## COMMISSIONER TROWBRIDGE REPLIES TO HIS CRITICS

A boy or girl who belongs to one of the clubs organized by the department of agriculture and the state colleges gets better marks in school than one who doesn't. This is the testimony of the county superintendents in the counties in which clubs have been organized as brought out by a recent inquiry in the southern states. In Monongalia county, West Virginia, for two years a complete record has been kept of 53 club members and of the same number of pupils of the same grade and age and from the same schools. The records show that the club members in their monthly examinations have averaged 15 per cent above those who do not belong to a club, 12 per cent in attendance, and 23 per cent in attendance at high school after completing the eighth grade. At the annual spelling contest in the county all the winners were club boys and girls.

A four year record in Comanche county, Texas, shows the scholarship of the club boys and girls to be 11 per cent above those who do not belong to a club. Of the 4,000 boys and girls in rural schools in the county, not one expelled or suspended was a club member. The superintendents agree that club members are more active, have more inspiration to do better work and possess the desire to search for new things. Very few club members stop school in the lower grades, and those not of their own choice.—Fort Worth Record, Sept. 9th.

The above clipping, your article of last week and the letter enclosed, is enough to convince the most skeptical on the county agent question.

The only question involved in the discussion is "Do the boys of Floyd county need agricultural training?" The Commissioners' Court of Floyd County says they do and shall have it.

Now, in regard to the petition that was circulated. It was represented to the farmers that it was costing them from two and a half to four and a half times what it actually is. The Commissioners' Court will not pay any attention to petitions got up under such conditions. I am glad that the leader in this opposition is not a farmer. It may be possible that I do not know myself, and that if I ever move to town and join the throng

## TO BUILD SIDE WALKS TO SCHOOL BUILDING

Mr. G. C. Fairey has been awarded a contract to build a cement side walk connecting with main street to the school building. The walks will start at Morgan & Co. corner and run south to the J. B. Downs property, hence across the street east to the school building. The work is being financed largely by the Mothers Club through volunteer subscriptions. When completed this will be the longest string of walks in Lockney. They are very badly needed as it is almost impossible to get to school building in muddy weather.

County surveyor G. A. Linder of Floydada is here today running the grade. The work will start at once on construction.

of street walkers I may lose all interest in the rising generations and the development of Floyd county. The whole world is dependent upon the farmer. The time will come in Floyd county when the people will have to and will make more money on 40 and 80 acres than we are making on a half section, and it will be done by scientific agriculture; and not over one-fifth of our boys have an opportunity to attend agricultural college. I certainly am in favor of giving them the benefit of this training when it costs so little.

Sometime ago I was in a meeting of representative farmers of this county. Our county agent came before them and outlined his work and they were all heartily in favor of it. Later on it will show up why this opposition,—politics and personal prejudice. I am not running for office but am doing my best to fill one of the most important offices in the county, and if I should ever be a candidate it will be on a progressive platform. If I cannot do anything to help fit the boys and girls for their duties through life and help to develop this great country, I don't want the office of commissioner. It has been intimated that I should resign. I am no traitor and was never known to give up a post of duty when under fire. To do so at this time I would be a traitor to the boys of this county.

Now, I expect to spend the rest of my days on these vast ballies, and when the time comes to cross the great divide I expect to be laid a-

## MAYOR SETS CELAN-UP DAY FOR LOCKNEY

Mayor T. Z. Reed has set Wednesday of next week for clean up day for Lockney. Everybody is urged to cooperate in this matter. The school will take a half holiday, and the business concerns have been asked to close for the occasion. This is a precaution against the Flu, which has again made its appearance in various parts of the state. The Beacon urges every one to get busy and clean their premises and make ready for the Flu should it strike our town.

## FLOYD COUNTY FAIR TO TAKE PLACE NEXT WEEK

Floyd county's 12th annual Fair will take place at Floydada October 2, 3, 4. Preparations have been made this year for a big fair, and it will be doubtless more generally attended than any fair held in this county. We understand there will be a Lockney day, when all the people from Lockney and community are expected to attend. Let's all go and show our appreciation of the efforts of those who have labored to make the Fair a success.

## CHILD OF JOHN McDONALD SERIOUSLY BURNED

The little five year old child of Mr. John McDonald, living four miles south of Lockney was seriously burned the first of the week. The child got hold of some matches, setting its clothes afire. Mrs. McDonald was in the garden at the time, and hearing the child's screams ran to her and rolled her over on the ground. Seeing that she could not extinguish the flames in that manner she picked her up and ran to a barrel of water, into which she plunged the child and thus put out the flames. Mrs. McDonald's hands were seriously burned. The child is in a serious condition as a result of her burns.

