JUPITER PLUVIOUS IS VERY LIBERAL

Rain God Opens Flood Gates And Blinding Sheets of Rain Sweep Across the Plains.

Friday night this section was thoroughly soaked with a good rain, which was accompanied by a slight shower of hail. It was thought for awhile that all the crops would be destroyed, as the hail was very large, and for a period of a few minutes fell fast, but stopped before it had done any damage to speak of.

The rain Friday night, though a good one, was totally eclipsed Tuesday afternoon, when the rain god opened the flood gates of his holy sanctum and for two hours sent blinding sheets of water in zigzag whirls spinning across the open plain. The streets became small rivers, and the rain just kept "a pouring."

The rains, though we were not suffering for them, did a great deal of good, and now crops of every kind are growing fast and looking fine. The cattlemen are wearing smiles of satisfaction, on account of the prairie grass taking new life, and springing up as if by magic.

Mothers' Day.

Last Sunday was Mothers' Day, and it was observed all over the country with appropriate exercises in the schoolhouses and churches. This day is designed for the young men and women to show and express their appreciation, love, respect, and affection for their loving mother that they feel, but which is too deep and sacred to express at any other time. You may bear in mind that the dark shadows of evening are falling with every fleeting moment over your mother; that her eyes are growing dim, and her locks of gold are changed to grey by all the long and weary years; that the sweet and noble face is wrinkling under the heat of many summers and the chilling blasts of as many winters, for it is better to heap flowers on the waning form rather than the silent one.

Matched Baseball Game.

The Lockney Ground Hogs and the Sand Hill White Sox will cross bats on the Lockney diamond this afternoon. An interesting contest is anticipated, both sides confident of victory.

The Texas peans are finding favor among the Christmas shoppers and the nuts and fruits from the Lone Star state are popular with the northern and eastern consumers.—News Item.

CLOSE OF SCHOOL NEAR AT HAND

The Lockney Public School Will Close a Successful Term In Two Weeks.

Two weeks from today the Lockney Public School will close its doors on the most successful term in the history of the school.

Prof. Nix and his excellent corps of teachers deserve the commendation of the patrons of the school for their efficient service rendered during this past term.

In two weeks the graduating pupil will probably walk from this institution and begin his encounter with the obstacles of life with the victor's crown won in the victory of the obstacles encountered during school days; in two weeks the joys and pleasures, pains and sorrows of school days will be only a memory, never to be forgotten. In two weeks some of the teachers will cease their teaching, and, book in hand, will become a student again in some of our nation's universities. While others will continue to get one more year of true nature, and others will suitly fourth to other climes to meet and conquer other worlds.

Building Fine Residence.

Mr. D. C. Lowe has let a contract to Will Allen for the erection of a fine 2-story, three thousand dollar residence. This residence is to be the finest house in town. It will have a brick foundation and oak floor. The site for the building is George Wilson's old lots, two blocks west of the First National Bank. Will says he will complete the job in 40 days.

Coming! Coming.

Adam Fetzer's Great Western Show under canvass will visit Lockney Tuesday, May 20. For one night only. We do not claim to have the biggest show on the road, but we do claim to have some of the best professionals in the business. A clean, refined and moral show for ladies, gentlemen and children. Remember the date, May 20th, 1913. Admission 25 and 35 cents.

The Moving Picture Show.

The moving picture show that has been conducted here for sometime by Biles & Wilson, of Floydada, will show from now on only on Friday nights.

Notice.

All Eastern Star members are requested to be present at our next meeting, Friday afternoon at 3 o'clock, May 23, as there is to be election of officers. Dolly Reed, Worthy Matron.

Sam Henry went to Floydada Monday to attend Trades Day at that place.

R. C. Wilkison made a business trip to Amarillo Monday.

PLANS TO GRADE LOCKNEY STREETS

Plans to Grade our Streets Were Considered by the "Dads" Monday Night.

Monday night at a meeting of the City Council, a plan to grade our streets was promoted by the "dads," and we understand that the idea was favorably considered, and, although not thoroughly settled upon, is the consensus of opinion that the plans will materialize in the near future.

