

United Way drive to kick off Monday

A kickoff breakfast for 150 fund-drive workers Monday morning will launch the 1977 Dimmitt United Way campaign.

THE BREAKFAST will begin at 6:30 a.m. in the Lamar Fellowship Hall of the First United Methodist Church. The Methodist Men, assisted by United Way board members and volunteers, will prepare a breakfast of bacon and eggs for all campaign workers.

Campaign Chairman Jack Edwards will distribute donor cards, give fund-drive workers

their instructions, and outline a "Dime a Day" campaign for 1977.

"If every family in the Dimmitt area will give or pledge just a dime a day for the coming year, we'll meet our goal and all 12 of our participating organizations will receive the money they need," Edwards said.

"THAT AMOUNTS to \$36 per family per year, and a bank draft of \$3 per month shouldn't pose a burden on any family, considering the good that this

money will accomplish," he added.

This year's goal is \$16,750.

"That's the minimum we need to raise," United Way President Reta Welch said. "The 12 participating organizations submitted budget requests totaling \$28,759, so the \$16,750 goal represents a barebones budget for most of them."

PURPOSE of the United Way drive is to raise money for many public-supported programs in a once-a-year campaign, rather than have a dozen

or more separate fund drives during the year.

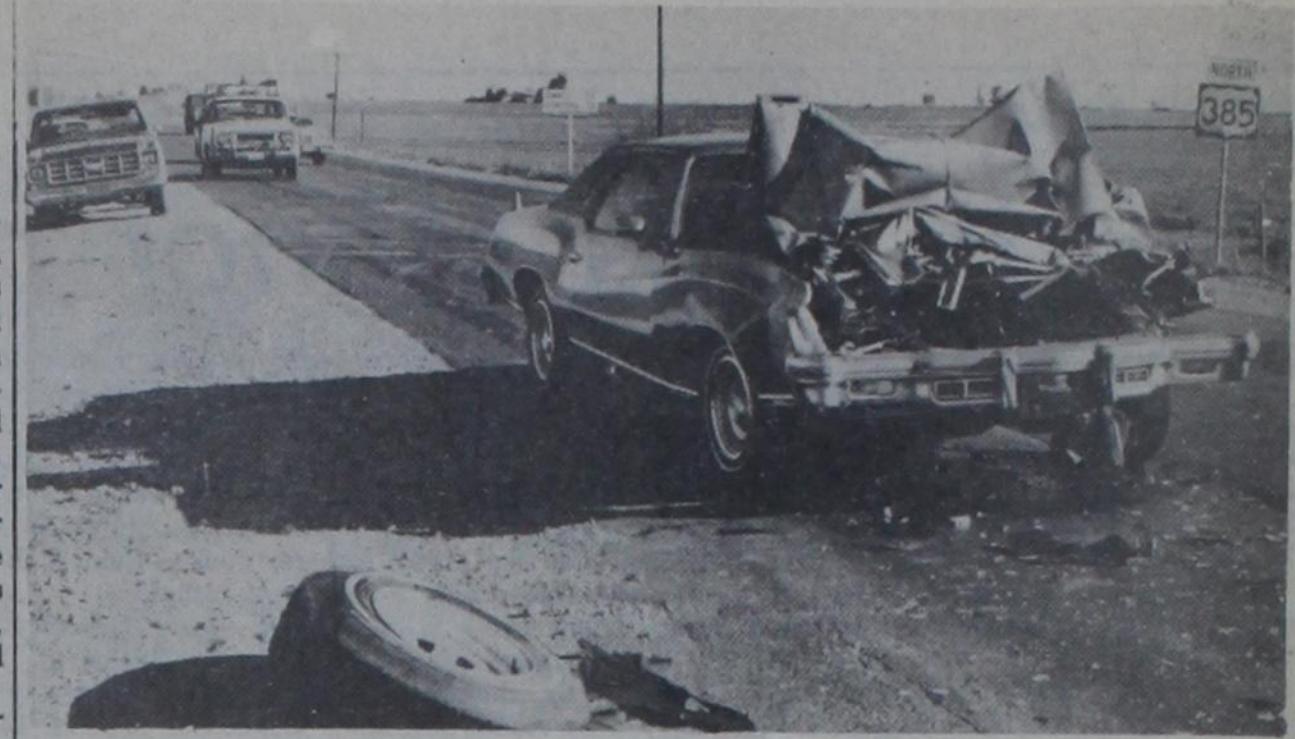

"The United Way includes all organizations that asked to be a part of it," Mrs. Welch added.

Benefiting from this year's United Way drive will be Dimmitt Kids, Inc. (junior baseball, softball and basketball), Meals on Wheels (a new program now being organized to benefit shut-ins), the Salvation Army, Southwestern Diabetic Foundation, Senior Citizens, Inc., Rhoads Memorial Library, Satellite Training & Work Center

(school for local retarded children), Presidential Classroom for Young Americans (a Washington, D.C., seminar for a DHS student), South Plains Boy Scout Council, Caprock Girl Scout Council, American Field Service (international student exchange program), and the Cystic Fibrosis Foundation.

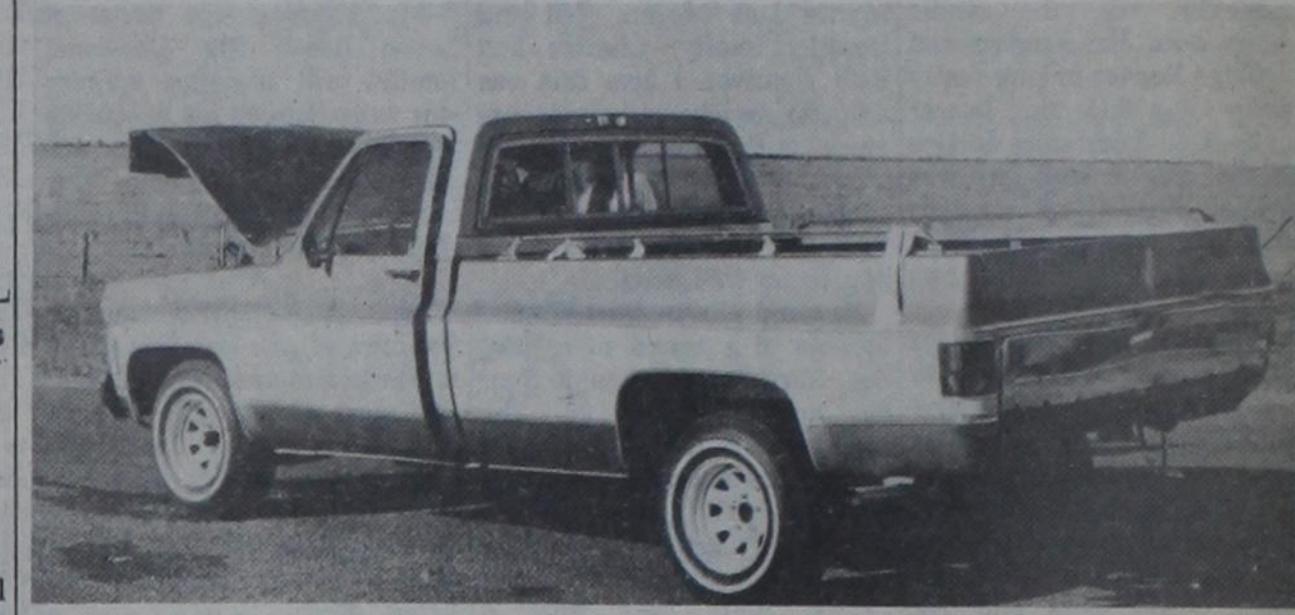

A UNITED WAY contributor may specify that his pledge or contribution go to one or more specific organizations in this group, if he wishes. Otherwise, donations will be distributed among all 12 organizations.

L. C. and Trudy Dennis and staff hosted large gathering of people at the open house for the plush new Dennis Funeral Home Sunday. Not being an architect or interior decorator, I am not capable of giving a proper description of the new establishment, but after a tour of the facility I am sure there is no nicer funeral home in all of West Texas. Mr. and Mrs. Dennis are to be commended on their progressive business policies and concern for the Dimmitt area.

It might be prudent if everyone would reserve judgment on the Panama Canal treaty until more facts about the agreement are revealed. There are too many knowledgeable people who have studied the ramifications of the problem, and given their support to the passage of the treaty for it not to have merit. Before writing to your congressmen, Senators especially, in opposition to the treaty, just cool it till you have sufficient information to know what it is all about.

The board of directors of the Meals on Wheels organization met Tuesday evening and continued planning for the program that will be put in operation soon. Tentative plans are to start the needed service about November 1. A number of people will be called on to assist in making the Meals on Wheels a success, and if you are one of them you will be expected to respond. Carolyn Side is president of the organization.

Dwight, Thursday, at 8 p.m. is the time for the regular monthly meeting of the Castro County Museum Association members. All members who possibly can be urged to attend and contribute to the continued development of the historical museum. Everyone who has an item, or items, that would be suitable for display in the museum is urged to contact an official of the association, or better still bring the items to the museum.

Gospel night set Tuesday

Tuesday night at 8 will be a "Night of Gospel Enjoyment" held in the Dimmitt High School auditorium and sponsored by the Castro County Ministerial Association.

"EVERYONE is invited and there is no admission charge," Don Price, president of the association, said.

Price added that the program will consist of all local talent, with Jerry Marvin and Price serving as masters of ceremonies.

"Hershel Wilson is going to lend his sound system for the evening, as well as joining in the performing," Price said. "Zelda Ellison is expected to do a few numbers, and a sextet from the Fourth and Bedford Street Church of Christ and the First Christian Church adult choir are also on the line-up."