## NOTICE OF MOTHERS CLUB MEETING

Next Friday afternoon at 4 o'clock the Mothers Club of Lockney will hold their regular monthly meeting at the school building. All members are requested to be present.

N. J. Smalley left last week for Tyler where he will attend business college.

## VISITING LADY DIES SUDDENLY AT HOME OF MOTHER

Mrs. Sina Martha Childress of Chillicothe, Texas, mother-in-law of Mrs. Bertha Childress, who lives on the old Biller place south of town, died suddenly some time Wednesday night. She and other members of the family set up until a late hour the night before. She was in splendid health, and her death is supposed to have been due to heart trouble. She was found dead Tuesday morning when she was called for breakfast. She was 58 years old. The family including her husband, arrived Thursday, and the funeral will take place tomorrow, burial in Lockney cemetery.

## NOTICE TO THE PUBLIC

Lockney, Texas, 9-26-1919.

In accordance with the advice of the State Health Officer to the mayor of the town advising him to issue a proclamation setting apart a day for clean up in order to prevent the wide spread of the Flu which has already made its appearance in several parts of our state, I as mayor of the town of Lockney set apart and dedicate Wednesday, October 1st, as the day for our clean up. Pile up all stuff which can not be burned and city will haul off same. Clean up all your alleys back of streets, vacant lots, back yards, back doors and your toilets to prevent spread of toilet paper after which clean up and be careful not to pile any trash in any place and leave without burning it.

We ask that all stores and places of business remain closed until 4 o'clock on said day and clean up our town. We consider that to disobey this proclamation will be a breach of good citizenship and should be held as such by the better people of our town. Hoping that things will work for good, I remain as ever,

T. Z. Reed, Mayor.

## HUSKEY-RUSSELL

Last Sunday morning at 10:30 o'clock, Mr. Jno. A. Huskey and Miss Mary Russell were quietly married at the brides home. Quite a number of their friends and relatives were present to wish them a long and happy journey through life.

They will reside in Lockney.

## NORTH FLOYD SINGING CONVENTION

Sunday, October 5th is the date of the North Floyd County Singing Convention. Will you please make the fact public through the Beacon. Of course it is all-day with dinner on the ground and every one is invited. All classes are urged to prepare class songs and a special or two.

Convention meets at Roseland school house. Let every one come with a well filled basket.

I don't know whether it is customary for the convention to receive the advertising gratis or not. If not kindly mail statement to me.

Thanking you, I am,

Sincerely yours,  
Charles E. Reynolds, Secy.

## CHRISTIAN CHURCH ANNOUNCEMENT

I want to say to the good people of Lockney and surrounding country that I have moved to your town to make my home for a while at least. I will be glad to meet and become acquainted with you. I am here to try to do you good. I am preaching for the Church of Christ at the College building. The interest and attendance are increasing from time to time. We would be glad to see you next Lord's Day at the morning and evening services. We will discuss the various matters that have to do with our work and worship at the morning service. The evening's theme will be "Sampson's Riddle," this especially for the young people, but we want the older ones as well. Come with a smiling face and cheerful heart.

LIFF SANDERS.

Attention is called to the half page advertisement of the First National Bank appearing in this issue of the Beacon. The Bank made a splendid showing as is presented in this advertising.

V. N. Dillard and wife returned Tuesday from a visit to Dalhart.

J. A. Carruth and family left Wednesday for Amarillo where they will make their future home. We are sorry to lose these good people from our town.

The writer and Turner Stevenson, cashier of the Lockney State Bank had business in Floydada Wednesday.

The letter to which I referred above is from one of the greatest educators who ever lived in Floyd county, or the State of Texas, for that matter, in my opinion. It is as follows:

"Slaton, Texas, Sept. 14, 1919  
"Dear Mr. Trowbridge:

"I have just read with great pleasure your article in The Hesperian relative to the petition asking for the discontinuance of the office of county demonstrator for Floyd county. Your article is very much to the point and I commend your courage at this crucial time. You are right, and my council is stay with your position until it becomes permanently establish-

ed in the hearts of the masses. Tell Bill Robbins that this is the first time I have ever known him to go far wrong on any proposition looking to better days for the people, and that I do not want to quit my job here and go up there to set him straight.