Grading streets is the first and most important step in city building. The streets are the first thing that greets the strangers gaze, when he visits a town. If the streets are in a good condition the town, no matter what kind of buildings it has, looks very well, but no stranger will invest his money in a town of gulleys and ditches.

A Moment Please.

J. D. Griffith has put up a new Eclipse windmill. It is reported that Mrs. Griffith had informed J. D. that he either had to put up a windmill or pump the water—the mill is up.

B. F. and G. F. Rigdon went to the county seat Monday, on business.

Tailor Shop Burglarized Monday Night

An unknown burglar last Monday night, smashed the glass door of John Sams' tailor shop, and proceeded to help himself.

He broke a hole in the glass door large enough to stick his hand through and unlock the door. The personnel in the loss were: Chas. Irby, a coat; Alex Norris, one pair of pants; Jim Meriwether, two pair of pants; Jefferson Thomas, one coat; Roy Griffith, one pair of pants. Up to date there has been no arrests, but his capture is expected at an early date.

Will Move in New Brick Soon.

The Lockney State Bank boys are walking around with haughty demeanor now contracted over the anticipation of their early move into the new brick, which is just receiving the finishing touches. They expect to move about the first of June, and in acquainting you with the fact that it is their future place of abode, will do so with the pride a Spanish Don will say "I am Castilian."

Miss Verna McNeil, former of this place, but lately of Co. Texas, came in Thursday last week on a visit to relatives and friends.

A PICNIC FOR THE FOURTH OF JULY

Our People Are Anxious to Know Whether or Not we Will Have Big Barbecue the Fourth.

The business men and citizens of Lockney are now considering the practicability of celebrating the Fourth of July with a picnic and barbecue of two days' duration.

We think the idea well worth our consideration and are heartily in favor of putting it into execution. For, in our opinion, there is no medium of advertising that will bring greater results for a town than this. And if we expect to have a picnic, we had better lose no time in putting our heads together for the formulation, execution and materialization of same.

Died.

Thelma, the little two year old daughter of Mr. and Mrs. H. N. Floyd, of New Mexico, died at Plainview Sunday, and brought Tuesday for burial. Services were conducted at the Methodist church Tuesday afternoon by Rev. Leon Henninger which her remains were interred in the Lockney cemetery.

second extends condolence to the bereaved parents.

POLICE OFFICERS GIVEN SENTENCE

One year in Penitentiary And Fine of Five Hundred Dollars Each.

New York, May 9.—Dennis Sweeney, John J. Murtha, James E. Hussey, and James G. Thompson, former police inspectors, convicted of conspiring to obstruct justice in connection with graft revelations were sentenced today to one year in the penitentiary and a fine of five hundred dollars each.

Live at Home.

The Farmers' Union is inaugurating a "Live at Home" campaign among the farmers of Texas. Mr. Peter Radford, President of the Union in discussing the subject said: "There is no reason why a farmer should buy a dollar's worth of meat during the year, but from such information as I am able to obtain, the farmers of Texas buy \$25,000,000 of pork and its products per annum, to say nothing of other kinds of meats and supplies purchased that should be raised on the farm. No farmer can afford to buy a thing he can raise, no matter how cheap it may be."

According to government estimates, the per capita consumption of pork and its products per annum is 100 pounds and the Federal Census Reports on hogs marketed and slaughtered in each state give a reliable basis for production by counties.

The report shows Floyd county produces 834,200 pounds of pork and consumes 463,800 pounds per annum.

The Farmers' Union is asking that the farmers reduce the cotton acreage and "plant" hogs, raise more corn, milo maize, build silos and feed and fatten livestock on the farm and live at home the whole year around.

Floyd is one of a few Texas counties that produces enough pork for home consumption.

Luther Fry came in Monday from New Mexico.

Texas Industrial Notes

Houston—The actual work of deepening and widening the turning basin in the Houston ship channel has started and nearly a half million cubic yards of earth are to be removed from the banks and bottom of the basin. Rapid progress is being made on the ship channel by the four dredges, a minimum depth of 25 feet being secured.

Cooper—A contract has been let for the erection of a modern brick hotel here to cost approximately \$15,000. The new bath house will be completed and opened in May.

