VOLUME 12

LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY, JUNE 20, 1913

NUMBER 42

## CHANGE IN PICNIC PLANS

**One Day Basket Picnic and One Day Barbecue. Big Attractions Both Days.**

There has been some changes in the celebration to be held here the fourth and fifth. The fourth of July will be an old-fashioned basket picnic, and the fifth a big barbecue. There will be a big list of attractions both days. A change was made necessary account of the high price of food, which has made it almost impossible to have a barbecue on both days.

The entire town and surrounding country is asked to cooperate. If every one will cook just a little, there will be an abundance of eatables. Everybody in Lockney is asked to do some cooking on Thursday before, and deliver a box at the picnic grounds to the table committee. This is a work not for a few, but everybody is urgently requested to do some cooking. We must feed the people, and if everybody here at home and in the country will do just a little, the multitudes that attend will be fed. Just bake a hen, fry a few chickens, bake a cake or two and make a few pies. It won't take much trouble to do this, and you will have a part in the celebration of the grand old Fourth.

On Saturday, the fifth, plenty of good barbecue will be prepared, and everybody will be feasted to their hearts content—absolutely free.

There will be something doing every minute of both days. On the fourth there will be public speaking, ball games, races, etc. On the fifth the biggest list of amusements ever undertaken will be pulled off.

There are arrangements being made for a match game of base ball between Gasoline and Tulia for a \$1,000 purse. This will be the biggest and liveliest game of base ball ever seen on the Plains, and hundreds of enthusiastic spectators will be in attendance from all parts of the Plains.

Let everybody get in the spirit and help make July 4th a memorable day in Lockney. Help us on the fourth with baskets so that all that come will be fed. Begin boosting the celebration and continue to boost and cook, until all get enthusiastic and filled.

## Sells His Ranch In The Brakes

T. E. Holder has sold his six section ranch in the Brakes to Mrs. Mary F. Merrell, who owns property adjoining. Mr. Holder retained his cattle. Terms private.

Mr. Holder will make his home temporarily in Lockney, but will move to New Mexico where he will go into the ranching business.

Bring your produce to us. We will pay you the highest market price for it.

Thompson & Reeves.

## Unveiling was Postponed.

About twenty Plainview Woodmen of the World accepted an invitation of the Lockney camp to attend the unveiling of a monument at that place Sunday, and went to Lockney in autos through the mud, only to learn that the ceremony had been postponed until another time. On their return to Plainview the visitors had very little fraternal feeling for the Lockney brethren.—Plainview News.

## Lockney Country in Promising Condition

J. O. Abney, a promising business man of Lockney, was in the city yesterday afternoon on business matters.

"Bountiful rains have fallen over the Lockney country and the greater portion of the South Plains within the past ten days," said Mr. Abney. "While a little late to help wheat, the precipitation will prove of great value to other grain crops. The country is in splendid condition and the general tone is one of optimism. The business outlook is promising, and we expect active times this fall."—Amarillo News.

## Skating Rink Going.

Last Friday night Jim Orr opened his skating rink in the Ford building on West Locus Street. While the rink is small, it is a good one, and Mr. Orr is conducting it on a high plane. The rink is liberally patronized and the boys and girls are having lots of fun.

## HORACE PETERS' HEARING SET

**Horace Peters Will Have a Hearing Before Judge Kinder June 26th.**

Fred C. Pearce, of Plainview, attorney for Horace Peters, has sued out a writ of habeas corpus before Judge Kinder, and same has been granted, and the date for the hearing set for Thursday, June 26th.

The hearing will be held at Floydada by Judge Kinder.

## Shot Himself.

"Grandpa" Landers shot himself yesterday about 5 o'clock with a .44 caliber Winchester rifle. He was sitting in his chair. The old man had lived ninety-four years; he was partially blind, but was otherwise hale, according to A. A. Hatchell.

"Grandpa" Landers was living with his son J. T. Landers in the south part of Hale county. He came here about ten years ago, a pioneer from Stephens county. Four sons and three daughters mourn their father's death.—Hale County Herald.

Rush in your fryers while prices are good.

J. A. Baker.

## COUNTRY GETS GENERAL RAINS

**The Entire Plains Country And Panhandle Visited by Copious Rains.**

Wednesday was the climax of the rain season on the Plains, when the country received general rains, and of the kind that will do most good. It began raining here early Wednesday morning and continued throughout the day at intervals until about middle of the afternoon, when a regular gully washer came. There was between an inch and a half and two inches of rain throughout the day and the night and day before, and still more in some sections.

Information from Plainview, Lubbock, Tulia, Amarillo and other points on the Plains is to the effect that the rain has been heavy and general.

These are by far the best rains that have visited the Plains country during the present season, and will be of inestimable value to the country.

For the past two weeks the rains have been local, and while some sections have had plenty of rain, other sections have been short on precipitation. The general rains will help the moisture and the crops will receive the full benefit of the season.

At Silvertown, and throughout Briscoe county, the rains have been general. This section has been dry, except in certain localities, and this rain is virtually a God's send to those people.