"You mentioned the school bond election at Sand Hill. Possibly I am to be blamed for starting that movement, but I have thoroughly enjoyed all the censure it brought upon my devoted head. I have been going through with some interesting experiences here the past three years. I came here to standardize the school work of this place, and I have had to fight hard for everything I have accomplished. A few standpatters have tried every way to obstruct my plans, but fortunately the harder they knocked me the firmer grew my backbone, and now the great mass of people are with me strong. I now have a most pleasant position in school work. Things are coming round my way at last. I am getting so I enjoy a scrap, for it means that something worth while is going to be accomplished.

"Take courage, and cheer up!"

"Sincerely your friend,

"CLAUDE V. HALL.

## Linoleum

A few years ago linoleum and kitchens were sole partners. Nobody thought of marrying Mr. Linoleum to any other part of the house. Today there are homes where the floor of EVERY ROOM WEARS LINOLEUM.

This is because house folks have awakened to the fact that nothing is so sensible, nothing so sanitary, nothing so economic. They are voting linoleums into parlors as well as upon porch. They are making dining-rooms and bedrooms snug with it. And in this they are following the example of Uncle Sam, who has been making of linoleums an almost exclusive floor fixture on land and sea.

Fortunately we have just received two rolls of Inlaid Linoleum and have invoices which shows more linoleum has been shipped.

### OUR ANNIVERSARY

With this issue the Lockney Beacon enters its 19th volume, and is therefore 18 years old. The present management has been in charge as owner and publisher 9 years this coming November. The future of the Beacon is very bright, enjoying at present a splendid business. For the many past favors and courtesies shown us since taking charge of the paper we are duly thankful. We have no extensive plans for the future, but will say that our policy will remain in the future as in the past, aggressive for the moral and financial welfare of our people. We are adding some new equipment to our plant in the way of a new and more speedy linotype machine. Our Model 14 has been ordered since June, and we are expecting its arrival right soon. To our readers and the friends of the paper in general, who have helped to make the Beacon a success under its present management we greet you on this our 18th anniversary, and wish for you and yours abundant health, wealth and prosperity.

A farmer on the street the other day had a sack of meal in his hands when he said: "Just look at this little peck of meal for which I paid 65 cents and which I used to buy for 20 cents. It is a dirty shame, the prices we must pay the merchant." He was asked if his only business in town was to buy meal. "No," he said "I brought in a load of cotton and sold it to one of the merchants." "What did you get for it?" was asked. "Thirty cents a pound," was his answer. One more question was asked: "How much did you get for cotton when you could buy meal at 20 cents a peck?" And he simply said, "You go to hell," and walked away.—Ex.

On the occasion of the opening of the Hill county fair Governor Hobby practically announces for another term of office. In commenting on the new party he stated that he was in the fight to the finish for democracy in Texas. Of course it might be that the Governor does not intend to offer for another term and may back up someone else, having the same policies as he. As for the Beacon, we do not want to see Governor Hobby offer

for another term. He has made a splendid governor, and has practically had the office two terms, with all the honors that go with same. So it seems to us best for him to step aside and let some one else come in. Of course, he should be active and see that the proper man is chosen, etc. Bob Henry has announced on the Bailey-Ferguson ticket, and Pat M. Neff of Waco is an aspirant for the honors on a progressive prohibition platform. Neff is the man to preside over the destinies of the state, with policies identical with those of the present governor. There are many others spoken of, but its our prediction that if Governor Hobby should not offer again, Mr. Neff will have easy sailing.

Any you Panhandle newspaper boys intending to spend the summer in Florida? If so we have a perfectly good suit of summer clothes we would like to trade you for a winter suit.

The storm at Corpus Christi has proven the most destructive to life and property in the history of the Texas Coast. The estimate loss of life in the Corpus district will exceed 500, with property loss of \$20,000,000. A tidal wave struck the towns on the gulf Sunday, September 13th, and carried havoc in its wake. An appeal has gone out to the countrymen, and liberal contributions have been made. Three thousand people in Corpus alone are homeless. The destruction was greater than the Galveston storm a few years ago. Doubtless a sea wall will be built around Corpus like that of Galveston, and thus save the splendid city from future destruction.

### Rural and Urban Labor.

Lockney Beacon: Foodstuffs of all kinds are on the downward scale as a result of the Government's activities against the high cost of living. Hogs and cattle have taken a drop, and on the Chicago market hogs reached the downward mark of \$14.50 early last week. Cattle have declined in price also, as has corn and other feed stuff. Everyone will welcome a downward tendency in the high cost of living.

