SUCCESS IS NEAR.---CHURCHILL

Union Service at First Methodist Church Tonight

The third of the pre-Easter union services was held at the Church of the Nazarene last night, when Rev. O. L. Savage of First Presbyterian church brought the message. His sermon topic was "The Battle of the Dawn," from John, chapter 12. The house was well filled with attentive listeners.

Tonight's service will be at First Methodist church and the speaker will be Rev. L. H. Clegg, Nazarene minister.

A called meeting of the Ministerial association was held last night following the union service to formulate plans for the Victory in Europe service, Mr. Clegg said.

Terral, Cutting Led Women Bowlers Last Night

Various members of four teams of the Women's Bowling league garnered nice scores at the local alleys last night, as Dean Drug took all three games from the Blue Blazers and A-G. Motor annexed two of the three from Firestone. The two most consistent three-game bowlers were Mary Terral 467 and Beryle Cutting 447.

Monday night schedule: West Texas Utilities vs. U. S. Postoffice; Collins Hardware vs. White's Tire Shop.

Scores Last Night.

Dean Drug—	115	166	84—365
A. Crowder	117	151	127—395
D. Stutenroth	142	170	155—467
Mary Terral	137	137	137—411
C. Abbott	108	117	102—327

Crippled Children Aid Most Worthy Project

COMMERCE, March 29.—Dr. Sam Whitley, president of the Texas Society for Crippled Children, reminds Texans that it is not too late to send in contributions for the annual Easter Seal sale. Funds received during the Easter season are used for a year-round program of rehabilitation of Texas crippled children.

"The Easter season was selected to enlist the support of more fortunate citizens because Easter means resurrection and new life. And certainly the rehabilitation of crippled children means new life and activity, physically, mentally and spiritually."

The current appeal is the twelfth annual Easter Seal sale. Texans are urged to buy the seals and use them on all of their correspondence.

PENSION BILL SIGNED.
AUSTIN, March 29.—Gov. Coke R. Stevenson today signed the emergency bill of the state legislature to raise old age pensions.

Latch Plane Took Fire 10,000 Feet Above the Rockies

LUBBOCK, March 29.—Pfc. Lela J. Latch, educational director at Kingman Army Airfield, Kingman, Ariz., and former Cisco high school teacher, was aboard a large, four-motored bomber enroute to her brother's funeral at Odessa when the plane caught fire at an altitude of some 10,000 feet over the Rockies. For 35 minutes those aboard the ship stood in the radio room on the alert to jump if the flames came too close to the gas tank.

Once the crew chief extinguished the fire, but it recanted and was burning slowly when the pilot landed safely back in Kingman.

The following morning Pfc. Latch and the same crew took another plane and she was landed in Midland at the hour of the last rites for her brother, Roy E. Latch, for whom services were being conducted at Odessa Baptist church. He was buried beside his little daughter, Betty Jean, who was killed by a runaway horse at Odessa in May, 1943.

Roy Latch, oldest child of Mr. and Mrs. W. Z. Latch of Cisco, died in the West Texas Hospital at Lubbock, March 23. He had been a patient there since Feb. 17, a sufferer from incurable leukemia for months. Since December he had been kept alive by blood transfusions which his daughter and brothers and sisters were able to give at first when they were not so regular, but when a daily transfusion became a matter of life or death for him, soldiers at Lubbock army airfield volunteered and more than a score of them in addition to the students at Texas Tech gave their blood for 28 consecutive days.

Mr. Latch was an employe of Magnolia Petroleum company and made his home in Monahans. He had been a member of the Baptist church since early boyhood and was a deacon and Sunday school teacher in the Monahans church. For years he served as scoutmaster at Stamford where he lived as manager of a Coca Cola plant prior to his work with Magnolia. He was also a member of Stamford Kiwanis club.

