasurer for Crosbyton grain company before coming here. Prior to that time he worked seven years for banks at Odessa and Crosbyton.

The new resident is married. His wife graduated from Hereford High School and West Texas State College. Halton is a graduate of Crosbyton High School.

Boston is the largest state capital city in the United States.

### Registrant Given Opportunity To Go Before Board

(eighth of a series)

Every man registered with a draft board, after his classification is determined by the board, must have an opportunity to appear in person before the member who files a written request within 10 days after the board has mailed him a notice of classification, or members of the board designated for the purpose, provided Brig. Gen. Paul L. Wakefield, state draft director, points to an exception. The registered man cannot request a personal appearance after a classification which is the result of a personal appearance.

No person other than the registrant shall have the right to appear in person before the local board. But the local board, in its discretion, may permit any person to appear before it with or on behalf of a registrant, except that no registrant may be represented before the board by anyone acting as attorney or legal counsel.

The registrant may bring an interpreter with him if he does not speak English adequately.

When he appears, the registrant may discuss his classification, direct attention to other classes in which he thinks he should be placed, point out information in his file which he believes has been overlooked or which he believes has not received serious enough consideration, or any other information.

Such information must either be in writing, or oral and summarized in writing. In either case, the information is placed in the man's file.

Regulations provide that the local board, or member or members hearing the case may impose such limitations upon the time which the registrant may have for his appearance as they deem necessary.

After a registrant is heard, the local board may determine to reopen the case or not reopen it, being guided by information received in the appearance. The registrant must be advised by notice of classification in either case.

### Now Is Ideal Time For Planting Peas

The next two or three weeks will be an ideal time for interested Castro county farmers to plant blackeye peas, according to authorities on this kind of crop.

Farmers over the county interested in planting blackeyes, described by officials as the "quickest cash crop ever produced on the Plains," may get further information and pea seeds from local dealers.

Authorities say the pea crop is short throughout the country this summer and there is a good demand for both canned and dry blackeye peas at this time due to these conditions. Peas planted at this season of the year may be picked within 60 days for canning.

Blackeye peas are good for soil builders, too, according to officials. Dry land farmers are told that they can make a crop if it rains in time to plant by the last of July.

Mr. and Mrs. Earl Lust were Sunday guests of Mr. and Mrs. Leona Rothwell.

### JAMES W. BATES—HAS LEADING ROLE

### Dimmitt High Speech Instructor Has Top Role In Summer Play Production

James W. "Rosy" Bates, Dimmitt speech teacher, will have one of the leading roles in the Palo Duro Players' third production of the Summer Theatre season at West Texas State College. The play, a domestic comedy, is "Tommy," which opened Tuesday (June 30) and will conclude Friday night.

The comedy, with elaborate sets designed by Carl Michell of Canyon, is playing in the Branding Iron Theatre, with curtain time each night at 8:15. Last production for the summer, "House Without Windows," will open July 28. All plays run four nights. Bates, who has been a member of the Palo Duro Players since the group was organized five years ago, has assisted with the other productions already given. While a student at West Texas State more than five years ago, Bates starred in a number of dramatic productions, and has played lead roles during the summer season.

Cast by Director William A. Moore in a character role, Bates will play Mr. Thurber in "Timmy," a three-act comedy by Bertrand Robinson and Howard Lindsay. Mr. Thurber and his wife, played by Alice Aleeyne Kirksey of Book-

er, are concerned parents who attempt to choose their daughter's husband.

Bates has been highly successful as speech and dramatics instructor at the local high school. During the high school play season earlier this year he captured several top awards in area and district competition. Several high school students who graduated this year were accorded high praise under his capable direction.

### Farm Bureau Doin's

One of the most recent happenings concerning farmers in the High-Plains area was the Cotton Congress held at Lubbock the past week, and the privilege of hearing Secretary of Agriculture, Ezra Benson, as he addressed the Congress and as he later in the day held a hearing with farmers and their group representatives in an effort to determine the need of the farmers and ranchers during the disastrous drought that covers the entire southwest. We are fortunate here in Castro county as the overall farming condition is much better than in other counties farther south. One of the things that farmers and group representatives can be commended for is that in appearing before the hearing they did not ask for government hand-outs, but merely asked for short and long term emergency loans to help them meet the emergency at hand.

The Texas Farm Bureau Federation made the following recommendations:

- (1) That the drought-stricken portion of the state be declared a disaster area.
- (2) Provide through existing channels, or otherwise, a system of credit to enable livestock producers to maintain possession of foundation herds.
- (3) Provide necessary long-term credit for essential feed.
- (4) Make available surplus CCC feedstuffs at prices as low as those offered to foreign countries.
- (5) That the United States Department of Agriculture initiate a beef-purchase and promotion program that will restore confidence, strengthen the market and tide the industry over this emergency.

A recommendation by the Texas Wheat Producers Association, of which Leo Witkowski is a director from Castro county, was that in drought stricken areas where wheat was a principal crop and if moisture failed to come in time to plant forage crops that the Secretary of Agriculture permit the seeding of the entire acreage to wheat and if wheat allotments were in force that farmers would be permitted all wheat acreage in excess of allotments by a date set by the secretary.

Due to the extremely busy season and other conflicts the monthly meeting of the Castro County Farm Bureau was postponed during the month of June, but is scheduled for July 10 at Hart. Mrs. Percy Hart is making the necessary arrangements for the meeting.

Joe Hastings and grandson, Larry, were in Amarillo on business Thursday.