Rook Island—The ladies of this place met with the Commercial Club on San Jacinto Day and organized a Civic Club. Immediate steps will be taken by the joint organizations to improve the streets and beautify the city.

Cleburne—The Santa Fe will spend \$175,000 on shop and yard improvements at this place.

Hamilton—The Hamilton County Wool Growers' Association will hold its annual meeting here on May 22. W. H. Beck, assistant secretary of the Fort Worth Chamber of Commerce will address the meeting on the subject of good roads.

Swan—Four carloads of strawberries, a collection of 400 cases each were shipped from this point in Smith county in one day. The berries averaged the growers \$2.50 per crate, or a total value of \$4,800 for the shipment.

Miss Myrtle Reeves of the Lone Star community is visiting her brother, Clyde Reeves, this week.

Z. T. Riley, wife and two boys took a country sojourn with Clyde Reeves Sunday, and while gone attended singing at Lone Star. They report a grand time, and want to go again.

MONTENEGRIANS GET VENGEANCE

Said to Have Kindled Fire Partly Destroying the old Fortress of Scutari.

Viena, Australia, May 9.—Disastrous fire which broke out in the former Turkish fortress of Scutari today was extinguished after a large area of the bazar section had been burned with heavy loss. It is reported that the fire was kindled by Montenegrins in revenge for being compelled to evacuate the fortress.

Poultry Notes

Don't go into the chicken business with the idea that it is an easy way to make money.

Don't fail to make a scrap book of "Poultry Notes." Those who have done this from the first have over 500 columns of dependable poultry information to refer to.

Goose eggs are often infertile for the following reasons: Mating too late, mating immature stock, close confinement and feeding an unnatural ration that causes overfat.

In feeding geese it should not be forgotten that they are vegetarians, can live and thrive on grass and easily get fat, and corn especially quickly makes them overfat, which causes infertile or weak goslings.

When a hen gets her crop obstructed by swallowing hay or straw the sure way to save her is by opening the crop and removing the matted mass and then neatly stitching the opening. Obstructions like straw are seldom removed by way of the mouth.

Cigarette Smoker Fires "Movie" Film.

Dallas, May 1.—Smoking a cigarette while winding a moving picture reel before an audience of negroes at the Baptist church at the corner of Greer and Ninth streets, Oak Cliff, Wednesday night the operator knocked a spark on the film. It exploded with a flash and the congregation stampeded, some leaped through the windows, unheeded of the glass and sashes.

The Tenth street station answered the alarm, but the fire on the film flickered out before the firemen arrived. The only damage, besides the value of the reel, was that suffered by the windows.

A New York Society Rumor.

If Broadway knows whereof it speaks, and that is where the rumor comes from, Fritizi Scheff of prima donna fame, and lately divorced from the novelist, John Fox Jr., is again to be married. This time the man is some one in her own profession, an actor, George Anderson, who has been playing the leading masculine roll with her this past season in "The Love Wager." Miss Scheff and Mr. Anderson have been friends for years, so they say. Texas playgoers will remember "Fritizi's" choice, as he was playing with her when she appeared at the Prince Theater at Houston this past season.

"I am all right now, thanks to Dr. Miles' Heart Remedy."

The same relief is ready for you. Are you sure you do not need it? If Dr. Miles' Heart Remedy helped Charles Holmes, why won't it help you?

"I was troubled with heart disease, and after reading about Dr. Miles' Heart Remedy, I got a bottle. Before I got the Heart Remedy, I had to sit up most of the night, and felt very bad at my stomach. Whatever I would eat made me feel worse, and my heart beat very fast. But thanks to Dr. Miles' Heart Remedy, I am all right now. I eat good, sleep good, and feel like a new man, although I am almost 68 years old. I have been a soldier in the late war of the rebellion, and was badly wounded." CHARLES HOLMES, Private Co. Pupils of Lockney

Wednesday night a crowd of pupils of the Lockney school, were in Floydada attending the annual play of the high school. The personnel of the crowd, with Prof. E. Nix, superintendent, as follows:

Wells Henry, Madison Ayres, Dave Britton, Tate Fry, Misses Vera Fry, Mabel Dagley, Ruby Thompson, Bessie Thompson, Dena Muncy, Flossie Muncy, Lucy McGhee, Nannie Mae Lewis, Ethel Hartmon, Bertha Hartmon, Velma Griffith, Mrs. Zeffie Bell.

