

The Lockney

VOLUME 13

LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY, OCT. 24, 1913

Santa Fe Educational Special Coming.

Lockney will be hostess city for the "Educational Special" train of the Santa Fe System, between the hours of 12 noon and 2 o'clock afternoon, Wednesday, November 19.

This train is designed to set a standard for demonstrations of an educational character in the future. It will carry features decidedly distinctive chief among these being dairy cows and dairy and dairy farm equipment, silos and better farming equipment, poultry and poultry equipment including houses and yards, domestic science and home welfare equipment.

The manner in which the subject matter will be handled will also be entitled to place with the distinctive features of the train. These addresses will be delivered by men who are especially well qualified to instruct the people in their several lines.

"Better Farming," is the theme chosen by H. M. Bainer, general agricultural demonstrator for the Santa Fe System. He will talk from the viewpoint of one who knows farming from closest contact. There will be none of the airy, visionary expaession that reads well, but whose application is most doubtful, where best results are the objective point. Intimate knowledge of the needs of this section having been gathered by Mr. Bainer, he will give his hearers in Lockney, all that is best out of the reaping of the past four years in the Great Plains Area of the Southwest.

L. L. Johnson, poultry expert and well known through this section as assistant agricultural demonstrator out of the Amarillo office, will give an address on "Our Farm Poultry." Mr. Johnson knows poultry like the race course man knows or should know horses. He specializes chickens, but also gives attention to other members of the great fowl family. Anything and everything that is best in the house of fowl, has the estimate of Mr. Johnson, who never fails to catalog the new seekers for admission. This talk will deal with marketing, feeding, breeding, culling and selecting, the handling of eggs and poultry for profit. The housing and treating against insects and diseases will also be given consideration.

Fourteen Cents Cotton On Lockney Market

Cotton sold on the streets of Lockney Wednesday for 14 cents per pound. This is the highest price ever paid for cotton in Floyd county, and perhaps on the Plains.

Lockney has led the Plains for years as a cotton market, and this year she is beating all past records. Her buyers are the best in the State, and know the business thoroughly—they are strong on prices and pay all it is worth and then some. Fourteen cent cotton sounds mighty good.

L. B. Davis of Briscoe was in the city yesterday.

Hurry Hurry Hurry

Owing to the fact our heavy business for the past two weeks has made heavy inroads on our surplus stock, you had better avail yourself of opportunity of making your purchases at once.

The Stock is yet complete.

Underwear

We are making somd remarkable prices on underwear of all descriptions—from the highest grade—wool two piece and union suits for men, women and children on down to garments at 25c each.

Men's Suits

If you will call and look through the stock, we can satisfy you both as to quality and price. Priced from \$35 suits cut to \$26.95 down to 3 piece suits at \$3.90.

Boy Gives Blood but Fails to Save Life of Brother

Sweetwater, Texas, October, 20.—Transfusion of Blood from an older brother failed to save the life of Sidney Winkler, 12,

son of Mr. H. Winkler, who was accidentally shot by Edward Woodmanse, a playmate, while the two were duck hunting on the Santa Fe lake near here Saturday afternoon.

PROVIDENCE GIRL LEADS THE CONTEST

Ella Ratjen Takes Lead After Weeks of Steady Increase

There has been some changes in this week's voting, giving some new positions and others heavy votes. Miss Ella Ratjen leads the contest by small margin, with Walter Campbell a close second, Josephine Nichols holds third place after having lead last week.

The vote this week has been heavy and among all leading contestants. There has been renewed interest in the contest, and the girls have been favored accordingly.

Walter Campbell is the only girl that has lead twice in succession. Who will lead next week's. Only nine more weeks of contest, and some one of the girls will get the handsome piano.

Dr. D. J. Thomas, who has just returned from Kansas City, took a short course in the clinics while gone, in the treatment of stomach, bowels and rectral troubles, and also equipped himself with optical goods and apparatuses.

Dr. H. E. Stolp of Flomot was in the city Wednesday.

Announcement Clerk Opens Campaign

In another colum will be found the announcement of R. C. Scott for district and county clerk of Floyd county, subject to the action of the democratic primaries in July, 1914.

Mr. Scott has been a citizen of the county 24 years, and is too well known to require an introduction at our hands. He is a splendid citizen and is qualified to discharge the duties as clerk with equal credit to himself and his constituents. At the proper time his candidacy should be given due consideration, and his qualifications and fitness for office weighed carefully.

Thus has the campaign in Floyd county for 1914 been opened, and while it is early, the "water is said to be fine." You boys that have heard the voice of the people, just hang your clothes on a willow limb, and—take a plunge.

To the People of Floyd County.

I will be a candidate for county clerk next year, subject to the democratic primaries.

In making this announcement, I shall not misrepresent the facts by stating that my friends from all over the county came to me in a body and insisted that I become a candidate, such is not the case. I am prompted solely by my own laudable ambition; and with the conviction that I can serve the people in the above mentioned capacity.