Survivors are his wife; three daughters, Mrs. Fay Van Cleave, Laredo; Lois Marie and Roylene Latch, Monahans; his parents, Mr. and Mrs. W. Z. Latch, Cisco; four brothers, Van Latch, Sunset Beach, Calif.; Paul Latch, Denver City; Leonard Latch, Lubbock; Bill Latch of the Marines who is attending officer candidate school at Colorado Springs; three sisters, Pfc. Lela Latch, Kingman, Ariz.; Mrs. R. V. Rendall, Cisco; Mrs. Mary Latham, Odessa; an aunt, Mrs. Fannie Latch Gregory, Eton, Ga., and eleven nieces and nephews.

Senate Would Hike Truck Load Limit to 48,000 Pounds

AUSTIN, March 29.—The senate voted, 22 to 8, with little debate and for the second time in four years to increase the truck load limit on Texas highways, the latest ceiling being 48,000 pounds. The bill now goes to the house for consideration.

Four years ago the legislature raised the load limit from 7,000-pound net to a gross 38,000 pounds and adopted a formula prescribing the type of equipment and weight per axle which is retained in the present bill.

The senate turned thumbs down on an attempt to set for special order a bill which would establish a board to regulate chiropractors. The vote was 12 ayes and 18 noes.

DUTCH TREAT—Like thousands in various countries freed of Nazi yoke, this family in Holland receives rations from civil supply depot set up by Allies. Although 2000 calories now issued Dutch in insufficient, it is far more than the 400 daily allowance of German reign.

RESPONSE—Radios are piled high in Chicago warehouse to be sent to wounded boys on trains and in hospitals. Here Quiz kids Patrick Conlon, 7, and Ruthie Duskin, 10, add more sets from listeners who heard radio appeal.

House Favors Liberalizing Texas Welfare Program

AUSTIN, March 29.—The house has approved two proposed amendments to the constitution, both for liberalizing the welfare program, and killed a resolution which would allow the legislature to increase interest rates on unsecured loans. The amendments which passed the house and go next to the senate would be submitted to the people at an election in August this year.

The first adopted would authorize the legislature to regulate aid to dependent children. The Constitution now limits expenditures to \$1,500,000 a year and the eligible age of children to 14 or lower. Companion bills which have been introduced in the house, in anticipation of the constitutional limitations being lifted, would allow spending up to \$3,000,000 a year on the program and make children through 17 years old eligible for help. The resolution bore the name of O. H. Moore of DeLeon, vote was 108 to 14.

The second resolution passed by the house would provide for payments up to \$20 a month from state funds to aid physically handicapped persons not eligible for other welfare assistance. It also would authorize the legislature to accept federal funds for aiding the physically handicapped. This proposal received a favorable vote of 120 to 4.

The house tabled, 74 to 55, the resolution of Obel McAllister, Fort Worth, to let the legislature prescribe exceptions to the 10 per cent annual interest rate maximum. McAllister said this procedure is the only answer to the need for a source of small loans without security.

The house refused to set the judicial redistricting bill of C. M. McFarland, Wichita Falls, for special order of business.

Barkeley Confident Manpower Bill Be Passed

WASHINGTON, March 29.—Administration forces claimed enough senate votes today to send the long-disputed manpower control bill to a receptive President.

Contesting the contention of Senator O'Mahoney that the compromise measure would be rejected, Majority Leader Barkeley said he did a little nose-counting himself.

"And I feel pretty confident," he told reporters.

Barkeley's confidence was fortified by a letter from President Roosevelt, read yesterday by Senator Thomas, floor manager for the revised bill. Mr. Roosevelt said he earnestly hoped the senate would accept the measure which a seven-vote margin. He declared the manpower situation still is serious, and said the days ahead hold "great temptation" for workers to leave war plants.

Quick Victory In Europe Would Cut Huge Cost Army

WASHINGTON, March 29.—The end of the war in Europe, should it come within the next two months, may mean a cut of about \$8,000,000,000 in the army's appropriations for the 1946 fiscal year.