It's not too late to get on the program, Price said. Just call him at 647-3403.

"A PENTATONIC TRAVELOGUE Through Holidays, Moods and Seasons" is the title of this book of songs written by Dwight Joiner [right], music teacher in Dimmitt Middle

School and Helen Richardson Elementary. Sue Broderson [left], Dimmitt High School art teacher, did the illustrations.

Dwight Joiner authors new book

Dwight Joiner, Dimmitt Middle School music teacher, is the author of a new book called "A Pentatonic Travelogue Through Holidays, Moods and Seasons."

THE BOOK'S 70 pages are decked with illustrations by Dimmitt High School art teacher Sue Broderson, and contain all original songs written by Joiner for use with the Orff music system, implemented in the Dimmitt schools last year.

"There is not much available in material that can be used with the Orff system," Joiner said. "That is one reason for this book. I wrote these songs to meet specific needs of my students. I wrote 75 percent of the material we used last year."

Joiner added that he has another book, "Brandin' Irons, Tomahawks and Ten-gallon Hats," being prepared for the printer right now, and he has plans for a third book dealing with a music therapy program for educable mentally retarded (EMR) students.

"Orff believes that all children have natural ability to send and receive rhythmic movement," Joiner said. "Everything in his system is based on movement."

Movement, rhythm, singing, playing and creating are the five elements of the Orff system. Improved coordination, memory sequencing and memory control are some of the side benefits of the program.

"And the benefits don't just stop with music," Joiner said. "The benefits have been shown to spill over into all areas of learning."

STUDENTS in Joiner's classes use rhythm games, rhythmic speech verses, and body movements such as stamping, patting, snapping and clapping, as well as pitch percussion instruments such as metallophones, glockenspiels and xylophones and non-pitch percussion instruments such as drums, wood blocks, triangles and so on.

"The students start out making music, then later learn the principles behind it," Joiner said. "That is one reason the Orff system is based on the

pentatonic, or five-tone, scale rather than on the more conventional diatonic scale. There are no dissonances in the pentatonic scale, which makes anything the student plays sound nice, and encourages improvisations."

In addition, Joiner incorporates parts of the Kodaly system into his music program.

"Kodaly, a Hungarian, devised his system to simplify the teaching of patriotism-building folk songs to Hungarian school students," Joiner related. "His system also has emphasis on the pentatonic scale, because most folk songs are pentatonic."

The Kodaly system teaches music literacy, with students learning correct techniques for reading, writing, playing and singing of music. This system is emphasized more in the older age levels.

"The overall improvement of the student enrolled in these systems, as proven in European studies, makes them a natural choice for use in therapy for EMR students," Joiner said. "I'm working out such a therapy program as part of my graduate research with West Texas State University for my Masters of education supervisor certificate and for my special education certification."

Joiner took courses in the Orff and Kodaly systems last year at Stephen F. Austin University in Nacogdoches, one of the few universities offering the courses.

Museum group sets meeting

A membership meeting of the Castro County Historical Museum will be held at 8 p.m. today (Thursday) at the museum building on West Halsell St.

THIS WILL be the regular monthly meeting of members, to hear reports and plan further work and activities. The museum had its formal opening during the annual Castro County Roundup last month but additions to the exhibits are still being made.

"I GAINED certification in level one in the Orff instruction," Joiner said. "There are three levels and to reach the third, one must complete nine weeks of study in the Orff Clinic in Salzburg, Austria, where Orff himself is an instructor. That is one of my goals, to be able to reach level three."

Out of all the students who took the courses at Stephen F. Austin, Dr. Young, head of music education there, would only recommend Joiner and one other as qualified to lead workshops on the systems.

Joiner is scheduled to lead a workshop for the Killeen school system and for the New Mexico Recreation Lab.

"Also, as chairman of Region 16 (Lubbock area) of the Texas Music Educators Association, I am helping organize a joint-region workshop with Region 1 (Amarillo area) on the Orff and Kodaly systems to be held in Dimmitt probably in April," Joiner said.

Some of the effects of the program in the Dimmitt schools are already becoming visible. The number of middle school and high school students enrolled for choir has nearly doubled from last year.

Other music teachers implementing the Orff and Kodaly systems are Ruby Moultre in the kindergarten through third grade level and Doug Henry in the high school and middle school levels. Joiner has one second grade class, two third grade classes, all of fourth grade and part of the fifth and sixth grades.

"The students in my classes last year gained two to three years of music knowledge in one year," Joiner remarked. "It did a lot more for them than I thought it would. Now kids are wanting to take choir."

According to Joiner, music educators used to say you'd had a successful year if 80 percent of your students could sing on pitch at the end of the year, but Joiner added that 100 percent of his students last year were singing on pitch at the end of the year, although he admitted it may not always be the case.

"When we took over the operation of the plant, the rate was four cents per thousand," Lapins said. "In December 1973 our rate went to 11 cents, and later to 25 cents."

or more separate fund drives during the year.

Three new Chevys wrecked in dealer-convoy pile-up

Two moving-traffic accidents occurred in the county Monday and Tuesday, resulting in damage to five vehicles, with three persons slightly injured.

THREE vehicles in a dealer

convoy of new 1977 Chevrolets were involved in a chain-reaction pile-up at the intersection of US 385 and State 145 Monday morning, 12 miles south of Dimmitt. The new cars and pickups were in transit from Hereford to Slaton.

But the ordinance didn't get off the table after Dan Nelson presented petitions demanding an election of the issue.

The petitions bore 297 signatures, 103 more than were needed to force the election.

Accompanying Nelson were

Don Gregory and Charles Nutt.

The petition read:

"Whereas, the undersigned citizens of the City of Dimmitt, Texas, object to the expenditure of in excess of \$1,000,000 without approval of the voters, taxpayers or water users of said City, and

"Whereas, in order to register our opposition to such action by the City Commission of the City of Dimmitt, Texas,

"We, the undersigned residents of the City of Dimmitt, Texas, do hereby petition the City of Dimmitt to submit to a vote of the citizens any expenditure of such magnitude."

ANGERED over the petitions, Mayor Elmer Youts told Nelson, "We're sorry you feel this way. We feel we have done our due-level best to do a job for the city at the best price possible."

"I'm not opposed to the expansion of the water system or to the need for it," Gregory said, "but I question the city commission's authority to issue bonds without an election."

"Then you'll have to get the state law changed," Youts said. "The state gives a city that authority."

"WHY NOT pay for this water system with tax bonds?" Nutt asked.

"Because if we issued obligation bonds, it would place a lien on every piece of private property in this city," Gregory said, "but I question the city commission's authority to issue bonds without an election."

South Hills Manor residents enjoy 'mock wedding'

By MYRTLE SHEFFY

The big fun party of the time was the "Mock Wedding" out in the South Hills Assembly Room Saturday evening. The bride was six-foot Phillip Jones of Sunnyside and the groom was Dorothy Musich dressed in a black suit with a tiny black moustache and black wig. Joyce Adrian R.N. was the best man and Virgil Justice dressed in a long blue lace dress with a long curly wig was the bridesmaid. Oh, yes, the candle lighters were Jim Sanders and Etheridge Reaves in long pretty dresses. The little ring bearer was freckled face Janice Justice and the cute flower girl was Hershel Wilson, a six-foot blonde with a pretty blue dress that his wife, Mrs. Wilson, had sewn up.

MOTHER of the groom was Lonnie Wilson and mother of the bride was M.C. McClenney. Mrs. Justice sang "Buffalo Gal" and "Side By Side", with Mrs. Gene Ivey at the piano.

Mildred Wortham made the two big cakes served with punch. Olivia Ortiz and her cooks helped decorate. All the nurses aides, dressed like boys, served the punch and cake. They are Sharon Leinen, Flossie Jones, Gayle McElroy, June Reaves and Lee Wall. All the guests went out thinking it a real wedding. "Oh mercy me." The preacher was Delores Gilliland, a quite old man with curly grey hair and long whiskers. All the guests really dressed up.

MANY people went out to Dennis Funeral Home on West Clovis Road Sunday. It is a beautiful place with several rooms for people to visit or rest in and the Rose Chapel quite large enough for the service.

Mr. and Mrs. Dennis greeted the guests who came for open house and Rex Cowart, and Dan and Ona Dee Heard showed them around. Nell Humphrey was at the guest book. Virginia Cowart served the good fruit cookies and punch from a pretty table in the coffee room. Jo Warren, who works with the Dennis, was helping greet the people and showing the house. Jo's brother, Roeter Warren, was here also. He is a student at South Plains Junior College at Levelland. We can be proud of this nice addition to the city.

I forgot to say that all 30 members of the mock wedding cast had supper together at K-Bob's Saturday, probably guests of the Virgil Justices.

Do go out to the home and visit. Something is doing most every day. And Saturday at 6:30 p.m. will be the Dunns' music hour. You are invited.

HAROLD AND Shirley Stephens were host and hostess to the dinner bridge Friday evening. Ham and sweet potatoes and salads brought by the guests were enjoyed by Aural Davis, Helen Richardson, Carole and Goldman Dyer, John and Sue Merritt, Russel and Myrtle Lois Moran, Ted and Dorothy Sheffy, Charles and Estelle Vandiver. I hear this was a fun Aggie joke and visiting as much as the bridge games.

Sam or J. C. Gilbreath had surgery last weekend at a Plainview hospital. We wish him well soon.

