

# Lockney Beacon

Volume 17

Lockney, Floyd County, Texas, Friday, September 13, 1918

Number 52

## BEGAN MAILING OUT QUESTIONNAIRES

The Local Board has begun mailing out questionnaires to all between the ages of 19 and 36 who registered in last registration. Ten per cent of the number between these ages will be mailed each day. The registrant has seven days to fill out his questionnaire, and return them to the Board.

The Advisory Board to assist the registrants in making out their questionnaires, located at Lockney are Judge Stalbird, S. A. Henry, Ben F. Smith, A. B. Brown, France Baker, Judge J. T. Hallbrook, Carl McAdams, S. W. Perry and Judge E. P. Thompson. They are all empowered to take acknowledgements, etc.

The Beacon is requested to inform registrants to bring their witnesses with them when they come in to make out their questionnaires. A man applying for deferred classification on account of dependents must furnish the affidavit of his wife, and every child over 16 years of age. A man asking deferred classification on agricultural grounds must furnish the affidavit of the landlord or his agent and one near neighbor. If he owns the land he furnishes affidavit of a near neighbor in addition to that made by himself. If the land is owned by partners, the said partner or partners must make the affidavit also.

The Advisory Board members are required under the law to render their services gratis, and they do not have the time to go to the country or out in town to hunt up your proof and take your supporting affidavits. It is up to each registrant to furnish this proof and bring it with him.

It is very important that you attend to your questionnaire promptly as a matter of convenience to the Draft Board and also to your own interest in the matter of proper classification.

## YORK-McMAHAN MEETING AT LORENZO, TEXAS

Thinking the many friends of the Evangelistic party York-McMahan and wife, would be glad to know of their successful meeting at Lorenzo, we take this method through the columns of the Lockney Beacon to tell them about it.

They spent three full weeks and four Sundays without missing a service. Rev. York did some remarkably good and sound preaching. It was of the old fashion type and was fruitful. He denounced sin in such a way as to make every sinner ashamed that he was so and caused many to repent and be saved. Some seventy were converted and reclaimed. More than thirty will be added to the Methodist church, while others will join other churches.

The music was splendid. Bro. McMahan has a fine voice and uses it. He also gets good results from choir and congregational singing. He is more than that. He is a preacher himself. After the song service and the sermon he goes out as one of the best personal workers I ever saw. Mrs. McMahan has an unusually good voice. She sang many solos which were called for again and again. She and Mr. Mc. sang together at different times. The music was all good and these young people led a great host of friends and admirers. Mrs. McMahan did some earnest work with the special children's services which we believe will result in much good.

Personally we enjoyed having them all. It was the pleasure of the town and all enjoyed their earnest, honest and good work. It was our pleasure to have the entire party in our home the greater part of the three weeks and we surely enjoyed their stay. We wish for them all the greatest of success in the coming meetings and throughout the future.

B. W. WILKINS, Pastor.

## CHRISTIAN CHURCH HAS A NEW PREACHER

The Christian Church has secured the services of Brother C. J. Robinson, of Fort Worth, who preached his first sermon for the church last Sunday at 11. He comes highly recommended, and has been successful in the work for years. He has been stationed at Fort Worth for a number of years as county and city evangelist.

He will preach regularly at the Coleridge Chapel each Sunday at 11 and at night.

The public generally is invited to come out and hear him.

## WILSON'S TERMS ONLY PEACE BASIS, LANSING SAYS

Washington, Sept. 16.—President Wilson tonight flatly rejected the Austro-Hungarian Government's proposal for a peace parley.

His reply is perhaps without a precedent in history. It was made public within half an hour after the Swedish Minister delivered the official text of the note to the State Department. The President's answer was issued in the form of a statement from Secretary of State Lansing and reads as follows:

"I am authorized by the President to state the following will be the reply of this Government to the Austro-Hungarian note proposing an official conference of belligerents:

"The Government of the United States feels that there is only one reply which it can make to the suggestion of the Imperial Austro-Hungarian Government. It has repeatedly and with entire candor stated the terms upon which the United States will consider peace and can and will entertain no proposal for conference upon a matter concerning which it has made its position and purpose so plain.

The President, it is assumed, again spoke for the Allied world and in so doing wrote "finis" to the Austrian move. His answer, couched in the plainest language, consisted of exactly sixty-eight words as compared with the several thousand words that made up the long and ambiguous statement from Austria.

Tuesday's message, save for diplomatic embellishments, will be given over to the Swedish Minister in exactly the same terms as it appears tonight, for transmission to Austria.

Chronologically the answer constitutes the fastest chapter in this country's war history and here is a reason for this. It is that the United States in common with its allies, saw through the hypocrisy of the Austrian note and the thin veneer that hid German's hand in the proposal, and there fore wished to dispose of it as rapidly.

## DR. BARTON LECTURED AT BAPTIST CHURCH FRIDAY NIGHT

Dr. Barton, Superintendent of Texas Anti-Saloon League, was here last Friday and delivered a lecture at the Baptist church at night, in the interest of the League's work and that of prohibition.

The Beacon acknowledges a pleasant visit from Dr. Barton Saturday morning. We found him to be a most pleasant and affable gentleman, thoroughly posted upon his mission. Dr. Barton is well and favorably known in Texas by reason of his splendid work.

In conversation with the writer he stated that he was preparing to leave Texas, and take up his residence at Alexander, La., where he had accepted the pastorate of the Baptist church at that place. He will not be actively engaged in the Anti-Saloon work in the future, but will retain his connection with some of the various committees and boards. He expects to push the League's interest in Louisiana in addition to his pastorate work.

## LIGHT RAINS FALL IN LOCKNEY SUNDAY AND MONDAY

Last Sunday night and again Monday light rains fell in Floyd county. Precipitation was around one-half inch. It turned real cool, and was cloudy for several days.

While rains at this time would not benefit feed crops as a general rule, a good season would prepare the soil for wheat planting. If seasons come in time a large acreage of wheat will be sown. Good winter wheat pastures would be a fine thing for this country.

## SERIES OF MEETING AT ROSELAND SCHOOL HOUSE

Elder J. E. Black is conducting a series of meetings at Roseland school house, and preaching at nights. Quite a number have been attending these services from town. Much interest is manifested in his sermons, which are both instructive and pleasing. Large congregations are present at each service.

## LAMB COUNTY TO BUILD ROAD

Roy Irick, contractor, of this city has secured the contract from the commissioner's court of Lamb county to build five miles of first-class road across the sand north of Sudan to connect with that village. The cost of the five miles will be about \$3,500, and will be of great convenience to the people, so we learn.—Plainview News.

## GET READY FOR THE FOURTH LIBERTY LOAN

Just one week from tomorrow when the Fourth Liberty Loan Drive will commence in Floyd county. We are not informed as to our quota at this time, but will say that it is our information that it will not fall under \$100,000. Judge W. B. Clark returned last Sunday from Amarillo where he met in conference with Mr. Hoopes of the Federal Bank of Dallas. County judges of the Panhandle were present on this occasion, and the matter of reduction of quotas for the Panhandle was gone into. No definite decision was reached. The quotas will be published in the near future.

Judge Clark will have the management of the drive in Floyd county, and he stated to the writer that the same Committees appointed and served throughout the last campaign would serve during the present drive. The county will be apportioned by school districts, and chairmen serving during the 2d Liberty Loan Drive will serve during the Fourth. Each school district will have a chairman, and a committee to assist him. Judge E. P. Thompson will head the committee for the Lockney Independent district.