Uncle Johnnie Pickle returned last Friday from Tennessee where he visited his old home after the reunion at Chattanooga. Uncle John says the old country looks natural, but somewhat changed. The same old hills, the spring branch, and the groves and meadows are just the same. He says places back there that he thought was a plantation, seems only small patches compared with the broad prairies of the Plains country.

Another evidence of dogs' fidelity to man is seen in Lockney. The old dog of Jim Muncy has never left the place since the tragedy, and cannot be coaxed to leave his accustomed place on the porch.

## Masons Will Meet In New Hall

The Masons of Lockney will meet tomorrow night in their new hall for the first time since completion. The order has a handsome home in their new hall, for which they feel justly proud.

In addition to the Lodge room proper, ante rooms, etc., they have a large banquet hall in the west part of the building. The Hall is said to be the nicest of its kind on the Plains.

We are receiving daily shipments of vegetables, peaches and fruits.

Thompson & Reeves.

## Notice for Bids.

The school trustees of Common School District No. 1 of Floyd County, Texas, will receive bids for the construction of frame school building five miles southwest of Lockney not later than 12 o'clock, Saturday, June 28, 1913. Plans, specifications, and drawings can be seen at McAdams Lumber Co., Lockney, Texas. All bids are to be sealed and delivered to T. F. Beall, Lockney, Texas. The school board reserves the right to reject all bids.

## Good Rain in Pleasant Valley Neighborhood

T. W. Deen, who lives in the Pleasant Valley neighborhood, was in town Wednesday, and reported a fine rain in his section on Tuesday of this week. The rain was sufficient for the present for all purposes.

## Stop Trespassing.

Mr. R. L. Peters, who has the old Muncy Nursery leased, complains that small boys are trespassing on him, and taking fruit from the orchard. He kindly asks that they refrain from so doing, or else he will be compelled to resort to the law.

This is not right boys. Never take anything that is not yours. Go on home from a friend's house.

Mr. Wilkerson visited during his service, all most important parts of the world, and to hear him talk of his romance reminds one of a book of adventures.

## WILL TRY FOR BOND THURSDAY

**Mrs. Muncy Has Been Granted Habeas Corpus Hearing.**

Attorneys for the defendant, Messrs. Martin & Zimmerman, of Tulia, have sued out a writ of habeas corpus before Judge Kinder, which has been granted. The hearing has been set for Thursday, June 26th at Floydada. These proceedings are to determine bail, and will be heard before Judge Kinder.

M. L. Clark's wagon show was here last Saturday and held two performances, which was attended by large crowds. The show was splendid of its kind. The animal collection was real good, and was enjoyed by both young and old. The elephants was as large as are seldom seen in this country. "One, however, very absent minded went off and forgot his trunk—he will be back next Tuesday for it. (?)"

W. L. McFall, state bank inspector, was here Wednesday, looking into the affairs of the Lockney State Bank. He stated that he found the bank in better shape than at any time since its organization. This is a splendid compliment to the bank's cashier, J. C. Garrison, and his co-workers in this institution.

## C. C. WEST SHOT BY BEN CLARK

**C. C. West is Taken to Amarillo For Operation; Ben Clark is In Dickens Co. Jail.**

C. C. West was taken to Amarillo Monday by Dr. Lon Smith, of Floydada, for an operation made necessary by a shooting which occurred Sunday night. A ball from a .38 caliber pistol struck West just above the hip and lodged somewhere in the back. Ben Clark was arrested and placed in jail in Dickens. The shooting occurred near Wake, in Dickens County.

It seems, according to District Attorney Mayfield, that West objected to his daughter receiving the attention of Clark until he could make some investigations as to the young man's character. He went to investigate and Clark went on with the young lady.

Upon West's return he accused Clark of having a gun. The boy denied this and volunteered to let Mr. West search him. Mr. West started to search and was shot. He was unarmed.

## The Democracy of Death.

In the democracy of the dead, all men at least are equal. There is neither rank nor station nor prerogative in the republic of the grave. At this fatal threshold the philosopher ceases to be wise, and the song of the poet is silent. Dives relinquishes his millions, and Lazarus his rags. The poor man is as rich as the richest, and the rich man as poor as the pauper. The creditor loses his usury, and the debtor is acquitted of his obligation. There the proud man surrenders his dignities, the politician his honors, the worldling his pleasures, the invalid needs no doctor and the laborer rests from unrequited toil.

Here at last is nature's final decree in equity. The wrongs of time are redressed, injustice is expiated, the irony of fate is refuted, the equal distribution of wealth, honor, capacity, pleasure and opportunity which makes life so cruel and inexplicable ceases in the realm of death. The mightiest captain succumbs to that invincible adversary, who disarms alike the victor and the vanquished.—John J. Ingalls.

## B. Y. P. U. Programme.

Subject—Solomon.  
Leaber—Ernest Fry.  
Business meeting.  
Song.  
Example of Solomon's wisdom—W. F. Stark.  
Song.