Rex and Shance Lust are the parents of a brand new baby boy, Cory Rex, who came Sunday morning, Sept. 25. The grandparents are Reedford and Betty Burros and Houston and Doris Lust. The greats are Vern and Millie Lust and Reedford's mother Mrs. Henry Stoval of Clovis. Betty says what a strong-lunged fellow. Let out a big yell the first minute. And the first time to be aunties are Sharla Burros Vaughn and Sherri Burros Matthews. Of course there are several Lust aunts, Ann, Sue and Flo.

Opal and Herbert Welch of Levelland were Sunday visitors of George and Josie Bradford and Penethia Armstrong. You will remember her as Opal Thompson, a former Flagg and Muleshoe resident.

I MET Lucille Williams and Mrs. Bill Jones of Lubbock in one of the stores here Saturday. They were planning to visit Merle Carrill if she was home. No one stays home anymore.

Horace Carlile is home though after a two-week stay in the hospital. Seems to be fit as a fiddle.

McRee went to Ruidoso a while back. They saw the horses run and went up to the ski lift, just seeing what they could see.

And last week Wes and Alice Anthony, Cletha George and Leola Haber went to Ruidoso for a change of scenery.

George and Marie Howell and children went to Idalou to see the football game between hometown Idalou and Lubbock Cooper. Seems Idalou won 47-18. They visited the Howells too.

Mr. Fleming, the father of Lavon Reeve (the Chevrolet family) will undergo surgery this week. I think his heel bone was broken in a fall. This will be done in Fort Worth. Our thoughts and prayers go with these people who are ill.

INA CLEAVINGER went to Sweetwater one day last week to see her mother Mrs. Lewis. She went along with Kathryn Birdwell and son Jim, who went to Roscoe to visit her mother Mrs. Norris. This week the Birdwells took Jim to the speech therapy school at Ann Arbor, Mich.

Mr. and Mrs. Bill Smith came here from Del Norte, Colo., to visit friends Alvin and Frances Frazier on Monday. One day last week Frances went to Littlefield to be with her dad Floyd Ivey who is in the hospital recuperating from a heart attack. He is doing okay now.

Billye Gwen Davis visited her daughter and her husband last weekend. That is in Lubbock. She got to see her son Lance Davis there. He is working in Shawnee, Okla. All attended

McRee went to Ruidoso a while back. They saw the horses run and went up to the ski lift, just seeing what they could see.

Mr. and Mrs. Joe Scott went to Abilene last Monday to attend the funeral of Joe's brother Chester Scott at the Baptist Church. Mr. Scott died rather suddenly, maybe heart attack.

THE GARDEN Beautiful Club in Hereford is having its flower show in a tour of three homes Friday 2 till 6 p.m. and we are invited to come by Mrs. Ray Cowert. The homes are the Armon Lauderback's at 113 Hickory St., Mr. and Mrs. Dana Rush, 226 Cherokee and Mr. and Mrs. Glen Watts at 126 Pecan Street.

Mrs. George Bradford baked a coconut pie then invited a few friends in for pie and bridge. They were Opal Bearden, Retta Cluck and Myrtle. That was Thursday afternoon.

Another Thursday bridge party was in the home of Ina and Jim Cleavinger. She served a salad plate and coffee to a group of ladies who came in and went due to the harvest activities. Coming and going were Courtenay Armstrong, Ruth Jackson, Shirley Wise, Carolyn Jones, Betty Patterson, Polly Simpson, Mona Merritt, Doris Lust, Joannis Robertson and Dorothy Gilbreath.

Jack Cowert has been in Oklahoma City on real estate business the past week.

MR. AND MRS. David Land are the parents of a new baby girl who came last week. Her name is Angie Dawn. David finished school in Dimmitt, a good ball player, and came

back later as a basketball coach. He is now girls' basketball coach in Clarendon.

Jack and Myrna Miller went to a law institute at Lubbock and they and daughter Cara and Anne Helderwirt, the student and houseguest from Belgium, were at the big Tech game with A&M. They say a good game and a good time with the record-breaking crowd.

Vicki Hunter had friends in from New Hampshire. They are Leisa Clough and Melody Johnston. All were in school together at Eastern New Mexico University at Portales. Vicki is with Killingsworth Builders.

DO CALL Ramona Annen about the duplicate bridge lessons for beginners. And call Bobbie Damron if you would like to play at the Friday bridge parties.

Bob and Wanda Kay attended the 84th birthday party of mother Minnie Kay in Plainview Saturday. The 68 Kays who came (11 were Mrs. Kay's children) had a tea for the residents of Christian Manor where she lives. Then the family reunion was at the

Holiday Inn. Delese Kay, Bob and Wanda's daughter, is in Dimmitt doing her student teaching under the sponsorship of Mrs. Bill Snider. Delese is a student at Texas Tech.

Millicent Davis called to say she finally made her trip with cousin Geraldine Garrison of Amarillo. They went by car to Nashville, heard and saw the Grand Ole Opry and other tourist sights. Went on to Fairbourne, Ohio where they visited former minister D. C. and Mrs. Lawrence and their son Danny who was home from Germany, then on to Big Clifty, Ky., where they visited former Dimmitt residents James and Brenda Stader. The trees were too thick for these girls, but very pretty and should be turning gold by now.

MRS. ELZIE Vanderburg of Spearman, Mrs. Bill Hoffman

and daughters Julie and Lora of Lubbock, Mrs. Odie Lee from Las Vegas, N.M., were dinner guests of friend Alice Killingsworth Friday. And Woodrow Killingsworth, who is chairman of the board of Camp Blue Haven at Las Vegas, N.M., a Church of Christ camp, was host at a steal dinner for 16 members of the board from over Texas making plans for another year.

Take a Second Look

On your first look, you may think that this little girl is riding a rocking horse, but look again. It is not a rocking horse but a little donkey.

About animals now, and children. Donkeys were one of the first animals to be tamed by man, and are gentle animals when they are not practicing the quality of being stubborn.

The quality of gentleness somehow reminds us of our Saviour, the Wonderful One.

Parents, teach your children about Jesus, who admonished us to let the little children come unto Him. Our Lord would remind us that the little ones are precious to the Father. We invite you to take the children to church this week.

**EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

HAPPY ANNIVERSARY!—Noting that the Dimmitt United Lions Club will be 10 years old in May, District Governor Felix Rials [left] of White Deer presents the new charter and membership records to President Emigdio Sandoval while Secretary Pete Salinas [right] looks on. The district governor made his official 1977 visit to the United Lions Club last Thursday night.

United Lions host district governor

"When I think of great men I don't necessarily think of those in the White House. I think of all the Lions across our country and around the world," District Lions Gov. Felix Rials of White Deer told the Dimmitt United Lions Club at a dinner last Thursday.

HE WAS making the point that one man's idea or one club's project can grow into a district or state activity.

An instance given by the speaker is the High Plains Eye Bank, started by an Amarillo Lions Club, which was the subject of another phase of the

Eye Bank 'in a bind' for money, Dobbs says

James Dobbs of the Easter Lions Club, now serving as board president for the High Plains Eye Bank which is sponsored by Lions Clubs of this district, told Dimmitt United Lions that the organization is "in a financial bind" and urged further support as he spoke at their dinner last Thursday.

HE ASKED for a \$2 per member contribution from all Lions Clubs in the district for the eye bank at Amarillo, which has supplied eyes for 331 corneal transplants since its founding in 1961.

Dobbs and another eye bank board member, Joe Don Cummings of Hereford, were guests of the local club at Ann's Steak House. He outlined the work of the eye bank, including booths

and exhibits at health fairs and the Tri-State Fair in Amarillo. An in-service training program was lately conducted for 18 persons at the Plains Memorial Hospital here, Dobbs said, after it was necessary for the eye bank to refuse the donation of eyes by a man whose death occurred last summer because PMH personnel was unfamiliar with the procedure of delivering the legacy to Amarillo. Eyes to be used for transplants must be extracted within three hours of death and used within 36 hours, he explained, and care must be taken to keep them sterile and within the prescribed temperature range.

MOSES AUSTIN is often called the "Father of Texas."

Farmers study rotation, water tips on beet tour

Producing sugarbeets for the most profit and the least water was stressed on a tour at the USDA Research Center at Bushland last Thursday. Touring the research plots were 50 growers and Holly Sugar Corp. fieldmen.

DR. STEVE Winter, Texas Agricultural Experiment Station researcher, showed visitors sugarbeets that were planted dryland in the spring of 1977 where corn had produced in 1975. Eight inches of soil moisture was stored during the year of fallow.

"The good rains in early August assured us a crop and we estimate the yield at 13 tons per acre," Winter said. He also showed sugarbeets that were watered up but had no summer irrigation. A similar treatment in 1976 produced 15 tons per acre. Yield estimates made last week indicate a 14-ton per acre crop for 1977, the researcher pointed out.

In 1976, a five-inch emergency irrigation followed by two or three summer waterings produced 22 and 25 tons per acre. The scientist expects 1977 yields to be a little higher because of good August rain. Five summer irrigations produced 30 tons per acre in 1976.

DR. WINTER pointed out that sugarbeets are unique—they respond to water any time of the year. Early yield estimates show that an inch of irrigation produced 0.9 of a ton of sugarbeets in 1977.

Other crops have a critical water-use period from boot to grain filling. Water applied at this time makes the most

dinner program at Ann's Steak House.

Rials told of the Texas Lions Crippled Children's Camp at Kerrville which has enabled many children to overcome handicaps and succeed in life.

It was started by Kerrville Lions, Girlstown USA at Borger was started by Lions there, he continued.

ALL THESE projects became too big for local clubs, the governor said as he listed other typical Lions projects he has seen—support of bond issues for paving, swimming pools and other community needs.

"BECAUSE of its stand for peace and humanitarian purposes, Lions International is the only civic club in the world that can go in and work in countries where even our State Department can't go," Rials concluded.