Several auto parties were also down from Lockney.

The pupils of the Lockney school were especially profuse in complimenting the players.—Hesperian.

Williams-Smith.

Last Thursday afternoon at 3:15 Miss Edna Williams, daughter of Mr. and Mrs. S. E. Williams, of southwest Floydada, and Mr. A. T. Smith, of Petersburg, were united in marriage at the home of the bride's parents, the ceremony being conducted by Rev. Willie H. Stephens in the presence of a large number of relatives and friends.

Miss Edna is the youngest daughter and child of Mr. and Mrs. Williams, and has lived in Floyd county practically all her life, and at Floydada a number of years. She has a host of friends who can attest her charms and lovable character her parents being among the most highly respected of the old-timers of the county.

Mr. Smith is said to be a staunch business man of the Petersburg community, where he has resided a number of years.

The newly-weds will make Petersburg their home, having left Tuesday for that place.

We join in congratulations and wish them many happy years of wedded life.—Floyd County Hesperian.

Jack Johnson Again.

Chicago, Ill., May 5.—For the second time within two weeks Jack Johnson, the negro pugilist, appeared in the Federal Court here today to stand trial on a serious charge. From what can be seen of the political situation in Mexico, it looks like the government is a long way from peace. Huerta thought the United States would give him recognition and then he would enjoy a season of absolute power and retire, but since Uncle Sam is not willing to consider anything short of a popular election his lease of power is not just what he wants. By agreement, it is said, Felix Diaz, was to become president, but now that Huerta shows a desire to retain that office, there has come a break between the two. In the meantime De la Bara feels that the presidency should come to him. While these are squabbling the constitutional party are active and re-inforced by a popular sentiment of Gen. Huerta and his element murdered Madero, the rebels are gaining strength.

Yet another element is working in the country. That element is nothing short of bands of outlaws and robbers and the bandits are said to be growing bolder all the time.

To add to the embarrassment of the government, Mexican money has depreciated in commercial value and her securities are not wanted at any price. Certainly a war cannot go on long without some way to pay the expenses. — Snyder Signal.

Evelyn Thaw Laughs at Assertion Made by Her Insane Husband.

Southampton, Eng., May 9. — Evelyn Thaw, the wife of Harry K. Thaw, who gained such notoriety during the trial of her husband for the killing of Stamford White, arrived here today from America. She laughs at the recent statement made by Thaw that he is not the father of her child, and says that anybody looking at the child can recognize the parentage. She says she is going back on the stage, and has signed up a London engagement at five thousand dollars per week.

Resolutions of Respect.

"The Lord He is good; for His Mercy endureth forever." And, whereas, He has seen fit in His infinite wisdom and knowledge to remove from the walks of men and transplant to that Celestial Lodge above, our beloved companion, G. W. Farnsworth; and whereas, the Chapter has lost a worthy companion, the wife and children a loving husband and father;

Resolved; by this Lodge that we extend to them our sincere sympathy in this their great loss; and may they ever be ready when called hence, to meet him in that Great Lodge above where the Supreme Ruler presides.

Resolved; that a copy of these resolutions be furnished the Floyd County Hesperian and Lockney Beacon for publication; a copy furnished the family of our deceased companion, and a copy spread upon the minutes of the chapter.

Several cases against Eugene V. Debs, formerly socialist candidate for President of the United States, and J. I. Sheppard and Fred Warren, publisher of a Socialist newspaper at Girard, Kan., charging attempt to obstruct justice by misuse of the mails, were dismissed in the court at Fort Scott, Kan., May 7th, under instructions from the attorney general.

The Senate committee on Indian Affairs last week adopted a resolution providing for a general investigation of the Indian service at all Indian reservations. This resolution it is understood is the result of many complaints of graft and mismanagement at the reservations by which a number of commissioners and Indian agents have been profiting personally at the expense of the tribes whose interests they are supposed to subserve.

