NAZIS MAY SURRENDER SOON

Mrs. Abbie Daniel Jr. College May Died Saturday In Day Fete Tuesday Her 78th Year Evening at 8:30

Mrs. Abbie C. Daniel, fine Christian woman and popular Cisco resident for the past eight years, died at 3:06 Saturday afternoon in a local hospital. Mrs. Daniel had been ill for some time but in the hospital only a few days. She was a devout member of First Presbyterian church and would have been 78 years of age on August 19. She will long be remembered by a very large number of Cisco friends and neighbors for her many virtues.

Tuesday, May 1, 8:30 p. m., Cisco Junior College will hold a May Fete on the college campus, says Carlos J. Turner, college registrar. This is to be one of the most colorful events of the year, Mr. Turner says, and all Cisco citizens are invited to take time out and see it.

Queen of the May will be Miss Stella Earp, whose home is at Rising Star. The celebration in its entirety will be held in the open, with the winding of the May Pole and the crowning of the queen to be the highlights of the program. "Each school in the city has been invited to participate in the program and we will have one number from each school, including the Negro school," Mr. Turner said.

It was the desire of Mrs. Daniel that her funeral sermon be preached by a former Cisco minister, Rev. M. H. Applewhite, now located in San Antonio. In a telephone talk with Mrs. Lannie Mancill Saturday afternoon, Mr. Applewhite stated that he would arrive in Cisco at noon Monday. The funeral will be at First Presbyterian church, but the hour has not been set, awaiting arrival here of deceased's daughter, Miss Elizabeth Daniel, teacher in the public schools at Port Arthur, Texas, who will reach Brownwood at 6:30 Sunday morning.

There will be some forty young women, dressed in evening gowns, in the May Pole dance. Schools from Eastland, Carbon, Moran, Pioneer, Breckenridge, Gorman Cross Plains and Rising Star are also expected to participate in the college event. Committees have been named as follows: Decorations — Miss Mayme Estes, Mrs. Ora Kirkin, Mrs. Minnie Hill. Program — Miss Ella Andres, Mrs. O. L. Stamey. Lighting and Sound Equipment — O. L. Stamey and Carlos J. Turner. Miss Wilda Drago, with a group of her violin students, will furnish music for the march. Admission will be 15 cents, which will be used to pay for a banquet for the college students.

Fate of Bob Humphrey, Nazi Prisoner, is Unknown

Mr. and Mrs. W. W. Humphrey, route two, Cisco, on March 27 received a notice from their son, Bob L. Humphrey, technical sergeant and 22 years old, that he had been captured by the Germans and was in Stalager XII A prison camp. He said he was in good health. The German prisoner of war camp postcard was dated December 23, 1944. Since that time the parents have received no further word from the young man. Sergeant Humphrey joined the infantry in September, 1942, and went overseas last May. He was a member of MacFadden's Third army.

Texas House Passes Chiro Bill To Final Reading

AUSTIN, April 28.—Working a full day Friday the House passed to third and final reading—which may come some time next week—a bill regulating and licensing chiropractors. A similar act passed two years ago was invalidated by the Court of Criminal Appeals. The new bill seeks to cure conflicts and ambiguities which invalidated the law of two years ago. It sets up a board of chiropractic examiners, stipulates minimum educational requirements, and requires that all practitioners, including those who passed the examination under the invalidated law, must pass a new examination before they may be licensed.

Camp Bowie Explosion Killed 4 and Injured 12

BROWNWOOD, April 28.—Four men were killed and 12 others were injured in a premature explosion which occurred during training in demolitions at Camp Bowie Friday, according to announcement by the camp public relations office Saturday. The dead are 1st Lt. Elwood U. Bossert, whose wife lives in Brownwood; Sgt. Eugene N. Klauk, son of Mrs. Elsie Klauk, Kiel, Wis.; Sgt. Rex V. Abernathy and Pfc. Howard L. Kirchner, whose wives live in Brownwood. Of the injured, Herbert J. Patterson, technician fourth grade, Jefferson City, Mo., was reported in serious condition.

HITLER A SICK MAN. STOCKHOLM, April 28.—Reports reaching Sweden Saturday from what was described as "a reliable source in Berlin" said that Adolf Hitler was suffering from a cerebral hemorrhage and was "hopelessly ill." The state of his health has been kept from the German people by the high command, the report said, because they fear that a proclamation of his "approaching" death would inspire a mass capitulation of Nazi troops.

PRISONERS FREED. WITH THE BRITISH 2ND ARMY IN GERMANY, April 28. Approximately 4,000 British and French naval merchant seamen were liberated Saturday when an armored division captured the prison camp at Westertinke, six miles southwest of Zeven.