“In The Good Old Way”

## LOCKNEY COUNTY PROSPEROUS

Increased Varied Crops—Abundant Rain—Irrigation Promote Wealth.

Lockney just reminds your correspondent of a story. Representative Mudd, of Maryland, once, while enroute between Baltimore and Washington, met an Irishman. “Sor,” asked the Irishman, “what moight your nome be?” “My name,” replied the distinguished Congressman, “is Mudd.” “Be gora,” exclaimed the son of the Emerald Isle, “and its glad I am to meet you, my name is Dennis.”

Lockney’s name is not Dennis, but it surely is mud, for the town and region have just received their usual soaking May-June rains and while the unregenerate Lockney visitor is tempted to swear at the mud he broadly joins the general local smile over coming bountiful harvests.

Last year thirty thousand acres were cultivated in the immediate Lockney vicinity—figures which this year are swelled to at least forty thousand acres with an increase of general cropage returns correspondent to the famed fertility of Lockney lands.

Year before last over 5,000 bales of cotton were shipped from Lockney. Last year 3,500 bales were shipped—the decrease being due to a comparatively reduced acreage. This year, with an acreage largely in excess of that of year before last and pres-

ent excellent growing conditions Lockney will probably lift her cotton marketing to 7,000 bales. This season’s increase in cotton acreage is owing to the fact that yet other Lockney farmers have been taught by their neighbors’ happy experience that cotton is cash and that cash in hand commands the glad hand from the world at large.

The Golden Calf has long been famous and away back yonder devils were cast out of swine, but valuable as are these two stock industries, there is more annual comparative ready money in Lockney cotton than any other one return of Lockney field, pasture or pen.

Lockney row crops chiefly milo maize and kaffir corn—indicate their usual heavy yields, while Indian corn, in occasional acreage is still vainly telling local farmers that it is, if properly handled, a great farming asset.

The Lockney region is long—if not deep—on pumps, with a variation of big pumps, nearly as big pumps, somewhat smaller pumps, little pumps, gasoline and oil engine pumps, windmill pumps, hand pumps and very large gentleman’s dancing pumps.

In big well pumpage irrigation a local plant has a discharge of from 800 to 1,000 gallons per minute and will add a reservoir capacity, sufficient to insure an irrigation of about 200 acres—175 acres of which will be milo maize and kaffir corn, four acres of oats under this plant indicate a yield of 70 bushels per acre and it is thought that oats here under well pumpage will return 125 bushels per acre.

The Meriwether Hardware & Furniture Company—Lockney windmill headquarters—count their Floyd county windmill sales by the hundreds and anticipate a heavier business this year than ever before. In addition to its supply of pure water for domestic and stock purposes the local windmill plant irrigates great many big gardens and small fruit tracts—small gasoline engines pumps being also used in this happy direction.

The Lockney vicinity is one of the mammoth well pumpage irrigation syndicate which has headquarters at Plainview, and is known as the Texas Land and Development Co.

Up to date the syndicate has arranged for the installation of about 25 big pumpage plants in an immediately surrounding Lockney radius, the concerned lands being of exceptionally shallow water depths.

The new and strong trend of Lockney farmers to home block meat cattle and hogs for export markets on milo maize and kaffir corn instead of shipping these grains themselves, is to be superbly reinforced by a general putting in of silos about a dozen of which have already been contracted for with a probable total erection this season of these great beef and pork producers.

Lockney is a noted poultry, egg and butter shipper—her last year’s concerned business being estimated at \$15,000—in which connection the recently established and rapidly growing Lockney Farmers’ Exchange shipped to Amarillo alone in the just past months April and May, over \$1,300 worth of poultry, eggs and butter.

While chickens are at present the most prominent poultry, turkeys are being heavy and tall scratching.

Butter is of the best and cream of the choicest.

For several years past Lockney has been an active and liberal investor in brick and mortar—the latter illustrations being the now practically completed new State Bank block—at a cost of \$18,000—and still constructing new First National Bank which will cost, with equipments—about \$15,000.

Ground is soon to be broken for a new \$5,000 brick business building.

Lockney has a population of 1000 especial civic, educational, moral and commercial equipment and is a favored Santa Fe railroad point—a fact amply evidenced by the presence of station agent C. C. Miller.

The town has an elevator and chop feed mill; two gins; sheet metal works; and the Beacon newspaper which ever glows with a steady flame interspersed with brilliant corruscations.—Amarillo Daily News.

Batter up! Play ball.

### Skilled Physicians

Prescribe Dry Zensal and Moist Zensal for Eczema because they get results quickly and surely. They know that a cure-all will not reach the different types of Eczemas, hence these two clean orderless ointments are used daily in their practice. Ask Lockney and Red Cross Drug Cos.

### Creighton-Byars.

A. E. Creighton, for the past two years on the Lockney Beacon force, was in Floydada Saturday and secured the license from the clerk’s office for his marriage to Miss Flora Byars of that city, the daughter of Mr. and Mrs. A. J. Byars.

