## Texas Industrial Pictures Entertained Rotarians Sunday Morning, Methodist Hour

The Rotary club had an unusually interesting program today, being a continuation of last week's program, consisting of pictures depicting the industries of Texas, sponsored by W. P. Guinn, in charge of the program.

The projector was operated by Luther Edwards and S. E. Carter, who were previously introduced by Rotarian R. N. Cluck.

President Bill Hogue called for the introduction of guests, who were C. R. Wilson, Dallas; M. L. Joyce, Rising Star; Jack Huggins, Linton Benge and W. H. LaRoque, Cisco. Mr. Benge is the junior Rotarian for Cisco Junior college for February.

Secretary Lonnie Shockley reported one absentee for last week and three for this week.

Edward Lee called attention to the jar at President Hogue's table which was to receive contributions for infantile paralysis.

A notable feature of the program was the induction of Haywood (Doc) Cabaness, new Rotary member, by Rotarian E. P. Crawford. This ceremony was unusually good, including the jocular as well as the serious and dignified side of the induction. Mr. Cabaness received his membership pin at the same time.

President Hogue announced that new song books for the club had been purchased and donated by Dr. E. L. Graham.

The club voted to send a contribution to the Rotary Foundation in memory of Rotary founder Paul Harris, whose death occurred last week. Rotary was founded in 1905 and was made an international organization in 1914.

Dr. William B. Selah, pastor Galloway Memorial Methodist church, Jackson, Miss., will speak over the Methodist Hour network Sunday morning on "Character is Fate."

Dr. Selah is a prominent Methodist minister who served leading appointments in Kansas City, Memphis, Oklahoma City before moving to Mississippi. He is a native of Sedalia, Missouri, a graduate of Central College with post graduate work at Yale University.

The Methodist Hour is now broadcast over an independent network of fifty stations, the network extending from Baltimore to Carlsbad, N. M., and from Miami to Kansas City.

This radio time is made available to members of the southern religious radio conference, an organization composed of radio committees from the Southern Baptist convention, the Presbyterian church in the U. S., the Protestant Episcopal church and the Methodist church by the independent stations on this network.

These programs are heard in this vicinity over station WFAA at Dallas and originate in the studios of Religious Radio Center, Atlanta, Ga.

## Bullock Anti-Advertising Bill Radical Measure

AUSTIN, Jan. 13.—A stringent anti-advertising bill affecting all physicians, surgeons, optometrists and others practicing any of the arts of healing was introduced in the senate Wednesday by Pat Bullock.

The measure sets out the prohibited media of advertising as bills, posters, signs, circulars, cards, pictures, stereopticon slides, radios, newspapers or through any person or advertising agency.

## DELEGATIONS FROM EIGHT-COUNTY AREA

Cisco will be host to one of the most important public meetings on education to be held in this section in recent months when educators, members of school boards, business men and chamber of commerce executives from some eight counties in this part of the state gather at the Cisco Country club Friday at 3 p. m. to hear Paul H. Good, Washington, D. C., manager of the education department of the Chamber of Commerce of the United States, discuss the vital relationship between public education and democratic government.

Delegations from Abilene, Albany, Breckenridge, Brownwood, Eastland, Ranger and numerous other towns and communities in an eight-county area will be present to hear Mr. Good and take part in a round table discussion under the leadership of the speaker and D. Hodson Lewis, of Dallas, manager of the Southwestern region of the USCoFC at Dallas.

The meeting will precede the forum-dinner of the Cisco chamber of commerce to be held on the roof garden of the Laguna hotel at 6:15 Friday night and at which Mr. Good and Mr. Lewis will be the speakers. Among honor guests will be Mrs. Jos. M. Perkins of Eastland, nationally known woman leader and a member of the state board of education.

Other guests of the chamber of commerce at the evening dinner will be members of boards of trustees of the rural districts served by the Cisco public schools.

