

Delayed!

Due to difficulties encountered in compiling and classifying the Castro County Fair Prize List, publication of same will be deferred until our next issue. It is the desire of the officials to have this Premium List correct and in a style easy to interpret, and it is felt that the improvements being made will be worth this short delay.

COUNTY FESTIVE WEEK PLANNED NEXT MONTH

MOVEMENT DESIGNED TO CORRELATE COUNTY COMMUNITIES ANNOUNCED BY COUNTY CIVIC BODY. TO BE HELD DURING ENTIRE WEEK OF SEPTEMBER 9TH.

Community Specialist To Preside

What is probably the biggest civic event ever announced for Castro County is to be staged in Dimmitt during the week of Monday, September 9th, when the Chamber of Commerce of Castro County will begin a series of meetings, under the head of the Castro County Community Festival Week, with Capt. C. S. Nusbaum, Community Specialist, as the guiding genius.

The purpose of this festive week is to link into closer relationship the entire county, including one community to another, the farmers and citizens to the communities, and start a cooperative work for progressiveness that has never been known in this section.

To accomplish this, the Chamber of Commerce has employed Capt. Nusbaum, who comes highly recommended, and whose work along these lines is known to one or more of the directors of the Castro County civic body.

Capt. Nusbaum's presence among us for the period for which he has been employed, will mean to our County what a tonic accomplishes to the human body. He will bring us closer together in a civic way; he will show us whereby more can be

accomplished in the town, on the farm, in the school, the church, and in the home—by using teamwork and cooperation as a means of building an entire community and not just a part of a people who should work together in all things. And after Capt. Nusbaum is gone, with his work finished among us, we will feel his visit for years—for behind him he will leave that cooperative civic spirit that cannot be downed, but which is bound to be upbuilding to the community that wants to build.

At a meeting of the Board of Directors of the Chamber of Commerce held in the court house last Friday night, called by the president for the purpose of hearing Capt. Nusbaum, the body decided unanimously to have the Festival Week, and the following committees were appointed for the purpose of putting it over as all things are put over in Castro County:

- BANQUET—Chas. C. Burns and L. P. White.
- GENERAL ARRANGEMENTS—B. D. Woodlee.
- PUBLICITY—George C. Smith.

Meeting!

A special called meeting is announced for the Castro County Chamber of Commerce for next Monday night at 8 o'clock, in District Court Room, Court House, in Dimmitt. C.-C. WORKS ON TWO BIG PROJECTS

Much Interest Shown at Meeting of Directors in Two Coming Events.

At the general meeting of the Chamber of Commerce held in the court house Tuesday night of this week business connected with the coming Community Festival Week and the County Fair, were taken up.

Many details were gone into concerning both events, and much interest was manifested by those present in the two occasions, both of which bid fair to be successful from every standpoint.

Fair Prize List Completed

Judge M. R. Avery, general superintendent of the fair, took up the fair prize list and explained the intricate problems he was meeting with in compiling the list. The result of the discussion which followed his explanation was that the prize committee interviewed all concerns who had signed for merchandise to be included in the list, and induce them to change it to cash, in order to make a more uniform and acceptable offering to the farmers of the County. This was done Wednesday morning by J. C. Stringer, the chairman, with the result that the cash offering was increased materially.

Complete List Published

The complete prize list, with all rules and regulations of the event, will be found in this issue of the News, on page five.

Contest for Banquet

On the splendid suggestion of W. G. Baxter, it was recommended that the committee in charge of the banquet, composed of L. P. White and Chas. C. Burns, conduct a contest within some local organization, offering prizes for the ones selling the greatest number of tickets. Another plan suggested by Mr. Baxter was that of offering cash commissions for this work. The choice of these two plans was left with the discretion of the committee.

Advertising of Both Events

George Smith, of the Publicity Bureau, announced that both the Festival Week and Fair would be advertised thoroly over the entire county, and adjoining counties.

Letters will be sent out to officials of chambers of commerce in adjoining counties, with invitation to be our guests the night of the banquet, by Publicity Bureau.

Mrs. W. G. Baxter, who was taken seriously ill at her home last Friday, immediately after the family's return from Yellowstone Park, reported much improved day afternoon, and the John Hopkins Hospital more has been deferred.

First Water Well For City System Is Completed

The last casing was set in the first water well for the new \$40,000.00 city water works system on Thursday morning of this week. The well is at a depth of 196 feet at this time, and a good flow of water has been encountered.