He announced the District 2T-1 midwinter conference in Amarillo Jan. 27-28, the annual convention at Dalhart May 5-7 and Lions International convention in Tokyo next year.

Many clubs plan special service projects Oct. 9, World Lions Service Day, the governor said. October is Membership Development Month with awards waiting those who secure the most new members.

The United Lions have donated \$150, the proceeds of their light bulb sale, to Boy Scout Troop 275 to buy new uniforms. Plans were made to sell Lions Halloween candy Oct. 22.

Fire Prevention Week posters will be judged Oct. 16 at the fire station in a contest sponsored by the club, President Emigdio Sandoval announced.

Mental health fund increase recommended

The Mental Health Association praised most of the recommendations made in a preliminary report by the President's Commission on Mental Health.

MARY CHASE Pell, MHA National President, said in a telegram to Rosalynn Carter, honorary chair of the President's commission: "We are particularly pleased with the commission's recommendation for an increase in funding for mental health research."

Citizens of Dimmitt supported the Mental Health Association in May by contributing to a Bellringer drive organized by Mrs. Billy Clark.

The commission urged President Carter to support a federal mental health research budget increase "in the range of 20 percent" over the current appropriation. If realized, research sponsored by the National Institute of Mental Health would receive \$140 million in fiscal year 1979.

4-H Week ...

[Continued from Page 1] environment to live and grow in," adds the 4-H leader.

ACCORDING to Pelham, the 1977 theme means the freedom to set goals and reach for opportunities. "While it is the freedom to understand one's own aspirations and needs, it is also the freedom to appreciate people of other cultures and other lands."

As President Carter explained in a message to 4-H members and volunteer leaders: "4-H—Freedom to Be" is the most appropriate theme for an effort that reaches out to all young Americans—rural and urban—from all racial, cultural, economic and social backgrounds. For many, 4-H is the door to a lifetime of personal growth and self-fulfillment."

Rotary hears from Panama

The Dimmitt Rotary Club received a letter from the Rotary Clubs in Panama, asking for improved communication between the clubs of the two nations.

"THE MAIN intent of the letter seemed to be that as long as we're talking to each other there will be less misunderstanding when troublesome issues come up," said Club Secretary Bill Behrends.

Fourteen members, one visitor and the club sweetheart were present at the regular Friday meeting.

Bill Behrends, program chairman, had the newer members, Dale Wells and Gary Moore, tell a little bit about themselves.

WELLS, minister of the Fourth and Bedford Church of Christ, said he is from Waco and that his father is a part-time preacher there.

Moore said he is from Canyon, and that his father is Dr. Dudley Moore. Moore is a graduate of Texas A&M University and is employed by Dimmitt Agri Industries.

Behrends said that the program Friday will be brought by Jim Reeves, Regional Director of the Easter Seal Society for Crippled Children and Adults of Texas.

Wells won \$4 for correctly answering a question on the contents of the club's monthly magazine.

New materials at Rhoads Memorial Library:

1. "Talking Cassette Encyclopedia" — A 10-volume set (six cassettes to a volume) on all subjects. Each cassette runs about 10 minutes.

2. "Cat in the Hat and Other Dr. Suess Stories" — Read-along cassettes with filmstrips.

3. "The Berenstain Bears" — Read-along cassettes. (You know the Berenstains through cartoons in the newspapers.)

4. New children's books with notable additions of factual material like "How to Write a Report," etc.

5. "New Mexico Place Names" — A dictionary guide to the names found on New Mexico maps. For example, did you know that Ysleta was in New Mexico? It is a ghost town along New Mexico State Highway 14. It was founded in the early 1800s. Find other various information in this book.

6. "Make Mine Menudo" by Ella Lopez — A Chicano cook book featuring menudo, albondigas (meatballs) quesadillas, guacamole and more. Did you know that champurrado is Mexican chocolate (hot chocolate drink) and corn masa — very interesting?

7. "Vivian Leigh" controversial best seller not allowed to be purchased at Brown's House of Books in Amarillo.

A GOLD STAR award goes to Green Thumb Myrtle Behrends who is helping us pull hundreds of worn children's books out of our catalog.

A handshake to all the people who brought back their long overdue books or who contacted us about them.

Thank You! A ball of warm dirty wax to those who didn't.

Thank you, anyway.

Thanks to all the brave souls in the Genealogical Society who killed all the crickets in the library last Thursday during the meeting. We shall establish a new award or something — say the SWAT team award?

Cats draw tough foe; 'Horns, Swifts travel

they were title contenders all the way.

With a line full of 200-pounders, Friona's team will be the biggest Hart has faced.

THE SWIFTS will be definite favorites when they invade Whiteface.

Coach Bert Leaverton's Antelopes haven't won (in fact, they haven't scored) in four outings. They've lost to Lazbuddie 44-0, to Dawson 7-0; to Wilson 28-0, and Friday night were the victims of the area's worst rout, 86-0 by Ropes.

Coach Eddie Hooper's talented Swifts, meanwhile, have the most deceptive 1-3 record of any team around. They've lost to two state-ranked teams—Farwell (No. 2 in Class A) by 28-18, and Motley County (No. 8 in Class B) by 18-6, and to defending Class A regional champion Hart by 20-0. They stomped Smyer 48-0, and hope to add Whiteface to their list of victims Friday.

Dimmitt man's mother dies

Funeral services for Mrs. Hazel L. Rush, 83, of Kansas City, Mo., the mother of George Rush of Dimmitt, were conducted Tuesday morning and burial followed in Kansas City. Rush attended the funeral rites.

MRS. RUSH was a lifelong resident of the Kansas City area. Her death occurred there Saturday morning.

She is survived by two daughters, two sons, nine grandchildren and nine great-grandchildren.

Fire calls

The Dimmitt Volunteer Fire Department was called Tuesday afternoon to a fire at the Taylor Feed Lot about 12 miles south of Dimmitt.

"SOME DUST in the grain dryer got to smoldering," said Assistant Fire Marshall Charles Littlejohn. "We put the high-pressure fogger in there and got the fire under control."

OPEN TO all kids in Castro County, the contests here will make winners eligible to compete in area meets. Trophies will be given to local winners in each age group.

Entry forms will be available at the stadium Saturday, and no advance entry is necessary. The contests are sponsored each year by Ford dealers.

Quite a few months ago this column dealt with the booming smoke alarm market. Every house needs one. Fire departments are enthusiastic about them. And there is no question that lives have been saved because of the smoke alarm effectiveness.

TOUGHER standards for smoke alarms are going into effect soon. So tough that some of the present smoke alarm models won't be able to meet the performance requirements. The new standards would require a smoke alarm to sound at 7% smoke (7% of vision per sq. ft. is obscured by smoke) when a large room is slowly filled by smoke from a smoldering source. Underwriters Laboratories has been developing the new standard because there is none for smoldering fires, even though 75% of all home fires start that way.

The first smoke proposal was for 17% smoke but the National Bureau of Standards nixed that one because they found that 15% smoke is the maximum limit for safe evacuation. One manufacturer proposed a 4% smoke standard so Underwriters Laboratories compromised on a 7% figure.

THERE ARE two types of smoke alarms, the ionization-type and the photoelectric device. The ionization-type is the most common and is manufactured by a wide range of companies. The photoelectric smoke detector is relatively new and will detect smoke at 2%. Naturally, the photoelectric smoke detector manufacturer pushed for a low smoke standard in hopes of freezing out the ionization-type device.

Forum planned for candidates

The Top O' Texas Democratic Club will hold a forum at Pampa Oct. 3 for the three Democratic candidates seeking to fill the 31st District Senatorial seat recently vacated by Max Sherman.

THE THREE seeking the seat are: State Representative Bob Simpson, Burk Whittenburg and Mel Phillips, all of Amarillo.

The program will consist of an opening statement by each candidate, questions presented to all of the candidates from a panel of four (representing labor, education, farming, and the news media), and a question and answer period open to the floor.

This program will begin at 7:30 p.m. at the Pampa Senior Citizens Center, 500 W. Francis, Pampa. The meeting is open to the public.

FOILED!—Hart's Johnny Newsom [80] breaks up a Petersburg pass in the third quarter of Friday night's rematch between last year's bi-district opponents. Following the Petersburg receiver is Hart's Keith

Newsom [83, right]. The visiting Buffaloes converted two Longhorn fumbles to touchdowns to capture a 21-7 victory; otherwise the two teams fought on even terms.

Duck, goose seasons will open Nov. 1

Duck and goose seasons in the western part of Texas open the same day this year — November 1 — and close Jan. 22, 1978, Texas Parks and Wildlife Commissioners have announced.

BAG AND possession limits on geese remain the same as last year — five in the bag and five in possession with the same limitations on the taking of dark geese.

Duck hunting in the High

Plains Mallard Management Unit (western third of Texas) is concurrent with the Nov. 1-Jan. 22 goose season.

One significant change in West Texas duck hunting this year came as a result of overlapping range of the endangered Mexican duck into portions of the Trans-Pecos. The US Fish and Wildlife Service has closed all duck hunting in portions of Texas, Arizona and New Mexico where the Mexican duck could be found.

In Texas this includes all or portions of eight Trans-Pecos counties — El Paso, Hudspeth, Culberson, Reeves, Jeff Davis, Presidio, Brewster and Pecos.

Junior Class to hold dance

Junior high teams have winning week

Dimmitt's seventh and eighth grade teams won two, lost one and tied one last week.

THE 7-A boys extended their winning record to 2-0 with a 48-0 victory over Plainview Coronado at Plainview last Thursday night.