A. B. Brown has been appointed chairman for the north half of Floyd county.

Chairmen are urged to hold themselves in readiness to take in the work promptly. Each individual head of a family in the county should make his or her arrangements to subscribe for these bonds in proportion to their ability to do so. No one will be excused, and a man must buy according to his ability.

## MOTHER OF OFFICER SLAIN IN BATTLE RECEIVES LETTER

A letter from Capt. C. Walter Yull, Third Machine Gun Battalion, in which Aubrey Cooper, killed on the fields of battle, was a lieutenant, has been received by his mother, Mrs. J. T. Cooper of Hale Center, Texas.

Cooper, before being commissioned as the first officers training school at Leon Springs was connected with the First National Bank of Fort Worth. He was a graduate of Texas Christian University, where he was prominent in athletics.

"I regret very much to tell you of the death of your son, James Aubrey Cooper," states the letter. "He was killed upon the field of honor while going forward in the attack on July 19, 1918. No soldier could meet death in a better way than that of leading his men forward for the cause that we are all fighting for you. The country and our company have lost our best."

"Since your son has been in my company, he has won the respect of every man and officer. His men would follow him anywhere as was shown in our attack. At all times he was fearless and in handling the platoon nothing was left undone no matter whether he had been told to do it or not. "War already has torn many a jagged hole in our midst and this was our worst hit. In the memory of our dead comrades we can fight harder. "The war has become near and dear to us because of the losses it has caused. To you, his father and brothers, the company and myself wish to extend our deepest sympathy and regret."—Fort Worth Star Telegram.

## STERLING M. PEEK KILLED IN FRANCE

Last week, Claude C. Peek, received word of the death of his brother, Sterling M. Peek, in France. The date of his death was given by the Government as July 25th. Mr. Peek was a member of an Ambulance corps and it was while on duty in that department that he paid the supreme sacrifice, of giving his life for the defense of his country.

Mr. Peek was born December 18, 1893. He worked in Lubbock for a number of months and was an employee of the Avalanche for a time. He went from Lubbock to Austin and entered the State University, and it was while attending the University that he enlisted in the government's service. His date of enlistment being some time in July 1917, and in April he was transferred to France and had been serving in the Ambulance corps since that time.—Lubbock Avalanche.

Elder Frank Copeland will preach at Bobbitt school house next Sunday at 11, September 22nd. Everybody invited to attend the services.

## FIVE THOUSANDS OF CLOTHING NEEDED

Back of the German wall that has hemmed in Belgium and a part of Northern France, ten million human beings look to us for clothing as well as food. We, who are well clothed, can hardly appreciate in what dire need these people are for lack of necessities. Stocks of clothing and raw material are long since exhausted, and there are no imports other than those the Commission for Relief in Belgium has been permitted to make, and these never have been sufficient. The world is now short of both clothing and raw material, so the Commission can no longer purchase what is needed. But you can give it.

### The Kind of Garments Needed

Every kind of garment, for all ages and both sexes, is urgently needed. In addition, piece goods—light, warm cotton flannel and other kinds of cloth from which to make garments for new born babies, ticking, sheeting, and blankets, woolen goods of any kind, and shoes of every size are asked for. Scrap leather is needed for repairing footwear.

Since the clothes will be subject to the hardest kind of wear, only garments made of strong and durable material should be sent. It is useless to offer to any afflicted population garments of flimsy material or weakly coloring. Garments need not be in perfect condition. Destitute women in the occupied regions are eager to earn a small livelihood by repairing gift clothing and making new garments adapted to needs with which they are familiar.

All kinds of woolen goods are needed; soft hats and caps for all ages and sweaters of any kind and size. Men's shirts and pajamas are particularly welcome, since the material can be utilized for making children's garments.

### Five Hundred Tons is Our Division Quota

Do not send garments of flimsy material or gaudy coloring, ball dresses, high heeled slippers, etc.

Stiff hats, either men's or women's, straw, dress or derby.

Anything containing rubber, raincoats, rubber boots, etc.

Note: Rubber heels can easily be removed from shoes.

Books, toys, soap, toilet articles.

Notes or communications of any sort or description must positively not be sent.

A committee of Red Cross women will call on Lockney people, also committees in each Auxiliary will solicit your contributions. Take stock of clothing you can dispose of, and have them ready. The campaign starts Monday, September 23rd, and runs one week. Let every family contribute something in the way of clothing.

## SILVERTON NEWS ITEMS (From The Star)

The Baptist church building which has been under course of re-construction for some time, is nearing completion, and they expect to be able to use it by next Sunday week. It has been considerable enlarged and will be much more substantial and convenient than before.

Matt Skeen of Los Angeles, Cal, a brother of Ples Skeen one of our prosperous stock-farmers, was here the first of the week visiting. He was on his way to East Texas to look after his interests there. He also stopped at Plainview and visited his niece, Miss Vera Skeen, who is teaching in the school there. Mr. Skeen has traveled extensively in war devastated Europe, in South America and other countries. He made a very interesting address to the school Tuesday morning.

A complaint was filed a few days ago against Bland Burson and Emmett Puckett for stealing six sheep, and Emmett has been placed under arrest and Bland, who was at Canyon, probably has been arrested by now, as a warrant was issued for him. It seems that the boys needed some money and carried six of R. M. Hill's sheep to Quitaque and sold them. They afterwards went and got the sheep and returned them to Mr. Hill's place, we understand. Emmett is a volunteer in the Calvary and has been expecting to be called at any time. Bland is eligible to the Military training offered to registrants of 18 years of age. Emmett made bond.

## "OVER THE TOP" TOMORROW AND SUNDAY AFTERNOON

"Over the Top," by Sergeant Guy Empey will be shown at the Olympic Theatre tomorrow afternoon in one continuous show from 1 to 12, and again Sunday afternoon from 2 to 5 p. m. This is a war picture, and has the endorsement of the government. The picture will be educational, and give you some idea of the immensity of the war and the struggle that is going on in France.

Mr. Wilkinson, manager of the Olympic, announces that he has arranged for other patriotic pictures in the near future. The "Flaming Front in Italy" will be shown here October 1st. This is an International picture and is guaranteed to truly represent what is taking place over there. Every scene was made in Italy on the front. These patriotic pictures have greatly aided the American people in many ways, and has been a means to assist the government in its preparedness. The Committee on Public Information places its stamp of approval on each one of these pictures, where they have merit behind them. This Committee is a government organization and has control of all matter given to the public in reference to the war.

### THE STATE PLATFORM

The Texas Democratic convention unanimously adopted all the resolutions submitted by the platform committee. These include:

Prohibiting teaching German in public schools and publication of German papers and periodicals.

New and more adequate blue sky law.

Texas senators and representatives to ask for \$50,000 for drought sufferers of state.

Pipe lines transportation gas to be made public carriers under control of railroad commission.

Violation of election laws no matter where committed to be tried at seat of government.

Instructing secretary of state to refuse to certify to nomination of Archie Parr in the 23rd Senatorial District. To certify instead name of D. W. Chescock.

For further publication of ballot, to make impossible repetition of conditions in Duval county.

Indorsing report of committee reported, recommending abolishing of offices and departments designed to save for the state \$1,000,000 yearly.