On Sunday the marriage was consummated, Rev. H. G. Finley, pastor of the Baptist Church, officiating.

“In the good old days” Ed was a compositor on the Hesperian and is widely known in this city, and popular, too.

Miss Byars is one of the most popular of Lockney’s social and the couple begin their wed life with the best wish large circle of friends and mirrors.

They will be at home in Lockney.—Hesperian.

## County News Items

From Floyd County Hesperian.

J. R. Jones, of the Sandhill community, in company with his son, H. P. Jones, of Eldorado, Okla., who is out on a visit, was in Floydada last Monday. The elder Mr. Jones moved to this section in April and is farming the J. S. Pickel homestead which he purchased some five or six years ago.

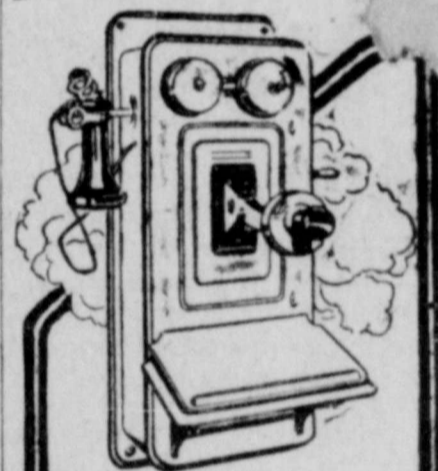

Transfers of school children from one district to another should be made before July first, the time prescribed by law as the latest date. Many parties intending to make transfer often forget to give this attention until too late, therefore, it is well that all be informed on the subject.

Thursday, Friday and Saturday of last week was teachers' examination day in Floyd county and Professors Nix, of Lockney, and Savage of this city, presided over 12 applicants for certificates during this time. Five applied for first grade state certificates, four for second grade state certificates and three for second grade county certificates.

We will trade for anything in the way of second-hand goods.

W. D. Mayben.

Bring me your sick watches. I'll cure 'em.—W. M. Martin, at the Lockney Drug Co.

## WANTED—A RIDER AGENT

IN EACH TOWN and district to ride and exhibit a sample Latest Model "Ranger" bicycle furnished by us. Our agents everywhere are making money fast. Write for full particulars and special offer at once.  
**NO MONEY REQUIRED** until you receive and approve of your bicycle. We ship to anyone anywhere in the U. S. without a cent deposit in advance, *postage freight*, and allow **TEN DAYS' FREE TRIAL** during which time you may ride the bicycle and put it to any test you wish. If you are then not perfectly satisfied or do not wish to keep the bicycle ship it back to us at our expense and you will not be out one cent.  
**DO NOT BUY** a bicycle or a pair of tires from anyone else until you receive our catalogues and learn our unheard of factory prices and remarkable special offers to rider agents.

**YOU WILL BE ASTONISHED** when you receive our beautiful catalogue and study our reports made at the lowest factory prices we can make you this year. We sell the highest grade bicycles for less money than any other factory. We are satisfied with \$10 profit above factory cost.

**DEALERS**, you can sell our bicycles under your own name, highest double our prices.

**TRADES**, we do not regularly handle second hand bicycles, but occasionally we take in trade by our Chicago retail stores. These we clear out promptly at prices that are a real bargain to the dealer.

**Hedgehorn Puncture-Proof Self-healing Tires** A SAMPLE PAIR \$4.80 TO INTRODUCE ONLY

The regular retail price of these tires is \$10.00 per pair, but we introduce you to a sample pair for \$4.80 each with order \$4.80.

**NO MORE TROUBLE FROM PUNCTURES** Nails, Tacks, or Glass will not let the air out. A hundred thousand miles will last you.

**DESCRIPTION:** Made in all sizes. It is riding, very durable and hard inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture-resisting qualities being given by several layers of thin, specially prepared fabric on the tread. The regular price of these tires is \$10.00 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day after it is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.56 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. You may also risk in sending in an order as the tires may be returned at **OUR** expense if for any reason they are not satisfactory on examination. We are perfect in reliability and money sent to us less return in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and long longer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a larger you will give us your order. We want you to send us a trial order at once. Name the size and make of tire.

**IF YOU NEED TIRES** Puncture-Proof tires on approval and trial at the special introductory price quoted above or write for our big tire and beauty catalogue which describes and quotes all makes and styles of tires at about half the retail price.

**DO NOT WAIT** but write us a postal today. **DO NOT THINK OF BUYING** a bicycle or a pair of tires from anyone else until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it now.

**J. L. MEAD CYCLE COMPANY, CHICAGO, ILL.**

## WINCHESTER RIFLE and PISTOL CARTRIDGES

On account of being manufacturers of firearms as well, the Winchester company are peculiarly able to know the best requirements for ammunition. This partially answers the question often asked: "Why do Winchester cartridges excel?" The rest of the answer is contained in their large, modern plant and their extensive knowledge of the firearms and ammunition business. Winchester Cartridges are made for all makes of rifles and pistols and always give entire satisfaction.