The marked decline in market quotations for basic food stuffs is good news to town folks, especially those who have procured high incomes under recent difficult conditions and hope to maintain them. But every decline in the price of hogs, cattle, corn, wheat, cottonseed and similiar products is tantamount to a reduction of the farmer's wages. Cheap foodstuffs mean low monetary returns to farmers, which is equivalent to saying that the farmer's wages are reduced in the ratio of declining food prices. In European terminology, the agrarian population must sacrifice to the proletariat. But the proletariat can not permanently maintain a great disparity between town wages and the country wages. Even in recent years, when farming was uncommonly profitable, it was difficult to keep enough men in the agricultural regions to cultivate and harvest the crops. The condition will grow very much worse if a city car-

penier, for illustration, shall next year be able to buy seven bushels of wheat for one day's work. Dollar wheat in this country can not stand against dollar-an-hour labor in town. There was never a system of economics that could make it so, or rather keep it so. Wheat and other grains, cotton and its by-products, hogs and other meat animals, are the concrete expression of agricultural labor, and that expression can not for very long at a time mean one thing in the rural districts and another thing in the urban.—State Press.

The writer has been asked recently how he stood on the \$75,000,000 state bond amendment to be voted on soon. We have not been much concerned about this amendment, as we have never thought it had a ghost of a show of getting through, but to answer the question put to the Beacon will say that we are opposed to the amendment and intend to vote against it. In drawing the amendment and offering it to the people for their ratification it was thought that the auto license would create a sinking fund to pay interest and principal, but the amendment leaves it up to the Legislature to assess a tax to retire these bonds. The fact of the business we are not ready to turn the Legislature loose to saddle any kind of tax burden on the people. In addition of being opposed to the amendment we favor the repeal of the High-Way Commission law, and let the automobile tax be paid into the county treasury to be expended by the Commissioner's Court on public roads of the county. According to the High-Way Commission law a man that lives in the rural districts pays his tax, and if any money comes back to the county it must be expended on designated state highways. The tax paid into the county treasury from the assessment of the automobiles should be distributed to the various precincts of the county. While the Beacon stands for good roads yet it is not willing to go the limit suggested in the amendment and believes that the best interest of the good road movement of Texas demands that this amendment be defeated.

The newspapers tell of a St Louis woman who raised all species of cane about the rent on her apartments being increased \$5 a month, and that afternoon went down town and paid \$330 for a fur coat without a whimper.—Plainview News.

Publishing a newspaper is merely an avocation with Jess Adams. His vocacion is censor of styles for women's clothes, but the above report is something of a novelty and the public may hesitate about accepting it without further investigation. For they are all curious to see a whimpering fur coat. Working the furs of skunks, pole cats and other denizens of the burrow and the forest into ornaments for ladies clothes has long been practiced but the 1920 fur with or without a whimper doubtless will be a sensation. A whimpering fur coat may be a whangdoodle that drank alfalfa tea just before it as sacrificed to society's altar.—Canadian Record.

We understand that the "whimper" part of the coat is the tail of live animals caught and killed at the hours of midnight. You can buy a coat at Plainview, it is said, with or without a "whimper". The "whimper" is the real expensive part of the coat and only newspaper men's wives and banker's women folks can afford a "whimper" attached to their coats. We trust we have made the "whimper" clear to the Canadian Record scribe, now we would like to task how he has finally separated the skunk from the pole cat around Canadian. We have always heard them mentioned as one and the same animal. It is possible you have two kinds of pole cats up there, one named "skunk" and the "other pole cat." In your experiment have you extracted the skunk from the cat?

The article in this week's issue of The Hesperian from Messrs. W. A. Robbins and A. L. Bishop arguing against the retention of the County Agent work in the county for another year closes with what amounts to a suggestion that Mr. Trowbridge should resign because his ideas conflict with the ideas of the majority of his constituents, at the same time admitting that Mr. Trowbridge's work as commissioner is meeting with approval of the majority in every other thing he has undertaken to do as a commissioner. The Hesperian does not believe that the majority of the voters in the precinct would go this far. One would have to travel far and long to find any man who could please a majority of his constituents in a political position on all matters that come up for his decision. County Agent's work represents to Floyd County \$1,000. To this precinct it represents probably a third of this amount. That the majority of a man's constituents disagree with him

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

on the expenditure of \$333.33 in a precinct which will spend next year twenty times that amount on its road alone is too far-fetched for sound reasoning. The Hesperian is heartily in favor of the County Agent work in Floyd County. But were we opposed to it we could not see wisdom in asking a public servant to resign whose services otherwise are so wise and unselfishly given.—Floydada Hesperian.