But it probably will have no effect on a \$23,000,000,000 navy supply bill that will be ready for the house when members return to business April 10 after their current legislative recess.

Because of the pace of the European conflict, the war department budget for the 12 months starting July 1 has been held up.

House Group Is to Study Status State Revenues

AUSTIN, March 29.—A subcommittee of the House revenue and taxation committee today jumped into the task of determining how much money Texas has and how much more it might need.

With instructions to report next week the subgroup was named last night by the main committee.

This information, to be compiled by Reps. H. A. Hull of Fort Worth, C. E. Nicholson of Port Arthur and L. L. Duckett of East Bernard, is important. From it the revenue and taxation committee may determine what new or increased tax measures it shall recommend to the House.

US. Oil Production 4,782,300 Barrels Per Day

TULSA, Okla., March 29.—United States crude oil production in the week ended March 24 increased 19,600 barrels daily to reach a new all-time high of 4,782,300 barrels daily, the Oil and Gas Journal announces.

Louisiana output was up 9,200 barrels daily to 365,750; Kansas, 4,200 to 275,500; Oklahoma, 400 to 369,350; eastern fields, 7,300 to 66,800, and Michigan, 950 to 51,050.

California production declined 3,850 barrels a day to 907,500 and the Rocky Mountain area, 450 to 133,250.

Texas output was unchanged at 2,159,000 barrels daily and East Texas at 381,000.

TORNADO INJURES 7.

TERRELL, March 29.—Seven persons were injured last night some seriously, when a tornado struck Abner community near Terrell. Five persons were pinned beneath debris, but the other two injured, Mrs. Raymond Steffer, whose foot was broken, and her 12-year-old son, Harold, partly crippled by infantile paralysis, walked half a mile to summon help. All were exposed to the storm for four hours before being hospitalized.

US. AND BRITISH FORCES SAID TO BE MENACING HANNOVER, 142 MILES FROM GERMAN CAPITAL

LONDON, March 29.—Prime Minister Churchill asserted today that the "hour of success" was near.

"The endurance of the British people and the steadfast devotion of the fighting services have at last brought us near the hour of success," he said.

PARIS.—British and American troops racing today through a wide break in German lines north of the Ruhr were reported menacing Hannover, 142 miles from Berlin, while First army shock troops raced to a point 207 miles southwest of the capital.

Duisburg in the Ruhr ran up the white flag.

All of Frankfurt on the Main except the northern outskirts was captured by the Third army, whose advance troops operating in echelon with the First army moved eastward to within 214 miles of Berlin.

Hamborn, Weisbaden, Hanau, Aschaffenburg and the northern half of Mannheim fell to Gen. Eisenhower's victory-flushed armies fighting up to 145 miles deep in Germany.

The full extent of the advances in Westphalia was hidden by a portentous security blackout, but AP Correspondent Ned Nordness said Muenster, Osnabrueck and Hannover all were threatened by the sweeping gains out-flanking the Ruhr to the north. Several defensible rivers were crossed easily. Hannover is 112 miles from last publishable British positions on the approaches to Muenster, capital of Westphalia.

The nearest First army approach to Berlin was at Arnoenberg, 85 miles beyond the Rhine and 255 from Russian siege lines in the East. The first and Third armies scored advances of 20 miles or more overnight, capturing the important Lahn river traffic center of Marburg, without position.

The Seventh army, fighting 38 miles east of the Rhine on a solid front with the Third and First armies, virtually encircled the last defenders of Mannheim by crossing Neckar river near that chemical center. The Seventh also crossed the Main south of Schweinheim and Niedernberg.

Thundering Vote of Miners Backs John L. Lewis

WASHINGTON, March 29.—A thundering miners' vote to strike at his call today bolstered John L. Lewis's position in the deadlocked soft coal wage negotiations.

The present contract expires Saturday midnight, but the better than eight to one margin in favor of a strike does not necessarily mean Lewis will call one then.