Terrific storms are raging along the Grecian coast and many ships, including one battleship, broke their anchor chains and were driven ashore. Numerous buildings have been destroyed by the wind in this city, and communication with other towns along the coast has been destroyed. It is feared that the loss of life as a result of the storm may be great. Sixteen vessels have been damaged by the storm at Piraeus.

Last week a lighted bomb was discovered in front of the Tottenham Jewelry establishment in London, Eng., but was extinguished before it exploded. "Votes for Women" was painted on the outside of the bomb and was but one more illustration of the determination of the English suffragettes to carry out their threats of violence. Trials of the suffragettes arrested in the recent raids on headquarters were resumed the 8th.

Federal warrants were issued Thursday, the 8th, charging eight prominent citizens of Tucson, Ariz., with conspiring to send an aeroplane to Mexico for the purpose of dropping bombs in Guaymas. A bill passed by the senate last week provides that all public officials in Oklahoma must take an oath upon assuming office that they will not gamble or be guilty of drunkenness while holding an official position. The bill provides that a violation of the oath shall make the resignation of the official imperative. It is understood that the house will pass the bill and that the governor will sign it.

China is preparing to follow Japan in protesting against the California antialien land bill. Ownership of land in California by Chinese has diminished within the last few years but many Chinese land owners still are there and it is with the purpose of protecting them against loss of their property that the Chinese government is contemplating a protest.

The people of the entire North American Continent have, for the past two months, been waging a warfare that would do credit to Napoleon at Waterloo with the germ-diffusing house fly. And now, they—the people—have awakened to the realization that they have antagonized a foe worthy of their steel. Flies of countless millions swarm hither and thither defying the ingenuity of man, while man, weary of the unequal contest, racks his brain for the solution of the problem that has baffled the minds of the learned since the primitive age bowed low in humbles submission to the greatest of all problems. Then came the silent sages of the medieval age to wrestle in unfeigned earnestness with the Herculean giant, only to take his place beside the defeated magician. And now the wisdom of this age is collected and linked in one grand chain; the chain is quivering like the strings on a violin from the awful strain, and still the problem is unsolved.

An Apology.

We, the Beacon force, implore the condolence of the readers this week, and request you to be as lenient as possible in your criticism as you peruse the lines of this issue, for the editor has taken his departure for the Sunny South, and left us alone with our sorrow—the Beacon. If, when reading this paper, you see a letter turned topsy-turvy, refrain from gluing your anxious gaze on the letter mentioned, and we would advise you not to hurry with dilated eyes, protruding tongue and unabated breath and paper in hand to present in wonder and amazement to other curiosity seekers the astounding and sensational news that—a letter was misplaced.

Wonderful!

The New 1913 Saginaw With the Patented Angle Steel Rib

Last season's Saginaw Silo was pronounced utterly perfect by dairymen and stockmen all over the country. For 1913 it was wholly unnecessary to attempt improvement. Yet, despite this, we came out with this 1913 Model. The big feature of the 1913 is the **ANGLE STEEL RIB**. This ingenious invention adds about 50% to the life of a Silo. And that's wonderful, when you consider the Saginaw is already known to be the strongest and most durable Silo ever built.

Doing the "Impossible"
The Angle Steel Rib has done what other Silo makers only a year ago considered impossible. It has given you Dairymen and Stockmen a Silo which the heaviest wind storms can't shake or tilt. All because the Angle Steel Rib absolutely prevents any up-and-down slipping of the staves. Moreover, this ingenious invention forever cuts the round possibility of your Silo sagging in when empty.

5 Big Features
The Saginaw is far the most popular Silo on the market. Five mammoth Silo factories have had to be built. Last season we received orders for 187 Silos in a single day.

Strong as a Skyscraper
The Saginaw Silo, with its steel frame stands as solid as a modern city skyscraper. It cannot blow down; it cannot twist; it cannot warp; it cannot collapse; it cannot shift on its foundation. Like a Giant Oak, it is rooted in the ground by the Saginaw Anchoring System.