The Beacon has read carefully the article referred to, by Messrs. W. A. Robbins and W. L. Bishop, and fail to find one paragraph or one sentence justifying their course in filling the petition against the County Agent's work in this county. Their main argument in their right to circulate and file such petition. To this the Beacon remarks that no one would call in question their rights to file this petition, or to make objections to County Agent's work in this county, but the question is: "What is the reason for this petition?" The article in question affirms and re-affirms that it is not a personal matter and that they have no criticism to make of Mr. Darrow's work. Then what is back these petitions? You folks can't take the position that County Agent's work is not constructive, and that it is not a money saving proposition to the county at large. If you say the work is of no benefit you deny the entire scheme of education, and affirm the farmer as a class does not need better methods, the stock raiser can not be taught anything in this county. As far as the Beacon is concerned it stands four squares for the work Mr. Darrow is doing in this county, and heartily endorses him for another year's engagement. The petitioners of Mr. Trowbridge's district does not represent a majority of the people of Floyd County, who, as far as we are informed, are in accord with Demonstration work in this county. There is no doubt in our minds but the court acted wise in re-employing Mr. Darrow at an advance salary to enable him to meet the high cost of living, and that said contract will stand, and the court will have the backing of a vast majority of the tax payers of Floyd county.

The practice, which is almost becoming a custom here, of teachers applying for a place in the schools and then, at the last minute resigning to accept a similar place elsewhere, at perhaps a few dollars more salary, is an injustice to the community not to mention being a reflection on the honor of their profession. A contract is a contract whether it be to teach school or to fulfill any other obligation. We hope to see the time when such action on the part of teachers will cause them to have their certificates with held for a year or two, somewhat.—Pampa News.

A splendid suggestion in normal times, but why criticize the teachers

in these matters, when all classes of labor is restless and disaffected. The great trouble is that common labor wages have increased out of proportions to that paid skilled labor, and there is no inducement for skill labor to hang on at present scale of labor from an immediate necessity standpoint. But in the long run skill labor will be better off than the day labor, as has been the case during normal times. In a few months the demand for day labor will cease in the Panhandle. As soon as the present crop is harvested there will be a scarcity of work in this section will effect all classes including skill labor.

This week at Graham a very deplorable accident took place at the public school when an auto driven by a girl twelve years old ran over a young lady seventeen, killing her before the eyes of her classmates. A terrible accident and one likely to be repeated in any city where people grow careless. We ought to take warning and when about schools, churches or other places of public gathering, drive slowly and carefully. On the other hand when we are walking across streets or roads it will pay us to give passing cars as wide a berth as possible. There is not a life in Clarendon so poor that it is not worth all the time it takes to be careful.—Clarendon News.

The main food for thought in the above is that, children should not be allowed to drive automobiles. They haven't the judgement of older people. We have some kind of provision in the State High-Way law against children driving cars under certain condition but it does not meet the situation. Each town should regulate these matters by ordinance.

The daily papers a few days ago carried dispatches giving account of the capture and holding for ransom in Mexico of an American physician by name of Dr. J. M. Smith. He was held for \$6,000 ransom and was released on payment of same. He was a physician to a big New York mining concern, and had been in Mexico 15 years. He is a cousin of the writer, coming from the only family of Smiths that are related to our family. Dr. Jack Smith, as we all knew him, visited us 15 years ago, just before going to Mexico. His old home is in Coryell county. This and

## The Reason Why

Rubber and Automobile Securities are Good Investments

The following facts and figures regarding the immense profits that have been and are being made in the Motor Vehicle Business are the most astounding the world has ever known.

### Chevrolet

The Chevrolet Co., is one of the best examples of the profits of the automobile business, starting with a very modest working capital it recently increased its authorized capital to \$80,000,000 in order to exchange its stock for that of the General Motors. One hundred dollars originally invested in this stock is said to be worth \$26,000.

### Dunlap Tire Co.

(ENGLAND)

Commenced business with \$112,000 capital. This Company was in business only two years when it sold out for Fifteen Million dollars cash.

We represent in the sale of stock the Texas Motor Car Association and the Southland Tire and Rubber Company of Fort Worth. Stock is \$100 a share. There is no better investment anywhere. See us for further particulars.

### MR. McCOLLUM WRITES OF HIS TRIP AND CALIFORNIA

Pasadena, Cal., Sept. 17, 1919. Dear Beacon Friends and Neighbors of Lockney Community:-

I will give you some of our trip. We arrived here today. We started to go through Colorado, and went as far as Raton, New Mexico. There we met people from all parts of the country, who prevailed on us to change our route. They told us that on account of the drouth it was al- most impossible to go that way, so we turned around and came to Santa Fe, thence to Albuquerque, thence to Gal- sop, from there to Halbrook, Flagstaff and Kingman. From there we came to Needles in California.