Complete returns from the 99 areas polled by the National Labor Relations board yesterday showed 208,718 "yes" votes and 25,156 "noes." A total of 236,418 ballots were cast out of 311,281 eligible to vote. Challenges eliminated 1,026 and 1,518 were declared void.

There was no immediate explanation why the number eligible to vote fell nearly 90,000 short of previous estimates. The percentage voting was described by NLRB as "about average."

This was the question: "Do you wish to permit an interruption of war production in war time as a result of this dispute?"

The wording was fixed by the Smith-Connally labor disputes act under which the ballot was taken. Completion of the vote, biggest ever undertaken by the NLRB, cleared the way for Lewis to reply to Interior Secretary Ickes' request that the present contract be extended to May 1.

TURF HERO IS 28.

LEXINGTON, Ky., March 29.—Twenty-eight years is a long life for a horse, but Man O'War, most famous horse in American turf history, reached the 28th milestone today in his now placid life. Big Red retired from racing 25 years ago after 20 turf victories in 21 starts. A frisky fellow still, he leads a well-regulated but easy life at Samuel D. Riddle's Farmway farm.

House Group Is to Study Status State Revenues

AUSTIN, March 29.—A subcommittee of the House revenue and taxation committee today jumped into the task of determining how much money Texas has and how much more it might need.

With instructions to report next week the subgroup was named last night by the main committee.

This information, to be compiled by Reps. H. A. Hull of Fort Worth, C. E. Nicholson of Port Arthur and L. L. Duckett of East Bernard, is important. From it the revenue and taxation committee may determine what new or increased tax measures it shall recommend to the House.

NATIONAL CAGE FINALS.

NEW YORK, March 29.—Basketball reaches its season's climax tonight when De Paul of Chicago and the Oklahoma Aggies, led by two of the tallest centers in the country, clash for the mythical national college title in a Red Cross benefit game at Madison Square Garden. The tall boys are George Mikas, 6 ft. 9 inches, and Bob Kurlan, seven-footer.

RUSSIANS ENTER AUSTRIA.

LONDON, March 29.—The "Free Austrian Radio" said today that the Red Army has swept into Austria at a point 40-odd miles southeast of Vienna and liberated several villages.

DALLAS, March 29.—The CIO is "100 per cent in favor of an industrial South that has no color, race or religious prejudices," R. J. Thomas said Wednesday.

ODESSA, March 29.—At least 10 persons were injured when the acoustic plaster of an Odessa theater collapsed Wednesday night while a packed house watched a moving picture.

EASTER PREPARATION—These servicewomen will constitute official color guard at the 25th annual Hollywood Bowl Easter Sunrise Services for 1945. From left to right, top to bottom are Marine Sgt. Cathy Patrick, WAVE yeoman 2/c Nellie Mayhew, SPAR yeoman 2/c Georgia Johnson and S/Sgt. Beth Barrett.

THE CISCO DAILY PRESS

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

A. B. OFLAHERTY, Publisher and General Manager.

Published daily except Saturday and Monday at Cisco, Eastland county, Texas, by Free Press Publishing Corporation, incorporated under the laws of Texas. Editorial and publication offices at 304-306 D Avenue, Cisco, Texas.

National advertising representative: Texas Daily Press League, Dallas, Texas.

SUBSCRIPTION RATES: \$2 per year (six months \$1.50) by mail (outside Cisco) in Eastland, Stephens, Shackelford and Callahan counties, Texas; outside above-mentioned counties \$3.50; \$5.00 in U. S. outside of Texas.

Per year, in advance (Cisco) \$5.00
Per week, by carrier boy 12c

PREPARING FOR PEACE.

The gas utility companies of the United States will spend \$1,400,000 a year for three years on an expanded program of industry research, national advertising and general promotion, and manufacturers of gas appliances will add \$200,000 to this program.