I have been a resident of Floyd county since the year of its organization. To the old settlers I need no introduction. To the more recent ones, I invite your careful investigation and consideration.

Yours to stay in until the votes are counted.

R. C. Scott.

R. C. Scott of Floydada was in the city last Saturday, mingling with friends. Mr. Scott is a candidate for clerk of Floyd county.

New Commercial Club Organizes

Thursday night of last week the young men met and organized what will hereafter be known as the Bachelor Boy's Commercial Club. Gritt Fry was elected President; Johnie Broyles, Vice-President; Embree Foster, recording Secretary and Chas. Mickey, Corresponding Secretary; Curtis Wilkerson, Treasurer.

The object of this new organization is to make Lockney a cleaner town, look after sanitary conditions and accomplish whatever can be done to promote the interest of the city.

The boys will have the encouragement of every one in their laudable undertaking. Lockney needs a wide awake organization of some kind, and if older men won't take up Commercial Club work, the young men will. We are for the boys, and may their work be crowded with abundant success.

...enters will

...Hrmon Benton, of the Federal Department of Agriculture, has been sent to Amarillo to take charge of the agricultural demonstration work of Potter, Randall, Carson and Oldham counties.

Benton will show the farmers and citizens every possibility of the Panhandle soil. More scientific and economical methods will be introduced among planters.

The Texas Industrial Congress in order to meet its friends at the State Fair at Dallas, has taken a booth in the Agricultural Building and invites them to call there and register. It has installed a model to show the effects of surface washes on hillside farms. Two hillsides are represented; one upon which a cover crop is growing, the other bare, with a lake at the foot of each. On the hillside with the cover crop, the run-off of water is small and the lake at the foot is clear; on the bare hillside the run-off is heavy and muddy, and the lake is also muddy, showing that in one case there is little or no loss of soil while in the other the farm is being stripped of its power to grow crops and the farmer of his chance to prosper. Thus the lesson is taught that sloping lands should not be left bare to the winter rains, but should be planted to barley, oats, wheat or other crops that will save the soil. The suggestion is also made that reservoirs can and should be constructed to impound the water for farm uses, for stock and for irrigation.

The federal game law protects ducks and other water fowls until November 1st, and the person that goes duck hunting before that date is violating a federal statute.

The first farming to be done in the Panhandle was at Goodnight thirty years ago. Cotton was the first experiment, wheat the second and afterward Kaffir and maize.

Fulton Brown of Canyon took a dose of strychnine last Wednesday and after suffering with convulsions for several hours was relieved by attending physicians.

Geo. Sulzer was impeached by the court of impeachment which heard the evidence in the case. While this may be a just sentence, we looked on the whole matter as politics, and Sulzer was no more guilty than his predecessors.

O. M. Unger of Plainview has been appointed Secretary of the Commercial Club of that City at a salary of \$3,000 per year. This seem a big salary to pay, but will prove a big investment for that town. A live Commercial Club and a live Secretary can do wonders when it comes to town building. Plainview has a live Commercial organization, and Mr. Unger will prove a live wire when it comes to handling the affairs of his organization.

Tuesday afternoon of last week, the home of L. E. Williams in the Harmony community was destroyed by fire, with nearly all the contents and household furnishings. Only a few quilts, a beadstead and a trunk or two were saved.

Wonderful!

The New 1913 Saginaw With the Patented Angle Steel Rib

Last season's Saginaw Silo was pronounced utterly perfect by dairymen and stockmen all over the country. For 1913 it was wholly unnecessary to attempt improvement. Yet, despite this, we came out with this 1913 Model. The big feature of the 1913 is the **ANGLE STEEL RIB**. This ingenious invention adds about 50% to the life of a Silo. And that's wonderful, when you consider the Saginaw is already known to be the strongest and most durable Silo ever built.

Doing the "Impossible"

The Angle Steel Rib has done what other Silo makers only a year ago considered impossible. It has given you DRYNESS and SHOCKERS a Silo which the heaviest wind storm can't even SHAKE or TILT. All because the Angle Steel Rib absolutely prevents any up-and-down slipping of the staves. Moreover, this marvelous invention forever cuts the remote possibility of your Silo emptying when empty.

5 Big Factories

The Saginaw is far the most popular Silo on the market. Five mammoth Silo factories have had to be built. Last season we received orders for 157 Silos in a single day.

Strong as a Skyscraper

The Saginaw Silo, with its steel frame stands as solid as a modern city skyscraper. It cannot blow down; it cannot twist; it cannot warp; it cannot collapse; it cannot shift on its foundation. Like a Giant Oak, it is rooted to the ground by the Saginaw Anchoring System.

Bright, Clean Silage

No rank, sour silage ever comes out of a Saginaw. It is sweet and pure clear to the edges, right next to the walls. Animals love the enticing flavor and thrive wonderfully on the rich, succulent food. Don't get a Silo that spoils silage.