Amend constitution to permit soldiers, marines and seamen to vote. Urge constitutional amendment exempting these from poll tax payments discharged after January 31, from army or navy.

### WEEKLY FINANCIAL REVIEW

Prepared For The Lockney Beacon by The St. Louis Union Bank, St. Louis, Mo.

In normal times the fall demand for money is just getting into full swing on September 1, but this year the seasonal requirements have come earlier, as a result of the early movement of the great wheat crop and the general inclination to be forehanded in replenishing stocks.

The demand for the industries has been increasing through the summer, and money would be very tight if the supply was restricted to the old-time facilities, but because of the Federal Reserve Banks the pressure is scarcely noticeable to the public.

Accommodations are obtainable for all approved purposes and interest rates are kept at a level which is artificially low, considered in relation to the demand for money, the general level of prices and the other conditions. The supply of "money" is increased to meet the demands by means of the credit machinery which has been provided. There is no reason to expect that the demands will fall off or that the credit machinery will fail to take care of the new demands.

As a result of the rapid movement of the wheat crop, the sections in which it was produced will liquidate indebtedness and have some free capital, but the wheat will have to be carried somewhere until it is eaten, and the cotton crop is coming to market at the highest price level on record.

Mrs. Stevenson of the Lone Star community was in town Wednesday doing some shopping.

Mesdames Friburg and Hatcher of Floco were here Tuesday doing some shopping. Prof. Isbell of the Lone Star community was in town Tuesday.

## ABOUT SUBSCRIPTIONS TO THE LOCKNEY BEACON

Once more we call attention to the government's order regarding newspaper subscriptions. This order says papers cannot be sent to subscribers who are more than three months in arrears, and that no paper can be sent free. Papers are given until October 1st to revise their subscription lists to comply with this order. Already a great many subscribers have placed their subscriptions below the dead line, but a number have not. We sincerely hope every one will, but if they do not and their papers are discontinued, surely they cannot hold us blameless. Examine your date on your paper and see if your subscription is more than three months in arrears. If the date shows you are not paid beyond June, 1918, your subscription will fall beyond the dead line, and your paper must be discontinued on October 1st, unless the subscription is renewed. Please give this your attention once. The government has spoken, and no person dares to take chances against a government order.

The Beacon would like to hold every subscription on its list, but will be unable to do so unless they are paid in advance. We will not be allowed to give a single free copy, nor send a paper in exchange outside of a radius of forty miles. Hereafter the paper will be discontinued when the time expires. This will be entirely a new rule with weekly newspapers, but will be more satisfactory to the public and publisher when the rule is once adopted and become accustomed to the change.

### HONOR ROLL

Following is the list of workers in the Surgical Department of the Red Cross work:

Tuesday—Lucy McGehee, Jeanette Starks, Mrs. Will McGehee, Mrs. Hatcher, Miss Effie Wilson, Mrs. West, Miss Schmitt.

Thursday—Mrs. Westbrook, Mrs. Smith, Miss Lucy McGehee, Miss Effie Wilson and Miss Jenette Starks.

### INDUSTRIAL WORKERS ARE TAKEN TO PRISON

Leavenworth, Kan., Sept. 7.—William D. Haywood, secretary of the I. W. W.'s and ninety two other members of the organization, convicted in Chicago on charges of violating the espionage act, were received into the Federal penitentiary here this afternoon.

The trip, which was made by special train from Chicago, was without incident, and upon their arrival in the prison yard, the ninety-three prisoners quietly left the coaches, formed in line and marched into the penitentiary building. After the regular formality of being received into the custody of the warden, the prisoners were assigned to cells.

Haywood, chewing gum and apparently at his ease, entered the prison from about the center of the long line. He declared the recent bomb explosion in Chicago was very unfortunate and inopportune and that because of that occurrence it had caused them to be hurried to the prison here, interfering with their efforts to obtain bail.

In a final statement to the newspaper men, Haywood asserted his innocence and that of his assistants of any effort to hamper the United States in its war program.

"I was opposed to war before the United States got into it," he said, "but since then I have never done anything to hinder it. The I. W. W.'s believe fully that Prussian Junkerism must go."

### BANKER AT BIG SPRINGS NAMED U. S. MARSHAL

The appointment of J. A. (Jim) Baggett of Big Springs as United States Marshal for the Northern District of Texas has been recommended by United States Senators Sheppard and Culbertson.

Baggett was sheriff of Howard county for eighteen years, when he retired in 1916 of his own accord. Upon retiring from the sheriff's office he became cashier of the West Texas National Bank of Big Springs, which position he now holds. Baggett is about 48 years of age.

Baggett has stated he will make his home in Fort Worth if his appointment is confirmed.

The Beacon would welcome soldiers' letters from France. We will give a number of them publication each week.

We are of the opinion that every plan of speculation should be barred during the war. The work or fight or der should be applied to the men that are selling stock and shares in speculative schemes. Every dollar in this country should be lent to the government.

It is proven that the Bolshevik leaders in Russia were bribed and bought by the German government. Documentary evidence has been discovered that proves them traitors to their own country and the allies. The price paid for their treason was \$25,000,000. The masses of the Russian people are rising up in their efforts to overthrow these traitors and ally themselves on the side of the allied nations that are fighting for liberty.

A press dispatch tells of an American Major directing a battle from his tent, and at the same time indulging in a first-class American shave. His orders were accurately given and with as little annoyance as if he was shaving preparatory to spending an evening with friends. American men and generals are a pesty bunch, intelligent, brave, and patriotically to the core. The world has never witnessed as cool a bunch of men, and at the same time, more deadly in earnest and aggressive in fighting.

In the words of the poet, are you a timber-tail.—Plainview News.

A timber-tail, as we understand the term, is that human specie that is spineless and has yellow streaks running through his body. He is the man or woman that has not caught the spirit of the war, and has thrown up his hands in the hour of adversity. A timber-tail is the fellow that is void of nerve to do his duty at all times and instead of helping in the war and other activities to its successful prosecution he whines about high prices, the drought, etc. It takes a man with nerve to get by now like it has during the periods preceding the war.

The report of the attorney general for the last two years shows that in the period covered in the report there were 1125 killings in Texas. This is a large number of homicides than occurred in two or three of the big countries of Europe in normal times. We spend much time wondering why there are so many murders in Texas but this report of the attorney general furnishes

as the answer. About one-fourth of those who took life were convicted, and many of those convicted were given very light sentences. So killing is considered a safe business in Texas, and so long as this is true we can not hope to materially reduce our homicide record.—Plainview News

It is probably that the government will put the ban on gasoline, in order to save fuel for war industries. A short time ago Sunday automobilism was prohibited east of the Mississippi, and it is contemplated to make the ruling apply to the Western States also. People will stay at home more on Sunday, thereby saving money and gasoline. There is no restriction that can be placed on the American people that will cause them to grumble. We are 100 per cent patriotic, and are willing to undergo any pleasure and convenience to win the war.

The German people, the press and rulers are talking peace. They are much interested in the matter of peace since their reverses the last few months. The German masses are perhaps in earnest in the matter, but the Kaiser and his advisers are endeavoring to delay America's preparation and bring about discord among the allied nations. They are not ready for the kind of peace they will eventually have to accept, namely, a complete and unconditional surrender. By this time next year they will be ready for peace of the right sort. They are whipped and they know it, but would trick us out of our much deserved victories. The allies are going to Berlin unless the Kaiser and his advisers conclude that they have enough before we reach there.