Aside from war activity, this nation has been almost standing still for the past decade. Household equipment, stores and office buildings, farm dwellings and machinery, not to mention our whole industrial structure, are worn down to the quick. Needed replacements and repairs are beyond calculation. Therefore, industry that plans now to be ready to step into the peacetime harness to handle the domestic load, is rendering a real public service in maintaining jobs and filling the accumulated demands of millions of customers.

WANTS NO MORE BUTTER.

"We note," says the Syracuse, New York, Post-Standard, "that an economist in the department of agriculture has recommended that Americans find another spread for their bread other than butter, and use milk for its food value and not for its butter."

"The butter market, along with the cheese market, has been a lifesaver for the dairy industry. More milk is produced in one season of a year than another, so that in surplus periods extra milk is made up into foods that can be stored and kept. Dairymen produce enough milk in times of lean production to furnish all the fresh milk the market will absorb. When surplus periods come, more milk is available than can be used in the fluid market."

Maybe some bureaucrat can figure out how to make cows produce at a constant rate.

FEUDAL OVERLORDS.

Following the lead of Mr. Petrillo, head of the musicians' union, who successfully defied the government in his demand to levy a tax on every phonograph record, to the tune of some \$4,000,000 a year, Mr. Lewis, head of the United Mine Workers, now demands a union tax of 10 cents on each ton of coal mined, to enable the union to provide "economic protection" for the workers. As the coal mines produced over 600,000,

ing every day that they are beyond the reach of present laws and regulatory measures that apply to all other business and individuals.

June, 1925.

(Cisco Daily News Files)

There was a packed congregation of all churches at the high school auditorium at 11 o'clock Sunday morning to hear the baccalaureate sermon to the graduates of the Cisco high and ward schools, which was preached by Dr. Gaines B. Hall. Several elements entered into this service to make it attractive. Dr. Hall has just resigned the pastorate of the First Presbyterian church, and many availed themselves of this privilege of hearing him; the occasion being the first of the commencement programs of the Cisco schools, and as all denominations are interested in the school exercises, the pastors of the other churches omitted their morning services. Then the music was excellent, as there was a mixed choir of some of the best voices in Cisco. Ministers on the rostrum other than Dr. Hall were Rev. T. E. Bowman of the Methodist church, and Rev. J. S. Stockard, Rev. A. C. Miller of the First Baptist church, being out of town, delivering the baccalaureate sermon at Simmons college, Abilene, there was no services at Baptist church. With the graduates occupying the front seats in the middle aisle the services were opened with the invocation, followed by "All Hail the Power," by the choir. The invocation was delivered by Rev. T. E. Bowman, after which the choir rendered most ef-

fectively "I Thank Thee, O God." The scripture lesson was read by Rev. J. S. Stockard. "Holy, Holy, Holy," was beautifully sung, which was followed by Mesdames McClinton and King, who sang "Beside the Still Waters." Dr. Hall took for his text for the sermon, "Whom Do Men Say I Am—I Am the Way, the Truth and the Life. No Man Cometh to the Father But By Me." This was applied to the commencement of life in the world by the graduates, who were admonished by the minister to hold this as their motto. "No Man Cometh to the Father but by Me." And to ever keep before them the question: "Whom do Men say I Am?" With these thoughts to guide them the minister predicted success would crown their careers.

Five members of the road committee of the Cisco chamber of commerce are in receipt of invitations to the banquet to be given by Clyde chamber of commerce, Tuesday night. Those who expect to attend are Messrs. F. E. Harrell, R. A. St. John, Walter Ray and A. D. Anderson. Important matters pertaining to highways will be discussed at length.

Registrations at Lake Cisco for the month of May were 4,640 said M. H. Spoon, caretaker, who has just returned to duty at the dam.

"This number of registrations only represents about one-fourth of those who have visited the dam, as only a small percentage registered," said Mr. Spoon. "It is not far from a fact when I say fully 20,000 visitors were out there last month, and the summer season has just opened. Visitors from now on will be largely increased, as there are many greater attractions than was the case last summer. We have only had a few days for bathing since the bathing beach was opened to the public, and they will begin to come in by droves now that the rains have warmed up the water in the lake and the summer season is on us. Since I have been caretaker of the dam I have shown 200,000 visitors through the corridors and there has never been one accident in all that vast number."