Ernest Waller was in Silverton last Sunday.

Jesse Crane of the Barkes country was in the city last Saturday.

B. B. Bunch and Chas. Davis was here from Plainview Monday.

Mr. and Mrs. S. A. Henry and Mr. and Mrs. Olin Fry went to Lubbock Sunday.

Joe McCollum visited 'friends' at Matador Sunday.

Mr. and Mrs. J. B. Downs visited at Floydada Saturday.

Mr. and Mrs. J. J. and J. L. Norris and Lee Underwood returned Tuesday from a trip to the North Plains.

Mrs. J. W. Penn of Silverton died Wednesday night after a lingering illness. She was an old resident of that section, was a splendid lady and highly respected, and her death has caused many expressions of regret.

Judge Works of Amarillo, who is private counsel in the Muncy case, was in the city this week.

Buena Russell, a prominent citizen of Bell county is here on a visit to J. H. McGehee and other old time Bell county friends.

D. J. Muncy came in Thursday from Amarillo.

Commissioners' Court sat two days this week. During this time approving the new bond of the Lockney State Bank as depository for the county and school funds. Tuesday the list of inventories for tax renditions were completed with few revisions and turned over to Tax assessor B. C. Willis who will now complete the rolls for the year.

Mrs. Geo. Byars of Arch, New Mexico, is here on a visit to Mr. and Mrs. A. J. Byars.

E. C. Loggins, traveling representative of the Dallas News, was in the city Tuesday.

# Announcement!

If your piano needs tuning, save it for Nunn & Vaughn. They will be back in Lockney to do your work in about thirty days. We want to thank those who had work done, and assure we are at all times ready to make good any promise. Our headquarters are at Amarillo with the Leyhe Piano Co. A postal will reach us there in care of the 60. If we please you, tell others; if we don't, tell us. We expect to make your town from time to time and take care of our customers' pianos in the right way—hold your work for us—Y. H. Nunn and J. V. Vaughn.

# J. V. Vaughn

With Leyhe Piano Company

Mrs. J. L. Norris visited Lubbock Sunday, returning Monday.

Miss Charlette Chambers is here installing a circulating library at the Lockney Drug Company. Her plans are as follows: Membership is \$1, which entitles you to read fifty books and at the end of the year you get one book free.

Misses Sophie, Ruth, Estelle and Mary Wiggins of Tyler, Texas, are here on a visit to their grand parents, Mr. and Mrs. R. L. Peters.

Lost—A ten dollar bill some where on my rounds. Will pay reward to finder.

Roy Baldwin, Rural Mail Carrier.

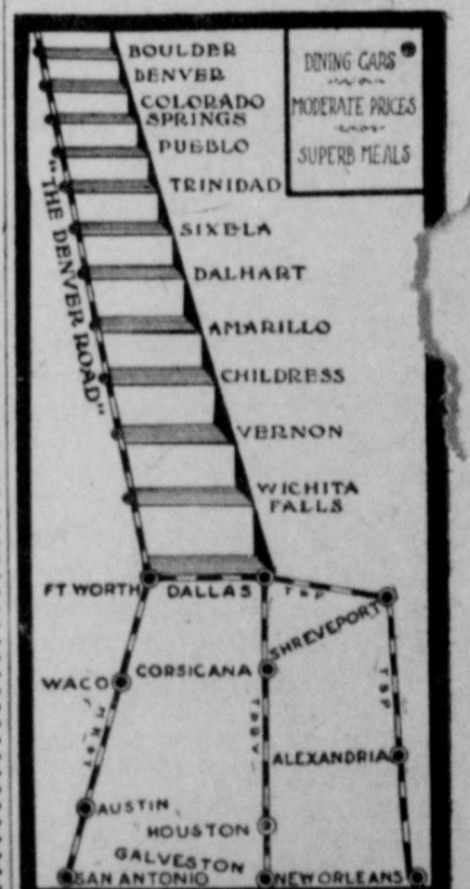

## Operated on For an Abcess Monday

Drs. Guyton and Longmire of Plainview went to the Sandhill community Monday, where they operated on Miss Edna Willman, daughter of Mr. and Mrs. T. W. Willman, for an abcess in her side. The patient is doing nicely, and will soon recover unless some unforeseen complications sets up.

## RELIEF FROM CONSTIPATION

The Remedy That Replaces Calomel Causes no Restriction of Habit or Diet.

It is a mistake to take calomel when your liver is lazy and needs toning up. Hundreds of people in this section have discovered that Dodson's Liver Tone is a thousand times better and safer and its action is just as sure. There are none of the bad after-effects of calomel to Dodson's Liver Tone and no danger of salivation.

For attacks of constipation or biliousness one or two spoonfuls of this mild, pleasant-tasting vegetable liquid are enough and the Red Cross Drug Store gives a personal guarantee that every bottle will do all that is claimed for it. Money back in any case where it fails.