Austria-Hungary has sounded the Allies on a peace parly, which has been rejected promptly and in no certain language. The proposal was couched in treachery, and was meant to bolster up the home morale of the Central Powers and to divide the allies. As diplomats the Huns are as sorry as they are fighters. President Wilson, in giving his answer, spoke for all the allied nations, and stated that it must be force to the utmost and until the German and Austria government comes to the terms laid down by the American government on entering the war. President Wilson was slow to anger, but when once aroused he is uncompromising, and too keen to be tricked by the Hunsy Huns.

### NEW NEWSPAPER LAW

The new orders of the government to newspaper publishers include the following:

"2. No publisher may continue subscriptions after 3 months after date of expiration, unless subscriptions are renewed and paid for.

"3. No publisher may give free copies of his paper to anyone."

This means that all subscribers who are behind as much as three months must be cutoff October 1st unless they renew by that date. If your subscription falls under this rule you had better send in your renewal at once.

Look at the date next to your address! It will show you how your subscription stands.

All the Jitney drivers in Michigan will perhaps vote for Henry Ford regardless of politics. That will assure his election to the U. S. senate. No doubt the Ford car owners are in the majority everywhere and they are all boosters for Henry. Originally he was against war, but after war was declared he was one of the President's strongest supporters. We announce right now our support of Henry Ford and also for Lizzie Ford as well.—Hall County Herald.

We will be surprised if Henry didn't

land the U. S. Senator job after all. President Wilson has endorsed him, and that will give the Jitney man considerable boost. But, by the way, who is this woman, Lizzie Ford you speak of? Is she a relative of Tin Lizzie?

It is reported that Germany is still far from starving and that food for the civilian is of fair quantity. But since the 15th of July, the German army has lost at least fifty per cent of its spizerinctum and the Boches are still feeding the allied armies on beef dust.—Panhandle Herald.

Brother Satterwhite speaks the truth when he says the Huns have been feeding the allied armies on beef dust, but we fail to say that "per cent spizerinctum." Lee was that a pled line or have you coined something new in the Panhandle.—Lockney Beacon.

A perfectly good word, Ben, but modern in conveying the idea of "pep."—Panhandle Herald.

"A man has the choice of committing the least of three offenses—murder, robbery or drunkenness. He chose the latter, got drunk and then committed the other two.—Cress Plains Review.

Thank God public conscience has been awakened in Texas, and all America, and the run demon will soon be banished from the lives of men. Texas has purged itself, purified its soul and driven liquor from its confines. There is a National Prohibition amendment pending, when ratified by three-fourths of the states it will be written in our Federal constitution, and the necessary three-fourths will be forth coming. Sobriety will not only banish drunkenness, but murder and robbery, and usher in law and order. Fourteen states have already ratified the amendment.

Fixing the price of cotton is said to be contemplated by President Wilson. Southern representatives in Congress is protesting, but if it is proven that it is for the common good of the people and the government it should be done, provided that the finished article is controlled also. The farmer should not be fixed and the mill man and jobbers given a free hand. Fixing prices should commence at the top and go down, or at the bottom and go up. And while the fixing is taking place fix the price of hides and shoes, that the people may be able to shoe themselves and have a little change left out of a ten dollar William. Then come on down and fix the price on meat that our people may fill their stomachs without taking all the money they have. Price fixing in our mind, should be uniform, protecting the producer and consumer alike.

General Perishing's gallant attack and successful advancement last week in the St. Mihiel sector is typical of the spirit that is prevailing in American armies in France. This was the first fight in which American generalship was manifest. A quarter million men under General Perishing made a four mile gain in one day. They fought on a battle line 20 miles long, assisted by French, and took something more than ten thousand prisoners. Since the first day the list of prisoners have gradually increased until they now reach stupendous numbers. Nothing is said of the numbers they killed and wounded, but the punishment must have been frightful. America has just begin to fight in earnest. Led by American generals, and inspired by the unconquerable American spirit they will become the deciding factor in this great world war. The American nation is anxiously awaiting the outcome of the present American offensive, ready to rush millions of reserves and their wealth to General Perishing and his brave men.

An American soldier from Fort Worth writes from France something of the treachery of the Germans. He stated in a recent battle a number of German soldiers approached, wearing Red Cross signs on their arms, and carried grenades, which they hurled into the American trenches. The whole bunch was bayoneted. This is only another striking example of German treachery. Their whole career in this war has been one of treachery, cruelty, cowardice and insolence. It is trying upon civilization and takes all the fortitude we can command to keep us from declaring to the world no quarters will be asked or given. The allied nation is practicing human warfare and treating captives in a Christian manner, but when we learn of German cruelty to our prisoners, and cowardice and treachery practiced upon the battle field it is enough to make one proclaim the ancient doctrine of an eye for an eye and a tooth for a tooth.

President Wilson has warned Union Labor strikers that he will no longer submit to these industrial strikes. He has warned employes and employers alike that no interruption of production will be tolerated and both the government powers of commanding and the work or fight order will be applied. The President's warning was given to union machinists at Bridgenort, Conn., who left their jobs a week ago in war material plants, dissatisfied with the decision of the War Labor Board. He

President's course is right and just, and these unpatriotic laborers should be forced to either work or fight. The man that leaves his post in ammunition or other war industries is as much a slacker as the man that evades the draft. This is no time to air ones private grievances, and if these laborers get reasonable wages and a comfortable living they ought to be satisfied. If our boys in France can fight for thirty per month laborers in this country should be satisfied with enough to fill their bellies and clothes for their backs. The same rule should apply to capital. Profit should not be thought of by industrial employers.

### WE MUST HAVE EXCHANGES

Commenting upon the War Industries orders to the weekly newspapers in paper conservation, the Panhandle Herald remarks:

"This, also, makes it necessary that we discontinue our exchange list and subscribe for all papers coming to the Herald office except the Amarillo News, the Panna News, and the Claude News, these being the only papers published within a radius of forty miles of Panhandle."

We, too, will comply with the Beards orders, but there are some of our exchanges that we feel that we cannot do without, such as the Herald, Miami Chief, Slaton Slatonite, Canadian Record, Claude News, in fact the bulk of our exchanges are situated more than 40 miles. Early in October we will mail to these exchanges our check for price of subscription. We of course turn would appreciate their subscription to the Beacon. We can't see how we can get along without these newspapers in our daily work and propose to pay for them rather than have them discontinued.

### SURE, WE PAY THEM.

We know you Slaton people are thorough going sports. We have understood all along that you would not accept anything short of a two inch rain, had no time for these inch and a half showers, nor one and a quarter inch sprinkles. Yes, you folks are some goers. Even when it comes to the matter of holding the balance of population you order them by triplets. But the question is, as intimated in our last snub, do you folks pay the preacher, and if so, on the scale of other events in your town, what might we record his salary to be.—Lockney Beacon.

Certainly, Slaton pays her preachers. Slaton has the biggest, fattest, best fed preachers on the Plains, so of course they are well paid, else how could they?

Ben Smith reminds us of a young lawyer who had a hard case but was earnestly trying to make his client think that he was earning his fee. "Now sir," he demanded in cross examination, "did you or did you not, on the date in question or at any other time, say to the defendant or anyone else that the statement imputed to you and denied by the plaintiff was a matter of no moment or otherwise. Answer me, yes or no?"