Well, I have seen about three hun- dred miles of this state. It is a moun- tain and desert country, sandy, rocky and dry. From Sanbordenor to Pas- adenna about 60 miles is one contin- uous vineyard of oranges and lemons. If it wasn't for the waste water to irrigate with they could not have any- thing.

Will tell you about the roads. Some were good and some were bad, some bad and some awful to get over, but we did not have very much trouble. I only had three punctures on the trip and they were caused by nails. We are all well, and had a pleasant trip.

Yours truly,  
C. R. McCOLLUM.

### WEEKLY CLUB LETTER TO BOYS

(By W. H. Darrow, County Agent.)

This is the last letter of the year. By this time next week I shall expect to see most of you at the Fair, with your exhibits and record books. I expect to see some keen competition for the prizes that are offered, for they are so extremely valuable that no member can afford to remain out of the contest.

In concluding the season's work it is well to look back for an instant and sum up just what we have done and what we have learned. The Boy's Agricultural Club is designed to give each boy a problem in farming to work out himself with the aid of advice from good farming practice. The idea has not been alone to teach you better or good farming methods, and it has certainly not been the motive to get you started on a scramble for prizes. The prize in itself is nothing. It is given to act as a spur to urge you on to work that experience has proven will pay big dividends to you, your county, and the generation in which you live.

The points of good farming which you have learned throughout the year will doubtless prove of value to you for years to come. But this is a small point compared to the others.

You have begun to learn to use your own head rather than follow blindly the advice of others. You have begun to want to know the reason why. You have begun to see that while you may have learned something this year there is so much more connected with farming that you don't know that you will have to keep right on learning. You have at your command, as has every other boy and man, a vast store house of knowledge and experience to aid you in your farming both present and future. The year's club work should have begun to open your eyes to this fact, and should be the beginning of an interesting, eager search for truth. You have started upon the most honorable career of farming, and as long as you keep your mind open to the truth; as long as you strive to learn more; as long as you profit by what neighbors, books and all sources of information can give you, that long will you continue to be profitable to yourself and to your country. When you have learned so much that you can learn no more, then your usefulness has ceased, and your presence in the world can do no more than slow the wheels of progress.

You have been told that you would receive a Boy Club pin if you completed your work. I want everyone

## Everybody Pleased

## City Grocery

of you to get that pin, because it is a handsome ornament to wear, and because it is of great significance to you. As a background the pin has an open book, signifying the effort to learn; around the book is a four leaf clover, which signifies the will to grow bigger, better crops; and at each corner of the pin is the letter H. These four H's stand for the Hand that toils in raising the crop or animals; for the Heart which inspires the Hand to accomplish the work; for the Head which furnishes the brain to direct the Hand; and for the Health that is necessary to succeed. Across the face of the pin is written the word "Demonstrator" because each one of you who has worked his job out to a finish is a demonstrator of better

farming methods, of the never-say-die spirit that doesn't quit, and of the beginning of a new day in farm life. Everyone of you who shows his worthiness to wear this emblem by completing his work and showing at the Fair will be given the pin free.

And so in closing these letters, and the year's work, let me repeat that your winning will not be counted in prizes, but will be measured in terms of your increased knowledge; your added ability to use your head; and the will the work has given you to follow further along the road of education, thereby making yourself a power for good in your community, your country your State, and America.

## SALVATION ARMY PLANS COMPLETE FOR HOME DRIVE

Texas Campaign for Home Service Fund of \$600,000 Fully Organized.

### SOLDIERS TO ASSIST ON SPEAKERS BUREAU

Workers Who Saw Oversea Service to Show Gratitude By Giving Help

Dallas, Texas—Fully organized in all of the Texas counties in the southwestern home service zone for the Salvation Army the state corps of organization men are going back over the field in an effort to solidify their work, according to Herbert B. Ehler, southwestern director of finance.

The campaign will open September 29. It will be preceded by a week devoted to Salvation Army work Governor Hobby has set the entire week aside by executive proclamation. In this week special appeals will be made to the public by the Salvation Army through speakers and soldiers' quartets.

### Overseas Men to Talk

The speakers bureau has made arrangements for a number of service men and women to talk in the largest cities of the state. Overseas heroes will be routed throughout the entire southwest. All of the five overseas Salvation Army officers who are available will be assigned work.

"Pa" and "Ma" Burdick will be available for a limited number of engagements. Lieutenant Colonel George Wood, commander of the southwestern district announces. No strenuous campaign will be outlined for them, however, because of their age and the inconveniences and discomforts of travel at this season of the year.