Dimmitt recovered a Plainview fumble on the first series of plays, then followed with a 25-yard touchdown pass from Tommy Guinn to Richard Guzman. Fermin Gonzales ran the two-point conversion to give Dimmitt an 8-0 lead.

After the kickoff, Plainview fumbled again and Dimmitt's defense captured the ball at the Plainview 25. Dimmitt drove it on in for the second TD, with David Ogas getting the final 10 yards for the score. Gonzales ran another two-point conversion to make it 16-0.

In the second quarter, Lonnie Robb returned a Plainview punt 55 yards to the 2-yard line to set up Dimmitt's third touchdown. Ogas again notched the scoring run and Guinn ran the two-point conversion to make the halftime score 24-0.

DIMMITT'S defense held Plainview to only one first down in the first half.

Richard Guzman started the second half with a bang as he received Plainview's kickoff and returned it 85 yards untouched for Dimmitt's fourth TD. Ogas ran the conversion again and Dimmitt was out front by 32-0.

After another fumble recovery by Dimmitt, Lonnie Robb scored on an eight-yard run, then added a two-point conversion to hike Dimmitt's lead to 40-0.

DIMMITT'S final score came with three minutes left in the game when Guinn tossed a 33-yard touchdown pass to Kevin Cleveland. Guinn went to the air again — this time to Tommy Guzman — for the two-point conversion to make the final score 48-0. The young Bobcats finished the game with six touchdowns and a 100% conversion mark on two-pointers.

"Our whole offensive line played an outstanding game," Coach Shott Miller said, "and our defense stopped them cold and recovered four fumbles."

He listed Ray Owen, Steve Lunsford, Rodney Hunter and Johnny Gonzales as the outstanding defensive players in the game.

DIMMITT'S 8-A boys weren't so fortunate as they lost a 20-0 decision to Plainview Estacado's eighth grade last Thursday night. It was the second loss of the season for the 8-A team.

Plainview scored on two blocked punts and a pass play, and notched one two-point conversion.

Dimmitt was hampered by penalties all night, losing 70 steps to miscues.

"OUR DEFENSE played pretty well," Coach Jerry Durham said, "but our offense had a hard time. The blocked punts really hurt us."

He cited Deke Cearley, Phil King, Bobby Campbell and Ronnie Varner for outstanding defensive play.

DIMMITT'S 7-B and 8-B teams traveled to Nazareth last week and came home with a win and a tie.

In the seventh grade game, Dimmitt and Nazareth fought to a 6-6 deadlock. Nazareth scored first in the initial quarter and still held a 6-0 lead at halftime. But Dimmitt's Joe Soler broke loose on a 78-yard touchdown run in the second half to tie the score.

Coach Miller praised the play of John Smith and Greg Odom on offense and Troy Ellison on defense.

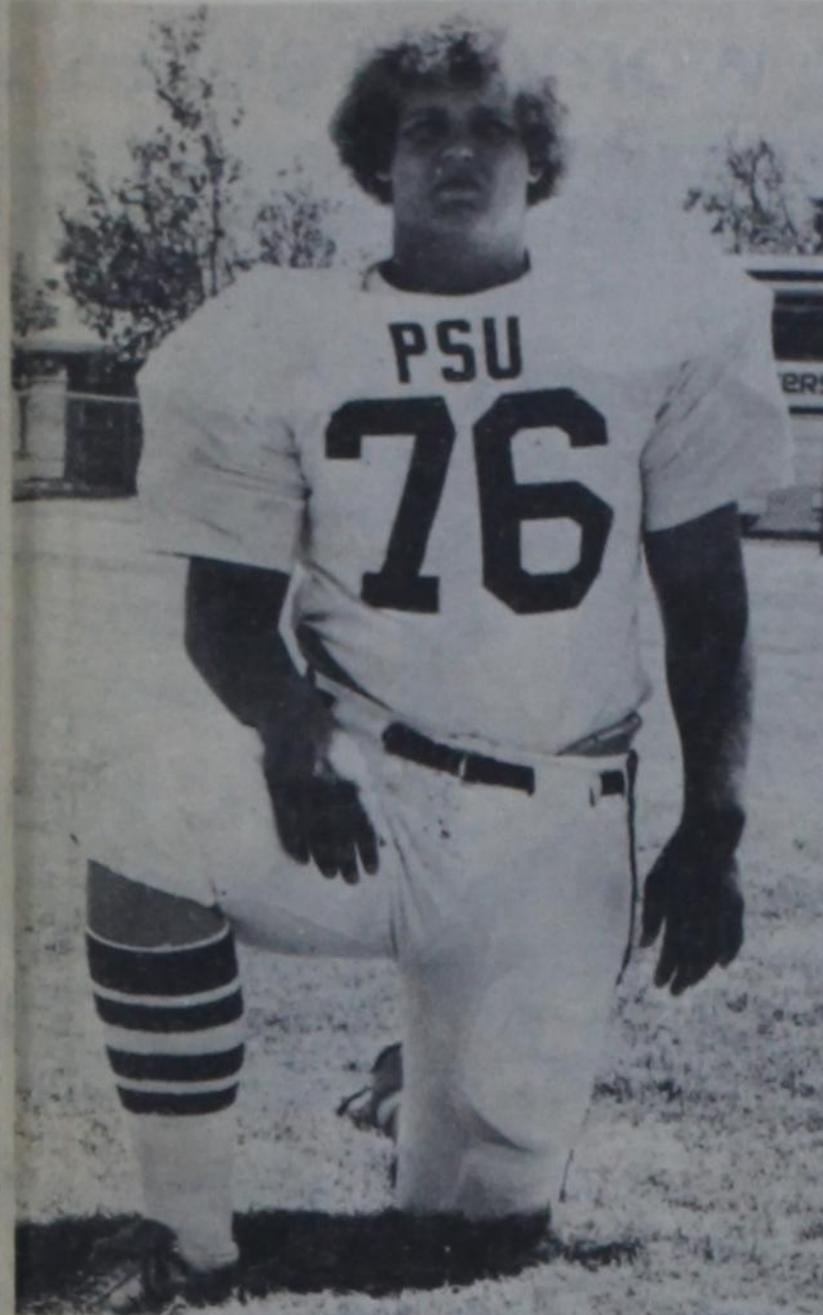

Dimmitt's 7-B record is now two wins and one tie, with no losses.

IN THE eighth grade game, Dimmitt notched its third straight victory with a 6-2 win over Nazareth.

Dimmitt's TD came in the second half, when Ricky Gonzales returned a punt 60 yards to the end zone. Later, facing fourth-and-five on their own 5-yard line, Dimmitt's eighth graders gave up a two-point safety to move the ball out to the 20 for a free kick. The strategy worked as Dimmitt's defense held Nazareth away from the goal line.

Outstanding players for Dimmitt, Coach Durham said, were Manuel Saenz on offense and Freddie Trevino and Ross Armstrong on defense.

YUCCA is one of the most spectacular of flowering shrubs found throughout Texas.

DAVID MALONE, a 6'1", 223 lb. offensive tackle from Dimmitt is a member of the 1977 Panhandle State University football squad. David is a graduate of Dimmitt High School where he was a member of the band, Lyre Club, President of the Letterman Club, All-District football team and played in the Greenbelt Bowl. "David has been very impressive this fall and should develop into an outstanding college football player," said a school spokesman. He is the son of Mr. and Mrs. Kenneth Malone of 708 Oak.

How many pivot companies tailor lease payments to crop prices?

A
New Lease
from
Lindsay.

Lindsay's Zimmatic Crop Lease is a revolutionary leasing program. If you don't take a long, hard look at it, you'll be shortchanging yourself. The Zimmatic Crop Lease is unique in the industry. When you study this offer you'll see that Lindsay is ready to go the distance with you and share some of the same risks you face every year.

Here are the details:

Term: 12 years
Payment: Arrears
Security Deposit: 5% of equipment cost
Rate: Depends on corn price
Option: Conversion to standard 10-year lease

Consider the features of the Zimmatic Crop Lease. First of all, if corn prices plunge, so does your lease payment. But also consider the low security deposit (lowest in the industry) and the fact that it's a 12-year lease (longest in the industry)... both features improve your cash flow each year of the lease. Your Zimmatic is out there raising your first year's crop before your first payment is due. And you'll be getting an annual interest payment on your security deposit to use as you wish.

Whether you raise corn, alfalfa, wheat, sugar beets, potatoes,

soybeans or whatever, the Zimmatic Crop Lease can work for you. Although the lease payment is based on the changing price of corn, Lindsay designed the program considering that over the long-term other crop prices generally fluctuate with corn. Come in and see us soon. When we put a pencil to this program, you'll see that no other center pivot irrigation company has a finance program that can compete with the Zimmatic Crop Lease. Act immediately because Lindsay Credit Corporation has extended this program to September 30, 1977.

Longtime business woman retires

After 60 years of being connected with the oldest grocery store in Nazareth, Rose Warren is selling out her interest in the store and retiring.

BORN IN 1903 in Wisconsin, Mrs. Warren came to Nazareth with her parents in 1910. Her father was the first manager of the co-op store founded by 50 farmers.

"I first went to work for father in the store after I got out of the eighth grade," Mrs. Warren said. "At that time, the store was in a two-story building."

She said that when she married Ed Kern in 1923, they lived above the store.

ROSE WARREN
...60 years with Nazareth's oldest store

Mrs. Warren said, she and Conrad Schulte bought out the other stockholders in the store, and then a couple of years later, Schulte sold his shares to her.

"I just flat closed the store for a while to be with my children—four of them at that time," Mrs. Warren said. "Then I leased it to John Lange for a while, until he moved into Paul Kern's store."