The bewildered witness finally managed to gasp out, "Yes or no, what?"

Fourteen million men registered for military service in the selective draft last Thursday. The Beacon editor, with his oldest son, sat at the same table and fixed their signatures for the defense of America. The boy will beat his daddy to the job, as he is waiting his call in Texas calvary, but when our Uncle Sam calls for us we will be ready. We believe our spirit is the true American spirit and typifies the fourteen million men to register last week. We are all behind the boys in France, and ready to go to their relief when the time arrives. Patrick Henry said, "Give us Liberty or death." That spirit, now as then, has taken hold of every true loyal American. We are a determined people as well as a peace loving people. But we would all welcome death in preference to political and industrial slavery. There is no nation in the world that stand closer together than does America today. We have more than twenty-five million men registered and under arms, pledged with our all to whip the German Kaiser to a standstill. This determination and spirit was with General Perishing last week when he went over the top, and led a quarter million brave American sons against the Hun. Our armies in France know that America is with them, money, body and soul in their patriotic fight for liberty. American hearts are aflame with patriotism.

Almost every country paper in Texas has raised the subscription price to \$1.50 a year and some have made it two dollars. These rates mean in advance. Most people will pay for the paper even after it has been stopped but some will not, and there is a dead loss. People who refuse to pay for a country paper after having received and read it will not pay any debt unless they have to.—Snyder Signal.

In our recent campaign for cash in advance subscriptions we have had only one man to say that he did not order the paper, etc. We do not believe that you can make a literal ap-

## BAND INSTRUMENTS

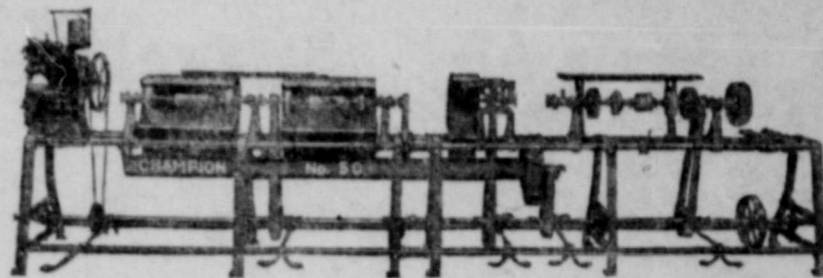

The celebrated C. G. Conn Ltd., factory, builders of the fine instruments that are used almost exclusively by Sousa, Pryor, Conway, Kryl, Washington Marine, Creators, Innes, Liberati, Thaviv, Weber and other famous bands. Are now building a special line of very easy blowing and most reasonably priced instruments of all kinds for the Boy Scouts. Write for free catalogue, circulars, photographs illustrating these instruments, also for Boy Scout prices, both cash and installment. Address

INDIANA

Don't throw your worn shoes and harness away, they can be remade like new. Bring or send your work to A. R. EASTWOOD...

COW-BOY BOOTS MADE TO ORDER, SEND FOR ORDER Blank

plication of the charge made by the Signal "that a man refusing to pay for the paper after he has read same would not pay any honest debt." The trouble mostly is that the public does not know that when they take a paper out of the office and read same they become responsible for its subscription. This much we can say, that a man is a sorry cuss that will read your paper and then refuse to pay for it.

New Mexico goes dry on Nov. 1, and hence our thirsty citizenship who are now so much interested in New Mexico lands will have to look out for their prospects frequent and fast for the next six weeks, and then decide after all perhaps the property is in too dry a desert. Strange things have happened. Old Mexico is soon going to be the only oasis worth prospecting in.—Hall County Herald.

It seems after all that these fellows do not really go prospecting, but rather to wet their whistles. If this prospecting business is to continue, after New Mexico goes dry, these fellows will have to journey all the way to the Land of Montazuma. That will certainly be a long way between drinks. A man will surely be bothered with some thirst when he makes up his mind to fight his way across the border for the stuff called liquor. It is said that the article sold in the land of frequent revolutions would cause a man to chase a submarine in a row boat.

### FOURTH LIBERTY LOAN

The Fourth Liberty Loan campaign starts the 28th. This loan is just as important as either of the other three. We have started the whipping of the Germans, but it is a mistaken idea for any man to get it into his head that the war is near an end, or that the Germans are whipped. The best military writers in America and Europe know that the war is not near an end, that we will have to give the Germans many more sound thrashings before they are ready to lay down their arms. To stop now America's preparation would be to give the Germans a breath of relief, and an opportunity to reorganize their forces. Hence, the importance of the Fourth Liberty Loan. It will take more armies, and more money to send them across and equip and feed them. On September 28th the campaign will start. It will run three weeks, and in that time we are asked to loan the government six billions of dollars. In order to raise this stupendous sum every man must do his part. We are not informed as to

Floyd county's quota at his time, but whatever it is we will be called upon to raise the sum. It is a safe guess it will not be less than one hundred thousand dollars. To raise the amount every man must come across to the full extent of his ability. There must not be any slacking or excuses offered, it is either pay or fight. Below the advertising appearing over the signature of the First National Bank, is the government's warning, "Fight or Buy Liberty Bonds." This is a government advertisement, it means just what it says. The Treasury Department furnishes these advertisements, and they are authentic. What are you going to do? It is up to you, you must help and not just enough to retain your respectability in the community, but your best efforts will be required. Solicitors will call upon you in due time, and you must be ready to dig up and dig deep into your pockets.

### DIDN'T MAKE GOOD

Miss Jeanette Rankin, congresswoman from Montana, was a candidate for the republican nomination for U. S. senator in the recent primary, and was defeated. Miss Rankin is a failure in congress. She had the opportunity of making good, but she developed into a very rapid socialist. Among the absurd propositions she urges is that the government own and operate the newspapers of the country. Now, wouldn't an editor who took his editorial orders from Washington be a bird? Her proposal would mean an autocracy that would be as bad as the German article. A free people cannot exist without a free press.—Plainview News.

These socialists have some peculiar ideas about running the government. Turn public affairs over to them and they would make a sweet mess of it. As an illustration, we point to affairs in Russia. The overthrow of constitutional authority is due to socialism. They undertook to bring about peace by first demobilizing their armies and then going into a peace conference with the enemy. The net result was that they accepted whatever the Kaiser had to offer them, which was industrial and political slavery. Such would be the case in this country if the socialist undertook to direct the affairs of our government. Miss Rankin's failure in Montana by reason of her misrepresentation in Congress is in no wise a reflection upon the ability of women to serve their country politically, but rather a warning to them as well as others who attempt to foster upon this country socialistic policies.

## Paint Those Shabby Floors

PAINTED KITCHEN FLOORS MAKE HOUSEWORK EASIER. ACME QUALITY FLOOR PAINT FORMS A SMOOTH HARD SURFACE THAT CLEANS ALMOST AS EASILY AS TILE.

### ACME QUALITY FLOOR PAINT

NO NEED OF BACK BREAKING SCRUBBING IS INEXPENSIVE, A QUART COVERS 75 SQUARE FEET TWO COATS, AND IS EASY TO APPLY.

The Acme Quality Painting Guide Book tells all about painting also waxing, staining and varnishing floors; what to use, how much will be required and how it should be applied. Free at yard.

D. Hefflefinger  
Plainview, Texas

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio.  
Sold by Druggists, 75c.  
Hall's Family Pills for constipation.