Bright, Clean Silage
No rank, sour silage ever comes out of a Saginaw. It is sweet and pure clear to the edge, right next to the walls. Animals love the enticing flavor and there's wonderfully on the rich, succulent food. Don't get a Silo that spoils silage.

Get Latest Silo Book
Our latest Book on Silos is about ready for mailing. It not only fully describes the 1913 Saginaw, but also contains a wealth of information on Silo Building and Silage. Don't miss getting it. Write for it—our letter, come in and get your book and we'll talk it over.

Bad Spells

"I suffered, during girlhood, from womanly weakness," writes Mrs. Mollie Navy, of Walnut, N. C. "At last, I was almost bed-ridden, and had to give up. We had three doctors. All the time, I was getting worse. I had bad spells, that lasted from 7 to 28 days. In one week, after I gave Cardui a trial, I could eat, sleep, and joke, as well as anybody. In 8 weeks, I was well. I had been an invalid for 5 weary years! Cardui relieved me, when everything else failed."

TAKE CARDUI The Woman's Tonic

If you are weak and ailing, think what it would mean, to you, to recover as quickly as Mrs. Navy did. For more than 50 years, this purely vegetable, tonic remedy, for women, has been used by thousands of weak and ailing sufferers. They found it of real value in relieving their aches and pains. Why suffer longer? A remedy that has relieved and helped so many, is ready, at the nearest drug store, for use, at once, by you. Try it, today.

UNDERWOOD BILL PASSED BY HOUSE

Democrats Hoist Stuffed Donkey in Celebration of The Event.

Washington, May 8.—The Underwood tariff bill, proclaimed by the Democratic party as the answer to its platform pledge to revise the tariff downward, was passed by the House late today. The vote was 281 to 139, five Democrats voting against the bill and two Republicans voting for it. Four Progressives supported the bill and fourteen opposed it, while one independent progressive joined with the majority.

When Speaker Clark announced the vote in loud tones that revealed his satisfaction in the arrival of the day he long had sought, exuberant Democrats hoisted a stuffed Democratic donkey over the heads of their colleagues in the rear of the chamber, a faint ripple of applause followed and the gavel fell on the first chapter in the history of President Wilson's extra session of Congress.

Paint-Wise

Is to paint when your property needs it. Paint-foolish to wait for the price to go down.

But so many are foolish, they'll wait a good while.

The whole rise in the cost of a job is 10 per cent. The first year's drop won't be more than half that, more likely a quarter.

Waiting for 5 per cent, more likely 2 1-2.

The average job (with Devoe) is \$50; 5 per cent, \$2.50. Put it off for \$2.50? Guess not.

You think of that job as \$100. So it is with inferior paint.

Paint Devoe; do it now, if your property needs it.

Re-Elect Same Trustees.

At Saturday's trustee election only 26 votes were cast, as little interest had been manifest in any contest for the places, and a tacit understanding was had that probably the same officers, would be returned. This proved to be the case. W. M. Colville, E. C. Henry and W. I. Allen, were almost unanimously elected to succeed themselves.—Hesperian.

Athens—A new \$200,000 brick and tile plant is to be erected by the Athens Firebrick and Tile Company. An unlimited supply of material lies adjacent to this place as does the lignite that is mined for fuel.

Yoakum—Plans have been completed for the new five story hotel to be erected here and bids will be opened shortly for the construction of the building.

Port Arthur—The steamship "Wm. P. Palmer" cleared from this port with two full carloads of broom straw from Canadian, Texas, for Philadelphia. Besides this shipment the cargo consisted of three cars of timber, three of lumber, one of rice and several tons of press cloth.

Beaumont—Work has started on the last section of Beaumont's deep water-way and the work of straightening the channel is now nearly completed. A large dredging boat is now at work in the Neches River at Mansfield's Ferry and work of clearing the turning basin is also now in progress.

Anna—Farmers and business men in this vicinity recently organized a gin company with a capital stock of \$10,000. Committees are looking after the matter of a location and the purchasing of machinery.

Orange—The Orange Commercial Club has secured a gas engine factory for this city. The site for the plant will be secured in a few days and work will begin at once on the erection of suitable buildings for the enterprise.

Brownwood—The organization of a stock company to erect a \$20,000 hospital in this city has been perfected and \$15,000 already subscribed. The local physicians are pushing the movement.

