Jester May Become Largest State's Greatest Governor

By United Press.

AUSTIN, Jan. 18. — Everything from the flags of all 54 United Nations to five dance bands and the world premiere of the motion picture, "It's a Jok, Son," was in readiness tonight for the first post-war Texas inauguration.

Beauford Jester, small city lawyer and oil expert, takes the oath as the 36th governor of Texas at high noon Tuesday and it was assured tonight the ceremony will be colorful almost beyond description.

In fact, around Austin tonight, they were insisting the Jester inauguration would be the most colorful ever staged in the Texas capital city, which has seen every Texas governor and one president of the Republic of Texas take office.

Mr. Jester, who won the governorship by a record vote, is having little to do with the arrangements for the inaugural celebration, leaving everything to friends and the party leaders.

However, after his installation as governor of the great state of Texas, those who know him best predict that serious minded Beauford Jester will move forward with confidence and daring to meet and solve the many grave problems facing the state.

Army Head Will Become Secretary State on Monday

WASHINGTON, Jan. 18. (U.P.)—Gen. George C. Marshall will be sworn in Monday as secretary of state to administer the peacetime foreign affairs of the nation whose military efforts he directed to victory through four years of global war.

He will receive the oath of office from Chief Justice Fred M. Vinson at 11 a. m. in President Truman's office and will hold his first conference with the chief executive on state department matters immediately after the ceremony.

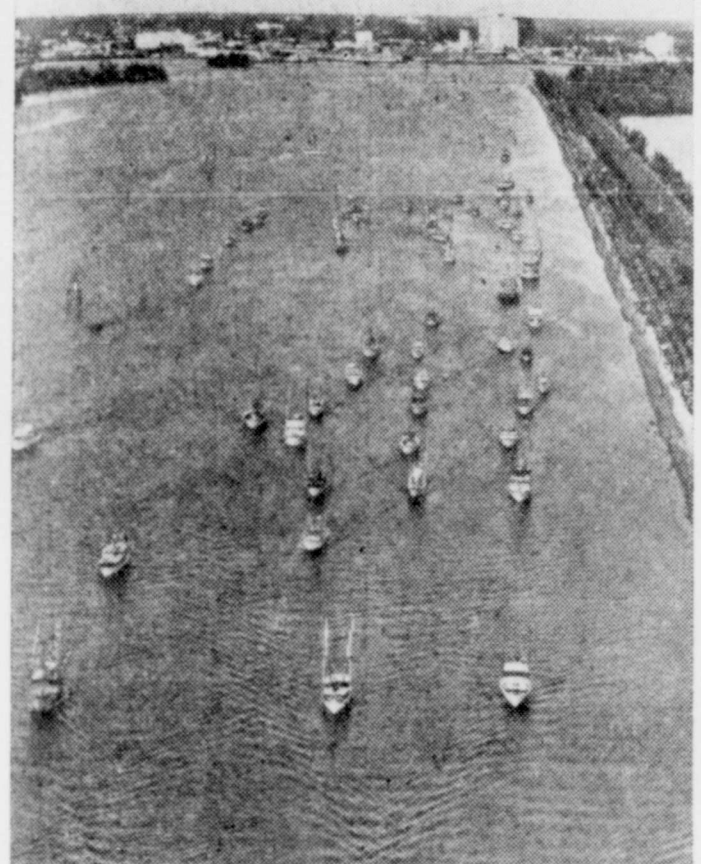

Marshall has been resting in Honolulu for the past several days on his way home from his year-long mission as Mr. Truman's special ambassador to China. He is expected to arrive here shortly before the White House ceremony.

POLICE MAN CONVICTED. RICHMOND, Va., Jan. 18. — Two Richmond policemen convicted of the patrol-car rape last October of a 32-year-old negro woman were at liberty under \$3,000 bonds today pending a hearing Feb. 21 on a motion to set aside the verdict.

I have met rudeness and lack of control here (in a Pueblo school) more than anywhere else in the world. — Miss Alice Elliott, exchange teacher from England at Pueblo, Colo.