60-Mile Dash of Fifth Army Split Northern Italy

ROME, April 28.—A Zurich dispatch said today that the American Fifth Army had reached the Swiss border in a spectacular 60-mile dash that cut northern Italy in two, trapped tens of thousands of Germans, and isolated Milan and Turin. The dispatch said the Americans entered Como, on the Italian side of the frontier, last night after an advance from their last reported positions west of Lake Garda. The Patriot-controlled Milan radio reported that the Americans also had entered Milan, Italy's second city, but this was Patriot forces. The radio said patriot forces already had liberated the city. Turin also was isolated. The German garrison in northwest Italy now was hemmed in on the east by the Fifth Army, on the north by neutral Switzerland, on the south by the Ligurian Sea, and on the west by other Allied forces along the French border. Atlas would have to be a lot stronger man today, to lift this world with all its taxes.

TRAPPED in burning cellar, Russian slave workers are rescued and treated in Germany. While they were recovering clothing from basement after liberation, Nazi policeman set fire to place. British had allowed him to continue duties.

Brain Trusters Said to Be Bypassing Truman

WASHINGTON, April 28.—Harry Truman's first fortnight as President: No little group of White House brain trust advisers has emerged. Fact is that in most matters so far, the Chief Executive has been his own adviser. People seeing him most frequently fall into two groups: Congressmen, and former cronies from Missouri. He has made no move yet to load up the payroll with Truman men; the few old friends around him aren't rated as qualified to advise on important national questions. But there's one man on whose counsel Mr. Truman is placing high value — Cordell Hull. He has visited the former Secretary of State at Naval Hospital twice to review important foreign issues, and his reliance on the elderly Tennesseean is likely to continue. Otherwise, Mr. Truman is calling most of his own shots. Note: Some of his visitors have come away from the White House amazed at the President's vigorous, blunt comment, in casual conversation, on major world matters.

Congress, grim and shocked at horror stories from Germany, may try to find out why atrocities were not known earlier. Red Cross and YMCA reports had been reassuring, never suggested atrocities. Did their representatives take the word of Nazis? Were they censored? Didn't Army intelligence know about it? Were the few men who escaped via the underground forbidden by someone to tell the truth about conditions? Inquiry probably will try to develop answers. The Cabinet: A prominent out-of-town visitor, after calling on Henry Wallace, told friends he was certain the former vice president had no intention of being a presidential candidate in 1948. This followed closely upon the statement by Sen. Guffey (pro-Wallace at Chicago) that Pennsylvania Democrats would be for Truman in '48.

Truman Appointee Strong Against a "Brittle" Peace

WASHINGTON, April 28.—America's new representative on the Anglo-American-Soviet Reparations Commission, Edwin W. Pauley, is determined to prevent the making of a "brittle" peace. Appointed yesterday in a swift, unheralded move by President Truman in place of Dr. Isador Lubin, Pauley, 42-year-old treasurer of the Democratic National Committee, said he was not a "soft-peace" man. Whether the peace is hard or soft, he declared, depended on all the United Nations. "What I can promise in my new position," he said, "is that once the peace is made, I shall do everything in my power to prevent it from becoming a 'brittle' peace—that is, one that may be hard in the making but will not hold together under the strain of post-war economics."

POPS AND MOMS. NEW YORK, April 28.—"Moms" are largely responsible for the psychoneurotic cases arising from the war, declares Dr. Edward A. Strecker, psychiatric consultant for the Army and Navy. "Moms" are dotting mothers who keep their children from learning how to meet conditions of living, he said Friday in a lecture at the New York University College of Medicine. Sometimes, he added, "Pop is the Mom."

WIDESPREAD RUMOR SATURDAY THAT HIMMLER, GESTAPO CHIEF, ONLY WAITS NOD FROM HITLER

BERN, Switzerland, April 28.—The Swiss telegraph agency said Saturday that Gestapo Chief Heinrich Himmler is prepared to surrender Germany unconditionally and awaits only Adolf Hitler's approval before proceeding. LONDON, April 28.—Heinrich Himmler was reported Saturday to have offered unconditional surrender to Great Britain and the United States, but Prime Minister Churchill in a special statement declared that only unconditional surrender to all three big powers would be accepted by the Allies. The prime minister neither confirmed nor denied reports that surrender had been offered to the two Western Allies, but not to Russia. Churchill declared: "It has been reported by Reuters that unconditional surrender was offered by Himmler to Britain and the United States only. Further that Britain and the United States have replied saying they will not accept unconditional surrender except on behalf of all the Allies including Russia. The Allied-controlled Luxembourg radio, as heard by the FCC, said Heinrich Himmler had offered surrender. "Here is a special message," the broadcast said. "The following message has been conveyed to the foreign ministers of the United States, Great Britain and Russia: "Heinrich Himmler has sent a message in which he guarantees the unconditional surrender of Germany to the United States and Great Britain. The governments of the United States and of Great Britain have replied that unconditional surrender will be accepted only if the offer is addressed to all the Allies."