Get Latest Silo Book

Our latest Book on Silos is about ready for mailing. It not only fully describes the 1913 Saginaw, but also contains a wealth of information on Silo building and silage. Don't miss getting it. Write for it—or better, come to see and get your Book and we'll talk it over.

Other Noted Features

The Saginaw was famous first as "The Silo With the All-Steel Door Frame." Then followed the Saginaw Insect-Resisting Hump. Next came the celebrated Saginaw Base Anchor. And now comes the Angle Steel Rib—the most astounding feature of all.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you.

You can't make a mistake in taking

GARDUI
The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

Has Helped Thousands.

Jim Love came over from Turkey Thursday night. He and his wife have put in the summer in Europe seeing the sights and enjoying life. August was spent up near the snow line in the Alps. Several months were spent on the continent and all of the leading points of interest visited. He reports the trip as being most enjoyable. He will spend the fall in this county and Mrs. Love will come up from Marlin in a few weeks and join him.—Memphis Herald.

Mr. J. W. Yandell and Miss Jewell Martin, living southwest of Lockney, were married Sunday, Oct. 12th, by County Judge A. B. Duncan.

LOCKNEY HIGH SCHOOL AFFILIATED

Prof. Nix Receives Certificate of Affiliation With State University.

The Lockney High School has been designated a school of the first-class, Prof. Nix having received a certificate of affiliation with State University.

Graduates of Lockney Public School can enter the State University, and receive credit for the work done at home. Prof. Nix has worked hard to bring about this affiliation, and the pupils and patrons are indeed grateful to him for thus building up the Public school and affiliating it with our state university.

The school is now entering a new epoch of usefulness, thru the liberality of the patrons and the faithful work of teachers.

Notice.

The public school is one of the greatest factors in our country, when reinforced by good, wholesome, reliable newspaper, it gives the American child a practical education. Without the aid of newspapers the public school can not give a boy or girl that degree of general intelligence that you wish your children to have. You can get The Lockney Beacon and The Dallas Semi-Weekly Farm News for one year, three papers a week, for \$1.80.

Have you tried that chilli at the Home Bakery. Phone 94.

SOME "FLY" INFORMATION.

Where is the fly born? In manure and filth.

Where does the fly live? In all kinds of filth and he carries filth on his feet and wings.

Where does the fly go when he leaves the manure pile and the spittoon? He goes into the kitchen, the dining room and the store.

What does he do there? He walks on the bread, fruit and vegetables; he wipes his feet on the butter and he bathes in the milk.

Does the fly visit patients sick with consumption, typhoid fever and cholera infantum? He does, and he may call on you next, carrying the infection of these diseases.

What diseases does the fly carry? Typhoid fever, consumption, diarrheal diseases, diphtheria, scarlet fever, and, in fact, any communicable disease.

AN INSTANCE.

"How can you cite a case where two opposites agree?"

"Take the case where a girl gives a positive answer in a decided negative."

THE EXTENT.

"Have they done much in the way of arctic transportation?"

"I believe they are still trying it on the dog."

NOT ALL.

"Have they expensive suites at the hotel where you stopped?"

"No, they had some 30-cent candy in the lobby."

NOT ENTIRELY COMMITTED.

"Did she say she would be yours forever and a day?"

"No. I think she reserved that one extra day for bridge."

WHERE WIND REALLY

According to Veracious Kansan Would Be Hard to Beat the Brand in the Sunflower State.

The western "cyclone" has many strange antics to its credit, but, if we may believe Mr. Peters' story in the Kansas City Star, the high winds of the open prairie are even more to be dreaded than the whirling force of the tornado.

"There are some things that an old resident learns out there from observation and experience. One is that when you are facing a hard wind, you must keep your mouth shut. One day I was traveling with a tenderfoot from the east. He was a long, slender man, about six feet and three inches long, and about six inches wide. He had no more meat on his bones than a fork handle. As I was saying, one day we started to ride across the prairie, when the wind came up in our faces, blowing at the rate of one hundred miles an hour or so.

"That tenderfoot opened his mouth to say something to me. I heard him make a curious noise and looked around to see what was the matter, and saw that he had inadvertently swallowed about six or seven barrels of wind. He looked like an inflated air cushion, and seemed to be about four times his natural size. It seemed to set him sort of crazy, and he jumped out of the buggy. When he lit on the ground, he bounded into the air like a rubber ball, and then went bounding across the prairie like a tumbleweed before the wind. At the end of three miles he fell into a canyon, where the wind couldn't get at him and stopped, but it was a week before he was back to his normal size."

STIRRED UP BY CHIVALRY

French Criminal Lawyer Sets Forth Defense He Has in Mind for Lady Macbeth.

Henri Robert, a leading French criminal barrister, held enthralled a distinguished gathering at the Universite des Annales a few days ago as he showed how he would have defended Lady Macbeth.