### THE HAPPY FAMILY

### NOTICE OF APPLICATION FOR PROBATE OF WILL

The State of Texas,

To the Sheriff or any Constable of Floyd County—GREETING:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Floyd, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

Notice of Application For Probate of Will.

The State of Texas,

To all persons interested in the Estate of George J. Stapleton, Deceased,

Mrs. Susan Laura Stapleton has filed in the County Court of Floyd County, an application for the probate of the last will and testament of the said George J. Stapleton, deceased, filed with said application, and for letters testamentary of the estate of George J. Stapleton, deceased, which will be heard at the next Term of said Court, commencing the Third Monday in October, A. D. 1918, the same being the 21st day of October, A. D. 1918, at the Court House thereof, in the town of Floydada, Floyd County, Texas, at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

Herein fail not, but have them and there before said Court this Writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said Court, at office Floydada, Texas, September 16th, A. D. 1918.

Tom W. Deen,  
Clerk County Court,  
Floyd County, Texas  
By Lola Walling, Deputy.

### FROM OUR SOLDIER BOYS IN FRANCE

Somewhere in France  
Aug. 14, 1918

Dear Father and Mother—  
Had another letter or two from home in the last few days. It always comes in bunches, but believe me it sure does a fellow good to get letters. Also got the copies of the Beacon and the Hesperian. They were dated June 28th.

If you can ever send an extra copy I'd like to get them just once in a while.

Have a faint idea how the election went in the States, Texas you know.

for governor by a big majority. Tell me about the county election from Sheriff to Judge. Most of the news we get is by several small papers. English, that are published in Paris. Most of it is devoted to war news. We all keep up with it. It appears that the Dutch are getting the surprise of their life. The Khaki clad fellows are waking them up.

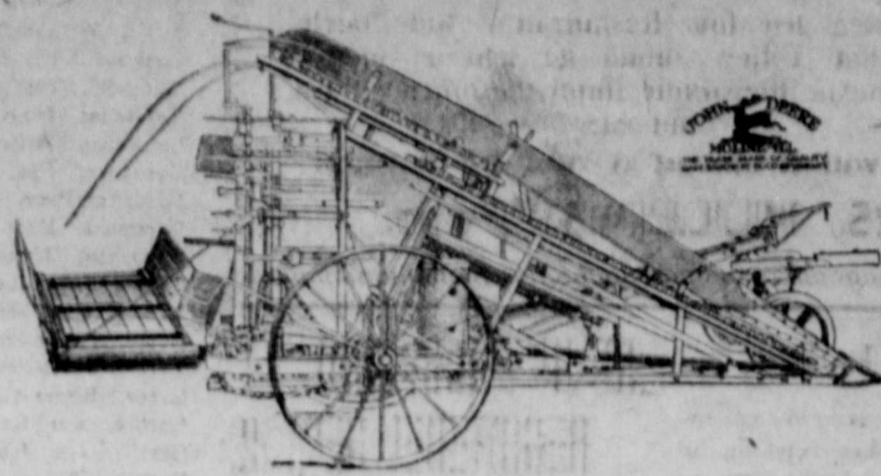

We see lots of fellows that have been to the front. They have some very interesting stories to tell. I say because some of them almost seem at that.

Have several conversations with German prisoners. They don't seem to understand why they are listed as long as it has. I think their seeing so many of us "Yanks" has led them to believe that Germany is going to lose. The first chance I meet any more of them I am going to have a long conversation with them. Wish I could have one that had been held lately.

Talk about a sunny France but they forget to say that it gets hot. Guess that it is a bit sunny in the States itself by now.

We are pretty busy these days, not drilling hard but always on the go.

Write us when you can and we will

# John Deere Corn Binders

There is no eck weight. In turning corners horses do not have to push or drag the machine around, but instead pull it by the tugs in the proper way.

Hot riveted frame designed and constructed to form practically a one piece solid steel frame. The continuous outside sill, the long center sill and the three cross sills are wide steel bars rigidly connected, making a rigid foundation for the cutting device. The entire frame together with the idea of insuring permanence and durability.

Large, Strong Wheels, fitted with wide tires, have new improved oiling device.

Clean Cutting—the wide stationary knives are shaped and placed to cut off a large percentage of the corn before reaching the sickle.

John Deere power bundle carrier is always in position to receive bundles.

The only bundle carrier ever used on corn binder that will get bundles away from machine without effort on the part of the operator.

Requires No Leg Power or Effort  
Boy can operate it as effectively as a strong man. Simple, durable, up-to-date.

Accurate Knottor, with all wearing parts specially hardened, guarantees sure, positive tying.

Eighteen roller and ball bearing to reduce friction and lighten draft.

Quick turn tongue truck counteracts side draft, allows the operator to guide and control the machine easily under practically all field conditions. Short quick turns run down very little corn.

## A SOLDIER "TRIG" CLASS

Educational classes at the Army Y. M. C. A. huts are proving popular with the soldiers. Thousands of young men who left school to go into the service are continuing their studies and classes while in the army. Many educational institutions are arranging to give credit for the work done in this way, so that students may not lose anything while serving their country, and can resume their studies on their return, with credit toward degrees and graduation for the class-room work in the army. The picture shows a group of college men continuing their study of trigonometry at one of the Y. M. C. A. schools. It will make them better artillerymen.

In addition to advanced classes, the Y. M. C. A. conducts classes for illiterates and foreigners, teaching them to read, write and speak the English language. The War Department is giving the Army Y. M. C. A. hearty co-operation in this work.

The "trig" class shown in the picture is one of the many educational classes conducted by the Y. M. C. A. at Camp McArthur, Texas.

# Well Fed Men

Those who make the greatest success in life are strong, efficient, well nourished men.

These are not obtained from the ranks of the poorly nourished.

If you would be PREPARED for the battles of life you must the best possible nourishment, and this is only obtained by eating.

## High Grade Foods

This store has a wide reputation for superior groceries. Our motto is: "NOTHING TOO GOOD FOR OUR CUSTOMERS."

If you get it from us, you don't have to TEST it—you KNOW it is GOOD.

# Theo Griffith

**Jim Dagley**

## Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, . . . and the pains were very severe. A friend told me I had tried everything else, why not Cardui? . . . I did, and soon saw it was helping me . . . After 12 bottles, I am strong and well."

TAKE

# CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

## SENTENCED FOR REFUSING TO UNDERGO AN OPERATION

Columbia, S. C., Sept. 1.—Private Albert C. Rowland of Fifteenth Company, 156th Depot Brigade at Camp Jackson, it was announced today has been found guilty by a court-martial and sentenced to a term of ten years in the Federal prison at Fort Leavenworth for refusal to undergo an operation which would fit him for military service. He will forfeit all pay and receive a dishonorable discharge from the army, when his sentence is served.

# TO ARMS, CITIZENS!

The immortal words of the French battle cry of freedom ring out again today to the American nation.

We are called upon to take up arms and fight to the death - if need be - for Freedom, Justice and Those Things that make life worth living.

In this profound crisis is the test of citizenship.

The highest form of duty is to fight with our armed forces - to have enough to eat, enough to wear, a few dollars in your pocket, and to devote the balance of your earning power - your life if need be - as an offering to your country.

The next best form of duty is to stay at home and produce - allowing yourself enough money to purchase the bare necessities of life and to conduct business, essential to the war, and to devote the balance of your earning power to your country in the form of subscriptions to Liberty Loans.