Wichita Falls—The growing importance of this city as a manufacturing center and distributing point is most artistically set forth in an attractive booklet just issued by the Chamber of Commerce.

Palestine—The Young Men's Business League of this city has organized a stock company with all stock subscribed for the erection of a \$100,000 modern hotel. The building will be five stories and basement and modern in every respect.

Says Dodson's Liver Tonic is The Best Remedy for Constipation And Shirking Liver he Has Ever Sold.

Every person who has tried Dodson's Liver Tonic and knows how surely and gently it starts the liver to working and relieves biliousness will bear out the Red Cross Drug Store in this statement about Dodson's Liver Tonic.

"It is a purely vegetable liquid, that entirely takes the place of calomel, harmless and pleasant to the taste, that has proven itself the most satisfactory remedy for a slow working liver that most of our customers have ever tried. A large bottle sells for fifty cents and we do not hesitate to give the money back to any person who tries a bottle on the strength of this statement and is not satisfied with the result."

In these days of doubtful medicines and dangerous drugs, the statement like the above is a pleasant assurance that Dodson's Liver Tonic is a reliable remedy for both children and grown-ups. In buying a bottle for immediate or future use it is well to make sure you are getting the genuine Dodson's Liver Tonic and not some spurious imitation that has copied our claims, but do not stand back of their guarantee. You may be certain of getting the genuine if you go to the Red Cross Drug Store for it.

Panhandle Record Prices

More favorable conditions have come out of the Panhandle this winter than ever before, and of course they have sold at record prices.

Charles Heck of Tulia, had a shipment in Kansas City March 18, which included 18 yearling, 671 pounds each, at \$8.40, and 9 cows, 1013 pounds average at \$7.00 per hundred pounds. On March 27 M. L. Steel, of Groom, sold 100 head of 1,225 pound steers, in Kansas City at \$8.25 per hundred pounds.

Increase in cattle feeding in the Panhandle has been rapid since the introduction of the silo, which permits of storing crops and thus getting every ounce of benefit from them, nearly half of which feeding value was formerly dissipated to the winds.

Mr. Steele, whose shipment is referred to here, erected a 300-ton capacity silo last year, which he filled with kaffir corn. He fed the steers mentioned for 100 days, giving them forty pounds of silage and four pounds of cottonseed meal, and a little ground milo maize, each day. The steers gained 225 pounds each in the 100 days of feeding.

Speaking of the possibilities of the silo, Mr. Steel said, when in Kansas City: "So well did this experiment turn out that I will build more silos this season, and next fall will have 1,200 tons of feed on my ranch. This little experiment plainly shows how we can fatten and finish our cattle right at home, and do it at less expense than it can be done up here in the corn belt."

Ruling on Local Option Law.

Austin, May 5.—Attorney General Looney this afternoon in a ruling to the county authorities at Amarillo held that it would be a violation of the local option law where several persons, members of a club, throw in and make up a common fund with which they procure intoxicating liquors and afterwards dispense such liquors to its members. The attorney general says "that it would be the duty of any court trying the case to instruct the jury that if the defendant had adopted the plan adopted and pursued was in violation of local law, they should be held liable."

A Matter of Fact.

This story is authentically told of a tiny girl in an eastern city under ardent cultivation by the suffragists. Some of the local leaders were distributing handbills of rainbow tints and the child, playing with her doll on the pavement, shyly asked for some.

"Are you a suffragist, little sister?" amusingly asked one of the women, cheerfully supplying the small maid with the desired "literature."

"'Course! Ain't I a woman?" was the unexpected reply.

Suffragettes Damage Millions in Property

London, May 8.—Damage to property in the British Isles caused by militant suffragettes during the past three months amounts to more than \$5,000,000, according to an official estimate made today by authorities at police headquarters in Scotland Yard.

To this sum they say must be added the increased cost of protecting lives and property. Three detectives have been assigned to watch over each member of the Cabinet at all times, while all suspected persons are shadowed by plain clothes men and all public buildings have been placed under special guard. Figured at this rate, the suffragette activities are costing the country many millions a year.