In this impassioned defense of the tragic queen, Mr. Robert said she was not the shrew she was sometimes painted. Her husband, whom she loved dearly, was always absent on warlike expeditions. When he returned for a brief spell he spent his days hunting and his nights in the great hall of the castle in drunken revelry until he and his friends fell asleep in their armor. Was it not natural that she yearned for something, she knew not what, that would put an end to her life of loneliness, monotony and weariness?

"Another point," said Mr. Robert, "which I would argue in defense of my client—a point on which Shakespeare is silent—is the long and deadly feud between Lady Macbeth and the family of the old King Duncan. Her first husband, her father-in-law, her brother and her grandfather had all been killed by Duncan's grandfather, and she only saved her own life by fleeing to Ross, where she met General Macbeth, whom she afterward married. A vendetta existed between her family and that of Duncan. That is the defense I put forward for Lady Macbeth."

FEW CAN.

Willis—Wonderful memory Rump has.

Gillis—Indeed?

Willis—Yes. You could go to him right now and he could tell you just where he put his lawn mower, flannel trousers and screen doors.—Puck.

COMES HOME TO HIM MORE.

Heck—Do you believe in home rule for Ireland?

Peck—I'm more interested in home rule for husbands.

THEY DON'T SPEAK NOW.

J. B. DOWNS,

The land man requests when you are in town to come to see him in the First National Bank building. I have the best trading list in West Texas. No deal too large

or me to handle. None too small to merit my best attention. Submit a proposition that will bear inspection. I have land in any county of the state to exchange for Plains land. The real estate business should be better now than it has ever been before. There many dissatisfied land owners on account of the drought which has covered the largest portion of the United States, which will tend to make many changes. As I am carrying on extensive advertising of Floyd county lands, I will ask all that have land listed with me to come in and we will go over and

perfect same, so there will be no mistake when the buyers come. If you have a house to rent, or want to rent one, come in and see me. I render and pay taxes on non-resident land. I have several good bricks, clear of debt, to trade for Plains land. Thanking you one and all for past favors, I am yours for business,

J. B. DOWNS

County Clerk:
R. C. SCOTT.

Mrs. J. C. Guest left Tuesday for Fort Worth to visit her mother, Mrs. W. C. Nichols.

E. C. Hewitt was here from his Curlew community Tuesday of this week.

Notice—Houses and land for rent. See R. C. Bennett, Lockney, Texas. 7-1f

W. K. Early was in town last Saturday from his Curlew ranch.

Artie Baker and Madison Ayres left yesterday for the Dallas Fair.

Rev. H. G. Finley went down to Floyd Tuesday to attend a Board meeting of his church.

Let us figure with you on that fall bill of groceries. We can save you money.

J. A. Baker.

L. Buchanan of Archer county is here, arranging to move his family to his place purchased last August from W. O. Stark east of town.

The Lockney country was again visited by copious rains the later part of last week, and while it was a temporary setback to crop gathering, it added additional season and was fine on winter grain. The Plains are in better shape now than it has been for a number of years. The crops are turning out better than was thought early in the season, and the late frost has made additional feed and fine range. Stock of all kind will be in fine shape to winter.

Let us figure with you on that fall bill of groceries. We can save you money.

J. A. Baker.

Southside Singing Convention at Baker.

The Southside Singing Convention met at Baker last Sunday with five classes represented.—Fairview, Center, Muncy, Campbell and Floydada Methodist Choir. Of these five, three sang for the banner.—Floyd M. E. Choir, Muncy and Campbell—Floydada being judged the winners.

The people of Baker entertained the large crowds royally. Fairview will entertain the next convention, which is to be held the first Sunday in May.—Hesperian.

Just received a new line of Men's Hats, Caps and Gloves. Let us show you.

J. A. Baker.

For Sale.

My residence property for sale on convenient terms. 4-4t

W. L. Vaughan.

GROCERIES

Knifed to the Quick

THE MCKINZIE BATTLE

One of His Troopers Tells of the Killing of Horses

The "McKinzie Battle Ground" on Tule canyon, thirty-five miles northeast of Plainview, is quite a famous and beautiful resort for picnic ground for automobile parties from Plainview. There are many different stories of the Makinzie "battle" but the following written by J. A. Magruder, who was a soldier for eighteen years in the regular army in the Indian days, and eighteen years in the Texas penitentiaries since then, now being free, at the age of 64 years, is most likely the true version of the affair:

"My troop was then ordered to the Sabinal Canyon, where we patrolled all over the country for eight months when we were ordered back to Fort Clark to fit out for another campaign over the Staked Plains. We started in August, 1874, and, after scouting over that country for over a month, we struck a bunch of Cheyennes above where Good-night's ranch now is. After about an hours fight we captured nine squaws and about 2500 ponies, made a forced march back to where the supply train was, corralled the wagons, fastened ropes between them and drove these ponies into the corral and had breakfast. Then we picked out 200 of the best ponies to remount the men whose horses had played out and took

We will handle a complete line of the adopted school books and school supplies this year. All books will be sold for cash. Lockney Drug Co.

the rest out and shot them, about 2,300 of them. This happened at a place we called Tulu Canyon. We just kept on after the Indians until they all went into their reservation, though it was not accomplished until the last of December, 1874. Then they rounded up all their ponies and sold them, except two ponies for each family.