NEW SKIPPER FOR FAMED LINER—Sir James Bissett, 63, right, retiring commander of the British liner Queen Elizabeth, bids bon voyage to his successor in Southampton, England, Captain C. M. Ford acted as relief for Sir James and was skipper of the Queen Mary.

YACHT PARADE—This air view shows the start of Miami's sea parade of some of the more than 500 yachts along the Causeway between Miami and Miami Beach, which opened the 12th annual Metropolitan Miami Fishing tournament. The fishermen compete for \$15,000 worth of trophies. The meet is one of the biggest of its kind.

CISCO BULL ENROUTE TO S. AFRICA

There will be Cisco blood in the ancestry of some South African Hereford cattle according to a sale made by M. E. Fry, Cisco cattleman, to P. O. Brockelhurst of Enkeldoorn, Rhodesia, and consummated Saturday with the shipment of a registered Hereford bull calf to the southern tip of the so-called "dark" continent.

The bull, Bonnie B. Domino 7th, was loaded upon a freight car in the Cisco Texas and Pacific yards Saturday morning for transit to New York where it will be placed aboard a freighter of the Anglo-African Shipping Co., for transportation across the Atlantic to Rhodesia.

The price received for the bull was not disclosed, but Mr. Fry said it was a fair one and "I am satisfied."

Vet Enrollees Junior College Must Act Quick

Veterans who wish to enroll in Cisco Junior college for the second semester, either in the college or vocational departments, were advised Saturday to make their applications at once in order that their papers may be processed in time for them to begin receiving their subsistence payments at the regular month-end periods.

Veterans who wish to inquire into the opportunity for attending the college beginning at the start of the second semester on January 27, were instructed to telephone the college registrar, R. F. Webb, Telephone 418, or President R. N. Cluck at 241, or the Cisco chamber of commerce at 395.

Veterans may attend either day school or night school, it was explained. Students who are not veterans are also solicited to enroll at this time since they will be able to make one full semester of their college work and will be thus far ahead in their educational program.

Miss Haynes Is Receiving Poll Tax Payments

The "Pay Your Poll Tax" campaign of Cisco Junior chamber of commerce is bearing fruit with a sub-station for the payment of the taxes established at the chamber of commerce offices on west Sixth street, it was announced by Glen Boyd, chairman of the Jaycees committee for poll tax payments, who was appointed a temporary deputy tax collector to receive the payments.

Miss Susan Haynes, chamber of commerce office secretary, is assisting the Jaycees in receiving the payments and the taxes may be paid to her at the CofC office, Mr. Boyd said.

Within less than two days since the sub-station was established Miss Haynes had received 20 payments, she said.

Location of a sub-station for poll taxes here makes it unnecessary to have a "rush" during the last week of the month of January, as is usually the case when a deputy is sent over from Eastland for that period, Mr. Boyd said. He urged Cisco citizens who must pay the tax to qualify as voters to do so at once.

The year 1947 is what is commonly known as an "off" year in politics with few, if any, general elections, but both the city and school elections will come up in April and there should be the fullest possible qualification of voters in order that a decisive public expression be made in such elections.

It is hoped there will be more than one candidate for each of the various positions to be filled. If you have in mind one who might serve the city or the school board in a highly constructive way, encourage him (or her) to step out and offer his services — that is the democratic way, and there is always room for improvement.

GOP to Examine Army-Navy Unification Plan

WASHINGTON, Jan. 18. (U.P.)—President Truman, who finally got the army and navy to agree on a plan for unification, tossed the ball tonight to the new Republican congress.

Mr. Truman did not outline the provisions of the proposed legislation that is being prepared. Indications are that Republicans in the House and Senate intend to examine the unification plan closely, particularly along the lines of cutting army and navy spending.

Eight Directors Take CofC Seats Tuesday Evening

Eight business men of Cisco who have been elected — or re-elected — to two-year terms on the board of directors of the Cisco chamber of commerce are due to take their places at the regular meeting of the board next Tuesday evening at 7:30 at the chamber of commerce offices.