One or the other duty you must assume.

If you can bear arms you will do so.

If you are unable to bear arms you will supply the money and material for those who can - you will enable them to bear your arms for you.

# TO ARMS, CITIZENS!

## FIGHT or BUY LIBERTY BONDS

As a part of their efforts to fight this war to a prompt and victorious conclusion, this advertisement is endorsed and paid for by

Mrs. D. J. Thomas

## NOTICE

Studio will be open SATURDAY 21st, and MR. MEADOW, who is a good photographer, will be there at all times to look after picture work.

## Norton Baker, Photographer

Mother I was made a Corporal yesterday. It was certainly a surprise to me on account of me being a new man. But I guess that they say I was trying hard to learn. But anyway I sure appreciate it and am sure going to do my best to make good.

I think that we have the best company in the regiment, and we all want to stay the best.

I am going to have to work harder, but I do not mind that, for you know that I never did like to lay around very much.

We have lots of priviledges here, and if the boys will try they can keep them. But there is always somebody to keep trouble a going.

Well mother tell all the folks hello, and write to me. I hope to hear from you soon, so will close. With love from your boy,

Corp. Gillus A. Moore,

Co. F. 143 Inf.

A. E. F. Abroad, Via. New York A. P. O. 728.

England, July 31, 1918

Dear Mother and all—

My goodness, can it be possible that July has gone, and where has it gone. It really has flown on swift wings, yet many things have happened in the last seven and one-half months.

Mamma, I got your and Zeaks letters of June 23rd today, which shows I get some mail from you. But do not mistake more than two letters in two weeks, and so much of the time I do not hear for three weeks. It is then that I get blue, yet I do not complain for I know that you all are very busy and that some of your letters get lost, but I will write you every week. Mamma I am glad that you told me what you did (confidently) for just such things are what I want to hear, neither had you need to bother about worrying me with them, for I won't like it a bit when I get back home if you don't tell me such things, it seems to keep me in closer touch with home.

So you were talking about it being so hot here. Well I guess I know about how hot it is there, but yet it is so cool here that I can hardly realize that it is summer. We really haven't had but four or five days that we could call summer days.

Mamma it did me so much good to tell me that "my star" appeared on the service flag of the church, and really I had rather have a star appear on a flag of service of my country and church than anywhere else in the world. And you may feel sure, and tell the people there that I appreciate such thoughtfulness.

Yes, I am getting about two or three copies of the Advocate a month, and I would not take the whole price for just one copy. It is so refreshing and brings so many new and higher thoughts to me, and helps me so much for the literature of that class is hard to get. The Epworth League department is the very first thing that I hunt for. Mamma I would take nothing in the world for my League experience and what it has been worth to me.

Well I am not feeling quite so well today, some days I never felt better in my life and others I just drag around, really it will take me some time to get straightened out again. Now you need not have to worry for I am just as well taken care of here as I was at home, and besides all in the world that is the matter with me is my old nervousness, but work all the time is best for me, as my work is not very hard.

Well I guess that Bill is at home before now, and, Oh, well, I can see you every one and guess what each of you are doing. I hope that you are having a good time and are happy for the happier that I know you are the happier I will be also.

Boys of course I am sorry that you are making nothing this year but it can't be helped and by the time you get this you will be getting ready to sow another crop, and please tell me all about it, your plans and every detail.

Son please don't get so restless and leave home till it is more necessary, nor don't think such a thing, for what you are doing is just as good a service as could be rendered.

And as far as the class of people that were getting a hand around their neck, let me say, don't ever tolerate such as they and if it is ever necessary, well Maud ain't dead is she? And is your larlet wore out? If it is so the day you get this letter and buy another one, and Mamma don't you bother him about it nor feel badly about it, but feel proud of him. Would say more if I could.

Bill, Zeak told me of the Lane school and don't think much of that salary, but do as you think best, I know exactly what you would do if I were at home.

Hope you are all well and happy. Am going to bed, have to get up at 5:30 in the morning. Am working in the repair shops now, so have to get up and hour and half earlier. Good night and pleasant dreams.

I am your own,

MARVIN.

Mr. and Mrs. Sam Poole of the Lane star community were in town doing some shopping Tuesday.

## Today's REMINDER

Pay the President

PUT YOUR W.S.S. PLEDGE.

PUT THOSE CARTRIDGES IN HIS HAND.

## WHITE FEATHER MEANS DEATH IN ARMY; HERE IT MEANS DISGRACE

Some one has said: "If one of our soldier boys hesitated as long in going over the top as some people do in buying War Savings Stamps and Liberty Bonds, he would be court-martialed and shot for cowardice. And if the same punishment were meted out to non-combatants for financial cowardice a lot of people over here would be shot at sunrise."

Your patriotic duty is in proportion to the money you have and earn. The more money you have and the more you get, the more you should invest in War Savings Stamps. Remember that the soldier's chance of life depends on the support given him by the folks back home. Pay that War Savings Stamp Pledge!

## What W.S.S. Will Do

Pay the President

If the \$91,000,000 that Texans are called upon to invest in United States Government War Savings Stamps were stacked dollar upon dollar, a silver tower 3149 times as high as the Statute of Liberty would be formed. The \$91,000,000 would make a glittering shaft of silver more than 173 miles high.

## TRAVELING MEN WILL SELL U. S. WAR SAVINGS STAMPS

Texas traveling men, 1,509 strong, have been commissioned in the service of the Government as representatives of the National War Savings Committee. They will assist in the establishment of War Savings Stamp Agencies; help patriotic merchants to sell War Savings Stamps and solicit persons who can to buy the limit in War Savings Stamps. Members of the executive committee in charge of the Texas Traveling Men's Division of the National War Savings Committee are J. Henry Bennett, Charles L. Sangler, Max Eppstein, W. H. Noble, J. M. Hanna, C. J. DeWoody, J. D. Rogers and C. L. Martin, all of whom have headquarters in Dallas.

## Today's REMINDER

Pay the President

# WHIZ you go BANG you stop

**Citation by Publication**  
To the sheriff or any constable of Floyd county, Greeting:  
You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the County of Floyd, if there be a newspaper published therein, but if not then in the nearest county where a newspaper is published, once each week for four consecutive weeks previous to the return day hereof, James R. Price, Julius N. Price, Thomas L. Price, Col. R. Price Thomas, Cecil W. Thomas, J. K. Gwynn, Carey (W. C.), Griggs, Roxie Griggs, James M. Griggs, Foley Griggs, Geo. R. Griggs, Mrs. Fannie E. Griggs, Mrs. Willie

H. Griggs, Mrs. Mary V. Davis, J. J. Davis, John G. Gibson, Mrs. Juliet Ada Price Gibson, the unknown heirs and legal representatives of each of the above named defendants, if any, the unknown heirs and legal representatives of Caroline V. Price, deceased, and Ada C. Price, administratrix of the estate of Caroline V. Price, deceased.  
All of which parties are either nonresidents of the State of Texas or parties whose place of residence is to plaintiff and plaintiff's agents and attorney unknown, to be and appear before the honorable District Court of Floyd county Texas, at the next regular term thereof to be holden in the County of Floyd at the court

house thereof, in Floydada, Texas, on the 22 day of September, 1924, then and there to answer a petition filed in said court on the 2nd day of June, 1924, in a suit numbered on the docket of said court No. 1422, wherein Hesperian Publishing Co., a corporation, in plaintiff and all the above named parties their unknown heirs and legal representatives are defendants; the nature of plaintiff's demand being as follows to-wit:  
Plaintiff sues in trespass to try title to recover land and premises described as follows: Lot Number seven (7) in block No. Eighty-four (84) in the town of Floydada, part of survey 65, block 1, A. B. and M. in Floyd county Texas, as shown by original plat of record in Vol. 2F, page 294 Floyd County Records. Plaintiff claims said land by regular chain of title from the State of Texas, alleging deed from Caroline V. Price to be lost and offering proof of same by secondary evidence and as an ancient document, plaintiff claims also under five and ten year statutes of limitation alleging that plaintiff and those under whom plaintiff claims have been in actual adverse peaceable possession of said land and premises using and enjoying the same since the year 1890.  
Herein fall not, and have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.  
Given under my hand and seal of said court, at office in Floydada, Texas, this 2nd day of June, A. D., 1924.  
G. C. TUBBS,  
Clerk District Court, Floyd County, Texas.