"Since that time the war department has had very little trouble with the Comanches, Kiowas, Kickapoos and Spanan Indians, so I did regular routine duty with small scouting parties until June 1876. When Custer and his command were massacred, General McKinzie was ordered to take six troops to that country and my troop was one of the six selected."

Lost—A black fur coat, with yellow silk lining, between B. J. Smith's and Luther Woffard's Monroe Smith. 7-2t.

Students can enter at any time. Now is the time to have your tailored suits made, or make your own suits in the school. See

MRS. D. J. THOMAS

Public School Notes.

The old year is dying. In the grave with it will be buried many opportunities and glorious possibilities. How many of you will lie with it in the tomb. We have our lives to live. We may fill them with dull common place monotony; so that no one will miss us when we are gone. We may fill our lives and the lives of others with sin and sorrow, and the very air we have poisoned will give a sigh among the leaves when we are gone. We may fill our lives and the lives of others with good deeds and helpfulness, make our own happy and others glad; we may rise upward and do much good in the world and leave a castle of good work behind when we are gone. Why not resolve to make the most of life?

Doubtless each of you has a high ideal that will never be reached, but let us remember that every defeat is not a failure and every victory is not worthy of triumph. Set your aims high in life and if you, like Moses, die in sight of your Canaan, you will have the sweet assurance of being worthy of honor and as you join that innumerable throng in the silent Halls of Death, you can say like one of old, "I have fought a good fight," and your life shall be a demonstration of the fact that, "Honor lies in the struggle" not the prize."

"To seek is better than to gain.

The fond hope dies as we attain. Life's fairest things are those which seem,

The best is that of which we dream,

So failure wins; the consequence.

Of loss becomes its recompense, And ever-more the end shall tell.

The unreached ideal guided well. Miss Wadie Bragg.

The Youth's Companion in 1914.

Seven college presidents and a number of college instructors, including ex-president Taft, will contribute to The Youth's Companion during 1914. Then there is Gene Stratton Porter, whose stories of Indiana woods and swamps have made her famous, and Kate Douglas Wiggin, who never wrote a dull line in her life, and Mrs. Burton Harrison, who remembers when conversation was really an art as practiced in Washington and in the manor houses of Virginia. And this is just a beginning of the list.

If you know the Companion, you have a pretty clear idea of what is in store for next year's readers. If you do not know, ask us to send you sample copies—for instance, those containing the opening chapters of Arthur Stanwood Pier's fine serial—"His Father's Son." Full announcement for 1914 will be sent with the sample copies.

For the year's subscription of \$2.00 there is included The Companion Practical Home Calendar for 1914, and all the issues of the paper for the remaining weeks of 1913, dating from the time the subscription is received.

The Youth's Companion,
144 Berkeley St., Boston,
Mass.

C. T. Word, cattleman, of Cany City took two firsts and one second prize at the Kansas City Fat Stock Show last week.

First National Moves.

Last Thursday night the First National moved into their new building, and they now have the most commodious quarters of any bank in the Panhandle. The building is nice, the fixtures are swell and the officials accommodating. Lockney is proud of both the State and National Banks, they both having gone to large expense in building for the future and not for the present. Their building and fixtures would do credit to a town of 10,000 inhabitants.

Paint Better

Better isn't enough; paint best.

A man bought "cheap" paint; saved 20c or 40 or 50c a gallon, didn't he?

Yes, and bought 40 or 50 or 60 or 80 percent more gallons; how much did he make on his paint?

And he paid for painting those gallons—a fair day's work is a gallon—how much did he make on the labor part of his job?

He lost a quarter or a third of his money.

How long will it last? not his money, the paint?

Perhaps half as long as Devoe. How long will his money last, if he buys other stuff as he bought that paint?

Better buy the best paint, it makes the least bill the least-often.

J. H. Gruver sells it.

Come to Lockney to live.

Judge Prescott for Congress.

In a circular letter sent to the press, Judge W. E. Prescott, of Paducah, candidate for Congress from this district, makes the following statement relative to his candidacy:

At the proper time I shall make an active campaign for the nomination, and shall make known to the public the platform upon which I expect to make the race. This is not the time nor place to make an extended statement of the issues upon which I base my claim for the office to which I aspire. I will stand for clean politics, honest effort and efficient service. I will stand for the policies advocated by the progressive democracy of the country, and champion the issues represented by a "New Freedom." I have been in harmony with the progressive element of my party at all times, for it has stood for the masses and not the classes; it has stood for opportunity and not privilege. It is not charity that the masses are needing and demanding, but a square deal in governmental affairs, and a fair chance in their struggle for a share of the things they produce. This is all they ask or expect.