CITY ELECTION.

April 3, 1945.

For Mayor
EDWARD LEE (re-election)
Commissioner
GEORGE BOYD (re-election)
J. J. COLLINS (re-election)

LEGAL NOTICE.

A RESOLUTION ORDERING AN ELECTION TO BE HELD IN THE CITY OF CISCO, ON THE 3rd DAY OF APRIL, 1945, FOR THE PURPOSE OF ELECTING A MAYOR AND TWO COMMISSIONERS FOR THE CITY OF CISCO.

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF CISCO:

That an election shall be held on the first Tuesday in April, 1945, same being the 3rd day of April, 1945, at which election the qualified voters of the City of Cisco shall elect a mayor and two commissioners, each to hold office for a term of two years;

That said election shall be held at the City Hall of the City of Cisco between the hours of 8:00 o'clock a. m. and 7:00 o'clock p. m., to be conducted according to the Ordinances and Charter of the City of Cisco, and in compliance with the election laws of the State of Texas.

Public notice of this order shall be given for a period of not less than twenty days next preceding the date of said election by publication in each issue of a newspaper published in the City of Cisco.

Signed and approved by the Mayor, and attested by the City Secretary, this 13th day of February, A. D. 1945.

EDWARD LEE,
Mayor of the City of Cisco.
Attest:
GEO. W. DOWNIE,
City Secretary.

MORE ABOUT THE SAME THING

The abstract, contrary to a rather general opinion, does not cure the title, but rather reveals its condition, good or bad. Three things are strived for in the abstract. (1) To locate the property by field notes and plats. (2) To discover the true ownership as the records may reveal it. (3) To detect the liens and encumbrances, if any. The abstract serves many other useful purposes, but these three are most important.

DAR CHAPTER MET WITH MRS. HARRELL.
Mrs. F. E. Harrell was hostess when Charles Crawford chapter, DAR Chapter met.

WOLFE'S NEW BERRY GETS BIG BOOST.

A new Texas plant is getting unusual attention and creating sensational interest all over the United States. More than 60 official State and Federal Experiment Stations have already arranged to test the new Rossberry that was recently introduced by a Texas Horticulturist, Ross R. Wolfe, of Stephenville, Texas. These experiment stations include internationally recognized horticulture stations like Geneva, N.

ROSS R. WOLFE.

Y., South Haven, Michigan, and Berkeley, California, and other stations representing complete coverage of every state in the Union.

The Rossberry was created by the famed Luther Burbank, but due to unfinished business in other fields of endeavor he never got around to giving it the time he desired. Discovered in the hills of Arkansas by Ross R. Wolfe of Wolfe's Nursery, it has brought sensational and widespread attention. In recent weeks hundreds of Texas people have planted it in gardens, on paling fences, trellises, and other places where the prolific growth of the vine shows to best advantage.

"I have never offered any new plant that I believe has more possibilities than the Rossberry," said Wolfe. "I believe in all sincerity that the results of official experiment stations will prove its merit, not only as a luscious berry but also as a beautiful vine." 135

Daughters American Revolution, met Tuesday afternoon in her home. Decorations of spring cut flowers, placed artistically about the room made a pleasant setting for the meeting. Mrs. Robert Beall, the former Miss Callie Lee Ward, was welcomed as a new member. Mrs. Alex Spears, past regent, presided and opened the session with a pledge of allegiance to the flag, following which the group sang, "My Country 'Tis of Thee." Mrs. J. E. Elkins, chaplain, offered the prayer.

Mrs. W. W. Wallace was leader reviewed the Dunbarton Oaks conference and conducted a quiz at the close of the review. Light refreshments were served of the program on "National De-