WHEN SHE married Joe Warren in 1936, the store was reopened.

"Joe was working on a farm on the side and decided to plant some wheat acreage of his own," Mrs. Warren remembered. "But it got hailed out, so he decided to get completely out of farming. He said he would let the others take the risks."

The Nazareth Post Office is located in one corner of the store, and Mrs. Warren also served as postmaster for 30 years, until 1973.

THE STORE name started out as Home Mercantile Co. and then became Warren Mercantile.

Mrs. Warren is selling the store to her nephew, Jerry Wilhelm, and his wife Nellie, who are changing the name back to Home Mercantile Co.

"I hope this store won't ever go out," Mrs. Warren said. "Nazareth has changed a lot since I've lived here, but there have been no new grocery stores."

SHE SAID she plans to travel some after her retirement, visit her 17 grandchildren, work on her needlepoint, clean out the basement and garage, and "sleep till noon at least once."

"Sister Nellie Rooney, head of the Catholic Historical Society of the Amarillo Diocese, wants me to tape interviews with the pioneers of the town or their children," Mrs. Warren said. "My family also wants me to write a family history."

"I'm going to miss the people most of all," Mrs. Warren said. "I told them I'd be back down here whenever I get lonesome."

Cub Scouts to meet at Expo Building

Cub Scout Pack 267 will meet at 7:30 tonight (Thursday) in the County Expo Building.

BILL BEHREND, Cubmaster of the pack, announces that this meeting is for Scouts who are already assigned to a den, or new Scouts yet to be assigned.

Other Dimmitt Key Club members taking part in the seminar were Johnny Merritt, president; David Montiel, vice-president; Tim Fewell, Jeff Lindsey, Robert Boozer, Kelly Davis and Ricky Rickard.

The Dimmitt youths were accompanied by Randall Craig. Key Club is a service club for high school boys, sponsored by the Kiwanis Club.

The Swifts lost a hard-fought football game Friday evening against Motley County, 18-6. It was well attended by both teams' fans. This Friday the Swifts go to Whiteface. Let's continue to back our boys and watch a good game.

Mr. and Mrs. Dennis Heineman and Mr. and Mrs. Francis Gerber went to Fort Smith, Ark., to visit Mr. and Mrs. Paul Kleman. Paul is still in the hospital.

Mr. and Mrs. Raymond Annen attended a five-area district meeting of REC on Tuesday in Plainview. While the men had their meeting the ladies were entertained with a cooking school. John Meyers spoke on the duties of the managers and directors. Lunch was enjoyed by both men and women.

Earl and Ruth Backus spent the weekend in Dumas with Earl's sister and husband Loyd and Ladell Bonds and other relatives. Coming home they stopped in Amarillo to visit Sister Regina Marie.

The family of Florene Leinen honored her with a covered dish supper Sunday evening at the home of Meta Stork.

ANNA BETH Hoelting of San Antonio visited her folks the Greg Hoeltings for a few days the past week. She has just returned from a two month visit to Europe which she enjoyed with her friend, a nurse from England.

Textbooks topic at HSA meeting

By VIRGIE GERBER

The Home and School Association held their meeting Monday evening in the school cafeteria. The speaker for the evening was Patricia Vogler of Hereford, who had a very interesting program on the importance of knowing what type of textbooks are being used in our schools, and the reasons why we should get involved in the IWY program.

A LARGE number of mothers and grandmothers attended the FHA meeting Tuesday evening. A very impressive lighting ceremony was part of the girls program. After the meeting a salad supper was enjoyed by all.

Faye Spencer and daughters Marcie and Laura spent Monday here visiting her parents Mr. and Mrs. Raymond Annen. Teresa Wills of Groom spent the weekend visiting her sister Rose Hindman and other relatives living here.

Mr. and Mrs. August Huseman and Cornelia Annen had Sunday dinner with Mr. and Mrs. Raymond Annen and then attended the open house of the new Dennis Funeral Home in Dimmitt.

Mr. and Mrs. Raymond Annen attended a five-area district meeting of REC on Tuesday in Plainview. While the men had their meeting the ladies were entertained with a cooking school. John Meyers spoke on the duties of the managers and directors. Lunch was enjoyed by both men and women.

STRETCHING FOR IT—Hart runningback Michael Finch stretches high but misses a desperation pass from quarterback Eliazar Castillo, who unloaded the ball while trapped 15 yards behind the line of scrimmage in the third quarter of the

Hart-Petersburg shootout Friday night. At right, a Petersburg defender gives a shot to another Hart receiver. The Buffaloes of District 4-A won the shootout, 21-7.

Turnovers give Buffs 21-7 victory

By MONTY UPTON

In a typical re-match of Hart's Longhorns and Petersburg's Buffaloes—two teams that have really fought it out over the past several years—the team that held the statistical edge most of the way came out on the short end of the score.

THE LONGHORNS held that lead on paper until the final quarter, but remained on the short end of the score to the end as Petersburg captured a 21-7 victory. It was Hart's first loss of the year.

Because of the high wind out of the west, Petersburg opted to kick off from the west end of the field rather than receive. Eliazar Castillo took the kickoff and returned it 20 yards to the 23. The 'Horns then moved the ball to three first downs on runs by Michael Finch, Glen Black and Castillo behind excellent line work by Larry Marable, Kent Hill and Kelly King, before letting two penalties and a pair of mix-ups force them into a punting situation.

The Buffaloes then showed their offensive strategy of the evening as they ran tailback Mike Jones on five of the next six plays to gain 22 yards before Hart got the ball back on a fourth-and-four effort that failed.

J. NEWSOM returned the kickoff nine yards to the 24 but on the second play from scrimmage Finch lost the handle and the Buffs' Tommy Gwin covered it on the Hart 24.

This time it took Petersburg eight plays before QB Mark Scarborough hit split end Jerry Bearden in the end zone from eight yards out. Scarborough then scampered over for the two PAT points to hike Petersburg's lead to 14-0.

Keith Newsom then took the kickoff out to the 40 before being hauled down. From there, Hart showed it wasn't about to quit. Using pinpoint passing, Castillo hit Black for 16, Luther Isaguirre for four, Pat Ritter on a super catch in a crowd for 20 yards, then to Isaguirre again for another reception. Then Castillo ran it across from the 6 with only 15 seconds left. J. Newsom drilled the uprights on the PAT to revise the score to 14-7.

THE ON-SIDE kickoff was covered by Petersburg but J. Newsom picked off Scarborough's next pass and returned it 12 yards to the Hart 46. From there, Castillo threw a pass to Black across the middle for 24 yards just as the halftime buzzer sounded.

The first Hart possession in the third quarter ended with a punt but three plays later Hart's Kelly Jones alertly recovered a Mike Jones fumble on the 'Horns 48. However, Hart could not move far enough for a first. There was another exchange of punts because of tough defensive play by both teams.

The 'Horns' Ricky Rowland, Jackie Etrridge, Clay Hanes and Scott Jones played a big part in closing down the explosive Buff offense. Hart got another potential break when Keith Newsom came up with a pass interception on the Hart

33 and returned it to the Petersburg 40. However, the threat ended when Castillo fumbled and Buff Coe Groce came up with it on the Petersburg 43.

THIS RECOVERY led, eight plays later, to the last touchdown of the game when Scarborough again found Bearden in the end zone and hit him with a three-yard pass. With 9:34 left in the game, kicker Ricky Juarez made the extra point.

From that time on, Hart used good defensive play from regulars plus assistance from folks like Randy Gonzales, Nathan Ingram, Steven Brantley and Rodolfo Gonzales, to hold the Buffs out of scoring territory.

There was a lot of late pressure on the defense when a Castillo pitch went astray and Petersburg's Mike Shrubet recovered it on the Hart 30. The 'Horns' defense held tough and the Buffs punted, but Hart failed to move the ball. Follow-

ing Hart's punt, the 'Horns' defense again stiffened and finally, with the help of Buff penalties, the defense stopped the Buffs inside the 5. The clock ran out with the Buffs on the 21.

This week Hart takes on the Friona Chiefs up there. The Chiefs, although winless, are tough hombres and have played some folks real closely right up to the last quarter. Also, they average over 200 pounds in the line.

JV ties Frenship as Frosh drop one to Plainview Red

Dimmitt junior varsity and Frenship battled to a 6-6 tie in last Thursday's game, with the locals, from 20 yards out.

Dimmitt got one of its tallies in the first half, which ended at 6-12, but was able to add only one more while Plainview racked up 22 points.

John Laurent, Trent Armstrong and Adrian Stanton earned special mention from Coach Jerry Vance.

Both JV and freshman teams will play at Tula today (Thursday) when the first game will begin at 5 p.m.

RWSWCD to hold board election

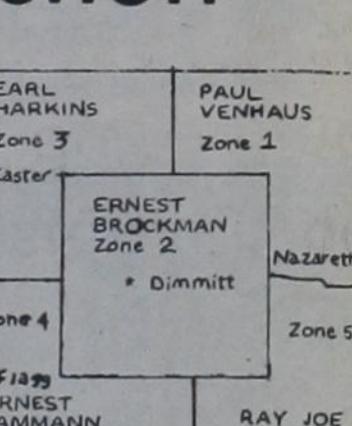

An election for a director to be in Zone 4 on the Running Water Soil and Water Conservation District Board is scheduled for Oct. 5 at Flagg Fertilizer, announced Ernest Sammann, chairman of the board. The election will be held at 8:30 a.m.

STATE LAW decrees that to be eligible to vote in a soil and water conservation district director's election, a person must own agricultural land within the subdivision where the election is being held. The person must also live in the county all or any part of which is in the district and the voter must be 21 years old.