A pump will be placed the first of next week, and with a car of gravel on the ground, it is expected that the test will be completed next week some time, barring trouble with the sand.

Immediately after this well is thoroly tested, the rig will be moved to a point just south, on property recently acquired by the city, where the second well will be drilled.

It is very likely that the pumping equipment on the first test will be made permanent, as the drillers say that it looks like a splendid flow at the present depth.

Local Tri-State Fair Director Interview Here

Judge M. R. Avery, of this
city, and one of the directors of
the Tri-State Fair, has given the
following interview relative to
the exposition this year, to be
held in Amarillo September 23
to 29.

"Headlined by the mammoth
Hagenbeck-Wallace wild animal
circus, the J. T. Wortham Carni-
val Company, the largest in the
world, and a score of other at-
tractions being shown at the ex-
position for the first time this
year, the Tri-State Fair is going
to be one of the leading events
of its kind in the entire South-
west.

"Fair officials are offering in
cash premiums amounts total-
ing \$15,000.00 in the various di-
visions of exhibition. Of this
amount, \$5,000 is for the Here-
ford show alone, \$2,500 for the
Swine department, and \$2,500
for the Jersey and Holstein de-
partments. This year the Here-
ford show is sponsored by the
American Hereford Breeders As-
sociation and will draw entries
from breeders all over the coun-
try.

"Headed by 100 of the lead-
men and women of its territory,
the Tri-State Fair is one of the
leading business institutions of
the Tri-State region which em-
braces the Panhandles of Texas
and Oklahoma, as well as most
of the Eastern part of New Mex-
ico. Unlike most yearly exposi-
tions, it is an all-year-round af-
fair, in that people over the en-
tire region prepare during the in-
tervals between fairs to show at
the next one.

P. C. Bennett, Superinten-
dent of the Agriculture Depart-
ment, reports that 17 counties
already have made reservations
to show during the big fair this
year.

"This year, for the second
time, there will be a free gate.
Minimum estimates put the out-
of-town crowds coming here at
more than 200,000. Cities from
as far as 200 hundred miles a-
way already are making prepara-
tions to send representative
delegations to Amarillo for at
least one of the seven big days."

Be Big

M. G. Miller, advertising man-
ager of the Panhandle South
Plains Fair Association of Lub-
bock, was in town last Friday
in the interest of the Fair, to be
held Sept. 30, October 1, 2, 3, 4,
and 5 this year.

A full week of educational ex-
hibits, entertaining amusements
and other attractions will be of-
fered the people of the Panhand-
le Plains section at the fair this
year, Mr. Miller informed the
News.

Six free acts of the very high-
est class and a free football
game will feature each afternoon
and an outstanding fireworks
display will be offered each eve-
ning along with six free acts.

An unusual interest is being
displayed this year is the coun-
ty agricultural exhibit class,
due to the fact that the Lubbock
Chamber of Commerce is spend-
ing \$22,000 this year in advertis-
ing the South Plains section to
prospective rural settlers, thru
farm journals of the nation. Over,
5,000 inquiries have already
been received from the advertis-
ing and a good number will avail
themselves of the opportunity of
seeing exhibits from all counties
of the Plains section at the fair.

The live stock and poultry
shows will be larger than usual
this fall, Miller stated, based up-
on the entries already received.

COLEMAN'S TRAFFIC SYSTEM IMPROVED

Coleman's latest improvement
is the light signal that has been
installed as a warning to traffic
when the fire alarm is turned
in and the engines need clear
streets. When the automatic
switch goes into operation at
the station, the yellow light
comes on, and the bell stops traf-
fic for two minutes.

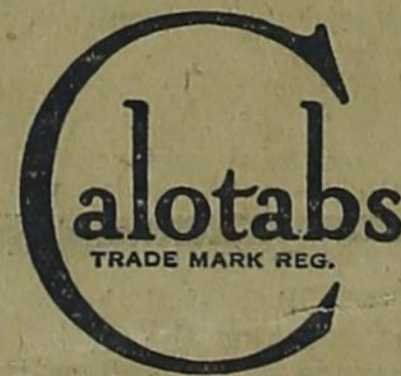

Preliminary plans are report-
ed under way for piping Texas
natural gas to Chicago, indicat-
ing the belief on the part of the
promoters that the Panhandle
gas supply is ample for many
years.