Dodson's Liver Tone costs only 50c for a large bottle. Remember the name because there are any number of remedies sold in imitation of Dodson's claims. Some of them have names very similar to Dodson's Liver Tone—and are in same color package. These imitations are not guaranteed and may be very harmful. Go to the Red Cross Drug Store and you will surely get the genuine.

### Oklahoma Parties Plead Guilty.

The man Haywood, and wife, arrested in Floydada by the local sheriff's department last week were taken to Amarillo and turned over to the Quanah sheriff last Thursday night, by A. C. Goen.

The ring which had been taken by the woman was returned to the lawful owners and charges dismissed as against her, the man in the case assuming all responsibility and pleading guilty to a charge of adultery.

The Oklahoma City bank with which Haywood did business telephoned Sheriff Goen that his (Haywood's) check for any amount was good, it later developed that he had given a check on a different bank through error, in which he had no funds.—Hesperian.

Mr. W. L. Whitt returned Tuesday from Virginia where he went to attend the funeral of his father Mr. H. Whitt, at an advance age.

## Plainview Nursery

Has the best home-grown stock they have ever had, propagated from varieties that have been tested and do the best. Are hardy and absolutely free from disease. Monday afternoon an auto belonging to Rushing Land Co. caught fire in the street in front of Carter-Houston Co's. store and was nearly destroyed before the flames were extinguished.

Every day news brings the steel of the Q., A. & P. closer to the great Llano Estacado. Soon the Plains people and their cousins from New Mexico will be changing cars at Quanah.—Quanah Tribune Chief.

The syndicate has set out about 500 acres of land in various varieties of fruit trees this spring. It was the intention of the management to set out twice this acreage, but on account of the work getting started late it had to be abandoned, the trees set out in nursery rows until next winter, when the work will be resumed. A. M. Kruger, expert horticulturist, has charge of all the horticultural interests of the syndicate in the Plainview field.—Plainview News.

#### How They Marry.

The Bedouin marriage does not take much time. The bridegroom cuts the throat of a sheep and spills the blood on the sand of his father-in-law's threshold and the wedding is over.

In Japan, land of flowers, they hold funeral services at the home of the bride's parents the night she is married. This is to show that she is dead to her parents.

Among the Mezeyn Arabs the bride runs away and hides in the mountains. The bridegroom hunts until he finds her or dies in the attempt. If he is lucky he will lead her to her father's tent and proclaim they are married. The Swedish girl prays for a rainy day on which to get married. Then before she goes to the ceremony attired in her wedding clothes she milks the cow, feeds the calf and steals a breast feather from the hen. This is to bring her the necessities and luxuries of life.

In Borneo the bride and bridegroom sit on metal logs before the priest, and gives them cigars and betel while he blesses them. He waves above them two fowls bound together. The bridegroom then places the betel in his bride's mouth and a cigar between her lips. They are married.

Prompt and good watch repairing, by W. M. Martin at the Lockney Drug Co.

See our produce prices in our produce ad.

J. A. Baker.

### Spur Well at an Enormous Depth.

Wednesday of this week Driller Minnihan, of the Spur deep well, informed the Texas Spur that he had reached a depth of 4,489 feet and that the drilling with small exception continued in the hard flint rock encountered several months ago. Recently a thin strata of shale and dirt was passed through but the hard rock was again struck the first of the week, and the drilling is now being done in the granite-like formation.

The well is now near unto one mile in depth and considerably the deepest well in the state, and in all probability the deepest in the United States. The drilling will continue indefinitely unless a flow of artesian water, oil or gas is encountered.

This project is being financed by S. M. Swenson & Sons, of Wall Street, New York, and their success in the undertaking to secure a flow of artesian water for Spur will be of inestimable value to both the town and country.—Texas Spur.

Come to the picnic the 4th and 5th of July.

### WADE BROS. BARBER SHOP

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

# Wonderful!

## The New 1913 Saginaw With the Patented Angle Steel Rib

Last season's Saginaw Silo was pronounced utterly perfect by dairymen and stockmen all over the country. For 1913 it was wholly unnecessary to attempt improvement. Yet, despite this, we came out with this 1913 Model. The big feature of the 1913 is the **ANGLE STEEL RIB**. This ingenious invention adds about 50% to the life of a Silo. And that's wonderful, when you consider the Saginaw is already known to be the strongest and most durable Silo ever built.

#### Doing the "Impossible"

The Angle Steel Rib had done what other Silo makers only a year ago considered impossible. It has given you Dairymen and Stockmen a Silo which the heaviest wind storms can't even SHAKK or TILT. All because the Angle Steel Rib absolutely prevents any up-and-down slipping of the staves. Moreover, this marvelous invention forever ends the remote possibility of your Silo sagging in when empty.

This Angle Steel Rib is a Structural Steel Reinforcement, curved to the circle of the Silo. It is slidably removed in strong, available brackets which are securely attached to alternate staves. Each rib is free to move and adjust itself to any variation in the diameter of the Silo. Built on the same structural principle as the big "I" Beams used in eight steel frame buildings. One Rib reinforces the other. Think of what it means to have these trustworthy, unbreakable Angle Steel Ribs controlling your Silo! To fully appreciate the patented Angle Steel Rib, you must get our new free Silo Book, which pictures and explains all.