Legal qualifications state that a candidate for the office of a soil and water conservation district director must own land in the zone he represents, be 21 years of age and be actively engaged in farming or ranching. He must also live in a county all or part of which is in the district.

Zone 4 of the district includes an area south and west of a line beginning at Highway 86 at the Parmer County line east to FM road 1055, then south to Flagg, then east to State highway 385, then south to the county line.

CURRENT members of the board of directors of the Running Water SWCD are Zone 3, Earl Harkins, Vice Chairman, who lives in Easter; Zone 1, Paul Venhaus, Secretary of the

board, lives east of Nazareth; Zone 2, Ernest Brockman, lives south of Nazareth; Zone 4, Ernest Sammann, lives south of Flagg, and Zone 5, Ray Joe Riley, who lives east of Sunnyside.

The purpose of the Running Water SWCD, with headquarters in Dimmitt, is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The district board of directors coordinated the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

State-ranked Matadors outscore Swifts, 18-6

By PATRICIA KERN

Motley County's powerful Matadors, led by fullback Jerry Lee's two touchdown runs, defeated Nazareth 18-6 Friday in a District 2-B opener in Swift Stadium.

LEE scored touchdowns on runs of three and two yards and led all rushers with 121 yards. Halfback Todd McCandless scored the Matadors' other touchdown on a one-yard run.

Quarterback Kenny Brockman broke away on a 40-yard run on a pass-option play for Nazareth's only score.

It took the Matadors—now 4-0 on the season and ranked eighth in the state—18 plays to return the opening kickoff for a score. McCandless capped the bruising 72-yard drive by sneaking across from the 1. The extra-point kick failed and the Matadors took a 6-0 lead.

Nazareth returned the favor by marching Motley's kickoff 85 yards in four plays for a score. Brockman's 40-yard scramble tied the score at 6-6.

LEE scored the only TD of the second period on a three-yard plunge for the Matadors. His score put Motley County ahead 12-6 at halftime.

Reunion is set for Class of '57

Friday and Saturday special activities are planned for Dimmitt High School's Graduating Class of 1957, starting with the pep rally Friday afternoon, and ending with a catered dinner at the Country Club Saturday.

"WE'VE HAD responses from about 35-40 class members and teachers out of 97 letters mailed," said a spokesman of the '57 Exes committee. Between the pep rally and dinner are included the FHA barbecue served at the South Grade Cafeteria from 5 to 7 p.m. Friday, followed by the homecoming football game at 8 p.m. with Dimmitt playing Tulia.

After the game a Warm Up for the '57 Exes will be served at the Country Club and will include dips and chips.

A dutch-treat breakfast at the Colonial Inn Restaurant will be Saturday at 8 a.m., and will be followed by a tour of the town, hopefully by bus, according to the class spokesman.

THE CATERED dinner will be at the Country Club beginning at 5:30 p.m.

Anyone who would like to come by and visit is welcome.

FOR A MORE tender omelet add one tablespoon milk or water per egg during mixing.

PEOPLE TO PEOPLE is the campaign theme of US Congressional candidate Morris Sheats [left]. He is speaking with Darleen Bothwell of Plainview during his campaign stop in Dimmitt.

Candidate visits Dimmitt Saturday

Morris Sheats has announced his candidacy for US Congress from the 19th District of Texas, and spoke to a small crowd in Dimmitt Saturday.

THE announcement was made Sept. 22, incumbent Congressman George Mahon's birthday, as a tribute to Mr.

"I have announced my candidacy for Governor of Texas. I'm confident I can and will win."

"According to a statewide poll, 6 out of 10 people are ready for a new governor. The poll only confirmed what I've been hearing all over Texas this year. People are against the idea of anyone holding the state's highest office for 10 years. No governor has asked for 10. No governor has been given 10. It goes against a tradition that's as old as Texas itself."

"There are other reasons folks are ready for a new governor. State spending has jumped from \$3 billion to \$8 billion the last 6 years. The Dallas Morning News reported, 'during Briscoe's years in office, nearly all state government will have gone on a spending spree.' And the Governor has done nothing to discourage it. He's vetoed less than two-tenths of one percent of the two previous budgets and not one penny's worth of the current appropriations; it's the first time that's happened in twenty years. In a related story, the News pointed to the fact that during the Briscoe years the number of employees paid by the state has risen by 50,000."

"And, while we've heard the boast of 'no new taxes,' we've seen our property taxes increase by \$1 billion along with substantial hikes in state licensing fees."

"I've traveled the state this year, visiting with folks. Whatever their overall assessment, most Texans lacked confidence in the present governor's persuasiveness and vision. They felt he had failed to measure up to their expectations and to live up to his promises."

"Texans are hungry for an effective gubernatorial spokesman on energy policy. They are frustrated that our governor hasn't been able to get the Texas viewpoint across in Washington. They are wondering, too, why our governor hasn't been speaking out forcefully for a farm policy that would help our beleaguered farms and ranches."

"I fully agree with the people's assessment; that's why I'm seeking the office of Governor."

"I'm proud of my record as Attorney General and Secretary of State. It shows that I'm not afraid to roll up my sleeves and work hard. It indicates that I have the ability to assemble a capable staff, that I prefer to work closely with people, and that I'm not reluctant to make changes when they can benefit the state. I'll be this kind of governor, given the job."

Mahon's long service in Congress.

Sheats' announcement in Lubbock kicked off a district wide tour which took the campaign to Midland, Odessa, Lamesa, Stanton, Andrews, Seminole, Denver City, Brownfield, Plainview, Levelland, Littlefield, Hereford, Farwell, Muleshoe and Morton, as well as Dimmitt.

"This announcement tour of the 19th District signals the first of many such trips we will make throughout the 17 counties between now and the Democratic Primary in May," Sheats announced.

Sheats praised the work of Congressman Mahon in representing the 19th District and indicated he would hope to continue many of the fine traditions started by George Mahon.

Sheats, senior minister of the Trinity Church in Lubbock with a membership of more than 4,000, spoke of his involvement in public service over the last 20 years as one of the reasons he has decided to seek the Democratic nomination for the 19th Congressional District.

SHEATS indicated there are a variety of issues that are of concern to the people of the 19th District. "During my campaign I intend to talk with the people of the 19th District and learn their concerns, to know how they feel, to talk straight with them, and then to give clear, concise answers," said Sheats.

Sheats says that he intends to enlist the support of a broad based group of people. "A number of people have encouraged me to run and have given me their support. I appreciate this very much and will be utilizing their help in all aspects of the campaign," he noted.

Sheats and his wife Janet have two children. He is a graduate of Monterey High School in Lubbock and Texas Tech University with a major in history. Sheats went on to study at Southwestern Baptist Theological Seminary, Perkins School of Theology and the Brite Divinity School receiving a Masters of Divinity Degree.

As an active member of the Lubbock community, Sheats served as President of the Lubbock Ministerial Association, a Founding Associate of Texas Boys Ranch, and is a member of the Lubbock Economics Council. He is President of Trinity Bible Institute. He is presently supervising the construction of a \$1.2 million sanctuary to be completed in 1977 totally debt free.

Sheats concluded his remarks by stating, "After years of urging audiences to whom I spoke to become a part of responsible government, I find that I personally must respond to the needs of the time."

MONDAY was birthday party day for everyone having September birthdays. Those being honored were P. A. Cowan, Leona Stiles, Jeton Butler and Floyd Hart.

THOSE in the hospital are William Metcalf and Patterson Bain. We wish them a speedy recovery.

They will be assisted by master teachers from Lubbock and area schools, Texas Tech University, Lubbock Christian College and Fresno State University in directing small group meetings.

Ken Black of Houston, president of the TAIR will preside at general sessions at 4 p.m. Friday and 9:15 a.m. Saturday.

small talk from south hills manor

By DOROTHY HOPSON

Everyone at SHM was still in a festive mood when I went out to gather the news on Monday morning. This was the aftermath of the "wedding" that took place Friday evening. One of our people said she laughed until she cried.

EVERYONE was invited. People had been buzzing among themselves to find the answer to the big question: "Who were the bride and groom?" Now it can be told.

Lovely Phillip Jones, bride, Sunnyside and Dorothy Music, groom, South Hills Manor, were united in "horrible macaroni" Friday evening in the chapel at South Hills Manor. The most irreverent De Loris Gilliland officiated, being properly attired in black suit and a dried sunflower boutonniere.

Serving Dorothy as best man was Joyce Adrian, director of nurses SHM, and bridesmaid was Virgil Justice, owner. Ring bearer was little Janet Justice and flower girl was elegantly attired Hershel Wilson.

Candlelighters (they screwed in the light bulbs) were Ethel Reaves and Jim Sanders. Geneva Justice, soloist, sang "For Me and My Gal" and "Side By Side," accompanied on the piano by Connie Ivey.

Parents of the bride were father Carolyn Moke, mother M. C. McClenney. The groom was the son of Lonnie Wilson mother and Retha Wilson father.

THOSE serving as ushers were Connie and Julie Aguilar. The groom's table was laid with toe sacking and dried flower arrangement fresh out of the SHM flower garden.

Everyone on the kitchen staff participated in the preparation. This was truly a labor of love. I heard Dorothy Music say, "We wouldn't have dressed up like this for anyone but our people!"

Thank you, staff, for a great time.

MONDAY was birthday party day for everyone having September birthdays. Those being honored were P. A. Cowan, Leona Stiles, Jeton Butler and Floyd Hart.

Award trip is super!

By IRENE KEATING

Last week I was in Boston attending the National Association Extension Home Economists annual meeting. It was a wonderful week filled with learning, excitement and history. There are so many things to see—I did go on a bus tour of the city that was delightful.