J. R. Brown of the McCoy neighborhood received a broken leg near the thigh one day last week, while leading a horse to a hack.

The Beacon for the news.

Marriage License.

Last week County Clerk W. B. Clark issued marriage license to the following parties:

Mr. J. D. Carr, son of Rev. W. H. Carr, of the Allmon community, and Miss Delia G. Hargis, daughter of J. W. Hargis, of the Sandhill community.

Visitors to Floyd Fair.

U. S. Crum, of Lockney, was at Floyd during the first day of the fair and brought with him one of the largest beets ever on exhibition in the city. This one weighed thirteen and a half pounds and looked more like a tree than a beet.—Hesperian.

Roy Bruner and family, Lee Montague and family, T. B. Triplett and wife, and J. C. Garrison and family and Miss Zora Triplett, were among the Floyd county visitors to the Panhandle State Fair at Amarillo the latter part of last week.

C. R. McCollum and wife and Dr. W. H. Freeman and wife, were visitors in Floyd from Lockney during the fair. Messrs. Freeman and McCollum and Mrs. W. H. Beldon were pressed into services as judges in the fancy work and culinary departments. They judged with discrimination among the hundred entries and gave entire satisfaction.—Hesperian.

Winter is here in full blast. Let me put those winter togs in wearing shape.

Johnnie Sams,
The Tailor.

WASHINGTON TO RECOGNIZE REBELS?

Indicated Such a Course is Possible In Dealing With Mexican Question.

Washington, Oct. 16.—President Wilson indicated today to those who discussed the Mexican situation with him that he was irrevocably determined to deal no longer with the Huerta regime, but that further steps toward bringing peace to Mexico were being considered. No move is expected, however, until after Oct. 26, the date set for the Mexican elections.

Just what the Washington Government will do is yet a matter of speculation among the high officials, but the trend of events, they say, is unmistakably toward conducting negotiations in some form or other with the Constitutionalists.

Foot Ball Game.

Clarendon College Foot Ball team will meet the Wayland College team at Plainview Monday, October 27th. Every body that cares to see a fast foot ball game can't afford to miss this one. Come and see who makes the stand for championship.

W. T. McCasland is manager of the Wayland team, and he assures us that this game will be worth while.

\$350 Piano Given Away \$350

F R E E

Big Voting Contest to start with Lockney Beacon Sept. 1st, 1913
The Contest will start Sept. 1st and close Dec. 24th. A handsome \$350 Leyhe Piano will be given to the Lady, Girl, Church or Lodge in Floyd, Briscoe, Motley and Hale counties that receives the greatest number of votes.

The Plan

With every \$1.00 paid to the Beacon on subscription, either new, renewals or old subscribers, we will give 500 votes. In addition to votes given on subscription, there will appear in every issue of the Beacon, from Sept. 1st to close of contest, a free coupon, which will count ten votes when clipped out and mailed to this office. There will be established at the Beacon office a ballot box, which will be locked and key turned over to the Lockney State Bank, and will not be opened until the day of closing of contest. When contest is closed the ballot box will be turned over to three judges, to be selected, and votes counted and piano awarded. Will keep a register of votes as polled, and a list of contestants and their standing will be published weekly.

Call and see the instrument at J. R. Fox Confectionery. There is no red tape to the contest. Any lady or girl can contest for the piano. No votes can be obtained in other way save the plan above---votes in paper and subscription. Fill out the nominating blank and send to the Beacon office.

Lockney, Texas, _____ 1913

**Important Ruling
On Judges Power**

Austin, Texas, Oct. 17.—The Court of Criminal Appeals today rendered its opinion on the question as to whether District Judges shall grant bail to persons charged with the offense of murder under the new law of the last Legislature which abolishes the degree of murder. The ruling is, District Judges may grant bail under the new law, as it is held that it is not all murders that are capital offense. While the legislature abolished the distinction between the two degrees of murder," says Justice Davidson who wrote the opinion, it was not the purpose of the act, as evidenced by its terms, to make all cases non-bailable." The court further points out that the circumstances attending each killing must be the guiding rule as to whether the offense is capital or not.

A Few "?"

There are a few papers over this congressional district that are carrying on a constant agitation over the possibility of eliminating Hon. Jno. H. Stephens at the next congressional election. Now, they have a perfect right to do this from a legal standpoint, but in some instances these editorial criticisms are prompted with a "get-even" spirit on account of some political disappointment. If these pen-pushers think they have a man who can defeat Mr. Stephens, let them trot him out and give the people a chance to say what they think of Mr. Stephens and his work in Congress. In the first place, we do not believe there is a man in the district who will offer against the Vernon Congressman; and then we venture further and say, that if there should be, our prediction is he will not get more than 3 per cent of the votes cast.—Vernon Record.