The new directors are R. N. Cluck, M. E. Fry, Charles Graham, W. P. Guinn, N. C. Huston, Mason Pee, Ronald Rhodes and A. R. Westfall. Messrs. Cluck and Huston were re-elected.

Officers for the year will be elected in the organization of the new board at this meeting. All new directors — as well as hold-over — are urged to attend the meeting in order that they may qualify for their places.

A number of important projects will be considered at the meeting.

LIVESTOCK SHOW HERE FEB. 21-22

The annual Eastland County Livestock Show will be held at Cisco Feb. 21 and 22 — the first show to be held in the new show barn of the Eastland County Livestock Show association under the agreement with the County Livestock Raisers association to locate the official county show here for at least five years.

The show will be under the supervision of the Cisco Livestock Show association of which M. E. Fry is president, Sutton Crofts vice president, T. C. Caudle secretary and Charles Spears, treasurer.

Cisco Junior chamber of commerce is raising the prize money for the show in the sum of \$500 or more. The Jaycees are also in charge of the catalogue and the concessions at the show grounds.

General superintendent of the show is Sutton P. Crofts. He will be assisted by the superintendents of division as follows: Beef cattle, M. E. Fry; dairy cattle, Larkin Akers; swine department, C. V. Cox; sheep, Mr. Smith; goats, J. F. (Red) Donnelly and horses, Jess Slaughter.

The show will open at the grounds on Highway 23 north of Cisco at 10 o'clock, Friday morning, Feb. 21, and close at 5 p. m., Saturday Feb. 22. Judging will begin at 1:30 p. m., Feb. 21. Dairy cattle, sheep and goats and hogs will be judged in that order on Friday.

At 10 a. m. Saturday, horses will be judged followed by beef cattle at 1 p. m.

At 1 p. m. Saturday an interesting and important event will be the auctioning of animals entered by 4-H club and F. F. A. boys.

The show will be in two divisions — a mens division, in which no cash prizes will be awarded, except in the case of overall show champions, and a club boys division in which cash awards will be made in each event.

Overall show champions will be determined in competition between boys division and mens division champions. Substantial cash prizes will be awarded three grand champions. Otherwise, winners in the mens division will receive ribbons only.

The show is open to exhibitors in adjoining counties as well as to those in Eastland county. Entry blanks should be sent to the Cisco Chamber of Commerce, Cisco, Texas. Entry blanks may be secured from the chamber of commerce.

All animals must be in place by 10 o'clock Friday, Feb. 21. They must be pure bred, but they need not be registered except in the cases of fat steers, fat barrows and fat lambs which may be grade or crossbred animals.

The auction sale will be limited to fat steers, fat lambs and fat barrows owned by F. F. A. and 4-H Club boys.

A list of the classes and premiums will appear in the catalogue, a copy of which may be received by writing to the Cisco chamber of commerce.

DYING NATURAL DEATH.

WASHINGTON, Jan. 18. — The Federal Reserve Board, which keeps a watchful eye on the national economy, said today that inflation has about run its course. The board lowered the margin requirement of security markets from 100 to 75 per cent and said it did so because it believes the six-year-old sellers market is nearing an end.

Thomas Chairman Thompson takes up of Infantile Paralysis Campaign Against Talmadge

Sponsored by the American Legion auxiliary with E. T. Thomas serving as chairman, the local drive for funds for infantile paralysis sufferers is well under way, said Mrs. B. E. Wagley, auxiliary president, Saturday.

Auxiliary committees have been contacting churches and other local organizations and this week individuals will be contacted. Organizations or individuals that have been or may be missed can mail their contributions to Mr. Thomas.

The drive will end January 30 with a special dance at the Country club, sponsored by the Legion auxiliary.

Mrs. Wagley urges all members, and all women eligible to auxiliary membership, to be at the regular meeting Monday night, 7:30, Country club. She added: "There is much work yet to be done in regard to the infantile paralysis drive, as well as the auxiliary membership drive."

SHOULD BE OUTLAWED.