THE HIGHLIGHT was to have Max come up for the Awards Banquet on Thursday when I received the Distinguished Service Award. The Home Demonstration Council surprised me with an orchid corsage. All of you have been so nice and wonderful to work with and for; without all of you helping me I'd never have achieved this high honor. It is my pleasure to work with and for you.

There were 10 manufacturers who had exhibits that I visited. It is always nice to visit with the company consumer affairs persons. There are several new items on the market and some that will appear soon. I had a

nice visit with Hattie Hinkle from Kerr. Each year the Kerr Company donates jars for our fair canning winners. Each year the winners have been writing thank yous but they aren't getting to the proper person and Kerr is thinking of discontinuing the program. So please let's write to Dick Carroll, National Sales Manager, Kerr Glass Mfg. Corp., Box 97, Sand Springs, Okla. 74063. Let him know that you use and appreciate Kerr for giving jars at the Fair.

THERE WILL be small equipment available soon for home cleaning of carpets. Since more homemakers are doing this task themselves manufacturers are making purchase of this equipment possible. The unit made by Sears will be available about Nov. 1. Other manufacturers will probably follow. All manufacturers of major appliances showed the new almond color. This is a neutral and offers many decorating choices.

The Hershey Company is producing new peanut butter chips. They are to be available nation-wide in about a month.

Many manufacturers of small appliances have added to their line of merchandise. There is even an electric appliance for peeling potatoes and carrots. There were several varieties of small fry pots and doughnut makers. However, the doughnut makers available now still can't be used with yeast raised doughnuts.

IWY delegate warns women: get involved!

By MRS. L. C. McLAIN

In June, of this year, Texas held an IWY Conference which was supposed to represent "all of" the women of Texas; state their views, ascertain their objectives in the area of women's rights, and move to implement these goals through legislative action.

IT WAS attended by approximately 2,650 women, some pro-family, pro-God, pro-America, but heavily overshadowed by the militant feminist element which included a great many homosexuals and abortionists.

IWY STANDS for International Women's Year, and was organized in 1975 under the auspices of the United Nations. The period from 1975-1985 was declared to be the Decade of Women, a period in which women everywhere would strive to implement the "World Plan of Action."

President Gerald Ford appointed 35 delegates to this conference in Mexico City, and the US delegation unanimously endorsed the World Plan of Action. This plan endorses the so-called "women's issues," proposed "equitable distribution of income" — which is seen by many as socialism — and world disarmament. (Full text available, US Dept. of State Bulletin, Aug. 18, 1975).

President Carter further endorsed this plan and appointed a commission of 42 women, headed by Bella Abzug, and Congress authorized the expenditure of \$5 million for state and national conferences. All states have now held their conferences and the national conference will be held in Houston Nov. 18-20.

THE TEXAS conference was seen as a farce from beginning to end by the several Castro County delegates who attended.

I believe the horrendous side effects wrought upon our society will so far outweigh any good legislation, that we cannot afford to be apathetic or quiescent. We must address ourselves to the issues, study them, and take an active stand in seeing that good, sound legislation is passed. America was not built by selfish, individual-oriented glory seekers, but by the selflessness of those with a dream which would guarantee the most good to the most people.

We live under the greatest Constitution ever devised by man, in a country which has espoused the noblest virtues, and under the Flag which carries the color of red portraying the blood of those who were willing to die for the right to defend it. Surely we will not stand idly by and let the "People Planners" promote the "World Plan of Action." Surely we will not stand for de-humanization of the individual, and surely those red stripes in our great symbol of freedom will not be exchanged for the yellow stripe of cowardliness.

PLAN NOW for your voice to be heard in Houston in November by attending the National Conference or a Pro-Life, Pro-Family Rally to be held on Nov. 19.

If you are unable to attend this conference let your views be known by writing your legislators.

PMH Auxiliary has membership brunch

"Our Goal in Service" and "The Dolphin" will be theme and symbol used by Texas Hospital Auxiliaries for 1977-78. Reta Welch, Plains Memorial Hospital Auxiliary president, announced at the new member brunch held at the Country Club Sept. 14.

HOT SPICED tea, coffee, cinnamon rolls and fruit cups served from a carved melon were enjoyed by approximately 30 pink ladies and new members. The table was decorated with a ruffled yellow and white cloth and fall centerpiece.

The pink ladies received their 1977-78 yearbooks from first vice president Irene Blanton following a clever skit and program presented by auxiliary members Dorothy Gilbreath, Dorothy Vaughn, Grace Lust and Glenda Sims.

Tops goal is reached by members

Members of the Dimmitt Tops Club celebrated two more members' attainment of their weight loss goal in the club program to "Take Off Pounds Sensibly." Neil Newton and Dennis Thompson reached their goals this week.

THE REPORT was made at the Monday club meeting, where 27 members weighed-in with a total weight loss of 36 pounds. Mrs. Newton and Thompson are now listed as KOPS in Waiting, and will become KOPS when they have maintained their desired weight for a specified time.

Emily Clingingsmith was named KOPS of the Week by losing 12 ounces to keep her weight level at her goal.

Thompson won his KW title by losing 4 pounds, 4 ounces and being named Male Tops of the Week, while Karon Moss with a five-pound loss was Tops of the Week.

Membership in the Tops Club is open to all residents interested in its objectives.

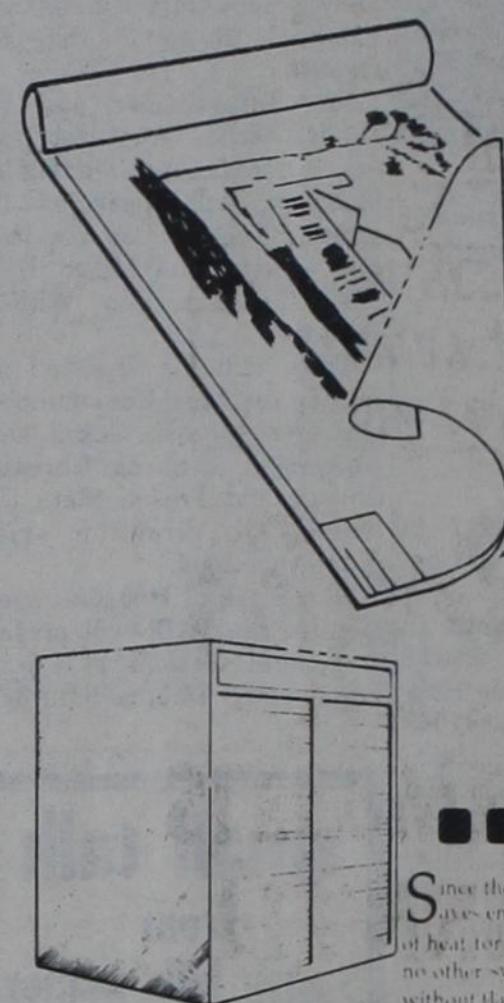

Saturday vows are scheduled

The marriage of Joyce Kirby, daughter of Mrs. Bill Williams of Dimmitt and Aubrey Kirby of Las Animas, Colo., and Dusty Smith, son of Mr. and Mrs. David Smith of Dimmitt, is planned for 7:30 p.m. Saturday.

THE CEREMONY will take place in the Fellowship Hall of the First Baptist Church here and a reception will follow. Friends of the couple are invited to the wedding.

The heat pump

"THE ELECTRIC SAVINGS MACHINE"

energy used is energy saved

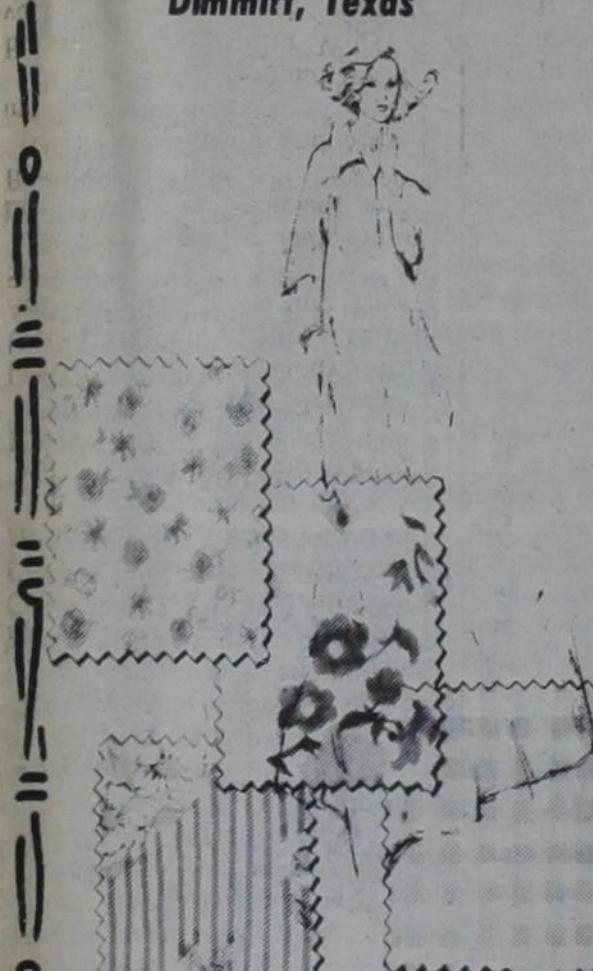

Since the heat pump pulls much of its heat right out of thin air, it actually saves energy as it works. In fact the heat pump delivers as much as two units of heat for every one unit of electricity it uses. That's an efficiency story that no other system can equal. And the heat pump does it all in your own home without flame or water. Just electricity — pay and simple.