"A few!" Ye Gods and little gishes. The Vernon Record man certainly has just "a few" of the papers of the Jumbo District coming to his exchange. The Post has some 50 to 75 exchanges each week, and, to tell the candid truth, there are only three of these papers we have noted as favorable toward Mr. Stephens. These three represent about 4 per cent of the papers published in this district. It may be, however, that the other 96 per cent represent only 3 per cent of the vote of the district; but a person would imagine that they represent the masses, if they were talk to the voters throughout the different counties. People are tired of the present incumbent, and we are certainly going to make a change.

Talk about 'trotting a man out' who can beat Mr. Stephens—sounds about like asking one to call out great mastiff or ferocious bull-dog to shoo an old scratching hen out of the garden or flower bed. The illustration is not at all overdrawn, either. The fact is, there are a number of men in the Jumbo district who can enter the ring with Hon. John H. Stephens. If the people want to see the Hon. John H. cleaned up in good and proper style, just let them keep other candidates out of the ring and leave the battle between Hon. W. E. Prescott of Cottle county and the Hon. John H. Stephens, and they will see our "every two

MILLION BARRELS OF FOREIGN FLOUR IS SOLD IN TEXAS ANNUALLY.

Texas Millers Heavy Purchasers of Oklahoma and Kansas Wheat.

Industry Susceptible to Marvellous Development.

The flour mills of Texas constitute one of the most important industries in the State. According to the Federal census report of 1910, we have 238 mills, employing 1,899 people and representing an investment of \$13,219,000. The industry has shown an increase of 118 mills and an increase of investment during the past decade of \$9,236,000 and now ranks third among our industries as to capital and second in value of its output.

We have a flour milling capacity of 7,800,000 barrels annually. The average consumption per capita is about one barrel per annum or approximately 4,000,000 barrels, leaving 3,800,000 barrels to seek an export market. A few mills not able to enter the export trade have been compelled to shut down for want of a market, although a million barrels of foreign flour are sold in Texas each year. The patronage of home industry would open these mills and give employment to 500 people and increase the demand for wheat raised by the Texas farmers.

The miller is perhaps the only manufacturer in Texas that has outgrown the raw material produced on our farms. We produced last year 11,025,000 bushels of wheat which is 25,000,000 below the annual capacity of the mills. The Texas millers are heavy purchasers of Oklahoma and Kansas wheat. A number of the Texas mills have built up an extensive export trade with Central America, Cuba, Porto Rico, and quite a few of them go to England and the Continent with a considerable bulk of their output.

The opening of the Panama canal will enlarge the marketing zone of the Texas output and call for an increase in the area of our wheat fields, but both the farmer and the miller need the friendship of the consumer in building up our flour industry.

**DANGEROUS CALOMEL
GOING OUT OF USE.**

A Safer More Reliable Remedy Has Taken Its Place in the Drug Store and in the Home.

A few years ago, men, women and children took calomel for a sluggish liver and for constipation. They took risk when they did so, for calomel is a dangerous drug. Your family doctor will be the first to tell you this if he discovers you dosing yourself with calomel.

But the drug trade has found a safer, more pleasant remedy than calomel in Dodson's Liver Tone.

Red Cross Drug Co. tells us that their drug store sells Dodson's Liver Tone in practically every case of biliousness and liver trouble where calomel used to be taken.

Dodson's Liver Tone is a vegetable liver tonic that is absolutely harmless for children and grown people. It sells for 50cts. a bottle and is guaranteed to be entirely satisfactory by Red Cross Drug Co. who will refund your money with a smile if it does not give quick, gentle relief without any of calomel's unpleasant after-effects.

Antis Again Victors.

Dalhart, Texas, Oct. 18.—Dalhart precinct today voted 161 for and 214 against prohibition. Ware and Colen will reduce the anti majority in the two commissioners' precincts in which the election was held to approximately thirty-five. These three boxes one month ago in an election including the entire county of Dalham gave an anti majority of eighteen.

We have blanks for interest remittances. Bring your old interest receipts to us and we will send off your interest free of charge.
Lockney State Bank.

Editor Frank E. White of the Crosbyton Review, announces that he will not make the race for representative from this district, on account of poor health. This leaves only one newspaper man in the race, that of H. B. Murray of the Post City Post.

A 100 Per Cent Treatment

In this age of scientific advancements the general public is beginning to realize that there should be changes, advancements and improvements in the methods of treating diseases. The public no longer asks a doctor what school or college he is a graduate of, but they ask him and his patients to show what diseases he has cured.

The sick and the afflicted are beginning to demand that a cure be found for every disease, and even every case. It is reported in the Scriptures that Christ "Healed them all." So it seems that all the science of medicine, surgery and the less comprehensive methods of physicians of the Twentieth Century have not yet learned as much as was known by the man who lived in Galilee 2,000 years ago, and did not claim to know anything, except the relation of man to man, and of man to his creator.

The Weltmer School and Sanitarium of Nevada, Missouri was founded by Prof. Sidney A. Weltmer, and altho Prof. Weltmer and his faculty of healers, who have been associated with him in his work for 15 years, do not lay any claim to divine powers, yet they have developed from the teachings of Jesus Christ regarding the healing of the sick a very thorough, systematic and scientific method of mental treatment which in sixteen years has accomplished the healing of thousand who have been unable to find relief else where.