Business men of the city were urged to attend the afternoon conference and help welcome the guests as well as avail themselves of the chance to hear Mr. Good on a problem which is among the most serious of those now being confronted in American public life—proper support of good public, free education. The relationship between education and good government and good economy will be discussed by Mr. Good at this time. The meeting is open to all who wish to attend.

The dinner Friday night will be concerned more directly with the Cisco public school system and Cisco Junior College. Tickets are priced at \$1.25. Men and women are invited.

Groups from the Cisco Lobo band under direction of Fred Baumgardner will present special musical numbers during the program.

Toastmaster for the evening will be Garland Nance, president of the Cisco school board. He will be presented by N. C. Huston, a president of the chamber of commerce.

### HIGH SCHOOL GIRLS.

A group of Cisco high school girls have joined civic and service organizations to aid in the "March of Dimes." The girls will work the business district of the city Friday afternoon from 1 to 5 o'clock and all day Saturday. All money collected will be turned in to the fund to aid victims of infantile paralysis. The girls who have volunteered to serve are: Nancy Cross, Erna Faye Graham, Louise and Frankie Prickett, Virginia Weiser, Scrippy Chuck, Louise Jackson, Patsy Nance, Monte Lisbenbee, Mary Jeannette Poe, Renabel Bible, Bernice Ann McCrea.

WASHINGTON, Jan. 30.—Sen. Homer E. Capehart, R., Ind., today urged that congress turn rent control over to the states.

"Certainly the states can handle it much better than here in Washington," he told his colleagues in the Senate Banking Committee as they tackled the job of considering whether to continue controls beyond June 30 and whether to order a rent increase.

Committee Chairman Charles W. Tobey, R., N. H., said Capehart's philosophy seemed to be—

"Let them—tenants—sink or swim; starve or die."

"That's right," Capehart said, "that's as it should be."

Tobey described as a "comedy of errors" the administration mix-up which almost raised the country's rent bill by 10 per cent late yesterday.

President Truman stopped an order almost ready to roll off OPA's mimeograph machines. The committee planned to try today to find out who was responsible. But two government rent officials scheduled to testify postponed their appearance—and the questions had to wait.

## PWA ADDS TO JR. COLLEGE SHOP

Enlargement of the shop building to be constructed at Cisco Junior college as a part of the teaching facilities project, granted the school by the Public Works Administration, was announced today in a telegram from Cong. Omar Burleson to the Cisco schools and the Cisco Daily Press.

The project, secured some time ago, consists of a shop building with all equipment—machine tools, sheet metal equipment, equipment for welding, electrical engineering work, etc.—and a classroom building, with all equipment, including that for science laboratories and for a cafeteria.

Contract for the moving of buildings from an army camp to the campus and erecting them into structures to house the shop and classroom was let early in the week to the C. & C. Construction company of Abilene.

This project is in addition to the housing units—consisting of 28 apartments in seven buildings—now nearing completion.

The two buildings to be constructed under the program will aggregate about 9,000 square feet of floor space. Of this 6,500 will be in the shop—which was increased from 3,900 square feet—and 2,600 will be in the classroom building.

The increase in the shop space was obtained at a conference with PWA officials in Fort Worth Wednesday by President R. N. Cluck of the college.

Already shipments of typewriters, desks, tables and other classroom facilities are being received by the college, while much of the cafeteria equipment, including ranges for cooking, dishes, utensils, etc., has been received. The college was notified this week that more is on the way.

The buildings to be used in the construction of the teaching facilities are being moved here from Camp Bowie at Brownwood.

### CADETS FEEL OATS.

COLLEGE STATION, Tex., Jan. 30.—Senior commissioned officers of the Texas A&M College cadet corps withdrew their resignations today following a stormy all-night session, but demanded the resignation of President Gibb Gilchrist. The mass resignations followed removal of discipline jurisdiction from the office of dean of men to commandant and professor of military science and tactics.