#### Other Noted Features

"The Saginaw was famous first as 'The Silo With the All-Steel Door Frame.'" Then followed the Saginaw Inner Anchoring Hoop. Next came the celebrated Saginaw Base Anchors. And now come the Angle Steel Rib—the most noteworthy feature of all.

#### 5 Big Factories

The Saginaw is far the most popular Silo on the market. Five mammoth Silo factories have had to be built. Last season we received orders for 187 Silos in a single day.

#### Strong as a Skyscraper

The Saginaw Silo, with its steel frame stands as solid as a modern city skyscraper. It cannot blow down, it cannot twist; it cannot warp; it cannot collapse; it cannot shift on its foundation. Like a Giant Oak, it is rooted to the ground by the Saginaw Anchoring System.

#### Bright, Clean Silage

No rank, soured silage ever comes out of a Saginaw. It is sweet and pure, clear to the edges, right next to the walls. Animals love the enticing flavor and thrive wonderfully on the rich, succulent food. Don't get a Silo that spoils silage.

#### Get Latest Silo Book

Our latest Book on Silos is about ready for mailing. It not only fully describes the 1913 Saginaw, but also contains a wealth of information on Silo Building and Silage. Don't miss getting it. Write for it—or better, come in and get your book and we'll talk it over.

## Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

## TAKE The CARDUI Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness.

If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists.

Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free. 1 00

# LOCKNEY PLAYS SWIFT BALL

Takes Saturday's Game From Petersburg Fifteen to Five.

Saturday afternoon, on the home diamond, Lockney crossed bats with Petersburg, and played the swiftest game of ball seen here in many a day, the score resulting in fifteen to five in favor of Lockney.

The game was full of ginger from the start. Chas. Mickey pitched the game and he made the Petersburgites "Hunt their holes." Chas. played a strong game and was caught by Joe McCollum, who played an errorless game. Joe let nothing get by him and shot the ball to bases with an accuracy of a leaguer.

CHAS. MICKEY.

Made 'Em All Hunt a Hole.

Jeane Dyer got everything on first, and when the ball was tossed to him the umpire would always yell "Out."

JEANE DYER

Nothing Got By Him.

Getting the ball to second was dead easy with Joe McCollum on the bag. It was like "Tossing peanuts to a monkey."

JOE MCCOLLUM.

Getting the ball to second seemed like tossing peanuts to a monkey.

Earl Cheshire done some fine work on third. He stopped everything that came his way.

EARL CHESHIRE.

Nipped Third Base.

Osburn McCollum had them roped and tied at short stop. He picked them so easy.

OSBURN MCCOLLUM.

Had Them Roped and Tied.

The fielding was fine and worthy of special mention. Embree Foster in left, Raeburn Thompson in center and Grady Brewster in right. Raeburn had a reach like an extension ladder and went up and got them.

RAEBURN THOMPSON.

Had a Reach Like an Extension Ladder.

Davis, the Petersburg pitcher, had plenty of steam, but needed an instrument to locate the plate. The boys batted him fast and furious.

DAVIS, The Petersburg Pitcher

Needed instruments to locate plate.

In the fifth enning Petersburg went to pieces and it took a fine tooth comb to find the pieces. Lockney scored faster than the score keeper could count them. And again in the 8th enning Petersburg let in several base runners.

PETERSBURG.

Went All to Pieces in the Fifth.

In the sixth enning a Petersburg batter got pinched on third trying to steal a base. McCollum shot the ball down from the plate with the speed of lightning.

A PETERSBURG RUNNER.

Pinched for Trying to Steal a Base.

In the seventh Lockney played "Ring around rosie" for eight runs. The local fans looked like they enjoyed the races immensely.

LOCKNEY BOYS.

Played Ring-a-Round-a-Rosie for Eight Runs.

Embree Foster batted the ball like swatting the fly.

EMBREE FOSTER.

Seemed to Be All Bats.

Norton Baker is the guy that prefers walking to first to running.

NORTON BAKER.

Went to First on Four Balls.

Grady Brewster was kept busy in the field catching flies. When the Petersburg players found the ball and sent it to the field, Grady Brewster caught 'em on the fly.

GRADY BREWSTER.

Caught 'Em on the Fly.

The line up for Lockney was as follows:

Chas. Mickey, pitcher.  
Joe McCollum, catcher.  
Eugene Dyer, 1st base.  
Norton Baker, 2nd base.  
Earl Cheshire, 3rd base.  
Oscie McCollum, short stop.  
Embree Foster, Left Field.  
Raeburn Thompson, C. F.  
Grady Brewster, R. F.

Petersburg lined up as follows:

R. Z. Davis, pitcher.  
Joe Brown, catcher.  
Tom Davis, 1st base.  
Charley Joy, 2nd base.  
Joe Joy, 3rd base.  
Harry Chatham, short stop.  
Jesse Hally, left field.  
Roy Bailey, center field.  
Jake Greer, right field.