WASHINGTON, Jan. 18. (U.P.)—The CIO charged today that some congressmen had been tipping industrialists not to settle portal-to-portal pay claims because congressmen would outlaw them. The charge was voiced before a senate judiciary subcommittee by CIO general counsel Lee Pressman. The committee is considering legislation to outlaw portal pay claims now totaling nearly \$5,000,000,000.

Arnall's Fight

ATLANTA, Ga., Jan. 18. (U.P.)—Lieutenant Governor M. E. Thompson took up the fight for the Georgia governorship today after Ellis Arnall formally resigned with a charge that Herman Talmadge had seized the office of governor through a military coup d'etat that had left Georgia in the throes of anarchy.

Thompson said he will demand that Talmadge vacate the governor's office and the executive mansion, both of which Talmadge took over following his election by the legislature Wednesday.

He said, however, that since he did "not have a strong military force" at his command, he was not prepared to say what action he would take should Talmadge refuse to give up the place.

Arnall announced shortly after noon that he was making his resignation as governor effective since the lieutenant governor had been sworn in during the morning and was now qualified to be "legally" elevated to the governor's chair.

Thompson had been expected in some political quarters to yield to the Talmadge regime that relentlessly took over the state official functions following his election.

But Thompson, although caught in the middle of the strange duel of politics, eagerly took up the battle the moment it was handed to him by Arnall.

Thompson said that he intends to serve as "acting governor" until the people themselves elect their governor at the polls.

Army - Navy - Air Merger Ok As Far As It Goes

WASHINGTON, Jan. 18. — Advocates of Army-Navy-Air merger plan can toss their hats into air — but not too high, as yet. Four things to understand about it:

1. Whether it means much or little in improving nation's defense organization and in providing savings, depends on whether President names man of real force to be national defense secretary.

2. No important savings are likely soon. Initial cost of new top layer of authority may increase costs slightly at first. Later, if its real unification, economies should follow gradually.

3. Merger plan as announced by President forced all three to give up some aims and accept compromises they don't like — but, net, they regard whole move as constructive advance step.

4. Congress will have final say on what's done. But with all present defense heads expected to go to bat for plan, it should be enacted without too much change.

Army gave up more than Navy. Navy keeps U. S. Marine Corps, land-based aviation, functions of reconnaissance, protection of shipping and Navy Air Transport. (Army and Air Forces people had battled to take these air functions.) Also admirals will continue to have right to go to Congress to make case for Navy budget. But Navy yielded on giving Secretary of National Defense real authority, which it had opposed bitterly. This top man, to be one of most powerful in government, will be able under President's executive order to effect consolidations in procurement, research, use of facilities.

Plan's advocates say big thing is that start has been made; plan has some drawbacks, but it's gain.

FORUM-DINNER TICKETS GO ON SALE

Tickets for the Cisco chamber of commerce forum-dinner at the Laguna hotel Friday evening, January 31, will go on sale Monday, it was announced by A. R. Westfall, chairman of the ticket sales committee, who has called his group together at the chamber of commerce office at 2 o'clock Monday afternoon. Both men and women will be invited to attend the dinner when Paul G. Good of Washington, D. C., will be the speaker. Mr. Good is manager of the department of education of the United States chamber of commerce. He will be accompanied by Cisco by D. Hodson Lewis of Dallas, Southwest region manager for the USCoC.

Guests of the chamber of commerce for the dinner will be members of boards of trustees in the rural districts served by the Cisco public schools, and also educators and citizens from a number of neighboring communities.

Members of Mr. Westfall's committee are S. H. Nance, Tom Stark, E. P. Crawford, Edward Lee, Eugene Shockley, A. L. Osborn and W. F. Walton.

The dinner in the evening will be preceded by an area meeting of school men, members of boards of education, county superintendents and business men from a considerable area at Cisco Country club at 3 o'clock, when Mr. Good will speak on educational problems and conduct a round table discussion on questions pertaining to schools.

TRAFFIC JAM—A pedestrian was killed and at least 13 other persons injured when these two streetcars collided at a downtown intersection in San Francisco. Trolley, left, struck outbound car, right, derailing it and shattering windows in both vehicles.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barcenate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.