## GOP Objective is Still to Cut Income Taxes 20 Pct

WASHINGTON, Jan. 30. (U.P.)—Speaker Joseph W. Martin said today after a tax conference with other high-ranking Republicans that the GOP objective still is to cut income taxes 20 per cent "by some method."

Details of the method will have to come later, Martin told reporters. He said a straight 20 per cent cut for all classes is "not a party commitment" but that the party is committed to make an overall tax cut of 20 per cent if it could at the same time balance the budget.

### NATIONAL INCOME.

WASHINGTON, Jan. 30.—The commerce department reported today that the national income in 1946 was \$164,000,000,000—an all-time high, and \$3,000,000,000 more than the 1945 figure. The department estimated 1946 expenditures for all goods and services at \$127,000,000,000, an increase of \$21,000,000,000 over 1945.

In what looked like a decidedly one-sided affair, Cisco Lumber & Supply and Gardenhire Petroleum company bowling teams took all games at the local alleys last night. In other words, it was an off night for West Texas Utilities and Cisco Gas Corporation.

## OPEN FORUM

**Looking Out for the Public.**  
The Daily Press:

The new governor of Texas stated well that "there are two conflicting theories thrust upon us." One extremely far to the right would imperil labor. The other equally far to the left, would subjugate capital and management and destroy free enterprise in the conduct of Texas business.

The great masses of the people are given scant consideration in either of these strongly pressed problems.

Congress and our own legislature must take immediate action.

It means much to the country as to the type of laws that will be enacted soon. In order that no hasty legislation be enacted, the public, labor and the businessmen should contact their lawmakers and give them such suggestions as will help them solve the problems equitably and to the best interests of the greatest number of our citizens.

The laborer has the God-given right to work and is worthy of his hire.

The employer is entitled to a reasonable profit from his business, and unless this mass of folks, the public, are given careful consideration they will be in the same position as President Truman. He was presented with a sword and a dagger, and it is reported he already has a rope.

CLARENCE CARPENTER, Dallas, Texas.

### AN OLD WOMAN'S WEDDING RING.

HER HANDS are long and thin and fragile. As fingers of the winter-ravaged birch.

Stripped to the knotted bone and threaded with the wind.

What record of the spring's long search.

The summer's sweet attainment. Yet remains upon the thinned, Unsheltered branch where once were leaf

And sun and singing bird? Yet now.

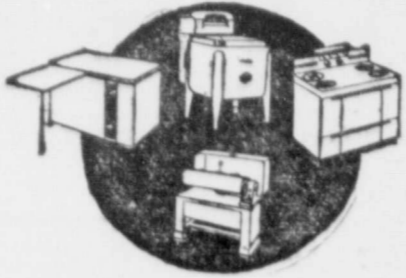

While nights are long And suns grow small and brief, In memory of summer and of song

She keeps one gold leaf still upon the bough.

**GIFT SHOWER HONORED MRS. S. McCracken.** Mrs. Ronald Rhodes, Mrs. Kenneth Cooper and Mrs. Sam King were hostesses Friday evening in the home of Mrs. Rhodes with a lovely shower honoring Mrs. Standee McCracken. The house was attractively decorated with pink and white chrysanthemums and a pretty arrangement of the flowers centered the lace covered table in the dining room. Tall white tapers in crystal holders flanked the sides of the centerpiece.

After the guests were greeted by the hostesses they were seated in the living room for a program of fun. Several interesting games were enjoyed which were followed by a radio broadcast with Mrs. C. The gift "shower" was then brought in and presented the honoree, who opened the packages and passed the gifts for all present to see.

The group was next invited into the dining room for refreshments. Mrs. James McCracken presided at the silver tea service at an end of the table and at the opposite table-end stood a beautiful tiered cake, decorated in pink and white. The cake was cut by Mrs. Sam King and served with tea to the following: Mrs. Standee McCracken, Mrs. E. McCracken, of Cisco; Mrs. C. L. Bigby of Eastland; Mrs. G. R. Brogdon, Mrs. D. P. King, Mrs. J.