ATTEST:  
FLOYD HUFF, City Secretary

## BURLINGTON AND SANTA FE ARE INVOLVED

Independent Promoters Await Decision; Capital Beholds Rich Country

By Hamilton Wright  
Stamford, June 16.—A battle of the rails is imminent!

Events are shaping for transportation conquest of a Babson "white belt" now the cynosure of the moneyed rail magnates of North and East.

The Burlington let the "cat out of the bag" by announcing intention to build a second line to the Plains from Fort Worth through Stamford, The Texas, Panhandle & Gulf is waiting with bated breath the decision of a tardy interstate commerce commission decision before stretching its strands westward from the "rancher city" to Tucuman, N. M.

Now comes announcement and evidence that the great Santa Fe system, with "ears to the ground," looking contemptuously and selfishly upon the ambitions of the Burlington and T. P. & G., will build from Tulsa to Benjamin and ultimately to Fort Worth.

### Old Permit Valid

The Burlington would not hesitate to see what the competitors will do. Really, they contend, the Burlington does not have to wedge its plans through a mesh of red tape in the auditory of the interstate commerce commission but can proceed upon a former permit for construction. They profess to see inactivity on this line, part unless its hand is forced by the T. P. & G. Some jealous towns otherwise opposed to construction of the T. P. & G. now have come to the conclusion that for their own benefit they must pull for the T. P. & G. in order to force the Burlington. There are still others who reason that the T. P. & G. is not a private concern seeking to couple the "bread box" of Texas with the grain elevators and market at Fort Worth—now the largest in the southwest, but a Santa Fe move under stealth and no drum plume. This assumption is based on the effect that the reports of Santa Fe

projection involve locally the same territorial towns mentioned.

G. Tullia and Benjamin the Santa Fe is not behind T. P. & G. then the very fact that it seeks to build from Tulsa to Benjamin over identical the same region as the Colonel Clement H. Powell line, will dissipate the Powell road altogether.

### Combine Opposed

The bugaboo frequently mentioned that the prospective rail builder of this section are awaiting definite action on the combining and group plan of the interstate commerce commission cuts no figure in western rail building at present, many observers interstate commerce commission to desire. In fact, any effort of the combine into one system the Burlington and Santa Fe lines would result in a terrible stink throughout West Texas whose ultimate appeal would make for separation of these lines. Directly West Texas is not bitterly opposed to rail consolidation under the Ripley plan if its effects would not prevent the construction of lines in territory now hampered and undeveloped.

The appeal of a short line railroad for town builders and men of small capital has flown. The day of the short line railway has gone forever. This is the general opinion of the day. If there is to be real construction the territory must bear lavish promise and have a definite future. Without these, rail men see no incentive to spend hard earned dividends. Just to favor a community by building a rail line is out of the question.

### Country Must Develop

The rehabilitation of the Midland & Northwestern railroad from Midland to Seminole, 65 miles, is not a matter of public sentiment or public desire, but if rehabilitation ever the people who espouse it must develop their country to one point where revenue tonnage is produced and to so fortify that point that the company that ventures to control and operate it will have reasonable certainty that it will ultimately "make its salt." That's the opinion of bankers of Midland. It would require a large outlay of funds to rehabilitate the line, but this will be forthcoming immediately that prospects are made so bright and promising as to justify expenditure.

### \$3,500,000 FOR TEXAS BOOKS IS REQUIRED

Austin, June 14.—As a result of the decision of the Supreme Court in the textbook cases, the State Board of Education will be asked when it meets on July 10, to buy approximately \$3,500,000 to buy textbooks for the next scholastic year, according to Prof. S. M. N. Morris, State Superintendent of Public Instruction.

Under the decision of the court the State Superintendent is directed to carry out the contracts not only of the American Book Company and Charles Scribner's Sons, but all other book contracts made last December, a year ago, by the old Text Book Commission.

As an indication of the magnitude of these contracts, the one of the American Book Company alone will require \$900,000 to buy geographies. This company has a contract on these books for five years, but this sum is only for one scholastic year. Superintendent Marrs stated.

### DEMOCRATS CLAIM TAX MEASURE AS THEIR OWN

Washington, June 17.—The first definite indications of the Democratic platform this year was made known today by Senator Carter Glass of Virginia, whose platform was adopted in 1920, made public the plank he will introduce at New York at the national convention.

He condemned not only the Republican officials who fell before the investigations but also President Coolidge for challenging the senate to continue its probes on Secretary Mellon and the Bureau of Internal Revenue.

The party claims full credit for the tax reduction bill, blames the

## Clean 'Em Up

Springtime is here, and it calls for the laying aside of the winter garments, and the putting back into service those lighter togs that you laid away last fall. The soiled winter clothes should be cleaned before that are placed away for use next winter, and the lighter weights you are putting on will need pressing, and maybe they were not cleaned when you laid them aside last year. Just phone McDuffee and he will be around in a jiffy and fix them up in apple-pie order.

If you are in need of a new Suit for spring come around and give us a chance to fit you out.

### ORDINANCE NO. 47

An ordinance making it unlawful for any person, firm, association or corporation to erect, maintain or operate any cotton gin or threshing machine within that portion of the City of Lockney, Texas, described as follows:

Beginning at the intersection of Main street and Locust street, thence east to East Fourth street; thence south a distance to the southeast corner of the J. B. Downs tract of land; thence west along the F. F. F. highway; to the foot of Main street; thence west to the Santa Fe crossing; thence in a northwesterly direction along said railway rightaway to West Eighth street, in the Walling addition; thence north to Locust street; thence east to place of beginning as shown by the Plat of said City of Lockney, Texas, now on file with the County Clerk of Floyd County, Texas.

Section 1. Any person, firm, association or corporation violating this section of said ordinance shall upon conviction thereof be fined not less than \$25.00 nor more than \$100.00, and each day any such cotton gin or threshing machine is maintained or operated shall constitute a separate offense.

Section 2. The fact that there is no adequate ordinance against erecting, maintaining or operating any cotton gin or threshing machine within said districts as outlined by said ordinance of the City of Lockney, Texas, creates an emergency and public necessity, requiring this ordinance to be in full force and effect from and after its passage and publication and it is so ordained.

Approved and passed and ordered published this the 9th day of June A. D. 1924.

J. H. BYINGTON, Mayor.

ATTEST:  
FLOYD HUFF,  
City Secretary, City of Lockney.