The Weltmer Sanitarium is well equipped. They have evolved a plan of treatment based on Prof. Weltmer's ideas in which all methods of treatment are combined, and which have proved to be often helpful and never harmful, and the patient gets the benefits of Massage, manipulation, electric treatment and all manner of baths and exercises which have been worked out and found to be beneficial.

We give below the statement of a woman in our own country who was cured of nervous and vital depletion caused by valvular heart trouble and has enjoyed perfect health for five years and who has received many incidental benefits from the services of the Weltmer Institute.

"On January 24th, 1908, I went to Prof. S. A. Weltmer's Institute at Nevada, Mo., not knowing but a very little about his method of healing, but had been under the care of the best doctor in Okla. for 12 months, but he did not seem to do me any good. So my husband decided to send me to the Weltmer Institute for treatment. I went and took treatment just four weeks and came home feeling very much better. My husband was so well pleased with the treatments that he sent me back again on May the 20th and I took four weeks of treatment and came home well and strong. I now do all my housework for a family of six- and you may know what a farmer's wife has to do, but I never enjoyed better health in my life, in fact perfect health.

MRS. NORA O'BRIANT
Plainview, Texas.

For further particulars regarding treatment or Sanitarium accommodations, write WELTMER INSTITUTE, Dept. S. A. W. NEVADA, MO., U. S. A.

I am practicing medicine for my health. Food and raiment are necessary to good health. I will gladly serve you if you will pay me so I can pay those I owe. See me at once.

Lee Clark, of the Inter-State Bank of Kansas City, was here Monday, looking after his land interest. He owns the Daff Griffith section one mile south of town.

College Notes.

At the present time the attention of the world is attracted to unfortunate Mexico. The peace policy of the present administration was welcomed by all. All have hoped for a peaceable adjustment of the affairs in this unhappy country. What is the greatest barrier to peace and prosperity in Mexico? I am sure that all will agree with me that it is ignorance and religious bigotry. Is has ever been the history of the world that those countries in which the masses were kept in ignorance and dominated by a few have suffered the most by external strife. What will make such countries permanently better. Nothing can do them lasting good but to educate them. We mean by an education that which constitutes a true education which includes many things of which the most important is a knowledge of the Word of God. This will divorce them from the domination of the priest craft which is the greatest obstacle to progress there.

In our own great country how little we appreciate the importance of teaching the Bible. When the Pilgrim fathers landed on Plymouth rock it was to plant the tree of liberty here. Driven from their homes by persecution they braved the terrors and hardships of a new country to be free to obey God. Others flocked to the new world. The feeble and isolated colonies grew into a confederation of powerful states and at last the world beheld with wonder and prosperity of a state without a king and a church without a pope. While all these glorious events were happening, a great deal more importance was attached to the study of the Word of God than is generally at the present time.

We should ever remember that the "most High rulest in the kingdoms of men and giveth it to whomsoever he pleaseth." It is our duty as Christians to zealously serve God and try to extend his kingdom by teaching the word.

T. W. Croom

Married at Tulia.

At the home of Mr. and Mrs. Henry Schaefer Wednesday evening, October 15, a pretty and impressive parlor wedding ocured when Miss Olga Maria Schaefer of Tulia, and Mr. Tom Shafer, of Plainview were united in marriage.

Mr. Shafer has numerous friends in Lockney who offer their hearty congratulations. Tom was for a number of years editor of the Hale County Herald, and is one of the best known newspaper men on the Plains. The Beacon extends congratulations and best wishes for a happy and prosperous married life.

J. N. Morrison of the Plainview Creamery and J. R. Donnell, President of the Donnell Creamery Co., were here last week, soliciting cream shipments for the Plainview Creamery, Mr. Donnell having made arrangements to operate the Plainview plant as a branch of the Donnell Creamery. This step was taken by this company because they knew a great deal of cream was being shipped out of the Plains country to other States that might just as well be made into butter nearer home. Texas needs all this butter. The Donnell Creamery Co., have been buying about 500 pounds of butter per week from Mr. Morrison; besides buying a great deal from other Creameries to help supply their extensive trade throughout Texas and in other states.

CALUMET BAKING POWDER

The cook is happy, the other members of the family are happy—appetites sharpen, things brighten up generally. And Calumet Baking Powder is responsible for it all. For Calumet never fails. Its wonderful leavening qualities insure perfectly shortened, faultlessly raised bakings.

Cannot be compared with other baking powders, which promise without performing. Even a beginner in cooking gets delightful results with this never-failing Calumet Baking Powder. Your grocer knows. Ask him.

RECEIVED HIGHEST AWARDS
World's Pure Food Exposition, Chicago, Ill.
Paris Exposition, France, March, 1912.

You don't save money when you buy cheap or big-size baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to your milk and soda.