### Fighting Men Will Help in Campaigns

Waco, Texas—Fighters of the American expeditionary force are offering their services daily for the Salvation Army's \$600,000 home service drive in Texas which begins September 29, according to R. E. Logsdon, state campaign director, who has been arranging a number of novel

campaign features with the soldiers. Twenty-five men who have seen overseas service volunteered to help at Waco, Tuesday. The offer was accepted by E. A. White who was selected chairman for the city and county drive. The men will be used as solicitors among the most able to give, Mr. White announced.

### Legion Offers Service

J. M. Pollard, post commander of the El Paso American Legion tendered the services of the post to Major Richard F. Burges, district and city chairman at El Paso. Burges is a member of the post and a veteran of foreign service.

"You may rest assured that the legion will be glad to cooperate with you," Post Commander Pollard wrote Mr. Burges. "Advise us how we may be of service. The Salvation Army at a time not yet forgotten 'direct service' to many of us and we eagerly accept the opportunity to repay, in a small measure at least, the debt we owe."

Freestone county was organized Tuesday with E. P. St. Clair of Teague as chairman. Comanche county is rapidly perfecting an organization under the leadership of E. P. Woodruff of Comanche.

### Many Cities Demand Corps Organization

Demands for corps of Salvation Army workers are being made almost daily upon Lieutenant Colonel George Wood, commander of the southwestern division of the Salvation Army. Colonel Wood is now preparing his forces for the home service campaign which will open September 29.

Many cities that have never had forces of Salvation Army workers are planning to erect homes for corps. Wichita Falls, Texarkana, Port Arthur and Waco fall into this class. In each city a determined campaign will be made for building funds. In addition, each of the present twenty four corps cities will build for their workers.

### Wood is Pleased

"I am very much pleased with the result of our efforts to meet this demand for expansion," Lieutenant Colonel Wood said in speaking to state campaigners at Dallas recently. "Our greatest difficulty is not in getting money but in getting the necessary workers."

"The end of the war, however, is greatly decreasing the tenseness of our working corps situation. I fully expect that by drafts on big eastern corps and with graduates from our training schools, we shall be able to care for the demand without serious difficulty."

# Twelfth Floyd Co. Fair

Floydada, Texas, October 2, 3, 4, 1919

Will be the greatest in the History of the country. More than \$4,000 offered in premiums and prizes.

Put Away Your Cares and Come. Three days of leisure, with more entertaining features and exhibits than ever before.

Some of the things you will not want to miss: Automobile Races, Two Days, \$875 each day in prizes. Five cars already entered in Sweepstake races, representing Floydada, Spur, Plainview, Dalhart, Tulia and Lockney. Others expected to enter. Second and Third Day of Fair.

**TIMELY POLITICAL DISCUSSION.**—On the afternoon of the first day by Hon. James Spiller, favoring the adoption of The League of Nations, coming directly under the auspices of the League to Enforce Peace, of which ex-President Taft is President.

**ART EXHIBITION.**—One of the greatest educational features ever offered by a Southwestern Fair. More than 200 photographs and copies of the World's masterpieces of Art gathered together for your pleasure and profit.

**LITTLE PLAY HOUSE COMPANY.**—In Two Programs Daily. Matinee free of charge. Presenting the latest Broadway hits, by a thoroughly competent company, obtained at a big cost to the Fair Association.

**WILD WEST SHOW.**—Daily, Including Steer Roping, Relay Races and Sweepstake Races for prizes.

**OLD SETTLERS ASSOCIATION.**—Third Day. Old Settlers' Program in charge of their executive committee.

**TRACTOR SHOW AND DEMONSTRATION.**—Five or more tractors will be represented at the show and a plowing contest will be staged in a field easily accessible. If you want to know more about tractors before you buy attend this show and let the demonstrators show you their machines.

The Fair Association has more than trebled the Premium list in the regular departments of the Fair, including Poultry, Live Stock, Ladies' Division, Farm and Orchard, Boys' and Girls' Clubs, and Community. If you have not seen the list of premiums offered write the secretary for a catalogue. It will come to you by return mail. Competent judges have been obtained for every department, including one or more licensed judges, and a representative of the A. & M. College.

We are sparing neither time nor expense to make the Twelfth Floyd County Fair worth your time, educationally and just for a good time. If you are hard to please, come to this fair. You'll have a good time, and you'll learn something. Features being added daily.