Batteries for Lockney, Mickey and McCollum; Petersburg, Davis and Brown.

### Farmers' Exchange

Phone 30. Lockney, Texas

### SECOND SYNDICATE FOR PLAINVIEW

Rumored Another Syndicate Taking Option on Hale County Lands.

It is rumored and one of the agents has acknowledged to the News editor that it is so, that another big syndicate is taking options on Hale county lands, for the purpose of developing same, possibly along the lines of the Pearson syndicate, which last year bought 60,000 acres of land in the Plainview district and is spending \$2,000,000 in developing same and putting it under irrigation.

The plans of the new syndicate will likely be announced soon.—Plainview News.

### Hoyle Stabbed By Contractor

Leonard Hoyle will recover from knife stabs received Saturday night in his encounter with W. C. Reeves unless complications set up, Dr. J. V. Guyton said this afternoon.

It seems that the trouble occurred because Reeves was trying to keep everybody off the concrete sidewalk which he had laid on North Pacific Street and which was fenced off to prevent trespassing. Hoyle insisted on going on the walk, and fighting followed. Reeves' attorney says he was knocked down several times. His face is very much bruised. He cut Hoyle, according to Dr. Guyton, some ten times. Both lungs were punctured; his face was also badly cut. An ordinary pocket knife was the weapon used.

A. A. Hudgins was with Hoyle at the time. It seems that he came on toward Main Street, and Hoyle started toward home. Virgil McBiggers overtook him. Hoyle fell after going about a block. McBiggers secured a physician and the wounded man was taken to Guyton Sanitarium.

Reeves was placed in jail. He came from Amarillo recently, and is associated with James E. Penic in concrete construction work.

Madden, Trulove & Kimbrough and L. C. Penry have been retained by the defense. A. B. Martin, of Tulsa, will assist District Attorney Mayfield with the prosecution. Examining trial is set for 9 o'clock Wednesday morning.—Hale County Herald.

### MRS. MUNCY RECOVERING

Mrs. Muncy is Able to Sit up and Is Eating. Her Mother Visits Her.

Mrs. J. M. Muncy in Plainview jail, charged with having murdered her husband at Lockney May 24, is recovering from the highly nervous condition she was in when first brought to jail, and is now able to sit up in her cell. At first she refused to eat, but now she has a good appetite. Her mother, Mrs. John Baker of Floydada, visited her the first part of this week.—Plainview News.

Bring your baskets July 5th.

### Indications Points Towards Lockney

J. L. Norris purchased this week the Bumgardner place north of town from the Amarillo Bankers and Trust Co. Consideration \$30.00 per acre.

This transaction is a good indication that Jake's heart is again turned Lockneyward, and is fixing to transfer his holdings from Lubbock to the great Lockney country, where it rains all the time.

#### Notice for Bids.

The school trustees for Common School district No. 9, Floyd County, Texas, will receive bids for the construction of a brick school building at Sand Hill not later than 12 o'clock, Saturday, June 28, 1913. Plans, drawings, specifications can be seen at A. G. McAdams Lumber Company, Lockney, Texas. All bids are to be left with Claude V. Hall, Floydada, Texas. The school board reserves the right to reject any and all bids. 42-2t

Bring a basket well filled for the Fourth of July celebration.

#### Notice.

I will be in Lockney at the First National Bank Friday, Saturday, June 20th and 21st to make farm loans at 8 per cent net, or extend vendors lien notes. No insurance or any other graft. 41-tf

#### Will Put on "A Convict's Honor."

Med C. Ellis will arrive in Lockney Wednesday, June 25th, for the purpose of putting on "A Convict's Honor." Mr. Ellis put on several shows here last summer, and is an artist in his line.

The Fourth and Fifth of July will be days memorial for Lockney. Every attraction available will be secured by the promoters.

#### Base Ball Park.

Messrs. Shepard and Dyer will begin the erection Monday of a ball park. They will erect a nice grand stand of a seating capacity of 250. The park will be located east of the Elevator.

Be sure to be in Lockney the fourth and fifth of July.

### The very best investment any cow owner can make

That's what more than a million and a half of cow owners the world over have found the World's Standard De Laval Cream Separator to be.

A De Laval Separator costs from \$35 to \$160—according to capacity. It saves butter-fat and produces cream of a quality decidedly superior to any setting system or any other separator every time it is used—twice a day—730 times a year.

### DE LAVAL Cream Separators

involve far less labor than any setting system, and run easier, have greater capacity and last from two to ten times longer than other separators.

That's how a De Laval Separator saves at least its cost the first year, and frequently in a few months, and then goes right along saving money for you year after year.

We have an arrangement whereby you can make a partial payment at time of purchase, and pay the balance on such liberal terms that your machine will more than save its own cost while you are paying for it.

E. P. THOMPSON & SON  
LOCKNEY