Nazi Spokesman Says Berlin Fall Matter of Hours

LONDON, April 28.—Russian shock troops today broke into the Tiergarten, heart of Adolf Hitler's last-ditch defense citadel in encircled Berlin. Moscow said the siege of the Nazi capital swiftly was approaching its end. Reports reaching London also said fighting was raging "very near" Hitler's Reich chancellery on the Wilhelmstrasse, the Reichstag on the northeast corner of the Tiergarten, the State Opera House and other buildings in the center of Berlin. A Moscow dispatch said Soviet Cossack division swept nearly 50 miles west of Berlin and reached the Elbe river opposite the American Ninth army. The Russians were awaiting an "imminent junction" with the Ninth army. At least nine-tenths of Berlin already was under Russian control following a new junction of the First White Russian and First Ukrainian armies in the Charlottenburg district just west of the Tiergarten. Soviet "daredevil units" swept into the Tiergarten itself, Berlin's heavily-fortified central park, against "unrelaxingly bitter resistance," Moscow said. These shock forces presumably by-passed the German war ministry on Bendlestrasse, beneath which neutral sources have reported Hitler was directing the defense of Berlin from an underground fortress. Complete occupation of the burning, rubble-heaped capital may come this week-end. Lt. Gen. Kurt Dittmar, spokesman for the German high command, surrendered to the American Ninth army at Magdeburg and said Berlin would fall within a matter of hours or at least in a few days. Dittmar said he believed Hitler and Propaganda Minister Paul Joseph Goebbels still were in the doomed city as late as Wednesday and would remain there, dead or alive. All escape from Berlin had been cut off.

MEMORIAL FOR JUNCTION.

MOSCOW, April 28.—The Soviet Army newspaper Red Star suggested Saturday that a memorial be erected at Torgau to commemorate the historic junction of Russian and American troops in the Elbe river town.

THEY WANT PEACE.

As the San Francisco conference gets through with its formal opening preliminaries and gets off to a start at real business, the pulling and hauling begins. Jockeying for positions, for power, for authority, deadlocks, delays and disagreements will be discouraging to the American reading or hearing about them. But when some disagreement reaches the point where it seems impossible to resolve amicably, that will be the time to remember one important fact.

securing peace will be better than none. Any nation, under peaceful conditions, can somehow work out its salvation. None can do so under constant threat of war. So while nothing will be perfect, nothing is hopeless, either.

The nations who have come together for this conference are not going to throw away the big effort and run off home if they do not get all they want. The main purpose is peace. That's the hopeful side.

IDEAL CONDITION.

The nations engaged in this conference want peace. They came here to engage in it because they want peace. They are sick of war and can afford no more of it. If they can get an international organization to preserve and maintain peace, and at the same time pull off a few little gains for themselves, so much the better. They will argue for those gains. But if they finally see that this or that point cannot be won along with the main purpose, they will compromise.

A rather surprising thing seems to be happening in this country. It is well known that the American tendency in public life is to pick out a political candidate who looks as if he could handle the job, and then sit back contentedly and let him do it. Mostly this seems to work pretty well, because many office-holders really want to do a good job. But there are times when it fails, and the incumbent needs help, and doesn't get it. That's bad for everybody. Especially in case of an enormous, complex job like the presidency.

Machinery set up by the conference will not be perfect. No nation will get all it wants. But neither of these points matters. Any machinery for the purpose of

Now it happens that President Truman is not a superman, and doesn't regard himself as

such. And because, unlike some of his predecessors, he is accepted as a "common man," people feel kindly toward him and want to help him in his tough job. So they seem to spend a lot of time trying to figure out ways to do so. From all appearances, this procedure so far is working very well indeed. So well that the President, who is undoubtedly a much abler man than a lot of his friends give him credit for, finds himself in a pleasanter position than might have been expected. Everybody is helping, and so everybody is happy. At least it looks that way.

INFAMY.

Germany had better have lost a dozen wars than to forever carry the infamy into which she has sunk since the revelation of Nazi atrocities.

Before that, there could be at least a pretense that the Germans had some reason for fighting. But the civilized world will recognize no justification whatever for the kind of fighting these supermaniacs did, the horrors they perpetrated, the brutal examples they have set to the world.

Fire at the Alsop grocery, 500 D avenue, about 7 o'clock Satur-

day morning, was quickly extinguished by the Cisco fire department, but not before there was considerable damage to stock, mostly from smoke. Sugar and flour on hand was said to have been ruined by the smoke, but damage to building and fixtures was lighter than might have been expected but for the department's quick response. The blaze is thought to have started from a gas hot plate.

Mrs. Lester Stewart and daughter, Miss Bobby Stewart of Scranton were shopping in Cisco Saturday and while here were guests of Mrs. Stewart's niece, Mrs. John Bailey.

These men can tell you why the 7TH WAR LOAN is the BIGGEST yet!

YOU ARE being asked to lend more money than ever before—in the 7th War Loan.

These men can tell you why.

They can tell you of giant ships ready to slide down the ways this year.

They can tell you of a whole new air

force in the building—huge new bombers and fast new jet-propelled planes coming off the lines by thousands.

They could show you why it is cheaper and quicker to give our Pacific Forces entirely new equipment sometimes—instead of shipping tanks and guns from Europe.

They can, in short, show you 101 ways in which your dollars are needed more than ever to bring America's might to its full strength—so that we may crush our foe the faster, make an end of killing, and bring our men back home.