### AMERICAN SYNCOPATED ORCHESTRA OF NEW YORK

AGGREGATION OF JAZZ JIGS  
CLEARS SPECIAL MUSICAL AT  
TRACTION AT VICTORY  
FAIR AT DALLAS

The American Syncopated Orchestra of New York, one of the highest priced and most unique musical organizations ever heard in this country, has been secured for special musical entertainments at the Victory Fair at Dallas in October. The concert will be in the Coliseum.

After a great deal of time spent in correspondence and personal negotiations, the American Syncopated Orchestra of New York, at last succeeded in engaging this stellar attraction for the Victory Fair this fall. At least two concerts will be given on dates to be selected.

Under the direction of Will Marion Cook, a musical wizard, this melodious aggregation of dark-skinned artists gives a program that for uniqueness, variety and originality differs from that of any musical organization ever heard before.

Characteristic selections in instrumental ensemble, saxophone, trombone, French horns, trumpets, bassoons, banjo and mandolin, as well as vocal solos, a wonderful vocal quartette, plaintive "spirituals," negro songs, folk songs, and unbelievable, but nevertheless actual, Boddie Gilmore's drum solo are among the surprising novelties sprung at every performance.

Effects in both solo and ensemble work heretofore deemed impossible or at least never heard before, are featured by the American Syncopated Orchestra of New York.

Their music is not all syncopated music of course. Their "jazzy" features, however, are brought in in unexpected moments and in unheard-of ways. Their renditions are so natural and spontaneous, and the combination of instruments in their orchestra so unusual, and different from the usual orchestra or military band, that entirely new effects are produced, tones, colors, not heard before.

After electrifying audiences in New York, Chicago, and other musical centers, the American Syncopated Orchestra is now touring Europe and the British Isles, but will return to the United States in time for their engagements at the Victory Fair in October.

Many Men Are Given Away  
In addition to the many other acts of mercy and compassion the Salvation Army last year gave away 22,542 meals at hospital, and rescue homes. It supplied 125,734 beds.

Many Cared for by Salvation Army  
661,215 men and women were cared for last year by the Salvation Army. 7,179 mothers were given clothing. 21,564 children were sent to the sea shore and medical aid alone the Salvation Army cared for 29,154 persons.

## To the Consumers of COAL

The Mines have not been running much over a basis of two days per week. All the dealers through the country, and especially the consumers, have not been buying their coal, and the consequence will be that along in October and November, and especially in December, we will probably see the greatest coal shortage that we have ever experienced. Of course everybody will want coal and

### The Mines Will Not be Able to Supply The Demand

Advertising costs us money, whether you buy from us or some other person, BUY IT. We will be glad to spend this amount, if it will be an inducement to you to lay in your supply of coal, you will buy it later if you can get it, why not now? We urge you.

# The Fair Week

The Fair which will be held in this vicinity through the coming week promises to be a grand success. Thousands of people of every cast and class from near and far are now planning to take in the sights and recreate mind the various pleasures and pastimes it will have to afford.

No doubt you will be among the many who will travel to revel in its enlivened surroundings and indulge in some of its unusual pleasures and enjoyments.

You will probably want to have some friends along with you for company's sake if for no other reason and would like to have some designated place in town to meet them before taking in the festivities. If so would you care to utilize our store for this purpose? We certainly would be delighted to have you do so. We cordially invite you to. We would consider it a favor indeed to have you use it for whatever purpose you see fit while you are in this neighborhood. We place it entirely at your disposal.

The acceptance of this invitation, by no means we wish to assure you, places you under any obligation to purchase anything of us. We did not issue it to you for that intention. But if of your own accord you see fit to make a selection or two you will find plenty of splendid values on hand to make it well worth your while.

Full and complete lines of new fall stocks will be everywhere in evidence and wonderful range of choice will accost you at every turn.

MRS. McCOLLUM WRITES EN ROUTE TO CALIFORNIA

Flagstaff, Ariz., Sept. 12, 1919.  
Dear Sister Smith:—  
Perhaps you will be surprised to hear from us. We are camped here at Flagstaff, having a little work done on the machine. We had tolerably fair roads until we left Albuquerque last Tuesday. We struck where it had been raining, and then we sure did have mud, mud. We never went but twenty miles that day. I have always said I would never ride in an airplane, but if one had come along I

believe I would have sang out, "While with others sailing do not pass me by." I don't think I will ever want to go to California again in an automobile unless they make better roads. They are working on the roads in several places. I suppose they aim to have good roads some day.

Albuquerque is quiet a city, some larger than Santa Fe. We have such nice camping grounds, plenty of good water and slides and swings for the children. There is such nice tall

pine trees here that they make the grounds look like a park.

Will close. Be sure and send us the Beacon. My address will be Pasadena, Cal., 1647 Market St.
